Rout of Nazis Is Now Complete

BOAT FIRE WAS FATAL

Private Rodney Valpy of R. C. A. S. C. Loses Life at Yacht Club

Private Rodney Valpy, who was serving with the Royal Canadian Army Service Corps here, lost his life from suffocation and burns aboard a Vancouver power vessel at the floats of the Prince Rupert Rowing & Yacht Club shortly after 7 o'clock Sunday morning.

The fire was noticed by the caretaker of the Yacht Club, James Martin, who immediately rushed out, meeting Corp. Leighton who had been accused by the fire.

Valpy was heard shouting from inside the boat through a port-hole and he was told to get out of the vessel as quickly as possible.

The boat which was badly gutted, the hull and engine however, not being badly damaged, came from Vancouver here. She was forty-two feet in length and equipped with a 100 h.p. Hall-Scott gasoline engine.

There were three heaters going aboard the vessel but it is possible these did not cause the fire. It might have been started from a cigarette.

Young Valpy was a native of this district and was well known around Haysport and Inverness. His father, Ernest Valpy, is at present at Hastings Arm aboard the boat Invercauld II.

It is a coincidence that the fire on this boat occurred in the same berth at the Yacht Club where the Kavema, a boat belonging to Dr. W. S. Kergin of Ocean Falls was badly burned over a year ago, the boats of Dr. Large and Mr. Stephens being similarly scorched at that time.

PAID VISIT SO. PACIFIC

Secretary of Navy Knox Makes Inspection Tour - Threatens More Raids on Tokyo

PEARL HARBOR, Feb. 1 (CP)—Secretary of the Navy Frank Knox, Admiral Chester Nimitz, commander-in-chief of the Pacific Ocean area, and Admiral Halsey, commander of the South Pacific force, were under Japanese air attack twice within the past two weeks.

Secretary Knox, who made a complete inspection of all Allied naval bases in the South Pacific, warned Japan that it had better look out for more air attacks on Tokyo. He also said that Pearl Harbor might expect further attacks.

AID TO RUSSIA

Table listing names and amounts for aid to Russia, including Archie McLean, T. McKay, N. Yablonski, etc.

Dr. MacDonald Named Coroner

Norman A. Watt, Government Agent, Relieved of These Duties at His own Request
Government Agent Norman A. Watt has, at his own request, been relieved of the duties of coroner.

ZUARA IS OCCUPIED

Important Advance Made by British Eighth Army West of Tripoli

CAIRO, Feb. 1 (CP) — British troops occupied Zuara, 65 miles west of Tripoli, on the coastal road to Tunisia, and pushed on west to make contact with the enemy, a communique said today.

Bulletins

MANY JAP SHIPS SUNK
One hundred and twenty-three Japanese ships have been sunk by submarines in the southwest Pacific. The latest are one destroyer and one cargo vessel.

NEARING JUNCTURE
The British Eighth Army, advancing into Tunisia, has reached a point only 150 miles from the American forces to the west, thus tightening the pocket containing the entire Axis forces of North Africa.

ROOSEVELT HOME
President Franklin D. Roosevelt returned to Washington last evening. He had stopped off at Trinidad, one of the key points in Panama Canal defences, on his way home from the historic Casablanca conference.

REDS ADVANCING
The Red Army has captured two more important cities as it continues its great advance against the Nazi invaders. More German divisions have been trapped in the Voronezh sector.

GIRLS MAY ENLIST
Starting next month Canadian girls may enlist at selective services offices throughout Canada in the various forces such as navy, army and air force.

ICY ROAD IS FATAL

Soldier Loses Life When Crushed To Death by Truck Sunday Morning

Extremely slippery roads as the rain cleared the snow off their surface, leaving nothing but glare ice, resulted in one fatal accident Sunday morning while, during Saturday night and Sunday night, numerous trucks and cars became drenched in various parts of the city as they slid off the streets.

