WAR NEWS

Beating Japs In Aleutians

United States fliers, battling at the Japanese invaders of the Aleutian Islands, were credited today with having sunk or damaged eight enemy ships. Japanese losses were listed as one cruiser sunk and one aircraft carrier, at least three cruisers, one destroyer, one gunboat and one transport damaged. No American losses were reported. A United States Navy communiqué, breaking three day silence on Japanese landings in the bleak island chain, said that both Army and Navy fliers were continuing the attack in a smashing sequel to earlier victories in the Battles of Midway Island and Coral Sea. Reference to "unchanged situation" in the communiqué was interpreted as meaning that the enemy had failed to make new landings in the Aleutians.

British Withdrawal In Libya

The fierce Libyan battle, in which armored forces of both sides have been taking a terrific hammering, moved eastward today toward Tobruk as British and South African troops withdrew from the coastal anchor around El Gazala. This meant that the British Army had given up the Ain El-Gazala-Bir Hacheim line which the Germans first went around, then pierced and finally reduced one end at a time. It also meant that the British had escaped a threatened trap when the Germans drove tanks at Acroma, ten miles west of Tobruk, to cut off Ain El Gazala, thirty miles farther west. Yesterday British headquarters at Cairo announced the Eighth Army was counter attacking Axis armored forces vigorously.

Russians Balking Germans

A three-day German assault in the attempt to cross an important river in the Kharkov sector has been balked by Russian hill-top defences and the Nazis now have been forced on the defensive. Soviet dispatches declared today. East of Kharkov on the central front the Germans claimed yesterday that a battle for recuperation of the line ended in German favor. Around Sebastopol the Russians say the Germans have massed seven artillery regiments in an effort to batter down Russian fortifications.

Land and sea forces, Italians co-operating with the Germans, today launched a land and sea attack against Leningrad. Bitter fighting along the rest of the front indicated that the whole battle line may be springing into new action.

Air Blows Against Hitler

On the perimeter zone of the European conflict, the British air ministry reports sharp Royal Air Force blows overnight against Chancellor Adolf Hitler's air bases and sea communications in Western Europe and along the invasion coast. Seven enemy ships have been sunk or damaged off the coast and other targets have been hit.

U-Boats Still Preying

Nazi U-boats are operating again in the Gulf of Mexico where a large Panamanian ship is reported sunk. In addition, five more ships have been sunk in the Caribbean Sea and the Western Atlantic. The latest victims of submarines in the Battle of the Western Atlantic include two United States vessels, one Norwegian, one unidentified, two British and the Panamanian. This makes a total of 275 Allied vessels sunk since mid-January. From one of the latest sunken vessels twenty-five survivors have been landed at an Eastern Canadian port.

GANDHI IS BUSY AGAIN

Said To Be Starting New Move Against British Rule In India Aid Offered by Axis Powers

BOMBAY, June 16.—Mohandas K. Gandhi, Indian Nationalist leader, has started a new movement against British rule in India. If complete freedom is given India, he says, he would agree to retention of British and United States forces in India to help in defences against Japan. A free India could and would help China, Gandhi says, but he would not permit exploitation of Indian by Britain.

Meanwhile Japan, Germany and Italy are said to be offering "to aid India in obtaining her independence."

DEBATE IS CONTINUING

Conscription Bill Still Under Discussion In House of Commons At Ottawa

OTTAWA, June 16.—Hon. J. G. Gardiner, minister of agriculture, in the debate yesterday on the conscription bill, said he believed voluntary enlistment would give Canada an overseas army of 750,000 men by the end of 1942. It would be a serious responsibility to impose conscription for overseas service if such were not required.

John Dieffenbaker, Conservative member for Lake Centre, Saskatchewan, said the fact that an army of 600,000 had been raised for overseas service was a brilliant record—of the people but not of the government. He accused the government of rating political survival above duty.

Angus MacInnis, C.C.F. member for Vancouver, moved an amendment to the conscription bill which he described as "inadequate and inequitable."

