# Bulletins

CLOSING IN ON ROMMEL ALLIED HEADQUARTERS IN NORTH AFRICA - The Allied offensive in Tunisia is still moving forward with breakneck speed. All Axis resistance south of Sousse has crumbled. The British Eighth Army has pushed forward twenty-five miles beyond Sfax in a single day. American and French forces are driving on from the west to keep pace. The British First Army is also moving steadily down from the North. Marshal Erwin Rommel's army, endeavouring to get out of the trap, is being mercilessly pounded from the air. Fifty-eight Was School Dog Axis planes, including some large transport machines, have been shot down within two days. Only three Allied planes were lost. Rommel may make his final stand about 100 miles north of Sfax and fifty For Light Years miles from Tunis. United States planes have delivered a heavy bombing attack against Sardinia and also Naples.

LULL ON RUSSIAN FRONT

MOSCOW-There is an ominous lull all over the Russian front. The Germans are wheeling up huge reserves and have increased the tempo of their air attack. With little new activity on the ground, the Russians have been able to hold back such attacks as the Germans have made.

JAPANESE BASE HIT

ALLIED HEADQUARTERS IN AUSTRALIA — Allied bombers have made a heavy attack on Wawak, Japanese base on New Guinea. Docks, oil supplies and a large ammunition dump were hit and set afire. There have also been raids on the enemy on New Ireland and Timor.

QUEEN ELIZABETH SPEAKS

LONDON - The importance of maintaining truly Christian homes with family ideals was stressed by Queen Elizabeth in a radio address to the Empire today. She referred to the great part women could play in the war in supporting the fighting men. "God guide our people both at home and abroad and lead us forward to victory and peace," Her Majesty concluded.

What is your share in this war? Doing your daily job—in factory, in store, in home? Fine! Canada needs men and women who work for victory in countless ways.

But how does your job compare with that of the sailor on a corvette—an airman in a pomber?

Hundred-to-one it's more pleasant—and more profitable!

Nothing you can do can measure up with his difficult task! But you can bridge a portion of the gap by denying yourself some of the pleasure, some of the profit of civilian life.

And with the money you save by this carefully planned, day-in and day-out self-denial, you can afford to buy Victory Bonds.

Soon, you will be asked to buy again. Stop -before you say "I can't afford any this time." Look—at the money you still spend on things which aren't absolutely necessary. Listento the boys in the ships, in the planes, in the tanks, who say "we know the folks at home won't let us down."

## Braised Pork Liver

With escalloped tomatoes and baked potatoes it makes an economical meal of splendid nutritional value.

Dredge 1 lb. of sliced liver with seasoned flour. Pour in 1/4 cup hot water combined with 2 tablespoons tomato catsup, cover closely, and simmer gently until liver is tender, about 20 minutes. (The liquid will be all taken up—the catsup and water may be doubled or tripled, to provide delicious gravy-thicken slightly, if necessary.) That's all there is to making a delicious main dish for four people-it's an easy way to

give your family plus values in health. Braising is the method of cooking we recommend for tenderizing the thrifty but less tender cuts that may not always be so familiar as they [MEA] might be to the housekeeper.

This method of slow, moist-heat cooking insures tenderness, full flavour and all the food values. Any braised meat can be enhanced by the

Remember, too, that in addition to meat, every adult should have 1/2 pint of milk (children more than a pint) every day. And we need, too, tomato or citrus juice, one other fruit, two servings of vegetables, particularly the green leafy and yellow ones, potatoes, plus four to six slices of Canada Approved Bread and 3 to 4 eggs each week as a minimum diet.

It is the story of a reckless American playboy flier, played by Richard Greene, who joins the Atlantic Ferry Command. It is the job of himself and his friend, Donald Stewart, to take flying fortresses to England. While there they join up for combat service with the Royal Air Force. They take out a big four-motored plane, 164 the objective of which is a power 157 plant outside of Berlin. The raid 157 is successful but, on the return 156 trip, they encounter German 152 planes and, after fighting them 151 off, discover one of their motors 150 on fire. At great personal risk, 148 Greene succeeds in extinguishing 148 the fire and the flying fortress re-147 ports safely back to England.
