New Plans Are Made For Invasion

CAPTURE ITALIAN ISLANDS

Lampedusa and Linosa Added to Pantelleria by Allies

SICILY NEXT?
ALLIED HEADQUARTERS IN NORTH AFRICA, June 14 (CP)—Heavy bombers of the Middle East Air Command smashed again yesterday at eastern Sicilian airdromes at Catania and Gerbini, carrying the Mediterranean offensive to the island gateway of Italy, while fliers of the Northwest African command confined operations to patrols, Allied communiques announced today. Approximately 250,000 pounds of explosives were dropped on Gerbini and Catania. Malta-based Spitfires escorted the bombers on the last leg of their approach from the Middle East. With Pantelleria, Lampedusa and Linosa, three island stepping-stones for invasion already in Allied hands, Sicily appears to be the logical target for the next phase of the offensive.

ALLIED HEADQUARTERS IN NORTH AFRICA, June 14—A special communique Saturday night said that Lampedusa Island off Sicily in the Mediterranean had been occupied and on Sunday it was announced that a third island in the Mediterranean—Linosa, two hundred miles south of Sicily—had been surrendered to the Allies by the Italians. One hundred and forty prisoners were taken at Linosa. The fall of Linosa followed on Pantelleria, taken earlier last week, and Lampedusa late on Saturday. Linosa lies between Pantelleria and Lampedusa. Following the capture of these islands, the Allies have already intensified their air attacks on Sicily and yesterday three Axis air fields there were heavily strafed, 150 enemy planes being destroyed or damaged.

Lampedusa surrendered unconditionally after twenty-four hours of bombardment. Its occupation took half an hour after the Italians had run up the white flag. Before the surrender an American airman had been forced down on the air field there and the Italians endeavored to surrender to him in order to stop the intense bombardment. The American got off again uninterrupted and flew back to his base. He told how the island had virtually quaked with the weight of bombing. Before the war Lampedusa was a penal colony, twenty square miles in area with a population of 3500 persons.

Linosa surrendered to a British destroyer which took over single-handed. The destroyer was attacked by the white flag. The Italian commander explained that he wished to save his men the ordeal of Pantelleria.

Air power is credited with the taking of all three—Pantelleria, Lampedusa and Linosa.

Dawes, veteran naval man and well known local citizen, was the first recruit to enlist in the new local anti-aircraft company of the Prince Rupert Machine Gun (Reserve) Regiment this morning when the drive for attestations opened. Mr. Dawes was signed up by Lieut. Col. G. C. Oswell, commanding officer of the First Prince Rupert Battalion, at the hut on the Post Office grounds.

The campaign for recruits proceeds today, Tuesday and Wednesday with anti-aircraft gun demonstrations each evening on Third Avenue in front of the Post Office and radio talks each noon and evening by leading local citizens.

GOOD NEWS ON THE WAY SOON

Later this year, or early in 1944, individual Canadians will receive a statement of the amount of refundable income tax payments which stand to their credit for the year 1942. This is money collected as income tax, popularly known as the compulsory savings portion. It is to be returned to taxpayers after the war, together with interest at two percent. The statement will be sent out by the Department of National Revenue as part of the income tax notice of assessment. The certificate will be white with a sketch of the Parliament Buildings printed in blue in the background. The certificate cannot be sent unless 1942 income tax forms are filed.

Labor Takes Steps to be Represented in Forthcoming Federal Election

Commencing a move for the drawing up of a platform and the nominating of a Labor candidate for Skeena riding in the next federal election, a meeting was held last night at which eleven organizations were represented. The title Skeena Labor Victory Federation was adopted.

There were representatives at the meeting of the International Woodworkers of America on the Queen Charlotte Islands, local trades unions, the Housewives' League, Labor Youth Federation, the Co-operative Commonwealth Federation and the Communist Labor Total War Committee.

The C.C.F. reserved the right not to take part in the framing of a platform as they felt bound to their own which was referred to the continuation committee.

The continuation committee will draw up a platform and interview prospective candidates and call a meeting at a later date.

The meeting was convened by the local Canadian Congress of Labor Branch.

