Law and Order Here . . .

Having urgently advocated that a reasonable state of law and order should be maintained in Prince Rupert even under extraordinary conditions imposed by war upon the community, we are very gratified to see an active interest being taken in the subject by the military authorities. The conference of police—military and civilian—held yesterday at the call of the area commandant, Col. D. M. Martyn, whom we congratulate on taking such action in the matter, did not hesitate to admit that conditions are not all that might be desired here although it did not concede that they were as bad as some people might suggest. The important thing, however, was that the conference did settle itself upon some constructive suggestions which, if put in effect, should go far towards bringing about a permanent improvement in the situation. We do not hesitate in approving all these proposals—that the city should be rid of loose Indian women, that there should be further curtailment of the dispensing of liquor here and that recreational and amusement facilities should be increased.

We are glad to see that no attempt was made by any of the authorities represented at yesterday's conference to condone excesses that might be found here on the grounds of extraordinary conditions prevailing. It is now evident that the military authorities are quite as anxious as are the decent law-abiding civilians to see that a reasonable state of law and order is maintained here at all times. No doubt they recognize that such a condition is one of the essential factors of the general defence scheme.

From what we can observe of Col. Martyn he is a man of action. We can count, we believe, on his making every effort, now that certain lines of action have been agreed upon as being necessary and desirable, to take further steps to see that they are brought into effect. All this will be heartily approved by the regular civilian population.

Such a conference as that held yesterday might easily have developed into an effort to justify conditions as they are. We are pleased that such was not the attitude that was struck but rather that things were regarded as not being all as they should be and that something should be done about it.

We also note with approval that liquor was blamed for the great bulk of such trouble as is complained of here. That view is entirely in accord with the opinion that we ourselves have more than once before expressed.

Yesterday's conference concerned itself more especially with the active service element. It should not be forgotten that there is also a loose and troublesome civilian element here as well and that this is not a matter of direct military concern although it may and properly does hamper the services in exercising their responsibilities.

It is to be confidently expected that there will be an immediate improvement in regard to matters about which complaint has been made. In fact there are many who believe that some improvement has already been achieved. Now that it has been started let the good work be kept up.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

Out at the Y.M.C.A. Hut in the Midlands camp Thursday night they held a Hallowe'en dance that hit a new high for fun, frolic and frivolity. The hall was beautifully decorated by Private Blair whose civilian trade is that of decorator. He was assisted by Sergeant Young and Heck Mackenzie. Favors were distributed and a number of novelty dances were introduced. Mrs. Andrews won the ladies' prize, an attractive white monogrammed scarf, and a soldier whose name escaped me, but who was of the American persuasion with close cropped blonde hair and of medium height—you know the one I mean—won the men's prize—a box of cigarettes. Refreshments were served in the American mess and such a grand supper! I think by now you'll see that I'm trying to put it over that it was quite a dance what with Gunner Bassador's singing, the floor show and Sammy and the Yank's conga rhythm. It fair brought out the sarong in us.

Tonight is Hallowe'en and I hope, in view of all the organized destruction that is going on all over the world, there will be no wilful and needless destruction of personal and private property in this town. It is not a pretty thing to have to walk through glass strewn streets after a raid and it is all the more unnecessary to simulate the effects of a raid just for the pleasure of it. Go easy everyone! The real thing may come soon enough.

Latest report on Geordie Wilson's incipient moustache is that Geordie and moustache are doing as well as can be expected but that he intends to hide out in the forts until a cure is effected.

HOOP PLAY ONE-SIDED

United States and High School Teams Appear to Be Boys To Watch

Heavy scoring one-sided affairs featured last night's league basketball card when the Winnipeg Grenadiers took another lacing from United States Headquarters 51 to 16 while the Signal Corps were elected the goats of the evening, taking the worst whipping so far by the phenomenal score of 57 to 7. Seven points was all the boys from Westview could muster and they were scored in the first three quarters. In the final quarters, the victors, another American squad, the Transports, out-scored them 18 to 0. Sergeant King, incidentally an artilleryman, grabbed off four of the seven points while Lanskal picked off the other three. In the opener the Air Force whipped the Midlands although not so soundly by a score of 34-22. These games set the two American teams as the boys to watch, particularly the Headquarters outfit which used mostly second stringers in their win over the Grenadiers.