The fatality was that of Gunner Albert Frank Piaskoski, aged 22, of a local artillery unit, who was crushed under a truck he was driving while going up the hill towards Sherbrooke Avenue just beyond the McClymont Park bridge. He died soon after. Piaskoski came from Levac, Ontario.

HAMBURG ATTACKED

Royal Air Force Again Picks off That Long-suffering Nazi Port

LONDON, Feb. 1—British bombers ranged over western Germany during the night, concentrating upon Hamburg where a tremendous weight of heavy explosives and incendiaries was dropped. Shipyards, submarine plants and aircraft factories were attacked and the bombers left the city a sea of flames.

The attack on Hamburg followed one at the end of the week when Canadian airmen joined the Royal Air Force in the growing fight against submarines when they formed a great part of waves of bombers which dealt punishing punches to the U-boat base at Lorient, France. It was the seventh attack upon the Lorient submarine base in a month. Damage was not immediately known because of heavy clouds but a good tonnage of high explosives and incendiary bombs was dropped. Four of the planes failed to return from Lorient.

Plebiscite Unfavorable

Voters of Terrace Opposed To Tying up Electric Concession

A plebiscite vote was taken Thursday last on the question as to whether a twenty year agreement should be made with a local firm which proposed to establish a light and power plant for the village of Terrace.

There had previously been a public meeting of the electors but this meeting had been so poorly attended that the chairman considered it to be not a fair test of local public opinion so the meeting decided to hold the plebiscite.

Even the voting showed rather an apathetic attitude on the part of local citizens were 33 against granting the twenty year permit and 16 in favor of it.

INVALIDS PERISHED

Thirty Old Folk Burned to Death in Sanitarium Fire Near Seattle

SEATTLE, Feb. 1 (CP)—Thirty aged invalids perished in the Lake Forest Sanitarium, a two-story frame building five miles north of Seattle, in a fire which is reported to have started when the head of a defective match flew into an oil heater.

Obstructing Of Police Officer

Vernon Rowe, who operates a small restaurant at Sixth Avenue and Fulton Street, was fined \$50, with option of thirty days' imprisonment, by Magistrate W. D. Vance in city police court on Saturday. The charge was obstructing a police officer in the execution of his duties. Corp. Oldham and Constable Gardner, it was alleged, were conducting an investigation in regard to coal having been stolen and entered Rowe's place. They smelled rum and proceeded to pick up a bottle which Rowe tried to take away from them. In the same connection Nicholas Alexander was given three months' suspended sentence for having liquor in a restaurant.

All On Board Plane Perish

UKIAH, California, Feb. 1 (CP)—An American Navy transport plane, missing ten days on a flight from Pearl Harbor to San Francisco, was found wrecked and burned in California mountains near here.

FIRST AID IN SESSION

Annual Meeting of Local Branch of St. John's Ambulance Association Held Yesterday

W. L. Armstrong, president, and other members of the executive of the past year were re-elected to office yesterday afternoon at the annual meeting of the Prince Rupert branch of the St. John Ambulance. Reports showed useful work being carried on here in the way of training and organizing first aiders.

The report of the secretary, Robert Reid, which outlined the activities of the past year, stated that the number of candidates going up for first aid examinations during the year was not large but compared favorably with the previous year.

A communication from the British Columbia executive of the St. John Ambulance Association urged that all truck and automobile drivers should be required to have a knowledge of first aid.

The financial statement showed that the branch had started the year with a deficit of \$20.26 but, after spending \$57.28 during the year, now had a cash balance of \$18.03 in addition to the \$6.60 value of stock on hand.

A vote of thanks was tendered the secretary-treasurer, Mr. Woods, in adopting his report.

Angus Macdonald, the instructor in first aid, reported a man's class of sixteen now going on at the Fire Hall and a women's class of twenty at A.R.P. headquarters on Second Avenue. First aid stations of the A. R. P. here were now fairly well equipped. Mr. Macdonald reported. Mr. Macdonald referred to the fact that the new local reserve unit was drawing away some first aid workers.

