DEMANDS OF MINERS ARE STILL SAME

Six Day Week Ordered by Secretary of Interior Ickes in Collieries

NEW YORK, May 4 (AP)—John L. Lewis, president of the United Mine Workers of America, declared yesterday that the United Mine Workers' demands on the federal government in the miners' wage dispute will be the same as the original ones made upon the operators. Lewis said he was awaiting the initiative from Secretary of the Interior Harold L. Ickes.

Principal issues in both the bituminous and anthracite controversies are for \$2 per day wage increase, underground travel pay and unionization of minor bosses. Secretary of the Interior Ickes today ordered a six-day week in the coal mines thus assuring a minimum wage of \$45.50 per week as compared with the former basic \$35 for a five-day week.

The mines are practically back in full operation again today at the order of Lewis.

ALL FRONT NOW AFIRE

Action Flaring All the Way From Caucasus to Leningrad in Russo-German War

LONDON, May 4 (AP)—Action flares all along the vast front from the Caucasus to Leningrad with a total of 1,280 Nazi troops killed in land attacks and by artillery actions since yesterday.

The Russians shot down 54 German planes Sunday and Monday over the Caucasus against a loss of 21 Soviet planes.

Continuing their advance in the Kugan area, the Russians have occupied a town 26 miles north-east of Novorossisk.

Gunfire Damages Windows in City

Matter Brought Before Council Last Night and Referred to Co-ordinating Committee

There was a letter at last night's council meeting from Hugh Killin, Eighth Avenue East, in regard to damage done to windows in his home by practice gunfire. It was also mentioned that windows in King Edward School had been likewise broken. The matter was referred to the co-ordinating committee.

ADVANCE IN FULL SWING

Allies Moving Ahead Again in Tunisian Campaign

ALLIED HEADQUARTERS IN NORTH AFRICA, May 4 — The Allied advance in Tunisia is in full swing again.

The Americans are now bombarding an important town half way between captured Mateur and Bizerte.

Another attack has been made by the Eighth Army on a strong Axis position north of Tacruna.

Heavy air attacks on Bizerte and Tunis as well as smaller embarkation points along the coast from which the Axis forces might endeavour to evacuate.

Was Pounded Again by United States Bombers on Saturday

WASHINGTON, D.C., May 4 — The Department of the Navy announces that the Japanese base on Kiska Island in the Aleutians was hit no less than 13 times by United States bombers on Saturday. Holes were torn in the air field which the Japanese are establishing there.

AID CASE PURSUED

Local City Council Decides to Enlist Support of Federation of Mayors and Municipalities

The local city council last night decided to enlist the support of the Canadian Federation of Mayors and Municipalities in a move to obtaining special financial assistance for municipalities which have been saddled with heavy additional burdens and responsibilities on account of the development and expansion of the war effort. The council decided to affiliate with this association and passed the following resolution for submission to it:

"Whereas certain municipalities service and civilian personnel have experienced a large influx of service and civilian personnel entirely attributable to the war effort of the Dominion of Canada, and whereas this has resulted in added financial burdens to the municipalities affected, due to increased cost of maintenance for existing streets and public utilities, due to overloading, added expense for additions to existing utilities which would otherwise have been capable of caring for normal civilian needs and normal increases in population, loss of revenue from taxation, both land and local improvement, due to properties being added and the United States at least to the armed forces of Canada, and whereas the increased revenue to the said municipalities is restricted to higher income from public utilities and from poll tax collections and does not nearly offset the increased expenditures thus incurred;

"And whereas the net increased cost so incurred must otherwise be borne by the property owners in the municipalities so affected, therefore be it resolved that the Canadian Federation of Mayors and Municipalities petition the Dominion government to institute surveys of the financial effect of the dominion's war effort on such municipalities with a view to advancing financial assistance in such cases as it is deemed equitable and necessary."

A communication from the Canadian Chamber of Commerce opposing continuation of the system of duplication of succession duties by both federal and provincial governments and urging that further representations on the matter be made to the government was received at last night's meeting of the Prince Rupert Chamber of Commerce and was referred to the finance committee.

BOEING STRIKE OVER VANCOUVER—Four Vancouver plants of the Boeing Aircraft Co. of Canada Ltd. resumed production today, ending a six-day shutdown caused by a dispute over rest periods. There will be no rest periods.

8,000 NAZI DEAD—LONDON—Russian troops have killed 900 more Germans in violent fighting in the Kuban area of the Caucasus, Moscow announced Monday night, bringing the total of Nazi dead within a week in the area to nearly eight thousand.

