CHINA IS RESISTING

Things Seem To Be Less In Favor Of Japanese Now

Battle of Kinhwa

Situation For Allies Also Somewhat Better Near Burma

CHUNGKING, May 27: The Japanese have occupied an island off the port of Fuchw. There is fierce fighting for control of Fukien Province. Around Kinhwa, which city is almost in ruins, there is the heaviest fighting in five years. The enemy has complete control of the air and is massing large numbers of troops.

Hundreds of thousands of Japanese and Chinese troops are engaged around Kinhwa, important inter-Chinese city, in the fiercest battle so far in the five year old war.

Notwithstanding reverses, Chinese armies on the east China coast were reported today to have started an offensive in the attempt to hamstring Japanese columns storming at the gates of Kinhwa, the provisional capital of Chekiang.

In Burma-China sector today, the Chinese position along the Burma road was reported improved as the Chinese pushed the invaders back from the Salween River and the American Flying Tigers blasted Japanese bases without opposition.

AGAIN IN CABINET

OTTAWA, May 26: Prime Minister William Lyon Mackenzie King announced yesterday that Senator J. H. King, acting government leader in the Senate, had been made a minister without portfolio in the federal cabinet.

Dr. King takes the cabinet post formerly held by the late Senator Raoul Dandurand, Government leader in the Senate for many years, who died recently. Years ago Dr. King was a minister of public works, a portfolio he also once held in the British Columbia government.

The only vacancy now left in the cabinet is that caused by the resignation of the Hon. J. P. A. Cardin, minister of transport.

SUB HITS DESTROYER

ST. LUCIA, British West Indies, May 27 (Canadian Press)—A torpedo fired from within the territorial waters of the French Island of Martinique damaged the United States destroyer Blakeley yesterday but the warship reached Fort de France under her own power.

An earlier announcement by the United States Navy had said that the Blakeley had been damaged by an enemy torpedo in the Caribbean Sea but had reached port with ten members of the crew missing and six injured.

The identity of the attacking submarine was not known although Axis u-boats have been active in the Caribbean.

GUERRILLAS ORGANIZED

Corps Formed at Port Simpson to Guard Section of Coast in Case of Emergency

Capt. O'Grady of Victoria, who has been in this district for the past few days organizing Pacific Coast Militia Rangers, who would go into service for duty as guerrillas in the event of an invasion or other emergency arising out of the war, visited Port Simpson at the end of the week in company with Indian Agent James Gillett and arranged for the organization of a corps there which will number some 100 villagers led by Henry Helm, Charles Ryan and Vincent Wells. The coastline between Jap Point and the north end of Somerville Island is assigned to the Port Simpson corps organization of which will be perfected at once.

The meeting was presided over by Chief Councillor Joseph Offutt and speakers were Capt. O'Grady and Mr. Gillett. Enthusiasm was expressed by the natives for the guarding of what one elderly patriarch described as the "land of our forefathers."

Capt. O'Grady came to Prince Rupert at the end of the week from the Queen Charlotte Islands and sailed yesterday afternoon on his return south.

Under the new agreement Canada will be provided with a large quota of trained airmen for home defense. The airmen will be completely trained in Canada for combat duty.

Pershing, who was commander-in-chief of the American Expeditionary Force in the First Great War, in an address, declared that he was fully confident that the United States faced a successful and happy future. No nation produced better soldiers than did the United States and they would win this war as they had the last, declared the 81-year old soldier.

NAZIS ARE BROUGHT TO STANDSTILL

Russians Still Holding Initiative In Fighting On Kharkov Front

MOSCOW, May 27: (CP)—The Red Army, fighting with its back to an unnamed river, has brought the German offensive in the Izum-Barenkova sector to standstill. In a most important locality where it had gained new ground in immediate counter-attacks, the Russians reported today.

Simultaneously Russian forces about eight miles northward continued persistent pounding of the Germans clinging to new positions on the Kharkov front.

Yesterday the Red Army had fought its way forward to gain from the Germans, newly established positions on the Kharkov front.

Proceeding in a series of lunges through German fortifications, the Red Army appeared to be firmly holding the initiative elsewhere as the Ukrainian offensive entered its third week.

The Russians declared they had repulsed a German surprise attack led by 150 tanks in the Izum-Barenkova sector, eighty miles south of Kharkov, while Marshal Timoshenko's main armies pressed on towards Kharkov itself.

