Milk Crisis in City Considered-- Resolution to Government Asks For Guarantee of Full Supply

The urgent need for immediate action in providing Prince Rupert with adequate and regular milk supply occupied the attention of the Prince Rupert Parent-Teachers' Association almost exclusively at a meeting last night in the auditorium of Booth Memorial School. It culminated in the passage

BALTIC BOMBED

Stettin and Rostock Heavily Pounded by Royal Air Force

LONDON, April 21 (CP)—Heavy British bombers attacked the German Baltic ports of Stettin and Rostock last night while speedy Mosquito bombers pounded Berlin in widespread raids from which thirty-one planes are missing, the Air Ministry announced.

The night's operations also included minelaying in enemy waters and sharp attacks by fighters and fighter-bombers on enemy railways and coastal shipping.

Royal Canadian Air Force aircraft took part in the Stettin raid, minelaying and fighter sweeps with one Canadian bomber missing.

The Royal Air Force continued its assault on enemy territory today, explosions being heard from the Boulogne and Zebruge regions after the bombers had left.

RUSSIANS ADVANCE

Important Height on Kalinin Front Is Taken from Nazis

LONDON, April 21 (CP)—The Russians captured an important height on the Kalinin front northwest of Moscow on Tuesday and then repulsed repeated German counter-attacks, Moscow announced. About three thousand Nazi officers and men were killed.

In the western Caucasus the Germans suffered heavy losses on the ground while Russian anti-aircraft fire shot down twelve German planes and Soviet aircraft downed nine others.

Great Price For Halibut

Halibut price on the Prince Rupert Exchange boomed up to the record level of thirty cents for first class fish and 25c for second class today. One Canadian boat was in the Oldfield with 5,000 pounds.

PRESIDENTS ARE HEARD

Chief Executives of United States And Mexico Get Together in Monterey

MONTEREY, Mexico, April 21 (CP)—President Franklin D. Roosevelt of the United States and President Comacho of Mexico, speaking at a banquet last night in this northern Mexican industrial centre, proclaimed a brotherhood in arms of the two countries and mutual desire for peace wherein no group in one country may exploit the resources and people of another.

A program of peace and unity to extend through the war and after was enunciated by the two chief executives.

Both Roosevelt and Comacho set their faces against negotiated peace feelers from the Axis such as that which emanated a few days ago from Spain.

They pledged themselves to work for a new order in the interests of all humanity and not a favored few.

Colonization of Mexico by Americans and use of Mexicans on United States farms are among subjects which Roosevelt and Comacho have discussed.

President Roosevelt left Washington April 13 and on the way to Mexico visited military training camps in the southeastern states, also spending a day at Warm Springs, Georgia. Under Secretary of State Sumner Welles and Mrs. Roosevelt are among those accompanying the President.

It was the first meeting in thirty-four years of United States and Mexican presidents were both in office and the first trip away from the United States of Mr. Roosevelt since historic Casablanca.

FEAST OF PASSOVER

Gathering of Local Jewish Persons, Mostly Service Men, Held Monday Night

The gathering being directed by William Goldbloom of the United States Army conducting the religious rites, the Jewish Feast of the Passover was observed formally in Prince Rupert on Monday night.

The function was held in the Empress Hall and about seventy-five persons of the faith, mostly Canadian and American service men, were in attendance. A banquet followed the service with Jewish dishes appropriate to the occasion being featured. The observance of the Passover is being continued this week.

The event here was organized by Rabbi Cass of Montreal in the course of a visit to the city last week.

Home Economics Department At B.C. University

The Prince Rupert Parent-Teachers' Association, at its meeting last night, had letters from the University of British Columbia and the Department of Education in reply to the proposals of the association that a department of home economics should be established at the university. The letter from the university said that the matter was being placed before the board of governors. Hon. H. G. Perry, minister of education, in his letter, said that an appropriation for the purpose suggested had been included in this year's estimates.

Are Still Shackled

OTTAWA, April 21 (CP)—The Department of External Affairs says that prisoners of the United Kingdom and Canadian forces are still shackled at Stalag VIIIb and other camps in Germany. The statement said that the British and Canadian governments are continuing to press for abandonment by the German government of shackling.