YANKS ROLLING ON ALLIED HEADQUARTERS IN NORTH AFRICA—United States tanks are rolling on past Mateur towards the vital Axis coast bases of Bizerte and Tunis.

INVASION OF BRITAIN—LONDON—German propaganda reports heard here say that the Nazis have completed plans to invade Britain if they can stabilize the Russian front.

WESTERN ROUTE TO RUSSIA—LONDON—Western Canada ports may be used to ship supplies to Russia, thus avoiding the risk of German submarines on the Atlantic.

FIRE IN HAMILTON—HAMILTON, Ont. — A lumber yard and four houses were destroyed in a \$150,000 fire in the east end of the city.

REICH HARD PRESSED—LONDON—Germany is reported to be so hard-pressed for men that endeavours are being made to force captured Russians to fight. Non-essential stores, small shops and restaurants are being closed.

PUT TEETH IN A.R.P.—VANCOUVER — Local industrial and commercial establishments are to be compelled by law to provide A.R.P. precautions, making arrangements for roof watchers and bomb spotters.

BILLETING IN VANCOUVER—VANCOUVER — Room seekers are already being placed in residential quarters recently listed as having extra rooms. Some persons are moving to choose their tenants before pressure is brought to bear.

FOIL LARGE NAZI PLAN

Importance Attached by Russians To Repulsing of Caucasian Counter-attacks

LONDON, May 4 (AP)—The Russians, in announcing Sunday night that Soviet troops had killed seven thousand Germans in the Novorossisk sector of the Caucasus as a six-day series of German counter-attacks was repulsed, said that this had been a large scale Nazi effort to capture important Caucasian positions around Novorossisk, last major Nazi foothold in the Caucasus. Twenty-five Nazi tanks and armored cars were knocked out.

Provincial Minister Backs Up City's Claim for Special Assistance From Ottawa

Hon. A. Wells Gray, provincial minister of municipal affairs, is among those who is supporting the appeal of Prince Rupert for financial assistance to maintain streets and utilities here in view of the heavy demands being made upon them through use in connection with the war effort.

Mr. Gray recently addressed the following communication to Olof Hanson M. P.:

"My supervisor of municipalities has returned from a ten-day trip to Prince Rupert. His report to me is that the roads are in terrible condition owing to heavy traffic by Canadian and United States army trucks. I believe these governments should do something to repair this damage. You are aware that the city and provincial governments reserved land free to both governments for defence work and it is impossible for the city of Prince Rupert financially to repair the damage. It is unfair also to the new council to have this condition as it will notwithstanding have to increase taxes to meet refunding obligations. Will you see what you can do to bring this matter before the proper ministers."

EDMONTON PURCHASES

New Office of Canadian National Railways Established

MONTREAL, May 4—The establishment by the Canadian National Railways of a purchasing office at Edmonton was announced here today by D. McK. Ford, vice-president in charge of purchases and stores. Mr. Ford also announced that E. A. Marples has been appointed purchasing agent in charge of this office. The appointment takes effect immediately.

Mr. Marples was formerly commissary agent for the company at Edmonton. He will report to T. P. Harris, purchasing agent, Winnipeg, who is in charge of departmental activities for the western region.

"The extremely heavy increase in purchases necessary for the wartime operation of the national system has necessitated enlarging the scope of the purchasing department in the west," Mr. Ford said in making the announcement.

"Within the Alberta area our purchases last year amounted to a total of over \$5,000,000 of which approximately \$4,000,000 was for coal and \$1,000,000 for lumber, ties and general materials. The opening of a general purchasing office in Edmonton will greatly facilitate the work of the department in the western region, particularly in Edmonton, which is one of the most important western centres of the Canadian National."

Mr. Marples entered the service of the railway in June 1920 as clerk in the hotel department at Winnipeg. He joined the commissary department in 1924 and was transferred to Edmonton in 1927. He became commissary agent at Edmonton under the purchasing department in 1930."

Two Men Fined Failed to Turn Up for Parades;

R. Williamson and H. Gascoyne, members of the local reserve unit, having pleaded guilty, were each fined \$10 by Magistrate W. D. Vance in city police court on charges of neglecting to attend parades without lawful excuse. The charges were laid under the Militia Act.

Naval Battle Off Aleutians

WASHINGTON, D.C., May 4 —It was just revealed by the Navy Department today that three Japanese cruisers were damaged in a 3-and-a-half hour battle west of the Aleutian Islands on March 26. The American units were much lighter than those of the enemy.

