Attending the anemic goat are, left to right, Dr. Ralph Havranek, Washington, D.C., and Felix, Cleves, Ohio.

## Lake Gold Assays High as \$574 Per Ton

### In Tweedsmuir Park May Surpass That of Yellowknife District

LAKE—Tellurium gold ore assaying in has been brought out by John James Lake prospector from the Sorel Lake Tweedsmuir Park, and local observers believe to develop into a strike surpassing that of the Yellowknife district.

The samples were assayed by Island Mountain Mines Ltd. at Wells, and Mining Engineer James Pike, who visited the district and staked the Fly Group adjoining.

According to local reports, transportation to the site offers no difficulties, and finance is available for heavy development.

However, it is felt here that in order to fulfill the development of the mining region, the government must inaugurate a power system reaching from the coast range to the Babine range.

Storage space for mining explosives in Burns Lake is at a premium, and prospectors and miners are having a difficult time to get sufficient powder and dynamite.

## C.P. AIRLINERS COMING HERE

W. R. (Wop) May Returning Here With View to Continuing Arrangements

To continue preliminary arrangements with a view to the possible institution by his company of an air service between Vancouver and Prince Rupert, W. R. (Wop) May, western manager of Canadian Pacific Airlines with headquarters in Edmonton, will be arriving in the city from Vancouver on the Cardena this Friday night. Both Canadian Pacific Airlines and Queen Charlotte Airlines are making application to the Air Transport Board for licences to operate scheduled air service between Vancouver and Prince Rupert.

About a month ago Mr. May was previously here making investigations with a view to the advisability of his company becoming interested in the service to Prince Rupert.

The Air Transport Board met in Vancouver earlier this week when representations were made on behalf of the Prince Rupert Chamber of Commerce in support of such a service being established.

## Strike Ends For Hotels In London

LONDON, (C)—London Hotels announced last night an agreement to recognize fully the National Union of General and Municipal Workers, thus ending a strike of restaurant and kitchen employees in a number of leading hotels, including Claridges, Park Lane and Dorchester.

## TWO HELD AFTER INFANT'S DEATH

VANCOUVER, (C)—Police are holding two men for investigation following the death of 4½ month old Lonnie Dell Markell, found dead in his crib midnight Saturday.

The child suffered a fractured skull.

## BIGGER STOCK OF SUPER BOMBERS

WASHINGTON (C)—United States has more super-size bombers today than when the war ended.

The Army Air Forces now count slightly more than 3,000 "very heavy bombardment" type aircraft, compared with 2,865 on hand when hostilities ended in August, 1945.

Only part of the total, however, is actually being flown. The remainder constitute a reserve.

## RECOMMENDING WAGE INCREASE

VANCOUVER (C)—Following up a similar move last week for copper mines, Chief Justice Gordon McG. Sloan has proposed compromise settlement terms for the gold-producing section of the British Columbia hardrock miners' strike.

Recommendations call for higher wage rates.

## THREE HELD FOR POSTAL ROBBERY

VANCOUVER—A postal money order book, negotiable and worth \$11,000, which was reported stolen from Richmond post office on October 4, has been recovered.

Three men and a woman are now in police custody. Some money order blanks had been cashed, police said.

## TWO TAG DAYS ARE GRANTED

Applications for two tag days were approved by City Council in meeting last night.

Permission was granted to the Gyro Club to hold an "Apple Day" on October 26, and to the Canadian Legion to hold Poppy Day on November 9.

## Declines to Grant Bus Franchise to Arrow Line

City Council Resents "Interference" of B.C. Public Utilities Commission

City Council's special franchise committee, which figured in a controversy with the Provincial Public Utilities Commission this year over the granting of a city bus franchise, was discharged by Council last night, but it got in a dying word in its final moments.

An application by Arrow Bus Lines Ltd. last January for an exclusive franchise to operate within the city inspired the City Council to call for tenders which closed in April.

Council favored the Black and White application, but was unable to grant the franchise because of Public Utilities Commission opposition. The commission suggested that Arrow be allowed to re-tender. Council declined to permit this.

The franchise committee, headed by Alderman Robert McKay, expressed the opinion on repeated occasions that the Public Utilities Commission should not have power to "interfere" in the granting of franchises, where the operation concerned lay entirely within the corporate limits of the city or municipality.

It recommended that an application by Arrow Bus Line Ltd. for a bus franchise be declined, a move which was accepted by City Council.

It also suggested that City Council recommend to the 1947 Council that a resolution be submitted to the Union of B.C. Municipalities urging that municipal councils be given authority, subject to the approval of the electorate, to allocate bus franchises where the operation concerned is entirely within municipal limits.

RESENTS INTERFERENCE  
This recommendation also urged that the letting of a franchise should be without interference from the Public Utilities Commission, the government body which scotched the City Council's original plan to allocate a franchise to the now defunct Black and White Bus Co.

