FIGURES ON SHIP LOSS NOT RIGHT

Secretary of Navy Knox Denies
That Allies Have Been Losing
Million Tons Monthly

WASHINGTON, D.C., April 26 (CP)—Secretary of the Navy Frank Knox declares that there is obvious error in the Senate committee's report on shipbuilding and heavy ship losses. Mr. Knox said that Allied ship construction in 1942 actually exceeded sinkings. The sinking loss figure of one million tons per month given in the committee report was described by Knox as coming from some "unauthorized and uninformed source because the true figures have never been given out."

An interesting feature were the floats which included one by the B.C. For Our Sons...

One of these nights soon, when darkness cloaks the enemy shores, our sons will be peering into the gloom, waiting nervously for the whispered signal to attack.

Our sailors will be there, manning the invasion fleet, ready for the screeching, diving enemy bombers. Our fighter pilots will be dressed for battle, ready for the grimmest test of air strength the war has yet developed.

Our boys who, not so long ago, sang in Sunday school, poked nickels into juke boxes, sat on the store steps on Saturday nights, fixed the broken board in the cottage dock, and walked arm in arm with the girl from a movie, are face to face now with death.

While their hearts and minds and bodies are steered to the job of wiping out the cruel foe, does anyone believe for a moment that in that hour of waiting they will not be thinking about the scenes of yesterday?

Fully aware of the danger they face, that this great adventure may bring them to the end of the road and a soldier's grave, their thoughts will inevitably turn back for a moment or two to you and to me. They will have brief misgivings, little fears tugging at their heart-strings, a sudden mental question-mark as they wonder what we are doing in Canada at that moment and whether we are thinking about them.

Oh that we could miraculously appear beside them at that moment, grip their hands and say: "Good luck, my boys." If there were only SOME way, we saw, to make them feel that we are standing behind them in spirit at least!

And yet we have just such an opportunity now. Let's not overlook this certainty, that if each of us buys all the Victory Bonds he can during the next three weeks, if we push up above the billion and one objective, the news of it will be a heartening message to your boy and mine. They will know our hearts are in the right place, that the money we put up assures them all the reserves they are going to need.

Let's make the Fourth Victory Loan a rousing cheer for our boys overseas, a message of encouragement to them at the hour of attack!

Improving Food Supply...

Dehydration of fruits and vegetables, of eggs and other food products has reached a new high in this war. Refinements have been made in dehydration which make dried vegetables taste like fresh when cooked. Dehydration is a process of drying fruits, vegetables and some other foods. In the old days when they dried apples down Ontario way it wasn't very satisfactory, although those dried apples were filling when fresh apples were not to be had during the spring months.

The new method has put dried fruits and vegetables into a brand new niche in the housekeeper's food list. By the new method fruits and vegetables are said to retain their flavor and vitamins, and it is being predicted that a can of dried egg powder will, after the war, be as common in the home pantry as the flour bin. Right now all our dried eggs are being exported to Britain.

New type dehydration plants are in operation now at several points in Canada and more are in process of formation. One pound of dried fruit, or vegetables, we are told, takes the place of 10 pounds of the original and comes back to the original amount when water is added for cooking. Imagine what that will do in the way of providing a market for vegetables as well as fruits.

Presentations to District Forester St. Clair at Rangers' Gathering

SMITHERS, April 26—The Forest Rangers of the Prince Rupert district, who had been in conference in Smithers for two days, wound up their deliberations with a banquet at the Bulkley Hotel last Wednesday evening.

The conference was attended by Mr. Melrose, assistant chief forester from Victoria, R. C. St. Clair, district forester of Prince Rupert, J. E. Matheson of Prince Rupert and 15 other rangers from throughout the district as far as Houston and Babine Lake.

Many subjects of importance to the members of the service were discussed and these members expressed their great appreciation of being able to get together and take up things affecting them in their work that needed revising.

Mr. St. Clair presided at the banquet where all the rangers were in attendance and the guests of the evening were John Gould of Houston, Mr. Bryant, government agent, and J. W. Turner and L. H. Kenney of Smithers.

The excellent dinner was supplied by the ladies of the United Church and was greatly appreciated by all those present.

