TELLS ABOUT MESOPOTAMIA

Squadron Leader Harry Jones Tells Gyro Club of Land in Which He Served During Last War.

Mesopotamia, steeped in antiquity and history, was the subject of an interesting descriptive talk at yesterday's weekly luncheon of the Prince Rupert Gyro Club by Squadron Leader Harry Jones of the Royal Canadian Air Force who served in that country in the First Great War. "The Land Between Two Rivers"—the Tigris and Euphrates, Mesopotamia contained the Garden of Eden and there was an ancient pomegranate tree which was said to have been the original tree of good and evil. To large extent the Garden of Eden today was featured by date palms, figs and dust.

Ruins of ancient cities in the early civilization of thousands of years ago were still to be seen. Some of these ruins were buried deep under silt, the city of one era of civilization having been built atop of another with layer of silt between, indicating that there had been great floods just such as the Bible suggested. These ancient civilizations had had their marvels of engineering such as a perfectly straight canal for 150 miles with reversing locks and cities of perfectly square blocks with boundaries running due north and south. Even today there were reminders of the Ark, chickens, goats and dogs being herded into boats with palm leaves and pitch to float to dry land when the seasonal flood waters came.

Squadron Leader Jones also told of the campaign against the Turks in Mesopotamia during the last war, relating some interesting military anecdotes including the capture of a Turkish general staff, the recapture of important British prisoners and the first use of mechanized equipment on a large scale.

Mesopotamia was a valuable land, the speaker said. It had its great oil resources and, with irrigation, tremendous agricultural possibilities. Possibly most important of all, however, was the strategic position as an important link with the East.

In the absence of President W. J. Scott and Past President George L. Rorie, W. F. Stone presided over yesterday's luncheon. Reg Burr of Vancouver was a luncheon guest.

Strike Is Postponed

Mr. Justice C. D. Richards to Investigate Queen Charlotte Islands Dispute.

VANCOUVER, Sept. 30 — Nigel Morgan, executive member of the International Woodworkers of America, said last night that he had been advised that Mr. Justice C. D. Richards of Winnipeg had been appointed a commissioner to investigate the dispute between the Queen Charlotte Island loggers and operators and had advised the loggers to postpone projected strike action for a week.

The appointment of Mr. Justice Richards was announced at Ottawa yesterday and he will arrive here on Monday to start an investigation by meeting representatives of the camp managements and employees with a view to settling the dispute without necessity of a strike vote.

MERGER OF TELEGRAPH COMPANIES

MONTREAL, Sept. 30—It was announced from Washington that the Federal Communications Commission had approved the application of the Western Union Telegraph Company and the Postal Telegraph Inc. to merge their respective systems. This application has been the subject of hearings before the commission for the past several months.

Following this announcement W. M. Armstrong, general manager, Canadian National Telegraphs and W. D. Neil, general manager, Canadian Pacific Communications, today made the following joint statement: "It is well known that Western Union has been the exclusive connection of Canadian National Telegraphs and Postal Telegraph the exclusive connection of Canadian Pacific communications for the interchange of telegraph business within each others control. The merging of the two American telegraph systems has made it necessary to modify to some extent existing contractual obligations of the respective companies.

"The two Canadian companies have entered into an understanding with the Consolidated Company which will continue to be known as the Western Union Telegraph Company. This understanding will permit both companies to exchange telegraph traffic of all classes with the United States.

LOST RUDDER BUT LOCAL YACHT GETS IN SAFE WITH JURY GEAR

Yacht Full Moon and Party Reach Port in Safety.

Steering with a makeshift rudder which he had hewn out of timber which he had gone ashore and cut down, Dr. William S. Kergin brought his power yacht Full Moon safely into port about 7 o'clock Wednesday evening, the party on board being safe and well. The contraption which Dr. Kergin had used to bring the Full Moon into port after the vessel's own rudder had fallen off was the cause of considerable interest of waterfront passersby after the Full Moon's arrival.

