Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre, or write address below for explanatory booklet.

The boys on a bombing flight listen to the radio, too — but not to swing music. Their wireless gives them vital information to guide them to their target and home again. And their "sparks" is the Wireless Operator. An expert in radio signalling, he keeps in contact with their fellows and the home base. And when the need arises he mans a gun to fight off enemy planes.

The Wireless Operator is the ears and the voice of the air crew, playing his part, as do all the others, in dealing devastating blows to shatter the enemy. The air crew is a group of specialists, each trained to do his own job well, and all fused into a smoothly working team. They share alike in the great deeds they are performing today, and they will share also in the future that awaits them after Victory is ours.

The expanded Air Training Plan has room for more men who want to be with these fighting comrades of the skies. Right now applications are being accepted for air crew at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 171/2 and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

quardianship for the people, by the people. It is an ideal form of co-operative effort. It's a romance, really—a thrilling story of how the people's dollars co-operate in a democracy of protection within our greater democracy. And now that our democracy is threatened, millions of dollars of the people's premiums are being invested by the insurance companies in Victory Bonds. Our ultimate protection now depends on that . . . on a final and

THAT'S the way a family man feels. He doesn't worry much about his own future.; But when it comes to the future of his loved ones—that's another story. That's the story of life insurance. It came into existence because men and women and children needed it. It grew because people had to have it. It's the people's business; they own its assets over two billion dollars of them.

Life insurance has been wisely administered to provide conclusive victory.

## ACTIVITIES

OF Y.M.C.A. AND Y.W.C.A. By DOROTHY GARBUTT Sunday, January 31 The Hostess

The Service Wives held their regular weekly meeting in the family lounge at the "Y" Thursday afternoon. A motion of sympathy was passed on behalf of a member of the club, Mrs. Hogg of the Royal Canadian Air Force, whose husband died of injuries sustained in a plane crash, and on behalf of another member, Mrs. Kenny, whose husband was injured in the same crash. The afternoon was spend quietly in finishing the mending for the military hospital and tea was served by Mrs. Morrison and Mrs. Dennison. Mrs. Dennison won the inter-club vaffle. It is to be hoped that there will be a larger attendance next week. The Club got away to a fine start and it is a pity that members do not keep as interested

as in the beginning. Everyone at the "Y" was deeply shocked to hear that the Hamblin sisters had lost their mother and our deepest sympathy goes out to them and their father in this sad

Perhaps a word of explanation regarding the moving picture machines may be in order just here. These machines are in use at different places two and three times each day. If not showing the regular films they are being used for showing training and health films in the camps. They are transported hither and you and, in spite of rebeated warnings, prayers and pleas, are not always carefully handled Hence the failure of the machine and the enforced cancellation of shows which seems to be happening quite frequently of late. The "Y" regrets that this has to happen upon occasion but feels that once you understand the circumstances it can plead leniency on your part. In :00-Invitation from the Maestro other words-excuse it please.

What has happened to my senor Hostesses from the Hill 60 Chapter, I. O. D. E.? I know that last week the cold was too intense to leave the house but no one turned up last Saturday nor last night, Thursday. Somehow I feel let down but perhaps there has been a misinderstanding.

Chaperones for the Grenadiers' dance tonight will be Mrs. Armstrong and Mrs. Eve and for the Navy dance Mrs. Keilback and Mrs. Calderwood.

## Women of Moose Committee Meet

Home making committee Women the Anglican Young Peoples' Asso- of the Moose, Chapter No. 211, ciation was held in the church hall held their regular meeting at the home of Mrs. John Kasper on The second of a series of talks Wednesday evening. After comwith accompanying illustrative pic- pleting articles of sewing, the baltures was given by Dr. J. T. Mandy ance of the evening was spent at bridge and with the serving of refreshments.

On Wednesday evening the child care committee of the Women of the Moose also met at the home of Mrs. F. W. Grimble. Plans were discussed for future activities of the committee. The serving of refreshments brought the meeting to a close.
