British Plan For India Unacceptable

NAZI HORDE FOR RUSSIA

Over Four Million Soldiers Being Massed For Drive Through Southern Russia Into Caucasus

COUNTER-ATTACK FAILS
MOSCOW, April 1:—German counter-attacks which cost the Nazis 2400 men in a desperate attempt to regain lost ground were announced today by the Russians who said they had forced the Germans back and re-took three towns. Tass News Agency said the Germans sacrificed 45,000 men, including units reserved for spring offensive, in vain efforts to capture the Black Sea base of Sebastopol.

BERNE, Switzerland, April 1:—Chancellor Adolf Hitler is moving one hundred Nazi divisions into Russia for his great spring offensive which, it is believed, has the ultimate objective of driving into the Caucasus oil fields through Crimea and the southern front. The new offensive will, it is thought, hinge on Orel and extend to Sebastopol.

There are already 2,700,000 German forces in Russia and the one hundred more divisions will increase the number to 4,200,000. Bulgaria, it is estimated, will provide 200,000 soldiers for Hitler, Romania, 250,000 and Hungary, 500,000.

The Russians are still holding the initiative in the fighting with the Reds continuing to push forward in the Leningrad, Smolensk, Kharkov, Vyasma and other sectors.

Special Easter Message Service

Military Services Are Particularly Interested In Greetings By Wire

WINNIPEG, April 1:—The Canadian Telegraph Companies are again making available to the public the flat rate numbered text messages featuring Easter greetings for exchange between all telegraph offices throughout Canada and the United States. The popularity of such messages is evidenced by the tremendous increase in the volume of these telegrams each year and this season telegraph officials expect a very decided increase in the number of these greeting messages. This is due largely to the fact that so many of our men and women who are now located in military camps away from home will desire to send greetings home while their relatives and friends, likewise, will desire to send greetings to them at the camps during the Easter period.

The popular expeditionary force message service is, of course, available for greeting telegrams to the boys overseas but, because of present conditions, it is desirable for those who wish to send greetings overseas to send them early to ensure delivery on time.

POLICE COURT FINES

City police court fines for the month of March this year totalled \$720. This represents the amount of fines actually paid in.

Edmonton Rate For Year Is Set

The Edmonton city council has set the tax rate for the year at 51½ mills, the same as during the past two years. Ald. Douglas alone opposed the 51½ mill rate, holding out for a ten percent cut in estimates and a rate of fifty mills.

Selective Service Is In Effect

OTTAWA, April 1:—The government's new selective service program will be in operation within the next few days with unemployment insurance officials acting as temporary selective service officers, Elliott M. Little, director of National Selective Service, said today.

LEAFS AND RED WINGS IN FINALS

To Play for Stanley Cup, Starting Deciding Series Tomorrow Night

TORONTO, April 1:—Toronto Maple Leafs and New York Rangers will meet in the finals of the Stanley Cup, emblematic of world's professional hockey championship.

The Maple Leafs defeated New York Rangers 3 to 2 at Toronto last night. It took them six games to win the required four victories.

At Detroit the Red Wings won 3 to 1 to eliminate Boston Bruins. The finals—best four out of seven games—will commence on Thursday night.

PRESIDENT OF NORWAY

Carl J. Hambro, Head of Storting, to Be Here on May 17 Or Soon Thereafter.

Carl J. Hambro, president of the Storting, Norwegian Parliament, will arrive in Prince Rupert on May 17, Norwegian Independence Day, or immediately thereafter, according to word received here. He will spend two or three days here and a number of engagements are already being planned in connection with his visit.

J. H. Schofield, chief architect for the Canadian National Railways, is paying his second visit to Prince Rupert within a month. He flew out from Montreal and arrived on the Prince Rupert this morning from Vancouver.

WIELDS MACHINE GUN TO WIN D.S.M.

Winner of the coveted Distinguished Service Medal, Signalman Hugh E. Tobin of the volunteer navy was commended for his steadiness as a member of the boarding party from the corvette Chamby which destroyed U-boat 501 and captured its crew. Signalman Tobin, shown here with a signal lamp, held the German crew at bay with a machine gun while it was being captured.

AUSSIES HIT HARD

R.A.A.F. Smashes Enemy on 21st Birthday—American Flying Fortresses Help.

MELBOURNE, April 1:—United States and Australian fliers hammered again today at Salamaua, New Guinea. Direct hits were scored on the airfield runway in what was described as a strong attack. All planes returned safely through a tropical storm.