Dispatches to the Soviet army newspaper Red Star said Russian troops had broken a line of German pill boxes and trenches before Kharkov in attacks with hand grenades and bayonets.

C. N. R. steamer Prince Rupert, Capt. Neil McLean, with a fair-sized list of passengers and heavy freight cargo, arrived in port at 9:15 this morning from the south and will sail at midnight tonight for Ketchikan whence she will return here tomorrow evening southbound.

RAILWAY TROUBLE

High Water Causes Washouts On Bulkley And Skeena Rivers And Service Is Disrupted

Local railway officials were hoping to restore traffic on the Canadian National Railway line between Smithers and Prince Rupert by tonight following interruption since yesterday afternoon owing to high water conditions in the Bulkley Valley between Smithers and Hazelton. The direct cause of the interruption on the railway was the washing out of a small bridge near Moricetown which was being repaired today. The train, which was due from the East at 11 o'clock last night, was expected to arrive here about 10 o'clock this evening. This figure however, being tentative. The train, which was to have left at 6 o'clock this evening for the East, is being held for eight hours.

The westbound train to Prince Rupert yesterday returned to Smithers because of damaged approaches to the Moricetown bridge. It was being held at Smithers this morning pending the making of repairs to the line.

Highway traffic between Smithers and Hazelton was also suspended as waters of the Bulkley and Skeena rivers continued to rise. There is water over the track at other points.

There was also some interference to the telegraph lines this morning but service was speedily restored.

WRITE UP DEFENCES

Assistant Editor of National Geographic Magazine Visitor Here

An outstanding journalistic visitor to Prince Rupert Monday was Frederick Simpich, assistant editor of National Geographic Magazine, who is making a tour of Pacific Coast defences of the United States and Canada to gather material for a feature article which will appear shortly in that magazine. The article will deal in word and profuse picture with the three phases of defence—naval, army and air—and will be limited only by the restrictions of censorship. Prince Rupert and Alaska will figure prominently in it.

Mr. Simpich started his tour with the Panama Canal and came up the coast of California, Oregon, California and British Columbia. Much of the ground he has been covering from the air. He was brought to Prince Rupert by a plane of the Royal Canadian Air Force, arriving Sunday afternoon from Vancouver via the Queen Charlotte Islands and leaving at noon Monday on his return south.

Mr. Simpich, a veteran American newspaperman, who has had assignments in all parts of the world, one of the first being in the Philippines immediately after the Spanish-American war, was in Hong Kong, Singapore and Manila shortly before the outbreak of the war between United States and Japan and the loss of those strongholds.

With Mr. Simpich were J. Baylor Roberts, staff photographer of National Geographic, Flight Lieutenant A. G. (Bert) Canning, public relations officer of Western Air Command, Royal Canadian Air Force, Victoria, and Flying Officer T. M. McCall of the office of public relations for air at Ottawa.

A liquor selling prosecution against the Empress Social Club was commenced in city police court this morning and was remanded for a week.

Offensive In Africa

LONDON, May 27: (CP) — The Germans in North Africa have started an "offensive of some sort" but it is too early to judge its size, military commentators declared today as Axis tank columns and infantry moved eastward toward the main British positions. Diplomatic sources said there were increasing signs that the Axis was mounting a formidable land and naval move in the Mediterranean area.

BAGGING OF AXIS SUBS

Three Are Sunk And Fourth Surrenders In South Atlantic

RIO DE JANEIRO, May 27:

(CP) Sinking of a third Axis submarine by United States forces off the coast of Brazil and the surrender of a fourth were reported here today. The report from Fortaleza said that the Italian submarine Pamplona had surrendered to the authorities at a northeastern port. No details were given and the naval directories do not list Pamplona.

Another report from Recife said that a United States warship, answering a Brazilian freighter's call for help on May 18, chased an attacking submarine and was believed to have sunk it.

