REDS STILL GAINING—

## RUSS ARMY MOVING ON TO ROSTOV

Arc Threatening Enemy With Vast Encirclement in Ukraine and Donets

MOSCOW, Feb. 6 (CP)—Red Army troops, sweeping west and south over the snow-packed ground of the Ukraine and Donets Basin, are smashing today into German communication routes and threatening a vast encirclement of the entire Don Basin region while south of Rostov Soviet troops are reported hammering hard at the heels of the retreating Germans. Behind Red armies spearheading into the Ukraine and against Kursk, encircled German garrisons are being mercilessly destroyed, front line dispatches say. The capture of Lyzum and Yama provided the Russians with third and fourth bridgeheads over the upper Donets River, others being at Kamensk and Proletarsk.

The Russians captured more towns and a railway station ten miles south of Rostov.

The Red Army was reported today to be only 22 miles from Kursk and 50 miles from Kharkov both of which like Rostov are vital to the Germans.

Pilot is Killed But His Name Not Yet Made Public

VANCOUVER, Feb. 6—A Royal Canadian Air Force pilot was killed in a crash at Pender Island, it was announced yesterday. The next of kin have been advised but the name of the pilot has not yet been made public.

## Prospects For Building Here Not Very Rosy

Building permits for this January amounting to \$700 compared with \$3425 in the same month last year. This, of course, applies only to civilian building and does not include defence projects. With the scarcity of labor and material, there is little likelihood of any extensive civilian building here in the near future.

### SAGUENAY RIVER PROJECT NEARS COMPLETION

The dynamite used for blasting this huge rock cut would provide enough block-busters to blow Berlin to bits. This view shows tail race leading into the first half of powerhouse of the new Saguenay power project in Quebec. It will develop power while second being built. Cold mist rising from water is result of 50-below temperature when picture taken.

## British Prime Minister Pays Surprise Visit To Tripoli; Speaks to Men

German Radio Suggests That Next Stop May be Lisbon For Conferences With Spanish and Portuguese Government Heads

CAIRO, Feb. 6 (CP) — Prime Minister Winston Churchill, following up the Casablanca and Turkish parleys with a surprise visit to the British Eighth Army in the field and a triumphant parade through Tripoli, captured capital of the former Italian African Empire, has vined his way to another undisclosed destination which Berlin has suggested might be Lisbon for conferences with the heads of the Spanish and Portuguese governments.

Mr. Churchill spent Wednesday night at General Bernard Montgomery's headquarters outside of Tripoli and entered the city to review victorious British troops Thursday.

In the course of his flight to Tripoli, Mr. Churchill went over the country through which Marshal Erwin Rommel's forces had recently retreated. Much wreckage was still in evidence.

In addressing men of the Eighth Army, the Prime Minister thanked them for their great work which had changed the whole course of the war.

## GENERAL PRISONER

Falls Captive to Americans in Tunisia—Air Score Favors Allies

## YANKS FALL BACK

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 6 (CP) — Allied troops have been dislodged from Djebel Mansour, six miles southeast of Bou Arada, after a brief occupancy, it was announced today. No other reports of land action in the Tunisian theatre of war are received although the German radio asserts that Allied troops have launched repeated attacks against Axis strong points southwest of Pont de Fahs. Continued heavy arrival of Axis reinforcements indicate that a great battle is impending in Tunisia.

## ALLIED HEADQUARTERS IN NORTH AFRICA

Feb. 6 (CP)—Americans, battling the Axis in the area of Sened in southern Tunisia, have listed an Italian general among prisoners taken. The Americans have withdrawn from Sened after accomplishing their purpose.

In widespread air and more intensified combat the Allies destroyed more planes than they lost, the scoring yesterday being 26 to 10 for the Allies.

## FIVE DIE IN BLAST

Explosion Late Friday in Plant at San Pablo, California

SAN PABLO, Cal., Feb. 6 (CP)—Five persons died and eight others were injured in an explosion in the Chemiric Co. plant here late Friday.

The dead include four women and men employees of the company.

## BIG POWER PLAN HERE

Premier Hart Reveals to Legislature That Easterners Are Interested

## MUSSOLINI TAKES OVER

Il Duce Ousts His Son-in-law as Italian Foreign Minister

LONDON, Feb. 6 — A broadcast from Rome picked up in New York yesterday announced that Premier Mussolini had taken over the foreign ministry of Italy from his son-in-law, Count Ciano, in a major shake-up of the Fascist cabinet. Crown Prince Umberto was reported to have taken over command of the Army.