GOV'T AID IS SOUGHT

Chamber of Commerce Still Pressing Upon Ottawa to Assume Responsibility for Local Conditions

Little progress has evidently been made in the efforts to have the federal government assume a larger measure of responsibility for local waterworks and streets as a result of the heavy strain which is being placed upon them by federal undertakings. This appeared evident at the meeting of the Prince Rupert Chamber of Commerce last night. There were letters on the subject from Hon. J. L. Ralston, minister of national defence, and Hon. Ian MacKenzie, minister of health. The president, R. M. Winslow, also mentioned having discussed the matter at Ottawa with Olof Hanson, M. P. for Skeena.

Major General J. C. Murchie, it was reported had been here on instruction of the minister of national defence to look in to the situation but his only authority was to obtain information upon which to report to the government.

The consensus of opinion of the meeting last night, as expressed by the president, was that the federal government should acknowledge and assume a larger measure of responsibility. After discussion it was decided to leave the matter in the hands of the committee of the Chamber with the suggestion that it co-operate fully with the city council's co-ordinating committee.

A letter from D. F. Johnston, local administrator of Wartime Housing, expressed the opinion that it was not fair to expect 1700 taxpayers to take on full responsibility for the repair and maintenance of the water system and roads under existing circumstances without substantial assistance.

Further bearing on the subject was a comprehensive report from a local advisory committee which had sent a resolution to Joseph Piggott, president of Wartime Housing, recommending that it be impressed on the government the need of augmenting the water supply of Prince Rupert. A situation had arisen owing to the presence of armed forces which the city was neither morally responsible for or in a financial position to meet. The war effort was being impeded through lack of water for houses which had been erected for industrial workers. Booster pumps could only be considered a temporary expedient as the water main was inadequate to carry the necessary water. The chamber expressed its approval of the report of this advisory committee which consisted of J. E. Boddie, T. B. Black, R. M. Burnett and R. Gordon.

City Clerk H. D. Thain will represent this city at a Municipal Officers' conference to be held in Victoria June 7 and 8 with expenses not exceeding \$85 being borne by the city. A recommendation to this effect from the finance committee was adopted by the city council last night.

Vancouver Workers Vote To Return to Jobs; Rest Periods Being Foregone

Negotiations to be Continued With a View to Obtaining "Just Demands"—Ninety Per Cent Favored Going Back

VANCOUVER, May 4 (CP) — Ralph Bell, director-general of aircraft production for Canada, authorized the reopening of Boeing Aircraft plants here when union officials gave assurance that employees will return to work under conditions of the current agreement with the company which does not provide for rest periods during working hours. Union officials announced Monday night that 90 per cent of the employees who voted at a mass meeting yesterday afternoon favored returning to work "on the government's terms for the time being."

The employees had been asked to say whether they favored resuming production while "continuing efforts until just demands are attained." The plants, which closed last Wednesday after workers took an unauthorized ten-minute rest, are humming again.

TO BUILD THEATRE

Only Question of Obtaining Materials Blocking New Project At Prince Rupert

According to Paul Aivazoff, who is spending a few days in the city on business, there are plans for the proceeding with the building of a second theatre in Prince Rupert, similar to the present one, just as soon as it is possible to obtain the construction materials.

Mr. Aivazoff arrived in the city Sunday by train and will be here until Thursday night when he will leave for Vancouver. Last night he was a guest at the regular monthly meeting of the Prince Rupert Chamber of Commerce, of which he is a former member, and was duly welcomed.

It is some years since Mr. Aivazoff was last in Prince Rupert and he is, of course, impressed with the many new changes and developments.

New Post Office Is Nearly Ready

Construction of Building Near Hays Creek Well Under Way And Should be Finished Inside Month

Smith Bros. and Wilson, contractors, now have construction of the new postal station just east of Hays Creek bridge well under way with a crew of 12 or 14 men on the job and it is expected the building will be finished up within the coming month. Mitchell & Currie have the fittings and postal equipment ready for installation once the building is completed.

This information was conveyed to the Prince Rupert Chamber of Commerce at its regular monthly meeting last night by a report of a special committee consisting of W. J. Scott, F. G. Skinner and Alex MacKenzie and in correspondence on the matter from C. F. Dawson, Dominion architect at Victoria; McCarter and Nairn, architects at Vancouver, and the district engineer for the federal department of public works.

