DECISION IN PRIVY APPEAL IS RESERVED

LONDON (CP)—Arguments for and against the Dominion government's proposal to abolish the right of appeals from Canada to the judicial committee of the Privy Council ended Friday before seven law lords of the Privy Council. The presiding judge, Lord Jowitt, announced judgment reserved. Manitoba and New Brunswick supported the Dominion government, British Columbia and Ontario opposed.

WINDSOR RETRACES JEWEL THIEVES' TRAIL—The Duke of Windsor pointing out for his attorney, a Mr. Allen, the window at Ednam Lodge in Sunningdale, England, through which thieves entered the mansion to make off with an estimated \$100,000 jewels belonging to the duchess. Scotland Yard has issued orders that every known jewel thief be rounded up in a London-wide manhunt.

CHARGE JAPS WITH TORTURE OF CANADIANS IN WAR CAMPS

Four Former Prison Officials On Trial for Maltreatment of at Least 69 Canadians YOKOHAMA (CP)—Four Japanese charged with contributing to the deaths of at least 69 Canadian prisoners of war are on trial before a United States army military commission.

The four defendants are also charged with beating, torturing and abusing a number of American prisoners.

Heading the four accused is Masato Yoshida, formerly a first lieutenant in the Japanese army, charged with contributing to the deaths of Canadians and with mistreating others.

The brutality alleged to have been inflicted on prisoners under his control earned Yoshida the reputation of being one of the most hard-boiled of all Japanese camp commanders. According to the record, the crimes of which he is accused took place from August, 1943, to February, 1944.

During that time, there were 69 deaths resulting from neglect of sick and injured and maltreatment of others. There were several other deaths shortly after Yoshida's departure, for which he is also being held responsible.

It is charged that Yoshida compelled Canadian prisoners to be quartered in a hut unsafe for human habitation, which collapsed on or about January 1, 1944, causing the death of eight Canadians and injury to numerous others.

Specifications state that Yoshida also lined up a number of Allied prisoners and urinated upon them; that he tortured one Canadian by holding a shovel full of red-hot coals within a few inches of his chin; and that he compelled two other prisoners to walk to and from the camp to the Rinko coal docks in their bare feet, which contributed to their deaths.

On trial with Yoshida are Takeo Takahashi, former medical orderly at Yoshida's camp; Katsuyasu Sato, former guard at the camp, and Hyolchi Okuda, medical orderly in the Japanese army at the same camp.

WERE REFUSED MEDICAL AID

Takahashi, it is alleged, not only refused medical attention to Allied prisoners of war, but forced the sick, weak and under-nourished to do hard labor, as a result of which numerous prisoners died of disease or were permanently disabled. It is also

Are Admitted to United Nations

NEW YORK—Sweden, Afghanistan and Iceland are being admitted to membership in the United Nations. Applications of five other nations have been rejected including Albania, Outer Mongolia, TransJordan and Eire.

ROUGH WEATHER HAMPERS SEARCH

Search for the body of John Balfour, drowned in Chatham Sound near Port Edward last Thursday morning, has been halted since Friday by rough weather which has been constant since that time. Balfour was drowned when the boat in which he and Victor Dell were riding became disabled. Balfour succumbed when he tried to swim ashore after clinging to the boat for several hours. Dell managed to swim to shore.

Captain of H.M.S. Leander Says Officers Were Carried Away By Imaginations

TRIESTE—The commander of H.M.S. Leander has officially denied the report that his ship was fired upon by Albanian shore guns. The report was due, the captain said, to officers' allowing their imaginations to run away with them.

EARTH TREMORS FELT IN ALASKA

LONDON (CP)—Fresh tremors recorded by the Isle of Wight seismological station last night followed Saturday's reports of an earthquake centred in north Burma or Bengal. Tremors shook towns in Russian Turkestan and the Indian province of Bihar. Earlier the Moscow radio said that Tashkent, capital of the Uzbek Soviet Republic a city of 585,000, had felt a "considerable" earthquake.

Prowlers Enter Food Warehouse

Entry into the McMeekin Brokerage warehouse on Third Avenue East was gained by prowlers last night but no appreciable loss was indicated by a survey this morning. The prowlers were believed to have entered through a side door which was found unattended.

MISSING MEN TURN UP SAFE

WHITECOURT, Alta. (CP)—Two bush workers—Jim Chappell, 25, Vancouver, and Alfred Schram, 15, Edmonton—missing in the sparsely settled Freeman River district for a week, walked into this northern Alberta town Sunday. They had been the object of a widespread aerial and ground search. The pair stayed only a short time here and gave no explanation as to why they had left a lumber camp and travelled through the wilderness.