The Full Moon had been at Snug Cove, Porcher Island, and left there on Thursday afternoon. She put into Stephens Island on the way and it was when making a sharp turn while coming out of harbor there that the vessel's rudder was lost. Dr. Kergin made two attempts to rig up an emergency rudder and it was the third that proved successful and brought the vessel in under slow speed.

Late Wednesday afternoon searching aircraft reported having sighted the Full Moon coming in.

There was general relief when the travelers returned as general concern had been expressed.

Dr. Kergin expressed regret today over the anxiety that had been occasioned by the episode and voiced his great appreciation of the search efforts of navy, air force, provincial police and others searchers.

Giving an account of his experiences, Dr. Kergin said that the Full Moon had left Snug Cove on Thursday afternoon and put into the Stephens Island anchorage where Thursday and Friday were spent.

Saturday morning the Full Moon moved out of the Stephens Island anchorage, adverse conditions prevailing. Dr. Kergin was navigating from the open helm on the bridge and had two ninety degree turns to make to negotiate the passage of reefs at the entrance. The first turn to the left was made nicely but the helm refused entirely to re-

Bulletins

MANFREDONIA CAPTURED

ALLIED HEADQUARTERS IN NORTH AFRICA — The British Eighth Army captured Manfredonia, 32 miles east of Foggia, on the Italian east coast today.

EISENHOWER-BADOGGIO MEET

WASHINGTON — General Eisenhower and Premier Badoglio, in a warship conference, have discussed how Italy can co-operate militarily with the United Nations against Germany.

WEWAK IN RUINS

ALLIED HEADQUARTERS IN SOUTH PACIFIC—Wewak, the greatest Japanese base in New Guinea, is in ruins as a result of the second Allied bombing raid upon it. It was the greatest raid so far made in the South Pacific.

Messages destined to the United States will, therefore, continue to be accepted at offices of Canadian Pacific as well as Canadian National Telegraphs.

An officer of the American Post Engineers who had been Sheremeta's superior, said that he had been a good worker, and that his department had no interest in seeing him severely punished. However, he felt that some punishment should be given.

Magistrate Vance, emphasized the fact that he was showing leniency in allowing Sheremeta the option of a fine when he sentenced him to pay \$100 or spend three months in jail.

New Deal For Italy

Possibility of Reprieve From Status of Defeated Aggressor Nation Seen.

LONDON, Sept. 30 — Chance for at least a limited reprieve for Italy from the status of defeated aggressor nation was seen here following disclosures that Italian ships and troops are already working in the British-American service.

Thus far it is understood here that Italy has been definitely classed as a defeated enemy but there is a concrete basis for the belief that she will be given the opportunity to alter her status provided she collaborates fully with the Allies.

Commission On Coal Dispute

Mr. Justice O'Connor of Edmonton and F. E. Harrison of Vancouver Named.

CALGARY, Sept. 30 — Mr. Justice O'Connor of Edmonton and F. E. Harrison of Vancouver have been appointed as a commission by the Dominion government to investigate the Alberta and British Columbia coal mine disputes. They are holding their first session here today.

FIRST PRESS

The first printing press was shipped to England in 1475 by William Caxton.

Is Fined For Theft

Charged with stealing a quantity of composition wall-board and a number of bathroom fixtures from the United States Post utilities depot here, where he was employed as a checker, Harry Sheremeta appeared before Magistrate Vance in city police court, this morning and entered a plea of guilty.

Sheremeta was represented by Bruce Brown, who, following the plea, explained to the court the circumstances of the theft, saying that Sheremeta, his native generosity inspired by liquor, had taken the articles from the depot in a company truck and given them to a friend who was building a house. There was no premeditation in the act, nor had Sheremeta done it for gain, counsel contended.

The theft was committed on the morning of September 14. Sheremeta came to Prince Rupert last February from Vancouver Island, and has since worked for various departments of the American service here, earning a good record of service, his counsel said.

An officer of the American Post Engineers who had been Sheremeta's superior, said that he had been a good worker, and that his department had no interest in seeing him severely punished. However, he felt that some punishment should be given.

BUSY WINTER ON RAILWAYS

Chief of Motive Power for C.N.R. Back From Western Tour.

