## THREAT TO AUSTRALIA IS SERIOUS

Churchill and Roosevelt Asked to Send Planes to Fight Off Japanese Invaders.

THREE INVASION POINTS MELBOURNE, January 24-It is now learned definitely that the Japanese have invaded three important islands protecting Australia from the north. These islands are New Britain, New Guinea and the Solomons. While Rabaul, the capital of New Britain, has been occupied by the enemy, Australian forces are understood to be still resisting elsewhere on the island. Landing has been made at Bougainville on the Solomon Islands.

MELBOURNE, Jan. 24:- Declaring that the Battle of the South Pacific had become the Battle of Australia, Hon. Frances Ford, acting prime minister, who is also minister of war for Australia, says the country is facing "the most serious threat in its history through the possibility of a Japanese invasion. Following a meeting of the war council. Premier Ford appealed to both Prime Minister Winston Churchill of Great Britain and President Franklin D. ## Why Wait Until April? . . .

While we agree that it is quite correct to take a subject touched upon by Mr. Litplebiscite on the conscripton issue we do not see any good the who emphasized the necessity reason for waiting until March or April before giving being prepared to meet the situthe people of the country the right to declare themselves. ation in case of fire in his own If the move is good for April, it is good for January. If home. there is a strong movement against Canada taking part in the war we should like to know it. However, we are glad to have the opportunity to cast our vote in favor building of a corduroy road out of of an all-out war and we think most western people will Prince Rupert to some point of feel much the same about it. Naturally there are a good many who have felt the delay has been already too long.

## Keep Up the Pace . . .

Evidently there has been a good start in the collection of scrap iron and steel. Judging from those behind There was still need for further the move we think it likely that the campaign may gain wolunteers. speed as it moves forward. Every dollar secured in this way helps the Red Cross and every pound of metal is a help in providing guns and ammunition for pounding the ed the vital importance of fire enemy at a time when the enemy needs pounding and needs it badly.

### Wanting a House . . .

An average of about ten to fifteen people a day call The idea of a working bee had at The Daily News asking if anyone knows where they been called off for the time being can get a house in which to live. If we do not know of a house they would be content with a flat, an apartment, taken up. The fire chief told how a room, furnished or unfurnished, in fact any old place to hang their hats and sleep at night-dry, warm and from the provincial government sanitary. That is the present situation at Prince Rupert. All we need is a few hotels, a few hundred houses and a dozen or so nice apartments on a reasonable rental.

### Favors Prince Rupert . . .

In the legislature this week, E. E. Winch, member had expressed concern in regard for Burnaby, made a statement to the effect that, while to the oil tank situation on the Burnaby paid \$2,700 to a firm of lawyers for drawing local waterfront for which, as yet, up the refunding bill, Coquitlam paid \$1,000 and Prince Rupert paid only \$125. If these services were similar, it does seem as if somebody was overcharged. It is, how- nounced that a new division had ever, just possible that there were extenuating circum- been made of the districts between stances. We know that the late E. F. Jones, city solicitor, the business section and the waterdid most of the work for Prince Rupert and the amount extended to take in that region paid over and above that was to a New Westminster man, north of Second Avenue between the cost being \$125.

## SESSION OF A.R.P.

Young Folk Showing Interest Although Attitude of Older Responsible Citizens Still Apathetic.

Various matters in connection with plans for local civillan protection in the event of emergency arising through enemy action were discussed at another general meeting of Air Raid Protection wardens havn in the Canadian Legion Hall last night. Interest in these activities, which might well prove vital to hell the community in view of the spreading theatre of war, continues to be well sustained and there was again a substantial attendance at last night's meeting. Notable among those present were a number of senior high school students, several of whom were enrolled as wardens. However, lack of interest on the part of a certain type of usually responsible citizens was again to be noted. J. J. Little, chairman of the local A.R.P. organization, gave ecture on the subject of bombs, of which, he said, there were three incipal varieties—high explosive, incendiary and gas. It was felt that, should a bombing attack be made upon Prince Rupert, there would be a spray of incendiaries on objectives along the waterfront with a follow-up of explosives. That Prince Rupert was recognized by the authorities as one of the most vulnerable points was indicated that this place had been the first to receive air raid alarm sirens, Mr. Little said. The impact and penetration of bombs was discussed by Mr. Little. The maximum depth of penetration sixty feet. The Canadian Fish & Cold Storage Co. at Seal Cove was pointed to by Mr. Little as an example of ideal protection of an ndustrial plant from the effects of air raids. Fragmentation of