The re-elected executive consists of the following:

President—W. L. Armstrong. Secretary - treasurer — Robert Reid.

Executive — Angus Macdonald, S. J. Hunter, Mrs. T. H. Priest and Mrs. R. S. Woods.

S. J. Hunter and Robert Barclay were named auditors.

At the suggestion of W. E. Denning, it was decided to hold a dance towards the end of the month for the purpose of keeping the importance of first aid in the public eye. This dance will be featured by some demonstrations of handling casualties such as might occur in an air raid. Mr. Denning was delegated to commence organizing of the dance.

Notes of thanks were tendered the first aid examinations, and the first air examinations, and Angus Macdonald, the instructor, as well as to the Canadian Legion for courtesy in making a hall available for the meeting.

The case of Marvin Joseph Bruce, charged with indecent exposure, has been adjourned until Thursday in city police court. The prosecution followed an incident on Borden Street of which, complaint was made to the police.

German High Command Admits Great Army Is Entirely Overwhelmed

Force of 330,000 Men is Lost by Huns in Disastrous Siege Attempt—Fighting Continues With Violence Elsewhere

NEW YORK, Feb. 1 (CP)—The German High Command announced today that its Sixth Army, commanded by Field Marshal Paulus, long encircled in the Stalingrad area, had been overwhelmed after more than two months of heroic defence against superior forces. Field Marshal Paulus and other generals were captured. On other sections of the Russian front, a communique said, "fighting continues with undiminished violence."

The Russians announce virtually complete destruction of the Nazis' Stalingrad siege armies of 330,000 men with the smashing of two armies, killing 100,000 troops in the last twenty days alone and the capture of a German field marshal and sixteen generals.

SINKING OF SUBMARINE

Canadian Corvette, Commanded by Victoria Officer, Responsible For Disposing of Italian Undersea Craft

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 1 (CP)—An Allied communique today announced that the Canadian corvette Port Arthur had destroyed an Italian submarine with gunfire and depth charges when it attempted to attack a convoy in the western Mediterranean.

The Port Arthur was commanded by Lieut. Edward Theodore Simmons, R.C.N.V.R., who won the Distinguished Service Cross recently while executive officer on H.M.C.S. Shambly when he led a boarding party aboard a sinking submarine.

DIM-OUT IN FORCE

New War Protection Measures Now Effective Here

With the arrival of February 1 today, dim-out regulations are in force in Prince Rupert, applying particularly to street lights, car lighting and business and house lights which face seawards. Many people have, no doubt, already made adequate dim-out arrangements. There will be a prompt check-up on those who are in violation of the regulations.

Special permission has been granted for certain war industries and essential projects to use illumination which would ordinarily be in violation of the dim-out. One of these, it is announced, is in connection with local United States Engineering Department projects.

Dim-out regulations are effective each day from half an hour after official sunset until half an hour before sunrise. This evening, for instance, the dim-out starts at 6:48 p.m. and ends at 9 o'clock tomorrow morning.

Dr. and Mrs. Duncan McColl and family of Queen Charlotte City, who have been on a trip to Vancouver, arrived in the city yesterday afternoon from the south and are leaving tomorrow night for the Queen Charlotte Islands.

MINISTER WITHDRAWS

Edward J. Flynn Suggests Roosevelt Not Nominate Him as Minister to Australia

WASHINGTON, D.C., Feb. 1 (CP)—In order to obviate a political crisis at a time when there should be nothing to disturb the winning of the war, Edward J. Flynn announces that he is asking President Franklin D. Roosevelt to withdraw his (Flynn's) nomination as American minister to Australia despite the fact that friends assured him confirmation by the Senate was certain.

Former Ambassador Joseph C. Grew is now mentioned as minister to Australia instead of Flynn.