Next Wednesday the Dry Dock and the U. S. Headquarters meet for the first time. Both teams so far are undefeated as are the High School so some fine playing may be looked for as the teams are beginning to smooth out into smart squads. High School, with their undefeated outfit, is actually in better shape due to more practice than are any of their rivals although the added experience the older boys possess may prove too much for them.

Sunday School Party Enjoyed

Fifty Youngsters at First Presbyterian Church Affair Last Night

In place of the usual annual picnic which was not held this year, a happy Hallowe'en party was held in the social hall of First Presbyterian Church last night for the pupils of the Sunday School, about fifty of them being present. The proceedings started off with refreshments in the form of hot dogs, pop and ice cream after which games were played much to the enjoyment of all.

John E. Davey, superintendent of the Sunday School, and Rev. A. P. McSweeney, the pastor, was in charge, assisted by members of the teaching staff.

Big Crowd At Dance To Aid Norway Funds

The Oddfellows' Hall was the scene last night of a successful "Help Norway" dance under the joint auspices of the Sons of Norway, Lodge Valhalla and Varden Singers, about two hundred persons being present.

Splendid music was rendered by Mrs. J. S. Black's Orchestra and Nels Gunderson was master of ceremonies. Dancing was in progress from 10 p.m. until 2 a.m.

A feature of the evening was the drawings for cash prizes which resulted as follows: first, \$25 Claus Aune; second, \$15, Ernest Campbell; third, \$5, J. E. Ormheim. Three lady guests did the drawings.

The committee in charge consisted of Rudolph Olsen, Matt Nordgard, Claus Aune, Nels Gunderson, R. Hundeide, Clarence Insulander, Mrs. Henry Lindseth, Mrs. Peter Lien, Mrs. John Ivarson and Mrs. Bergseth.

An important message to every motorist who has wondered:

How Good Will Tires Be When They're Made With Synthetic Rubber?

More than two years ago, hundreds of patriotic corporations and car owners were already making road tests with a new kind of tire. It bore the famous Silvertown name. But more than half its rubber was synthetic . . . B. F. Goodrich Ameripol.

Since that time synthetic rubber has leaped to new importance. A large part of our war effort depends upon this continent's ability to produce good tires from synthetic rubber. The tires we will drive upon after the war may well be synthetic.

Hence the question, "How good will these new tires be?" is a vital one. There are several ways to answer it. Perhaps the best way is to let you read what actually happened when tires made with Ameripol were put to the test of day-after-day driving. Perhaps the best people to tell you are those who owned the cars and did the driving.

The letters quoted here are only a few of many received. We hope that others who patriotically co-operated will understand that space limited the number of statements we could print.

NOTE: This advertisement is not intended to give the impression that tires made with synthetic rubber are on public sale. This is not true. And it is not known when it will be true. This is because military needs must come first.

RAILWAYMEN BUY BONDS

Total of Three Million Dollars So Far Subscribed

MONTREAL, Oct. 31—Subscriptions to the Third Victory Loan by employees of the Canadian National Railways system have topped the three million dollar mark, according to the second interim progress report issued yesterday by D. C. Grant, vice-president of finance for the system. A total of 3,097,250 in Victory Bonds has been purchased by 36,438 employees of the railways and its associated companies, National Railways Munitions Limited and TransCanada Air Lines.

These purchases represent transactions recorded during a period of nine days, half of the three weeks allotted to the loan campaign by the Minister of Finance, Hon. J. L. Isley. The number of employees subscribing represents an appreciable advance over the total of personal subscriptions for the similar period of the Second Victory Loan.

For the nine-day period represented by the report, 35,023 employees of the Canadian National Railways bought bonds to a total of \$2,980,700. During the same time 675 employees of National Railways Munitions Limited, the gun manufacturing plant operated by the railway, bought bonds valued at \$80,909 while 735 employees of TransCanada Air Lines, purchased bonds to the amount of \$55,650, these three divisions of the system employees making a total purchase of \$3,097,250 for the campaign.

