NIGHT OFF AFTER BIG BOMB RAID

Allied Warplanes Head Across Channel Again Today Towards Reich-controlled Europe

LONDON, May 25 (CP)—A strong force of Allied warplanes headed across the Channel this morning to resume by daylight an aerial offensive which reached its peak Sunday night with a record-breaking Royal Air Force assault on Dortmund. Royal Air Force fighters were over northern France on intruder patrols during the night but heavy bombers were given a rest after the 2,000-ton attack on Dortmund.

BLUDGEON SARDINIA

Allied Planes Continue to Hammer Heavily at Italian Island Stepping Stones

ALLIED HEADQUARTERS IN NORTH AFRICA, May 25 (CP)—The Allies bludgeoned the Italian island of Sardinia yesterday with more than three hundred American planes which attacked nine important defence targets on that stepping stone to Italy.

Bomb-plotted Pantalleria, little fortified island 45 miles off Cap Bon, which was under almost continuous attack Sunday, was again raided Monday and heavy bombers blasted also at San Giovanni and Reggio Calabria on the toe of the Italian boot.

Appointments Are Announced

Effective immediately, two appointments in the passenger traffic department of the Canadian National Railways, particularly affecting Prince Rupert, are announced.

LONDON, May 25 (CP)—Russia announced the destruction of 313 German planes last week at a cost of 61 Russian aircraft. This was announced Sunday night.

Cache of \$300 in Banknotes Found By Soldiers Digging In Fairview Victory Garden

Digging a Victory garden not far from Fairview Cemetery, Sergeant W. W. Dotty and Gunner Harnon unearthed a cache of \$300 in banknotes. The cash has been turned over to a local bank and efforts are being made by the official administrator to establish the ownership. It is believed the money might have been buried by some shacker who once lived in the vicinity.

Judging from the appearance of containers and money, it is believed the cache might have been there for ten years or so. The bills in a five-pound lard pail. The pail was buried under about a foot of earth. It had an old stove lid as a cover and within was a smaller can which held the money bundled in wrapping paper.

WAR NEWS

DORTMUND HEAVILY HIT

LONDON—Royal Air Force bombers crossed the English Channel Sunday to attack enemy objectives after having stayed home Saturday night. The Force made its heaviest bombing attack so far in this war on Sunday night with the German industrial centre of Dortmund as the target. Two thousand tons of explosives were dropped, including scores of two to four ton block-busters, as well as thousands of incendiaries. Great billows of flame and smoke were left leaping three miles into the air. Thirty-eight planes are missing following the mighty raid.

HEAVY LUFTWAFFE BLOW

LONDON—A south coast English resort town was heavily attacked by German bombers. Several hotels and a number of large buildings were wrecked. Some of these buildings were well known to travellers. There were a number of casualties. A southeast resort town was also attacked and one large hotel was destroyed. Bombs were also dropped by the enemy on a northeast coast town and there was considerable damage with a number of casualties.

BATTLE OF RUSSIA

MOSCOW — Vigorous fighting continues all along the Russo-German front from Leningrad to the Caucasus. In four weeks no less than 315 German planes have been brought down in this country. Principal activity in the land fighting has been in the Novorossisk and Khaikov areas. Forty-five German bombers and fighters were shot down in an aerial battle near Kursk. Ten Russian planes were downed.

SICILY HEAVILY HIT

CAIRO — Allied bombers subjected Sicily to widespread and heavy aerial attack again over the week-end, many objectives being hit with devastating damage. Three hundred and seven Axis planes were destroyed in four days with the Allies losing only 16. Swarms of Allied bombing planes from North Africa and Malta bombed objectives in southern Italy and Sicily again Sunday. Sen Giovanni was the principal target with Fantalleria and Sardinia Islands also receiving further devastating attention. Three hundred and seventeen enemy planes were brought down between Wednesday and Sunday with the Allies losing 18.

