CARRYING ON CORPS

Despite Difficulties, Sea Cadets Are Keeping Up Interest and Enthusiasm, Reports Show

Although operating under the handicap of inadequate instructional and drill facilities and lack of some equipment, the Prince Rupert Sea Cadet Corps work is being carried on with enthusiasm and interest, R. M. Winslow, the president, and Lieut. Commander Alex Mitchell, officer commanding the corps, advised the Prince Rupert branch of the Navy League of Canada in his report at the annual meeting last night.

The establishment of the Sea Cadet Corps, Lieut. Commander Mitchell's report stated, was being steadily maintained at the 120 mark. Resignations and staff decreases had been readily rectified by the enrolment of new recruits. Nineteen new recruits had been taken on the strength during the past year and there were still ten or a dozen names on the waiting list.

Hitler and Mussolini...

Hitler and Mussolini in complete agreement! Very enlightening indeed! That announcement is at least nothing for us to worry our heads about. If the abject Benito ever were anything else but in agreement with his boss, Adolf, it would be a surprise to most of us. In any case, the once blustering Duce would soon be put in his place if ever he did show any signs of disagreement. There is reason to suppose that the meeting at Salsburg was to make sure that Benito was being a good boy—just in case—and doing what his master says.

Sometimes we almost feel sorry for the poor seduced Italian people. Some day they, like the rest of subjugated Europe, will be liberated but we do not think any disagreement between Hitler and Mussolini will prelude the liberation. Possibly one of these days the Italian people themselves will see to Benito.

Back To City Council...

Much discussed will be civic affairs again following the publication in the Daily News yesterday of Premier John Hart's announcement that Prince Rupert is to return to the mayor and city council form of municipal government after having been under a city commissioner for ten years.

There are some who altogether oppose the idea of return to the system of mayor and alderman on the grounds that the system develops local politics and is, therefore, neither businesslike or efficient.

Those who favor return to the mayor and council plan believe that is the only way that the local people can obtain the voice in city government which they believe is their due. They believe that, with local autonomy, more attention will be given to real local needs and things provided that the people should have.

There seems to be no feasible way of having some sort of city managers. In any case, Victoria does not encourage it.

The purpose for which the city commissioner was appointed has been achieved—the city is on an even keel financially again. Therefore, the reason for a city commissioner is gone and, evidently, no exception can be taken to the return of the mayor and aldermen.

This being the case, we must think about good and suitable mayor and aldermen and school trustees being placed in charge of our civic affairs.

After all if we put the right type of men in office we need not worry a great deal.

Incidentally, city councils come a good deal more under provincial supervision and control than they used to.

Wooden Plates Are In Demand

LONDON, May 2.—The wooden tableware industry is booming in Britain.

Shortage of crockery, combined with cheapness and utility of wooden soup ware has caused a demand exceeding the supply because wooden tableware production in recent years has been confined almost entirely to decorative articles, such as bread platters and fruit bowls.

Lately, however, housewives have come to realize that wooden soup plates, for instance, can be just as attractive as high-priced crockery—and don't break when dropped accidentally.

One housewife, who frequently entertains members of the armed forces, said that when she had difficulty in replacing broken plates and cups through discontinuance of designs, she purchased sets of wooden platters and dishes and cups in plain polished oak.

"They are almost unbreakable, easy to wash and pleasant to look at," she said. "Now that I have become used to them I doubt if I will go back to crockery after the war."

LOG SCALE FOR APRIL

Output Is Not Running So Large This Year As It Was 1941

Log scaling in Prince Rupert forestry district for the month of April just ended totalled 7,914,977 board feet as compared with 19,803,317 board feet in the same month last year. The aggregate of scaling for the year to date in the district is 31,511,117 board feet as against 19,803,317 board feet.

The scaling per varieties this April was as follows, figures for the same month last year also being shown for comparison:

April 1942		April 1941	
	Board Ft.	Board Ft.	Board Ft.

* TAKE ADVANTAGE of the privileges offered to the members of this Club and you too, may reasonably expect to have serviceable tires on your car, long after the tires of many motorists have flatly refused to run.

B. F. Goodrich tire engineers, realizing the motorists' and our country's need to conserve rubber, have planned a service routine for prolonging tire life. Your B. F. Goodrich dealer pledges himself to extend this tested service plan to those motorists who indicate their desire to co-operate by joining the B. F. Goodrich Tire Savers' Club.

This is not a one-sided proposition. The dealer can do a great deal to lengthen the life of your tires... but much depends upon your co-operation. The first step is to go to your nearest B. F. Goodrich dealer and join the Tire Savers' Club. It will help you to make your tires last longer. There is no charge or obligation. Enjoy the privileges and courtesies of this National organization.

JOIN TODAY—You will be welcomed as a member, regardless of the make of tires you are now using.

The serial numbers of your tires will be registered as a means of identifying them in case of theft.

Your tires will be inspected according to a systematic plan developed by tire engineers.

You will be reminded when your tires should be checked—no need to rely on memory.