Mr. Little, in reviewing some of the activities of the local A.R.P. organization, mentioned that the refuge within easy distance such as a short distance up the Skeena River for the purpose of evacuation in a sudden emergency was already being dealt with. He told how the various branches of A.R.P. -first aid, nursing, fire fighting, decontamination, demolition, pa-

bombs and resultant fire were

among other aspects of the bomb

Fire Watching

trol, etc.-were getting organized.

Fire Chief H. T. Lock emphasizpatrol and roof watching. This was something that should be impressed before an actual emergency came. Mr. Lock spoke of the failure of the appeal for volunteers to engage in digging of water holes for the fire pumps. city supply the labor was being tests had been made of pumps which had just arrived. They had proven most effective, three streams which topped the Savoy Hotel having been developed from one pump deriving water from the pool in Alder Park on Fraser Street. Mr. Lock also disclosed that the fire marshal for the province, during a visit here this week, there was not adequate protection.

Under the heading of district wardens' activities, it was anfront whereby the latter would be McBride Street and Westview Bridge. As soon as troops now in occupancy were moved out, the museum building would be available for use as headquarters for the downtown district. At the request of Wilfrid McLean, J. McGlashan was taking over as district warden at Seal Cove.

A letter from a citizen dealing with some more or less inconsequential matters arising out of blackout patrol was read.

The question of sand for hand-

ling incendiary bombs was dis-

cussed and the feeling was ex-

# YOU AND YOUR. LIFE INSURANCE ON TWO FRONTS

It is with deep gratification that life insurance companies operating in Canada are able to report to their policyholders the following conspicuous successes on both the home front and the war front in 1941:

### \$170,000,000 Invested on the War Front

Life insurance has been the largest single sub scriber to each of the three war loans. One Hundred and Twenty Million Dollars was invested in the 1941 loan and the total investment now is over One Hundred and Seventy Millions. These life insurance dollars - the savings of policyholders-provide guns, tanks, planes and other implements of war so essential in our fight for Victory.

### \$165,000,000 Distributed on the Home Front

In war time as in peace time, the benefits of life insurance continue to be extended to the widows, the fatherless and the aged. Last year One Hundred and Sixty-five Million Dollars was paid to policyholders or their beneficiaries, of which over 70% went to living policy.

### New Record Total of Life Insurance in Force

Never before have the men, women and chil-

financial protection. Their combined holdings in life insurance now total Seven and a Half Billion Dollars.

### New Insurance Increased 10%

Despite the unprecedented demands made upon everyone by higher taxation, increased cost of living and war pledges, new life insurance purchased in Canada during 1941 showed an increase of 10% above that of 1940.

### 1700 Life Insurance Men Enlisted for Active Service

Not only have life insurance men lent valuable assistance in furthering the sale of Victory Loan Bonds and War Savings Certificates, but 1700 have enlisted for active service with Canada's fighting forces. Over 2200 were actively engaged in the flotation of the 1941 Victory Loan and over 8700 are regular pledged purchasers of War Savings Certificates.

Life insurance enters the New Year proud of its long record of over 100 years of service to the people and homes of Canada, and confident that whatever difficulties may lie ahead, it will continue to meet every policy obligation and dren of Canada had such a mighty bulwark of to provide more security for more people.

It is good citizenship to own

Annual Banquet at First Presbyterian Church Outstanding Affair.

The Women's Auxiliary of the First Presbyterian Church entertained over two hundred guests last evening at a banquet held in the church hall in commemoration of the birthday of Robert Burns, Scotland's famous poet.