The opening up of the new postal station in the east end is expected to considerably relieve congestion which has existed for a considerable time now at the central post office downtown.

SUPPORT OF LOAN GROWING

Nurses' Registry Here Is Planned

Dr. Hall, B. C. Bridge and Dredging Co. Ltd., was guest speaker last evening at the regular monthly meeting of the Prince Rupert Chapter of the British Columbia Registered Nurses' Association. Dr. Hall gave a most interesting and instructive talk on the latest methods of spinal anaesthesia.

Mrs. B. Forbes, vice-president, presided in the absence of the president, Miss Eleanor Graham, during the discussion of routine business. A committee consisting of Mrs. O. L. Murray, convener, Miss Elizabeth McCubbin and Mrs. J. Fikler, was elected to investigate the possibilities of forming a nurses' registry in Prince Rupert, thereby having nurses available for special duty and emergency cases.

LOCALS

Mrs. Stanley Roper returned to the city a few days ago from Vancouver where she attended a provincial conference of the Co-operative Commonwealth Federation party as delegate from the local club.

The annual report of the Canadian National Railways was among various circulars, booklets and such type of correspondence presented at last night's meeting of the Prince Rupert Chamber of Commerce.

Ivor Johansen has purchased from the city lot 14, block 13, section 7, for \$85 cash and J. Oskey has purchased lot 29, block 19, section 5 for \$235 on terms. The sales were reported to the city council last night by the finance committee.

Action of the utilities committee in purchasing a reconditioned engine for the garbage truck was endorsed by the city council last night. Recent purchases of the committee also included six garbage pails, 200 feet of wooden stove pipe, 100 feet of galvanized iron pipe and 100 feet of cast iron pipe.

The rear section of the first storey of the McIntyre Block is to be leased to the United States contractors for \$20, the lease to be on an annual basis with option of renewal, the lessee to do such repairs as may be necessary. A report to this effect from the finance committee was adopted by the city council last night.

of the prevalent habit of pedestrians walking in the streets even where sidewalks were provided. This was a constant worry to drivers of cars. Jay walking and riding of bicycles on the wrong side of the streets were also sources of complaint on the part of motorists.

Sidewalk deficiencies were also mentioned and it was specifically asked that the new sidewalk on the south side of Second Avenue beyond Eighth Street be carried through to junction of First, Second and Third Avenues.

ENGINEER RESIGNS

F. N. Good to Sever Connection With City as From May 31— Could Not Get Adequate Salary

F. N. Good, city engineer for the past 13 years, presented his resignation to the city council last night effective May 31. The resignation was accepted and it was decided to advertise in Winnipeg, Calgary, Edmonton, Vancouver and Victoria for a successor.

Mr. Good's letter of resignation was as follows: "I beg to tender my resignation as city engineer, water commissioner, etc., to the city of Prince Rupert effective on May 31, 1943. It is with regret that I sever my connection with the city after more than 13 years' service as city engineer but the refusal of council to pay adequate compensation on a basis established by other Canadian governing bodies to myself and the key employees of departments under my charge makes it impossible for me to carry out my duties successfully.

"I wish to tender my thanks to employees of the three departments under my charge for their loyal and efficient co-operation, often under very difficult circumstances.

"I also wish to thank the other departments of the civic administration for their co-operation at all times."

The next year of great sunspot activity, according to astronomical observation, will be 1950.

The other day I saw Lieut. Bruce Hogarth with the prettiest band around his arm on which was marked in large letters "O-O." They say that, when the girls see him and those letters, they say "Oo lookit the lovely lieutenant" or "Oh! Oh! see the handsome officer!"

The regular weekly Thursday night dances, which have been such pleasurable events all winter, are now cancelled.

Yesterday Lieut. Col. Falls, Senior Protestant chaplain for the Pacific Command, was in to visit us. It seems he knows Breen's mother and father quite well. If he were not a lieutenant-colonel I think I'd say that he's quite a card. He had us all laughing from the time he came in until his departure. I fell for all his jokes. I'm a pushover for them as Bob Gibson will tell you. He practises on me. Anyhow the colonel caught me neatly with this one: "Why did Moses take twenty-five cents into the Ark?" The answer is of course, "Why, Colonel, Moses never was in the Ark."

Baptist Young People Stage Turkey Dinner

A large crowd of no less than 175 persons turned out Friday evening for the turkey dinner of the Young People's Society of First Baptist Church. Two sittings were required.