The system activities in Canada have been organized on a regional basis, divided according to the operating areas of the railways. The Atlantic region employees to the number of 6,484 bought bonds valued at \$508,700. In the central region, which includes Quebec and Ontario, 17,222 employees bought \$1,455,900 in bonds.

The western region, with headquarters at Winnipeg, had sales of \$815,550 to 9,241 employees.

In Montreal a special organization was set up for headquarters quite apart from the central region. 2,081 employees purchasing bonds to an amount of \$180,550.

The total of \$3,097,250 subscribed by the employees is in addition to the Canadian National's subscription of \$10,052,750 including pension and insurance funds.

Dieppe Operation Renews Interest In Proposals to Put Canadian Actions on Canvas

OTTAWA, Oct. 31—Since the battle of Dieppe, renewed interest has been directed to long-standing proposals that Canadian artists be put in uniform and sent to war with the troops to record battle scenes with brush and paint.

Although Canada pioneered in the field of war art during the First Great War, as yet little has been done about recording Canada's part in the present conflict through the medium of painting. During the First Great War Lord Beaverbrook, as officer in charge of Canadian War Records, had nearly 1,000 paintings made of Canadians at war.

Some artists already serving in the forces have been given opportunity by the navy, army and air force, to paint war pictures but artists have not yet been specially assigned to the forces to make pictures.

In the United Kingdom an Artists' Advisory Committee is responsible for employment of artists to make a pictorial record of the war. The work of the artists employed through the committee has already been exhibited in Canada and the United States.

The committee consists of several leading British artists and representatives of the war office, admiralty, air ministry, home office and ministry of information.

Canada's example in employing artists in the First Great War was followed by both the United States and Great Britain. This time other countries are ahead.

Hitler and Hirohito have Great Plans for Canada

• Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

Lieut. Croft Brook, former manager of the Standard Oil Co. of British Columbia here, has returned to his naval duties on the east coast after spending a five-weeks' leave in Vancouver and New Westminster. His picture appeared in the Vancouver Sun this Wednesday.

Roy Wheeler, secretary of the Vancouver Magic Society, who is visitor in the city, points out that today is Houdini Day, being the anniversary of the death on October 31, 1926, of Harry Houdini, famous magician and son of a Jewish rabbi. The day is observed by all magic clubs in United States and Canada, usually in the way of putting on free magic shows for children.

Nurse Married To Airman Here At Church Rites

The Chapel of the Church of the Annunciation, where a considerable number of friends gathered, was the scene last evening of the wedding of Miss Mary Boyco R.N., daughter of Mr. and Mrs. Cornelius Boyco, Kandakar, Saskatchewan, to Corp. Vernon Seymour R.C.A.F., son of Mr. and Mrs. John Seymour of St. Andrew's, Ontario.

The bride was given in marriage by Dr. C. H. Hankinson and was attended by Miss Elsie Fry R.N. John D. Walker was groomsmen. Following the church rites, a reception was held at the Nurses' Home where Father W. F. Lantagne, who had officiated at the marriage ceremony, proposed the toast to the bride with the groom responding.

Later the party proceeded to a dance at Seal Cove air base where the occasion was further celebrated.

Airmen's Dance Great Success

Highly Enjoyable Affair at Seal Cove Last Night—Concert Party Featured

In the airmen's mess, which was gaily decorated for the occasion, a fine dance was held last night by the airmen of Seal Cove Station. About two hundred young people were present, among the guests being the station command including Group Captain Gordon and Squadron Leader Brooks as well as other officers.
Music was by the Midland's Orchestra and a feature of the evening was the presence of the "Camp Gaieties of 1942" concert party which put on a fine floor show during the supper hour. Dancing was in full swing from 10 p.m. until 2 a.m. Charlie Chappell of the Camp Gaieties party assumed the duties of master of ceremonies.