The meeting was opened by Charles Viser and H. Harrison was chairman.

TEACHERS TO WORK

Are Expected to Engage in Essential War Activities During Summer

E. O. Whiting, manager of the local Employment and Selective Service Office, states that he has received special instructions originating with Arthur MacNamara, director of National Selective Service, that special efforts must be made to absorb school teachers into farming or other essential work during the summer holidays.

"Hon. Humphrey Mitchell, Minister of Labor, recently issued an appeal to school teachers to engage at farming or other essential work during the summer time," Mr. Whiting said. "The minister appealed to teachers not to regard the closing of the schools this year as a holiday but rather as an opportunity to aid directly in solving Canada's wartime labor problems."

Mr. Whiting said that the local employment office will give special attention to registering teachers, either for work in this district, or for essential work in their home locality or even elsewhere, depending upon where work is available.

It is not the intention of Selective Service, Mr. Whiting pointed out, to keep teachers away from the special summer courses which they are sometimes required to take. Moreover, it was emphasized that teaching itself is a very high priority occupation and that the present intention is to get teachers to accept jobs for the summer only after which they will return to the teaching profession.

The Deildals are doing their part in this war. Mr. Deildal, a veteran of World War No. 1 is officer commanding B Company in the Prince Rupert Machine Gun (Reserve) Regiment.

Young Michael Deildal, still only a small school boy, is talking already about joining the Navy.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT
The Hostess

Tonight the Boom Defence Unit is holding a dance at the Empress Junior hostesses are invited to attend.

I thought he looked unusually chipper so I asked him why and you guessed it—it was a baby girl born Saturday June 12 at the Prince Rupert Hospital. Her daddy is in the Navy and she calls herself Heather Berenice Hicks. Oh yes, and she weighed 7 pounds 8 1/2 ounces.

The members of the Service Wives Club are planning a little outing for themselves next Thursday evening. They intend having supper at the Y.M.C.A. Cafeteria and from there going to the movies at the Empress Y hall. Any regular attendants who were not at last week's meeting and who intend going should leave their names with

Mrs. Garbutt at the Y not later than Wednesday. Names must be in then in order to let Mr. Trant at the cafeteria have a definite idea as to how many are coming.

We have been having quite a bit of fun lately catching the Navy boys up on the meaning of the initials "E. R. A." The majority are quite certain it means Engine Room Artificer and stick to it quite vehemently. It does, in a way, except that "Artificer" should read "Artificer." It's such a common error and only because I had bought a beautiful blue leather covered dictionary was the mistake discovered.

Breen protests that no one is interested but I think you should know that he finally got away Saturday afternoon on the first stage of his momentous journey into matrimony.

Bob Gibson is away for a few days and Ivan Mallett is still at Terrace substituting for Ed Selyan who went East to be married this month.

Remember when I told you about Jimmy Dumeah (Santa Claus) being a Navy baseball star? Well here is what the Vancouver paper has to say of him: "A former Windsor

pitcher, Dumeah brought a lot of class to the Navy team at the tail end of the 1942 season and gave the VMD batters plenty of trouble in the finals for the Rithet Cup. Well rested and in the pink of condition Dumeah should be ready to worry the heavy hitting, well balanced shipyard club."

LETTERBOX

TWO OLD LADIES

Editor, Daily News:

I am wondering if some men are really out for a mighty war effort or out for the mighty dollar. I know this is not a very nice thing to say. Surely in our great democracies which are to bring peace and set an example to others, a crime like this would not be tolerated. Of course, I am only wondering. Maybe I have been listening to the hoodlums.

