

Huge Bombing Of Germany

Looks Like Mass Offensive Is About To Be Attempted

ANOTHER GREAT ATTACK BY ROYAL AIR FORCE LAST NIGHT ON CAPITAL OF REICH.

LONDON, Nov. 19 — The greatest armada of Royal Air Force and Royal Canadian Air Force planes ever dispatched to Germany—at least 700 and possibly 1,000—penetrated heavy weather last night to blast Berlin and Ludwigshafen. The bombing was at first announced by Berlin itself and later confirmed here.

The air ministry announced that "a great weight of high explosives and incendiary bombs" was dropped on Berlin by the main strength of night formations, causing large fires. Cloud formations prevented immediate observations of the result of the Berlin raid.

Two and four ton "block busters" to a total weight of 2,500 tons were dropped.

It was the first time since early in September that there had been anything like such a heavy raid on Berlin. The attack was the eighty-seventh of the war on Berlin.

For the second straight night the chemical works at Ludwigshafen was also attacked as were other objectives in western Germany.

The main attack was, however, on Berlin.

The raids cost 32 bombers which was stated to be "a small percentage of the large force." The Canadian losses were seven and the remaining 25 Royal Air Force.

The German news agency D.N.B. described it as an "attempted mass attack" in which both incendiaries and high explosives were dropped.

On the basis of Thursday night's attacks, two successive American daylight assaults on vital targets in Norway and a Royal Air Force smash on Wednesday at Ludwigshafen, some London quarters suggested the Allies may be opening the greatest bombing offensive ever attempted against Europe.

NORWEGIAN AIR FIELD IS POUNDED

STOCKHOLM, Nov. 19—An air field close to Oslo, Norway, was pounded by Allied bombers yesterday. Eight German planes were shot down and nine Allied planes failed to get home including three which were forced down in Sweden.

Weakening Of Hun Air Power

LONDON, Nov. 19—Concerning Allied raids over Germany, Gen. William E. Kitner, ranking United States officer in England, said that the "German air force is being defeated at every turn." He added that they were unable to build enough planes to match the powerful Allied force.

OFFENSIVE IN PACIFIC

Widespread Air Operations by Allies are Reported—Rabaul, Hong Kong, Java

ALLIED HEADQUARTERS IN SOUTH PACIFIC, Nov. 19 — From New Guinea to the northern Solomons the Allies have resumed the offensive against the Japanese.

Rabaul on New Guinea has been subjected to another heavy bombing.

In an air raid by Allied planes on Hong Kong, the waterworks was subjected to three direct hits.

Tokyo says that the Allied bombers extended their operations to the eastern end of Java but were driven off.

United States planes dropped sixty tons of bombs on Buka Island, north of Bougainville, yesterday and soon after a light American naval force bombarded the island for three-quarters of an hour.

