Russians Take Important City

Zhitomir, Railway Hub In Ukraine, Captured By Reds From Nazis

MOSCOW, Nov. 13 (CP)—After executing a converging movement on Zhitomir, strategic junction point of the German's last north-south railway line inside Russia running from Odessa to Leningrad, the Russians have captured the town, Premier Joseph Stalin announced today. The capture of the rail center 90 miles west of Kiev was announced in a special order of the day by Stalin.

Zhitomir is the hub of rail lines and highway in the western Ukraine, and lies 60 miles from the Polish border. Its capture forces the Germans to rely on a circuitous single track system 100 miles west of the present fighting lines. It did much to split Germany's north and south armies, and opened the way for the Soviet plunge into Poland and the Balkans.

Passing Of Col. Hill

Officer of United States Army Headquarters Corps Dies in Prince Rupert.

Colonel David S. Hill, United States Army, stationed at Prince Rupert since October, 1942, passed away from natural causes at about 2:30 Friday morning.

Colonel Hill began his military career in 1910 upon being commissioned a captain in the New Jersey National Guard. He continued to advance in that organization until commissioned a lieutenant-colonel in 1913. He was mustered into federal service in June, 1916, and spent a short time on the Mexican border before being honorably discharged. He again entered federal service and served during the world war until January, 1919, when he returned to his National Guard duties as a major in the Quartermaster Corps. Several positions of a similar nature were held until he was promoted to colonel, Quartermaster Corps, New Jersey National Guard in August, 1939.

He was ordered to active duty in the Quartermaster Corps in September, 1940, and has remained on this assignment both in the United States and in Prince Rupert up to the present.

Colonel Hill was born on December 30, 1884. His remains will be returned to Trenton, New Jersey, where he leaves his widow as his only dependent.

Magistrate Warns Military Drivers

\$10 Fine and General Warning Are Results of Despatch Rider's Speedy Trip

"It is not my intention to make this man the goat for the whole army but I want to take this opportunity to make clear that, unless the driving of military vehicles at excessive speeds through the city is stopped, serious action on the matter will be taken in this court," Police Court Magistrate W. D. Vance said Friday morning before passing sentence on a military despatch rider whom he judged guilty of driving at a speed in excess of 25 miles an hour.

The despatch rider, Pte. W. F. Armitage, was found guilty of driving a motorcycle along Second Avenue at a speed estimated by Constable McAllister of the city police to be as high as 50 miles an hour at 4 a.m. on November 8.

According to Constable McAllister, Armitage had passed the police station and turned west on Second Avenue just as McAllister had begun a cruise in the city police wagon. He had trailed Armitage, McAllister said, as far as a camp out in Westview, pacing him about a hundred yards behind and his speed had varied between 45 and 50 miles an hour. He said that he doubted if Armitage knew he was being followed.

Armitage, who pleaded not guilty, claimed that he had not been travelling at an excessive speed, for it was dark and the road was wet and rough, and he had been winding his way through the pot-holes in it. He admitted that he did not know until he reached camp that he had been followed by a police car.

He said that he had never been made acquainted with any city-by-law concerning driving speeds but that he had been instructed by his superiors not to drive over 20 miles an hour within the city limits.

At the time the incident occurred Armitage was carrying a secret message, which, he admitted although it was urgent, did not rate high speed delivery.

Appearing as a character witness for the accused was Sgt. G. L. Sullivan, sergeant in charge of despatch riders, and Armitage's immediate superior.

After citing an experience in which an army motorcyclist, driving on the wrong side of the street, had bumped his car, Magistrate Vance fined Armitage \$10 or three days in jail.

Appearing for the prosecution was Staff Sergeant F. W. Gallagher and counsel for the defence was Capt. G. H. Alken.

EIGHT LOST AFTER CRASH

HALIFAX, Nov. 13 (CP)—Seven members of the Royal Canadian Air Force, including R. R. Inge, Halifax, and Section Officer Irene Watson, of the Women's Division, are missing and believed killed after the crash of a twin engine flying boat in Newfoundland, the Eastern Air Command announced today. Five others aboard the plane are only slightly injured.