BUSINESS MAN DIES

John C. Woods Passes Away—Well Known With His Wife in Ladies' Wear Line

John C. Woods, well known local business man, passed away at 5 o'clock this morning in the Prince Rupert General Hospital after a year's illness. He was associated with his wife, Mrs. Annette Woods, in the ladies' ready-to-wear business. Death came after a year's illness. He had been in hospital from December 9 until a few days before Christmas when he was taken home. He continued, however, to sink and his condition became very serious yesterday morning when he was taken to hospital by ambulance.

Mr. Woods was sixty-four years of age and was born in Renfrew, Ontario. In his younger days he was a well known athlete, having been a member of the Toronto Maple Leafs hockey team and also a prominent rugby player with the Calgary Tigers.

Before coming to Prince Rupert seventeen years ago, he was for thirty years in Calgary, having been identified with the city service there. Besides his widow here, who will have the sympathy of her many friends, Mr. Woods is survived by three brothers—Edward, James and Gordon Woods of Monrovia, Ontario — and four sisters — Miss Grace Woods of Hamilton, Mrs. Laura Gregg of Hamilton, and the Misses Sadie and Stephena Woods of Monrovia.

Mr. Woods was a member of a Calgary Masonic Lodge.

EDITORIAL

The Council's Job . . .

We used to get a little impatient at times when City Commissioner Alder would tell us we could not have this and we could not have that because there was not the money. Some people, perhaps, thought that, when the city got its mayor and council back, everything would be lovely—all the streets would be fixed up immediately, adequate sewers would be provided without delay, in fact, everything we needed would be furnished at once. As a matter of fact we had no reason to expect that there could be any great improvement immediately. The new city council is fully appreciative now, if it was not before, of its inability to do many of the things that it knows need doing and would like to do.

Municipal autonomy has been restored to Prince Rupert at a very difficult time. It would be easy enough to slip back into financial difficulties like we had before although there are better governmental safeguards now than there were then.

It is fair enough to suggest that we should not be too impatient with our new city administration even if conditions do irritate us at times. The administration is just as anxious as all the rest of us are to make a showing and get something done.

Freedom From Want . . .

To make freedom from fear and want the assured possession of all Canadians is one of the highlight aims of the Speech from the Throne at the opening of the latest session of Parliament at Ottawa. The government, in emphasizing this aim, has probably sensed a feeling of insecurity on the part of many people that present unusually expanded conditions cannot last forever and may not last for long, the wonder of not a few being what is going to happen them. This very feeling of personal insecurity must affect many people and does not tend to the best of a war effort which we are constantly reminded is so essential. For the most of conscientious people some assurance along these lines would undoubtedly improve morale and esprit de corps.

The most of people, we believe, will be glad and willing to do their part in contributing to that future security for themselves. What they want is leadership in which they are confident, something which a lot of people feel they are not getting today in this country.

It is well that our government should realize the necessity of insuring social security to the people. It is to be hoped that it will really assume its responsibilities in the matter.

At the same time the people have no right to expect that they can go on like the grasshopper just saying that the world owes them a living. The world owes no one a living who is not willing to work for it. It is the part of the government to so organize things that the people may be able to work for that living and for the security which they would be guaranteed.

This task of government may not be an easy one. Accomplishment of it is impossible if there is not leadership, confidence and willingness on the part of the people themselves to co-operate. Certainly talk and wishing will never bring about the accomplishment. And this goes for both government and people.

Cheerful For Us . . .

Climax of a week of cheering developments for our side in the war came the speeches of the elephantine Herman Goering and serpentine Joseph Goebbels to the people of the Reich on Saturday. Adolf Hitler was, we are told, away at the Russian front where his Nazi soldiers are being slaughtered in wholesale measure.

