by it, are imposing even greater restrictions and further ition where many invalids and tightening up on the beer.

"No beer no bonds" talk is utterly thoughtless. It is a minimum subsistence ration. disloyal. It is illogical. It is, of course, absolutely selfish. If enough people buy no bonds and thus make their money unpleasant to some. Lack of milk unavailable for the war, the government can and will in the case of growing children and tax it out of the people. Then it will not be repayable. It will be absolutely gone.

"No beer, no bonds" talk cannot hurt the government but it can hurt the war effort and it certainly will got wise to themselves and insist-ed first on a sensible ration policy react to the disadvantage of those who indulge in it as well, unfortunately, as those who do not.

The state of the second

.191.0 1 cel el

Lack of beer, Mr. Editor, may be child-bearing mothers is not only unpleasant but it is catastrophic. It is time the people not only of Prince Rupert but of all Canada for canned milk to alleviate obvious inequalities and in some cases gross njustice.

Secondly, there should be a rational agriculture policy which would at least guarantee the farmers a reasonable living and make a recurrence of the present unwholesome spectacle unlikely. Thanking you for giving this publication.

ERIC FAUNCE

guests. Next week the small children actually have to go will receive a visit from Internawithout milk or at best to do with tional President Ed Kagy of Cleve-

**REDDY** says:

"The best way to win the war is to keep supplies rolling in ever-increasing quantities. Your money can do it — buy War Savings Certificates as often as you

## HERE'S HOW TO KEEP YOUR ELECTRIC WASHER RUNNING

• Drain immediately after the washing is done. Rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse.

• Remove any soap curd, or lint, that may have remained in tub, agitator or suction cups, with soft cloth or sponge. Wipe your washer clean and dry after each use. Be sure to cover it over if it is kept in a dusty place when not at work.

Rolls and frame of the wringer should be wiped dry. Release pressure on rolls when not in use to save the spring and the rubber.

• The cover should be left off the tub until all dampness has evaporated, to prevent musty odor.

• The connecting cord should be wiped dry and carefully wound on hooks provided.

# TO HELP YOU SAFEGUARD YOUR WAR SECURITIES

You have made a patriotic investment in Victory Bonds . . . or War Loan Bonds . . . or War Savings Certificates . . . perhaps all three . . . to help your country in the war . . . and to help assure your after-war future.

To enable you to preserve your war securities from danger of loss by fire or theft, Canada's Chartered Banks offer a safekeeping service. Here are the details:

VICTORY BONDS and WAR LOAN BONDS - Take them to your bank ... to any branch of any chartered bank ... the bank will put them into safekeeping for you, will clip your coupons when the interest falls due, and will deposit the money to your name . . . If you haven't a bank account you can authorize the bank to open one for your convenience.

> The total charge for this service and safekeeping is only 25 cents a year on bonds (no matter how many) up to \$250 : : . one-tenth of one per cent on amounts over \$250.

George Harris, manager of the B. C. Packers cannery at Mill Bay, and R. Miller, storekeeper, and D. Matheson, netman, were here at the first of the week on their way from Vancouver to the Naas River for the season.

LAND REGISTRY ACT Re: Certificate of Title No. 11353-I, to Lot 49, Block 14, Section 5, City of Prince Rupert, Map 923. WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of John E. Unwin has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication thereof, issue a provisional Certificate of Title in lieu of said lo certificate, unless in the meantime valid objection be made to me in writing. DATED at the Land Registry Office, Prince Rupert, B.C., this 30th day of March, A.D. 1943.

ANDREW THOMPSON Deputy Registrar of Title SAVOY

never gave

We always carry a full assortment of

WAR SAVINGS CERTIFICATES - You can lodge them also with your bank ... which will take them into safekeeping and for just one small charge cover the whole of the time (or any part of it) from purchase to maturity. Here is all it will cost you — not just for one year — but for  $7\frac{1}{2}$  years:

For a \$	5.00	certificate	\$0.10
For a \$	10.00	certificate	:15
For a \$	25.00	certificate	:20
For a \$	50.00	certificate	:25
For a \$	100.00	certificate	:50
For a \$	500.00	certificate	1.00

## THE CHARTERED BANKS OF CANADA

When light strikes a surface, high in reflection value, it bounces back like a rubber ball. But dark, dingy surfaces absorb light; they blot it out.

In many industrial plants and factories across the country the secret of keeping light bouncing has meant great savings in electrical power used. Ceilings, walls and floors have been turned into huge reflectors by painting with light reflecting finishes. There are no dark surfaces to blot out the lumens (units of light). With no increase in power, there have been important increases in illumination.

Today, conservation of electrical energy is essential to Canada's industrial effort. The amount of power available is definitely limited. It must be made to go as far as possible. "Bouncing Light" helps to stretch our vital supplies of power.

The Paint & Varnish Division of C-I-L produces finishes of high quality and durability. Executives interested in the possibilities of "Bouncing Light" may take advantage of the Division's knowledge regarding the use of paint in salvaging waste light for Victory.