## GOERING CHEATS GALLOWS AT LAST MINUTE BY SWALLOWING POISON

Ten Other Nazi Ringleaders Pay Penalty For Their War Crimes

NUERNBERG (CP)—Ten condemned Nazi ringleaders died on the gallows at Nuernberg jail yard gymnasium early Wednesday (Tuesday, P.S.T. Time) but Hermann Goering, Hitler's No. 2 man, cheated the noose by swallowing poison in his cell before the death sentence was read to him.

## Boosting Truck Freight Rates

VANCOUVER, (CP)—Freight rates for all produce carried by truck or other vehicles will be increased 16 per cent.

## POLICE COSTS MAY INCREASE

Prince Rupert's police costs are going to take a jump upward, if a new contract sought by the British Columbia Provincial Police becomes effective after the termination of the present contract on December 31.

City Council last night was advised in a letter from Provincial Police Commissioner T. W. S. Parsons that the present contract does not "fairly" meet the new salary scales paid to members of the provincial force. The letter intimated that the new contract would increase the police cost of the community.

The increase, it was indicated, will be generally effective in other communities which are protected by the provincial force.

At present, Prince Rupert's contract with the provincial police force calls for payment by the city of about \$18,000 a year for police protection. The contract has been in effect since 1943.

Council moved to request the police commissioner that the new contract be deferred until 90 days after the publication of the Goldenberg Commission report, to determine what recommendations the provincial-municipal commission might have in regard to municipal payment of police costs.

## SHIP TIE-UP HALTING FISH DELIVERY HERE

SEATTLE (C)—Burt L. Nelson, chairman of the north-west committee of the Maritime Unity (C.I.O.), said here that refrigerator ships that carried relief cargoes from Seattle to Alaska for the army will not be allowed to load frozen fish in southeastern Alaska for Prince Rupert.

Loading of the frozen fish for the Canadian port has been the usual assignment of south-bound ships after making emergency shipments to Alaska.

## SPEED JUNKING OF ALL CONTROLS

WASHINGTON (C)—The United States government reportedly drafted today an order to speed the junking of wage controls.

Simultaneously, O.P.A. and the federal Department of Agriculture "seriously considered" wiping out price ceilings on all food items.

Most observers, however, think the rent controls will be maintained.

## Will Scatter Ashes Of Gen. Joe Stilwell Over Pacific Waters

SAN FRANCISCO—Ashes of General Joseph W. (Vinegar Joe) Stilwell, late commander of the U. S. Sixth Army, will be scattered over the waters of the Pacific from a B-29 plane Friday as the entire nation pays tribute to a veteran soldier of two world wars.

General Stilwell succumbed to sickness resulting from ordeals he underwent in the heavy Burma campaigns.

## VOTE FOR B.C. HINDUS SOUGHT

VANCOUVER (C)—Dr. D. P. Pandia, unofficial representative of the Indian Congress Party, said in an interview here that he will go to Victoria next week to meet Premier John Hart and cabinet members to seek the hitherto withheld franchise to B.C. Hindus.

There are some 1,400 Hindus in B.C.

The question was debated last year in the Provincial Legislature, with Harry G. Perry, then minister of education and head of the Provincial Post-War Rehabilitation and Reconstruction Bureau, advocating the granting of a vote to the Hindus.

## Good Wishes For Maiden Voyage

MONTREAL—On the occasion of the maiden voyage of the Queen Elizabeth in trans-Atlantic passenger service, which will start from Southampton today, R. C. Vaughan, C.M.G., chairman and president, Canadian National Railways, has cabled felicitations and good wishes on behalf of the personnel of the National system to Sir Percy Bates, C.B.E., chairman of the Cunard-White Star Line, Liverpool.

## A.F.L. President Honored By King

CHICAGO—William Green, president of the American Federation of Labor, has been made a Commander of the British Empire by King George VI.

## Cordell Hull Now Out of Danger

WASHINGTON—Cordell Hull, former U. S. Secretary of State, who suffered a stroke September 30, is now out of danger, it was officially reported here.

## Undisclosed Graves For Executed Nazis

No Arrests Immediately Contemplated in Connection With Poisoning

NUERNBERG (CP)—Two sealed vans left Nuernberg Prison under armed guard today carrying bodies of the dead Nazi war criminals to an undisclosed destination and a board was appointed to investigate the suicide by poisoning of Hermann Goering.

Where the bodies of the executed Germans were taken will remain a secret.

They went to nameless graves somewhere, and part of the journey was made by plane, it is surmised.

A public relations officer said no arrests had been made and "none are presently contemplated" in connection with Goering's suicide.

Asked if this included Emmy Goering, who visited her husband last week, the officer simply repeated his statement.

## ABBOTT NOT COMING HERE

Canada's minister of national defence, Hon. Douglas Abbott, will not visit Prince Rupert in the course of a western tour planned in the immediate future.