It was rather interesting to hear Goering's statement that the affair of Stalingrad was a "master stroke," ensuring a German victory. If that was Goering's idea of a master stroke we wonder just how much he needs to lose to constitute a defeat. We don't know how much the Germans might have been cheered by Goering and Goebbels but we do know that there was nothing in what they said to cast down those of us on this side. In fact, they were very encouraging as far as we are concerned.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT
The Hostess

Another full dance week:
Wednesday—Regular "Y" dances at the Empress Hall.
Thursday—Weekly Ontario Regiment dance; junior hostesses to meet at the "Y".
Friday—R.C.O.C. dance, Empress Club; junior hostesses to go first to the Empress Club.
Saturday—Granadier Sergeants' dance; junior hostesses to meet at the "Y".

Chaperones have not been selected as yet for these dances; their names will be announced later.

We all like sea shanties and here is a modern Canadian one which the boys were singing at a navy dance last week. Signal Officer, Lieutenant Governor wrote down the words for me. It is sung to the tune of "Bless Them All" and is as follows:

"THE BOATS"
"Give me the boats, ting-a-ling-a-ling."
"Yes the boats, ting-a-ling-a-ling."
"The Rodney, the Nelson, the Hood"
"Bless her soul"
"As we roll"
"On patrol."
"We're the Canadian Corvette."
"And we don't stop for rest"
"As we cruise along."
"The captains they play, Abandon Ship."
"Clear lower decks, by heck!"
"We're always in motion."
"We're the pride of the ocean."
"The boats—give me the boats."

"Now when we're ashore,
"Having one or two more"
"In a cafe not far from the rocks"
"Dear rocks!"
"What should befall."
"But we get Boats Recall"
"And back we go down to the docks."
"Dirty docks!"
"Oh we work hard all day."
"Both at work and at play"
"But remember the old college"
"What, what-what."
"Exercises perfinadoes."
"No good for the matelots."
"The boats, give me the boats."

Padre Fooks of the Navy tells me that the Royal Canadian Navy Band from H.M.C.S. Naden at Esquimalt is expected here the end of February. It will be here for a short time and it is hoped will give a Sunday concert for the troops as well as play for a navy dance. This band, under the leadership of Lieutenant Cuthbert, is very well known and well liked in the south and its visit here will be a much anticipated treat.

Another chanty for you, short and sweet and to the point:
"Oh there's sailors on the ocean."
"And there's sailors on the shore."
"There's sailors on the BDV"
"You've never seen before."

Local Men and Woman Enlist

List of Latest Recruits in Active Army Here During Past Week

Recent recruits for the Canadian Army (active) to enlist during the past week and leave for Vancouver for training included:

- J. E. D. Leighton, fisherman, Prince Rupert.
- C. A. Maloney, mining engineer, Prince Rupert.
- Adrien Heter, truck driver, Prince Rupert.
- Frank Wlasitz, section man, Longworth.
- John Geistner, truck driver, Beaufort, Manitoba.
- J. A. Bowlin, truck driver, Kam-sack, Saskatchewan.
- E. M. Welland, mechanic, Prince Rupert.
- Alex Patrie, truck driver, Kent, Alberta.
- Miss Muriel Matthews, local clerk, has enlisted in the Canadian Women's Army Corps.

LETTERBOX

DEVELOPMENT OF NORTH

Editor, Daily News:
Sometimes one wonders if we people who are now living in Prince Rupert and adjacent territories, including our school age children, are keeping ourselves as well informed on changes that are taking place about us as we should do. I do not refer to any war work or any of those activities about which we need be silent but to events that are openly discussed in the newspapers and which are preliminary to plans for the post-war rehabilitation of all the nations of the world.

The implications of the "Atlantic Charter" are that all the nations, "great or small, victor or vanquished," must have access or equal terms to the natural resources of Canada, in common with those of all other nations. Scientific and technical organizations have been set up to make a survey of the mineral resources of the world and a few days ago we read the announcement in the local papers that a Canadian-American Commission had been appointed to deal specifically, among other things, with the development of the resources of Alaska, the Yukon, a portion of the Northwest territory and a portion of northern British Columbia, of which Prince Rupert is in the key position from the standpoint of export and import trade.

