PY order of the Minister of Labour issued pursuant to National Selective Service Civilian Regulations, (P.C. 246, January 19, 1943) an important change is now made in regard to the issue by Employment and Selective Service Offices, of permits to seek employment.

After April 30, 1943, a permit to seek employment may be refused to any male person born in any of the years from 1902 to 1924, inclusive, who has reached age 19, unless such person presents satisfactory evidence that he has not contravened the provisions of National Selective Service Mobilization Regulations (that is, Military Call-up Regulations). Evidence required is to be in one of the following forms:

(a) A certificate of discharge from His Majesty's Forces after service during the present war; or

(b) a rejection slip issued by the Army on application for (c) a certificate of medical examination issued by the

Registrar of a Mobilization Board; or (d) a postponement order certificate issued by the Registrar of a Mobilization Board; or

(e) in the case of a male person born in any of the years ' from 1902 to 1916 inclusive, a statutory declaration on a form available in the employment office, that he is not a "single person" under Mobilization Regulations. Documents referred to in (a), (b) and (e) above need be presented only the first time a permit is sought after April 30,

Officer. Documents referred to in (c) and (d) above must be presented each time a permit is applied for. Two points under the new Regulations are to be specially

1943, unless subsequently asked for by a Selective Service

(1) Male persons applying for permits by mail should forward with their applications the evidence required

(except (e) above). (2) A Selective Service Officer MAY furnish a permit without first being handed evidence, where the applicant's services are required for immediate employment, or where a permit is asked for by mail, but in these cases the evidence must be presented to the Selective Service Officer later, usually WITHIN THREE DAYS of the issue of the permit.

All men, born from 1902 to 1924, who have reached age 19, are urged to co-operate with Employment and Selective Service Officers in this matter.

Help yourselves, help others applying for permits, help the Offices to function smoothly, by having your documents with you when needed.

We have had an encouraging en-

I think, for the benefit of these recruits, I may as well restate some of our rules and regulations—they are not very stringent —as well as correct an error that cropped up yesterday and which may be more widespread than I think. First of all our National Young Women's Christian Association requests that girls do not smoke while on duty, nor wear slacks, nor leave the dance hall to go out for a coke or a short walk. These rules are very simple but they do make for orderliness and, so far, I have had the best of cooperation from the girls. The error I spoke of was that one of the hostesses thought that her pass card would allow her to come up to the recreation hut at any time without an escort. This is not so. Only girls having escorts may come to the Y Hut. Any other women using the facilities of the hali should be the wife of a service man on active service in Prince Rupert or the daughter or mother of such a person. Exceptions are made only at the hostess' discretion. This does not exclude our friends in town who take a kindly interest in the work we do and come up to see how we are getting along. We are always most anxious to see them.

A new padre whom we welcome in our midst is Captain Miller. Everyone at the "Y" feels so grateful for the help the padres give us in various ways that we are always pleased to see them when they ar-
