SHIP STOOD TEST WELL

Nothing Wrong With Sister Ship of Tanker Which Fell Apart At Kaiser Yard.

PORTLAND, OREGON, Feb. 19.—The tanker Quebec, sister ship of the Schenectady, which broke in two last month, passed extreme structural tests with flying colors. The tests indicated that there was nothing at fault with the welding method employed by Henry Kaiser's Swan Island Shipyard.

AMENDMENT BY CARDIN

Thinks Government is Moving Too Fast in National Mobilization

OTTAWA, Feb. 19.—Hon. P. J. A. Cardin, Liberal member for Richelieu-Verscheres and former minister of transport, moved in the House of Commons yesterday an amendment to the Speech from the Throne regretting, in view of labor shortages in vital industries, that the government had not withheld its application of the National Resources Mobilization Act until such time as a complete investigation could be made of the means by which Canadians could best contribute to winning the war without destroying social, economic and national life.

The House will vote on the amendment later.

Too Many Farm Boys Called Up

So Says Minister of Agriculture in British Columbia Legislature

VICTORIA, Feb. 19.—Hon. Dr. K. C. McDonald, minister of agriculture, said yesterday that too many farmers were being called up for service in the Army. Farmers were refusing to plant crops because they did not know whether or not their sons would be called up. A volunteer farm workers' corps is to be discussed by farmers with Dr. McDonald.

No Date Yet For Bringing In of Budget

OTTAWA, Feb. 19.—Answering an inquiry by Gordon Graydon, acting House leader of the Progressive-Conservative party, Hon. J. L. Ilsley, minister of finance, said yesterday that he could not yet give a definite date for the bringing down of his budget.

AIR WAR ON JAPS

Allied Offensive in Southern Pacific Area Becoming More Intense

ALLIED HEADQUARTERS IN SOUTH PACIFIC, Feb. 19.—The Allied air attack on Japanese bases in the South Pacific has been further stepped up. Airdromes and shipping of the enemy are the principal targets. Madang and Lae on New Guinea and Guen on the Solomons have been heavily hit. There have also been attacks on Portuguese Timor and off New Britain.

WELDED SHIPS LIGHTER

Welded ships weigh about 13 per cent less than riveted ships, because welded steel plates do not have to overlap.

REDS ON ADVANCE

Nazis Unable to Stem Tide Against Them at Any Point Along Long Front

SMASHING ON MOSCOW, Feb. 19 (CP)—The hard-hitting Red Army, smashing defences in Orel Province, has captured Alogosch, only thirty miles east of Orel on the railway from Yelets, and several other unidentified towns have been taken by highly mobile Soviet troops operating ten miles behind the unbroken front line in this sector, the Russians announced. Taganrog's life-line was severed northwest of Rostov with the capture of Matven-Kurgan, 25 miles north of the Sea of Azov port on the railroad to Gorlovka, and in the western Caucasus the Red Army continued to drive the Germans toward Taman Peninsula where escape across Kerch Strait into Crimea might be attempted by the Germans.

MOSCOW, Feb. 19.—The Russian forces continue to advance all along the front with the Germans, in spite of stiff resistance at some points, unable to stem the tide.

Last night the Red Army was reported only thirty miles from Orel with sixty more villages having been liberated by the invaders. The Reds are also driving west of Khar'kov and are only 218 miles from Kiev.

The last railway line for Nazi escape to the Black Sea has been cut and a large number of Germans are believed trapped.

Today's communique said new gains had been made by the Russians on both ends of the southern battle lines. To the north ten more towns have been captured. West of Rostov further populated places have also been taken.

The Nazis are trying desperately to keep their troops fighting.

ALL SHOULD BE FROZEN

C. C. F. Member Sees Trouble if Selective Services Only Partially Applied

VICTORIA, Feb. 19.—Colin Cameron, C.C.F. member for Comox, told the Legislature yesterday that, if one class of worker was to be frozen to his job, all should be.