DIPHTHERIA AT TERRACE

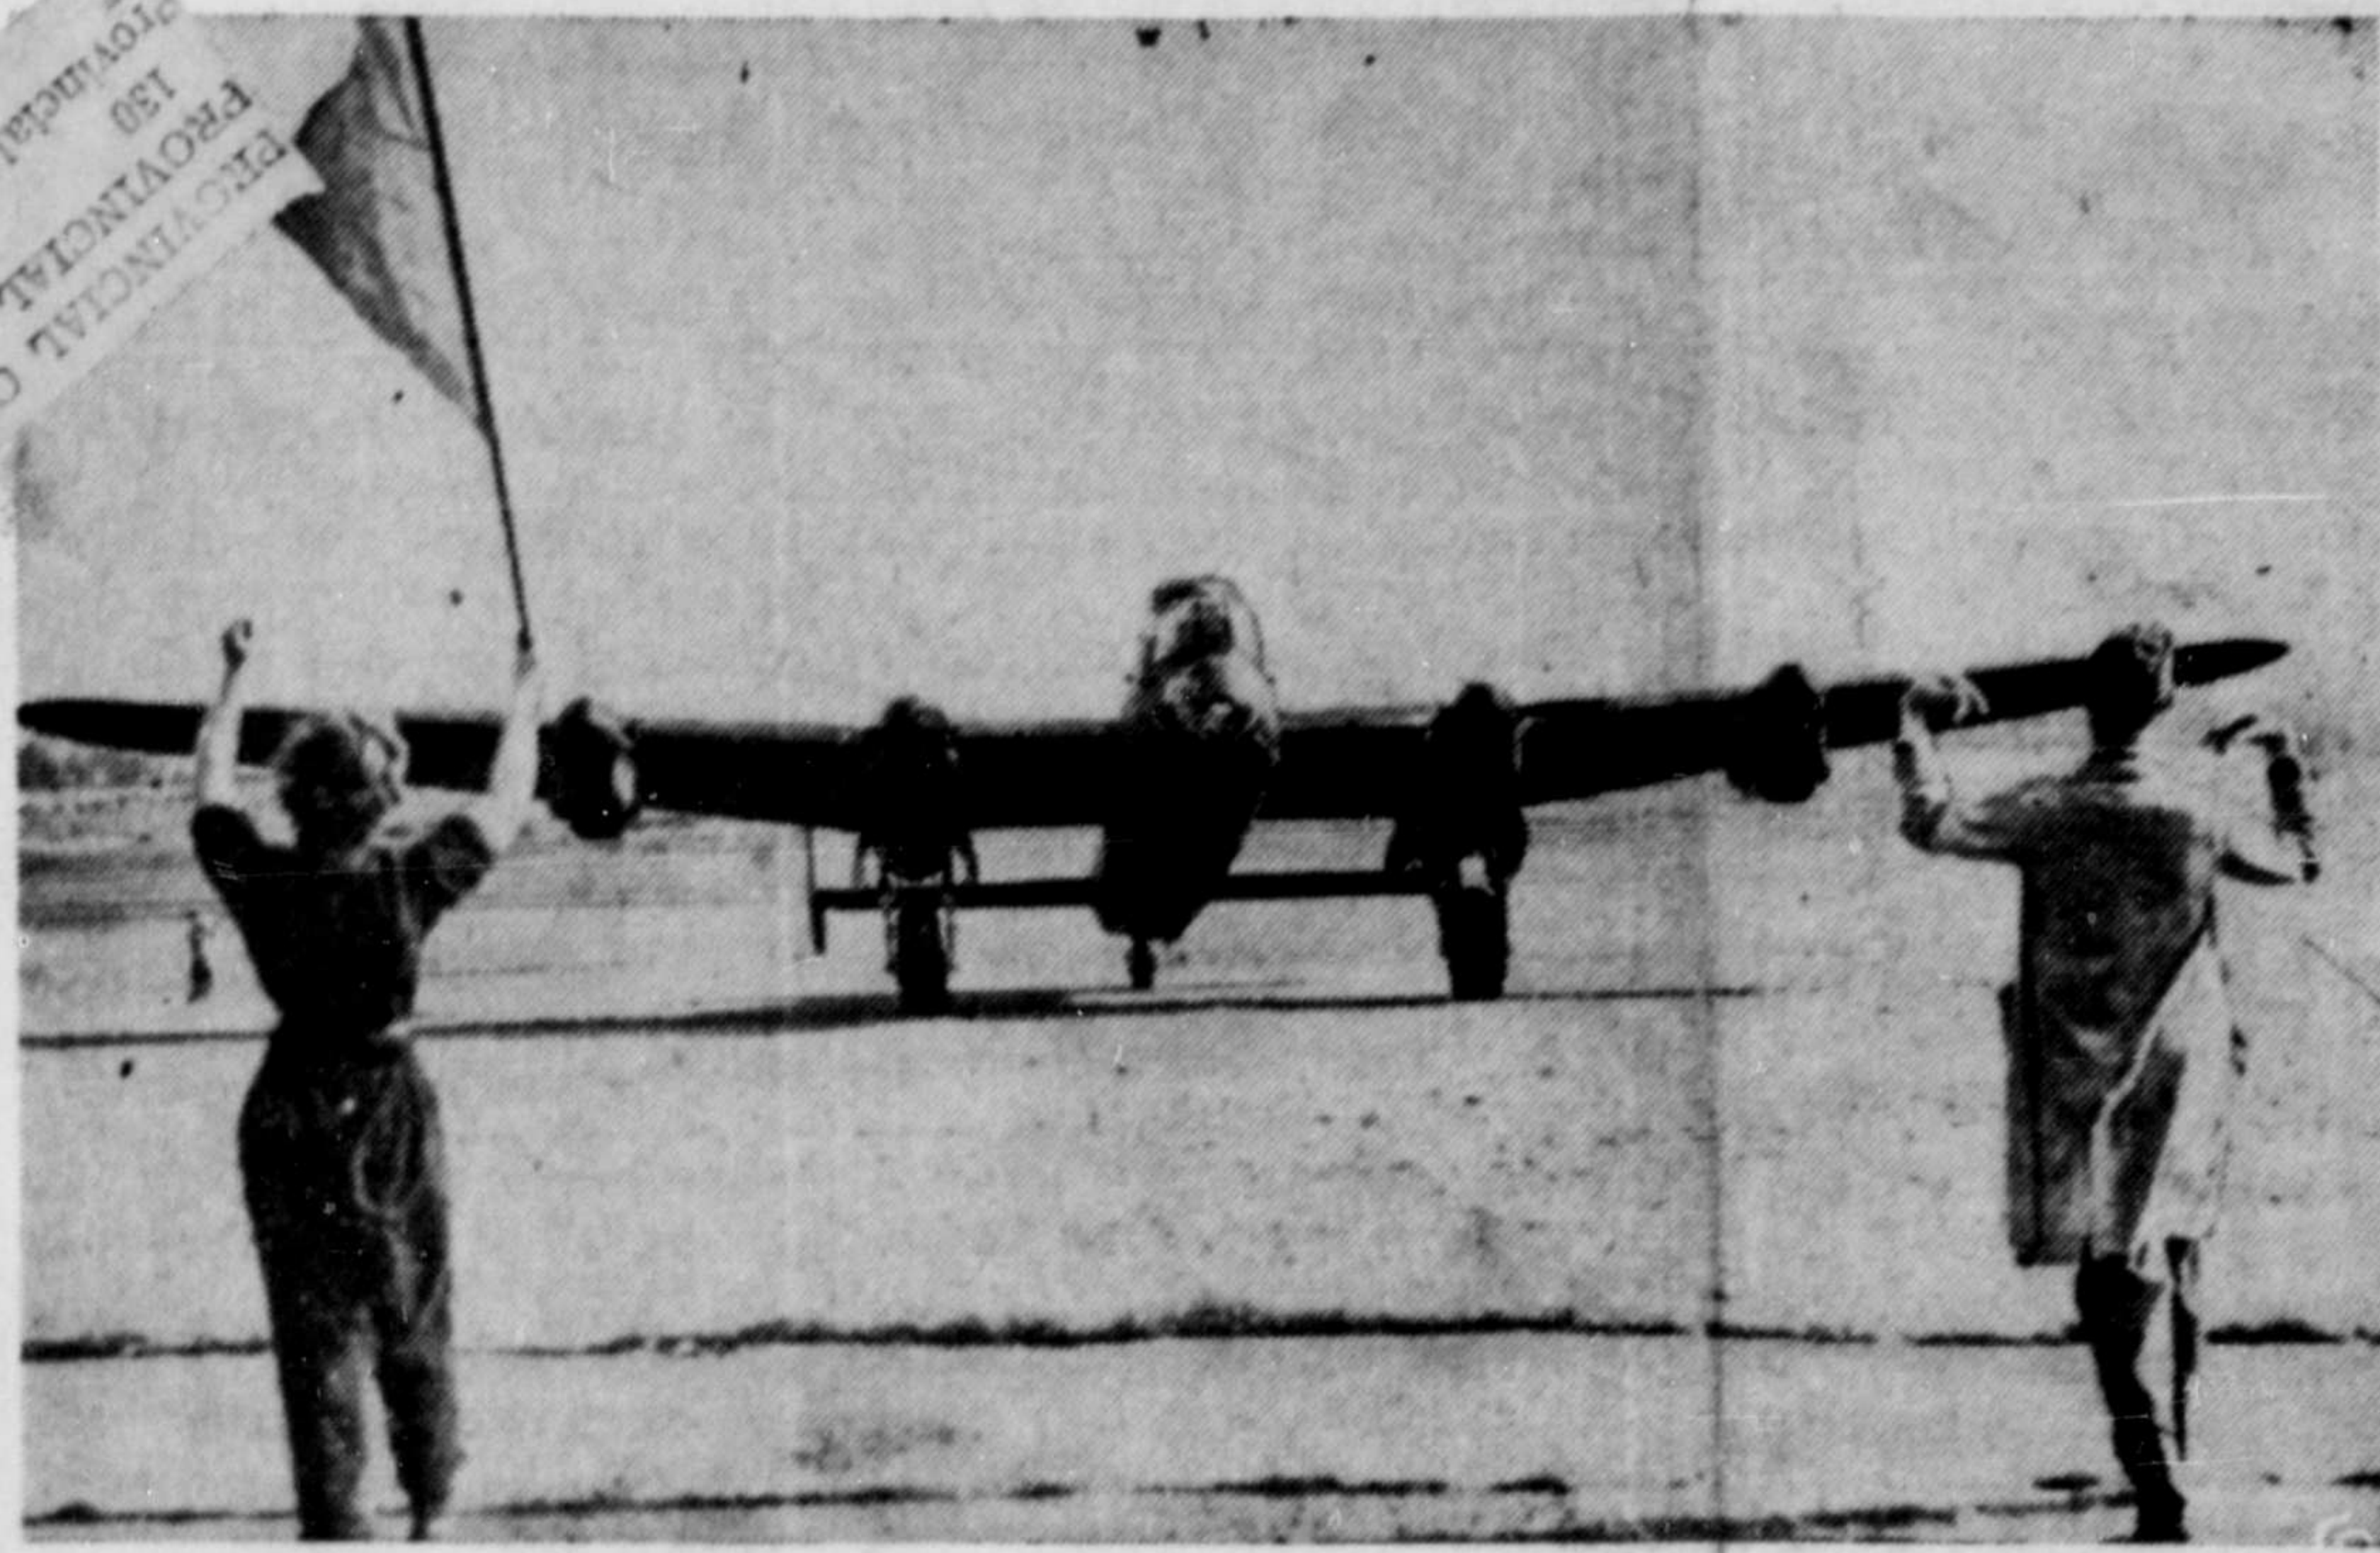

Efforts Being Made to Cope With Outbreak Which Has Resulted in Six Cases With One Death.

Six cases, with one death to date, is the situation in the diphtheria epidemic situation at Terrace where Dr. Roger G. Knipe, director of the Prince Rupert Public Health Unit, and Miss Ruth Corbould, R.N., one of the clinic nurses, are at present engaged in an intensive campaign of immunization as well as checking up on causes and contacts. Schools and theatre at Terrace have been closed. Military doctors are co-operating with Dr. Knipe and the local physician, Dr. Stanley Mills. Public gatherings and public places have been declared out of bounds for military personnel.

Little anxiety is entertained as to the possibility of a serious outbreak in Prince Rupert since immunization and precautionary measures have been so generally taken thanks to the good offices of the public health unit and the response of the parents and public.

WOMEN MAINTAIN OUTPUT One British aircraft firm replaced 500 men by 500 women with no fall in output.

CANADA'S FIRST LANCASTER BOMBER

The first Lancaster bomber to be built in Canada is shown as she sat down on a British airport on her arrival after flying the Atlantic. An aircraftwoman and male member of the ground crew signal the plane in. Canada is now turning out these heavy bombers in quantity.