MUNICIPAL SITUATION

Finances and Other Problems Discussed by Mayor W. M. Watts In Speaking Before Gyro Club Today

The municipal situation up to date was brought before the Prince Rupert Gyro Club today in an address by Mayor W. M. Watts which was of much interest in view of the information which it contained. The mayor spoke of finances and dealt with some of the difficult problems which the city was facing in view of present unusual conditions.

President W. J. Scott was in the chair and there was a good attendance of Gyro members together with a number of guests.

Military Asked To Keep Traffic On 11th Avenue

In view of the fact that the Army has already pretty well closed Eleventh Avenue to general traffic, military vehicles are to be requested by the city council to keep off the Conrad Street and Hays Cove route when coming to town. This will relieve congestion particularly around school areas, it was felt by the city council Monday night when it was decided to make a request to this effect to the military authorities. The matter was brought up by Ald. George Hills and the move was seconded by Ald. W. H. Brett.

Another Woman Wants Beef For New-born Baby

Some incidents at the Wartime Prices and Trades Board office were mentioned by J. V. Scrivener, the local board representative, in speaking before the Prince Rupert Parent-Teachers' Association last night.

One incident was that of the woman who reached into her handbag for a handkerchief and exposed therein a dozen chocolate bars.

GIANTS IN THOSE ISLANDS

Early Hawaiian chiefs often were physical giants, weighing 300 to 500 pounds.

At Monday night's meeting of the city council Ald. Robert McKay suggested that departmental outlays for expenditure on work should be subject to committee approval if involving expenditure of more than \$10. This was the policy in connection with the making of purchases and Ald. McKay thought it should also apply to work commitments. There was further discussion of the matter in committee of the whole to which the council resolved itself during the latter stages of the meeting.

Important Mountain Height Dominating Road to Tunis, Forty Miles Distant, Also Captured—Enemy Also Being Battered From Air

ALLIED HEADQUARTERS IN NORTH AFRICA, April 21 (CP)—Enfidaville, coastal anchor of Marshal Erwin Rommel's Tunisian defence line, has been occupied by the British Eighth Army, an Allied headquarters communique said today. Four fierce enemy counter-attacks have been beaten off by General Montgomery's desert veterans who smashed forward in a drive that began shortly before midnight. The communique said that fighting is continuing. The Eighth Army also took an important mountain height controlling the road to Tunis forty miles distant.

DROWNING IN SKEENA

Two Men Lose Lives When Boat Capsizes 100 Feet from Shore At Haysport

Two men so far unidentified are believed to have been drowned last night about 10 o'clock in the Skeena River about one hundred feet from shore at Haysport when an outboard motorboat in which they were crossing the river from Port Essington capsized in rough water.

Other men in the boat managed to reach shore and the provincial police were advised early this morning.

The police boat P.M.L. 15 was dispatched to search for the missing men and investigate the affair.

The men are believed to have been construction employees of Canadian National Telegraphs working on the line to the east of Haysport.

There was nothing to report from the First Army on the northern flank except that it was fighting largely a holding action, having taken a small town.

The dominant Allied air force is continuing its attacks up and down Tunisia, raking air fields on a heavy scale yesterday and destroying twenty-seven planes against a loss of eight. These figures brought to 151 the official total of enemy planes downed in three days.

BOMBING OF JAPAN

Further Details Revealed of Last Year's Attack on Tokyo and Other Cities

WASHINGTON, April 21—The War Department disclosed Tuesday night details of the American bombing raid on Tokyo April 18, 1942, saying that the planes took off from the aircraft carrier Hornet. This carrier was subsequently lost in the Battle of Santa Cruz October 26 last.

The Hornet carried fliers of the Army air force to within eight hundred miles of Tokyo. They bombed not only military objectives in Tokyo but armament plants, dockyards, railroad yards and oil refineries at Yokohama, Nagoya, Kobe and Osaka.

The American planes were under orders to fly to specified landing fields in China.