MONTREAL, Sept. 30— Foreseeing a further increase in all traffic, railwaymen in the west feel they are going to have a very busy winter, stated E. R. Battley, chief of motive power and car equipment, Canadian National Railways, on returning to his office after completing a 7,500 mile tour of the railway's mechanical and maintenance facilities in Western Canada.

The tremendous mileage travelled daily by Canadian National rolling stock carrying freight and passenger traffic of record proportions is due to the efficient manner in which mechanical inspectors are performing their duties, added Mr. Battley. Shop and maintenance forces realize the importance of keeping locomotives and cars in the best of condition as this equipment is constantly being called upon to transport urgent war traffic with the utmost safety and dispatch.

Mr. Battley had a word of praise for the work being performed by women at western shops and roundhouses. Some were doing work entrusted to women for the first time in the history of Canadian railroading and accomplishing it satisfactorily.

During the tour Mr. Battley visited Vancouver, Prince Rupert, Prince George, Blue River, McBride, Smithers, Jasper, Edmonton, Edmonton, Saskatoon, Melville, Regina and Winnipeg where shops, roundhouses, repair tracks and stores were thoroughly inspected.

Bruce Mickleburgh left here this week for Vancouver to attend sessions of the executive of the British Columbia School Teachers' Federation in his capacity as representative for Northern British Columbia.

SKELETON NEWS

British newspapers have cut their paper consumption to approximately one-sixth of their pre-war rates.

Berlin Admits Big Scale Crossing Thrusts of Soviet Forces Across Major River — Rudnya is Latest Capture.

MOSCOW, Sept. 30 (CP)—Russian guns shelled the Germans on the high cliffs of Kiev today from the suburbs on the eastern bank of the Dnieper. The Russians held the entire eastern suburbs. Berlin radio said the Russians were continuing big scale crossing thrusts along the central Dnieper without revealing success of the assaults.

The Russians plunged ahead toward the northern borders of White Russia, less than ten miles away, after capturing Rudnya, important communications centre midway between Smolensk and Vitebsk. The Swift Soviet advance constituted a potential threat to German-held Poland, one hundred miles further west.

This was the situation today following the major victory announced in a Russian communiqué yesterday of the capture of Kremenchug on the east bank of the Dnieper River between Kiev and Dnieperpetrovsk. The capture of Kremenchug wipes out one of the last German bridgeheads on the east bank of the river and isolates a sizeable Nazi force pocketed between the river and Poltava.

He said that Mr. King seeks to convey the impression that there will be no election until 1945 while imposing a set of conditions which make it possible for him to call one as soon after the opening of the House as any man raises a voice in what Mr. King might interpret as substantial criticism.

Unusual Assize Court Session...

Prince Rupert had four criminal cases at its fall assizes just ending and all resulted in acquittals which situation causes considerable public discussion. As the four cases that were brought before the high court at considerable public expense resulted in acquittals by their peers, the persons who were charged were vindicated and established innocent under British justice of the offences of which they stood accused. Wrongful impressions and unfair deductions are, unfortunately, liable to arise from a court session resulting as this one did.

Christmas Mail Deadline...

Faced with the task of moving more Christmas mail to more Canadians in more corners of the world than ever before, the Post Office Department announces that the deadline for parcel mailings will be November 1. But it is far better that a parcel be mailed in October, for then it will be sure to be delivered in time. It is expected that approximately ten million pounds of Christmas mail will be sent overseas to Canadian servicemen and women.

From no less a person than Winston Churchill comes this advice on what to write to the boys overseas: "Write often, keep the family bonds strong enough to cross the Atlantic, send pictures of the family, neighbors and street. Pictures warm the hearts of men away from home. Fill your letters with the homely, everyday happenings that make your soldier know he is still part of the home."

KEEP 'EM HAPPY WITH MAIL.

