Bryansk Is Recaptured By Russians

Nazis Lose Pivot of Battleline; Headlong Retreat in Ukraine

Believed Now That Germans Will Be Unable to Stop Red Army Before West Bank of Dnieper is Reached
LONDON, Sept. 14 (CP) — Russian troops captured the fortress city of Bryansk last night, breaching the German's main defence line before the Dnieper River by seizure of that pivot of central and southern German battlelines and the centre of a railway spider web serving both fronts. Evacuation of the keystone city, held by the Germans since October, 1941, was acknowledged today by the German radio soon after Moscow had reported that the on-pouring Red Army was closing in on the west bank of the Desna River. Disruption of rail network vital for German winter transport heightened the belief in London that the Nazis would not be able to halt the retreat now before reaching the west bank of the Dnieper.

The Russians had laid siege to Bryansk after cutting four or five trunk railways feeding the Axis stronghold. Moscow disclosed Monday night, announcement of the capture coming this morning. The night communique had foreshadowed the early capture of Bryansk. Other Russians are racing through the Ukraine toward Kiev and the Dnieper River. The advance is so swift that at one northern Ukraine railway station a whole trainload of German reserves going to the front was caught.

The German High Command describes the evacuation of Bryansk as a "large scale evasive operation" to prevent Russian follow-up.

NEW BRIDGE AT SMITHERS

Delivery of Material Being Awaited for \$75,000 Structure Across Bulkley River.
Only delivery of material and organization of a working force is being awaited before construction commences of a new bridge on the northern trans-provincial highway across the Bulkley River just back of Smithers. The labor will be used by the provincial department of public works in the building of the bridge.

The bridge will consist of three 140-foot truss-spans with 25-foot trestle spans at either end. There will be cluster piles for the three main spans with concrete abutments at each shore end. Approaches on the road from either end will be improved.

The new bridge, to be situated just below and almost alongside the old bridge, will cost about \$75,000 it is estimated.

Pencillin Saves Life

WINNIPEG, Sept. 14 — Four 50,000 unit tubes of the new drug pencillin, rushed to Winnipeg by TransCanada Air Lines, are reported to have saved the life of a young airman from Grandview, Manitoba, O. Olson suffering from an abscess in the spinal canal. Olson is a patient in the Deer Lodge Military Hospital here. The pencillin was administered to him beginning July 21.

Col. J. M. Nettleton, head of the hospital, revealed today Olson's paralysis is gradually disappearing. Col. Nettleton said there is every hope that he will be cured.

Pencillin was discovered by accident by Alexander Fleming, a British research scientist.

Allied Juncture In Italy Planned

ermans Succeed By Counter-Attacks in Gaining Some Ground

in Claims United Nations Forces Are Now Withdrawing to Sea and Giving Up Undertaking

ALLIED HEADQUARTERS IN NORTH AFRICA, Sept. 14 (CP) — Fierce German counter-attacks have regained some ground against the 24th Allied bridgehead near Salerno, it was announced today, but British and Canadian troops, battling from southern Italy, are only some 100 miles from making junction to support of the Fifth Army. Allied headquarters announced that the Eighth Army had captured Cosenza in an advance up the toe of Italy's boot and had seized Bari, 65 miles above Brindisi on the Adriatic coast.

Under terms of the armistice signed by representatives of General Dwight Eisenhower and Marshal Pietro Badoglio, Italy has agreed to surrender immediately French Corsica, transfer naval and air units to Allied territory, hand over all United Nations prisoners and allow merchantmen to be used against Germany. In the armistice, which provided for immediate cessation of all hostile activity by Italian armed forces, Italy promised to use her best endeavours to deny to the Germans facilities that might be used against the United Nations. Italy agrees not to evacuate Allied prisoners or internees to Germany. Other conditions of political, economic and financial nature will be transmitted at a later date.

German broadcasts asserted that the Allies are probably withdrawing to the sea as many troops as possible "which means they have abandoned the enterprise altogether." There was no Allied comment on this report.

New reinforcements are being rushed to the Salerno area by the Allies, the Mediterranean being described as alive with warships and transports.

There was a heavy air raid by the Allies on the Mount Vesuvius area yesterday as German supply lines to Salerno were pounded with bombs.

Two Cases In County Court

Civil Actions Set Down For Hearing at Session Yesterday.