Drop Bombs on Swedish Town

STOCKHOLM, Nov. 19 — The quiet town of Lund, 15 miles northeast of Malmö, Swedish port at the extreme end of the Kattegat in the narrows across from Denmark, was bombed yesterday, supposedly by the Germans. One hundred and fifty incendiary bombs were dropped and thirty were injured. Prisoners were made.

PETAIN IS TO RESIGN

Reported to be Insisting on "Democratic" Government for France

ALLIED SWISS FRENCH FRONTIER, Nov. 19 (CP) — Marshall Henri Philippe Petain is declared by an informant with Vichy connections to have written his resignation as chief of state to become effective unless his wish to summon a "democratic" parliament is granted.

Reliable information is that Petain had intended to call members of a 1936 parliament who resigned in force back into action in a broadcast speech last Saturday but the broadcast was unexpectedly cancelled.

Rotarians Pay Dry Dock Visit

Of exceptional interest was the weekly meeting of the Prince Rupert Rotary Club yesterday when a visit was paid to the dry dock yards, the premises and activities in which were inspected following luncheon in the staff dining room. Bernard Allen, manager, Alex Kerr, assistant manager, and James Stewart, foreman, showed the club members and guests around. The president, A. S. Nickerson, in presenting a vote of thanks, expressed suitable appreciation for the hospitality.

CUPS WITHOUT HANDLES

To reduce production man-hours, cups are being made in Australia without handles.

The first Indian trading station of the East India Company was opened in 1609 at Spart on the Arabian Coast.

AGREEMENT ON CANOL

Fort Norman-Whitehorse Pipe Line Finished in January—Refinery in May

OTTAWA, Nov. 19—Terms of the agreement between Canada and the United States covering the Canol oil and pipeline project in the northwest which will have an output of three thousand barrels per day were made public today by Prime Minister Mackenzie King.

Twenty-three new wells in the Fort Norman area found oil, making 27 taking into account four wells which had previously been established as producers. The pipe line from Fort Norman to Whitehorse will be completed in January and the refinery at Whitehorse in May.

Jack Lindsay Has Commission

Jack Lindsay, well known young Prince Rupert man and son of Mr. and Mrs. J. A. Lindsay of this city, who is a wireless arguer on the Seal Cove station of the Royal Canadian Air Force, has just received his commission as a pilot officer and is receiving congratulations of many friends.

