## RAIN SLOWS UP BATTLE OF MALAYA

Only Johore Still in British Control—Singapore Air Raids Heavier—Burma Reinforcements.

SINGAPORE, Jan. 15.—With British jungle fighters in a new withdrawal still apparently manoeuvring to defend a narrow front ninety miles north of Singapore as engineers blow up communications to impede the Japanese advance, heavy rains are tending to slow up hostilities in Malay Peninsula down the length of which the Japanese have now advanced two-thirds the distance to Singapore since the war began. Of the nine Malay states, only Johore state still remains in effective British control, and Tokyo claimed today that even it had already been entered.

Enemy bombing of Singapore is becoming heavier. Yesterday fifty Japanese planes came over and their bombs caused 55 casualties, the highest yet. One and possibly five planes were brought down by anti-aircraft fire and British and Dutch fighter planes. People of Singapore realized today that the enemy were closer to them than they thought when postal authorities announced that it was useless to send mail to many parts of the Malay States which had fallen into Japanese hands.

Johore, the last Malay State remaining under British control, is separated by a comparatively narrow channel from Singapore. News that fresh air and land reinforcements have reached Burma gave hope that a strong counter-offensive might be based from there against the Japanese in Thailand and occupied Malaya and thus relieve the pressure in the direction of Singapore. Canadians are among the reinforcements which have been landed in Burma.

There was a two-hour attack by Japanese bombing planes on Rangoon, the capital of Burma, yesterday, but little damage was done.

British, United States and Netherlands bombers are becoming active against the enemy all the way from Borneo to the Philippines.

### On Philippines

On the Philippines General Douglas MacArthur's forces, still resisting valiantly against overwhelming odds, threw back another heavy attack by the Japanese yesterday, inflicting severe casualties on the enemy, but were forced to fall back themselves today.

The commander of the Japanese occupying forces in Manila yesterday announced that anyone injuring or attempting to injure Japanese soldiers or civilians would be shot to death and, if the guilty persons were not found, ten persons would be held subject to execution for each Japanese injured. Severe penalties for espionage and sabotage are also decreed. This is taken to indicate that the Philippines are keeping up a strong fifth column activity against the occupying Japanese forces.

## KISS YOUR TIRED FEELING GOODBYE!

Peppless Many Suffer Low Blood Count—And Don't Know It.  
The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, drowsy, tired and peevish.  
Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you **stirring power**.  
Get Dr. Williams' Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.

## SETTING UP A.R.P. HERE

General Plan of Organization Perfected But Many Volunteers Are Still Needed

With general organization set-up perfected and considerable equipment of various kinds already here, the local civilian protection committee (A. R. P.) is still seeking further workers such as patrol and fire wardens and first aiders to round out the personnel. The objective which it is hoped to achieve as soon as possible, so as to be in a position to deal effectively with any emergencies which might arise at any time, is to have the whole city adequately covered with an adequate staff of workers for the various duties which would have to be carried out in the case of air raids or other form of attack from within or without. More volunteers are being sought and, in view of the threatening situation now existing, it is believed there should be a real response.  
For the purposes of A. R. P. the city has been divided into eight divisions with stations at Westview School, General Office of Canadian National Railways, City Hall, Provincial Government Building, Booth School, Dry Dock, Seal Cove School and Canadian Fish & Cold Storage Co. plant.  
J. J. Little is chief protection officer for Prince Rupert and H. T. Lock as assistant chief protection officer. Liaison officers representing navy, military and air force complete the general staff. Assistant wardens in charge of districts are J. L. McIntosh, J. A. Teng, G. T. German, H. A. Breen, G. P. Tinker, T. J. Boulter, Wilfrid McLean and J. E. Boddie.  
Section leaders are:  
Fire Wardens, H. T. Lock.  
Police, Inspector Ernest Gammon.  
Schools, J. S. Wilson.  
Health, Arnold Flaten and Angus Macdonald.  
Transportation, S. E. Parker.  
Engineering, F. N. Good.  
Alarms, H. T. Lock.  
Communication, Samuel Massey assisted by Boy Scouts and Sea Cadets.  
Sewers and Water, F. N. Good.  
Blackout, T. B. Black.  
Demolition, H. C. Long.  
Decontamination, Dr. Neal Carter.  
First aid Captains are G. E. Phillipson, Frank Derry, T. Graham, Thorndyke Graham, E. V. Whiting and Angus Macdonald.  
Various A. R. P. groups have been having meetings this week to get district organization perfected, receive steel helmets and other equipment, assign workers to posts and prepare generally to report at another general meeting to be held tomorrow night.  
A start has been made on distribution of A. R. P. instruction cards and maps to every residence in the city with the request that these be carefully studied by all.