Of eighty men on the raid, five were prisoners or are presumably prisoners of Japan, two are missing and one was killed. The other sixty-four made their way to camps of the Chinese army and then back to American territory. Seven of those who escaped were injured.

A Department of War spokesman said that the Tokyo bombing was "just a foretaste and a mild one of attacking attacks" on Japan which were to come.

Inspection Of Sea Cadets On Tuesday Night

The weekly parade of the local Sea Cadets Corps was featured last night by a March Past and inspection at the Court House grounds by Commander D. C. Wallace, naval officer commanding at Prince Rupert, before whom the boys, under Lieut. Commander Alex Mitchell, paraded and presented a smart appearance.

Following the parade, the corps proceeded to the Empress Hall where interesting moving pictures were shown by the Young Men's Christian Association war services.

Says Mr. Gold Seal

"I'm with you all the way to VICTORY"

"I've always been proud of Congoleum and Congoleum-by-the-yard which is only natural, seeing I've been their trade mark all these years," says Mr. Gold Seal. "But never prouder than I am now for I know these fine floor coverings are doing a real home-front war job—building morale by always presenting a bright, cheerful front under heavy usage. And believe me, Congoleum's ability to 'take it' counts double these days when replacements are so hard to get. It's value you can count on all the way to the day of Victory."

HOW TO HELP MR. GOLD SEAL MAKE GOOD

You can get added wear out of your Congoleum floors with very little effort. Brush and mop them regularly and renew the brightness of their surface with an occasional waxing. Make sure too, that the floor underneath is smooth and free from crevices or knobs. If it's a rug, move it every few months to "spread" the traffic. Yes, a little care will pay big dividends.

out on a voluntary basis to assist the dairymen.

Some exception was taken to the fact that the dry dock staff houses had been able to get large quantities of canned milk while the babies had to go without. "They are a spoiled lot at the dockyard anyway" was one comment that was heard.

Mr. Scrivener felt that such fresh milk as was available here was rather negligible in the general situation. Canned milk was the solution and, undoubtedly, there should be a larger quota commensurate with the greatly increased population. There was always the tendency to consider Prince Rupert on the basis of 1941 and 1942, not taking into consideration the large and sudden population increase.

Bruce Mickleburgh suggested the possibility of organizing milk supply here on a co-operative basis. W. W. C. O'Neill wondered if the existing co-operative might be able to go into the milk business.

Dr. MacDonald

Dr. MacDonald, in speaking to the meeting, declared that local fresh milk was of good, clean quality, fully up to standard. This had been established by regular tests and checking up. Sanitary conditions were satisfactory and the butter fat requirements were amply met. Dr. MacDonald referred to nutritional values of fresh, canned and powdered milk which, generally speaking, were equal except for the lack of some vitamin C in canned and powdered milk which could be made up for by orange juice. Dr. MacDonald approved the resolution asking for more adequate and regular supply of canned milk.

Mr. Cheeseman reviewed the work of the special committee on the milk question. This had culminated in a meeting with Olof Hanson, M.P., who had promised the full co-operation in getting the representatives before the proper authorities. Mr. Hanson had suggested that support of as many organizations as possible be secured for the resolution.

At the conclusion of the milk debate, the meeting tendered a vote of thanks to a special committee headed by J. V. Scrivener, which had investigated the milk situation and presented a resolution, and to Mr. Scrivener and Dr. MacDonald for their attendance.

The meeting was well attended, and Rev. C. A. Wright, president of the Parent-Teachers' Association, was in the chair. General business was also dealt with during the evening and the proceedings concluded with the serving of refreshments which, it was noted, included canned milk.

COMMUNITY GARDEN

A community garden in Prince Rupert! And just what concern is that of yours when you are earning plenty of money and don't need to be scared of your job? When you are man enough to pay your way, working long hours, overtime and double time almost when you feel like it?

I am not going to try to come out with any scare talk but, whenever difficult situations crop up, I have usually found that it pays to look them straight in the face and—do something about it. Mr. Prince Rupert man, it is something that, might not concern you at present but it is extremely likely to be of vital concern to you before even another year has gone by. Even this spring we have felt the pinch, you and I, and everybody else have been up against situations where plenty of money didn't mean a thing, where you just simply couldn't buy the simplest necessities for the daily meal.