Citrus Fruit, Bread Prices, To Be Fixed

WASHINGTON, D.C., Nov. 19—Ceiling prices are to be applied to citrus fruits and bread in the United States.

Prices to farmers for oranges, lemons and grapefruit will be stabilized but the handling and intermediate costs reduced. Bread prices will be fixed by means of a subsidy to flour dealers.

All Schools In This District Have Teachers

All schools in his inspectorate have been staffed, it is stated by B. Thorsteinssen, inspector of schools, in spite of the general shortage of teachers.

A Superior School of two divisions has been established at Massett on the Queen, Charlotte Islands, Mr. Thorsteinssen states. Mrs. McCarrison and Mrs. Simpson, both Massett women, are the teachers there.

PROPAGANDA SOURCE MOVES

Air raids have forced the German propaganda ministry to move from Berlin to Dresden.

BIG LABOR MEET PLAN

Canadian Unions are Invited to International Union Revival In London

LONDON, Nov. 19 — Great Britain's Trades Union Congress, powerful union of more than six million British workers, has invited labor organizations from all United Nations and neutral countries to a trades union conference in London on June 5, 1944, dedicated to rebuilding the international trade union movement.

The Trades and Labor Congress of Canada, the Canadian Federation of Labor, the Canadian Congress of Labor and the Confederation des Travailleurs Catholiques du Canada (Federation of Catholic Workers) have been asked to attend.

London Had Air Alert Last Night

LONDON, Nov. 19 — London had its first air raid alert in ten nights last night when the alarms sounded with the appearance of enemy planes over the southeast coast.

Leros Campaign Was Justified

CAIRO, Nov. 19—General Sir Henry Wilson, Allied commander in the Middle East, speaking yesterday of the loss of Leros, expressed the belief that history would prove the campaign had been worthwhile as a diversion from the main Italian campaign.

German casualties at Leros are stated to have been far heavier than those of the Allies.

WANT ROAD IMPROVEMENT

Letter Sent to City by St. Peter's Parish Hall Committee—Investigation Asked.

The St. Peter's Parish Hall committee of Seal Cove is again in correspondence with the city with a view to obtaining an improvement of the "disgraceful" condition of the road approach to the church and hall which are important gathering places for the people of the east end. The following letter has been addressed to Mayor W. M. Watts:

"At the recent annual meeting of St. Peter's, Seal Cove, hall committee there was much unfavorable comment on the deplorable state of the plank road approaches to St. Peter's church and hall.

"This matter has been taken up repeatedly with our commissioners without results.

"We believe that these approaches are a disgrace to the city. The trials and tribulations of our people wending their way to church on Sunday evenings reminds one of Bunyan's 'Pilgrims' Progress.' It certainly is a case of 'united we conquer—divided we fall.'

"You, Mr. Mayor, have been over a period of many years, a keen supporter of our parish hall and you know that it has been, and still is, the centre of social activity of the civilian residents of this end of the city. In fact, it is the only hall we have.

"Considering the excellent work that is being carried on here, particularly among the young folk, we feel that the matter should be investigated at once and this state of affairs not allowed to continue."

SALISBURY, Eng., — Canon Henry Charles Robins, former vicar of Portsea, has been made Dean of Salisbury.

Reds Take Two Important Cities

Mosley Release Proposal Cause Of Indignation

LONDON, Nov. 19—There is a wave of indignation over a proposal to release Sir Oswald and Lady Cynthia Mosley, Fascist sympathizers, from Holloway Prison. It is declared that millions of munitions workers would go on strike if this were ever done.

Harold Winch Makes Charges

VANCOUVER, Nov. 19—Harold Winch, C.C.F. leader for British Columbia, in a speech last night, made startling charges against scrap dealers and war industries. He had previously withheld his charges at the request of the minister of munitions and supply, Mr. Winch said.

Youths Remanded For Sentence

Charged with breaking and entering, and doing damage to property at the Salt Lakes, four local youths appeared before Magistrate W. D. Vance in juvenile court yesterday afternoon. They were remanded for sentence until 4:30 p.m. today.

The damage occurred between October 31 and November 3, when four cabins belong to Robert Innes, Sgt. G. Sope, C. G. Ham and William Noble and Andrew Thompson were broken into and doors and windows smashed and a number of goods stolen. Part of the goods were later recovered.

Korosten, Reschita, Captured

Tide is Entirely Back in Soviet Favor Once More

MOSCOW, Nov. 19 (CP) — Russians have captured Korosten, sixty miles from the old Polish border, splitting the Germans in the Ukraine from those in White Russia, Moscow announced last night.