## Local Man's Brother Is Given Post

The Winnipeg Free Press of January 8, 1942 carries the announcement of the appointment of W. Elliott Wilson, Winnipeg lawyer, as chief executive officer of the regional war labor board of Manitoba. The announcement was made by Hon. S. J. Farmer, minister of labor, who is chairman of the board.  
The appointment will be of interest to the citizens of Prince Rupert inasmuch as Mr. Wilson is a brother of J. S. Wilson, principal of Borden Street School. He served with the Canadian forces in the last war. He is a native of County Antrim, Ireland, and a graduate of Manitoba University.  
Mr. Wilson was chosen for the office by the board which, in addition to Mr. Farmer, consists of two representatives of the employees and two representatives of the employers of the province. The appointment has been confirmed by the Dominion government. The new executive officer left for Ottawa where a conference had been arranged between Hon. Humphrey Mitchell, Dominion Minister of Labor, and the regional war labor boards of the nine provinces.

## Junior Women's Annual Meeting

The members of St. Peter's Church, Seal Cove Women's Auxiliary, held their first annual meeting in the Parish Hall last evening. They entertained to dinner as their guests Canon W. P. Rushbrook, representing the church, Mrs. Adcock, representing the Senior Women's Auxiliary, Miss May Skinner, representing the Little Helpers, and Mrs. Henderson, the church Boys' League. The president, Miss Dorothy Smith, welcomed the visitors and read here report. Reports were also read by the secretary, Miss Betty Scott, the treasurer, Miss Kay Toombs, and the Dorcas secretary, Miss Akiko Tanaka.  
In addition to their church activities, this branch has made, since it was formed, 233 articles for the local branch of the Red Cross.  
After the reading of the reports, Canon Rushbrook, in his usual kindly way, gave the new branch words of encouragement, urging the members to remember that the work they were doing was not only for the present but the building up of church workers for the future when those who were now doing the work have laid it down and passed on the torch to them.  
After the meeting, games were played under the direction of Miss Skinner, bringing a successful and happy evening to a close.

## ANDY HARDY HERE AGAIN

Finds That Life Is Something More Than Class Dances and Football Games.

"Life Begins for Andy," another of the popular series of Hardy family pictures, comes to the screen of the Capitol Theatre here this week-end. It shows Andy facing life on his own away from the family ties and the protective influence of home. The result is a sobered young man who at last realizes that life constitutes something more than class dances and football games.  
The plot in brief deals with the problem facing the Hardys after Andy graduates from high school—whether he should go on to college to study law or go out on his own. His parents leave entirely up to him and he decides to leave home for a month and work in New York. What happens in the city can best be explained by the fact that Andy, after his month has elapsed, chooses a college career.  
Once again the entire family is gathered in the judge's home as the setting for the drama. Lewis Stone, as Judge Hardy, has new and intricate problems to face. Mickey Rooney, as Andy, once again has plenty of opportunity for acting ability. Judy Garland appears with the family as guest star. Fay Holden is again the understanding mother, Sara Haden the sympathetic aunt and Ann Rutherford, Polly Benedict.