It is suggested here that the move of Mussolini was that of a cornered man and that Adolf Hitler may have himself ordered the removal of Ciano.

There has been much political unrest in Italy.

## BEATEN BY FOUL CALL

Fritz Zivic Loses Bout in New York to Beau Jack

NEW YORK, Feb. 6 (CP)—A booby punch, which apparently only the referee thought was a foul, gave Beau Jack a ten-round decision over Fritz Zivic here last night.

## PILOT IS MISSING

Harold Gillam Only Person on Lost Plane Unaccounted For

KETCHIKAN, Feb. 6 (CP)—Both Robert Gebo of Seattle and Dewey Metzdorf of Ketchikan were found alive and in good spirits when a rescue party reached them late yesterday, the United States Coastguard reported today. The two survivors of a plane crash in which Pilot Harold Gillam and four others were stranded on a lonely mountain a month ago will be taken to a relief ship in Smeaton Bay on stretchers as soon as their condition permits.

Meanwhile searchers are combing the coast for trace of Gillam, veteran Alaska pilot, who left the party to seek aid a few days after the crash and is now the only member unaccounted for.

Percy Cutting of Hayward, California, and Joseph Tippitts of Anchorage were found Wednesday.

A woman passenger was killed.

The Department of the Navy announces that four or five planes of a Japanese force of twenty-five machines which attacked a United States convoy off Guadalcanal in the Solomons were brought down. There was no announcement as to what the American naval losses may have been although it is stated no transports were sunk. United States forces have made new gain on the ground on Guadalcanal.

### DESECRATION PROTESTS

### TALKS OF JAPANESE

VICTORIA — Grant MacNeill, C.C.F., said that the Japanese question was of particular importance to the people of Vancouver to which city 16,000 would be wanting to move after the war. Consideration should be given what would be done with them. They should be "Canadianized" as far as possible, he felt.

### ADVANCING IN TUNISIA

LONDON — An Algiers radio broadcast said today that General Montgomery's troops are now a "good sixty miles inside Tunisia" and are swiftly bearing down on the Mareth Line where Marshal Rommel is expected to make a last bid to hold Tunisia.

### PEACE WITH FINLAND

### LOCAL MEMBER SPEAKS—

## PATTULLO IS HEARD IN HOUSE

Speaks on Political Situation—Discusses General Politics

VICTORIA, Feb. 6 (CP)—The political situation more and more has a direct effect on the social and economic situation in British Columbia and he would very much regret to see the Liberal party emasculated, T. D. Pattullo, former Premier and member for Prince Rupert, told the Legislature yesterday. "Coalition would develop into Toryism or socialism and I don't like either," Mr. Pattullo said.

"While the Premier is trying to maintain harmony that is more than I can say for the leader of the other wing of this herphrodite government who has gone out of his way to boost the Tory party," Mr. Pattullo said.

The former Premier told of opposition he had encountered while Premier in his efforts to have the Alaska highway built through British Columbia and to annex the Yukon to this province. Now Alberta was getting the benefit of the highway while British Columbia had been double-crossed by powerful interests.

As for the report on the post-war rehabilitation committee, Mr. Pattullo said it contained little more than had been proposed by the Pattullo government.

The member for Prince Rupert emphasized the importance of the income tax privilege being restored to the province after the war.

### The Peace Situation . . .

A highly placed British authority expects the German war front to collapse and bring peace to Europe by April. Another British official, whose opinion is less to be respected than the first authority, has more definitely marked Easter, April 25, on his calendar as the ultimate day to which Hitler can hold out.

Both of these opinions are of course only personal guesses.

They are not necessarily based on any specific knowledge of events to come, but rather represent superior judgment of the prospects which all can see — namely pressure of the Russian winter campaign, plus the closing Anglo-American stranglehold on Italy, and intensified bombing of the Continent (if not a new front in northern Europe) might break the war-will of the German army.

Japan is another matter, a matter of at least a year or more.

Congressmen who have been trotting in and out of Washington lately have talked vaguely of post-war planning, and there is a report among the topmost politicians that Mr. Roosevelt has a definite formula prepared and ready.