The spread was delicious and appetizing and the atmosphere was cheerful and springlike. Yellow green and mauve streamers were used and down the tables were strips of red, white and blue. Easter lilies and flowers also adorned the tables.

Miss Kay Watson received and ushered the many guests. Rev. C. A. Wright was chairman of the committee which also consisted of Mrs. Elmer Link, Miss Vivian Wrathall, Mrs. J. C. Gilker and Miss A. Snyder.

Assisting in the kitchen were Mrs. A. D. Ritchie, Mrs. Phillip Kelly and Mrs. P. H. Linzey. Young men of the Society also helped in the kitchen and with the serving.

Presiding at the door were P. H. Linzey and Ald. H. M. Daggett.

The first annual report of the Prince Rupert public health unit was presented to the Prince Rupert Chamber of Commerce last night, being accompanied by a letter from the director, Dr. R. J. On recommendation of the health and relief committee, the city council last night decided to purchase three pairs of blankets for the Eventide Home.

The regular weekly luncheon of the Prince Rupert Gyro Club tomorrow will take the form of a special business session to consider attendance and membership.

Instructions have been issued to the sanitary inspector by the health committee of the city council to check up on United States installations in regard to plumbing and plumbing permits.

The report of the local public health unit, Dr. R. J. MacDonald, director, has been under consideration, the health committee reported to the city council at its meeting last night.

A bylaw providing for the sale of a number of tax sale properties, details which have been previously published, was finally reconsidered and adopted at last night's meeting of the city council.

 Halibut Landings Heavier This Year—
 Getting Ready for Salmon Season

Halibut landings at Prince Rupert for the present year to date have reached a total of 1,105,400 pounds at compared with 702,500 pounds at a corresponding date last year. The American total so far this year is 413,000 pounds and the Canadian 692,400 pounds. The Canadian total is substantially larger than 246,000 pounds at the same date last year while the American aggregate is down from 456,500 pounds. Prices showed a falling off from the record highs of the opening week but were still at a substantial level ranging from 16c and 14c to 19.4c and 17c for American fish and from 17c and 15c to 20.9c and 18c for Canadian.

Preparations for the salmon season continue. No official word has yet been received but the sockeye canning season will commence, it is expected, at the weekend nearest to July 1. A few more trollers continue to move out to the grounds.

Capt. H. M. Newell, for 20 years identified with the halibut fisheries here, and Mrs. Newell left on last night's train for Yarmouth, Nova Scotia, where they will take up further residence. Capt. Newell has disposed of both his boat and his residence here.

Several packers from Ketchikan and other southeastern Alaska ports are engaged at present in bringing in fresh halibut from the north for trans-shipment over Canadian National Railways. There were no less than four such boats in yesterday, each with about a carload on board.

night on having attended a recent meeting of those interested in making a presentation to the new built frigate, H.M.C.S. Prince Rupert. A fund for contributions had now been opened under city council auspices. It had been suggested by the naval auxiliary services officer that the most acceptable memento would be two cabinets of phonograph records, one for the wardroom and one for men's quarters, the initial cost being estimated at about \$175. It had been suggested that the record supply might also be kept up. The men had been strong for washing machines but there might be difficulties in supplying these in view of voltage difference.

THRILLING ROMANCE

Nazi-dominated Paris Locale For Joan Crawford Picture

"Reunion in France" is a thrilling and romantic love story filmed against the background of Paris immediately following its occupation by conquering Nazi armies. It is the midweek feature picture at the Capitol Theatre this Wednesday and Thursday.

Joan Crawford has the role of a rich, socially prominent Parisienne, in love with a well-to-do Frenchman, played by Philip Dorn. She discovers him to be working hand in glove with the Nazi invaders and is torn between her love for him and scorn and hatred of the conquerors and their col-

and liberty in her efforts to aid a young American, John Wayne, who has escaped from a Nazi prison camp and is fighting his way to the safety of England.

Magnificently staged, lavish in its settings, and presenting a half-score of sensational gowns worn by Miss Crawford, "Reunion in France" is pleasing to the eye as well as stirring to the emotions.

In the large support cast are Albert Bassermann, Ann Ayars, John Carradine, J. Edward Bromberg and Reginald Owen.

The desirability of better attendance at the meetings was discussed at last night's session of the Rupert Chamber of Commerce, outcome being to refer the matter to the membership committee to devise ways and means of the present difficulty in dealing with the restaurants for the evening of dinner, one proposal that the executive might be the business of the Chamber large extent and that luncheon instead of dinner monthly might be held to receive reports of general business.