Russia has given the world a lesson on how to make best use of natural resources and raw materials and the world is only now learning how that country developed her northland by creating new towns, building air bases, building railways and industrial plants, opening mines and developing the resources of fishing, agriculture and lumbering. All of this is in territory much the same as that under the survey of the Canadian-American Commission.

The "International Resources Organization" has put forward the suggestion that the natural resources of the world should be rationed internationally after the war and that idea has been generally endorsed by the allied nations. H. G. Wells has stated that, if we do this, "we are demanding an authority that will set aside and override every existing government on earth today." It may be that such a world revolution will not take place but it is apparent that Canada and the United States are about to make a move to show the way to the rest of the world by the unselfish distribution of the resources of this part of the world to all nations for use in post-war rehabilitation and subsequent peace time pursuits.

Such a move will, undoubtedly, mean tremendous development in this northern area. Fortunately we are already equipped for the beginnings of this great scheme by connection with the best railway on the continent from the standpoint of grades and economy of operation as well as with port facilities. Further lines of railway will be necessary, are even now needed, to connect our present system with the railways of Alaska and no doubt the line from Hazelton to Dawson City, projected by the builders of the Grand Trunk Pacific, will be built in the near future. It is a logical and necessary development and its completion will not likely be long delayed.

The geo-political developments are already under way for the establishment of this great experiment for the furtherance of world peace. In the building of this proposed new international district the youth of today will play a great part. It is well that they should be stimulated to take a keen interest in all these present developments and to keep themselves informed if only as a study in world progress. "It is equally fitting that all good citizens of Canada should be sufficiently interested and enlightened on all the angles of these matters, as it is possible in this, as in all matters of a political nature, that self-interest might bring pressure to bear to have certain necessary developments swung into un-economic channels away from the standpoint of the best interests of the whole plan or of immediate utility.

Selfishness is a foe that must be overcome at home and abroad. If this portion of the great plan for a new kind of world, which is being unfolded right before our eyes, is to succeed.

T. A. McINNIS.

Has Outstanding Record

W. D. LAMBIE

W. D. Lambie, Supervisor, Northern B.C. territory for The Monarch Life Assurance Company whose sales record in 1942 made him Branch Leader according to an announcement made by Mr. R. F. R. Boreham, Branch Manager of the B.C. Mainland Division. Mr. Lambie has regularly qualified for Honor Club membership with his company since joining the organization here some five years ago. The Annual Report of the Monarch Life Assurance Company just released reveals continued progress in all departments and increased service to the public. The company's purchase of Dominion Government bonds during 1942 exceeded the amount by which the assets of the company increased during the year. Seventy-seven members of the organization are serving in the armed forces or have left to take up war work.

Many Attend Funeral Of Mrs. Hamblin

Many friends desirous of expressing their esteem for deceased and sympathy for the bereaved formed the congregation yesterday afternoon at First Baptist Church for the funeral of the late Mrs. Sydney Hamblin who passed away last week.

Rev. C. A. Wright, pastor of the church in which deceased had been an active member and worker for many years, officiated, making appropriate and sympathetic remarks in his address. The choir was in attendance and sang "It is Well With My Soul." The hymn was "Abide With Me." Mrs. J. C. Gilker presided at the organ.

Following the church service, interment was made in Fairview Cemetery, burial taking place in the Knights of Pythias section.

Palbearers were Hector Mackenzie, John E. Davey, G. W. Johnstone, James Greer, Capt. Reg Green and Ivan Mallet.

There were many beautiful floral tributes.

Vacuum Sealed PACIFIC MILK

"Pacific Milk is rich, fresh, pure and has the natural flavor. It is uniform. Every can is the same. I use it all the time."

One reason for this uniformity, Mr. J., is the vacuum seal. Pacific is the only milk packed in Canada in this way and this good packing keeps it fresh and pure.