There were only two civil actions on the list when County Court was in regular monthly session yesterday before Judge W. E. Fisher. They were as follows:

Robert Scharffe vs. Adam Collins, \$140.20, goods sold and delivered, W. O. Fulton for plaintiff, stands over.

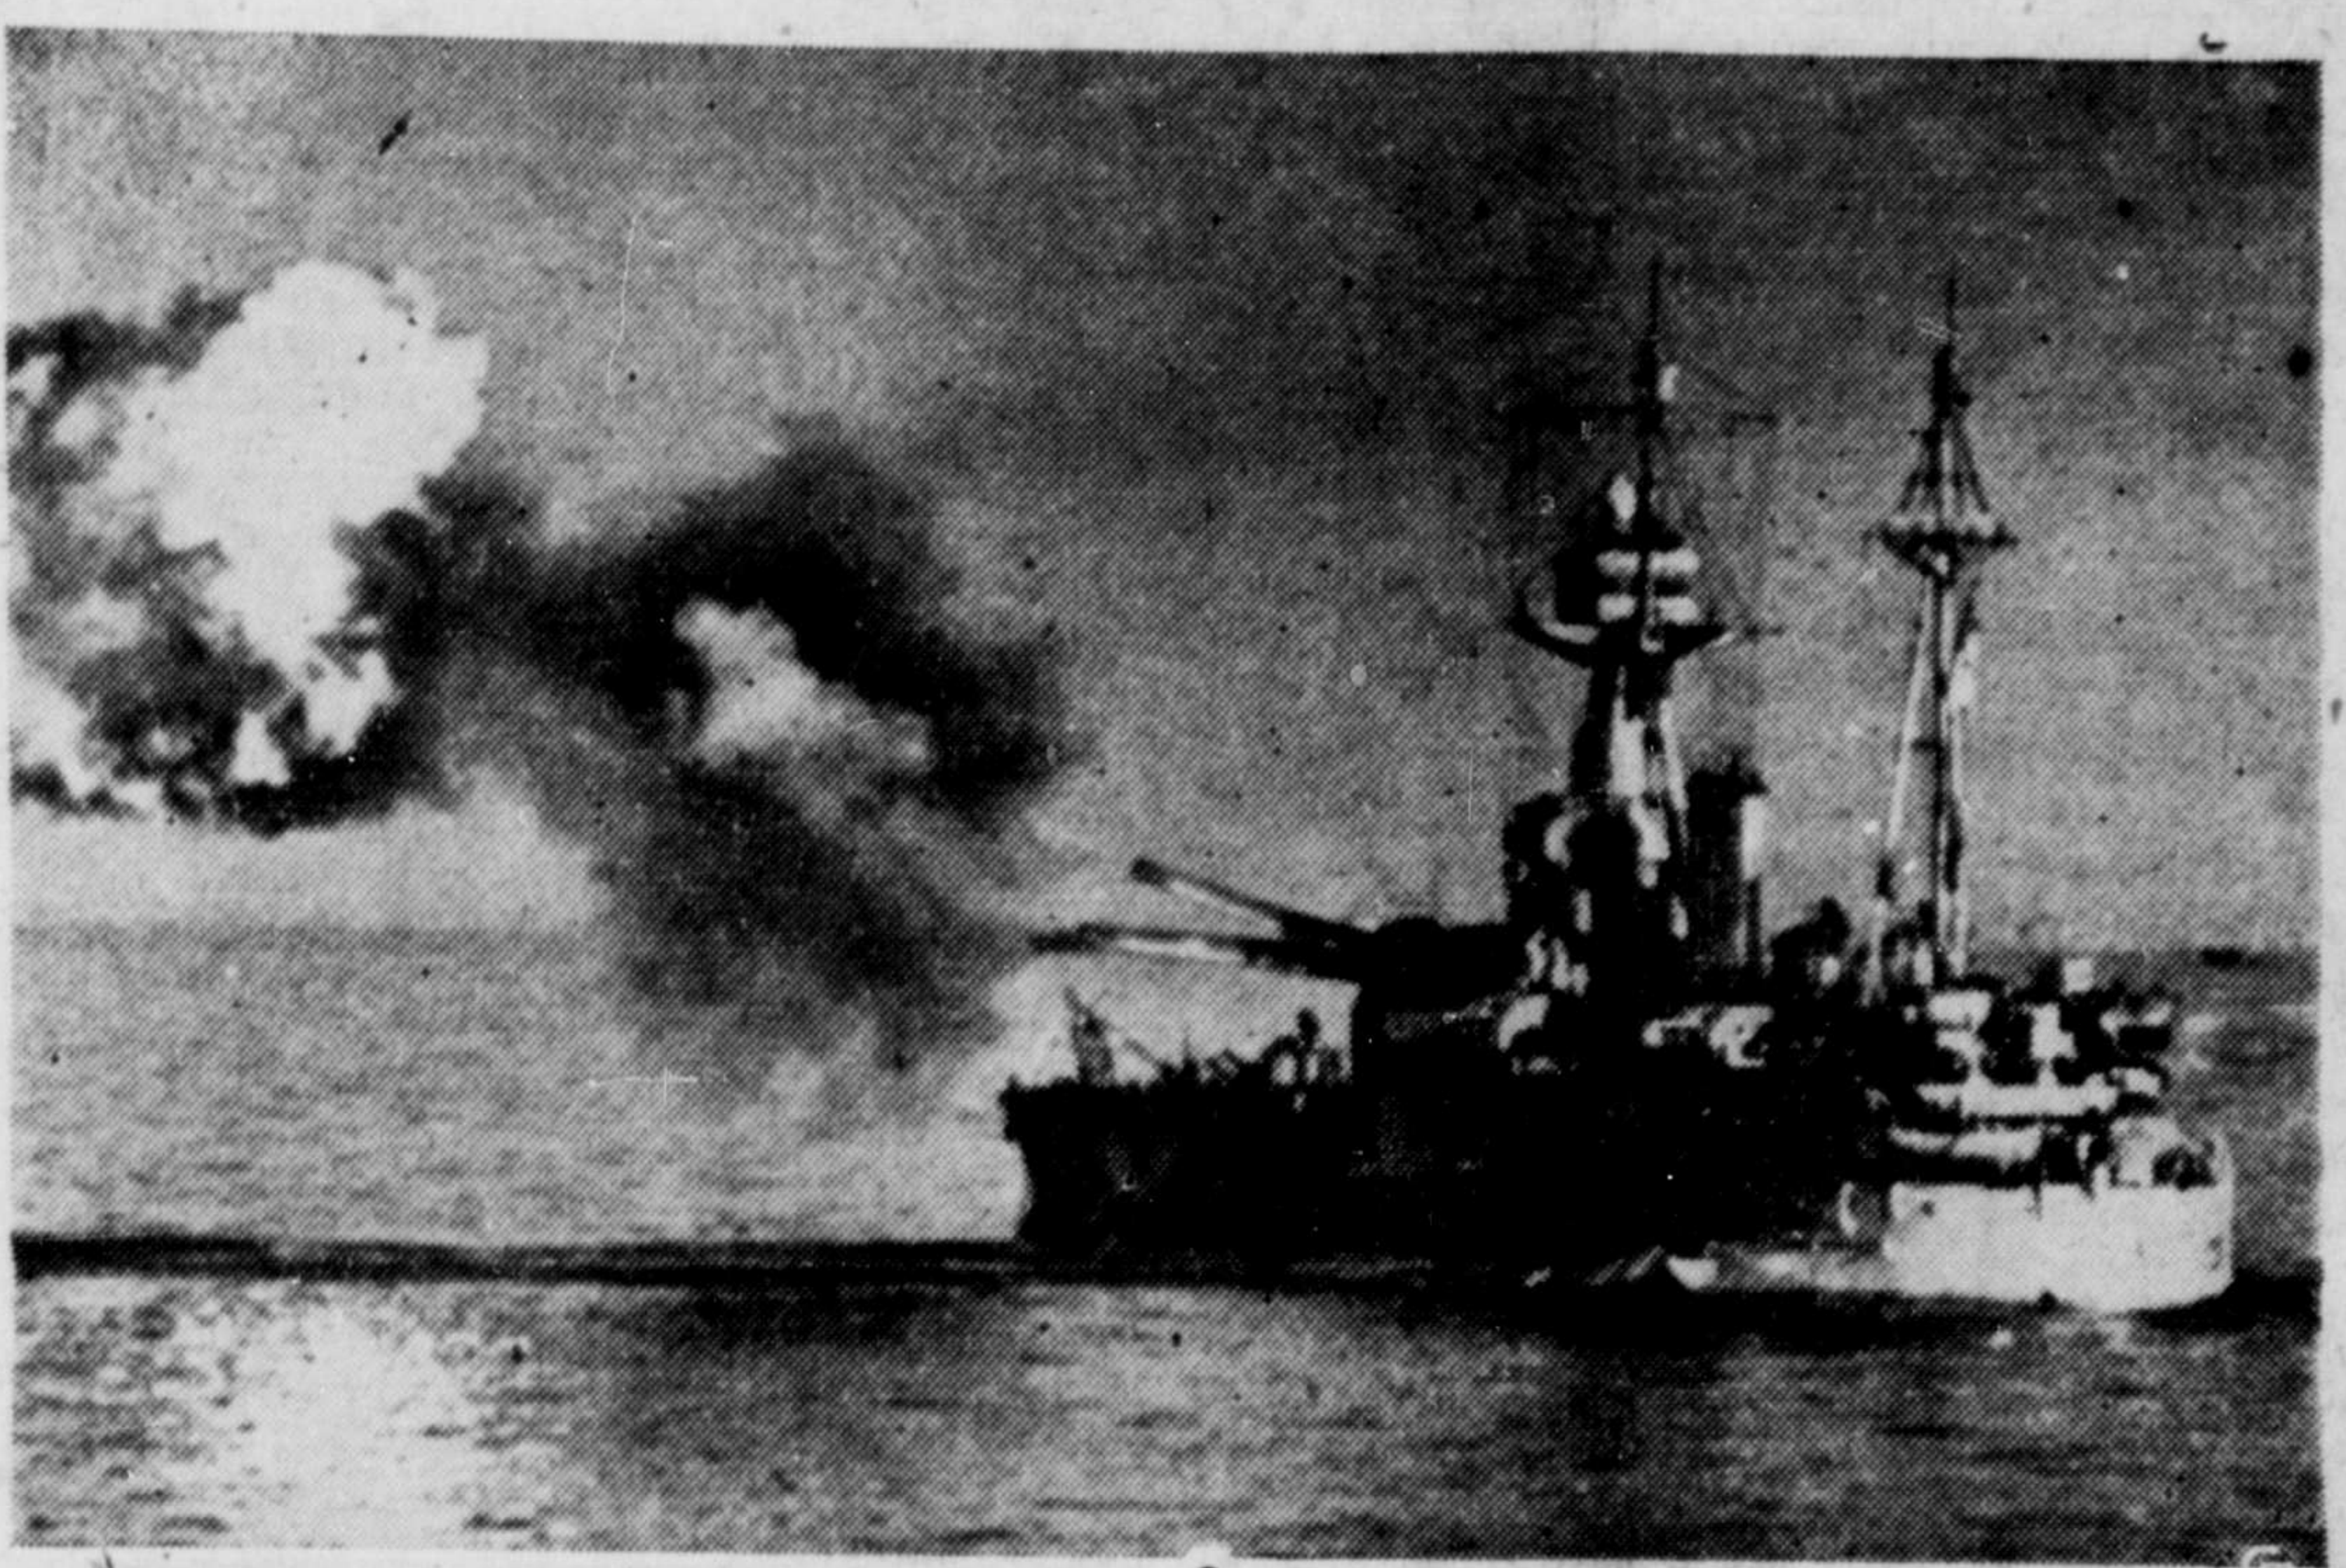

John S. Patrick vs. Carl Poulson, \$78.75, services rendered, W. O. Fulton for plaintiff, T. W. Brown for defendant, October 14.

Three applications for naturalization were approved.

Correspondence from the Vanderhoof Board of Trade in regard to a cut-off route between Quesnel and Vanderhoof as part of a new Alaska Highway route was ordered filed at last night's meeting of the Prince Rupert Chamber of Commerce. It was felt that, since this was controversial with Prince George routes, it would be inadvisable to pursue the matter further.

Seven hundred thousand people lost their clothing books and asked for new ones in the first year of clothes rationing.