Preparing For Sugar Rations

Voluntary Workers To Be Engaged Throughout Canada In Distributing Coupon Applications

OTTAWA, June 16.—Voluntary workers will be engaged throughout Canada between June 18 and 23 in the distribution of sugar rationing coupons. They will be checked and classified with a view to having everything ready to put coupon sugar rationing in effect on July 1.

Y.M.C.A. IS BUILDING

To Erect \$150,000 Structure At First Avenue and McBride Street

It has been announced by Young Men's Christian Association War Services that a new Y.M.C.A. building is to be constructed very shortly in Prince Rupert. The building will be a real asset to the town, it is expected. Features which will be embodied in the construction are an auditorium large enough to seat 800, a large gymnasium, ample reading and writing rooms, lounges for men and for women. It will also have proper showers, drying rooms, and all other facilities which will go to make the life of men off duty a comfortable one.

It is expected that construction of the building will start almost immediately.

The site is to be twelve lots the northwest corner of First Avenue and McBride Street and the cost, it is understood, will be around \$150,000.

ATTACKING OF DARWIN

North Australian Port Is Again Subjected To Air Raids

ALLIED HEADQUARTERS IN AUSTRALIA, June 16: (P)—Port Darwin, Australia's North Coast base, was raided by Japanese aircraft yesterday for the third successive day and a few casualties resulted with damage said to be light. Allied headquarters announced that twenty-seven Japanese bombers, escorted by fighters, the largest force yet to reach Darwin in a series of week-end assaults, came over in the afternoon. Six enemy planes were brought down, the defenders losing two.

The Japanese also attacked Darwin on Saturday and Sunday. In the Sunday attack Allied fighters tore into a formation of 18 to 25 Japanese fighters, shot down four in a furious fight and saved the city from an effective raid.

Chicago 6, Brooklyn 0 (only games).

Continuous Production Order in Shipyards Is Ordered By Ottawa

Minister Of Labor Says He Expects All Workers Who Are Scheduled To Work Next Sunday Will Be At Posts

OTTAWA, June 16 (CP).—A seven-day continuous production plan in British Columbia shipyards will be enforced despite objections of certain unions, Hon. Humphrey Mitchell, minister of labor, said today. An order-in-council was passed some time ago under which the plan is to be put into operation and a departmental spokesman said that Mr. Mitchell's state-

shipyards are paramount. Men and materials will be secured even at the expense of production in other industries."

J. P. Hawkinson arrived in the city this morning from Stewart, accompanied by Jack Rennie and C. Dean and bringing in the steam laundry plant from Stewart which he is to establish and open up in the old Canadian Laundry premises on Sixth Avenue West.

Enemy Fleet Beaten In North

JAPANESE CRUISER IS SUNK; DIRECT HIT ON PLANE CARRIER'S DECK

Enemy Warship Flotilla Feels Weight Of United States Fighting Aircraft In North Pacific

WASHINGTON, June 16 (CP).—The battle of the Aleutians appears to be a repetition of Coral Sea and Midway. United States torpedo planes sank a Japanese cruiser and scored a direct hit on the deck of an aircraft carrier of a main Japanese task force off the Aleutian Islands, a telegram from Lieut. General H. H. Arnold, Chief of the Army Air Force, to Glenn L. Martin, Baltimore aircraft manufacturer, disclosed yesterday. Soon after an official announcement from the United States Navy stated that eight enemy warships in all had been damaged by army and navy aircraft in the vicinity of the Aleutian Islands. They were stated to be four Japanese cruisers, one aircraft carrier, one destroyer, one gunboat and one transport.

Despite foggy weather the attack of United States aircraft by air on Dutch Harbor on June 3, against the forces which landed on Attu Island and at Kiska is continuing. The enemy are still ashore but the Japanese vessels have been driven out of Kiska Harbor.