MELBOURNE, April 1:—The Royal Australian Air Force, celebrating the twenty-first anniversary of its founding, subjected New Guinea and Timor to heavy attack yesterday. Several enemy planes were destroyed and base installations were wrecked.

The Australian planes have been given effective support by American flying fortresses. Dogfights at high altitude have been disastrous to the Japanese.

The Japanese staged two more air raids on Port Darwin yesterday and one on Port Moresby, but damage and casualties were quite inconsequential.

'TIS SILENT SERVICE

PETERSFIELD, Eng., April 1:—The school boy in this Hampshire village didn't win the prize in warship week for the best story, not exceeding 750 words, on "What the Navy is doing to win the war," but judges admitted his submission was to the point. His essay, eight words, said: "What the Navy is doing is a secret."

Building Permits Here Last Month

Principal Item \$3500 Residential Property on Fifth Avenue for John Gurvich.

Building permits in Prince Rupert for the month of March numbered ten and represented a total value of \$8500. The principal item is a \$3500 residential structure on Fifth Avenue West near Borden Street for John Gurvich.

CLOSE TO SHOWDOWN

Matter of Days Should See Issue Decided In That Far East Country

TOUNGOO ABANDONED WITH THE CHINESE ARMY ON THE TOUNGOO FRONT, April 1:—Toungoo was abandoned today by the fierce fighting remnant of the Chinese garrison which held out there through five days of terrific air and ground assault and then battered their way over fields of Japanese dead to rejoin troops led to their relief. They crossed the Sittang River under almost point-blank fire, cutting a bloody swathe through the invaders' lines and scattered to wooded hills northeast of the town.

MANDALAY, April 1:—With the Japanese continuing to pound hard at both ends of the line protecting the Irrawaddy oil fields, a large proportion of the native population of Burma appears to have gone over to the Japanese side.

A London source said that the Battle of Burma depended on air superiority, which the British did not have. The issue there would be settled not in a matter of weeks and months but in days. The British, owing to lack of air support, are falling back in the Prom area although the Chinese are said to have slightly improved their position around Toungoo.

Customs and Excise Here Is Away Up

Customs and excise revenue at Prince Rupert for the fiscal year 1941-42 ending March 31 totalled \$620,531.75, being an increase of \$378,303.51 over the fiscal year immediately preceding. J. H. McLeod, collector of customs, announced this morning. The increase for the port of Prince Rupert alone was \$337,570.35. Customs and excise revenue for the month of March this year amounted to \$57,323.70.

CANS ARE GOING OFF

Severe Restrictions In Food Thus Packed Will Soon Be Felt Here

The effects of severe restrictions being imposed on canned goods due to the tin situation will soon be fully felt in Prince Rupert. The principle henceforth will be that any product which it is possible to handle in containers other than tin will not get into cans. Small tins will be dropped altogether with 20 ounces the smallest tin containers henceforth.

Pineapple will soon be disappearing, the only supplies available now being those in the hands of the retailers.

Canned salmon is becoming increasingly hard to obtain. The tea situation is uncertain. Supplies are now being rapidly used up.

The price of eggs is low at present and they are quite plentiful. With abundant supplies on hand, oranges have taken a slight drop in price. The quality is very good. Banana supplies are very irregular and prices are quite firm.

Apples are now down to two varieties. Yellow Newtons have been cleaned up except for such supplies as are in the hands of the retailers.

Potatoes are still being brought in from Ashcroft and Edmonton and the prices are consequently, quite high.

Wartime Prices and Trade Board Office Opening

VANCOUVER, April 1:—A sub-regional office of the Wartime Prices and Trade Board will be opened shortly at Prince Rupert in charge of J. W. Scrivener, it is announced at the local office of the board.

BULLETINS

R.A.F. RESUMES ATTACKS AT A SOUTHEAST COAST ENGLISH TOWN—The Royal Air Force resumed attacks on Nazi bases in northern France today. Bombers, with fighter escorts, were seen winging their way towards Calais. One or two German planes were over the southeast coast of England last night but no damage was done.

ANOTHER LAUNCHING AT A BRITISH COLUMBIA PORT—The launching of another 10,000-ton freighter, the Fort McLachlan, took place yesterday.

SIKORSKY IN CANADA
OTTAWA—General Sikorsky, Premier of Poland, arrived in Ottawa yesterday. He was met by Prime Minister William Lyon Mackenzie King.

SUPPORT PLEBISCITE
OTTAWA—Rt. Hon. Arthur Meighen calls on all Canadians to vote "yes" in the forthcoming Canadian manpower plebiscite. "It is a disgraceful thing," Mr. Meighen said in regard to the plebiscite, "but we have to consider the consequences of a 'yes' or 'no' vote. A 'no' vote would be disastrous from every standpoint."