PLANES ATTACK SHIPS

WASHINGTON—Two United States naval vessels were attacked unsuccessfully by 15 Japanese planes off Attu Island. Little change in the ground fighting situation on Attu is reported today. The remnants of the Jap forces are being pounded from the air. Six United States fighter planes shot down five of 16 Japanese bombers attacking Attu Sunday. Two United States planes are missing. American aircraft are still pounding Jap pockets of resistance on Attu Island, more of which have been wiped out. Japanese aircraft which unsuccessfully attacked American naval vessels off Attu at the end of the week are believed to have come from the big Japanese base of Paramashiru at the northern tip of the Kurile Islands, a distance of six hundred miles.

CHITTAGONG ATTACKED

NEW DELHI—Japanese planes crossed 60 miles into India Saturday night to attack Chittagong. Four Japanese bombers and three fighters were brought down and two Hurricanes fell in the fighting but the pilot of one is reported safe.

EXMOUTH RAIDED

ALLIED HEADQUARTERS IN AUSTRALIA — Three Japanese planes raided Exmouth on the northwest Australian coast Sunday but it was a light attack and little damage was done.

NO EARLY COLLAPSE

WASHINGTON—It is sheer folly to bank on an early collapse of the proud German army, said Prime Minister Winston Churchill here in discussing the possibility of a collapse of the Reich. Everything points to a long and arduous fight still ahead.

AIR RAIDS ON BURMA

NEW DELHI—American bombers started large fires in the port of Rangoon, the main Japanese supply base in Burma, during a recent raid. It was announced yesterday. Allied airmen Sunday showered bombs on Japanese communications, concentrating on railway objectives, 30 miles northwest of Schebro, and on targets on Akyab Island.

WASHINGTON WAR TALKS

WASHINGTON — Prime Minister Churchill and President Roosevelt resumed their conferences Sunday with members of their advisory staffs, discussion lasting until 2:30 a.m. Monday.

U.S. MERCHANTMAN SUNK

WASHINGTON — The United States navy yesterday disclosed the sinking of a medium-sized Pan American merchant vessel off the American East coast early in May. The announcement said the sinking was caused by two underwater explosions, presumably from torpedoes fired by a submarine. Survivors were landed at Norfolk, Virginia.

STALINGRAD AS MEMORIAL

MOSCOW—Joseph E. Davies, President Roosevelt's personal envoy to Premier Stalin, has proposed that Stalingrad should not be rebuilt on its present site, but be reconstructed five or six miles down the Volga from the present ruins. He said the city should be left as a memorial and lesson to people yet unborn.

RABAU IS HEAVY HIT

Allied Planes Are Also Active Elsewhere in South Pacific

ALLIED HEADQUARTERS IN NORTH AUSTRALIA, May 25 (CP)—Allied planes dropped 16 tons of bombs on Rabaul, New Britain, yesterday and also attacked targets in New Guinea, Timor and the Solomons.

MORE HELP IS NEEDED

Volunteers for A.R.P. are Sought—Respirators and Sirens Discussed

The need for more helpers was again emphasized when district wardens of the Prince Rupert Civilian Protection Committee (A.R.P.) were in session last Friday with J. S. Wilson, chief warden, in the chair and district wardens J. Boddie, J. McGlashan, Ray Allen, A. Dominato and R. B. Skinner present.

The condition of respirators for the use of the decontamination squad will be examined and reported upon. Women particularly will be asked to help fill the depleted ranks. They should get in touch with their district wardens who will be glad to enrol them and instruct them in their duties.

The question of the sirens came up again. Dissatisfaction was expressed at the various mistakes made by sirens sounding at the wrong time or giving the wrong signals. There is still an area between Hays Cove Circle and Seal Cove where warnings cannot be heard. Several helpers are keeping a record of when the noon warnings can be heard and a report will be submitted to the general executive for their information.

Japanese Are Being Pressed Back Still Further in Aleuts

Japanese Attempt Bombing Attack on Americans But Lose Five of Fifteen Planes in the Effort

WASHINGTON, May 25 (CP) — Secretary of the Navy Frank Knox said today that the battle for Attu Island in the Aleutians is continuing with Japanese being pressed back further on the northern extremity of the island. He told a press conference that he had no fresh information to add to yesterday's communique saying that pressure of American soldiers against pockets of Japanese resistance on Attu was continuing. The Japanese have been attempting to bomb the American forces on Attu and yesterday lost five of 15 planes in the effort.

