Squadron Leader DOWIE knows what he's talking

about! Fifty flights over enemy territory taught him. He knows you can't stop at being just as good as the other man-you've got to be better and have more of everything!

He knows the Jerries are tough! Once they nearly got him when he visited Hamburg in a death-dealing Wellington! It was a close call-but those Canadians did what they set out to do ... released a surprise packet of bursting bombs right where it hurt Jerry most—on one of his precious war factories.

Then they streaked for home ... if you can call it streaking ::. peppered with flak-the bomb doors hanging open... flaps sagging ... and the hydraulic system knocked out! You lose a lot of height quick in a jam like that—and bucking a strong west wind doesn't help much! But they made itsafely-with less than ten minutes' gas to spare. That's war as they know it::: split-second decisions ... nerves tensed

to trigger quickness...brains alert to death and danger.

That's their job-tackled in the true Canadian spirit! Tackled by boys from prairie farms . . . from northern bushlands . . . from peaceful Canadian seacoasts . . . from little towns that have borne and bred men with the spirit of Squadron Leader Dowie.

They're fighting this war-and they know what's needed! When they ask for more planes, more equipment, more gunsthere's only one answer . . . "more of everything on its way!"

We can do it-we're Canadians too! It means more and more work . . . greater self-denial . . . MORE VICTORY BONDS!

Show these boys we're in there fighting with them ... they're putting everything they've got into this war... put everything you've got into VICTORY BONDS.

For it's VICTORY BONDS that will deliver the goods . . . it's VICTORY BONDS that will shorten the war.
