RAILWAY TRAFFIC GOES UP

Local Line Has Never Had Such Large Movement To Handle Before

"Of course there has never been anything like it in the previous history of line," admitted G. A. Gray, divisional superintendent of the Canadian National Railways, as he took time out for a few minutes today during a typically busy morning to talk about some of his problems in the face of ever-increasing traffic—both passenger and freight—with a Daily News reporter. The major problems it was to be gathered were those of keeping up the power, equipment and crews for the traffic which has increased phenomenally during the last year, the peak of which increase appears to be nowhere in sight as yet. In spite of the many difficulties, however, the line is continuing to absorb the increased strain.

"The traffic we used to handle on this line was nothing but a picnic compared with what it is today," remarked Mr. Gray. He added, however, that it has not yet reached by any means a point where the volume matches that which is handled on some of the busy prairie subdivisions particularly during the crop moving periods.

After the long easy period here when traffic was in the doldrums, it is natural that some are finding it difficult to get geared up to the changed conditions but every one is trying to do a good job and is working hard.

Railway personnel in the operating department, particularly on the trains, the number of which is greatly increased, is sometimes difficult to obtain and handle. The fact that long service and experienced men are unwilling to leave their present homes elsewhere to come west has made it necessary to put on a lot of "green" help here and that does not make it any easier.

Mr. Gray, asked if there was any difficulty in the matter of fuel, said none had arisen as yet and on this line it was hardly anticipated there would be any.

ALL OUT ON ITALY

Allied Bombers Reach Further—Leghorn and Foggia Latest Strafing Targets

ALLIED HEADQUARTERS IN NORTH AFRICA, May 29 (Canadian Press)—Almost one hundred United States heavy bombers, striking the most distant objective yet assigned in an attack on Italy from North Africa, yesterday bombed Leghorn on the northwest coast of the Italian mainland and left a trail of devastation in oil refineries, docks and shipyards of that port 160 miles north of Rome. Three Axis ships in the harbor were hit. All planes returned safely.

At the same time Cairo dispatches said that two score bombers smashed at Foggia, railway centre in mid-eastern Italy, and dropped eighty tons of bombs on that air base eighty miles east of Naples. The Royal Air Force sent bombers to Sardinia and Sicily Thursday night, heavily attacking railway areas and near oil installations.

At Augusta in Sicily British planes found their targets in oil tanks and railway yards.

EXPLOSIONS IN FRANCE

Mighty Blasts Heard After British Bombers—Swarm Across Channel

LONDON, May 29—Following up the great attack on Essen Thursday night, Allied planes swarmed across the Channel last night to strike heavily at the French coast. Albacores attacked shipping off the coast. Explosions which were soon heard were strong enough to shake the English coast.

A heavy and sustained attack on the French invasion coast was indicated with a renewal of daylight raids today.

RECOGNIZE HIS WORK

Resolution Signed by Governor General Is Presented to Angus Macdonald

A resolution personally signed by the Governor General of Canada, the Earl of Athlone, in his capacity as Knight Commander of the Venerable Order of the Hospital of St. John of Jerusalem, Commandery in Canada, was presented to Angus Macdonald in the office of Mayor W. M. Watts last night in recognition of the splendid work which has been carried on with efficiency and perseverance for many years as instructor of Prince Rupert first aid classes. W. L. Armstrong, president of the local St. John's Ambulance Association, acted as chairman and the presentation was made by Mayor W. M. Watts who made suitable comment, alluding to the importance of first aid work and organization and paying tribute to the activities of Mr. Macdonald along this line. The recipient responded appropriately, emphasizing the need for more first aid workers. J. J. Little, Arnold Flaten and W. E. Denning of the local A. R. P. organization also spoke. Others present were Robert Woods, Mrs. Thomas Priest, Mrs. Richard Woods, S. J. Hunter.