THE WEATHER

Synopsis A combination of high barometric pressures and a dry southerly flow of air is bringing clear skies this morning to Vancouver Island, the lower mainland and the interior. The north coast is covered by clouds from a storm 350 miles to the west with southerly winds in excess of 30 m.p.h. over waters adjacent to the Queen Charlotte Islands. Lowest temperature reported in British Columbia during the night was 16 degrees at Cranbrook whereas Massett reported a minimum of 48 degrees, some 10 degrees above normal for November. Atmospheric conditions are expected to remain stable over the province today and Tuesday with little change in weather over the various regions.

Forecast

ARAB-JEW CLASH

JERUSALEM—Two Jews and two Arabs were killed Sunday in a battle between Jews and Arabs in the Lake Hula district north of the Sea of Galilee. It was the first multiple deaths in a clash between the two rival Holy Land communities since the bloody Arab uprising of the late 1930's.

Letters to the Editor

WHO IS TO BLAME?

Editor, Daily News:
Congratulations on your editorial page of Tuesday last. Your editorial "A New Rupert Policy" shows a very commendable change in your own policy and, if adopted by the people in Prince Rupert, should bring about results that will, to say the least, startle you.

Right next to the editorial, on the same page, same issue, is a letter signed by Cecil D. Traxler. You are certainly to be congratulated, Mr. Editor, for publishing a letter that raps the only people that are to blame for Prince Rupert's plight, viz: the people of Prince Rupert. I quote from Mr. Traxler: "I blame the people who are too lazy..."

For my part, I paid a visit to Prince Rupert last summer. My home in Smithers is in a fresh water fisherman's paradise. I wanted to do some salt water fishing in Prince Rupert but there was not a boat of any kind or description to be hired, that I or my host could find, on the entire waterfront of the City of Prince Rupert. You have one attraction for tourists, namely some exceptionally good salt water fishing in the harbor. Who is to blame for not developing it? Hart, Hsley or the people of Prince Rupert? Remember, my dear Editor, from the time an auto tourist leaves Ashcroft until he crosses the bridge to Kaien Island, he is in the fresh water fishermen's paradise of the world. By the time he gets to Rupert he is getting fed up with a fly rod and would like to catch himself a red snapper or a codfish and get a few tanglefuls of good salt air. Who is to blame because he cannot get it? Vaughn or Mackenzie King? I, and my host, were actually chased off public docks because we had a fishpole. Why elaborate further?
F. W. POWERS,
Smithers.

THE NEXT TARGET

The report in Saturday's issue of the News to the effect that Bulkley Valley Coal Mines Ltd. had closed down because of government refusal to grant a joint labor-management request for permission to pay higher wages came as a shock to one who had just returned from a pleasant two weeks' holiday in Prince Rupert's hinterland.

While in Telkwa I was very much impressed with the progress made in that little community. Although not quite as large as its sisters, Terrace and Burns Lake, the progress in Telkwa was most marked. A spirit of healthy optimism and faith in the future of their community seemed to be evident in everyone talked to.

Unfortunately such feeling is all too scarce in this part of our province. It seems to me rather inconsistent on the part of the government to tell the people in B.C. to expect a coal shortage this winter and at the same time to refuse to allow mine operators to pay a decent wage to their miners and so force mines to discontinue operations.

It is to be hoped that protest by the various Chambers of Commerce and Boards of Trade will have the desired effect. If not, a mass protest by all organized bodies in the north would seem to be called for.

We in Prince Rupert have seen something of government stupidity and callousness in its dealings relative to one late lamented shipyard. Since they have succeeded in killing one dry dock they seem to have picked on the Bulkley Valley Mines as their next target.

It would seem to be time to wake up, to tell our fine weather friends in office chairs somewhere in the East that we have had enough of their "Alice in Wonderland" economic policies."
ERIC FAURE.

DRY DOCK

Editor, Daily News:
We noticed in your issue of October 24 reporting your interview with Bernard Allen re the steamer Prince Rupert going south for repairs that there were more than one factor considered in the decision.

First there was the element and, as was explained to the Chamber of Commerce executive meeting, the Rupert yard does not carry a staff large enough to carry the job through with the necessary dispatch, and cannot be expected to do so until such time as we have a volume of shipping through our port.

We have often laughed at the letters and wires that official and other bodies were sending to get "some of the shipbuilding" and expressed the opinion that, with the prevailing habits of waste and inefficiency, the chances of getting competitive work were exactly nil. We have heard many others, who were intimately acquainted with the yard, express similar opinions. The idea that you can slice the "government melon" as deeply as you like with impunity seems to be a mistake. "As a man soweth so shall he also reap."

We were very glad to see that the light had begun to dawn in your editorial, "A New Rupert Policy" on the 29th. You say "Maybe it is time for Prince Rupert to change its foreign policy and try making friends rather than belaboring those who may be enemies only in our own delusion." Bravo!
JOS. E. STONE.

