Mayor Wins the Day; Daggett Elected Mayor; Mrs. Arnold Only Independent Alderman

Harry Mark Daggett, Prince Rupert's mayor-elect following yesterday's civic election, was born at Grand Harbor, New Brunswick, in 1889.

Esteemed Old Timer City Head

Harry Mark Daggett has Spent More Than Half of his 63 Years Here.

On coming of age in 1901, Mayor-Elect Daggett came west and for eight years engaged in farming in the High River district of southern Alberta.

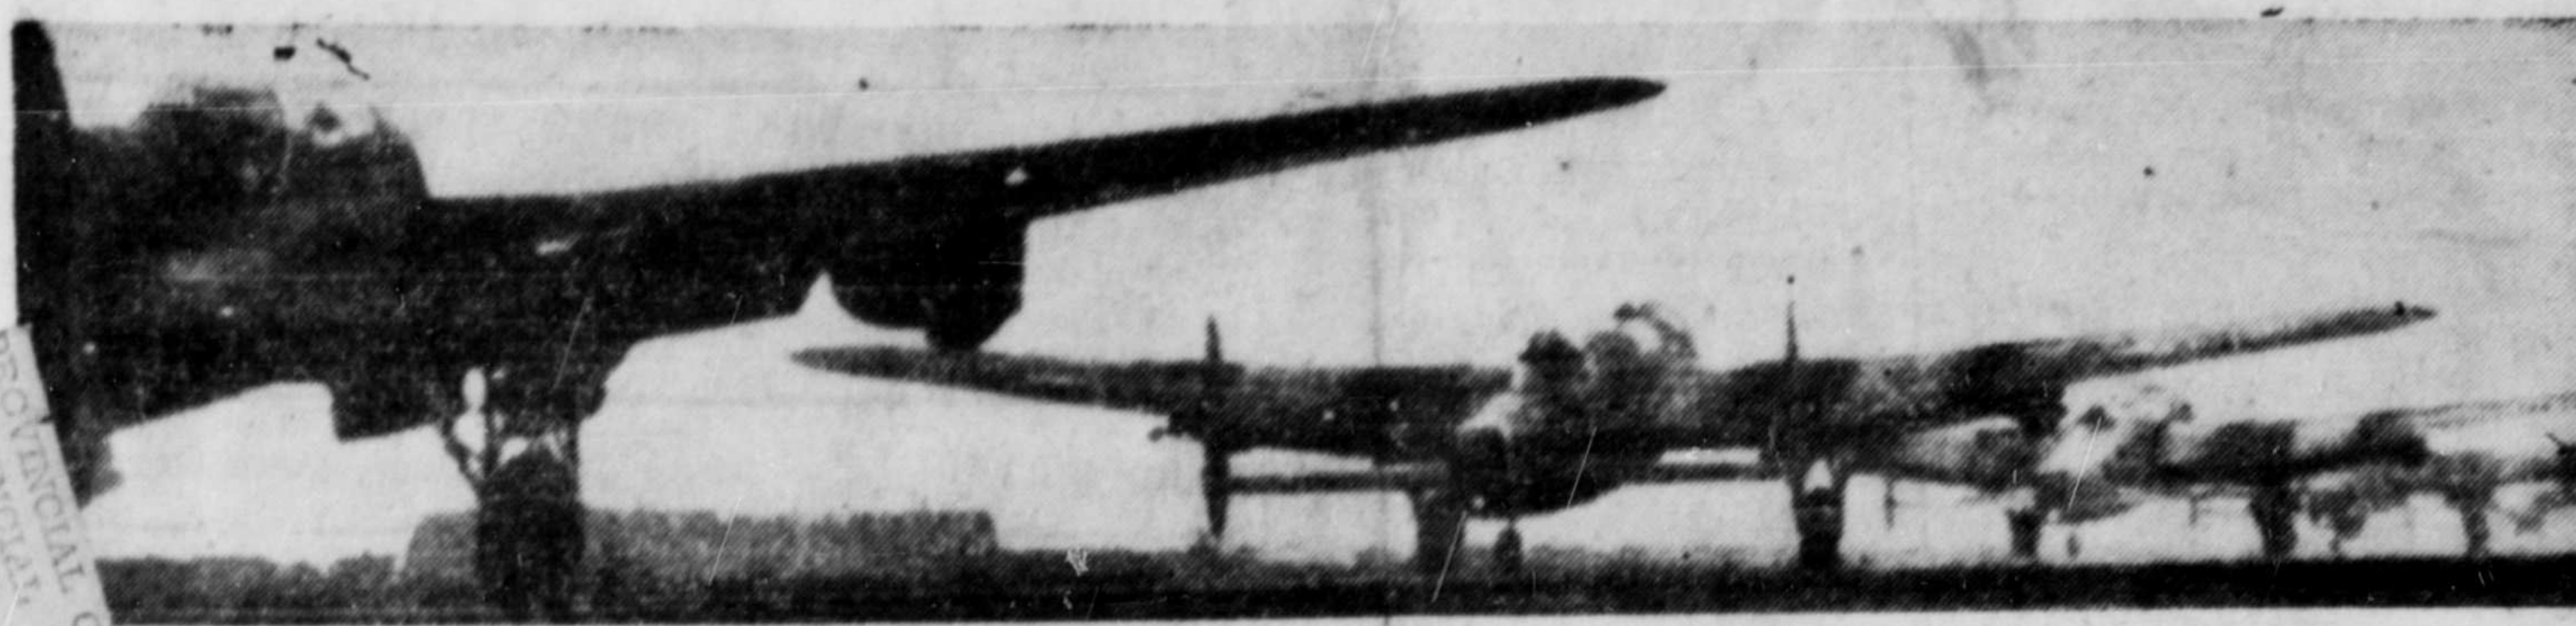

The new town of Prince Rupert beckoned to the young farmer in 1909 and, being handy with hammer and saw, he arrived here to take up the work of a carpenter.