The Russians virtually sealed the fate of Gomel, Nazi anchor on the White Russian front, by capturing Reschita, 25 miles west of Gomel. With the Russians also converging from north and south on Gomel, its fall appeared to be inevitable.

In the Zhitomir area, where the Russians were forced into a slight retreat Wednesday, the Germans were hurled back heavy losses yesterday.

THE DAILY NEWS

PRINCE RUPERT, BRITISH COLUMBIA

Published Every Afternoon Except Sunday by Prince
Rupert Daily News Limited, Third Avenue

G. A. HUNTER, MANAGING EDITOR

DAILY EDITION Friday, November 19, 1943

In Eastern Mediterranean . . .

Of course none of us can be satisfied with the latest turn of affairs in the strategic Dodecanese Islands of the Aegean Sea where we have lost Leros and are threatened with the loss of Samos. There could be no point in endeavouring to excuse or apologize for their loss even did we know more of the circumstances thereof. Nor can we minimize the implications of the loss in view of the effect upon any co-operation which Turkey may be giving or may give the Allies in connection with the war in south-east Asia.

It is particularly disappointing when we had been counting so much on our complete mastery of the eastern—and in fact the whole—Mediterranean by sea and air. Now we know the situation is not as good there as we had thought. Yet it might not be so serious as it seems. There is good reason to suppose that the Germans made an especial effort to accomplish this coup for the purpose of propaganda and morale bolstering at this time when their fortunes appear to be failing.

As for ourselves, we have been getting along so well that we may have forgotten that, as long as we have not completed our victory, we may expect some reverses if not mistakes. Our leaders have warned us that we still may have a long, hard and sanguinary row to hoe before that victory is ours. So we may accept Leros, and possibly Samos, as part of the fortunes of war.

If there has been bad judgment or misplaced confidence we may trust those in authority and control to see that everything is done to rectify the situation and obviate a repetition.

An Unwise Move . . .

The announcement of the cancellation as from November 27, the end of next week, of the local train service, which for the past year or so has given a daily train in both directions between Terrace and Prince Rupert, will undoubtedly meet with general protest. There will be question as to why a service that has been and is so useful and generally patronized as this should be suddenly terminated. A check-up shows that these daily trains have been and are still carrying almost full loads of passengers both going and coming. The service has been a great boon both to Terrace and Prince Rupert as well as to the intermediate points. The principal advantage has been that it has enabled interior people to get into the city for a few hours during the day to do business or for other purposes and to get home the same evening without having to remain overnight in crowded Prince Rupert.

Apart from the removal of what appears to be almost an essential transportation service in these busy times both at Prince Rupert and Terrace, another ill-effect which may be expected from the discontinuation of the Terrace-Prince Rupert local train will be the further overcrowding and slowing up of the through train on account of having to absorb the local traffic. This, of course, would be something that the railway officials would be expected to take into consideration in cancelling the service.

We would say that the decision to cancel the Terrace-Prince Rupert service will prove to be as unwise as it is an unpopular move and will probably cause considerable embarrassment for the company.

RESERVES AND AIR FORCE WIN

Take Their Second Victories in Three Starts in Inter-Service Basketball League.

Reserves and Air Force Fliers won their second games in three starts in Inter-Service basketball which was held at Seal Cove last night. Fortress was subdued by the Reservists 52-27 and Ack-Ack were overpowered by the Airmen, 55-26.

The contest between the Fliers and Ack-Ack was perhaps the better of the two games. Although the Army hoop squad was augmented by Sammartino and Edward who, at one time, performed for the Victoria Adanacs and Trail Smelters respectively, they weren't anywhere good enough to match the speed and combination of the Fliers. Zak, for the Airmen, as usual, was a tower of strength at guard and sped his way through for 15 points. Gerasimoff got his customary 10 or more per game and Morrison, a newcomer who seems to fit in well with the boys in blue, accounted for 10. Sammartino was the big noise for Ack-Ack, accounting for a total of 10 points.

About the only time Ack-Acks got any kind of show was in the first quarter when they matched the Fliers' 17-point effort with 14 of their own. In the second round, the Ack-Ack batteries were silenced 16-3, making the score at the half-way mark, 33-17. Using mostly their second string in the third, Air Force continued to outscore the Army boys 8-4. It was in this quarter that Sammartino, mainstay of the Ack-Ack went out on personals. With Ack-Ack's starry performer banished for the remainder of the affair the Airmen roared through in the last quarter for 14 more, to their opponents' five.