I remember a story I was told about a little boy who listened to the hoodlums. This little boy stayed with his aunt. One day a sweet old lady came to visit his dear old aunt. Pretty soon these two dear old ladies started talking about everything in general. Finally the sweet old dears started talking about something the little boy knew wasn't true. As a matter of fact, the old dears knew it too. But they kept beaming and smiling and agreeing with each other. They also added little bits on to make it more spicy which they had a sneer for. The little boy listened for

awhile then remarked something to the contrary. He was ordered out of the room immediately, with a threat of not having any supper. The little boy departed, very bewildered, wondering why he deserved such a thing from these dear old ladies. After he had gone his old aunt said to the other sweet old lady: "You will have to excuse the boy. It is very hard on me to bring him up right. He is always listening to those hoodlums from the next street. I'll be so glad when I get my new house beside you." And the sweet old lady replies: "It's not fair on the boy having to associate with such hoodlums who haven't had any up-bringing." I often wonder what happened to that little boy. Maybe he is one of our distinguished gentlemen or living a clean healthy life on a farm, or maybe he's dead—the good die young."

HUGH S. CARNIE

"CHURCHANTY" OR "CHRISTIANITY"

Editor, Daily News:

Replying to C. W. Lutz as "one who was over there last time," I know that one great reason for lack of confidence in the churches is the fact that many of the ministers

evinced their total lack of Christianity by becoming propaganda agents and preaching hate last time.

The very least a Christian minister can do is follow the example of Christ who said (Matthew 5:44) "But I say unto you, love your enemies" and (Luke 23:34) "Father, forgive them for they know not what they do." Then in Romans 8:9, it is said, "If any man has not the spirit of Christ, he is none of His."

Madame Chiang Kai Shek joins with other Chinese Christians in praying for "the vermin of Tokyo." Of course, they would have no reason for hating the Japs (?). They had fifty million war orphans in droves like beasts, dying like flies long before were in the war. But that was no concern of ours—they were only "Chinks," yellow heathens upon whom we had forced the opium curse with the sword for our profit.

The churches and Christian nations were warned in plenty of time that, unless they "came down to earth" and gave Japan the Gospel (good news) of Christ, they would have to take her the sword later at many times the cost. They even forgot to pray for kings and

rulers (I Timothy 2:- and 2). Again, no "Christian" minister is in it for a job "but for the love of Christ constraineth us" (II Corinthians 5:14). Yes, we hope for and look forward to peace but as a man soweth so shall he also reap—sow tomatoes and harvest potatoes, sow hate and reap peace? "He that soweth unto the flesh shall reap of the flesh corruption."

—The Carpenter of the Informal Gospel Hour.

PREACHERS TOO

Editor, Daily News:

The Selective Service Office, in taking taxi drivers and bartenders, is very much right indeed but surely there is more yet—for instance such as hypocrites who would like to take what little joy a soldier has in the form of beer. For instance, ministers could be out doing some essential work and preaching in the evenings. Also his salary could be used to purchase Victory Bonds with. Or better still their salary could be used for old age pensioners. The one who is responsible for the rate set for old age pensions ought to go bury his head in shame in the sand like an ostrich.

C. W. LUTZ.

"WE NOT ONLY HAUL 'EM - WE BUILD 'EM TOO"

STRINGS of cars loaded with munitions and raw materials ... troop trains ... freights carrying food and other essentials for the home front. They're a big part—but only a part!—of the job your railways are doing in this war.

Yes—although we, the Canadian railways, are carrying vastly more traffic than at any time in history, we are also building guns and tanks, ships and shells. Our machinery of production hums day and night. Implements of war roll from our plants in steady streams. They're made by the railways ... hauled by the railways ... the railways of Canada.