PENSIONS HIGHER
VICTORIA—Old age pensioners after April 1 will find an extra \$5 on their monthly checks. An old age pensions commissioner will be appointed within the next few weeks.

PRESSURE ON PETAIN
VICHY—Chancellor Adolf Hitler is increasing the pressure on Marshal Henri Philippe Petain for all-out collaboration by Vichy France with the Axis.

SIXTY-THREE YEARS OLD
VICTORIA—Premier John Hart celebrated his sixty-third birthday yesterday.

INCREASE CONVOY STRENGTH
LONDON—The strength of the British navy convoy to Russia has been increased.

ARMY IN SIBERIA
MOSCOW—Russia is restoring the strength of the army in Siberia to almost one million men, well equipped. The Soviet is "watching Japan carefully."

TAKE IT SERIOUSLY

BRISBANE, Australia, April 1:—Rejected when he offered to enlist for military service, a milkman went home and hanged himself. Another rejected jumped from a tram and was seriously injured.

Incorporation of the Civic Centre Association of Prince Rupert under the Societies Act and the Massett Co-operative Association of Massett under the Co-operative Associations Act is announced in the current issue of the British Columbia Gazette.

SCHEME REJECTED

British Proposals To India For Independence Fail To Find Favor

THUMBS DOWN
NEW DELHI, April 1:—India's leaders are expected to turn thumbs down today on Great Britain's all or nothing offer of Dominion status after the war, primarily because of the requirements that Indian wartime defences be left in British hands.

NEW DELHI, April 1:—There appears to be increasing reason to believe today that Britain's offer of independence to India will be rejected. The betting in London is two to one that Indian leaders will turn it down.

The working committee of the All India Congress today gave a memorandum to the special British envoy, Sir Stafford Cripps, stating that the proposals contained in the British plan are not acceptable. Objection is because Britain insists on directing defence of India in the war.

Mahatma Gandhi came out against the British plan, declaring that it was "unworthy of Britain and unworthy of acceptance by India."

The Sikhs are rejecting the British plan because it would put them in a minority in Punjab.

DEATH FOR TWO WOMEN

Extreme Penalty Imposed in Germany for Hoarding.

BERNE, April 1:—Two women—nurses in a children's home—have been sentenced to death in Germany for hoarding sugar, candy and soap. It is the first time that extreme penalties have been imposed for hoarding.

TO EXPAND COAL MINE

Aveling Property At Telkwa To Produce Fuel For Reopening Anyox Plant

Major George Yardley and A. C. Brand arrived in the city on the Prince Rupert this morning from Vancouver and will proceed by the evening train to Telkwa to pay a visit to the Aveling coal mine. They will return to Vancouver via the interior.

The object of the trip north is to make an inspection of the well known coal property, the output of which is to be materially increased in order to supply fuel for the new iron and steel plant which Ventures Limited is to install at Anyox. This will involve a good deal of expansionary work including, among other things, the putting in of a new railway spur.

Mr. Brand, well known in Prince Rupert from the very early days, having been for years identified with the Royal Bank of Canada, is planning to enlist in the anti-aircraft service following his return to Vancouver after this trip.

With a heavy list of passengers and large freight cargo, C.N.R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 10:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at 11 o'clock tonight for Ketchikan whence she will return here tomorrow night southbound.

C.P.R. steamer Princess Norah, Capt. William Palmer, is due in port at 8 o'clock tomorrow morning from Vancouver and is expected to sail an hour or so later in continuation of her regular voyage to Alaska points.

Red Cross Drive . . .

Preparations are already being made for the national Red Cross campaign to be held in May. W. R. McAfee has been appointed campaign chairman with S. E. Parker as district chairman, the duties of the latter to be more especially as a contact between the national and local organization in connection with the campaign.

The Red Cross drive is still a couple of months off but we would urge the citizens to keep it in mind and prepare to contribute as generously as possible when the time comes.

It is not necessary for us to dwell on the important functions the Red Cross plays throughout the world particularly in time of war.

Probably, also, the most of Prince Rupert people are aware of what the Red Cross is already preparing to do to help Prince Rupert should disaster arise here.

Prince Rupert has every reason to respond in a big way to the Red Cross campaign.

War Jitters . . .