You must also be well aware that this is quite likely to happen again and I do not think that you like that situation any more than I do.

The community garden is one definite way to create a safety-measure against a recurrence of this and, even if we cannot pro-

Prince Rupert Parent-Teachers' Association Receives Answers To Invitation

Recently members of the Prince Rupert Parent-Teachers' Associa-

What is being done in regard to school clinics and dental clinics? What does a child learn about health in Prince Rupert?

What is being done to check the spread of communicable diseases?

What are the recreational facilities for children in the schools? What is the supervision of children during lunch hour at school?

How can a child get an adequate amount of milk in Prince Rupert? As more fully reported elsewhere, the meeting last night was devoted largely to a discussion of the milk situation.

ARMY IN SESSION

Something New in Salvation Army—Young People's Council

Something new in the history of the Salvation Army in northern British Columbia occurred in Prince Rupert on Sunday when members of the Prince Rupert Corps and Salvation Army officers from Prince George and the native Corps at Port Simpson met with Brigadier Keith from Toronto, who is in charge of all young people's activities of the Salvation Army in Canada, in a Young People's Council.

Brigadier J. T. Gillingham, the divisional commander for Northern British Columbia and Alaska, opened the morning session which was held in the Oddfellows' Hall. He introduced Brigadier Keith who took charge of the meeting. The theme of the council was "Toward a Better World." The Brigadier stressed the part the young people of Canada must play in making this a better world in

which to live and to make and preserve peace.

The afternoon session took an informal aspect. Two papers had been prepared and were read in the meeting, one by Mrs. Herbert Pierce of this city on "Cultivation of a Spiritual Life as a Means Toward a Better World" and the other on the subject "Bible Study as a Means Toward a Better World" by Corporal Norman Ross. A Bible quiz contest was held and a prize awarded to Miss Connie Patterson.

The evening meeting took the form of a public evangelistic service in the Citadel which was comfortably filled for the occasion.

A session of officers' councils was held on Monday morning and at night Brigadier Keith spoke to an attentive audience on various branches of the Salvation Army's youth program and progress which had been made along various lines.

While this was the first of such gatherings, hope and determination was expressed that this would be an annual event in this part of the province and that the work would grow.

As a remembrance of the occasion a souvenir picture of General William Booth, founder of the Sal-

MILK SITUATION PROTEST

Editor, Daily News:

We, in line with other organizations of the city, wish to strongly protest at the unsatisfactory milk situation that exists in Prince Rupert at the present time, especially in its adverse affect upon children and babies.

We request that the Wartime Prices and Trade Board or those directly responsible for this matter see that more adequate supplies of canned and powdered milk are made available to the citizens of Prince Rupert due to the fact that the supply of fresh milk is very limited and does not provide for the needs of the juvenile population of this community.

LOCALS

The National Selective Service office in Prince Rupert, like others in Canada, is now co-operating in connection with the enlistment of girls desiring to join the armed forces. Women between 18 and 45 may enlist and cooks will be taken in the Navy up to fifty-six years of age.

Hercules Worsoe, Norwegian consul for British Columbia, arrived in the city this morning from Vancouver, being here on official business following the death of the local vice-consul, John Dybhavn. Mr. Worsoe will leave tomorrow night on his return to Vancouver.

Mayor W. M. Watts has intimated that he will not be able to attend meetings of the Prince Rupert Parent-Teachers' Association owing to other engagements and, therefore, is unable to accept the honorary presidency. The matter of appointing an honorary president was allowed to stand over at last night's meeting of the association.

We must face these facts in '43

THE COST OF WINNING THE WAR is something we can neither escape nor avoid. Victory has to be paid for . . . let us face the price squarely. Canada MUST have Five Billion, Five Hundred Million Dollars for this fourth year of war. Where is this huge sum to come from?