Women's Army Opportunities

Educational opportunities, entertainment, good meals and clothes were offered to women between the ages of 18 and 45 declared Lieut. L. M. G. Brown, recruiting officer of the Canadian Women's Army Corps, in speaking before the Prince Rupert civilian recruiting committee on Wednesday evening.

Miss Brown told how one of the primary purposes of the C.W.A.C. was to release men for more active service. Women were able to serve now in every non-combatant job in the Army.

The speaker told how recruits were received following enlistment. From Prince Rupert they were provided with transportation to Vancouver where they were given examinations and tests, one object being to determine the work in the Army to which they were best suited. The girls were given the chance, as far as possible, to do the kind of work to which they were best adapted. Principally needed in the Women's Army were recruits for office work but there were also opportunities in other lines. First pay for the woman as a private was \$1.05 per day but, after six months, there was an increase to \$1.20. There was no necessary article which the C.W.A.C. had to buy for herself.

Recruiting for the Canadian Women's Army Corps had been going ahead by leaps and bounds, Lieut. Brown said, and British Columbia had done exceptionally well.

In addition to the civilian recruiting committee members, the Imperial Order, Daughters of the Empire, and the Women's Canadian Club were represented at the meeting by Mrs. J. A. Donnell and Miss Helen Valentine.

P.O. K. MacDonald will be leaving next week for the south where his marriage to Miss Norah Rowley of Vancouver will take place.

Turning to the many service men in his audience the Bishop said: "As long as Christ is the head of the church men, you can go ahead and fight. As long as the church is on the earth there will always be freedom and something to fight for."

"The church is finding its place in this crisis. It is carrying on the work of missions the world over. The home congregation has its vital part to play; the foreign mission work would have been wiped out had it not been for the support from the home front. We know in whom we believe and have a vital part to play."

Concluding his address the Bishop emphasized the need of the family altar in the home. "We must have the conviction that man does not live by bread alone, but by every word that proceeded out of the mouth of God." It may not always be easy for the father to take the family Bible and read but make a beginning, for we shall never be able to make a contribution to the world unless we get back to the home."

Sunday is to be the Centennial Commemoration Sunday, with both choirs participating together with other musical numbers. The Bishop will be the speaker for the day. In the evening a history of the Lutheran Church during the past hundred years will be interestingly presented in the form of words and music.

Raymond F. Thoms, who has been employed at the local dry dock, left last night for Vancouver to join up with the Army. He has been a member of the local Reserve unit.

Centenary Observance of Lutheran Church Gets Under Way With Banquet

Opening special Norwegian Lutheran Church centennial festivities at St. Paul's Church here a capacity audience gathered in the newly furnished basement Friday evening at a formal banquet. The local congregation together with hundreds of others are remembering the year in a special way. The banquet was arranged by the Ladies' Aid of the congregation with Mrs. Magnus Anderson in general charge.

Following the banquet a full program was presented which was very much appreciated by all present. A newly organized instrumental trio, consisting of Miss Margaret Johnson, cello; Private Zeff, violin, and Sgt. Harvey Berneking, piano, played two selections "Cavatina" (Raff), and "Andante Cantabile" (Tschalkovsky). Their encore number was "The Mill" (Raff). Cpl. Harold C. Norman sang the well loved "Lord's Prayer" (Mallotte).

The feature of the program was the address by Bishop H. L. Foss of Seattle who very forcefully laid before the congregation the need of Christian training in the home. He gave to the congregation words of encouragement for the work evidenced by the building of the present edifice. "Churches like these have their beginning in the home," the Bishop said. "Children instructed in the Word of God in the home come to a foreign soil and are not satisfied until they have also a church home in the new land. It was from backgrounds like these that the first churches were built and congregations organized in the New World."

"Years roll on, and wars come but the church cannot be killed for it was built by Christ Himself and the gates of hell shall not prevail against it. History reveals that attacks have been made again and again to destroy it but it shall never fail—we have Christ's word for that."

Turning to the many service men in his audience the Bishop said: "As long as Christ is the head of the church men, you can go ahead and fight. As long as the church is on the earth there will always be freedom and something to fight for."

"The church is finding its place in this crisis. It is carrying on the work of missions the world over. The home congregation has its vital part to play; the foreign mission work would have been wiped out had it not been for the support from the home front. We know in whom we believe and have a vital part to play."