There would be trouble if miners were held to their jobs at set wages and the same did not apply to such as lawyers, doctors, business and other professional men.

Women Drivers For Trolleys In Baltimore

BALTIMORE, Feb. 19.—For the first time in the history of Baltimore's trolley car lines, women are both back and front-seat drivers. And as front-seat drivers, they're good.

The Baltimore Transit Company, faced with an ever-growing shortage of manpower, recently hired 10 motorwomen.

Edgar Woolford, supervisor of the transit company's instructors, says of his new pupils:

"They responded to training with all the confidence attributed to men, and none of the timidity."

STILL TOGETHER

BIRMINGHAM, Feb. 19.—Philemon, Desmond and Peter Follis, triplets, lay side by side 18 years ago in three cots in Birmingham. Today, still dressed exactly alike, they sleep side by side in a barrack room, members of the Warwickshire Regiment.

R.A.F. GROUND FORCES IN ACTION IN DESERT

Here are two R.A.F. Bren gunners on duty in desert action in North Africa. Their duty was to cover advancing rifle men in the R.A.F. regiment's first action. This regiment went into action for the first time when it helped British land forces to capture Daba and Fuka airfields, advanced base of Rommel's air force. The regiment rounded up 200 prisoners, most of them Germans.

Gandhi Has Stopped Talking Now — American Intervention Rumored

BOMBAY, Feb. 19.—Mahatma Gandhi, continuing his hunger strike, is becoming weaker and has stopped talking.

It is reported that the United States may intervene with a view to having Gandhi released.

Darlan Killing Seen as Part of Royalist Plot

ALGIERS, Feb. 19.—It has been suggested that the recent assassination of Admiral Jean Darlan might have been part of a Royalist plot having as its objective the appointment of the Count of Paris to the high commissionership of North Africa.

Tents Burned In Contract Camp Blaze

The fire department had a call at 5:30 last night to a construction camp on Water Street. The fire destroyed three tents, the men losing all their wearing apparel. For a time it was quite a spectacular blaze.

BARTER ON NEW HOMES

Spring Moves Problem in Big City Brings New Means for Solution

MONTREAL, Feb. 19.—Householders in Montreal with a yen to move are getting down to a "barter" basis. Once, all that was necessary was to walk down the streets during February, March or April and investigate hundreds of "Flat to Let" and "Apartment to Let" placards which dotted the residential areas. But with the population swollen by war activity things are different.

Now, one householder will advertise in the newspaper under a column labelled, "Exchange, Living Quarters," offering his dwelling as an exchange for something else. Others who are interested see the ad and the chase is started.

From among the applicants, the advertiser can select the more convenient spots and look over the premises. Finally the field is narrowed down to one or two and the applicants come to view what the advertiser has to offer.

The next step is for the two final barterers to obtain the approval of the landlords, when leases may be drawn up. When moving day arrives the only problem left is to schedule the movers in such a way that both dwellings will be vacant when the furniture arrives.

The method doesn't offer as complete a selection as that enjoyed in former years, but if you have to move, it appears to be the only way to insure a home for the coming year.

Women Exemplary; Brave Under Fire

Great Job Being Done by W.A.A.F.'s and Others in Britain

LONDON, Feb. 19.—When two W.A.A.F.'s (Women's Auxiliary Air Force), one 22 and the other 18, were operating the winch for regulating the height of a balloon during a recent night raid on London, two bombs fell almost together to land about 25 yards on each side of them.

But they carried out the operation which sent the balloon to the proper height. This devotion to duty and disregard of danger was brought to the attention of all ranks in a special order by the Air Officer Commanding Balloon Command, Air Marshal Sir Leslie Gosage.

WOULD HAVE JAPS WORK

Should be Helping to Win the War, Frank Putnam Tells Legislature

VICTORIA, Feb. 19.—Frank Putnam, Liberal member for Nelson-Creston, speaking in the Legislature yesterday, urged that all Japanese should be put to work to help win the war. Some people who did not favor the Japanese working were allowing their judgment to be overcome by their prejudice, Mr. Putnam felt. It was a mistake to permit them to remain in idleness, he felt.