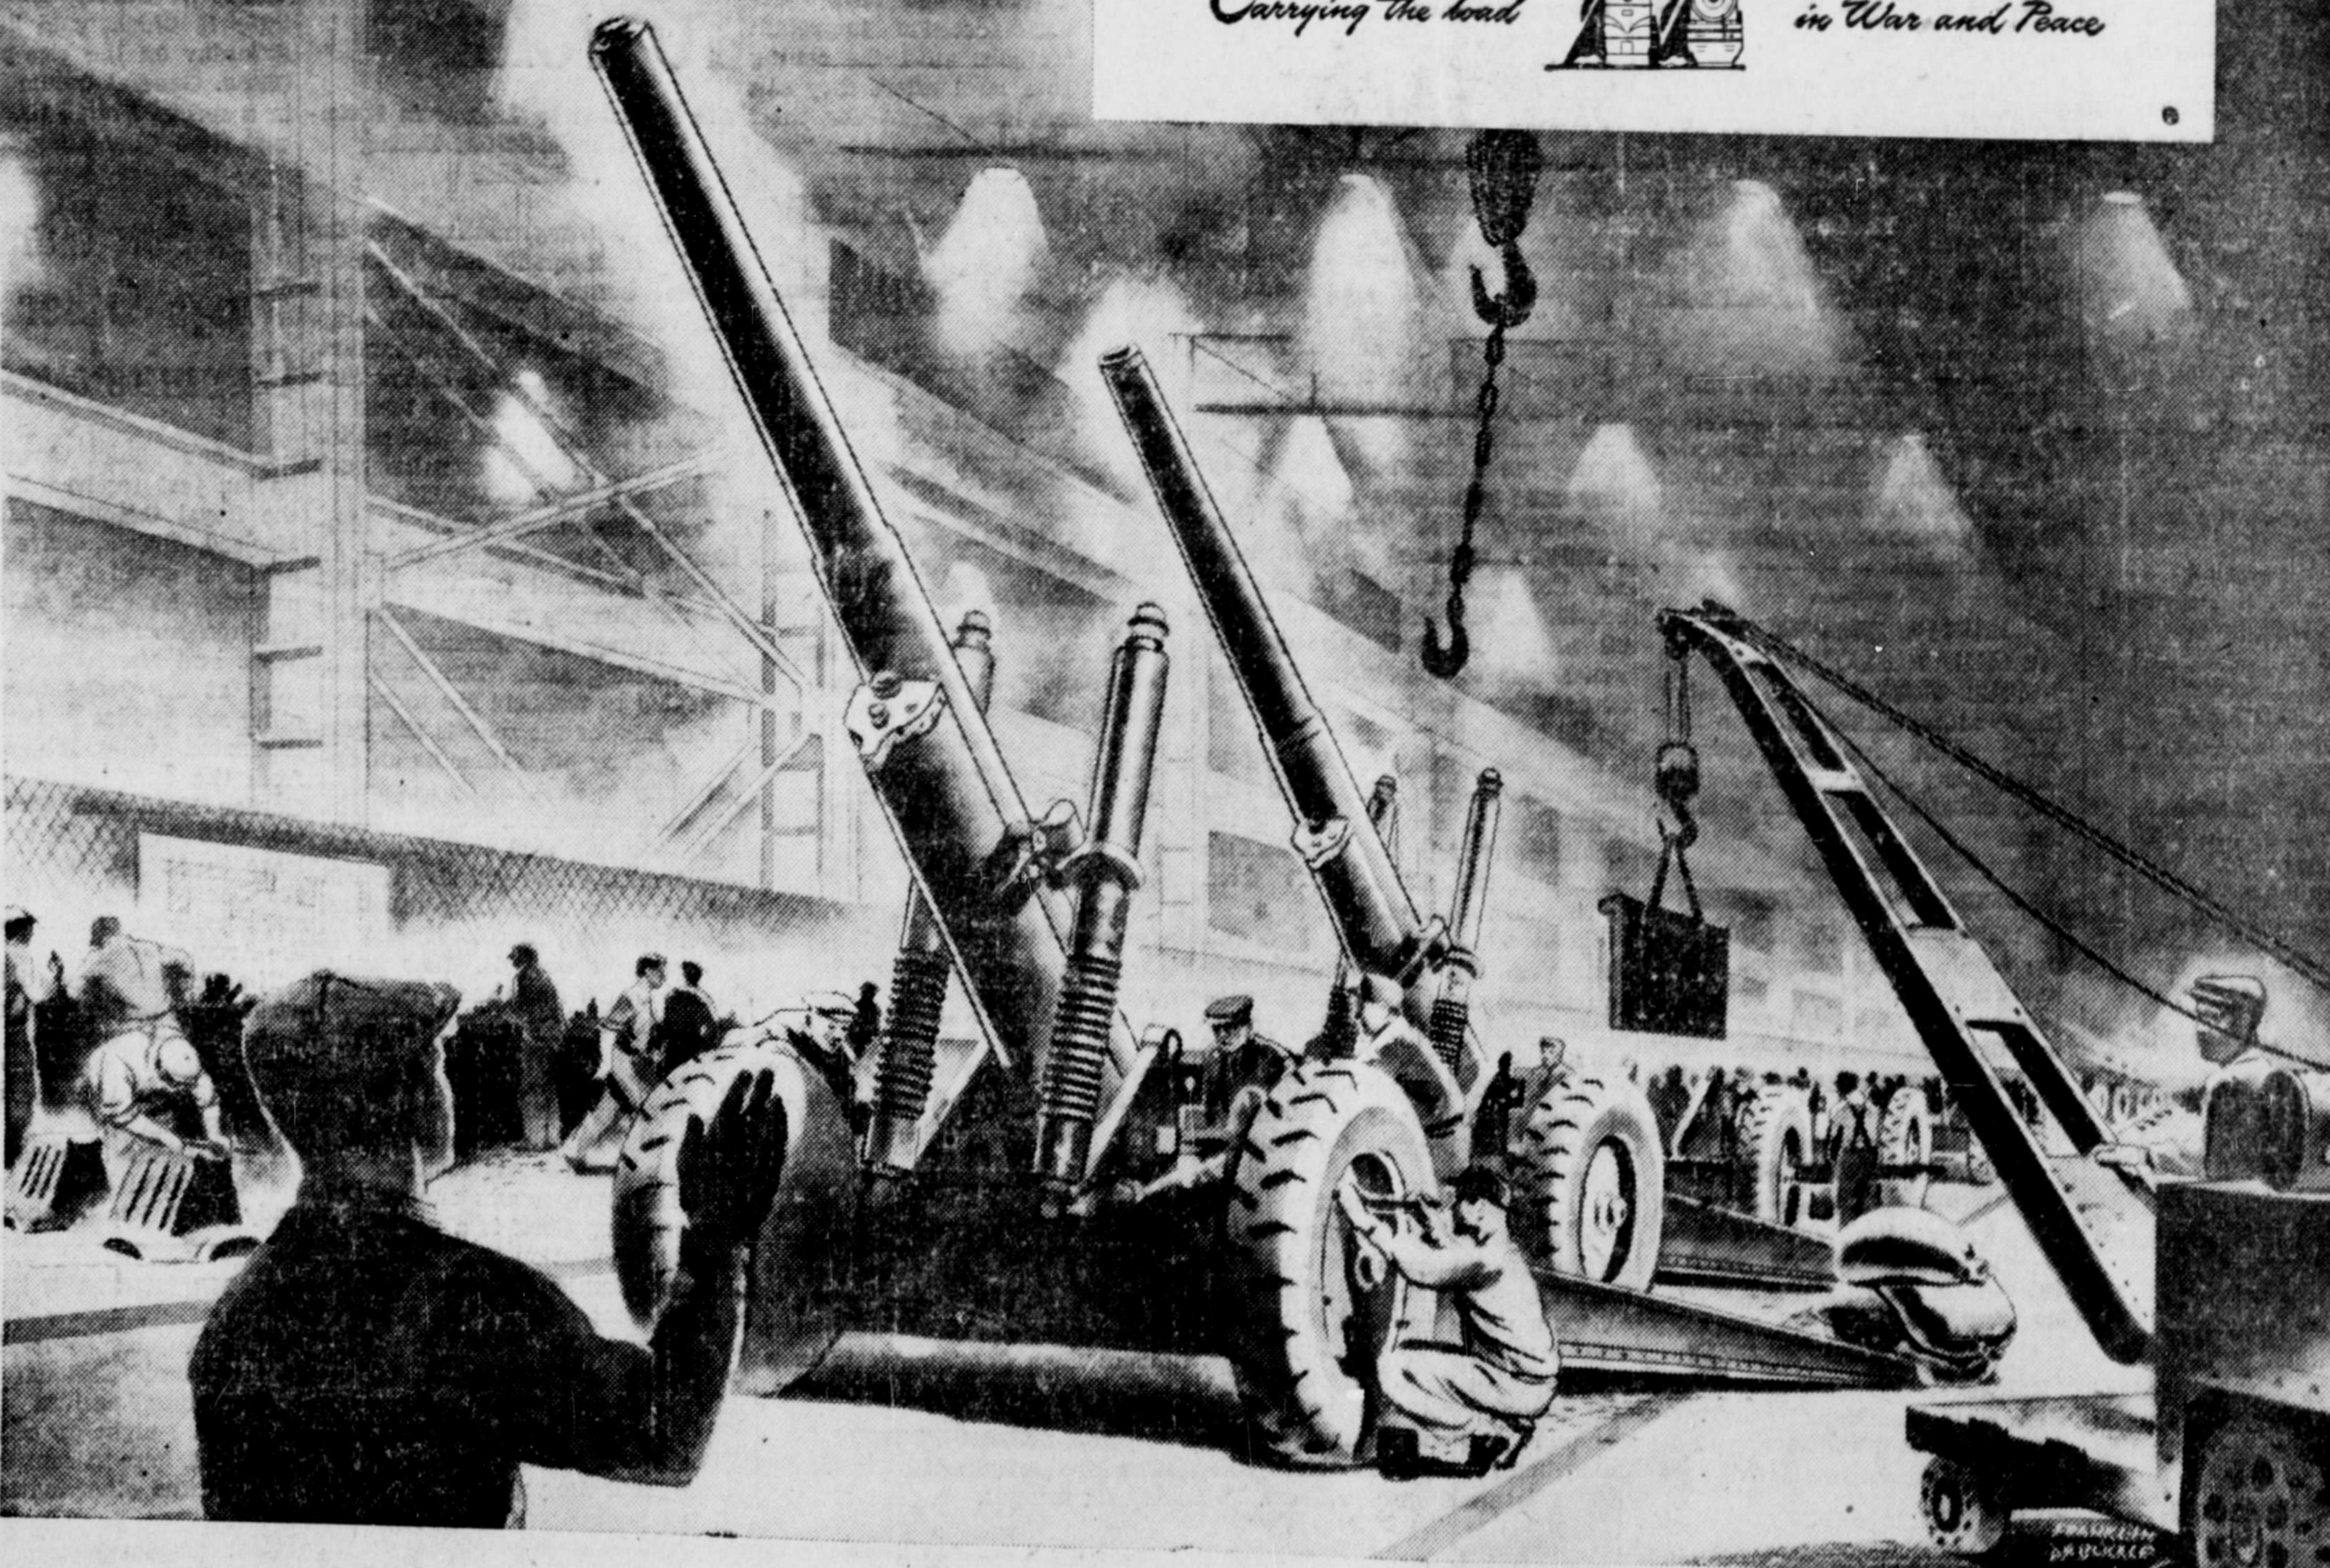

Only your railways, ready and capable of meeting the emergency before it occurred, can handle this double "must" ... mass transportation and mass war production.

Your railways met a mighty challenge in Canada's period of construction. They are rendering dual service in War's period of destruction. They will be needed more than ever in the reconstruction period of peace. They will meet that challenge, too!

Timely Recipes

RHUBARB JUICE

Rhubarb juice with its appetizing tartness makes a perfect "dinner-beginner."
It can be put up now without the addition of sugar. Combined with syrup from other canned fruits it needs no further sweetening when served as a cocktail. If it is used alone, some sweetening will be required, the amount varying with the use to which the juice is being put.

The following directions are taken from the new bulletin, "War-time Canning" which is available free of charge from the Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

Rhubarb Juice

Wash and cut rhubarb in small pieces. Do not peel. Measure and place in preserving kettle, allowing 1 cup water for each quart of rhubarb. Cover tightly. Bring slowly to boiling point and simmer 5 minutes. Strain. Pour into hot sterilized bottles leaving a space of one inch at the top of each bottle (head space). Partially seal. Bring to simmering temperature, 180 F., and process at that temperature for 10 minutes. Remove from water bath, seal tightly at once.

Sea Cadets In Church Parade

Led by Lieut. Commander Alex Mitchell, the smart local unit of Sea Cadets in full muster was on church parade last evening. The parade formed at the Court House square and, with its bugle band, marched to First Presbyterian Church where an appropriate service was conducted by Rev. A. F. MacSween.