"We must have the conviction that man does not live by bread alone, but by every word that proceeded out of the mouth of God." The Great Collapse . . .

Some of us remember the great collapse of 25 years ago which culminated in the Armistice on November 11, 1918. Early in the summer of that year, Germany seemed a long way from collapse and the Allied forces were fighting for their very lives. As lightning flashes out of a stormy sky, smiting some stalwart oak and shattering it into shreds, so there flashed out of the storm of that struggle a force which finished Germany for the time.

We come again to the month of November with another four years of world war behind us, and Germany as our avowed enemy; and again we are hearing rumors that Germany is on the verge of a great collapse. The collapse propaganda may be very real. On the other hand, at this stage, it may be largely political. One thing which must be evident to the German leaders is "the handwriting on the wall," which surely spells their doom. One thing is certain and imminent, namely: Germany is destined to see a great collapse. But until it comes we cannot slacken our endurance.

BASKETBALL LAST NIGHT

Fliers Beat Battery and Ontarios Defeat Fortress.

Regular weekly Thursday night basketball was played at Seal Cove last night, when Air Force Flyers outscored Coast Battery 32-21 in the opener, and Fortress came out on the short end of a 46 to 27 score against Ontarios in the curtain affair.

Fliers and Battery started off in what was originally scheduled as a basketball game but wound up looking more like a football contest that included broken field running and high tackling. The hoopsters, especially in the second half, seemed to be playing the man instead of the ball which, naturally, gave rise to a considerable amount of fouling.

Gerasimoff, for the Fliers, played a flashy game, and hustled his way through for 12 points. The quick combine of Cato and Zaek performed solidly and were good for seven and six points respectively. The Coast line of Kelley, Keshen and Calderoni worked well as a unit but couldn't get through often enough for the kill. Kelley was the Coast's top scorer with eight points.

The shindig was so-so at the half-way mark with the shooting below par on both sides. Going into the third quarter, the count was 11-8 for the Coast contingent when Gerasimoff and company let go with a salvo of leather that hit the target for 16 points against the Coast's two. I was 24-13 for the Airmen going into the fourth when the ball game really began to roughen up. In spite of this both quintets managed to get eight more points before the final whistle.

The second struggle was a quick-running back and forth type of contest that developed into a personal scoring duel between Kutner of Ontarios and Taylor of Fortress. When it was all over, the score sheet showed Taylor had amassed a total of 22, and Kutner a total of 15 points.

Taylor's first big splurge came in the second quarter when he cut loose for four baskets to help bring his mates ahead at the half. Both players took a breather in the third stanza but, in final round, they matched each other with five baskets and a free toss apiece. Chapman turned in a good night's per-

formance for Fortress, getting eight points.

Lineups:
Coast (21)—Lemond 5, Fredchuck, Leblanc, Golba 2, Kelley 8, Keshen 2, Hymyn 2, Calderoni 2.

Air Force Fliers (32)—Zack 7, Cato 6, Blore 3, Smithers 4, Gerasimoff 12, Davidson, McMorran.
Midlands (27)—Kutner 18, Bacala 4, Brydle, Lewison 1, Gottfred 1, Roberts 3, Crawford, Towpick.

Fortress (46)—Chapman 8, MacMurchie, Taylor 22, Guelpa 2, Turner 3, Kelley 3, Moore 8, McKeon, Brisbin.

Other Games
Making a successful debut in Area Basketball League, the Booth Memorial High School quintet defeated Ack-Acks 31 to 29 in the Naval drill hall Thursday night. With the high school entering the area loop's fold the number of contenders is brought up to ten.

In the two other games on the schedule Thursday night Little Americans outscored Navy 70 to 43, and Yanks trounced Reserves, 41 to 14.

Standing of the teams, including Thursday's games, follows:

Yanks	2 0 154 44 1000
Fortress	2 0 95 36 1000
Little Amerks	2 0 125 85 1000

Why AREN'T THERE AS MANY NEILSON'S CHOCOLATE BARS TODAY?