PACIFIC MILK Irradiated and Vacuum Packed

WANTED MANGANESE PROSPECTS

Manganese minerals are found in limestone, red shale, conglomerate, granite and sandstone. They generally occur as irregular deposits which follow the bedding. The overburden often contains nodules and lumps of manganese ore.

Pyrolusite and Psilomelane These manganese oxide minerals, which comprise the major source of commercial manganese, are commonly found intimately mixed in the same deposit. Pyrolusite is black and unusually soft enough to soil the fingers. Psilomelane is brownish black, harder than pyrolusite and has a brownish streak. It should be noted that large rock areas may be stained black by minute quantities of manganese oxide.

Rhodochrosite This mineral is manganese carbonate. It effervesces in acid, has a characteristic pink color, occurs in cleavable massive form and has a white streak.

Wad or Bog Manganese This ore, containing manganese oxide, occurs on the surface as a soft earth mixture, usually colored reddish brown to reddish black.

Commercial ores should contain not less than 48% manganese. Iron should not exceed 1-7 and silica 1-6 of the manganese content. Commercial value of lower grade ores are doubtful unless size of deposit, location and analysis are particularly favorable.

WEEKLY WARTIME NUTRITION HINTS

Martha Logan, Swift's famed home economist, whose weekly wartime cooking column is a regular feature of this page. Look for these valuable hints each Monday

by Martha Logan

"Meat Complete"

Shows you how to serve appetizing and nutritionally correct wartime meals

Canada's official food rules tell us to eat each of these health protective foods every day. Milk, fruits, vegetables, bread or cereals and meat.

Meat is the best known source of muscle-building proteins, vitamins of the B complex, (riboflavin and thiamine) and important minerals.

But meat is also an important munition of war. Our armed forces must have meat in plenty. Canada has proudly undertaken to keep the mother country supplied with bacon!

We must all make meat go further!

We must learn to use unfamiliar cuts of meat... new ways of meat preparation.

And that is why we have prepared

this new, valuable, meat cookbook. "Meat Complete" is a 54-page cookbook with a durable ring binding and stiff cover, printed on fine paper attractively illustrated. In addition to a wide range of delicious recipes, it shows you how to plan balanced meals and balanced menus. It is, in fact, a quick guide to wartime housekeeping which will become more and more valuable as the stress of war tests our ingenuity.

ONCE A WEEK

Serve liver, heart or kidney. Appetizing ways of preparing these important protective foods in Martha Logan's "Meat Complete"!

To get Martha Logan's new 54-page meat cookbook, send only 10¢ to Swift Canadian Co., Limited, Dept. NE 3, Toronto.

CONCERT BY REGIMENT

Acceptable Entertainment Last Night on Behalf of Aid To Russia Fund

The Capitol Theatre was fairly well filled last night by an appreciative audience attending a concert staged by a Manitoba regiment for the benefit of the Canadian Aid to Russia Fund local campaign. A goodly sum was realized as a result of the affair.

The program was of a variety nature, showing a good deal of versatility on the part of the men of the regiment. Two numbers by Sergeant Scarvie and Corporal Allison of the United States Army augmented the program and were very effective.

Featuring the regiment's offerings were several fine selections by the regimental orchestra led by Sergeant Isadore, formerly a member of Mart Kenny's "Western Gentlemen" orchestra, skits on army life and a female impersonation chorus. These were also a number of individual numbers.

One of the skits depicted an army reveille and breakfast as the soldiers would like to have them, also a court martial for an A.W.O.L. A comic working party was also amusing.

The orchestra played a variety of popular selections.

The regiment's bugle band gave a rousing number for the curtain raiser.

The individual performers included Private Urlacher with guitar solos; Private Laboucan, violin solos; Private Lahti, accordion solos; Sergeant Roberts, piano solos with Percy Bolton assisting recitatively as an old soldier recalling memories; Corp. Buss with appealing violin solos; Private Sigurdson, bugle and trumpet solos, and Private Michelin in monologues, and Sergeant Isadore, clarinet solos.