There seems to be nothing on the record to impede F.D.R. in seeking adoption of a quick peace formula if he chooses.

Peace, however, will be made, not by Mr. Roosevelt or by the American people, but by Roosevelt, Churchill and Stalin, representing divergent and conflicting popular Russian, British and American opinions.

If we blind our eyes to the conflicting reality of what they represent, we will only be deluding ourselves temporarily.

It is certain there will be a long armistice. Whether or not Mr. Roosevelt has a peace formula, the problem is so vast (larger than any which ever confronted this world before), and requires wholehearted acceptance by so many conflicting elements, that a satisfactory solution can only be obtainable by progressive steps over a long period.

## Rites Were Impressive

Bethel of Job's Daughters Duly Instituted Here Last Night—Beautiful and Unusual Ceremonies

Beautiful, impressive and unusual were the rites last night which marked the institution of the Prince Rupert Bethel of Job's Daughters, organization for girls whose parents or relatives are connected with Masonry either directly or through the Order of the Eastern Star. The ceremonies took place at the Masonic Temple with ritualistic work in the lodge room itself and the social conclusion in the banquet hall. Directing the proceedings were Mrs. Edith Dawson of Victoria, grand guardian for British Columbia, who came north especially for the purpose. Masons, members of the Eastern Star and parents formed a large congregation which witnessed the institution.

The opening incident was the formal instituting of the bethel in connection with which the grand guardian was assisted by Mrs. Caroline Lambie, Mrs. Florence Eve, Mrs. Vera Tinker and George Dawes.

Then came the installing of the bethel guardians who are: Guardian, Mrs. Laura Mitchell, Associate Guardian, George Dawes.

Secretary, Miss Alma Dybhavn. Treasurer, Miss Dorothy Stiles. Director of music, Margaret Armstrong.

The grand guardian was assisted in this ceremony by Mrs. Maisie O'Neill, Mrs. Lillian McLean, Mrs. Vera Tinker and Mrs. Irene Vance.

#### Girl Officers

Installing of the girl officers of the bethel followed with Mrs. Grace Spencer, Mrs. Elsie Darton, Mrs. Maisie O'Neill and Mrs. Irene Vance assisting Mrs. Dawson. The girl officers are:

Honored Queen, Margaret Morin. Senior Princess, Bea Grosvenor. Junior Princess, Dorothy McLeod. Others of the girl officers— are Mona McRae, Bernice Eastwood, Dorothy Kergin, Ruth Walton, Hilda Pottinger, Jean Thompson, Marie Boulter, Molly Frew, Patricia McClymont, Gladys Foster, Peggy Barclay, Marjorie Eby, Kay Nickerson, Jean McAfee, Patricia Love, and Gwendolyn McRae.

The formations of the girls in their beautiful long white gowns were indeed impressive, an impressiveness which was enhanced by the religious recitative formalities and the musical embellishments.

Speakers heard after the installations were the Honored Queen, who expressed her appreciation of being elected to the office; Mrs. Dawson, the grand guardian, who presented an altar cloth on behalf of Bethel No. 2 of Victoria, and a gavel; Dean J. B. Gibson, who dedicated the altar cloth and a white Bible which was donated by Mrs. May Gordon; Mrs. Laura Mitchell, the bethel guardian; George J. Dawes, who presented a white kid Book of Job to the Honored Queen on behalf of the Supreme Guardian; Ald. W. H. Brett, who represented the mayor; C. C. Mills, representing Tyee Lodge, and Mrs. Mabel Garrett who represented the Order of the Eastern Star.

Later in the banquet hall, refreshments were served, the officers and members of the bethel seated at tables while to the spectators the refreshments were served buffet style. These proceedings were of a jolly informal nature in which Mrs. Dawson took a leading part, especially in connection with the singing, Mrs. E. J. Smith acting as accompanist.

## Consumers of United States Metals Must Conform to New Priority Order

UNDER the new Modified Controlled Materials Plan, made effective in Canada by Order P.O. 3 of January 21, 1943, all manufacturers, processors, fabricators, public utilities, and others defined as Class 1 Consumers, who bought at least \$2,500 worth of metals, or parts containing metals, from the United States during the last quarter of 1942, or who intend to make such purchases in the second quarter of 1943, must submit at once to the Priorities Branch, Department of Munitions and Supply, a new form, PB-1005, fully and accurately completed.