In the Fortress-Reserve shindig, the former didn't have a show at any time. It was Fortress' first loss in three starts. Their pegging was ragged and their passing was found wanting. They certainly missed MacMurchie who is at present in Vancouver participating in the Services' track meet. Chapman, who got 10, and Taylor, who obtained seven, were the best for their side.

Reserves played a good brand of ball and tossed steadily throughout. They grabbed the lead from the start and were never headed. Dominato was the quintet's high man with 16 points. Santurbane, with 13, and McPhee, who played a strong two-way game with 10 points, were the other big scorers.

In all fairness to Ack-Ack it should be stated that the team is without a home court and find it difficult to obtain practice nights on other floors. In spite of this, they have been picking up on their play and, with their recent additional player strength, should be heard from very shortly.

Carter, Sammartino, and Fillingier, Ack-Ack ball tossers, composed the first forward string for the Army lacrosse team that won this year's Inter-City championship in Vancouver.

LETTERBOX

WHY NOT AN ICE RINK?

Editor, Daily News:
I notice in a recent issue of the daily press that the Civic Centre Committee is about ready to proceed with a building as soon as the necessary priorities can be obtained.

Before this building is started I would like to make a suggestion to the Civic Centre Committee that they investigate the feasibility of erecting an artificial ice skating rink.

It appears to me from the opinions expressed by people I have talked to that Prince Rupert is greatly in need of some building which will afford the greatest number of people, both young and old, a means of obtaining indoor recreation and sport.

After many years of organizing and supervising school recreation and sports I know of nothing that gives a greater opportunity of obtaining good, healthy, exercise than does an artificial ice skating rink.

Those who know the mentality of school children will readily understand what I mean so I will give you a few of the many reasons explaining why my experience proves correct.

First, in school sports you will find that only a very small number of the children actually compete in them. It is only those with the physical stamina and courage to enter into such games as basketball (and I mention this as being possibly the most popular of indoor games) that get chosen on the teams. The more timid child would not even think of joining in a game of this nature.

Second, in an effort to induce

small children to take healthful and necessary exercise they must first be trained to rely on their own resources and to anyone who has witnessed the small tots of four and five years of age trying to learn to skate on their double bladed skates they will readily understand what I mean for it is only a very short time before these youngsters become real experts on the common ice skates. With proper supervision the children of the same age would get all the exercise they needed without the necessity of their being in a team or in actual competition.

Third, as the timid or backward children gradually gain confidence in themselves it is not long before they develop the spirit to enter the competitive games. I have noticed this change in many children and know of no better way in which to encourage and develop self-confidence, a most desirable feature, in any child's character.

Fourth, what about juvenile delinquency? There is nothing I know of that will help to keep the youth of our city off the streets at night so effectively as having a real attractive place to go—such as the ice skating rink, where they can join in the skating or possibly witness an ice hockey match.

Fifth, undoubtedly everybody is agreed that there is a great need in Prince Rupert for indoor recreation and sports. Having mentioned the young children what about the youth who has just left High School and the adult who has no means of securing much needed and much desired indoor recreation and exercise? To them the skating rink offers, in my opinion, the greatest good to the greatest number. Take for instance that grandest game of all, ice hockey. Prince Rupert I am sure, would support hockey as well as any other city and, to make it more interesting, it should be easy to arrange competitions between teams from Smithers and Prince George.

Sixth and finally, I must not forget the adults who in their youth took part in and loved sport. To them there is the ice curling rink which could be placed in a portion of the building erected for ice skating. Here again we could find keen competition from Smithers, Prince George and possibly from the south for an annual bonspiel.

I fully realize that an undertaking of this kind would take quite a considerable amount of money. Nevertheless I feel sure it would prove to be a wonderful asset in every way to our city and, when completed, would be in the revenue producing class from the first.

Trusting that the committee and all other interested citizens will give the foregoing their careful consideration.
R. C. BAMFORD.

Rebekah Head Visits Lodge

Mrs. J. Tewnton, President, Gives Talk and is Guest at Social Function

Mrs. J. Tewnton, president of the Rebekah Assembly of British Columbia, in Prince Rupert on an official visit, spoke before the Centennial Lodge at a special meeting in the Oddfellows' Hall on Tuesday night. The subject of her address was the work being carried on by the order.

Following the meeting there was a social period at which refreshments were served and community singing enjoyed. A toast to the King was given by Mrs. Dave Owens, Noble Grand of the lodge, and a toast to the Grand Lodge of British Columbia was given by Mrs. James Simpson, Past Noble Grand. This toast was responded to by Mrs. J. W. McKinley, District Deputy President.