• First of all, there are wartime restrictions on the use of raw materials. Then, too, many more people today want to buy Neilson's Chocolate Bars... some for their overseas parcels. Others, who are working hard, find these nourishing chocolate bars so helpful.

So you see it is because of the greatly increased demand for Neilson's Chocolate Bars that they seem to be scarcer than they really are!

CHRISTMAS December 29th this Year?

Certainly we'll have Christmas this year on the same day as usual, December 25th. But what is Christmas without gifts and remembrances. And if these arrive late or maybe not at all—what happens then?

More than ever this year we urge you to DO YOUR CHRISTMAS ORDERING EARLY—if at all possible do it RIGHT AWAY. Wartime conditions will place all facilities under an abnormal strain later on. A great deal of merchandise will be difficult or altogether impossible to secure. Mail and transportation service will be operating under tremendous pressure. This year—as a patriotic gesture as much as for your own greater satisfaction—

**Waiting For
 Permission
 Of Hitler**

Ever so often the person who is working for some cause that will bear fruit in the future meets somebody who says: "Yes, I know it's a good thing. It's a fine thing. But we haven't time to concentrate on all these good things while the war is on. We'll make a drive for that when peace comes."

But some of these things don't wait for peace. There is, against tuberculosis which is highlighted annually at this season by the sale of Christmas seals to carry on preventive work.

Consider whether or not we dare postpone anti-tuberculosis work until after the war.

We have been at war for four years. During that time 24,000 Canadians have died of tuberculosis. Each year there were 11,000 admissions to sanatoria—tuberculosis prisoners of war. The majority, both of those killed by disease and those in the sanatoria, were of military age. Just think of it—24,000 killed in inaction and thousands more forced into a lockout when Canada is in desperate need of manpower.

It is quite possible to make tuberculosis as rare as smallpox in Canada. It should have been done long ago. Our failure to take proper preventive steps must have been a great satisfaction to Hitler.

We can do nothing now about the people who have gone. But it is not a moment too soon to begin saving those who may get infected this year, next year or ten years from now. The average citizen has a share in the preventive work that will save we know not whose life. He can give his support to preventive work. Perhaps he does it by backing the medical health officer when he wants tuberculin tests, given in the schools, industries, the stores of the town or among the food handlers. Perhaps there is to be a mass X-ray of a town or city and you encourage indifferent friends and neighbours to be X-rayed. Perhaps the support sought is financial, through the Christmas seal fund, which is used for preventive work.

Whatever the way in which help is needed to banish tuber-

By DOROTHY GARBUTT

On December 1 I am starting a Christmas parcel wrapping service for the boys at the Hut. We did it last year with great success and the boys appreciated it. I know it is a very busy month indeed but if any ladies would offer to come down a few hours in the afternoon of evening just to wrap parcels I would be very much obliged. Don't bother phoning. Our phone is the hardest to get in Prince Rupert, I think. Just come in and say you've come to help and you'll be the most welcome person in the place.

They say that Diogenes went looking for an honest man with a lantern. Well I'm looking. I'm sorry to say, for a dishonest man with a lantern—a Coleman type lantern with a green base and green top hood. It has quite a list to leeward as the result of a bash it received so it is easily distinguishable. I bought it just a month or two ago and kept it in the Hut cupboard in order to have it handy in a power failure. The failure the other day brought the loss to light. I hope it will be brought back when the borrower is finished with it.

The Y.W.C.A. chaperones for the Ack-Ack dance Monday night will be Mrs. S. A. Keilback and Mrs. J. A. Teng, representing Queen Mary Chapter of the I.O.G.E.

Mrs. Alex Mitchell, who is our Y.W.C.A. hospital visitor for this month, reports an Armistice Day baby. Little Sandra Barbour was born at noon on November 11 and weighed six pounds, four ounces at birth. Her parents are Corporal and Mrs. Barbour, Corporal Barbour being stationed with the Dental Corps at Seal Cove. She also reports that Miss Sharon Cail, five days old, is gaining weight. See what Prince Rupert does for you, Sharon!

Thanks to Christel Braun I now have a good sized bag of pine cones to send south.

 colosis, don't wait for Hitler to pass out before doing your share. The delay may be fatal to someone whom you want to live and whom the nation needs.