Deadline for submitting the new form is February 10. Any delay in filing will jeopardize deliveries from United States suppliers, and may hamper the Canadian war effort.

Specifically the Class 1 Consumer, who must fill in the form, is defined as follows:—

"Class 1 Consumer" means any person (or any branch, plant, department, or other division of a corporation or business) whose imports from the United States, either directly or through a Canadian agent or distributor, during the most recent calendar quarter, or whose anticipated imports from the United States either directly or through a Canadian agent or distributor, during the current or next succeeding calendar quarter, of metals and, or articles containing such metals (excluding capital equipment), aggregate \$2,500 or more in purchase value; except any person to the extent that he is engaged in the business of the sale of materials which he has not manufactured, processed, fabricated, assembled, or otherwise physically changed, including sales as a distributor, wholesaler, retailer, warehouse, industrial or mill supply house, or scrap dealer. For the purposes of this definition the above exception shall not apply to the operations of a steel warehouse.

Further information, forms, and instruction booklets, are available at the nearest Regional Office of the Priorities Branch, located as follows:

## ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT  
The Hostess

Good news for concert fans. The Edmonton Variety Troupe will be in town over the week-end under the auspices of the Auxiliary Services. They will give a number of concerts for the various units as well as an afternoon and evening concert at the Capitol Theatre. Tickets for the evening concert have been distributed among the different units and are needed for the evening performance. No tickets will be needed for the afternoon concert. The troupe is not the one from Edmonton which was up here a month or two ago but one consisting of six girls and four men and they have plenty of entertainment to offer.

I did a spot of hospital visiting in and found a number of new service babies on record. The mothers all looked very happy and well and the two navy fathers I caught visiting looked as well as might be expected after such a trying ordeal. The young people made their appearance in this order—on January 25 to Mr. and Mrs. Galant of the R.C.A.F. a small daughter quaintly named "Penny Dee"; on January 29 to Mr. and Mrs. Cooper of the R.C.A.M.C. a son; on February 3 to Mr. and Mrs. Lloyd Angebauer of the Navy a son and on February 4 to P.O. and Mrs. "Dodd of the Navy a daughter. That stork that was on duty so much in October last has been putting in some overtime again. Well congratulations everyone!

One of my senior hostesses for Thursday night, Mrs. Boulter, had a guest from Winnipeg staying with her and brought her along to assist and imagine my surprise to find she was an old acquaintance from the days when we both belonged to the Onwego Snowshoe Club of Winnipeg. You may be sure we passed a happy evening recalling the fun we had.

Hec MacKenzie gives me the following report: "The Service Basketball League is again functioning after being defunct for several weeks due to the lack of floor space. All the games are now being played at Seal Cove."

The Army boxers are rapidly rounding into shape in preparation for the Command Boxing Tournament in Vancouver in March. If you are handy with your "dukes" contact Captain Brodberry or Hec MacKenzie at the Y.M.C.A. The workouts are being held every Wednesday evening at the Ontario Regiment Y hut.

There will be a dance in the Sergeant's mess of a Manitoba Regiment tonight. Invitations have gone out to Junior Hostesses who will meet at the "Y" as usual.

# HOW DO THOSE BRITISH WOMEN "CARRY ON"?

British women have shown they know how to "keep going!" And a survey recently made throughout Britain shows that they voted for Aspirin as one of the three drug items most truly needed for maintaining their health and morale.

Especially now, with so many millions in full-time war industries, Aspirin has become almost "standard equipment." Women know, from many years of experience, that Aspirin gives effective, dependable, speedy help against colds.

They don't have to wait for it to work. In less than 2 seconds, Aspirin is right on the job... starting to relieve fever and stiffness, muscular aches, and the headache from colds. Aspirin is rated as one of the safest of all analgesics... yet it costs less than 1¢ a tablet in the economy bottle.

Be glad you have Aspirin here. Always keep some handy. Aspirin is made in Canada, and "Aspirin" is the trademark of The Bayer Company, Limited. Look for the Bayer cross on each tablet. If you don't see this cross, it isn't Aspirin.