ITALY FEELS MIGHT OF ALLIED BIG GUNS

Allied naval vessels turn their guns on Italy as the battle there goes into its final phase. Here a shallow-draft British monitor lets go with its pair of 15-inch guns in a salvo that will do no good to the enemy shore installations marked for destruction. Shelling of Axis roads by naval craft is aiding Allied ground forces moving for a showdown.

Chamber Talks Of Federal Aid

The Prince Rupert Chamber of Commerce, at its meeting last night, heard correspondence from the minister of national defence and the deputy minister in regard to representations which had been made seeking federal aid in connection with the rehabilitation of local public works and utilities including roads, waterworks, sewers etc.

At the suggestion of Mayor W. M. Watts, it was decided to file the correspondence and leave the matter in the hands of the city council which was now dealing with it.

The chamber was advised that the whole situation at Prince Rupert was now in the hands of a special committee for study and recommendation.

Mayor W. M. Watts spoke of his recent mission to Ottawa on the subject and informed the chamber that there had been no new developments or further information since his return.

Three Months On Assault Charge

Hubert Walker Mortimer was found guilty by Judge W. E. Fisher in County Court yesterday afternoon on a charge of indecent assault against an Indian girl, Helen Wilson, and was sentenced to three months' imprisonment from the time he had been arrested twenty-four days ago. Although found in a compromising situation by the police in a park, Mortimer denied any offense against the girl. The court, however, found that the circumstances constituted an assault. The court also commented on Indian girls idling about and consuming liquor.

W. O. Fulton acted as crown counsel.

The first regular monthly dinner meeting of the Prince Rupert Chamber of Commerce following the summer suspension was held last night. President R. M. Winslow was in the chair over a fair attendance of members and a variety of business was dealt with. The dinner took place in the dining room of the Central Hotel which it was decided to make the permanent meeting place.

LOCAL RADIO IS DISCUSSED

Disappointment was expressed by the Prince Rupert Chamber of Commerce last night over the failure of the Canadian Broadcasting Corporation to implement an undertaking which had been made on its behalf to permanently take over the local radio station and connect it up with the national network. The result of a discussion on the subject was the passage of a resolution urging the commission to take over the station and continue the present service, as soon as possible making the connection by wire with the network. The whole matter was referred back to the radio committee to deal with. W. J. Scott being added to the committee.

The board of governors of the Commission, on a recent visit to the coast, had been invited to Prince Rupert, it was reported, but had failed to come although two members had made individual visits. Little satisfaction, however, had been obtained from them and there appeared to be no very definite developments in regard to the station. There even appeared to be some doubt as to whether it was the intention of the Commission to take over at all.

Alaska coasting boats will no longer be required to pick up pilots when entering Prince Rupert Harbor, the Prince Rupert Chamber of Commerce was advised in a communication last night from Olof Hanson M. P. Exception had been taken by the Chamber to the naval requirement for such pilotage.

Salamaua Is Taken

Important Base on New Guinea Is Captured by Allies From Japanese—Tightening on Lae.

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, Sept. 14 (CP) — The Allies have captured Salamaua, New Guinea, two miles north of the airrome which they took on Sunday, Allied headquarters announced today.

Salamaua affords the Allies a sea and air base on the left flank on vital enemy bases on New Britain.

Meanwhile eighteen miles northeast of Salamaua the ground pincers on Lae was tightened, aided by Allied air blows.

Correspondence from Hon. J. A. McKinnon, minister of trade and commerce, at last night's meeting of the Prince Rupert Chamber of Commerce, advised the Chamber that arrangements had been made with the Union Steamship Co. for a more adequate stay to be made by Queen Charlotte Island vessels in Prince Rupert so that local business people might be able to ship orders to Island points on the return voyage of the same steamers on which they were received. Steamers arriving one afternoon were now being scheduled to leave the next morning at 11 o'clock with further delay until noon if required.

ASKED TO BE CLEAR

Chamber of Commerce Wants To Know More About Premier Hart's Views on Taking Over B.C. Electric.

The Prince Rupert Chamber of Commerce is seeking from Premier John Hart further clarification as to his stand in connection with financial commitments of the province in connection with the proposal whereby the B.C. Electric Co. might be taken over.

Premier Hart, in a letter to the Chamber at last night's meeting, stated that the proposal was that such undertakings as that proposed would be self-sustaining and the users would pay the cost.