Mr. Daggett has been active for many years in fraternal circles, having been prominent in Oddfellow's and Knights of Pythias lodges, both of which he headed for several terms of office.

Mr. Daggett's family consists of his wife and son, Harry Daggett jr. who is now in his third year in science at Queen's University specializing in chemistry.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

Considering the fact that everyone is rushed to death with Christmas work just now there was a very good attendance at the Services Wives' Club. The children were delighted with the bright lights on the Christmas tree. There were seventeen members and ten children present and a social afternoon was spent. Mrs Strand won the raffle which was donated by Mrs. Gomez and Mrs. Sargent and Mrs. Livingstone served the tea. It was decided to cancel next week's meeting. All who can be asked to go to the Navy Drill Hall Monday morning to fill

candy bags for the children's Christmas party is the afternoon.

I find that the busiest hours for parcel wrapping are, from 11 a.m. to 2 p.m. and from 5:30 p.m. to 8 p.m.—in other words in between shows. Our volunteers for today were Sue Woods as well as Mrs. Kimmel and Mrs. Valen who are members of the Y.W.C.A. Service Wives Club.

Breen Melvin has been having himself a good case of flu this week. Just goes to show he should have taken better care of himself during the first attack a few weeks ago. However this time, he's wiser.

My little Azalea is blooming like anything. Don Adams tipped me off as to the care of it and it has really worked. He said to keep it sitting in water, never to water it from the top through the earth. An azalea loves a damp, boggy soil, and he's right, it responds beautifully.

Well Miss La Pierre, who is hostess to the American boys and myself both celebrated our birthdays within a day of each other this week. Queer isn't it, both doing the same job? Must have something to do with our handwriting or our horoscopes.

BASKETBALL THIS WEEK

Anti Aircraft 34, Ontario Regiment 37.
Fortress 24, Airforce 56.

The remaining two games are to be played Saturday.

The basketball schedule of games will then be postponed until January 6.

DAILY EDITION Friday, December 17, 1943

The Election . . .

The municipal election is over and we congratulate Mayor-Elect H. M. Daggett and the aldermen-designate not so much on the fact of being elected to office as upon the measure of confidence which they have been shown to enjoy on the part of their fellow-citizens who have imposed important trust in them. There may be some honor in the fact of being elected a mayor or alderman but we presume that none realize better than the successful candidates themselves that there will be required of them, in carrying out the responsibilities with which they have been entrusted, much time, thought and energy. Doubtless, that was duly considered by them at the outset when they consented to become candidates. If any of them do not fully realize it now, they will do so before very much time has elapsed after they are initiated into their municipal duties. They will also find that, even if they do a good job, it will often seem to be a thankless one and that, where one word of appreciation is said, there will be a dozen shafts of criticism.

So we would say to the victors that, if they do their best and satisfy their own consciences, they should neither be carried away or influenced by what they may hear or be told on the outside. The people who elected them expect only that they will do the best their talents permit with honesty and efficiency, without fear or favor. We believe that each and all the new civic legislators may be trusted to put the best they have into a job which will, doubtless, be at times trying and perplexing. In that spirit we congratulate them now on their election. The task of municipal government in 1944 has, at this date, no earmarks of being any bed of roses and those who are entrusted with it may be entitled to our commiseration before it is over.

Labor Group's Victory . . .

The result of the election was a great victory for the Civic Labor Federation. It indicated the effect of organization and consistent campaigning. Except for a few days just prior to the election there was not even consideration of the organization of the elements opposed to outright organized Labor control at the City Hall.

The outcome is that never before has Labor had such a complete domination of the municipal government of Prince Rupert. Only one member of the city council and two members of the school board, oddly enough all of them women, are not directly sponsored by the labor organization. Whether or not that is to be beneficial or otherwise remains to be seen.

Another interesting angle of the election result is the success of the women, all of whom offered themselves meeting with electoral favor. Capable Nora Arnold is in the position of being the only alderman not directly sponsored by the Civic Labor Federation. Three women dominate the five member school board.

To the Electors of Prince Rupert

My thanks are due to the citizens of Prince Rupert for the honor in electing me to the City Council and I can assure you that I will do all in my power to merit your confidence. As the only independent candidate elected may I quote the words of Winston Churchill on a much more momentous occasion: "We have the honor to be alone."

GIFTS that ENDURE

As far back as recorded history reaches the gift of jewelry was always the highest token of esteem possible to express. It's the same today. In giving jewelry you give not only the most enduring of all gifts, but one that best expresses your esteem and admiration.