The minister's inability to include this city in his itinerary was revealed in a telegram received by Mayor H. M. Daggett this morning in response to his invitation issued to Mr. Abbott by wire on Sunday.

"I am sorry that he will be unable to come," Mayor Daggett said this morning. "We certainly would like to have a talk with him regarding the Walsh report on compensation by the federal government for damage done to the city's streets by the military during the war."

The city is claiming \$244,000 in compensation as a result of wartime havoc wrought by military vehicles to the city streets. Decision of the government following the visit of an investigating committee under Brig. Walsh last November has not yet been handed down by the government.

## CITY TO SEEK PIONEERS' HOME ASSISTANCE

A request will be lodged with the provincial government by City Council for assistance in construction of Prince Rupert's Pioneer Home.

The building, now under construction in Westview, is expected to cost in the neighborhood of \$22,000 which, it was originally hoped, could be raised by public subscription within the city.

The city's Pioneer Home fund stands at about \$14,000. However, no specific sum will be requested by council.

## THE WEATHER Forecast

Prince Rupert, Queen Charlottes and North Coast—Cloudy with widely scattered rain showers today and Thursday. North-easterly winds 10 m.p.h. today becoming southerly 15 m.p.h. by Thursday. Little change in temperature. Minimum temperatures tonight—Port Hardy, 40; Massett, 40; Prince Rupert, 40; Maxiums Thursday—Port Hardy, 52; Massett, 55; Prince Rupert, 56.

SUNFLOWER RATION  
Soldiers of Czarist Russia used to be given a bag of 2 1-5 pounds of sunflower seed a day as an iron ration.

G. A. Hunter returned to the city this morning on the Prince Rupert from a three weeks' trip to Montreal, Toronto, Buffalo, Winnipeg and Vancouver. He attended the Gyro International convention at Buffalo and the Canadian Chamber of Commerce at Winnipeg. At Vancouver he presented a brief to the Air Transport Board in support of a scheduled air service between Vancouver and Prince Rupert.

**PROSPECTS OF WAR**

**WAR IN EUROPE** by Christmas! That is the spectre that today presents itself to a war-weary and scared Europe.

Ross Munro, who gained world-wide reputation for his factual war reporting for The Canadian Press, does not overplay his stories but merely lets the facts speak for themselves. What they say today are alarming.

The split between Russia and her newly-acquired satellites and the Western Nations is serious indeed. It is not a thing of the moment. This breach has been widening ever since the Peace Conference gathered.

There are optimists, however, who believe the war clouds will be blown away with stable settlements of all problems.

Marshal Stalin recently declared his desire for continued peace, which he said was strongly desired by all nations.

Surely the statesmen of the world are not blind to the chaos and suffering throughout the world. War, they have proclaimed, is no solution for either the victor or the vanquished. Let them not forget this truth.

Surely just settlements can be reached by all nations. The little man hopes and prays that our statesmen will rise to Olympian heights and forestall another catastrophe.

A ray of hope shone today with the announcement from Moscow that Soviet Finance Minister Zverev had recommended a reduction of \$11,095,000 in Russia's defence budget for the next fiscal year.

Surely a nation planning war does not consider such a step.

Daisies now have given place To purple asters, Queen Anne's lace, And soon, to mingle with the gold Of grasses, sumac will unfold Its crimson, vying with the trees Of scarlet; yet the least of these Autumnal colors must depart To leave a space within the heart For winter flowering, soft and slow, Of starry blossoms of the snow.

—S. J. ANNA SOLUM.

**IMPORTANT! VITAL!**

**SUBJECT:** Death of a Government Employee. To All Employees: (This also applies to War Assets Corporation).

It has been brought to our attention that many of our employees are dying and refusing to fall over after they are dead. This must stop!

On and after the first day of July, 1946, any employee found sitting up after he is dead will be dropped from the payroll at once (i.e. within 90 days). Where it can be proved that the employee is being supported by a broom or other piece of property marked "Canadian Government" an additional 90 days will be granted. The following procedure will be strictly adhered to:

If after several days it is noticed that a worker had not moved or changed his position, the Supervisor will investigate. Because of the highly sensitive nature of Government employees, and the close resemblance between death and their working attitude, the investigation is to be made quietly so as not to disturb the employee if he is only sleeping. If some doubt exists as to the true condition of the employee, extending a Government cheque is the final test; if the employee does not reach for it immediately, it may be reasonably assumed that he is dead. In some extreme cases, the instinct is so strongly developed that a spasmodic clutch or reflex may be encountered. Do not let this fool you.

In all cases a sworn statement must be filled out by the deceased (Form 44127). Fifteen copies will be made—three copies to be given to the deceased and destroy the rest.

Form No. 22 (Application for Permanent Leave) must also be filled out immediately by the employee. Be sure to include the correct information, especially the forwarding address. If he cannot write, his signature must be witnessed by two other employees, preferably alive.