REAL MEN ARE NEEDED

So Says Presbyterian Pastor in His Empire Day Sermon

"On this Empire Day let our prayer be that God send us men—men of faith, vision and courage," concluded Rev. A. F. MacSween in his morning sermon at First Presbyterian Church Sunday. The war must be won, the pastor agreed, but the post-war period might be even more treacherous than the war itself. If, after the armistice was signed, there was a slipping back into the old easy way it would only lead again into the hopelessness of before. Mr. MacSween dealt with the characters of Daniel, Luther and Lincoln to whom he likened the great British character to whom the Empire had turned when all seemed lost. Courage in face of persecution, violence and death was all too rare. How many were prepared to hold to their principles in face of self-interest? How many were prepared to say "no" if it effected personal considerations?

Trustworthy reports from Europe had said yesterday that Italy had sent Premier Pierre Laval a detailed note on territorial demands against France. Diplomatic quarters said the Italian note did not constitute an outright ultimatum and that Vichy had indicated its willingness to discuss the matter of Tunisia, French North African colony which the Italians have long claimed.

As Vichy considered the Italian demands a parade of French fascists in Beziers in unoccupied France was broken up by Allied sympathizers in a straight battle involving 1500 persons.

Premier Tojo Boastful In Seeking Information Of Allied Naval Forces

Says That Sea Defences of Commonwealth Have Disappeared Following Recent Battle Of Coral Sea

TOKYO, May 27: (CP)—Japan's Premier, General Hideki Tojo, speaking before the Diet, sounded a new threat to Australia today, asserting boastfully that since the Battle of the Coral Sea "naval forces in defence of Australia have disappeared with nothing standing now to defend that country before the onslaught of Imperial Japanese forces." Tojo warned Australia to submit to Japan or suffer the consequences. Evidently fishing for information, Tojo's reputation of Japan's claim of victory in the Battle of the Coral Sea—already discredited by Allied accounts—was accompanied by a renewed pledge of Japanese support for the Axis although he asserted that the Pacific war had brought no change in Japanese-Soviet relations.

FAMILY ALL OUT FOR WAR

Joe Gauthier French-Canadian Cree, is thirty-fifth Cousin To Enlist

The last of thirty-five first cousins in his family to get into active service, Joe Gauthier, miner, tie-cutter and logger of Hinton, Alberta, enlisted at Prince Rupert on Saturday and left on the Prince George that night for Vancouver to report to manning depot. He is hoping to get into the Royal Canadian Engineers.

Telling how thirty-five cousins had joined up, many of them with the Edmonton Fusiliers and some already overseas, Joe said that, as he was the only one left, he felt it was time he was in the army. Accordingly, he enlisted at Prince Rupert.

Joe was born at Lake St. Anne, fifty-five miles north of Edmonton, and is thirty-two years of age. His father, an old-time homesteader in the Peace River district, now at Grande Prairie, is part French-Canadian and part Cree. His mother is a full-blooded Cree. He himself is a fine, stalwart, clean-cut young man.

Joe's brother, Dan, has already been in the army in this war. He was discharged as medically unfit and is now at Prince George.

The cousins enlisted from various parts of Alberta including Grande Prairie, High Prairie, Grover and Lake St. Anne.

Joe left the home of his parents, Mr. and Mrs. Louis Gauthier, in 1934 and has not seen them since.

PASTOR'S
MESSAGE

Rev. J. H. Myrwang Makes Statement To Congregation of St. Paul's Lutheran Church

In announcing his decision to leave the local pastorate to accept a call to a parish near Seattle, Rev. J. H. Myrwang delivered the following statement to the congregation of St. Paul's Lutheran Church at services on Sunday:

The members of St. Paul's Lutheran Church have known for some time that the pastor had received an invitation to become the pastor of a parish near Seattle. For several reasons it has been very difficult for the pastor to decide finally whether to accept or to decline the letter of call from Washington.

For many reasons the sincere wish of the pastor has been to continue in the present field for some time yet. He has learned to love this field, the work here, and the city as such. Without doubt, there is a place and a mission in this far away frontier community for the Church of Our Fathers.

With consecrated efforts and, with Christian love in the hearts of our people here and with unselfish loyalty, unity of spirit, sincere co-operation in worship and in work and with hearts filled with Christian optimism and hope, there is a good future for St. Paul's Lutheran Church. Also, the congregation has won the good will and respect of the people in the city of Prince Rupert. That means that the St. Paul's Lutheran Church has a definite call to continue to serve in such a manner that a strong spiritual and cultural foundation is built in the hearts and lives of young and old in this important place in the Great Northwest."