NAVY BASE HIT AGAIN

Another Big R. A. F. Attack on Wilhelmshaven—1300 Dead in Loriet.

LONDON, Feb. 19.—The Royal Air Force, accompanied by a number of Royal Canadian Air Force bombers, made a heavy attack on the German naval base of Wilhelmshaven last night while other aircraft attacked rail lines on the continent and shipping off the coast. A total of seven planes are missing in the Canadian. Four of the missing planes are bombers.

The Royal Air Force has also made attacks on occupied France and Belgium since yesterday.

The German radio has said that 1300 persons were killed in the bombing of Loriet on Tuesday.

TRYING FOR NEW STAND

American Forces Endeavouring to Re-establish Themselves in North Africa—Offensive Broken

LONDON, Feb. 19.—The Moroccan radio quotes the French commander-in-chief in North Africa as saying the German Tunisian offensive has been broken by British artillery and "decisive action of American tanks."

The American forces are endeavouring to establish a new defensive line in the mountains of Algeria following the reverses they have suffered at the hands of the Axis army.

They are already said to be in stronger positions on the Algerian-Tunisian frontier. Allied headquarters reported today that, after four hours of battle there was little activity on the Tunisian front yesterday. Dispatches agreed that Marshall Rommel had attained his apparent objective—a limited attack to disorganize American forces.

Two flying columns, the Germans advanced sixty miles and captured 4,000 square miles of territory in four days.

A German broadcast heard in London said the British First Army was moving up to threaten the north wing of the Axis forces and the Eighth Army, which moved in from Libya, was prodding main fortifications of the Mareth Line beyond Medinine in southern Tunisia.

The British Eighth Army continues its advance inside Tunisia. Using two divisions of tanks and

Prime Minister Churchill Still Confined To Bed With Severe Attack

LONDON, Feb. 19.—Prime Minister Winston Churchill, confined to bed with a cold, has acute catarrh of the upper respiratory passages, it was announced today.

Breach To Be Healed In Britain

LONDON, Feb. 19.—All factions in Great Britain's fight over post-war social security legislation showed disposition today to heal the breach in the Churchill coalition government which became manifest yesterday when Labor supported some Liberals and mustered 119 votes against the cabinet in the House of Commons. The inclination is to regard the dispute over the Beveridge report as an issue having no effect on national unity in the prosecution of the war.

SEES NO SABOTAGE

No Evidence of it in Dawson Creek Fire—General O'Connor Speaks

OTTAWA, Feb. 19.—Brigadier General James O'Connor, officer commanding, northwest service command, United States Army, said yesterday that there was no evidence of sabotage in connection with the recent fire and explosion at Dawson Creek when seven persons were killed and 160 injured. The statement of General O'Connor followed a conference with J. G. Turgeon, M. P. for Cariboo which riding includes the Peace River district where Dawson-Creek is located. General O'Connor said in a broadcast that the Alaska Highway may be the "new northwest passage" linking America and Asia. The highway with air fields is the route to the allies in Russia and China and "it is the sword pointed at our enemies in Japan," he asserted.

WARNING TO JAPS

Imperial Spokesman Sees Attempt Of Americans to Launch Mortal Blow From Alaska

NEW YORK, Feb. 19 (CP)—A Tokyo radio broadcast a warning to the Japanese people by a high Imperial headquarters official that the United States is planning a "mortal attack upon the mainland of Japan" and it would come from the north. The official said Alaska is to be the "headquarters for attacks against Japan."

The spokesman described how the Americans were establishing communications between Alaska and China for the offensive against Japan.

There have been constant bombings of Japanese positions on the Aleutian Islands.