Belief is generally held in Washington that the strategy of the Japanese in attacking the Aleutians is to cut off Russia from Alaska by the seizing of bases which would outflank Kamchatka.

Part of the campaign along this line, it is believed, was the attack by air on Dutch Harbor on June 3.

President Manuel Avila Camacho is shown at the extreme right as he convened his cabinet in Mexico City to discuss measures against the Axis following the sinking of two Mexican tankers in the Gulf of Mexico. A formal protest was rejected by Germany, Italy and Japan and it was decided by the cabinet to ask a special session of congress to declare a state of war. It was also proposed that all Axis assets in Mexico, frozen since Japan's attack upon Pearl Harbor on Dec. 7, be seized. The cabinet members that may be seen in the ABOVE are: LEFT to RIGHT, Gen. Anselmo Macias, secretary of national defence; Miguel Aleman, secretary of interior; and Gen. Salvador Sanchez, army chief of staff.

British Side of Mediterranean Battle Told; Italians Suffered Heavy Losses In Navy Ships

CAIRO, June 16 (CP).—The United States Army Air Force and the Royal Air Force, operating together for the first time in the Mediterranean, set fire to two Italian battleships, sank a 10,000 ton Italian cruiser and scored hits on a smaller cruiser and a destroyer in four days of heavy fighting, it was announced today in a special communiqué. In addition, the Royal Air Force and the fleet air arm planes set fire to another Italian cruiser and probably hit a destroyer in a second Italian naval force during the same period.

Italian communiqué yesterday and today described major naval and air battles in the central Mediterranean, claiming heavy damage to Allied convoys.

TRAVEL IS RESTRICTED

Canadians Will Have To Change Their Ideas About Traffic Soon, Declares Supply Controller

TORONTO, June 16: (P)—Alan H. Williamson, controller of supplies, told the Canadian Transit Association yesterday that at least 150,000 Canadian passenger cars will be off the road by June 1943. He also predicted that, in a year from now, the oil shortage will be so serious that pleasure travel will be a thing of the past. "All our ideas of essential traffic may be outmoded," he said.

Some railway rolling stock at least will be no longer serviceable and rubber shortage will be so acute that tire repairs may be placed on a priority basis, Mr. Williamson declared.

EDITORIAL

DAILY EDITION

TUESDAY, JUNE 16, 1942

The War News . . .

Yesterday, for a while at least until the news about the disaster to the Japanese fleet off the Aleutians started to come in, was another of those blue days in the war news. Once again it seemed that nothing was going right for our side. There was little cheering in any of it for us. Every reason there appeared to be to think of worse things that might ensue.

We have been warned time and time again to expect more bad news before the turn of the tide in our favor becomes unmistakable as surely it will one of these days. Meanwhile, we must steel ourselves to take not only bad news but accept sacrifices and, possibly, meet the actual unpleasantries of conflict.

We might not overlook some encouraging remarks which were made amid the bad news yesterday both by President Roosevelt and Prime Minister Churchill. The President, in his United Nations Day message, declared, "We have the men and we have the power to win."

The clouds have not cleared yet. We know it will be a long struggle. But who of us does not know that our cause will prevail, providing, of course, that all of us play our part?

The war has already brushed up our geography on Europe, Africa and Asia. Now we are hearing about some places closer home that we didn't know so much about before.

Co-operation Best . . .

We are seeing a lot of changes around Prince Rupert these days as the activities of war proceed. Some of our institutions even are becoming involved. There is no need, however, for civilians to feel they have no rights. The defence authorities do not take over until martial law is declared although, of course, the government, to whom these authorities submit recommendations and are still responsible, may take action which seems arbitrary should the exigencies of a situation seem to warrant it.

Recently the Chamber of Commerce saw fit to suggest that there might be a greater degree of co-operation between the defence authorities and the civilian interests. No doubt it would be very satisfactory all around if consultation at least was arranged speedily. It would tend to prevent resentment and misunderstandings.