Leading Stoker J. T. Bowman On Board H.M.C.S. Regina In Mediterranean

Leading Stoker J. T. Bowman, son-in-law of Mr. and Mrs. Oscar Smith of Seventh Avenue (Mrs. Bowman being the former Miss Edith Smith), was a member of the personnel of H.M.C.S. Regina when that Canadian corvette recently subdued and sank an Axis submarine in a running gun fight in the Mediterranean after bringing the u-boat to the surface with a depth charge. That exploit has won admiration throughout naval circles and every member of the Reginas crew is given credit with having played his part in the engagement. Leading Stoker Bowman, before going to war, was employed at the Billmor spruce mill at Porpoise Harbor and was well known in the city.

Leading Stoker Bowman is seen in a group picture of personnel of H.M.C.S. Regina which is shown in the window of "The Daily News."

YOUR LOSS...A SOLDIER'S GAIN

When you go into your favorite shoe store to buy a pair of Leckie's Fine Shoes, don't be surprised if your dealer can't show you the wide range in styles you've been accustomed to. It's not his fault, you know. Military requirements must come first. While your choice may be limited, you can still buy Leckie Shoes, and you can take consolation in the fact that our armed forces are going well-shod into battle.

LECKIE MAKERS OF MEN'S FINE FOOTWEAR

The Chinese thought of it first!

THOUSANDS of years ago, the Chinese used a form of gunpowder—a flaming chemical of defence dumped over battlements upon an invading enemy.

And from this age-old beginning has evolved smokeless powder made from high-proof alcohol. Like the airplane, it has done much to further the progress of mankind—but in evil hands it has meant tyranny and enslavement.

As the tempo of this war for liberty increases and our armed forces in all parts of the world swing to the offensive, more smokeless powder for our shells,

bombs, depth charges and torpedoes is a vital necessity.

And because we have vast fields of grain and the facilities to convert them into high-proof alcohol, the United Nations shall have an overwhelming superiority of fire-power to pulverize the enemy into unconditional surrender.

Thus, China's primitive powder of defence has finally developed into the weapon to drive tyranny forever from this earth. In a way, it is the hand of ancient China reaching out in defence of free men everywhere.

Alcohol for War is also used in the manufacture of Synthetic Rubber, Drugs and Medicines, Photographic Film, Lacquers and Varnishes, Drawing Inks, Compasses and other Navigation Instruments, Plastics, Shatterproof Glass and many other products. Every Seagram plant in Canada and the United States is engaged 100% in the production of high-proof Alcohol for War.

OBSERVING EMPIRE DAY

Two Programs Presented in Booth Memorial School
In continuation of their Empire Day program in the city's schools

the local Imperial Order, Daughters of the Empire, sponsored two separate programs Friday afternoon in the Booth Memorial High School one for the Junior High and one for the Senior. The entertainments took place at different times and their programs were the same, with the exception that there were different speakers.
Wing Commander Douglas R. C.

A. F. spoke to the junior group and Lieut. Commander Harrison, R. C. N., executive officer of H. M. C. S. Chatham, spoke to the seniors. Mrs. G. E. Moore, regent of the Municipal Chapter, delivered the introductions.
A lovely piano duet by Hilda Pottinger and John Currie appealed to the audiences greatly. Songs by Corp. Link of the R. C. A. F., and

Stewart Booth R. C. N. also received a warm response. Tap dances to a background of patriotic music were given by Pauline Gibson and Marlan Moore in a dexterous performance.
The Sea Cadet Bugle Band was in attendance and played several selections.
Both concerts were greatly appreciated by their audiences and

last night by the garrison sergeants' mess in the Empress Y. M. C.A. Hall Friday night. There was a good attendance and all had a very happy time. Music was by Aristocrats' Orchestra and dancing was in full swing from 9 p. m. until 12:30 midnight. Sergeant Cleaver Wilson was in his usual good form as master of ceremonies. Winners of a spot dance were Sergeant Maj-

or Stan Richard and Mrs. G. P. Lyons.
During the evening delicious refreshments were served.
The hall was attractively decorated with flags and crests.