It was pointed out, however, that, in a previous communication, Premier Hart had suggested there might be provincial underwriting.

E. T. Kenney, M.L.A. for Skeena, in a letter to the Chamber, said he was in complete accord with opposition to the province purchasing large utilities in any one section at the expense of the province as a whole.

The C.C.F. Wave . . .

Hon. H. H. Stevens, former prominent Conservative and federal cabinet member, who is now writing for the Vancouver Province as a political columnist, sees nothing new or alarming in the sudden and striking change in public opinion in Ontario which brought the C.C.F. to the fore.

Mr. Stevens says: "This much is clear—neither the political upheaval in Ontario, nor the wave of C.C.F. sentiment sweeping over the country, is anything new. It has its counterpart in several instances in the past and the inherent sound common sense of the Canadian electorate can be trusted to meet any or all such crises, providing there is no dictatorial interference with their democratic rights to choose their own government."

NAVY LOSES PLAY-OFFS

Complement Nears Service Championship by Beating Navy 8 to 4.

First obstacle in their path to the Service Softball League championship was removed by Station Complement as they defeated the Navy 8 to 4 in a game at Acropolis Hill last night. The fixture was the third in a best-of-three games playoff series in which the Station nine dopped the first tilt 2-1 but won the second, 10-1.

Both teams started off by scoring three runs in the first inning but Station Complement got the upper hand by countering once in the second and twice more in the third frame.

Negro, hurling his third complete game of the series, was combed for eight hits but kept them scattered.

One of the most unusual features of the game was that not one of the outfielders of either club made a put-out. The infielders did most of the defensive work by far.

Edwards pitched the entire game for Navy. He walked seven men in the first three innings but none in the next three and yielded seven hits.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

It's that gal again! Back once more in the old stamping ground but with a very suety, sort of heavy-as-lead feeling in the pit of her you-know-what at having to leave home and family. However, it was nice to get back to a bright, sunny Prince Rupert and smell the old salt air again. As usual, with Mrs. Keilback at the helm while I'm away, everything was in ship shape order and I had only to take over from where she left off. Bless the kind, dependable women of this world!

Ang was I glad to get back safely and I mean safely! Going out the three cars directly in front of ours jumped the tracks and all but turned over, twisting the tracks all out of shape and sending splinters of ties a hundred yards down the sidings. Then coming back two freight cars and an oil tanker parted ways, holding us up for over two hours and the car we were in had an acute attack of stop-itis and we all had to be transferred to the next coach. Everything almost happens to me.

While in Winnipeg I saw Bob Gibson who is now area supervisor for a widespread district extending from Fort William to Saskatoon. He very kindly drove me to Brandon and we stopped at various Hostesses Houses and Y.M.C.A. recreation centres enroute. And I've come to this conclusion that each set-up has its own individuality and its own way of meeting its problems and I might say they seem to be meeting them very successfully. Then I went to the wonderful United Services Centre they have in Eaton's Annex. But that needs almost a column to itself.

Now let's see about this week's dances. On Wednesday there is the usual "Y" dance at the Empress. I hope the girls will try to come a little earlier so we can get a good bit of dancing in. And on Friday the newest of the Highway Regiments is having its inaugural dance to which Junior Hostesses are invited and ladies from the Canadian Legion will act as Y.W.C.A. chaperones. A feature of the evening will be the eight-piece Chatham dance orchestra which will supply the music for the dancers. Army cars will be at the "Y" door at 8:30 p.m. to pick up the girls and chaperones. Remember it's Friday this week.

Mr. and Mrs. A. R. Holtby arrived in the city Sunday night from Quebec, where they now reside, to pay an extended visit with their son and daughter-in-law, Mr. and Mrs. A. L. Holtby, Dunsmuir. They are being heartily welcomed by many old friends. Nursing Sister Daphne Hemmell has come north from Victoria to visit her grandparents.

SOFTBALL GAME TIE

Flyers and American Complement Play to Two All Score.

Inter-Service softball semifinals were held at Seal Cove last night and, while several hundred spectators looked on, Air Force Flyers and American Complement played nine innings — two beyond the regulation seven—to a two-all stalemate. The game had to be called on account of darkness.