Taxes will yield part of it, but when all taxes are paid we shall still need Two Billion, Seven Hundred and Forty-Eight Millions. And, as a first step towards meeting that need, the minimum cash objective of the Fourth Victory Loan will be One Billion, One Hundred Million Dollars.

True, leading financial and industrial concerns will take up a large portion of this sum. But the amount left to be met by individual purchasers will be very greatly increased. Two things will be necessary:

(1) The amount purchased by each individual will need to be much greater than in the last Victory Loan, and . . .

(2) There must be participation by many more Canadians in every walk of life. In order to reach even our minimum objective, **MORE** people must buy **MORE** bonds.

I realize that it will call for a supreme effort on the part of every Canadian to meet this demand, that the Fourth Victory Loan will be the greatest financial challenge we have ever faced. Yet we dare not falter now. Unswervingly and relentlessly, we must work and save together. For the results of this Fourth Victory Loan will be the inescapable measure of our determination, our unity of purpose, to achieve complete and overwhelming victory.

I know the strength, the discipline, and the united purpose of my fellow-Canadians. I am confident that we can, and will, meet this challenge.

Battalion parade—Sunday, April 25, 1430 hours. This will be a Victory Loan parade and is compulsory.

Dress—It is essential that all ranks turn out in uniform battle dress with skeleton web, steel helmets, respirators at alert position and anklets. Notice will be given over the air of any change in dress due to weather conditions.

Funeral Notice

The funeral of the late Ernest Warren will take place tomorrow, Thursday, at 2 o'clock at the Grenville Court Funeral Chapel, Interment at Fairview Cemetery.

O. W. Pearson, British Columbia manager of the Swift-Canadian Co., arrived in the city this morning from Vancouver, being here on one of his periodical visits to the local business.

The finance committee of the city council is considering whether a delegate should be sent to the Municipal Officers' Association convention which is to be held in Victoria June 7 and 8. A communication read at Monday night's meeting of the city council from the Department of Municipal Affairs suggested that this city council should be represented. Mayor W. M. Watts expressed the belief that in the past there had been too little representation of the city at such conventions.

To Whom It May Concern:

The Wartime Prices and Trade Board has issued an order to the effect that bananas cannot be sold by your retail grocer at a price in excess of fifteen cents (15c) per pound, regardless of his landed cost in his store. Bananas today cost thirteen cents (13c) per pound including the stalk, which will average six to seven pounds in a regular fifty pound bunch. There has been no allowance made for bruised fruit, or shrinkage. Vancouver grocers are allowed a three cent (3c) margin, which your Prince Rupert grocer was also allowed until the last price raise. But the Wartime Prices and Trade Board have decreed that fifteen cents per pound is the maximum price that any retailer in Canada may charge his customers. Thus outlying districts must either go without bananas or the retail grocers in the aforesaid districts must handle bananas at a loss.

The Prince Rupert retailers sold new potatoes last spring on a non-profit basis, but on a perishable item like bananas it is out of the question.

Until further notice the undersigned stores are discontinuing the handling of bananas:

BACK THE ATTACK

The United Nations are on the move. This may be the crucial year of attack with our boys slated to spearhead the drive into the Nazi's vitals. It's now more than ever they need your backing. They need the guns, tanks, ships, planes your money can give them. They're set to attack. Let them do it with overwhelming force. They offer their lives, you offer your money, LENDING it for Victory and all that Victory means. Yes, Canada and Canada's fighters are counting on YOU to Back the Attack with War Bonds.

Where will you stand in the VICTORY CELEBRATION?

Will you skulk on the sidelines or be one of the carefree, cheering crowd, welcoming the boys with a clear conscience knowing well you've had a stake in victory? Where you'll stand depends on what you do NOW, on how you respond to their call to Back the Attack! Back them with your dollars. Lend for Victory. Every cent you save now, every needless purchase you pass up in favor of War Bonds, puts just that much more steam behind the knockout punch our boys are all set to deliver. Lend today for Victory tomorrow!