Freedom's Fires Must Be Fed Our COAL!

CANADIANS must dig and deliver coal that we may sail convoys, power vital war plants, keep our railroads rolling, preserve the nation's health!

The coal mining industry—miners and management alike—have done wonders to provide coal, but they need help. More workers must be provided, or we falter—possibly fail—in this grim hour. Nature has been generous but we must help ourselves. Our mines are rich, but undermanned.

By Proclamation, His Excellency the Governor General in Council has declared that labour supply for coal mines ranks as a national emergency. Further, in order to provide manpower for coal, the Governor in Council has issued an Order in Council aimed at swelling the flow of coal from mine to firepot.

This Order is of vital interest to everyone in Canada. Every Canadian should read and study its provisions, to see whether it demands any action on his part:

- 1** EVERY EMPLOYER, REGARDLESS OF HIS INDUSTRY, must advise his employees of these Regulations, and he must assist in discovering whether any of his employees have had previous experience as coal mine workers.
- 2** EVERY EMPLOYEE, REGARDLESS OF HIS INDUSTRY, who has had previous experience as a coal mine worker, must report that fact to his employer not later than Tuesday, May 25th, 1943.
- 3** A "COAL MINE WORKER" FOR THESE PURPOSES is anyone who, since January 1st, 1935, has worked under provincial certificate or license in or around a coal mine, or who, since the same date, has been employed for a total of at least 24 months in the production of coal (except at office work).
- 4** EVERY EMPLOYER, NOT A COAL MINE OPERATOR, must report in writing to a Selective Service Officer not later than Tuesday, June 1st, 1943, full details on any of his employees who are ex-coal mine workers.
- 5** SELECTIVE SERVICE OFFICERS ARE AUTHORIZED to require ex-coal mine workers to report for interview and to accept work at a coal mine.
- 6** SELECTIVE SERVICE OFFICERS MAY REQUIRE any man in any employment, if subject to Mobilization Regulations but rejected for Military Training, and certain others excused from Military Training, to accept employment at a coal mine.
- 7** NO COAL MINE OPERATOR may terminate the services of any coal mine worker without written permission from a Selective Service Officer.
- 8** NO COAL MINE WORKER may leave employment at a coal mine without written permission from a Selective Service Officer.
- 9** EVERY EX-COAL MINE WORKER, returning to the industry under these Regulations, will be paid wages at the established rate for the job at which he is placed; and the Government will pay wages of 40 cents an hour, 8 hours a day and 48 hours a week, to any ex-coal mine worker required to leave his present employment under these provisions, but not placed immediately at coal mining.
- 10** A BOARD ALLOWANCE of not more than \$7.50 a week may be paid an ex-coal mine worker now returning to a coal mine, if required to live away from the residence of his dependents.
- 11** PRESENT AND FUTURE COAL MINE WORKERS will be granted postponement from Military Training to February 1st, 1944, by virtue of their occupation; and no coal mine worker will be accepted for voluntary enlistment in the Armed Forces of Canada, prior to February 1st, 1944, except under permit to enlist from a Selective Service Officer.
- 12** NO EMPLOYER IN CANADA, EXCEPT A COAL MINE OPERATOR, may solicit for employment or hire any ex-coal mine worker.
- 13** REGARDLESS OF ANY DOMINION OR PROVINCIAL LAW, male persons at least 16 years old may be employed as coal mine workers, and female persons at least 18 years old may be employed as surface coal mine workers.
- 14** WAR EMERGENCY TRAINING CLASSES will be available for training men as coal mine workers.

Such is the substance of the new regulations. Full details may be had at any Employment and Selective Service Office. If these provisions require action on your part, you are urged in the national interest to act immediately. Severe penalties are provided for non-compliance, but the Government relies on the co-operation of the citizens of Canada to make prosecution unnecessary by prompt action as required. This is a grave emergency. Assist if you can.