To close, push body aside, making room for the next incumbent.

By Order Rigor Mortis, Actg. Deputy Minister of Births, Death and Mirages.

(From B.C. Digest)

In times past the Chamber of Commerce has wandered in many fields of daisies, but has never strayed too far from its basic purpose, which is by concerted action, to achieve community objectives that are too extensive for individuals working singly. —Neil M. Clark.

**As Others See It . . .**

Printing books by "mental cases" isn't new. The only difference is that previous authors didn't admit being that way.

A scientist says there is no way to stop the chain reaction of atoms once it starts. For that matter, you can't stop the explosion of any bomb after it starts.

Democracy can't work right until we outgrow the idea that one man can pull himself up only by pulling others down.

A woman is content if she knows she is beloved, well-dressed and pretty; a man is content if he feels successful.

Somewhere there may be a lucky man who owns a goose that lays golden eggs. But we all know that most of us can't depend on such fairy-tale good fortune. We have to *earn* our money.

**And Save It!**

That's why Canada Savings Bonds have been created—because in a recent survey, \*82% of those interviewed said they wanted to carry on the habit of saving they learned through buying Victory Bonds and War Savings Certificates—which will not be issued again.

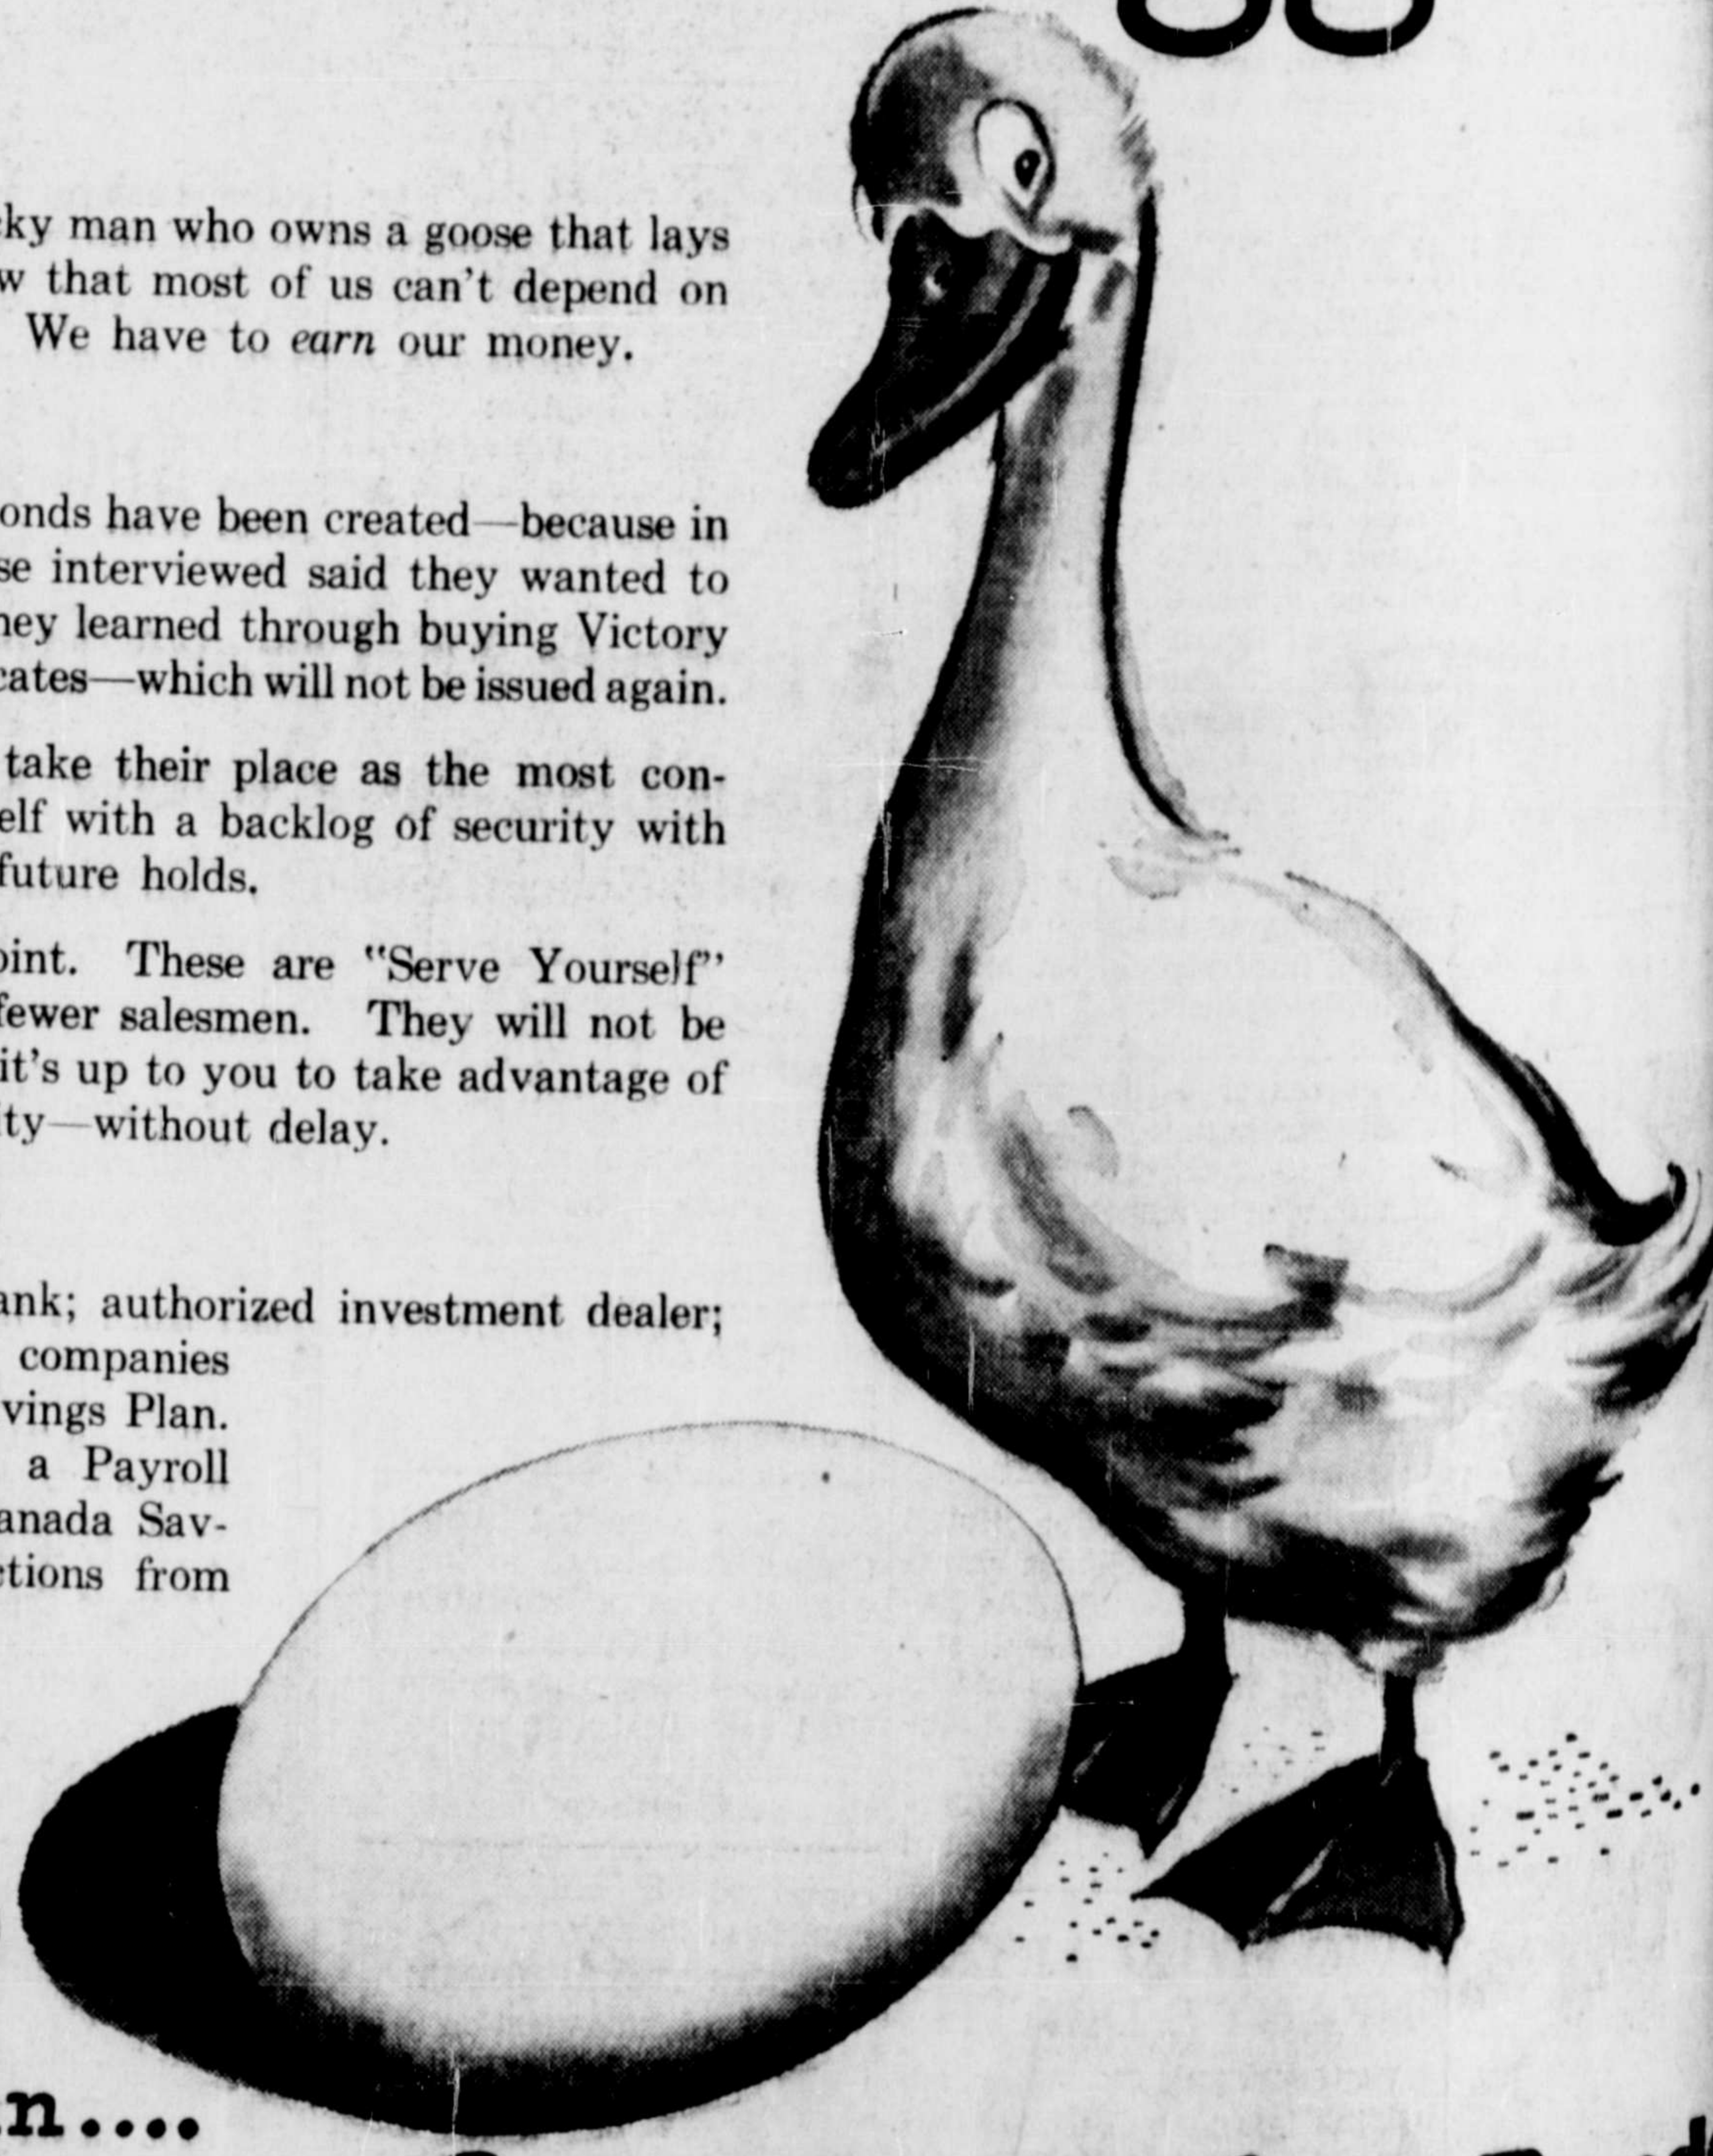

Canada Savings Bonds now take their place as the most convenient way to provide yourself with a backlog of security with which to meet whatever the future holds.

But please remember this point. These are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay.

**How to Buy**

You can buy them at any bank; authorized investment dealer; stock broker; trust or loan companies for cash or by the Monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

MARY SKOG, IVOR WAHL ARE UNITED

Members of two well known district families were principals of an attractive wedding in St. Paul's Lutheran Church Saturday evening when Miss Mary Skog, eldest daughter of Mr. and Mrs. Olof Skog, Hays Cove Circle, became the bride of Ivor Wahl, second son of Edward Wahl and the late Mrs. Hilder Wahl of Digby Island. Rev. M. Aalen performed the ceremony.

Entering the church on the arm of her father to the strains of the Lohengrin Wedding March, played by Peter Lien, the bride looked lovely in an ivory satin gown of long, torso design. She wore a long veil gathered in a halo coronet, and carried a bouquet of roses and carnations.

Bridesmaids were Miss Evelyn Skog, sister of the bride, and Miss Ruth Giske. Miss Skog wore a gown of blue taffeta with lace insertions, with a spray of pink carnations gathered at the crown of her head with a pink ribbon. She carried a bouquet of pink carnations.