BACK THE
ATTACK

Some can fight. Some can work. All can pay. And we have things that are worth fighting, working and paying for. So forget the pleasures of the moment; thought of a Gestapo-muzzled future makes them look pretty insignificant. Put your money into Victory Bonds instead. Back the Attack! Let your dollars buy ships, planes, guns and tanks this crucial year of the Victory Drive. That's how YOU can assure a future of Plenty and Freedom.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.
 By DOROTHY GARBUTT
 The Hostess

Once again I would like to remind all the junior hostesses about the meeting to be held in the ladies' lounge at the "Y" Thursday night. The meeting will be brief but I am very anxious that you girls make every effort to attend. Those going to the regular Thursday night dance can quite easily come to the meeting before the trucks call for them.

On Thursday afternoon the Service Wives' Club will meet in the ladies' lounge at the "Y." If any of the members have the scripts for plays for an all woman cast I wish you'd bring them along. I've an idea a-hatching as you might have guessed. It's my turn to get the club raffle this week. I shall have to tie a string around my finger to remember. By the way, because we call this club the Service Wives' Club doesn't mean that the mothers of service men aren't welcome. Anyone not connected with a local auxiliary or whose stay in town is more or less transient and who has a husband or son in the services is very welcome.

I think that the Toe H piano which we have on loan in the ladies' lounge is quite the most appreciated of all our donations. From early morning until last thing at night it goes steadily. Those whose only parlor piece is "Chopsticks" go in there to play it furtively and in secret and we have two or three really brilliant musicians who use it for serious practice work. We sadly need new music. Most of our song books seem to have disappeared or have worn to tatters with so much use.

It's pleasant to see the Veterans' Guard using our "Y" now. I have always felt there was too much of a breach between men of the last war and those of today's conflict

and I welcome this opportunity of them meeting together on common ground. So all you men of my generation come on up, we youngsters welcome you.

"GREAT WALTZ" IS HERE AGAIN

Fine Picture Returns to Capitol Theatre For One Day by Popular Demand

Patrons of the Capitol Theatre are having a treat this afternoon and evening with a repeat presentation by popular demand of the fine musical picture "The Great Waltz," which was here four years ago and is still remembered with delight by many who saw it then and are promising themselves to do so again.

The picture, it will be recalled, was based on the life story of Johann Strauss, the famous Austrian waltz king, whose part is played by Fernand Gravet with Luise Rainer as his wife and Miliza Korjus, famous opera singing star, as the other woman in his life.

The story has its setting in happiest and gayest days of Vienna during the reign of Franz Joseph. A great orchestra, chorus and ballet are among the features of the production.

The picture shows today only.

Saskatoon Couple Married In City

Miss Vivian Brooks Becomes Bride Of Sergeant C. W. Marshall

Pastor S. Amundsen officiated at the marriage in Prince Rupert Gospel Tabernacle last week of S. Vivian Brooks, youngest daughter of Mr. and Mrs. G. Brooks of Saskatoon, to Sgt. C. W. Marshall, son of Mr. and Mrs. J. E. Marshall, also of Saskatoon.

Mrs. J. E. Marshall Jr. was her sister-in-law's attendant while J. E. Marshall, R.C.N.V.R., was his brother's best man. Later Sgt. and Mrs. Marshall left for a wedding trip to Saskatoon, Sask.

HOLD HIGH THE TORCH OF FREEDOM

CANADIAN WORKERS
Speed THE TANKS

In this monstrous, fantastic war of man-made mammoths, Canadian factories are participating with increasing force. Tanks, armoured vehicles, and many other needed war machines are streaming forth to carry the fight to the foes of freedom.

Strong, loyal, skilled workers, patriotic management, twenty-four hours' continuous operation, mass production technique, and dollars dedicated to victory—these are the factors which are producing enormous quantities of great engines of war to match and overwhelm the machines of the enemy.

Manpower is the greatest factor behind the production of machine power—labour and management, shoulder to shoulder, in a struggle to out-produce the Axis.

Throughout Canada in hundreds of branches from coast to coast six thousand men and women of the Bank of Montreal are rendering war-time banking service—in Victory Loans, War Savings Certificates and Stamps, in foreign exchange control, in handling pay for the active service forces, the civil service and war-workers, in loans to industry, and in many other ways.