WEEKLY WARTIME NUTRITION HINTS

Chicken en Casserole

Stewing fowl makes a tasty, economical dish done this way

In times of peace, chicken—especially a fine roast capon or a broiler, fried southern style—is a dish for special occasions. But now, in wartime, stewing fowl can often provide a useful alternative when other meats are scarce. And done "En Casserole," it makes a delicious dish for a family meal or a party.

First, disjoint the bird, dividing the breast into four portions (or five, if you count the wish bone). The legs will, of course, be two

portions each, but the wings are generally left whole. Dredge in flour, then brown in hot fat. Slice two onions fine and cover the bottom of a glass or earthenware casserole or covered stew pan with them. Arrange a layer of the browned chicken on the onion slices. Next a layer of peeled, sliced potatoes. Another layer of chicken. If you have meat stock, fill up the casserole, cover and simmer for two hours in a slow oven. If you have no meat stock on hand stew the carcass and giblets of the chicken for an hour or so and use the liquor. A cup of cooked peas, diced carrots, or ½ lb. of peeled mushrooms can be added with advantage to this dish.

EAT THESE FOODS EACH DAY

- MEAT, FISH or POULTRY and 3 or 4 eggs a week.
- TOMATOES or Citrus fruits or their juices and one other fruit.
- VEGETABLES—stress leafy green or yellow, frequently raw, besides potatoes.
- BREAD—4-6 slices Canada Approved and one serving whole grain cereal.
- MILK—Adults ½ pint. Children more than one pint. Cheese if available.

Fifty-four pages packed with recipes, meal-planning and marketing tips, nutrition advice, cooking time index and other exclusive features . . . that is "Meat Complete." Martha Logan's fascinating new meat cookbook. Yours for only 10¢. Write to Swift Canadian Co. Ltd., Dept. NE19, Toronto.

various pieces of laundry equipment together so anything the people of Prince Rupert can do to help would be very greatly appreciated. The "Y" entertained the children of Borden Street School at a Saturday morning kiddies' show. It is planned later to have the people of other schools in to morning performances.

An army unit dance was held at the Empress Y Hall last night. Junior hostesses turned out to help make this a real success. Y.W.C.A. chaperones were Mrs. Laura Mitchell and Mrs. E. J. Smith, representing the Order of the Eastern Star.

Mrs. Johnston, our Y.W.C.A. hospital visitor, reports three new babies in the hospital, and each one representing a different service. Here they are: Navy—to Leading

Seaman and Mrs. Croxford on May 21, a little girl, Joan Hilda; Army—to Sergeant and Mrs. Bob Houston, R.C.A., an eight pound boy, Donald George, born May 19; Air Force—to L. A. C. and Mrs. Anthony Smith on May 15, an eight pound, 3 oz., boy named David Anthony. Congratulations all you proud parents.

Friday night sees another of the regular monthly chiefs' and petty officers' dances at the Empress Y Hall. Junior Hostesses are cordially invited to attend and Y. W. C. A. chaperones, names to be given later will be in attendance. These dances are well planned and well conducted and a source of much pleasure.

Infant Clinics Proving Useful

Infant and pre-school age children clinics being held weekly by the local Public Health Unit at King Edward and Seal Cove Schools continue to be taken full advantage of. CONCERT IS FINE

Strictly Instrumental Was Army Show Sunday Nite

(By Dorothy Garbutt)

Strictly instrumental was the concert for the troops on Sunday night at the Capitol. Two first class bands alternated with Professor McLeland's quizz teams in making the concert really entertaining. Cleaver Wilson, as master of ceremonies, introduced the various acts and contributed a number of clever entre-acts himself.

Ray Proverb's Swing Septette opened the program with "China Boy" and "Stardust," the latter featuring Freddie Gustini and his trumpet. This group of seven is really smooth and the boys couldn't have enough of them.

The Quiz Contest was between the Royal Canadian Air Force and the Americans and comprised two teams of three men each. The Americans won, the scores being 110 for the Americans and 100 for the Air Force.

The "stunt" which followed was a gum chewing one. Each man was

There goes your letter to your boy ...