Need Children To Boost Race

Families of at Least Three and Four Needed in Britain

LONDON, Feb. 19.—Mrs. E. M. Hubback, principal of Morley College for working men and women, said in a lecture that families of three or four children instead of the present average of under two are necessary to avoid race suicide. Every hundred British mothers are producing only 80 daughters to be the mothers of the next generation she added, and the population is under-reproducing by as much as one-fifth.

Holocaust In Seattle

Flaming Bomber Plunged Into Packing Plant—Crew and Workers Dead

SEATTLE, Feb. 19.—Twenty-nine persons are listed as dead or missing and believed dead after a United States Army bomber—a four-motored Boeing machine—took fire in the air and crashed in flames on the roof of a Seattle packing plant. Eleven of the dead were members of the bomber's crew on a test flight. One was Edmund Allen, nationally known test pilot.

One employee of the Frye & Co. packing plant was identified among the bodies recovered. Sixteen other employees are missing and are believed to have been burned to death.

The twenty-ninth victim was a fireman who was overcome by fumes and died today.

The aircraft company said the cause of the crash was a fire in the engine in the course of a test flight.

Damage to the packing plant is estimated at \$250,000 and three normal meat supply of Seattle has been considerably affected by the fire.

The catastrophe occurred at noon.

CONVOY IS ATTACKED

So British Destroyers Sink One German e-Boat and Damage Another

London, Feb. 19.—British destroyers, escorting a convoy in the North Sea, sank one German e-boat and damaged another motor torpedo vessel early yesterday, the Admiralty announces.

The destroyers Garth and Montrose were the British vessels principally engaged.

The e-boats attacked the convoy and the British ships attacked back.

MASKS ARE NOT WANTED

Prince Rupert People Show Little Interest in Equipping Themselves With Respirators

Of four thousand respirators which have been made available to the public of Prince Rupert by the civilian protection authorities either by purchases or without charge to those who are unable to pay for them, only three hundred have been taken up. In view of a general lack of interest on the part of the public in equipping themselves with respirators, the proposal to withdraw them for storage is being considered by the A. R. P. authorities.

Presentation to Prime Minister

Mr. King Gets One Blade of Alaska Scissors—Other to President Roosevelt

OTTAWA, Feb. 19.—Presentation was made yesterday of one blade of the scissors that was used recently in cutting the tape which opened the new Alaska Highway. The other blade will be presented to President Franklin D. Roosevelt of the United States.

Bickering Among Ourselves . . .

It would be well if we do not spend too much time and thought about who are the best fighters on our side in this war, talking about such matters as how it might have been different in Algeria if it had been British troops there instead of Americans or in some other places, possibly, had it been Americans instead of British. Then, of course, we should also forget the old boast about the Canadians being required to save Britain.

It is just about time that we showed sorrow when America loses instead of gloating which is what some people have almost been inclined to do, at least it seems so, when there are setbacks such as that which has just occurred in Libya.

We are all fighting together and for each other in this war and the sooner that we realize that rivalry and dissension among ourselves in just the kind of help our common enemy wants, the better it will be.

It is both disservient and stupid to dwell or even think of such things in these serious days. It is neither sporting or in good taste.

What we should be doing instead of talking each other up, realizing that when the Americans, the Russians or the Chinese make a win it is a win for us and that when they lose we lose too.

Red Cross Campaign Next . . .

Commencing March 1, the Canadian Red Cross Society, in Prince Rupert as well as elsewhere throughout the country, will institute a three weeks' campaign to raise \$10,000,000 with which to carry on its vast wartime program. The sum required is \$1,000,000 more than the objective of the campaign last May.

Human suffering is greater and more widespread than ever today and the great humanitarian work of the Red Cross increases as the days go by.

Because of the terms of the Geneva convention, governments cannot provide funds for the Red Cross Society. Therefore all contributions must be voluntary and the government of Canada has given its sanction and approval to this year's campaign.

As far as Prince Rupert is concerned, the people here understand the work of the Red Cross. As a matter of fact, this is a depot for Red Cross disaster relief and there is already a large store of goods and equipment here in readiness for distribution and use should an emergency arise.