After the dinner Mr. St. Clair was presented by Mr. Melrose with a silver button, emblematic of 25 years of service in the forestry department and also with an illuminated scroll. In a neat speech of congratulation he conveyed the compliments of the minister of lands and the chief forester for the faithful service that had been rendered by Mr. St. Clair over so long a period. Mr. St. Clair was entirely taken by surprise by the presentation but responded suitably to the occasion.

After all the ceremonies had concluded Mr. Melrose exhibited a number of films connected with fire fighting, showing the old methods and the new and up to date methods now being followed in Canada and the United States, which gave the local men many new ideas in the work that they are called upon to do every year in extinguishing the many fires which are so often started by careless people who go into the woods on camping and fishing expeditions.

The Rangers departed for their various homes on Thursday morning, well pleased with the success of their convention.

The Hostess

Keep in mind the unit auxiliary dance at the Empress Hall tonight! Tickets will be sold at the door until the regulation two hundred persons have been accommodated. This is more or less of a private dance with the object of making money to swell the auxiliary funds and is open only to our hostesses who come with partners on a ticket basis.

Here is the letter Mrs. Kelback received from Ramsey "Lofty" Lawson, the tallest of the British sailors who were here so long last autumn. He says: "Well folks, I have just come in from another trip to find your parcel waiting for me. I want to thank you all for the socks and also the cards as somehow it was rather a surprise to know that you all still remembered me. Still when I come to think of the grand time I spent in Prince Rupert I am very foolish for thinking that way. There is one thing I do know—no other sailor received a better welcome than I did at good old 217."

"By the way my sailing days with the Stikine are finished. I had to leave here after last trip to go on leave. But I am looking forward to the time when I may have the pleasure of looking you all up again."

"Have you met any more of our boys since we left? I was rather surprised not to hear anything of it on your card. Still if they were anything at all they must have had a good time in Rupert. I hope Mrs. Kelback gives the old 'Bells of St. Mary's' a run over and thinks of the good times we put in around the piano."

"Well folks I want to thank you again for your kindness in remembering me and hoping to see you all again before we get Hitler down—Ramsey."

"P.S. Please remember the boys and me to the folks at the 'Y.' Ramsey Lawson's address is: 2 Queen's Drive, Sunnyside, Newcastle-on-Tyne, England. If any of his friends care to write to him."

HOTEL HAS BEEN SOLD

Peter Jacobson Takes Over Vanderhoof Hostelry From Mrs. Annan

ENDAKO, April 26—Many friends of Mrs. Grace C. Annan will regret to hear that she has disposed of the well known Hotel Annan which has served the travelling public for many years.

Coming to British Columbia from Scotland in 1920, for the past 23 years she had assisted her husband, the late Sandy Annan, in building up a trade which received wide recognition on account of its reputation for hospitality.

Now Mrs. Annan decided to take a well earned rest. She will be the guest of Phil Brunell at the Caribou Auto Camp in Vancouver where her host of friends from Northern British Columbia will be able to find her.

The hotel has been taken over by Peter T. Jacobson, formerly of Vanderhoof, and it is generally felt that the transient public will continue to be taken care of in the hospitable manner established by the late Sandy Annan and carried on so satisfactorily by his widow.

LETTERBOX

HELPING WAR EFFORT

Editor, Daily News:

If the editor prints this good and well. If he throws it in the waste-paper basket good and well.

Some of the people seem to take a delight in blowing off at the mouth about conditions and the buying of bonds. Not only do they not buy bonds but also, they don't make much effort to help in other matters. All they do is sit down and criticize the other fellow when they themselves should be up and going. They should get it into their heads and realize that, through the other fellow buying bonds and through the government spending it on war work, they are receiving the other fellow's money indirectly. Not only are they receiving it but the other fellow is also helping to pay them for sitting down on the job and "beefing." "Yes, 'beefing.' That's the word for it. These people should be very much ashamed of themselves. I wonder! We salvage this and we salvage that. But wasted money in this respect should be salvaged too. It could be done, or will we leave it to "George."

FOOTBALL WAS DRAW

Navy and Ontario Regiment Play To Two-all Tie Saturday Afternoon

Navy and Ontario Regiment battled to a two-all draw Saturday afternoon in an exhibition Senior football game at the Acropolis Hill grounds. Playing conditions were good and both teams gave a good account of themselves.