IN IT, you put the home-spun bits of chit-chat you know he wants to hear ... and in it you also put your heart. You mailed it with a prayer that it might find him safe and well.

Look—it's already on the way ... speeding as fast as railway wheels can carry it.

Those singing wheels carry more—much more—than letters. They carry food for your pantry, coal for your furnace. They roll tirelessly that you may live in comfort.

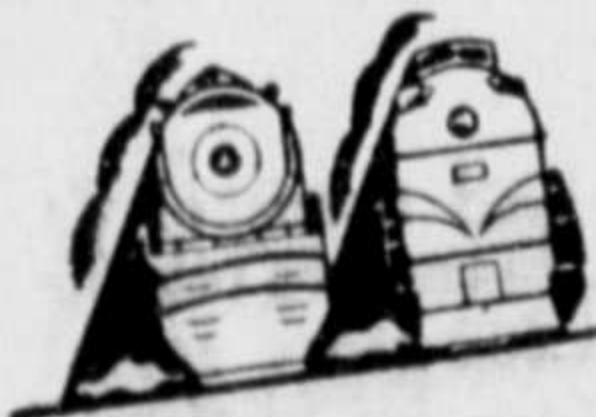

They race across the great stretches of this Dominion with the men and materials of war, so that all of us may live in freedom.

Twenty-four hours a day our railway wheels are rolling, driven by an army of over 150,000 workers serving two major fronts ... the home front and the fighting front.

"Keep 'em rolling" is their watchword, whether it's food or fuel, tanks or troops.

Or just your letter to your boy ...

boys, under the direction of Glenn Harlow on the banjo, were Chick Wiebe at the piano, Art Ralph and his accordion and Larry Shiblecki on the guitar. Their first number was a fast moving "Strip Polka," followed by "Our Ship's Lament." The tune of "Texas In My Walk" and the words by Glenn Harlow had a strictly local and topical theme.

Freddie Gustini, who helps out with the Prince Rupert Area Orchestra at the Wednesday "Y" dances, played solo numbers on his trumpet, "Home" and "Dinah". Freddie's music is sweet and lovely and he was called back repeatedly.

Next to entertain was Chick Wiebe, the pianist of the "Three and a-Half Balls of Fire" the Minesweeper Maestro in a Medley of popular songs. For his encore he gave an interpretation of "Stardust".

Closing the program was Ray Proverb's Swing Septette in "My Blue Heaven" and their well known theme song "Mine All Mine".

PICTURE OF CHINA WAR

"Night Plane From Chungking"
Thrilling Film of Love and Battle

From the world's least known war front, China, comes one of the most exciting movie stories of the year. "Night Plane From Chungking." The stars are Robert Preston and Ellen Drew.

"Night Plane From Chungking," showing Wednesday at the Capitol Theatre is a strange tale of romance and adventure with two Americans, an airplane pilot and a Red Cross nurse, as the principal actors. Its locale is that Japanese-threatened China lifeline, the tortuous Assam Road that winds from Chungking to the borders of India, route of thousands of munition-laden trucks moving up to the front lines. The action throws together an ill assorted lot of travellers, first on a bus lumbering along the mud and truck clogged road, then on an airplane that's shot down in the jungle by Zero fighters, then as prisoners of a brutal Nazi colonel in a Jap-held monastery and, finally, on an airplane, freedom-bound.

"Night Plane From Chungking" has a first-line cast including Otto Kruger, Stephen Geray, Tamara Geva and Ernest Dorian, plus two famous Chinese players, Soo Yong, and Sen Yung.

Rev. A. Rutherford, United Church pastor at Kispix, after attending the United Church Conference at Vancouver, arrived in the city yesterday on his way back to his post up the Skeena River, leaving on last night's train.

WHAT IS HOME WITHOUT A GARDEN?

A TALK ABOUT FERTILIZERS

On account of the advancing season I feel that I am quite justified in changing my program somewhat for a general talk about fertilizers.

In order to get the best results out of your efforts with the home garden it is absolutely necessary that you have a general knowledge not only of the kind of fertilizers that you may be able to buy but also the work that these fertilizers are to do for you and why.

