Are Being Pushed Into Smaller Area in Northern Tip of Tunisia

ENEMY HARD PRESSED

ALLIED HEADQUARTERS IN NORTH AFRICA, April 14 (CP) -Allied forces in Tunisia have driven up to Axis mountain defences ringing Tunis and Bizerte, an Allied communique said today, and British and American aircraft have destroyed eightyfour more Axis planes. The mass destruction of Axis aerial strength was led by flying fortresses which destroyed seventythree planes in two raids on Sicilian air fields. The British Eighth Army, continuing to press the Afrikan Korps northward from Sousse, ran into Marshal Rommel's prepared positions between Enfidaville and Djebel Bou Hadjar, a communique said. This, apparently, is a mountain defence line upon which Rommel has fixed for his main stand. The British First from the west, also pushed the Germans back along Beja road north of Kedjez-el-Bab to within three miles of Sidi Neir, about forty miles west of Tunis.

ALLIED HEADQUARTERS IN NORTH AFRICA, April 14 (P)-Allied forces have pushed the enemy into a further contracting area in the northern tip of Tunisia, gaining new ground north of Sousse and Kairouan on the southern side of the Axis box and in the Medjez-el-Dab sector on the northwest, Allied headquarters announced yesterday.

Recent Bride Given Shower

Delightful Affair Last Night for Mrs. Ernest Hillen, Former Miss Edith Doberczak

Mrs. Ernest Hillen, the former Miss Edith Doberczak, whose marriage took place recently, was the best seller novel of the same name, honoree at a delightful miscella- the tense drama "Keeper of the neous shower held last evening at Flame," starring Spencer Tracy the home of Mrs. N. Mussallem, Fourth Avenue West, by members of the commercial class, of St. Joseph's Academy. The affair was organized by Miss Nancy Owens and the evening was pleasantly spent in music and dancing, the feature of the proceedings coming just before the serving of delicious refreshments when a beautifully pink and white decorated basket was brought in and placed before the bride. It contained many articles of ornament and use.

Miss Owens, Mrs. Gordon Bryant, Merle Sjovar, Miss Marion Bell, she is not frank with the news-Miss Marion Sheppard, Miss Lor- paperman, he comes to suspect her . raine Gillis, Miss Isabel McKenzie, of complicity in her husband's Rae, Miss Alice Barbe, Miss Eileen | conscience. A sensational discovery Fitzgerald, Miss Suzanne Ward, and crashing dramatic climax solve Miss Gloria Swanson, Miss Eileen the problem. Foster and Mrs. Florence MacRae.

Spencer Tracy and Katharine Hepburn Co-starred in "Keeper of the Ftame"

Adapted from I. A. R. Wylie's and Katharine Hepburn in the leading roles, comes to the screen of the Capitol Theatre as the feature offering this Wednesday and Thursday.

Tracy's role is that of a war cor-

respondent who returns to America after being ousted from several European capitals for telling the truth. He is assigned to write the life story of a famous American leader recently killed in an accident. In the course of his investigation he meets the young and beautiful widow of the dead man and Those present were Mrs. Hillen, falls in love with her. Miss Hepburn plays the latter role and dramatic Miss Marie Frith-Smith, Miss complications ensue when, because Miss Irene Lindsay, Mrs. Alex Mc- death and is torn between love and

> Tracy's role is sometimes whimsical and sometimes grimly dramatic. Miss Hepburn arises to emotional heights in the elimax. Richard Whorf, newcomer from the Broadway stage, gives a compelling portrayal of a sinister role.

REFRIGERATOR RELAXING?

Your Electric Refrigerator must last for the duration. Help it to do the best job possible by giving it a little care. You'll save serious trouble later and you'll get much better all-round performance. Here's how to keep it running:

- Defrost according to manufacturer's instructions. Empty the drip water immediately. • Wash the inside of your refrigerator with baking soda and
- water each time the refrigerator is defrosted. Don't forget the freezer - that's where food odors collect. • Avoid overloading the refrigerator with food - it stops
- necessary air circulation. • Be sure the cold control is set as it should be to give the proper food compartment temperature.
- If you have an open type mechanism in your refrigerator, it will need periodic oiling and adjusting. Have a reliable serviceman do this and ask him about how often it should be repeated. Hermetically-sealed units do not require oiling or adjusting. MOST mechanisms should have occasional cleaning. Consult your serviceman.