## Canadian Legion Women's Meeting

Various Activities Given Attention Thursday Night

On Thursday evening the Women's Auxiliary of the Canadian Legion held its regular monthly meeting. Mrs. F. Barber, president, was in the chair. Routine business occupied the first part of the evening and then arrangements were made for a spring sale on April 21. This sale will take the form of an apron sale.

The reports on the raffle were very encouraging, as also were those on the activities of the sewing club.

At future meetings there will be knitting of quilt squares and other work for the bombed out refugees.

## Kitzegukla Boy's Recovery Marked

Mr. and Mrs. Mathias Wesley Hold Party for Their Son, Oliver

SKEENA CROSSING, Feb. 6.—Mr. and Mrs. Mathias Wesley entertained with a party in Kitzegukla Hall to celebrate the recovery of their son, Oliver Wesley, who had been a patient for almost four years in Winch Memorial Hospital at Hazelton. He had been admitted to the hospital through the instrumentality of Rev. Bishop Black, former missionary at Kitzegukla, and Dr. W. E. Austin, former medical superintendent of the Hazelton Hospital.

During the early part of the evening there was a musical program which included duets by Herbert Wesley and Jacob Brown; duets by Miss Jane Howard and Miss Rowena Moore and a solo by Mr. Watson.

Addresses were given by Joseph Wesley, grandfather of Oliver Wesley; Alfred McDames, Samuel Wesley and Peter Mark.

Games and other entertainment were enjoyed until midnight when refreshments were served. Then dancing was indulged in with music by Douglas Wesley's Orchestra.

 Gasboat Explosions and Fires Mark  
 Week Here—Seining Fleet Moves  
 To Queen Charlotte Islands

Gasboat fires and explosions caused some excitement along the waterfront during the past week. Unfortunately, one early Sunday morning last was attended with fatality when Private Rodney Valpy, well known district youth, who was in the armed services, was suffocated to death when he failed to make his getaway from a burning power cruiser at the floats of the Prince Rupert Rowing and Yacht Club. Dr. R. G. Large's Soogwilis, in the berth on one side of the burning vessel, and M. M. Stephen's Vera S. Frye, in the other, were considerably scorched. The incident of explosion was on Tuesday afternoon when a gasboat near the Armour floats blew almost entirely apart, fortunately no one being badly hurt although some were blown around a bit. The boat on this occasion was virtually demolished. Ignition of gas fumes in close quarters may have been the cause of both mishaps, it is believed.

Continued cold weather in the Naas River area, with ice four or five inches around the Khutzamat-teen and elsewhere in the neighborhood has made the chances of herring seining there slight for the time being at least with the result that the seining fleet has been moving out to the Queen Charlotte Islands in the hope of finding fish there in seining quantities. The B. C. Packers plant at Port Edward is ready to start handling herring as soon as it is available. So is the Canadian Fishing Co. plant at Butedale. There is some uncertainty as to whether or not Nelson Bros. Ltd. plant at Tucks inlet will be operating this season.

**AIR LINES OFFICIALS**

WINNIPEG, Feb. 6—Gordon R. Wilson, city traffic manager, TransCanada Air Lines, Winnipeg, has been promoted to the position of district traffic manager, Montreal, according to announcement made by W. J. Dalby, traffic manager, F. P. Alward, city traffic manager, Montreal, has been transferred to Winnipeg as chief clerk in the general traffic office.

Born in Winnipeg in 1909, Mr. Wilson joined the Canadian National Railways as clerk in the car service department and four months later became a stenographer in the general passenger department. In 1937, he went to the city ticket office, Edmonton, and for several years was assigned to Jasper Park Lodge during the summer. He transferred to TransCanada Air Lines in March, 1939, before the inauguration of passenger service on the air line and was successively traffic representative, city traffic agent and city traffic manager, with jurisdiction over the territory from the lakehead in Ontario to the Alberta-Saskatchewan border. He sold the first T. C. A. tickets purchased in Winnipeg.

Mr. Alward, who will specialize in traffic and rate work, was born primary education in Moncton, N.B. in Ottawa in 1906 and received his B.A. and M.A. of McGill University. His business career began in the traffic bureau of the general passenger department, Canadian National Railways, Montreal, in 1928. Joining T.C.A. in 1939, he was the first traffic representative in Montreal. He became city traffic manager in 1941.