The new field to which the pastor is called is promising and located in one of the most active communities on the West Coast. On account of situations over which the pastor has no control but, nevertheless, carrying responsibilities that cannot be turned aside, the pastor has found it necessary herewith to tender his resignation as pastor of St. Paul's Lutheran congregation.

"May the Lord of the Church continue to bless the congregation. May he soon send another faithful servant to His Church here and may the Lord's benediction rest upon that ministry."

"This resignation will become effective as soon as the new pastor has come to take over the work. Detailed arrangements will be made by the Church Council together with the present pastor."

ADVANCE
PROJECT

First General Meeting of Civic Centre Association of Prince Rupert

At the first general meeting last night of the newly incorporated Civic Centre Association of Prince Rupert a resolution was passed authorizing the executive to proceed with the securing of a federal priority permit and the calling of tenders for the project. A tentative estimate of cost of the civic centre on the basis of plans prepared by the provincial architect's department is \$55,000. So far a total of \$23,433 in various funds is available for the project.

Following the general meeting of the Association last night, the new executive went into session and elected officers as follows: Chairman, Dr. R. G. Large; Vice-Chairman, O. C. Young; Secretary, C. G. Ham; Treasurer, G. T. German. Other members of the executive are Robert Gordon, A. E. Dielard, A. S. Nickerson, W. F. Stone, Even Evenson and Oscar Haveroy.

Mr. Young and Mr. Gordon are members of the executive representing the public at large as elected at last night's meeting. The others represent four organizations—Gyro Club, Junior Chamber of Commerce, Rotary Club and Sons of Norway.

The building as at present planned is a 60 by 110 foot structure along lines previously described including main and secondary auditoriums or gymnasium rooms. The building is planned to be adaptable, besides straight gymnasium activities, for various recreations, social events, stage presentations, meetings, etc. No swimming pool is provided for in the present plans.

It was disclosed at last night's meeting that \$6,345.22 had been raised as a result of the canvas for funds last fall.

It was suggested that another canvas might be held to synchronize with the actual start of construction.

It was also suggested that the civic centre carnival idea this fall should not be allowed to drop.

D. C. Stuart was elected auditor of the Association.

Newspaper Izvestia Says Russia Will Have Plenty of Food This Year

MOSCOW, May 27.—Spring sowing of Russian crops is proceeding satisfactorily, said newspaper Izvestia yesterday, and there will be abundant food for the Soviet this year. In addition to the rest of the vast country, crops are being put in on land recovered from the German invaders. More wheat than ever is being sown and a large quantity of flax is also being put in.

GOOD OLD YORK

York is one of the oldest settlements in Britain—perhaps the oldest.

SPORT CHAT

If Johnny Loaring, hurdler and Royal Navy Lieutenant, can get leave from the British port at which he's stationed, he hopes to compete in some big track meet this summer. He says he's in "pretty fair" condition.

The Olympic timber topper from Windsor, Ont., on loan to the Royal Navy, is back in England following adventures in the Mediterranean. He was rescued from a cruiser sunk by German dive bombers off Crete.

The Navy, Army and Air Force Institutes admitted they were stumped on receiving a request from a Polish unit for the necessary equipment to play "Slatkuwa." No one could even pronounce it. But the problem was solved when the Poles explained the game is similar to deck tennis. It is played by four people with a small sized football and a seven-foot net.

And here's another game. It's called "scramball" and came into being recently as standard sport for the Women's Services. A form of rugger, it's played with a light ball. The general idea seems to be to grab the ball and "scram."

Jock McAvoy is still throwing punches. British middleweight champion the last nine years, he defended the title against Ginger Sadd of Norwich May 25 at Norwich.

Many times Britain's champion jockey Gordon Richards gained his first seasonal victory in winning the Barrow stakes at Newmarket on Dinorama. It was his first triumph in about 15 attempts. Richards fractured a leg last spring. Meanwhile, Gunner Harry Wragg, who took riding honors last year, has been a consistent winner this spring. He rode four firsts in one day.

Adams has designed new types of utility apparatus, sportswear and methods of training. Among designs is a new type of championship model boxing ring requiring no floor fixing, and a new type of hurdle.

W. Harston, who played as a schoolboy with the Tottenham Hotspur football club, just celebrated his 60th year with the 61 year old organization. He is a steward of the club. One of the Spur directors, George Cox at 86 is the oldest football director in the country.