BOY, WHAT A SOUP! I MUST TELL MARY TO GET SOME FOR ME

I THOUGHT YOU'D LIKE IT—AND IT GIVES YOU LOTS OF PEP FOR THE AFTERNOON JOBS

FOR A WARM, INVIGORATING "LUNCHTIME LIFT" PACK LIPTON'S NOODLE SOUP MIX IN HIS LUNCH KIT

Make his lunch more nourishing, invigorating and appetizing with Lipton's Noodle Soup Mix. This delicious Lipton product takes minimum space in his lunch kit. He can cook it in seven minutes. And every day he can enjoy a delicately seasoned soup with oodles of delicious noodles and toasted onions... and with a chickeny flavour that beats even the finest old-fashioned slow-simmered soups.

Remember, there's no shortage of this famous Lipton product. Pack Lipton's Noodle Soup Mix regularly in his lunch kit.

SOFTBALL DEADLOCKED

Gordie Crymble Should Have Won for Air Force but for Bad Support

When Station Complement and Air Force Flyers faced off in the first of the best of three finals for the Inter-Service softball championship at Seal Cove last night there were almost incredible happenings. Although Gordie Crymble twirled an almost perfect game—he allowed out two hits and struck out the grand total of sixteen batters in eight innings—the best that his teammates could do for him was to come away with a lucky three-all stalemate.

Undoubtedly, the week's lay-off that the Air Force underwent prior to last night's contest contributed considerably to the unusual state of affairs. They folded up like an Italian regiment at a crucial moment and thus permitted the Americans to score with two unearned runs out of their total of three. The Flyers started out strongly. In the first inning, Blore opened the half by making first on Anderson's error. After Brown whiffed, O'Leary clouted

the apple into centre for a two-bagger, scoring Blore.

The Station Complement negotiated the first of their unearned runs when Lancaster went all the way to third on Bennes' error and Nigro's put-out and then raced home on Randall's infield hit.

In the fourth, Crymble retired the Americans on three straight strike-outs. He continued the humiliation into the fifth when Aubrey, first man up, went out the same way. Then it happened.

Lancaster walked to break the string but was forced at second on Nigro's fielders' choice. Nigro then took second on a passed ball. But O'Leary, in an endeavour to cut him down, overthrew to Brown and Nigro scooted to third. Anderson walked. With runners on first and third, the Americans worked a successful double steal and Nigro ran in with their second tally of the shindig. Crymble was suddenly seized by a benevolent mood and issued free transportation to Randall and Carlson. With the stations crooked, the usually sure-handed Brown, messed up Manders' shoe-string pop and Anderson scored with the second unearned and what proved to be the tying run.

The situation for the Flyers looked darker than the descending night, when Blore, first

man up in their half of the fifth, was erased, third to first. Brown broke the gloom with a sharp single through the left side of the field. But O'Leary forced him, making it two away. Then Nigro, just to prove that he could be just as generous as Crymble, gave a charity to both Bennes and Crymble, loading the sacks. Volsky then scaled the heights by planting one of Nigro's choice offerings into deep centre for a two-ply smash that brought home O'Leary and Bennes and evened the score.

Try as each side might, there was no further scoring down to the extra inning, the eighth, when the contest had to be called on account of darkness.

Volsky was right behind Crymble in the Flyers' attempt to snatch a victory with his two extra-base hits and his brace of runs batted in. Crymble walked seven batters—four of them in the almost fatal fifth. Of his sixteen strike-outs, four were by Cretella and three by Carlson, his special victims.

Nigro hurled steady five hit ball, striking out three and walking four. He received solid defensive backing from his mates, especially from Anderson at the hot corner, Aubrey at short and the stylish Manders at first.

The combatants will resume their struggle at Seal Cove to-

night, weather permitting.

Line-ups:
Station Complement—Aubrey ss, Lancaster lf, Nigro p, Anderson 3b, Randall c, Carlson cf, Manders 1b, Cardenuto 2b, Cretella rf.

Air Force yers—Blore cf, Brown 2b, O'Leary c, Bennes ss, Crymble p, Volsky 1b, Gestaldin lf, Howe 3b, Anderson rf.

Umpires—At plate, Pinney. Station Complement; on bases, Mahl, Air Force.

School Soccer To Be Played

While the Area Soccer League has finished its last cup series, the public schools of Prince Rupert may play a number of football games this term as they did last fall.