Mrs. J. S. Irvine, Past Noble Grand, officially welcomed the visitors, and a response to the welcome was made by Miss Edna Hale. A welcome by the Oddfellows' Lodge was extended by J. L. McIntosh, president. Mrs. Tewnton acknowledged the welcomes with a short interesting talk.

This was Mrs. Tewnton's second visit to the local lodge. Two years ago she accompanied her husband, who was grand master of the Oddfellows' Lodge, to Prince Rupert on an official visit.

B. Thorsteinssen, inspector of schools, is able to be around again after having been a patient in the Prince Rupert General Hospital.

Big Party Made Metlakatla Trip

Some fifty or sixty young people went along on the trip to Metlakatla on the boat Stanley A. skippered by Ivar Johansen, to Metlakatla Monday night when a very interesting basketball game was played between the Co-ops and the Metlakatlans, the Co-op winning the very close game with a score of 44 to 36, scoring the winning points in overtime. Referee was Cecil Ryan.

After the game a dance was held in the basketball hall. Music was supplied by a four-piece native orchestra. After the dance delicious refreshments were served.

**Here's Right Way To Go After
Rheumatic Pains**

Usually the Excess Acids Start To Leave the System in 48 Hours Costs But Little—Guaranteed Here's the swift, modern 48-hour way to get the excess pain producing acids out of your system. Go to W. J. McCutcheon, Ormes Ltd., or any progressive drug-store—get a bottle of ALLENRU—and follow the week-end treatment for Stubborn Rheumatic Pains or Backache. Start right in taking it Friday night—stay in bed as much as possible till Monday morning—Allenru acts double fast when the body is relaxed and rested. So don't feel dispirited any longer; don't give up hope of getting real relief. Allenru acts and acts fast and in three distinct ways: (1) to relieve the pain; (2) as a diuretic for the kidneys to flush out excess acids and (3) to arouse the bowels to normal action. W. J. McCutcheon, Ormes Ltd. and all good druggists have been instructed to dispense ALLENRU with the understanding that if the first bottle does not give you the relief you want and have a right to expect, he will gladly refund your money without comment.

By DOROTHY GARBUTT

The YWCA Service Wives' Club met Thursday afternoon at "Y." There were 12 members and 10 children present and four new members were welcomed. Miss Ann Murray, R.N., from the Prince Rupert Health Unit gave the ladies a very interesting talk. The raffle was donated by Mrs. Moore and won by Mrs. Kimmell. Lunch was served by Mrs. Valen and Mrs. Strand. The committee in charge reported that plans are well under way for the children's Christmas Christmas party and registering of the children at the "Y" is beginning.

Jack MacClelland and Doug Badger, who are co-conspirators in the production of the local Air Force show, Washouts of 1943," say the world premiere of their production will take place at Seal Cove on Sunday and Monday evenings next for the Royal Canadian Air Force personnel and that the rest of the forces will have the opportunity of seeing it a week from Sunday at the Capitol. From a preview peek we had last Sunday, it's good!

Gordon Webb asks me to tell you that the Empress "Y" Hall is now open during the day for men of the forces who wish to use it for a reading, writing or small games room. There will be no ping-pong tables or bill-

ard table. The WD's and CWAC's are asked to continue using the YMCA-YWCA Recreation Hut at the Moose Hall as at present there is not the accommodation for them at the Empress except for the shows and dances.

Part of the program in the Navy Band concert tonight will feature Victor Herbert's favorite melodies and Prince Rupert's own Yvonne Riffou will sing "I'm Falling in Love with Someone" and the lovely "Kiss Me Again" while Lieutenant Paul Marsh will sing "Gypsy Love Song."

"Salty," one of our twin orange colored kittens, is missing. Everyone tells me it probably has been taken as a mascot for one of the ships and if so I'm just plain mad. Poor little "Peppy" is running around today looking everywhere for his pal and meowing most pitifully.

Lieutenant Don Adams is back in Rupert as auxiliary services officer to the Navy. He was here about 15 months ago during Captain Armitage's previous visit when he accompanied Frank at the piano. This time, they missed seeing each other by about 15 minutes. Don is an accomplished musician and has promised to help me out in any band concert reviews, even to write them for me occasionally.

Ideas concerning the organization and presentation of young peoples' activities in church work were the subject of a talk by E. A. Thompson, national secretary for young people's work in the Presbyterian Church in Canada, at a rally held in the hall of the First Presbyterian Church Wednesday night. Descriptions of the different activities can be carried on and ways of getting them started were the inspirational message of Mr. Thompson. He advocated a strong and active effort by young people within the church. He said that helpful literature was available on how to capture and maintain the interest of young people in edifying things. About 20 young men and women attended the rally.