Recitations — "The Flag" and "Propaganda" by little Beverly Isadore delighted the audience.

The Muskeg Boys' string band was another entertaining item.

The "Lulu Sisters," female impersonations act, featured dancing and singing in burlesque style with ingenious costuming.

Sergeant Scarvie's vocal numbers — "Ol' Man River" and "Take Thou This Rose" were beautifully rendered.

Corp. Allison's novelty dance act in imitation of skating was very clever.

The "On Guard" drill with the "Present Arms" in connection with the closing by singing "God Save the King" was effective.

D. G. Borland was master of ceremonies and kept things moving well.

Accompanists were Mrs. Isadore and Mrs. J. S. Black.

Usherettes were the Misses Diane Whiting, Isabel Connery and Gloria Swanson.

The officer commanding of the regiment was thanked for his courtesy in permitting the concert as was also Regimental Sergeant Major Roche and Percy Bolton of the Y.M.C.A., the last two mentioned responding briefly.

SPORTS OF AIR FORCE

Sports and recreation are booming at Seal Cove. The station is now a veritable beehive of activity and for the boys out there there is never a dull moment.

Several factors have contributed to this sudden rise in tempo of heretofore limited facilities. Possibly the foremost of these has been the opening of the new recreation hall, undoubtedly the finest in Prince Rupert. Indeed, this city's basketball games are now being played on that excellent floor and the first series of games last week provided some good entertainment to the Air Force and Ack-Ack men who formed an enthusiastic gallery.

Under the splendid leadership of such men as Pilot Officer Johnson, the president of the station sports committee, Sgt. Mahl, the new physical training instructor, and the new "Y" supervisor, Jack McClelland, the Seal Cove boys have taken hold of a new lease on life. An intensive program has been lined up to provide training and recreation for all. Badminton, basketball, volleyball, wrestling, boxing, gymnastics, ping pong are in full swing. All sections are enjoying regular twice-weekly periods of relaxation. In addition the gym is always open to anyone who cares to avail himself of the opportunity.

The twice-weekly free shows have been getting better each week, a new feature being the presence of energetic Jack McClelland whose ability as a "Y" leader is only equalled by his prowess on the piano. Indeed, Jack has difficulty getting his boys to join in a sing-song. Instead they do their utmost to have this wizard of the ivories render his clever versions of the latest hits.

New Station Magazine
 Last week say the first issue of the new Station magazine, the "Slipway," the title of this publication having been provided by the fertile brain of Leading Aircraftman Margolese, the able D. R. O. clerk. All sections contribute items to the hard-working Editor, Leading Aircraftman Miller of the marine section. All thought the first issue was good. There is assurance of even better ones to follow.

Under the able leadership of Flying Officer Ellis, the president of the entertainment committee, several concerts and dances have been put over, every single one of these being tremendous successes. The only trouble is that there have not been enough of these.

The Bowling League, in spite of counter-attractions and other difficulties due to unexpected happenings beyond control, has continued to provide a weekly evening of relaxation and competition that personnel of every section keenly enjoy and look forward to. This was conceived and organized by Leading Aircraftman Smith, who puts in many hours each week as secretary, arranging schedules, working out averages and handicaps and putting out the weekly bulletins. During the first half eighteen teams participated, all teams turning out at full strength throughout. The first half was brought to a fitting conclusion with special Christmas prizes. Due to so much increased activity, the size of this league has been cut to 16 teams for the second half, but it has been managed to increase the number of weekly prizes. "Hidden scores" help to keep the interest of all, for it gives everyone a chance to win a weekly prize.

Complete Shows at 1:00, 2:53, 4:46, 7:00, 9:05
 Feature at 1:26, 3:29, 5:32, 7:35, 9:41