The living plant needs food and a proper diet that includes the elements must be prepared for the plants that you want to grow successfully. Even if the plants are provided with a digestive system, this food can only be provided to them in a liquid state. We know of a few plants that are able to catch and absorb insects but, as they are exceptions to the general rule, they may be eliminated in this general talk.

What is called good garden soil is not necessarily any definite kind of soil. It may be any kind of soil that is able to supply the complete diet of food that the plants need and to have them available at the time when it is most necessary to the plant.

Oxygen and carbon are absorbed from the air through the green shoots and the leaves. These have breathing pores that act as lungs. These pores are easily clogged up by dust, smoke and other impurities in the air and, if the plant happens to be taken indoors, poison fumes from gasses and fuel oil all combined to stop the plant from proper development. This is shown right away by drooping and fading of the natural colors in leaves and flowers. A gentle rain is the most efficient aid in overcoming this or, lacking this, a fine spray from the water hose.

Apart from this the plant needs water to be absorbed through the fine roots. With it is conveyed the various plant foods that you have supplied in the soil. This food should be made up from iron and magnesium nitrogen, calcium, chlorine, zinc, iodine, phosphorus and potassium. Quite a mouthful.

D. L. Coulter, assistant manager of the Premier mine, will be here this evening going through on a trip to Vancouver.

Local army detachments paraded to the Capitol Theatre Saturday morning, where they saw a showing of the picture "Desert Victory." Sunday afternoon there was a showing of the same picture, free to all men and women in uniform. This was presented through courtesy of the theatre management.

that, but let us see just why these are needed.

Iron and magnesium give strength to the green shoots and leaves and at the same time add to the green color.

Nitrogen is the life-giver. It builds up the plant, cell by cell and every plant must have it. Whenever the plant receives a check in its growth on account of drought or lack of proper nourishment, some of the cells die and naturally form a check to the otherwise free flow of nourishment to the new growth and in some cases for the rest of that plant's life.

Calcium promotes the growth of bacteria in the soil, helps in the development of the root system and produces the original green color that shows in the new shoots and leaves.

Chlorine, zinc and iodine guard the general health of the plant but these must be applied sparingly. Otherwise they will act as does an overdose of medicine to the human being.

Phosphorus is the ripener. It gives the plant the rigidity needed, matures the roots, colors the flowers and ripens the seed.

Potassium acts very much along the same lines as the phosphorus and in its way is just as important.

Right here you will be able to understand why you will have to do a certain amount of experimentation. A lot of the foods mentioned are already found in the soil but this soil may have been drained of some of the necessary elements by growing some strong feeder the previous season and it will be up to you to see that this lack is taken care of.

One thing you can do without previous knowledge—apply a general purpose or complete fertilizer in the spring when the plants start to grow.

These notes should give you enough to make you understand about the value of the different fertilizers and in another article we can carry on with this subject.

Film Showing For A.R.P. Here

Interesting Pictures Seen—Demonstration of Respirator Use

A showing of films particularly for A.R.P. workers and those interested in Civilian Protection activities took place last evening in the Booth Memorial School under the arrangement of the air raid wardens and with the assistance of the National Film Board through its representative, T. Prime.

The special feature was the film entitled "Ordinary People" which showed how the people of London carried on under actual air raid conditions. The characters were not specially trained actors but the ordinary men and women going about their usual duties and, as well, undertaking the extra duties of wardens and helping their fellow citizens who had been bombed out. The whole program was unusually interesting. It included a film showing the construction of the Alaska Highway, the training of paratroops and Russian airplanes ministering to the needs of their northern areas by taking in supplies and bringing out furs.

A demonstration of how to use the ordinary civilian respirator was given by H. T. Lock with one of his firemen assisting. The correct way to put on the respirator, the need to take precautions in its use and before taking it off and the efficacy of it were all clearly brought out. This demonstration was much appreciated.

Charles Sunberg Jr., who is in the navy here, returned to the city yesterday from a trip to Victoria on holiday leave.