Officer Stood Drink But Didn't Take It

LONDON, Oct. 31 (P)—And the judge scratched his head!
A police officer, asked at the Old Bailey what he had to drink while on duty in a public house, replied: "Half a pint of beer, but I didn't drink it."
"Who stood it?" was the next question. "Myself," was the answer.
"Why didn't you drink it?" "I'm a tee-totaller!"

THE OLD RELIABLE

Just THINK

what you will be able to buy after the war, if you save and invest in **Victory Bonds NOW!**

As a patriotic citizen, you are using every capacity you have to win the war—whether in production of war materials or in some essential industry or service.

You are getting paid for doing this.

There are, undoubtedly, many things you'd like to buy NOW, things you had been planning for a long time to buy, but things you **COULD** do without.

You can follow one of two courses. You can spend your savings on things you don't really need now, or you can put that money into the new Victory Bonds.

To meet war needs, the average Canadian would have to lend to Canada \$1 in every \$5 of income left after taxes and compulsory savings have been collected. Of course, the

average may not fit your case. Your circumstances are your own. You may be able to do better than that out of current income and accumulated savings; or you may be unable to reach the average. *Your share of voluntary savings is every dollar you can possibly spare.*

It may mean some pinching—some figuring and belt-tightening. But think of what you'll be able to buy with it when it returns to you after the war!

You will be laying up for yourself the best of all investments. **VICTORY BONDS** are backed by all the resources of the Dominion of Canada. They yield a fair rate of interest, you can borrow against them, and they are readily saleable when you need the cash.

HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company.

Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

WEAR YOUR COMMANDO DAGGER

Herring Fishing Next in This District—
Gravel Moving in—Co-operative
Publication

Fishing activity is in the doldrums around Prince Rupert these days. With halibut and salmon fishing over for some time, the herring fishing will be next and normally that is not to be expected before the end of December or early in January although one year these fish did put in appearance of sufficient quantity to warrant seining operations. The new Francis Miller plant at Seal Cove will be canning herring this winter while there will be reduction at Port Edward and Pacific pants.

Show Proving Very Popular

"Camp Gaieties of 1942" Makes
Second Stand at "Y"—Being
Held Over for Special
Engagements

"Camp Gaieties of 1942," Vancouver professional concert party, made its second stand for local troops at the "Y" Hut last night and was enthusiastically received by an audience of service men and friends which again packed the place. So popular has the party proven here that arrangements have been made to hold it over for afternoon and evening performances for the forces at the Capitol Theatre tomorrow and a show for the Americans Monday night. This afternoon the party is entertaining at the military hospital and this evening will be at a construction camp.

When the party started out from Vancouver it was contracted for "x shows but", by the time the swing through the central interior and coast is finished, it will have done sixteen.

The group leaves Monday night on the return to Vancouver.

Gravel and building materials are being moved in steadily by the Armour Salvage Co. for normal building requirements as well as various defence contracts in the area. Two derrick scows and two tugs are kept busy pretty steadily hauling in gravel from Porcher Island and Hastings Arm.

The Co-Op Broadcaster, a mimeographed sheet put out by the Prince Rupert Fisheries Co-operative Association educational department of which Rev. C. D. Clarke is the director, has just made its first appearance. It is to be issued every week with the object of presenting news of the co-op movement.

VITAL FILM IS SHOWING

"No Greater Sin" Based on Consequences of Social Disease

"No Greater Sin," a gripping, vitally dramatic story, combining entertainment with enlightenment of a distinctly salutary character, comes as the feature picture to the screen of the Capitol Theatre here next Monday and Tuesday evening.

It is the epic of a brave and unselfish woman faced with the bitterest dilemma to ever confront the institution of marriage — a throbbing, vibrant document of human hopes and fears of a couple who thought they would never be able to laugh again.

The love story of the two young armament workers is a touching one, even though one may feel impatient with the young man's thoughtless mistake which brings down such dire consequence not only upon himself but upon one who was not in the slightest degree blameworthy.

The picture deals in a fearless way with the horrors of social diseases and the consequences of sex indiscretions.

The production was prepared under direction of the Health of Canada.