The certificate, suitably framed, has the following text: "The Venerable Order of St. John of Jerusalem, Commandery in Canada,

"Signed by Athlone, Knight Commander."

Americans Now Digging Wedges Into The Last Defences, 'Tis Stated

United States Navy and Air Force is Assisting—No Confirmation of New Reinforcements for Enemy

WASHINGTON, D.C., May 29 (CP)—United States troops have captured Fish Hook Ridge, important Japanese stronghold on Attu, the Department of the Navy reported today, stating that the main enemy forces on the island were now contained in a mountainous area of only three to four square miles. The neutralization of Fish Hook Ridge enables the Americans, fighting from mountains, to dig wedges into the last defences of the Japanese on Attu.

In making their further progress the United States ground forces are being supported by naval and air force operations.

Nothing is said here of Tokyo claims that strong reinforcements for the Japanese on Attu have been landed by sea and air.

How to Write a Letter . . .

Remember the old letter-writing books one used to run across? The ones which gave stilted phrases to cover any imaginable contretemps from a letter to the President to a proposal of marriage. Their impeccable, if wordy, diction was something that the aspiring job-seeker or the bashful swain might have found useful, but as letters—as a message to a loved one, they had as much personality and life as the quarterly report of an insurance company.

Letter-writing is not an art, and the more "arty" it becomes the less readable it is. To write an interesting letter to a soldier or a sailor the first thing to do is to forget about such things as grammar or the correct formal etiquette of letter-writing.

Write your letter just as if the recipient was sitting across the table and you were conversing with him. Remember that the trivial things are apt to be most interesting. Read your home-town newspaper and see what the editor features, to get a line on what is interesting subject matter. Mention the little things—the everyday scenes and occurrences that are so obvious and usual that you don't really think he will be interested . . . Don't worry, he will! For a homesick boy overseas, every new springing blade of grass on his own street is a matter of poignant interest.

Tell him all the gossip you can think of . . . who married whom, and who didn't. Tell him about Mrs. Blank's explosion of aristocrat rage when her new bonnet blew off outside the church on Easter Sunday.

Tell him anything you can think of, and write as if you were actually talking to him face to face. Only then will your real personality shine out between the lines. Anyone can write a correct letter—but only you can write as you talk.

To Angus Macdonald . . .

A very timely ceremony which took place in the mayor's office last evening prompts us to write a few lines in tribute and acknowledgement of a citizen who we believe over the years has been doing as valuable a job in defence of his home town as any other person who lives here. We refer to Angus Macdonald and the ceremony was the presentation to him by Mayor W. M. Watts, acting on behalf of the venerable Order of the Hospital of St. John of Jerusalem, Commandery of Canada and branch of Prince Rupert, of a resolution, signed personally by the Governor General, expressing appreciation of Mr. Macdonald's services as first aid instructor for this community.

Having been one of hundreds who have come under Mr. Macdonald's able tutelage we can conscientiously and personally add our tribute to the splendid and unselfish work, often giving generously of his own time and pleasures, which he has carried out in first aid instruction. A busy man in his own trade and in demand for other activities, he has, we know spent evening after evening year after year, conducting first aid classes for the people of Prince Rupert. We have often marvelled at his patience and perseverance in this regard.

There is no question that this community generally owes Mr. Macdonald a debt of gratitude for what he has done. A mere resolution does not commence to be adequate acknowledgement.

We have come to be impressed, especially under present circumstances, of the importance of having trained first aid workers on hand and ready to function should sudden emergency arise. This is one branch of our civilian defence which there is reason to believe is in a good state of preparedness from the standpoint of good training if not organization. There is no one who can deny that, this being the case, the bulk of the credit must go to Angus Macdonald for the splendid work he has done to this end.

We are fortunate to have a man like Angus Macdonald in Prince Rupert and it is too bad there are not many like him. There would be much less to worry about in regard to our civilian defences in these hazardous times if there were.

