 The Hostess

The response to my request for wringers for the Veterans' Guard was wonderful. People phoned in all evening. Just another case of the goodwill of the Prince Rupert people and I do thank them most sincerely! The Veterans' Guard is now fixed up but I am keeping all the other names and addresses so any of the other service units who need a wringer may get in touch with me.

We lost two of our most popular "Y" persons Tuesday night when Connie and Hee MacKenzie left. Hee is on his way overseas with the "Y" and Connie will stay in Kamloops where her parents live. They will be missed especially in Prince Rupert sports circles. Yes,

"Skippy," their little fox terrier went along and, when last seen, was protesting vociferously over the indignity of the baggage car.

A week from tonight the "Support Company" of the new regiment in town is holding a dance at their quarters. They have taken over Thursday night as it was so successful with the outgoing regiment. Hostesses will meet as usual at the "Y" and transportation will be there to take them out.

Tonight we are holding a wedding reception in the ladies' lounge for Junior Hostesses Eileen Hamblin and Private Ralph de Coursey of the Americans. Eileen has been closely connected with the "Y" since first we started and we look upon it as a real family affair. We will wish the young couple much happiness in their married life.

I've had quite a number of letters from those in the services who have left here and—I don't think they are ribbing me—they nearly all wish they were back in Rupert.

Sergeant Spiro Gurvich is leaving tonight for a trip to Vancouver. Mrs. Gurvich and family are already in Vancouver.

I shall quote from a few from time to time.

Don't forget the CPO's and Petty Officers' dance tomorrow.

**W. R. Motherwell . . .**

Possibly no other single man did more in the interests of agriculture in Canada — particularly for the wheat farmers of the prairies—than did the late Hon. W. R. Motherwell, former Dominion and Saskatchewan minister of agriculture. He was known as the father of the co-operative movement among agrarians and it was in that field that he made his greatest contribution. Mr. Motherwell died Monday in Regina after an illness of several weeks at the age of 83. Many years ago in his ministerial capacity he visited Prince Rupert.

Delightfully vague, typically Churchillian—speaking informally to the British embassy staff in Washington, Prime Minister Churchill says there is a possibility the "proud Germany Army may collapse" but adds, "it would be folly to count on that possibility."

**Industry is helping win the war . . .  
 industry must help build a peacetime world**

Today, all industries must produce as never before—must speed the output of food, tanks, planes, guns, ships and other instruments of war—must conserve vital supplies—that we may win quickly a decisive victory.

Tomorrow, all industries must continue to produce—beating swords into plowshares—to prevent world-wide unemployment leading to ultimate economic collapse.

If the world is to prosper, there must be the same cohesion among the United Nations during the transition period and thereafter as now exists during the world-wide conflict. Internal stability here and in other nations can be gained and maintained only by sustained industrial production and by interdependence.

The people of this country, in common with the people of other lands, will prosper materially and spiritually when this war is ended but only if plans world-wide in scope are formulated promptly for A JUST AND DURABLE PEACE.

In 24 to 48 Hours Pains Are Relieved—You Get Rest and Comfort Again

Now as never before men and women must keep themselves fit and ready for work. So when you've tried everything you can think of and nothing seems to even relieve the pain and soreness, don't give up hope just go to Ormes Limited or any good druggist and get a bottle of Allenru. Take as directed and in about 24 hours you should see a real improvement. You needn't be afraid of Allenru containing dope of any kind — it doesn't; such things are only make-shifts and can at best give only partial relief.

Allenru acts 3 ways: 1) to relieve the pain; 2) to correct the bowels; 3) as a gentle diuretic to the kidneys, flushing out excess acids.

The very first bottle is guaranteed to show results and justify your confidence. If for any reason you are dissatisfied, take back the empty bottle and get your money back.

Halibut Landings About Same as Last Year—Canadian Up and American Down

Halibut landings at the port of Prince Rupert for the year 1943 up to last week-end totalled 3,260,200 pounds as compared with 2,236,800 pounds at corresponding date last year. Canadian landings, so far this year, at an aggregate of 1,641,700 pounds, show a substantial increase over last year's 1,108,600 pounds while American landings for 1943 to date, at 1,618,000 pounds show a decrease almost as great as the Canadian increase when compared with 2,128,300 pounds a year ago. Prices for halibut continue steady at fancy levels. The top bid of the week for Canadian fish was 21.4c and 17c which the Dovre B. was paid for 21,000 pounds and the low 18.6c and 17c which the Hekla and Ruby L. received for 4,000 pounds in each case. For American fish the top bid of the week was 20.7c and 17c paid the Destiny for 6,000 pounds and the low 17c and 16c which the Seymour received for 38,000 pounds.

Percy Hallett has returned to his duties as assistant purser of the steamer Prince Rupert after having been off for six months suffering from a badly broken leg and other injuries sustained in an accident aboard ship.

R. W. Sinclair, general manager of the Todd canning interests, was here Saturday on his way from the Klentu to the Inverness plant. He will be leaving next Thursday night on a business trip to Victoria, the headquarters of the company.

Gas rationing notwithstanding, a few local boats are eking out enough fuel from their allotted supply to make the odd angling trip. Some were out over the holiday week-end with fair success.

The Massett seinboat Halda Girl has been ordered into port by the fisheries patrol cruiser Kitimaat for prosecution on the allegation of having fished for halibut in the closed area of Massett. The Kit-

Color, Thrills, Top Stars Due in "Forest Rangers"

A thrilling love story in technicolor, a romance of far-flung timberlines, "The Forest Rangers," opened today at the Capitol Theatre for a three day run with Fred MacMurray, Paulette Goddard and Susan Hayward heading the cast. Others on the list include Lynne Overman, Albert Dekker, Eugene Pallette, Regis Toomey and Rod Cameron.

This drama of the outdoors glorifies the men of the Forest Service who guard one of the most vital natural resources of the forests. Plentifully supplied with comedy and exciting adventure, "The Forest Rangers" is outstanding for its musical numbers, including the tunes "Jingle Jangle Jingle" and "Tall Grows the Timber."

"The Forest Rangers" in a film that just had to be made in technicolor to bring out the colorful and eye-filling timberland scenes and the thrilling forest fire sequences, said to be the most exciting and spectacular fire scenes ever filmed.

"The Forest Rangers" tells the story of a district ranger, played by Fred MacMurray, who meets a society beauty from the East and marries her, thus starting a sequence of laughs, thrills and romantic situations that keep the film moving swiftly right down to the last flicker.