Prince Rupert, the way it is situated, has very good reason to be extra generous as far as the Red Cross is concerned. No doubt, it can be counted upon.

The success of the recent Canadian Aid to Russia Fund campaign was a shining example of what can be done when a people's movement in support of some appeal springs up spontaneously all over the country. Almost every type of citizen's organizations contributed to and worked for that fund. The individual contributors represented all classes and all walks of life.

Such was the spirit that was exemplified in the Aid to Russia campaign. The Red Cross, we suggest, is quite as worthy and there is the additional appeal of the possibility that what we give to it might be conceivably returned to us many fold in direct benefits should the need ever arise.

The Red Cross campaign might well become an "Aid to Prince Rupert" Fund. Local people would do well to decide well in advance what they are going to do about it. Incidentally, helpers in the campaign will be needed.

LETTERBOX

BOOST FOR RESERVE

Editor, Daily News:

May I have the opportunity of complimenting you on your recent editorial of the current motion picture, "The Commandos Strike at Dawn." Yes, Mr. Editor, it can happen here as you have so ably pointed out.

Yet with all the words of warning given to us by our entrusted military authorities and all the surprise attacks made by our enemies, there are still people in this city who casually say "It can't

happen here."

More recently I have heard this one: "Why should I go reserve, nothing will happen here and, furthermore, I can't spare the time."

I would like to state that reserve training is not a spare time job for any one of us. It is a definite job of which every able bodied citizen should be glad to make time for. It's worth five hours a week of any man's time to insure that it won't happen here."

A RESERVIST.

PUCK RACE IS CLOSER

Detroit Red Wings Are Close on Heels of Boston Bruins

NEW YORK, Feb. 19 (AP)—Detroit Red Wings crept up to within two points of the leading Boston Bruins in the National Hockey League standing by scoring a five to four defeat over the New York Rangers in Madison Square Garden last night.

The Montreal Canadiens won five to four over Chicago Black Hawks and only one point now separates the Canadiens, in fifth place from the Black Hawks in fourth.

The week-end schedule is as follows:

Saturday—New York at Montreal; Boston at Toronto.

Sunday—Montreal at New York, Boston at Detroit, Toronto at Chicago.

The league standings to date:

BANQUET FOR MEN

Annual Affair Held in St. Andrew's Cathedral Hall

The annual men's banquet of St. Andrew's Anglican Cathedral was held in the Cathedral Hall on Wednesday evening when a goodly number gathered to partake of the hospitality of the Women's Auxiliary of the parish. The chairman of the evening was G. P. Tinker with Mrs. Jack Durran as convener of the banquet.

Various addresses were given which were interspersed by vocal and musical numbers supplied by men of the Allied Forces.

Bishop G. A. Rix recounted some of the amusing incidents which happened on his recent visit to Vancouver and made an appeal for clothing on behalf of those who were victims of the disaster at Dawson Creek.

Capt. W. R. Hullins gave an excellent address on the purpose and functions of the church in view of the rapidly changing social conditions.

Capt. A. Acree, who described himself as "a foreigner in a foreign land," emphasized the goodwill existing between the nation to the south and Canada.

Dean Gibson stressed the necessity of looking forward to the time the war would end and a new

world arise, the seven pillars of which should be The Bible, the church, the home, the school, the Sabbath, the law and the press.

Rev. E. W. Scott, in proposing the toast to the ladies, pointed out the increasingly large part woman was playing in the affairs of men and nations. He felt the time has arrived when woman, instead of being looked upon as a helper of man, should be given her rightful place as an equal with man.

All Commercial Vehicles Will be Rationed Under New Regulations IN FORCE APRIL FIRST

ON MARCH 31 the present gasoline ration licenses will expire, and no gasoline will be sold except upon the presentation of a 1943-1944 ration book. Commercial vehicle operators are urged to complete at once the necessary application for each of their vehicles, so that there may be the least possible delay in issuing new gasoline licenses and ration coupon books.