Following the church service the unit returned to the Court House square where a sunset service was held. This service included the traditional flag lowering ceremony and the playing of several selections by the bugle band. A large crowd watched the ceremony and enjoyed the music.

Some men's hearts are all the same,
For a hundred percent war effort Aim.

In some others there is a doubt,
They don't know what it's all about.

And some men war effort "holler,"
But they're out after the "dollar."

Some shed blood in the drive,
While some others seem to thrive.

WEEKLY WARTIME NUTRITION HINTS

by Martha Logan

Diced Meat Salad

Here's a hot weather dish that really s-t-r-e-t-c-h-e-s meat

Dice your choice of Table Ready Meats, Meat Loaf or cold leftover meat. Combine with a tasty and nutritionally valuable combination of vegetables such as diced potatoes (boiled in their jackets, of course, then peeled), shredded raw cabbage, chopped new carrots, cooked green peas or lima beans (the latter are particularly good if you are short of meat). Add minced onion, scallions, chives or pickle, whichever you prefer, for extra tang. Using two forks, toss mixture lightly with your favourite dressing or mayonnaise. Hard cooked eggs, cooked fish or cheese, may take the place of meat in this salad.

Serve milk and hearty slices of Canada Approved bread with this salad for a nutritionally valuable meal. Of course, your other meals should take care of the citrus and other fruits, cereals and milk which are also necessary to bring your family's daily intake of protective foods up to the minimum level.

"FREQUENTLY RAW"

The vitamin content of most vegetables is greater when they are raw. All of these are good sources of important vitamins and specially delicious in salads and cole slaws: Green Cabbage, Carrots, Endives, Romaine Lettuce, Scallions, Parsley, Peppers, Tomatoes, Watercress.

Send 10¢ for "Meat Complete"—Martha Logan's fascinating new meat cookbook—to Swift Canadian Co. Ltd., Dept. NE22, New Westminster.

SHIPYARD SLOWDOWN
(Continued from Page One)

an offer of settlement similar to that offered on March 8 last which had been proven unsatisfactory. At that time a supervisor of catering had been offered which it had been expected would result in an improvement. This, however, was not brought about. Today what was considered exactly the same sort of a set-up was offered.

The slowdown commencing today was in compliance with the setting of a deadline a week ago last Saturday night that the slowdown would occur if there was not a satisfactory settlement. There will be another general meeting of the Union men tomorrow at noon.

Mr. Dennison made it clear that there was no dispute with the dry dock management which was merely acting as an intermediary with Wartime Housing with which the men had been unable to make arrangements for a conference for negotiation.

There was no disorder whatever in connection with the starting of the slowdown and none was expected, Mr. Dennison said.

**B.I. TALK
IS ENJOYED**

Col. McCaffrey of Ottawa Speaks
To Gathering Here

A very pleasant evening was spent at the home of Mrs. L. W. Kergin on Fourth Avenue East when a talk was given by Colonel McCaffrey of Ottawa to those interested in British Israelism. The colonel's talk took the form of a brief review of British history.

From the time of the division of the tribes into the Northern Kingdom of Israel and the Southern Kingdom of Judah the two kingdoms had remained separate with separate histories. After these events Israel was referred to as the northern kingdom, unless specifically stated to the contrary. The southern kingdom was always mentioned under the name of the leading tribe in that kingdom which was Judah. So God made a series of natural events for which the rulers of the people were responsible—to do His will and fulfill His word which He had spoken unto King Solomon and before time to the patriarchs.

After the overthrow of the northern kingdom Israel was carried away into Assyria. From there various migrations took place in periods of years and under different names through southern Europe until they came to the isles of the sea north and west of Assyria, the place appointed by God, their protector, "a place from out of which no power on earth can ever remove us." Many attempts had been made, the speaker drawing attention to a number of instances where deliverances have been effected and the enemy utterly confounded.

A discussion followed and the gathering dispersed somewhat reluctantly after joining in absorbing study. About 18 were present.