The guests were welcomed with a few appropriate words by Mrs. D. C. Stuart, past president of the down to an excellent "fairin", difficulty in securing Scottish litpiped in by Piper Knight and car- erature in Prince Rupert and, in ried by Capt. H. Calderwood, as his search for something on the well as which included "haggis" bagpipes, had to suggest that it and other delectable dishes. With might be found in a treatise on wards sat back on their chairs to though that might seem, Canaenjoy a real Scotch program. dian Scottish, who gave render-

He told his audience that, even after 183 years, there was much that had not yet been said about the poet. He said that he had ing shark which attains an averstrong objections to the term age length of 36 feet approxi-"peasant poet" which was some- mately. times used about Burns. Burns, in his view, was a cotter or, as in

to be confused with the European carried shot in their bodies. "peasant." A man of moods, sometimes down in the depths of despair. Burns wrote many of his finest poems while in these moods. Many he said were inclined to look at Burns' failings and overlook his good points. His character was too much judged by the opinions of the Puritanical people of his day. The "Jolly Beggars "would never have been written had not Burns spent the days he did in Poosie Nancy's tavern. Major McLennan made reference to that poem of Burns, "the Cotter's Saturday Night," which has been translated into many languages and pointed out its value as a hisl tory of country life at that period, a life that was now rapidly passing away even in Scotland. He much doubted if family worship was observed in the rural nomes today as it was in the days of Burns. He did not believe that Burns ever suffered poverty. True it was that he had to dine on 'hamely fare" but that 'was 'not poverty and he believed that, had Burns been born with a silver spoon in his mouth, there would have been no anniversary comnemoration of the birthday of Burns. Burns had placed woman on the highest pinnacle that any writer had done and in the natural simple language of the people. A gifted man with a prolific

posterity a casket of gems that would endear his memory for ever. "The Lasses" The toast of "The Lassies," proposed in racy style by E. J. Smith, was responded to by Miss E. M. Earl, who let the men into a few secrets as to ways and means whereby they might capture

Most of the action chief product. Wartime needs is set in a coroful Mexican border have increased the demand for town filled with the humor, rothese products and have given new mance and tragedy of refugees impetus to whaling operations, from Europe's holocaust.

duction was 90 tons greater this explosive climax. year than in the preceding season. It is a far ery from the square rigged whaling ships of olden days to the modern steel whaling tugs armed with harpoon guns and fitted for present-day operations but some of the risk and romance remains. During the 1941 season on at least one occasion an infuriated whale attacked a whaler after being harpooned, and damaged the steel craft so badly that it had to return to port for repairs.

Dr. Neal M. Carter, director of the Prince Rupert Fisheries Experimental Station, returned to the city on the Princess Adelaide yesterday afternoon after having attended the recent annual meeting of the Fisheries Research Board of Canada in Ottawa. On the way west, Dr. Carter spent several days at Vancouver on various business matters.

AND SHIPY ARD A party of several men, mem-(21) bers of the crew of Nelson Bros. Fisheries cannery here, arrived in the city from Vancouver on the Princess Adelaide yesterday after-

Indian Department's cruiser Naskeena made a trip to Port Simpson on Thursday, taking the Dominion constable, A. J. Watkinson, on patrol duties. Lorne Aggett, unit organizer for the Victory Loan, also went along. The natives of Port Simpson were found \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* to be busy on statute labor around the village, carrying out routine public works jobs.

With the packers loaded up and away, seiners have been slacking up their aactivities in herring fishing at Union Bay during the past day or so but will be starting up again as soon as the packers return for more fish. On Thursday 800 tons of herring was taken at Union Bay and yesterday, 200 tons. Five seiners are fishing there and the fish are being delivered to the Prince Rupert, Namu and Butedale canneries and Port Edward and Tucks Inlet reduction plants.

Labor trouble which started last Sunday in the local cannery of Nelson Bros. Fisheries Ltd. has been amicably settled it was announced by the company today. The executive officers of the Native Brotherhood of British Columbia have been in Prince Ru-pert for the past few days and have dealt with the matter to everyone's satisfaction, a statement

N. P. Burgess, Grand Secretary of the United Cannery Workers Union, had been in Prince Rupert during the previous week or -ganizing a cannery workers union but left for Vancouver before the strike was settled, leaving all negotiations in the hands of the Native Brotherhood.

Clam digging in 1941 was a great source of spring revenue to Kitkatka, the B. C. Packers taking many tons from the village. This work-adults digging in the sands and children picking at low tide—is to be re-commenced at an early date with most probably the Norma G., Captain H. Brown, as clam packer.

ROTHERMORE'S COLLECTION LONDON, January 24 (CP) -The late Lord Rothermore's collection of paintings was sold at

auction for 25,962, about \$116,929.