Prince Rupert people, we are sure, will always be willing to fall in line with everything reasonable, providing they are satisfied it is reasonable. But they are not going to be satisfied with being abruptly asked if they express an opinion: "Don't you know there is a war on?" —an expression that is becoming a chestnut if ever one did.

The people of Prince Rupert—the responsible, established ones at least—are just as keenly realistic of the fact that there is a war on as are itinerant officials who may be here today and gone tomorrow. Even the service officers are not a law unto themselves.

And, in the end, no matter what happens, even if Prince Rupert should be wiped off the map, civilians and service people alike, it will be the civilians who have the final say.

Meantime what everybody wants is co-operation and the best way to get that is to be calm and reasonable one with another which goes for those in the services as well as those who are not.

Evidently the Japanese fleet did stick its neck out a little too far in venturing to the Aleutian Islands. Maybe the little brown men will now stay a little closer to Tokyo. Or maybe they do want a fight.

STEWART HOUSING

STEWART, June 16 — Considerable discussion was given by the Municipal Commissioners at a meeting last Tuesday to the fact that there is in Stewart housing accommodation for nearly five hundred persons which is not now in use. This includes some furnished premises. It is the intention of the Board of Commissioners to draw this situation to the attention of the people of Prince Rupert, as it is understood that housing is very scarce there at the present time and it is hoped that some way may be found whereby some of the people now desiring accommodation at Prince Rupert might make use of that available at Stewart. It is known that these could be rented at reasonable rates.

The commissioners had a particularly busy session at the regular meeting. Besides a considerable amount of routine matters,

the several unusual factors entered into the commissioners' discussions. The official report of Stewart's as no military body is stationed Rubber Salvage Week showed that here, an invitation is being extended to the school children, with some assistance from adults where needed, to the Officer Commanding at Prince Rupert to send a party of ed. had collected 243 tires, 34 some 30 or 35 soldiers into Stewart sackfuls of small rubber articles for the week or a part of it. Or and 10 bundles of inner tubes, b organizations and individuals would cycle tires and hose. The estimate vie with each other to make their weight of the shipment sent for stay a pleasant one and it is felt ward to the Canadian Red Cross that, with public support as great Salvage Depot was five tons. CARD OF THANKS

To all our friends for their kind expressions of sympathy and floral tributes and especially those who assisted in our time of sorrow, we extend our most sincere thanks.

Fred Scott and Mrs. E. M. Whitlow and Family.

Mrs. B. M. Munro leaves tonight for Queen Charlotte City.

F. A. Wood leaves tonight for Pacific.

Advertise in The Daily News.

Announcement

National Cash Register representatives will be in Prince Rupert from Wednesday to Saturday of this week for the purpose of sale and service. (139)

Constable J. W. Todd, transferred from Smithers to Telegraph Creek in the provincial police service, arrived in the city from the interior on Saturday evening's train. He is being joined here by Mrs. Todd, who has been visiting at Stewart, and together they will proceed north. (140)

Judge W. E. Fisher left on last night's train for Burns Lake to conduct a session of County Court.

Mr. Rayner of the Rayner Construction Company left on last night's train for his headquarters in Toronto.

Mrs. Jesse Bridden of Massett is a visitor in the city, having arrived this morning from Queen Charlotte Islands.

Mrs. Clarence Martin of Massett arrived in the city this morning from the Queen Charlotte Islands for a visit to the city.

W. A. Templeton, inspector of electric meters, is a visitor in the city on official business, having arrived Sunday night from Vancouver.

Mrs. P. Hughan of Aiyansh on the Naas River is a visitor in the city, having arrived from the north this morning.

Smart afternoon dresses in sheers, imported linens, gay prints and crepes at "Star's," opposite the Commodore. (140)

Rev. W. S. Cooper of Greenville on the Naas River arrived in the city this morning from the north, being on his way to the Skeena River for a visit.

Capt. and Mrs. Dalrymple left on last evening's train for Jasper where Capt. Dalrymple will attend the Canadian Medical Association Convention.