Miss Giske wore a gown of pink taffeta with lace insertion and she also wore a spray of blue and yellow carnations gathered with blue taffeta ribbon in her hair.

Groomsman was Ernest Wahl, brother of the bridegroom. John Wick and Pete Petersen were ushers.

During the signing of the register, Mrs. Ole Skog sang "Because."

A reception followed the ceremony in the Oddfellows Hall, tastefully decorated. About 75 friends and relatives gathered to extend their good wishes to the newly married couple. The guests were received by the bride's mother, wearing a dress of pale blue with fuchsia accessories.

The bride's table was attractively set with lace cloth. Toastmaster was Peter Lien. Toast to the bride was proposed by George Hill, and the bridegroom responded. Toast to the bridesmaids was proposed by John Husich, while Peter Lien proposed a toast to the matron of honor. Rev. Mr. Aalen made a few suitable remarks. The bride's attendants each were presented with lovely pendants by the bride.

Telegrams of congratulation, received from the bride's grandparents and other relatives in Norway, were read by Peter Lien. The guests sat down to a tasty

cold-plate supper served by Mrs. Alfred Hendrickson, Mrs. Kurt Carlson and Mrs. Henry Jackson. The tables were later cleared and dancing was begun to music by Chriss Fossum, Raye Fossum and Fritz Boglo.

Mr. and Mrs. Wahl sailed on the Princess Adelaide Monday night on a honeymoon trip to Vancouver and other southern points, after which they plan to take up residence on Digby Island.

The bride was formerly employed by Kaien Consumers' Co-operative, and the bridegroom is employed at his father's boat yard on Digby Island.

SALE OF HALLOWE'EN SHELLOUT TICKETS BEGUN BY CHILDREN

Sale of penny Kinsmen Halloween shellout tickets by city children has begun.

Proceeds of the sale will be used by the local service club for welfare work, such as providing a boys' summer camp at Lakelse Lake.

Prime objective of the Halloween shellout is to engage the interests of the children and entertain them on the night when

goblin and witches are supposed to roam abroad.

At each of three bonfires, prizes will be awarded to children who have sold and collected most shellout tickets. There will be three first prizes of \$15 in cash, three second prizes of \$10, three third prizes of Meccano sets, and three fourth prizes of fountain pens.

LOCATION OF FIRES  
Robert Moore, chairman of the Kinsmen's shellout committee, announced today that locations of the bonfires would be: 1. Near Conrad Street; 2. Near Park Avenue; 3. Near Totem Park.

At each park children will be given weiners, buns and apples. Entertainment will be provided and a clown will be on hand.

SKIN SWALLOWER

HIS AVERAGE OF BETTER THAN 85 POINTS PER SEASON OVER A 5 YEAR SPAN IS ONE OF THE BEST IN HOCKEY HISTORY

Tommy BURLINGTON

—HIGH SCORING SENSATION OF THE AMERICAN HOCKEY LEAGUE WHO WILL WIELD HIS POTENT STICK FOR THE PROVIDENCE REDS THIS SEASON

HE TALLIED 131 POINTS DURING '41-'42 WITH ATLANTIC CITY AND 297 IN FOUR SEASONS WITH THE CLEVELAND BARONS

HE NETTED THE RUBBER IN 24 STRAIGHT GAMES LAST YEAR—A LEAGUE RECORD

ALWAYS ON THE GO THAT'S ME

Hockey  
BURLINGTON IS HOPE OF PROVIDENCE

The Providence Reds of the American Hockey League are counting heavily on the potent blade of tough Tommy Burlington, ace centre, to win many close contests for them this season.

Burlington, one of the most prolific scorers in hockey today, was a member of the Cleveland Barons for the past four seasons. During that time he played in 223 games and tallied 297 points for an average of 74 points per season. In the 35 play-off games in which he took part for the Barons he was credited with 41 points for 1.10 points per game, a remarkable record in championship play.

Tommy played for the Atlantic City Sea Gulls in the strong Amateur Hockey League in 1941-42 and wound up at the top of the scoring parade with 131 points (a league record). He turned professional with Cleveland the next season and became a star overnight. The following campaign (1943-44) he really hit his stride and led the American League with 85 points in 52 games.

Cleveland, to introduce new faces in its lineup, traded Burlington along with Russ Brayshaw to the Reds for Roger Gagne and Jack Lavoie in one of the most important deals to take place in some time.

Tommy was born in Mount Dennis, Ontario, August 8, 1920. He stands 5 feet 10 inches and weighs 165 pounds.

PITCH ME A LOW UNDERHAND BALL

Delivery of the baseball from pitcher to batter has undergone more changes of rules than any other phase of the game, according to the Encyclopedia Americana.

The pitcher once stood only 45 feet from home plate, and underhand pitching was required. Once he was permitted a short run in delivering the ball. Once he could use the spitball, emery ball, or use liquorice to discolor its surface.