NEWS FROM EDMONTON

Edmonton gave a five-to-one vote for the affirmative in the manpower plebiscite this week. The total "Yes" vote was 35,441 and "No"; 7,225. Alberta's vote was 72 percent affirmative. Vegreville was the only riding in the province to vote "No".

The Edmonton City Golf Association has elected officers for the year as follows: President, Dr. W. C. Broadfoot; vice-president, Jack Marshall; secretary-treasurer, W. A. White. Qualifying round of the annual city amateur golf championship will be played on June 20.

Edmonton is well organized for the Red Cross drive which is to get under way shortly. R. H. Settle, manager of the Gillespie Grain Co., is campaign manager.

Hon. Herbert Anscombe, minister of mines for British Columbia, was here this week conferring with Hon. N. E. Tanner, Alberta minister of lands and mines, in regard to oil matters.

Both the largest and newest steam boilers at the city power plant were out of operations at the same time for the better part of twenty-four hours early this month. Mayor Fry told the city council this week after Ald. J. H. Ogilvie had demanded a report on the hitherto undisclosed breakdown.

Holy Trinity Church was the scene of a pretty wedding last Saturday when Miss Grace Marshall, daughter of Mr. and Mrs. Stewart J. Marshall, became the bride of Lieut. G. Reginald Campbell of the Royal Canadian Army Service Corps.

CARNIVAL PICTURE

Uproarious Comedy, "Road Show," Is Feature Picture on Capitol Screen For First of Week

Based on the funny novel of the same name, "Road Show," said to be a highly entertaining comedy, comes to the screen of the Capitol Theatre as the feature offering for next Monday and Tuesday. There is an impressive cast which includes such well known screen luminaries as Adolphe Menjou, Carole Landis, John Hubbard, Patsy Kelly, George E. Stone, Charles Butterworth, Polly Ann Young, Margaret Roach and James Arthur. The popular radio team, "The Charioteers," is also introduced.

Most of the action is centred around a carnival, a lion act, in which John Hubbard, as a wealthy young playboy, becomes involved. There are all the features of the country road and romance is interestingly interwoven with the general action and fun.

Local news contributions should be in the Daily News office by 10 a.m. on the day following the event—preferably the night before a letterbox in the door being there to receive copy. Local news not in by 10 a.m. runs the risk of not being published. We prefer to have neat contributions typewritten neatly and double spaced, if possible. However, legible writing will do.

This has been the first week of the season for substantial landings of halibut at Prince Rupert, the boats, although leaving around the opening date of April 15, having been delayed in returning with their initial catches through stress of stormy weather. The landings for the week totalled 21,600 pounds of which 227,600

"AIR RAID" REVIEWED

Weekly Meeting of A.R.P. Wardens Held Last Night

The weekly meeting of the district wardens of the Civilian Protection Committee (A.R.P.) was held last evening with J. S. Wilson, chief warden, presiding and district representatives presenting reports on last Sunday's air raid practice. They were J. L. MacIntosh, Severino Dominato (reporting for G. T. German), Ray Allen and G. Storrie, G. P. Tinker, J. H. McGlashan and Thomas Elliott (reporting for J. E. Boddie), A. M. Davies, secretary, was also present. Each warden presented very interesting and comprehensive reports covering the details of the number of personnel present at the respective headquarters, the time at which the members reported, the type of dangers encountered, how each was dealt with, the character of casualties and treatment of same, how fires were controlled, how communications were maintained. There were weaknesses reported some due to inexperience, some to lack of training, some to lack of co-ordination, but these weaknesses were few compared with the positive results of the test.

pounds was from Canadian vessels and 394,000 pounds from American. This brings the total landings for the season to May 1 up to 702,500 pounds—244,900 pounds Canadian and 457,600 pounds American—a far cry below the aggregate of 2,283,700 pounds—1,140,200 pounds American and 1,143,500 pounds Canadian—which had been landed up to a corresponding date a year ago. From a price standpoint 1942 has started off a good deal better than 1941. The top bid of the week for Canadian fish was 14.9c and 10c which the Covenant received for 21,000 pounds and the low 11c and 15c paid the Cape Rac for 3,600 pounds. For American fish the best price of the week was 15c and 10c which the Balder was paid for 16,000 pounds and the low 11.5c and 10c which the Emma, Fanny B. and New Washington received for catches of 12,500, 5,500 and 45,000 pounds respectively.

Union steamer Cardena, Capt. John Boden, getting back on to scheduled time again through having been relieved of some waypoint calls which have been delaying her of lat, arrived in port at 7:45 last night from the south, sailing at 10:30 p.m. on her return to Vancouver and waypoints.

majority of citizens a realization of what a raid might mean and of the value of air raid precautions. An increased interest in the local organization has already been noted.

For the workers themselves the practice gave the best test to date. Much depended on the imagination with which the various "incidents" were treated and, while some fell short of what was hoped for, many others more than fulfilled the highest hopes of the committee.