The Vancouver Province may be right in declaring that alarmist propaganda has gone much too far in that area and that an unhealthy state of mind is being created as a result of imagination running riot in creating sanguinary fears and doubts over the local situation in regard to the war. Of course, Vancouver is in a different position than Prince Rupert and what applies there might not apply altogether here. It would appear from a realistic standpoint that Prince Rupert is more exposed to attack than Vancouver and, if it is not now, may be before long an even more desirable target for the enemy. That it is possible for the enemy to come here, if he has a mind to, is, of course, obvious.

"No one would wish to lull the people of this coast into a false sense of security," says the Province. "No one would wish to impair in any degree their efforts to protect themselves or their property against possible dangers. But let's look the facts in the face. What can happen here?"

As for nuisance raids, they are possible by plane, surface ship or submarine, goes on the Vancouver paper which, however, believes they are not probable.

Invasion by force the Province considers a remote possibility. It would be folly to neglect air raid precautions, says the Province. They should be strengthened in every possible way but "let's not talk as if bombs were falling with the next shower of rain."

"The trouble with all this hullabaloo is not merely that it tends to frighten people, especially women and children. It is that it tends to take our minds and our energies off our real war effort. Let us keep those things in mind and, in regard to our minor perils here, let us keep our heads."

Letter Box

DOING OUR PART

Editor Daily News:

With further reference to the letters of Dr. and Mrs. J. T. Mandy and of others regarding liquor consumption in Prince Rupert, the operation of beer parlors and the effect of these on the morale of our fighting forces, we come to the burning question of recreational facilities.

As we have no civic centre and nothing apparently is being done to further the project, it remains for us, the women of Prince Rupert, to do what we can for the soldier, sailor and airman in his brief hours of leisure.

So far, we are not doing our part. It is not enough to head committees, to send bundles to Britain, to work for the Red Cross.

These occupations, laudable though they be, do not immediately affect our fighting men, who, far from their homes, in many cases have enlisted to give their lives, if necessary, to protect our lives and our homes and all we and they hold dear.

No! These things we do are not enough. We must do as they do in Britain—open our homes to them in their hours of leisure. There are many citizens in Prince Rupert with large and spacious homes and vacant rooms who do not appear to realize what it means to the boys to have a little home-life once in a while which they have almost all been used to in the past.

The objection in many cases seems to be that the boys repay their hosts by coming in the worse for liquor but there are very few who do that. The small number who really go on sprees do not care to go to a private house and for every one who is inclined to be rowdy there are many who are decent, well-mannered and quiet and most appreciative of any kindness.

What good, after all, is a large and beautifully furnished home in these days of wrath and terror when it may be wiped out at any moment, without ever having given shelter to some of these potential heroes who may be called upon at any moment to give their all?

As the mother of two enlisted men now in England I feel very strongly on this matter. The boys write me of the many kindnesses they have received from people who were perfect strangers and who seemed to think nothing of entertaining the Canadians at their homes when, as everyone knows, rationing is most strict over there. Mansions are thrown open to the men of the forces, with the chatelaine (in many cases a peeress) doing the actual serving and waiting along with a staff consisting of her friends. They have set aside all prejudices for the duration and shall we in this country do less?

In conclusion, let me quote from Col. J. L. Ralston, the minister of defence, in the House at Ottawa, when referring to the risk the man in the forces took which could not be measured "I sometimes get a little irritated," said the minister "when people talk about a man doing 'valuable war service. I say there is no service that compares with the service of a man who enlists and risks his life." "Absolutely" was the reply given, "you cannot measure that in dollars and cents."

Are we trying to be appreciative of this service.

NEW CO-OP IS FORMED

Bulkley Valley Co-operative Association to Improve Marketing.

TELKWA, April 1:—On Saturday last the settlers in the Telkwa district wrote a new chapter in the book of consumer co-operation which is being written in Prince Rupert's hinterland. With consumer co-operatives already operating successfully at Port Fraser and the lakes district, the people of Telkwa and Quick set up the Bulkley Valley Co-operative Association at a meeting which filled the Telkwa Hall to capacity. The new association will operate a store at Telkwa and will act as a central selling agency for the sale of farm produce offered for disposal by farmers throughout the Bulkley Valley.

It is the intention of the new association to adhere to a policy of grading all produce sold and it is hoped that such a policy will lead to a large increase in the demand for Bulkley Valley products on the Prince Rupert market. In the past when each farmer was his own marketing agency proper grading was not possible and the result that Bulkley Valley products have not the favorable reputation in Prince Rupert which is necessary to secure a fair share of the available market.