In 1863, the pitcher operated from an area twelve by four feet, and couldn't take a step in delivering the ball, both feet remaining on the ground. Four years later, the box was made six by six and he could move about as he pleased. The batter, however, could call for a high or low ball.

Facing Batter

In 1879, for the first time, the pitcher was compelled to face the batter before delivery. Size

of the pitcher's box went through a variety of changes, says the Americana, before being abolished in 1893 in favor of the present slab.

Other changes: home plate has been variously iron, white marble, rubber and canvas. Called balls entitling a player to walk has varied from nine to the present four. At first, 21 acres or runs made a game regardless of the number of hands or innings, but each team had to play an equal number of hands. The nine inning division came in 1857.

## 20TH WEDDING ANNIVERSARY IS CELEBRATED

STEWART—Mr. and Mrs. McLeod celebrated their twentieth wedding anniversary at their home on Seventh Street. Many friends presented them with China anniversary gifts.

Native trappers took advantage of good flying weather to leave for their trappings at Bowser Lake this week. The baby daughter of George Brown began to cry during one flight and the dogs took it as a signal to fight. It was some minutes before peace was restored.

Owen McFadden is continuing to pack supplies to the Big Four property, where preparations are being made for the winter. A pack train of 16 horses has been on the go every day since September.

## NO CHICKEN BUT PLENTY OF FIRE FOR HUNGRY BEAR

STEWART—His taste for chicken and a woman's courage proved the undoing for a bear. Hearing noises in the poultry yard, Mrs. Edith Behnsen investigated and found a bear chasing chickens around the yard. Running back to the house, Mrs. Behnsen picked up her husband's rifle, loaded it and dashed to the porch. From there she fired twice into the animal. Badly wounded the bear lumbered toward her. The ammunition expended, Mrs. Behnsen picked up a shotgun and blasted the animal in the leg, and as it turned and retreated into the bush she fired into its back.

## The Experts Say - -

By KAY REX  
Canadian Press Staff Writer

Whisk the family out of the kitchen today and dig into that mountain of fresh vegetables waiting to be turned into relishes and chutneys for your winter dinner-table.

And what if your supply of sugar coupons has become low. Honey does wonders for sweetening pickles, either when used with 50 per cent sugar, or alone. The stronger flavors of the dark honeys add extra spiciness to relishes.

Just in case you're new at this pickling game, or haven't done any in a long time, here are a few general directions which, if followed, will guarantee good results:

1. Use fresh vegetables for pickling.
2. Use the best vinegar. Cider vinegar has the best flavor, but white (spirit) vinegar gives better color. Blended vinegar combines the flavor and color of the vinegars.
3. Soak in brine to draw out water and make pickles firmer. Salt also checks spoiling. For brine, the best proportion is one cup of salt to two quarts of boiling water.
4. For crisp pickles, scald slightly but never cook.
5. Keep pickles airtight in sterilized jars. If pickles are

kept in crocks, they should be well covered with vinegar solution to prevent moulding. A plate or wooden board (cut to shape of crock) should be placed on top of pickles and weighed down with a clean stone or weight.

### Tomato Recipe

If tomatoes are your strong point this season, here's a two-in-one recipe for both chili sauce and cocktail.

The ingredients: 18 large tomatoes, two onions, one small head celery, four tablespoons sugar, three sweet red peppers, three sweet green peppers, two tablespoons salt, half a cup of vinegar.

Boil all together 20 minutes, then turn into a colander. Strain without stirring. Return juice to kettle and boil five minutes. To the solid pulp add one cup vinegar and a small piece of ginger, eight cloves and one stick cinnamon (spices in muslin rag). Boil until thick. Pour into hot jars. Seal.

Yield: about three pints chili sauce and three pints juice.

Home gardeners have produced such tremendous quantities of vegetables this year they'll find it impossible to can them all and the family cold

## I.O.D.E. TEA FOR WAR BRIDES

Almost 30 of Prince Rupert's overseas war brides will be officially welcomed by the Imperial Order Daughters of the Empire at a tea in the Civic Centre Thursday afternoon.

According to Municipal Chapter Regent Mrs. D. C. Stuart, 27 invitations have been sent out and efforts are being made to contact as many more of the overseas brides as are in the city. "We have tried to get in touch with every one of them, but there is a chance that there may have been some overlooked," Mrs. Stuart said. "We want to make them all to feel welcome at the tea."

Mrs. Stuart said the I.O.D.E. had contacted a number of other war brides, but had learned that they no longer lived in the city.

### TEMPERATE ZONE

Puerto Rico has an average temperature of 73 degrees in winter and 79 in summer.

storage locker will become more popular than ever.

Root vegetables, squash, pumpkins, onions, cabbage and celery, require special care in storing and the temperature and humidity must be just right. All vegetables selected for storage should be fully mature and of good quality; they should be dry and clean since moisture increases decay.