Under the new system, effective on April 1, all commercial vehicles will be rationed. After investigation, an allowance will be fixed for each commercial vehicle. This allowance will be individually tailored to the essential needs of the vehicle in wartime.

When a vehicle has been approved for inclusion in a commercial category, the owner will be issued a gasoline license and two ration coupon books containing a maximum of 100 coupons each. After he has used up his first book, he will mail the cover to the Regional Oil Control Office where the book was issued, and if eligible will be issued a new coupon book or portion thereof. At the Regional Office receipt of the cover will be recorded, and charged against the individual vehicle. In this way the Office will know when the allowance for a vehicle has been exhausted, and thereafter will issue no more books to the owner for that vehicle.

With the gasoline ration license a gummed windshield sticker, bearing the letter "T", will be issued. Until this sticker is affixed no gasoline may be purchased for the vehicle.

As a guide to the Regional Oil Control Offices, but not as a fixed yardstick of allowance, two classes comprising five Commercial categories have been established for the new system. Details of these categories are printed in the application form.

Procedure to be followed by applicant for a Commercial Category:

Every commercial vehicle operator must obtain a separate gasoline license and ration coupon book for each commercial vehicle in operation, and must file a separate application for each such vehicle. Here is how he obtains his gasoline license and ration coupon book:

1. He secures his 1943 license plates.
2. He secures an application form from his nearest Post Office.
3. He fills out this form, answering every question completely and accurately.
4. He has the form vouched for by the mayor, chief of police, county or municipal clerk, or a barrister, solicitor or notary public, in the community where he resides. (Owners of vehicles in the Transit Category must also obtain a Transit Control permit from the nearest Regional Transit Control Office).
5. He sends by mail to the nearest Regional Oil Control Office his application, his motor vehicle license, and a \$1 registration fee. (The fee is \$1 for each application).
6. He will receive, after a week or more during which his application is carefully investigated, his gasoline license and ration coupon books, and the return of his motor vehicle permit.

When you receive your ration book, guard it carefully. It may not be replaced if, because of your negligence, it is lost or stolen. Do not leave it in your car; keep it on your person at all times.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT The Hostess

We were sitting in the ladies' lounge last night just having a nice sociable chat—one of those comfortable talks where you sit and push your chair back as you talk about what you are going to say when someone remarked it was a pity there was no rocking chair in the place. So here I am, the champion "Asker-for-Things" asking: "Does anyone know where I can find or buy a nice cosy, comfortable, big old fashioned sort of a rocker?" Thanks, chums!

The Service Wives held their weekly meeting in the ladies' lounge at the "Y" on Thursday afternoon. Mrs. Denison, the president, was away so Mrs. Kimmel took the chair. Mrs. Garbutt, whose young daughter of less than a month made her debut at the meeting, won the raffle. Mrs. Brain and Mrs. Kimmel served tea. Once again, I shall keep hammering at it; do give this club your support! Besides being a social meeting place, the club does a great deal of good for the Services and you know the old adage about the Lord helps those who help themselves. So turn out now the weather is so much nicer! We want twenty or more at each meeting not just a dozen or so.

Thanks Junior Hostesses for supporting our "Y" dance so well on Wednesday night when there was such an attractive alternative dance on. I appreciate your loyalty very much indeed and think you are a grand bunch of girls. Also thanks for coming earlier to the dances.

We ran out of ping pong balls for a while yesterday and the boys were so disappointed. In fact, I think that we are still out of them. The boys will have to start smiting their own. The war is getting pretty grim, isn't it?

We play horse races? It's quite harmless little card game in which you pay for coffee if you don't win. To date Frank Ryan is

down ten coffees. And it's only played at tea time. I think I must have a "system. I've won each time.

—THE HOSTESS.

