#### Nuisance Raids . . .

It has been suggested by the United States Army commander for Alaska that the Japanese, now forced pretty well into a defensive role in this war and hard pressed to defend the lands they have overrun to say nothing of their own vulnerable home territory, may essay commando raids in the Aleutians or Alaska peninsula or mainland. It is reasonable enough to agree with General Buckner that some adventures of this nature may be due at any time now and it is anybody's guess where they may take place.

Of course, our defences are now in such shape that anything in the way of a permanent landing by the enemy is fairly well out of the question. Of that we may feel quite confident now but there is every possibility yet of nuisance raids of some kind or that the two groups are work- in marriage at a quiet ceremony other which might be very damaging and embarras-Monday evening in the Manse sing although they would have little if any effect on of First United Church. SERVICE

#### TO MEN OF MILITARY AGE AND TO THEIR EMPLOYERS

National Selective Service Civilian Regulations authorize the Minister of Labour to require that male employees furnish their employers with evidence that they have not failed to comply with National Selective Service Mobilization Regulations (i.e., the Military Call-Up).

It is intended that an order will be issued shortly, requiring employers to carry out the necessary check on their male employees, and to report any men who do not produce the required evidence of compliance.

The check up will cover every male employee who has reached the age of 18 years and six months and has not reached his 38th birthday. The man will have to show evidence in one of the following forms:-

(a) A man discharged from the Armed Forces following service during the present war should have his discharge certificate. A discharged man who has not a certificate should apply for one in the following manner:-

Army-District Officer Commanding, Migitary District in which discharge took place.

Air-Records Office, R.C.A.F. Head-

quarters, No. 5 Temporary

Building, Ottawa, Ont. Navy-Secretary of Naval Board, Ottawa, Ont.

(b) A man who has responded to a direction from a Registrar of a Divisional Mobilization Board, to report for medical examination under Mobilization Regulations, should have either a certificate of unfitness or an order for postponement of military training from the Divisional Registrar. (A man extitled to either document who has lost his copies should immediately apply to the Divisional Registrar who issued the original, for a duplicate.)

(c) A man who has been rejected on application for voluntary enlistment in the Army since the beginning of the war, should have a certificate showing that he was rejected through medical unfitness. (If a man entitled to such a certificate does not possess it, he should apply to the District Military Headquarters of the District in which he applied for enlistment, in order to procure the necessary form.)

(d) A man in the designated classes who has not reached his 38th birthday, who was married as at July 15th, 1940, or who,

having been married before that date, is a widower with children, must be prepared to furnish evidence, such as a marriage certificate or birth certificate of a child, to show that he was married before July 15th, 1940, and that he is now either married or is a widower with children.

(e) A man who has reported for enrolment in the Army under an Order-Military Training issued under the Mobilization Regulations and who has been rejected should have a certificate showing he was rejected through medical unfitness. If a man entitled to such certificate does not possess it, he should apply to the District Officer Commanding the Military District in which he was rejected.

(f) (i) A man who is not subject to the Mobilization Regulations because he is an enemy alien who has not made application for naturalization may obtain a certificate from a registrar of his Divisional Mobilization Board indicating that the Mobilization Regulations do not apply to him and such certificates must be obtained by all such enemy aliens:

(ii) A man who is an alien and neither a national of Belgium, Czechoslovakia, The Netherlands, Norway, Poland, the United States nor Yugoslavia and has not applied for naturalization may be relieved of his duty under Mobilization Regulations, but he gives up his right to future Canadian citizenship after the war; where such men have applied for such relief and been granted such status, certificates will be issued by registrars in appropriate cases.

This caution is issued to facilitate compliance with the order which is proposed. A reasonable interval will be allowed to permit men to provide themselves with whatever document, as referred to above, they may be entitled to hold.

Employers are requested to give notice of this proposal to their male employees, to facilitate the operation of the order when issued.

### HIT COMEDY IS SHOWING

Heralded as one of the comedy hits of the year, "They Got Me Covered," starring Bob Hope, which comes to the Capitol Theatre this Thursday, Friday and Saturday, revolves about the side-splitting efforts of a discredited American foreign correspondent to redeem himself by exposing an enemy spy ring in the nation's capital.

The Moscow correspondent for a news agency did not believe Germans were invading Russia but thought that troops marching past his office were merely parading in honor of his birthday. So Bob is summoned home and fired. Deeply hurt he goes to Washington to see his girl who is with the news agency there.