I would like to thank the ladies of the Order of the Eastern Star who served so faithfully as chaperone during the month of May. This month averaged two dances a week and kept the ladies busy but, from comments they passed, I think they all had a good time. In June the Order of the Women of the Moose takes over.

There will be the usual Sunday evening concert for the troops this Sunday. No tickets will be given out from the "Y" Hut as all tickets have been given out by the units.

Mrs. S. A. Keilback has had another letter from "Lofty" Lawson, one of the British tars who were here last autumn. It contained some very sad news and I am sure all his friends in Prince Rupert will feel like dropping him a line to cheer him up. I shall quote from the letter as soon as Mrs. Keilback gives me the letter.

One of the boys at Port Edward phoned in to offer me a grey Persian kitten to replace "Dutch". I should rather like to wait until my return when I can devote several consecutive months

In preparation for the Victoria Day weekend, Winnipeg liquor purchasers established a record. It was not a record of quantity purchase but one of time. Within twelve minutes after the time of opening, every bottle of beer in the store of the Government Liquor Control Commission had been sold. Since beer was the only beverage available. It was the target of every purchaser. "It was the most amazing thing I have ever seen, said one of the liquor store employees in commenting on the twelve-minute record.

GIRLS ARE FEATURED

"Seven Sweethearts" Coming to Capitol Theatre at First of Next Week

A combination of young romance and beauty against a pastoral background makes refreshing entertainment in "Seven Sweethearts," feature picture for Monday and Tuesday next at the Capitol Theatre. The locale of the picture is a quaint Dutch village and a tulip festival.

Marsha Hunt is the spoiled stage-struck eldest daughter who traps Van Heflin, breezy young newspaperman who comes to town to cover the tulip festival, into an elopement. Kathryn appears as the real love of Van Heflin. Cecilia Parker, Frances Raeburn, Dorothy Morris, Frances Rafferty and Peggy Moran are the remaining sisters. Supporting roles are handled by Isobel Elsom, Diana Lewis, Lewis Howard, Carl Esmond and Louis Beavers.

Two new song hits are highlighted in the picture—"Little Tingle Tingle Toes" and "You and the Waltz and I," having been written especially for the picture.

Halibut Landings Fall Off Slightly But Prices Still Running Fifty Percent Higher Than Last Year

Halibut landings at the port of Prince Rupert for the 1943 season up to and including yesterday totalled 3,038,200 pounds as compared with 3,858,100 pounds at a corresponding date last year. The Canadian total this year to date is 1,919,200 pounds as compared with 1,392,300 pounds last year while the American aggregate is 2,150,500 pounds in comparison with 2,465,600 pounds a year ago. During the week ending yesterday landings totalled 778,500 pounds including 277,500 pounds from Canadian vessels and 501,000 pounds from American. Prices, which are averaging almost 50 per cent higher this year than 1942, were as strong as ever during the week. The top price for Canadian fish was 22.5c and 18c which the Sea Maid and Dollina received for catches of 8,000 and 9,000 pounds respectively and the low 19.1c and 17c which the Rio Rita and the Bug were paid for 3,500 and 2,500 pounds respectively. For American fish the high price of the week was 22.2c and 18c paid the Betty for 19,000 pounds and the low 18.2c and 17c received by the Atlantic for 31,000 pounds.

Willis White of the Massett seaboat Haida Girl was fined \$500 by Stipendiary Magistrate W. D. Vance this week after pleading guilty to a charge of fishing for halibut in the prohibited Massett area. A further fine of \$25 was imposed for obstructing in attempting to prevent a fisheries officer from searching his boat. Halibut to the value of \$1000 was confiscated. T. W. Brown acted as counsel for the defendant.

Trolling is the principal salmon fishing activity in Prince Rupert district just now with a goodly number of boats out in the North Island area off Graham Islands and in the Chatham Sound Flats. Fair catches of springs are being made. There are a few gillnetters for springs in the Skeena and Naas Rivers but their catches are not