CAT'S POINT OF VIEW

Again Mrs. Garbutt uses her usual good judgment in asking me to contribute to her daily article. I have enjoyed a good snooze on Green Melvin's chair this morning (since yesterday he hasn't been able to sit down—only walks around in a trance all the time), and while on the subject of this Breen fellow everyone around here is talking about him being engaged. I don't know what it means but he sure has a far-away look in his eyes. I hope he recovers soon.

The other day I walked down to see the "Y" cafeteria. Being a very busy cat around the Hut I have never been able to check it over. Quite a spot—because of the variety of eats—I was tempted to change my abode but after considering all angles I decided not to.

At the Cafeteria I met Pat Trant, the manager. He was worried about running out of potatoes. What a silly thing to worry about! I also met Heather, Vi and Rena—they were all good to me and gave me a pet and something to eat—it all helps my fur coat.

The Hut is quite busy these days and I see lots of familiar faces. Here comes Gen McFarlane—he drives a nice big Army truck and I am going to get after him to take me for a ride. He always says he has to take Art Talhurst with him and there isn't room for me.

I see Kay and Maurice Reeves are over at the canteen and since they always feed me I must close and join them.

—DUTCH.

Lieut. John James, after spending several weeks in Eastern Canada including a visit to his home in Bowmanville, Ontario, returned to the city this week.

Recent recruits in the Canadian Army here, dispatched to Vancouver during the week, have included Edwin James Jeffreys, aged 22, Prince Rupert, moulder; Jack Cople, 32, Winnipeg, carpenter, and Edwin Williams, 19, Vancouver, plumber.

Bill Herbert, chief announcer of radio station CBR of Vancouver, and F. B. C. Hilton, chief operator of the same station, left last night on their return to Vancouver after having been here for the past week in connection with the organization of a special broadcast featuring Prince Rupert and entitled "Boom Town 1943" which will go on the national network in about two week's time. Various local people will be heard in the broadcast which will have a number of novel features.

Many Attend Funeral of School Girl

The Grenville Court chapel of the B. C. Undertakers was crowded with friends and sympathizers yesterday afternoon for the funeral of Berna Mae Montieith, daughter of Mr. and Mrs. K. L. Montieith and popular local school girl. The casket was banked with many beautiful flowers.

Rev. James A. Donnell, pastor of First United Church, officiated, giving a sympathetic and comforting address. Miss Swanna Olafson presided at the organ to accompany the hymns which were "Lead Kindly Light" and "Safe in the Arms of Jesus."

Principal W. W. C. O'Neill was in attendance and Grade XI pupils of Booth Memorial High School attended in a body.

Following the service, interment was made in Fairview Cemetery.

Pallbearers were Kenneth McRae, Raymond Crosby and Douglas Debrman of the Royal Canadian Air

MANY OVERLORDS

Romans, Franks, Burgundians, Spaniards, Austrians, Frenchmen and Dutchmen have at various times held sovereignty over Belgian soil.

Interesting moving pictures of scenes between Prince Rupert and Jasper Park were shown by Geoffrey Woodall, roadmaster for the Canadian National Railways, at yesterday's weekly luncheon of the Prince Rupert Rotary Club, being much enjoyed by both members and guests. President G. C. Mitchell was in the chair. James H. Thompson was winner of the weekly War Savings Certificate raffle for the Queen's Fund.

Mrs. Jennings proudly goes to school!

MRS. JENNINGS had been just managing to keep her family going. But things were looking brighter at last. Now with the children able to help with the housework, she had applied for the post of school teacher... and had been accepted.

But that meant she needed suitable clothes and clothes cost money.

She took her problem to the manager of her bank. On the

strength of her ability and character, he arranged a loan of \$80. And so it was that she was able to take the position and greet her first class proudly. She paid off the loan after six months at a cost in interest of only \$2.40.

This is a true story. Only the name has been altered. It is typical of hundreds of human dramas in which the bank manager has been privileged to play a helping role.