Near the close of the first half Evans scored for the Navy and then a minute or two later Midlands took the ball from a throw-in and evened the count. In the second half the Ontario regiment made the score two to one in their favor in spite of some near misses by the Navy. Two minutes before time Navy scored the tying goal.

Welcome Your Victory Loan Salesman

He'll show you how you can play your full part in reaching the 4th Victory Loan Objective of \$1,100,000,000 — Canada's greatest financial endeavour

YOU'LL find that your Victory Loan salesman is a chap worth knowing—a neighbor or certainly a fellow citizen—a man with whom you'll have a lot in common—perhaps a son at Dieppe or one who flies a Wellington; or one who rides a pitching Corvette. Above all, you'll find him one who loves Freedom as you do.

You'll find him an earnest Canadian; a man intent in the cause of Freedom. He asks only that you lend your money to Canada from your savings and income—that you buy bonds two ways; bonds from available cash and more bonds from income over the next six months. He asks that you buy all the bonds you can rather than making a small "token" purchase just so you can say, "I bought a bond."

During the next three weeks, you'll see him working early and late at the greatest, most-important financial task in Canada's history. His immediate job will be to help you and fellow Canadians play your full part in reaching the 4th Victory Loan Objective of One-Billion-One!

Welcome your Victory Loan salesman when he calls. Give him every co-operation. Be ready for him and help conserve his time. Buy Victory Bonds "for all you're worth" and hasten the day of Victory and Freedom.

HAPPY ABOUT GIVING UP

"Giving up and giving something." These words of Mrs. H., printed Saturday, we thought impressive. "When I could not get Pacific Milk, what to do became a problem until I learned it is being shipped to the war." Then she adds, "That made me feel happy. It made me feel I was giving up and giving something." Rather striking words.

If you have trouble keeping your skirt hanging at an even keel, you might take a tip from Nancy Coleman. She wears suspenders.

Instead of an honest-to-goodness belt, Dolores Moran slips a brown and yellow tie through the belt loops of a beige flannel skirt and wears it, ends flying, as a belt. A fondness for vests causes Brenda Marshall to swipe her husband's vests.

MANY BEES TRAVELLING

"Humming" Business of Canadian National Express

VANCOUVER, April 26 — Vanguard of a mighty army that will fight on the home front producing honey for housewives and others who can put the tasty product to good use in aiding the war effort, a large shipment consisting of hundreds of crates of package bees left here for prairie points via Canadian National Express.

With thousands of these packaged bees in one crate, it may be well imagined how many millions of these busy creatures will be shipped through Vancouver to points in British Columbia, Alberta, and Saskatchewan before the shipping season winds up at the end of May.

Last year's movement broke records but this season's live bee traffic will undoubtedly be heavier as honey producers have increased

The Post Office

The post office is a busy place. People dash to it as in a race.

In a line they have to wait. Which sometimes brings a nervous state.

Not helping them, but makes them burn. Some laid steps in before his turn.

Then again is that cigarette smoke. The sign smoking prohibited is just a joke.

And then there is the usual wait. Some person at the wicket has a debate.

Or it's money, they never seem to find. Every day it's the same old grind.

Others seem to want information. Even enquiring about the health of the nation.

Reaching the wicket takes power of will. It doesn't help out when they receive a bill.

These things don't help by any means. But the post office is blamed for all it seems.

"Business, these days, is more than brisk" commented Harvey Boale, general express agent here for Canadian National Express "but, with the tremendous package bee traffic this season, we will honestly be able to say that things will really be humming."

WEEKLY WARTIME NUTRITION HINTS

Martha Logan, Swift's famed home economist, whose weekly wartime cooking column is a regular feature of this page. Look for these valuable hints each Monday

by Martha Logan

Why Nutrition IS Important

Experiments by Canadian Scientists prove a proper diet is vital to health

Every woman wants to see a finer and better country grow out of the tribulations of the present. And one of the real jobs we women can do to make that better Canada come true is to get behind our government's nutrition program. Canada's official food rules are practical and easy to follow, even under wartime conditions. They tell us the minimum of protective foods we need to keep really fit. And these protective foods are not a matter of guesswork. Years of research—much of it by Canadian scientists—have proved again and again that without the protective foods we just can't be the healthy men and women Canada needs—especially in time of war.

