The statement made public by the mayor today we commend to the attention of our readers. Now, we would suggest, should be a good time for the citizens of Prince Rupert to lend their voice and support in any way possible to the petitions of the city council which have, evidently, gone about as far as they can without achieving much in the way of tangible results.

Canadian War Medal . . .

crews...because The decision of the Canadian government to issue a new service ribbon, tokening a medal which will be struck and presented after the war to Canadianswe presume both men and women - who volunteer for active service in navy, army or air force, is a commendable move. It will have the effect of encouraging voluntary enlistment as well as being some token of recognition for those who have long since seen their duty in this regard and have done it.

Every person feels some sense of pride and satisfaction even in wearing a patch of ribbon when it marks meritorious service. When it is considered the way that the soldiers of some countries are decorated for mere routine duty, it would appear quite fitting that Canadians, who have to date at least not been overencumbered with such trappings, should have at least some coming.

A Protracted Stra in . . .

In the prosecution of the war we must always acquire economic liabilities as we achieve military victories. The conquest of Italy is going to put an additional strain upon our food resources. The liberation of France and all the occupied countries in the West will add to the strain. Military victories are decisive and pass quickly. The economic liabilities, on the other hand, are long-term propositions which may take years to liquidate. Unless we recognize this clearly the impulse to regard the war as being over when the fighting stops will be irresistible. But this war will not be over until all the people of the occupied countries are restored to normal living. This restoration will impose a great responsibility upon all the United Nations, and particularly upon the North American nations. If we, on this continent, concentrate too much of our attention upon military victory alone, we may well set in motion forces which in the end will lose us the peace.

Dooryard Fence Loses to Truck In Tug-of-war

And Eleven-year-old Dick Edgar Goes to Hospital When Struck by Flying Woodwork.

People have been known to be struck by a great variety of moving objects but not many outside the cyclone area of Kansas have had the experience of being laid low by a moving fence as was 11-year-old Dick Edgar Tuesday night.

Dick, the son of Mrs. E. Edgar, Letourneau Apartments, was playing with two other children in Sixth Street near Fraser about 8:30 and, in the course of their play, one of the children tied one end of a piece of rope to a truck that was standing at the curb and the other end o a fence across the sidewalk.

When Driver Peter Postuk unaware that his truck was attached to anything, climbed into it and began to drive away, the truck took a section of the fence along with it and the flying woodwork struck the Edgar boy on the head, knocking him unconscious.

He was rushed immediately by ambulance to the hospital where it was thought at first that he may have been suffering from a concussion but it was reported this morning that he had been taken home and his condition was not serious.

ARRY was a normal, quiet chap until quite recently. Then, suddenly, he contracted Loose Tongue-Itis. Now his tongue is wagging constantly . . . passing on everything he hears. Have you been exposed to this dangerous wartime disease? Symptom is an uncontrollable desire to tell everything you know. Particularly violent attacks occur when you learn some vital information about troop movements, war production, ship sailings, etc. If you are a victim, don't despair . . . there is a sure cure that you can start taking right away. As soon as you feel the urge to reveal some vital information coming on, start saying to yourself, "What have I done today to help win the war?" Keep repeating this over and over to yourself until the attack passes. This treatment is guaranteed to cure anyone of Loose-Tongue-Itis.

When I asked for an iron for the Montreal Circle boys-they are the Navy Communications wanted any sort of an iron, even one of those old fashioned sort you heat over a stove. There must be some of those around an electric iron even if it does need repairing as they are experts in electrical repair work. So, like the London street cry. it's irons, any old irons, irons

The rooms registry is brighter lately than it has been in some time. That is people don't have to wait three or four months for a room, a month about fixes them. But I would like to point out to anyone who contemplates renting a room that there no demand now by single men for rooms. Last year when the navy boys were all out on lodge and comp the demand was terrific but, since then, they have gone into barracks.

I was looking at a snap of the "Y" supervisors taken only last April and was surprised to see how many of them have left this area. Makes me feel 1:00—Bing Crosby Rebroadcast more and more like a barnacle on the good ship "Y." There is used to be with the Kiska boys

Here's the Way to Buy NEW, USED OR RETREADED TIRES Under Wartime Regulations

I o save time, first go to your nearest Firestone Dealer who has complete official tire information. He will advise you if you are eligible and what class you are in. Then he will help you fill out the Application for a Ration Permit, furnish the dealer's Inspection Report, and do everything he can to assist you.

FARMERS ... Tires on farm tractors, com-

bines and trucks are eligible for replacement provided they cannot be repaired or retreaded. Furthermore, any farmer not owning a truck may replace the tires on his passenger car and trailer. For further information see the nearest Firestone Dealer.

While new and used tires and retreaded tires are restricted to essential buyers, no permit is necessary for tire repairs or retreading. If you know of a minor bruise or cut, have it repaired immediately. If your tires are smooth, make arrangements now to have them retreaded. Better still, have the Firestone Dealer give your tires a complete expert inspection, and put their care in his hands.

Special Announcement TO OUR CUSTOMERS

Due to new regulations placed upon us by our wholesalers, and the shortage of certain commodities and the extra work caused by the rationing coupons, we are forced to go on a cash basis commencing Nov. 15. We hope that the change will not inconvenience you. We wish to continue serving you to the best of our ability. We thank you for your patronage of the past and trust you will support us in the future.