Mrs. Harry Blackburn arrived in the city Sunday night from Vancouver, being here to join Mr. Blackburn who recently took over management of the Commercial Hotel.

Mrs. Hugh McDonald, wife of the road superintendent for Atlin district with headquarters at Stewart, arrived in the city this morning from the north for a brief visit.

Dr. and Mrs. W. E. Peterson, and daughter, from Ketchikan, were passengers leaving on last night's train for Toronto where Dr. Peterson will attend the Rotary Club Convention.

Mrs. J. Henderson and son arrived in the city this morning from Aiyansh on their way to Surf Inlet where they will spend the summer with Mrs. Henderson's father, Dr. Henderson.

Lieut. Orme Stuart, well known local naval officer, after serving for almost a couple of years in British and European waters, is now stationed out of an eastern port on this continent, according to word received in the city.

DATED at Prince Rupert, B. C. this 11th day of June A.D. 1942.

**FIRST AID
EQUIPMENT**

Much More Is Needed So Appeal
Is Being Put In To
Authorities

The situation in regard to first aid facilities against the possibility of an emergency arising out of an air raid or other cause was discussed last night at a meeting of some fifty first aiders in the City Hall last night. It was decided to urge the necessity of more adequate supplies for first aid purposes. If this is not met in a short time by the authorities, then a local canvass will be held to raise funds to purchase the required supplies.

W. E. Denning, captain of the Court House first aid team, presided over the meeting last night. Sergeant Major Albert Robinson of the Royal Canadian Army Medical Corps addressed the meeting after which there was a general discussion.

**MEDICOS
MEETING**

Convention of Canadian Medical Association At Jasper Park

JASPER, PARK, June 16:—With almost nine hundred physician and surgeon delegates to the 73rd annual meeting of the Canadian Medical Association on hand, this internationally known mountain resort officially opened its doors on the 1942 season yesterday. It was the largest opening in the history of the Lodge.

One of the principal points of interest to the guests was the golf course and the numbers playing today were quite reminiscent of the Totem Pole golf week. The course is in excellent condition and the Pro, Bill Brinkworth, and his assistant, Leroy Goldsworthy, have been busy meeting old friends. As usual the flowers in the beds and the Lodge interior,

have attracted more than passing mention as Jasper is especially noted for its extraordinary beautiful Canterbury Bells which made such an impression during the Royal Visit in 1939.

The Lodge will remain open until August 31.

**Boilermakers

Working Plan For British Columbia Shipyards Is Approved

The local Boilermakers' Union, at a meeting Sunday night, endorsed the new plan adopted at a conference of shipyard unions in Vancouver last week favoring the six-day instead of seven-day week plan for the British Columbia coast.

Edward White was elected president of the Union in succession to Murdoch McKenzie with Harry Anderson as the new vice-president. Neil Lang was added to the executive.

Fast-paced the picture swings into action immediately with the discovery of the district attorney's body in a lake. The only clues are square knots used on the binding the body and traces of an unusual ointment. In the laboratory these clues are segregated and finally pinned on the slayer who is killed resisting arrest.

Then the mayor discovers Bowman is linked with the underworld and Bowman plants a bomb in the mayor's car killing him. Again Heflin and Miss Hunt swing into action, tracing the bomb clues down to Bowman who, tipped off unwittingly by Miss Hunt, attempts to kill Heflin.

An excellent cast also includes Samuel S. Hinds, Cliff Clark, Eddie Gillian, John Litel, Catherine Lewis and Nella Walker.

Then the mayor discovers Bowman is linked with the underworld and Bowman plants a bomb in the mayor's car killing him. Again Heflin and Miss Hunt swing into action, tracing the bomb clues down to Bowman who, tipped off unwittingly by Miss Hunt, attempts to kill Heflin.

An excellent cast also includes Samuel S. Hinds, Cliff Clark, Eddie Gillian, John Litel, Catherine Lewis and Nella Walker.