Lack of a playing field at the Borden Street School is the chief difficulty to be overcome but the King Edward School has grounds to use for soccer and, if the sport is played, all the games will likely be at the latter institute.

Soccer has been found to be an ideal game for schoolboys all across the country due to the large number of players used and the minimum of equipment that is required.

Football at the Borden Street School will be handled by Principal S. A. Cheeseman and the King Edward eleven, which is now practising, will be coached by Bruce Mickleburgh.

Sport Chat

Sam Sneed, 1939 Canadian Open golf champion two years ago today took down top money of \$5,000 in the \$13,500 Westchester 108-hole tournament to set a new record for one-year prize winning at White Plains, N. Y. The money brought his earnings from January 1 to \$17,572.

Dave Castilloux, Montreal boxer, retained his Canadian lightweight championship with a 10-round decision over Harry Hurst two years ago. The French-Canadian battler, now an L.A.C. in the R.C.A.F., still holds his titles.

The Leaning Tower of Pisa is approximately 16½ feet off centre.

OUR TURN NOW

A year ago we were wondering what HITLER was going to do. Today he is wondering what WE are going to do next. Yes, the tide is turning but the war is far from won. This is no time to let down, it is time to accelerate our efforts. Young physically fit men and women should be in the Army. Those who are not fit for active duty should, if possible, be in the Reserve — the Rangers — the A.R.P. — Red Cross — Salvage Corps, or the like. Everybody should be in this war, young and old, men and women, in order to assure victory.

Apply to your nearest Recruiting Office.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.
 By DOROTHY GARBUTT

On Monday evening next at the Empress Hall Mryfin Thomas is running an Amateur Hour. He has some grand prizes lined up and expects a good turn out. Even if you can't speak a piece come out and be one of the audience. The performers do much better with the encouragement which comes of applause.

Don't forget the Highway dance tonight which is being held at the same camp as the last two dances. You remember, where we get the grand cocoa. The twelve piece navy band will be a feature of the evening.

It is just a year ago this month since Captain Armitage was here and gave us the treat of our lives with his one man show. And now he is back with us for this week end at the Capitol and the various camps during the week. The Captain is a specialist in Dickens sketches.—He makes his characters come to life with a wizardry that is uncanny. There's never a dull minute in his show. And he is also a talented ventriloquist and sleight of hand expert. He gives his services in Canada exclusively to the YMCA and his travels during the past year sound like a leaf out of Marco Polo's note book. Last October after leaving us he went to West Virginia to fulfil contracts he had there, then for December he was playing to the outposts in Newfoundland. From there he flew to Halifax for Christmas and played there until the second week in February when he went to Toronto and was the guest speaker at a banquet held by the National Council of the YMCA. From there he flew to Labrador, the Maritimes, Prince Edward Island and the Gaspé Peninsula. Back to Toronto and from there directly to Edmonton, going up the new Alaska Highway as far as Whitehorse and playing en route Fort Nelson (where he met my brother-in-law by the way), Fort St. John, Watson Lake and Grand Prairie. Vancouver was next and Victoria and all the outposts on Vancouver Island, then by gradual stages and stopping at the various camps to Rupert. From here he hopes to go to Alaska. What a trip! What a man! He must have the secret of eternal youth, for after a trip that would kill most persons he turns up in Prince Rupert all smiles and as full as vim, vigor and vitality as old Grandpa Smallweed, one of his most popular interpretations.

Briefs From Britain

Britain's oldest woman is Emma Shepherd who, at 109, is bored with the war. Miss Shepherd, who lives in North Wales, thinks that "Hitler should know by now that his game is over."

Mrs. Ada Hall, ordered to abate a nuisance caused by ducks in her front garden, told the court that she was unable to get around and kept the ducks to have someone to speak to.

Red Cross officials said that 40 British and United States officers, prisoners of war in Tokio, have been appointed by the Japanese to sort mail for captives in Japan and Japanese-occupied territory. The object is to speed delivery. The Red Cross also announced that the Japanese had asked that letters to prisoners be limited to 25 words and should be typewritten or written in block capitals.