The incorporation of the Bulkley Valley Co-operative Association is a determined effort on the part of Bulkley Valley settlers to remedy this situation. The setting up of the new association very definitely puts Telkwa on the map as one of the main centres of co-operative activities in British Columbia.

Eight years ago Bulkley Valley farmers, disgusted with the haphazard way in which their main product, timothy seed, was being marketed, formed the Bulkley Valley Seed Growers Association. From a small, precarious beginning that organization has developed into one of the foremost producers' co-operatives in the west. The Telkwa seed plant is something the people are proud of.

The success of this previous effort in co-operation is believed to promise well for the success of this new organization. The executive consists of J. Clotworthy, T. Brandon, G. Widen, H. Fause and G. Barger. At present this executive is busily engaged in drafting by-laws, etc., and a general membership meeting to discuss these will be convened in the near future.

LOGISTICS Strategy is the planning of warfare. Tactics is the execution of those plans. Logistics, the third branch of military science, is the supplying of everything necessary to strategy and tactics—in the right amount, at the right place, at the right time. Now, in total war, we must apply the science of Logistics to all of our activities as a nation—civilian as well as military. WE-ALL are part of the Victory Program. Our supply lines are literally life lines of the United Nations. Manpower and munition-power are the controlling factors. Today, Logistics dictates strategy—determines tactics. The governments of the United Nations have appropriated billions of dollars but they cannot appropriate one single second of time. Time favors those who appreciate it as the priceless commodity it now is. In war, when we save time we save lives—and we make our individual contribution to Victory. REPORT ON RED CROSS

Terrace Delegate Tells of Attending Recent Convention

TERRACE, April 1.—A general meeting of the Terrace Red Cross was held in the Blue Room of the Terrace Hotel last Tuesday night at which Mrs. Will Robinson gave a report of the convention recently held in Vancouver.

The commissioner, F. W. Tuffrey, said that steady progress had been made in all divisional services and branches and that every request from military, naval and air force units and hospitals in this province had been met.

Dr. D. A. Lamont gave a very interesting account of the Blood Donor Clinic work. A total of 1208 donations have been received and shipped to date and, as soon as additional technical equipment was available, it is expected to step this service up to 200 per week.

The Red Cross, through the food conservation committee, shipped to Britain for the victims of bombing raids, approximately 52 tons of jam, fruits processed in syrup and honey, more than seven times as much as was shipped in 1940, the first year of the food conservation project. The estimated cost of all canned goods received in the warehouse is about \$14,000.

The Junior Red Cross had practically doubled its membership at the close of the 1941 school year. In 1941 the Juniors of British Columbia raised and sent in \$3,646 for the Junior's Red Cross Crippled Children's Fund. In addition to this the Juniors also raised a total of \$10,468.

During the year the Red Cross have continued to operate hospitals at Bamfield, Cecil Lake, Zeballos and McBride and a nursing service at Pemberton. The Zeballos Hospital, which was constructed and opened by the division in 1938, was taken over by the community at the beginning of this year, it being felt that the community was now sufficiently large to take over the operation of its own hospital.

The Provincial President, G. C. Derby, wished to express very sincere appreciation to the press and the radio for their splendid assistance during the year. The newspapers of British Columbia have donated space to the value of approximately \$50,583. In addition to this the papers had spent hundreds of dollars on illustrations.

The prisoner-of-war parcels are being sent overseas at the rate of 40,000 per week. Recent events would point to the rapid extension of this particular service, and it is felt that the people of Canada, through the National Red Cross, will shoulder the additional burden that will fall upon the Red Cross Societies of the Empire.

Honors For Mr. Derry

Presentations Made Yesterday Afternoon At Booth Memorial School By Teachers And Pupils

The teachers and the students' council of Booth Memorial High School met in the dining room of the school yesterday afternoon to say farewell to W. H. Derry who, after about twenty years' service in the schools, is retiring on superannuation.

The principal, W. W. C. O'Neill, on behalf of the teachers and Students' Council, on behalf of the many kindly services which he always willingly rendered and then presented him with a suitably engraved Ronson lighter.

Refreshments were served in charge of Miss Young and Miss McDiarmid with junior students serving.

LET Reddy Kilowatt SOLVE YOUR COOKING PROBLEMS

There is really no cooking problem when you use electricity. You simply snap the switch and Reddy Kilowatt is on the job instantly with exactly the amount of heat you require. Electric cooking saves food too, because meats shrink less and retain more of their natural juices when cooked with steady, even electric heat—the flameless way.

REDDY SAYS:
"Cook your Easter ham electrically, to be sure of the full, rich flavour that will make the family's mouth water."