War's requirements have increased immensely the work of banks and bank staffs. At the same time more than one-third of our experienced men have enlisted. Bank early! Pay small bills by cash. It helps!

WINNIPEG

Masons are preparing the ground now for rehabilitation work to follow the war, said Ray V. Denslow, general grand high priest of the general grand chapter of Royal Arch Masons, who was in Winnipeg last week to attend the annual Manitoba convocation in the Fort Garry Hotel. Twenty-six representatives of American chapters were in attendance at the convocation as well as representatives from all Manitoba chapters. Mr. Denslow was formerly editor of a Missouri newspaper and is now editor of the Masonic paper, the Royal Arch Mason.

Hon. Erick Willis, minister of public works for the province of Manitoba, described the Alaska Highway to members of the Legislature in session here as "the greatest engineering feat of the war" and "the most tremendous gift Canada has ever received." Mr. Willis said that the new highway would not only change the whole trend of future highway construction in Western Canada but would unfold tourist possibilities of an unlimited nature after the war.

Large donations continue to be received in Winnipeg for the Canadian Aid to Russia fund.

Need for smaller classes in schools, individual attention to pupils, intelligent parenthood and adult education were points referred to by Mrs. E. R. Siddall in addressing members of the Women's Club in Winnipeg. She warned of some of the difficulties to be faced in bringing about equalization of educational opportunities. As an alternative to intelligent parenthood, she suggested the establishment of nursery schools.

An interesting effort of the Hudson Bay Chapter, Imperial Order, Daughters of the Empire, in Winnipeg was the compilation of 530 novels from magazines for shipment to the British Navy. This was reported at the annual meeting of the chapter when Mrs. C. H. Kelly was re-elected regent.

Mr. and Mrs. H. R. Tolton of Baltimore Road celebrated their golden wedding anniversary last week. Married in Walkerton, Ontario, in 1893 Mr. and Mrs. Tolton lived for years at Oak Lake before moving to Winnipeg to reside in 1919. Mr. Tolton was at one time reeve of Woodworth Municipality. The family entertained at a dinner in honor of the occasion at the Marlborough Hotel.

George A. Brown has been elected president of the Manitoba District Council of the Canadian Brotherhood of Railway Employees. The legislative committee has been instructed to study the possibilities of early closing of Winnipeg railroad freight sheds and other shipping houses.

St. James Canadiens virtually eliminated Portage Terriers from the 1942-43 south division on Junior Hockey League picture at the Amphitheatre rink when they laced the Terriers 11 to 4 in a loosely played game.

The city council of St. Boniface has passed a resolution urging the federal government to increase old age pensions from \$20 to \$25 per month.

Viscount Lambton Married Secretly

Ill-Health Compelled His Leaving Sandhurst for Labor Ministry Centre

LONDON, Feb. 19 (AP) — Twenty-year-old Viscount Lambton, heir to the Earldom of Durham, now is a married workman. His secret marriage to Miss Belinda Blew-Jones of Devon was revealed recently and at the same time it came out that he is now a \$10-a-week trainee at a Labor Ministry centre. Ill health forced him to leave Sandhurst and abandon hope of an army career.

NEWS FOR MIDLANDS

The Kinsmen's Club's annual ice carnival at the Cobourg Community Rink was a successful event. The program commenced with a demonstration by Oshawa Skating Club members and concluded with a fancy dress competition of unusual interest. Baltimore Skating Club members took most of the fancy dress prizes.

Rev. P. J. Kelly of St. Michael's Church was the speaker at a recent Rotary Club luncheon in Cobourg. Vigilance was necessary in time of peace if democracy was to succeed, he declared.

T. Fred Chalk, well known Cobourg men's furnishings dealer, expired suddenly in his store, the victim of a heart attack. Mr. Chalk was forty-six years of age and was born in Port Hope. He had been a resident of Cobourg for nineteen years, going into business on his own only about a year ago. He is survived by a son and a son-in-law. Fred F. Cockburn has been elected chairman of the school board of Cobourg.