Here, once again, are the things everyone should eat every day—with some of the reasons why:

MEAT, FISH OR POULTRY—At least one serving daily . . . to build strong muscles. (Liver, heart or kidney at least once a week. Eggs 3 or 4 times.)

MILK—Adults 1/2 pint. Children, more than a pint . . . cheese as available . . . for bones and teeth.

BREAD—4 to 6 slices of Canada Approved bread, brown or white . . . for

pep and energy—and one serving of whole grain cereal.

TOMATOES or CITRUS FRUIT—Or their juices every day . . . to keep you fit and able to resist infection.

FRUIT—One other serving of fruit daily . . . for better growth and better eyes.

VEGETABLES—At least two servings daily of yellow and leafy green vegetables, frequently raw . . . to help you resist illness. And potatoes daily, too . . . best cooked in their jackets!

Actually, of course, each of these basic foods performs more than one protective function, which is another reason why we need them all if Canada is not to become a C3 nation. And remember, these are the minimum requirements. Beyond these, within the limit of wartime supplies, let your natural appetite be your guide.

Miss Faust Is Speaker For Church Women

The Women's Missionary Society of First United Church held their Easter meeting at the church on Tuesday evening. There was a good attendance including members from other women's missionary societies in the city. The program was very interesting, the theme of the meeting being "Africa for Christ."

A beautiful duet, "There is a Green Hill Far Away," was rendered by Mrs. R. G. Large and Mrs. H. T. Look, accompanied by Miss Swana Olafson at the organ.

Miss Mabel Faust, R.N., was the guest speaker. She gave a clear insight into the missionary work in Africa, giving a vivid description of the difference between the non-Christian and the Christian homes, stressing the importance of missionary work in the lives of native people.

After the meeting, the members and guests adjourned to the Manse where a social hour was spent.

FLOWERS GO EAST

Service Men in West Remember
Folks at Home With Spring Blossoms

VANCOUVER, April 26—Express cars of the Canadian National system and air express compartments in TransCanada Air Lines silver transports have been scented these days with the fragrance emanating from spring blossoms in transit from British Columbia to destinations east of the Rockies.

Much of the tremendous volume just flown by air express was comprised of shipments from one individual to another, with the traditional rush occasioned by Easter. Large flower shipments being dispatched in rail express cars of a commercial nature from Pacific coast nurseries to florists at various places.

Many of the spring flower varieties conveyed tangible Easter greetings to those loved ones "back home" on the prairies, Eastern Canada, and the Maritimes, even to Newfoundland, from lads and lassies in uniform who are stationed at British Columbia points.

Fortunately long distance shipments now take less than a day when, flown in the speedy T.C.A. airliners and the flowers arrive in perfect condition—almost as if handed from one person to another.

West Africa Is Described

Miss Mabel Faust Speaks to Rotary Club at Weekly Luncheon

The Prince Rupert Rotary Club, at its regular weekly luncheon last Thursday, heard an interesting talk on life and customs of the people of West Africa by Miss Mabel Faust, R.N., lady superintendent of the Prince Rupert General Hospital, who was engaged in missionary nursing there a few years ago. President George C. Mitchell was in the chair. The weekly raffle of the War Savings Certificate for the Queen's Fund was won by Dr. Joseph T. Mandy.

DRAMA IS FEATURED

Ida Lupino, Dennis Morgan, Joan Leslie Star in "Hard Way" At Capitol Theatre

A tense, moving drama of a woman's driving, ruthless ambition coupled with an intense love for her sister and its effect upon the lives of others shows at the Capitol Theatre here this Monday and Tuesday in "The Hard Way," starring Ida Lupino, Dennis Morgan and Joan Leslie. The film has a supporting cast of unusual merit, topped by such able players as Jack Carson and Gladys George.

The picture tells the story of a relentless and frustrated woman, played by Ida Lupino, who is so determined for a better way of life for her sister, Joan Leslie, that decency to attain it.

Eventually the fresh, lovable girl begins to show signs of strain under relentless pressure. She tries to please her sister but the latter comes to realize that all her years of planning and striving have gone for naught and the play ends on that note.