Although Flyers' Gordie Crymble allowed but three hits—all singles—and struck out twelve, his teammates, especially the infield, did not furnish the necessary support while the American inner garden played heads-up errorless ball to give Kuntz an air-tight defence. Kuntz allowed six hits, striking out none. The Yanks drew first blood in the second. Ambrose dropped a single into left and, while Wagner struck out and Moline walked, worked his way to third. Katurski grounded out and Ambrose raced across the plate with the first marker.

Flyers evened the score in their half when, with one down, Crymble slugged out a double. Bennes lobbed one into centre and Crymble brought in the equalizer.

Air Force grabbed a slim lead in the third. Anderson hit to short right. Whittaker walked, but Brown forced him at second. O'Leary then drove the ball at Kuntz who elected to make the play at first, permitting Anderson to score.

The Yanks lost no time in getting it back in their next half. Ambrose caught the Blue Boys' infield flat-footed with a neat bunt, then took second on a passed ball. The alert Ambrose pilfered third and rode home on Moline's infield out.

The Americans threatened again in the sixth but Air Force backstop O'Leary killed the uprising by surprising Ambrose off first and nailing Thompson as he tried to steal home.

There was no further scoring on either side in the remaining innings. In the eighth, Crymble subdued the position with three straight strike-outs.

Outstanding for the Flyers were Crymble and O'Leary while the whole infield in general and Kuntz and Thompson in particular, starred for the Yanks.

A replay of this contest will be held at Seal Cove tomorrow night, weather permitting.

Lineups: Americans—Ramef 3b, Thompson 2b, Southworth ss, Ambrose cf, Wagner c, Moline 1b, Katurski rf, Ketchmark 3b, Kuntz p.

Because of the greater exposure and window space, your room is more expensive to heat than an ordinary room. If you must heat it for sleeping quarters, use double windows, weather-stripping and caulking to conserve fuel. If you can avoid using it, have the hot water radiator drained and disconnected.

Rupert Chamber of Commerce
last night included a letter from

General, in regard to the re-

The Prince Rupert Chamber
of Commerce, at its meeting last
night, heard and concurred in
a report from a special committee
which had recommended that
the Chamber go on record as
favoring the establishment of
another theatre in Prince Rup-
ert, not specifying, however, any
particular interests to receive a
permit. This action had been
taken following the application
of Paul Aivazoff for endorser-
ment of his new theatre project.

LETTERBOX

Editor, Daily News:

The following letter has been
sent to the city clerk:
"The morning was beautiful!
I had an excellent breakfast,
put on my best suit to go to
the office and stepped out on
the back porch when, horrors—
there stood my old garbage can
shining in the early morning
sun and dripping with dew. My
good wife demanded that it be
taken to the front of the house
and claimed that you were her
authority.

"Now, I object. In the first
place I don't mind doing hard
work as an inspection of my
yard would show but I do dis-
like carrying a heavy, wet,
dirty garbage can, three-quarter
the length of my lot in my
good clothes. In the second place
probably a substantial cut in
the garbage collection fee would
be in order as I do most of the
work now. And in the third
place what is the proper pro-
cedure to follow if I neglect or
forget to carry the can to a
convenient point or I do not
carry it out soon enough for col-
lection. I have only one can of
the proper size and no more can
be purchased. Therefore, I
would be forced to dispose of

ashes and garbage as best I
could which no doubt would not
be in the best taste as far as
the neighbors were concerned.
Yet I would have no other al-
ternative.

"Now I must come to the
point and ask for your sugges-
tion. This morning I did man-
age to get the thing to the road
at 8:10 a.m. on my way to work.
At noon on coming home for
lunch I find it still there and
still full as apparently they were
collected sometime prior to 8:10
a.m. Consequently, the can is
still full, won't be dumped until
next Monday and in the mean-
time I will have accumulated
another one full with no can
to put it into. I would like your
suggestion as to what I can do
to get rid of it—for example
dumping it on city property re-
served for a lane or will the
city collection department
stretch a point and come and
get it whether it is out in front
or not?"

P. A. FRATTINGER.

The regular monthly meeting
of the Prince Rupert Ministerial
Association, which was to have
been held yesterday, was post-
poned on account of the ab-
sence from the city of the pre-
sident, Dean J. B. Gibson, who
is away in Toronto attending
sessions of the general synod of
the Anglican Church.