ENDORSES MAYOR

Editor, Daily News:
Having listened to our mayor's courageous speech, in which he honestly faces the emergency that exists and nobly proclaims what he believes to be the solution, we wish to commend him most heartedly on his stand and the sounding forth of the near truth. We note that he recommends "Churchianity" and asks frankly, for something "better." We therefore hasten to urge "Christianity."

"The fear of the Lord is the beginning of wisdom." "Thy Word is a lamp unto my feet and a light unto my path." "Wherewith shall a young man cleanse his way? By taking heed thereto according to thy Word." "All Scripture is given by inspiration of God, and is profitable, for reproof, correction, instruction unto every good work." Scriptures are able to make thee wise unto salvation which is in Jesus Christ our Lord. "My word shall never pass away." Any church that so teaches is a safe guide, for "The

THE MAYOR can deliver all the fireside chats he wants to appealing to the parents, the young people and the Hoodlums against out-of-bounds Halloween activities. The Daily News and many others have been making appeals for years along these lines to the honor and good sense of the young folks and the others but, evidently, there will always be some who want to spoil the fun for the most by sneaking around and having a perverted good time for themselves at the expense and embarrassment of others.

The only thing now is to catch some of the culprits and deliberately make an example of them. For years now the schools have been victims of window breakings on a large scale at Halloween. It should be a fairly easy police job to organize a little detective work and catch red-handed the perpetrators of such acts as breaking ninety panes of glass in a single school.

Drastic action is required now and will be more effective than moralizations by the mayor, the Daily News or any one else. The people who do the wanton acts know it is wrong and repeatedly telling them so, apparently, only makes the game more interesting for them.

Nor does it seem likely that lecturing parents who either do not or cannot keep the children for whom they are responsible in check is going to help very much.

The time has come to get tough with more action and less talk.

A FRANK C.C.F.ER

THE C.C.F. member for Omineca is to be congratulated on his frankness. Mr. Rowland, in speaking of the futility of his representation at Victoria before a meeting at Omineca's principal town of Vanderhoof recently, admitted that he had not accomplished much. He is reported in the Vanderhoof Chronicle to have said:

"A private member has little opportunity. We have the opportunity to speak on the King's speech and the budget. The members spoke chiefly on roads. I said I was sure the roads in Omineca were worse than anywhere else in British Columbia. Other members thought the same. I spoke on the bridge across the river at Vanderhoof. Regardless of party, if I can be of assistance please drop me a line and I will do the best I can on your behalf."

If some of the other members, although more voluble, were as honest as Mr. Rowland about their failure in getting things done for the people who send them to Parliament, it would be easier for those electors to decide what should be done about it.

And, even if he does not think so himself, Mr. Rowland may be getting as much done for his riding as some other members are. The trouble is that electors sometimes do not size up the abilities or the possibilities of those who represent them or who essay to represent them to get things done. Of course, a lot of the members are good on political philosophizing which wins votes of those who do not figure things out even if it does not bring home the desired bacon.

LABOR PARTY GAINS

THERE IS NO DENYING but that Socialism is still on the march in Britain. The municipal elections at the end of the week, as a result of which the Labor Party won strength in the cities and the boroughs comparative with that which they enjoy in Parliament, was an evidence of that. The fact that the national government is giving the people of Britain—or at least a goodly number of them—what they want and reasonably good and sound government besides is helping the party in all fields. The Labor Party of Britain is, notwithstanding, giving government and administration which any other party could give if it resolved to do so. In fact, other parties might do even better—if they would.

QUESTION OF DAIREN

TAKING OVER by the Chinese from the Russians of control and administration of the now open port of Dairen, now becoming the centre of warfare as it has so often in the past been, is an interesting development. It is hardly to be imagined, however, that the Soviet would give up its control to any Chinese element that would be inimical to it or the communists.

What happens to Dairen may determine the whole course of events of civil war in China which daily has been assuming a more menacing threat of international complications in the Far East.

KEEP COAL MOVING

IF THE FACTS of the case as we are informed here are correct, there seems to be some so far unexplained inconsistency which has led to the closing down by the management of the Bulkley Valley Collieries at Telkwa. Information received here led the Prince Rupert Chamber of Commerce to make representations in support of similar representations already made by the Smithers and District Board of Trade, asking reconsideration of refusal of the War Labor Board to approve an increase in wages for the miners at Telkwa, an increase said to be similar to that already granted in other mines.

The importance of nothing being done which would interfere with an orderly production and distribution of coal at this time when even the government itself is urging consumers to stock up against the possibility of a shortage during the approaching winter is obvious.

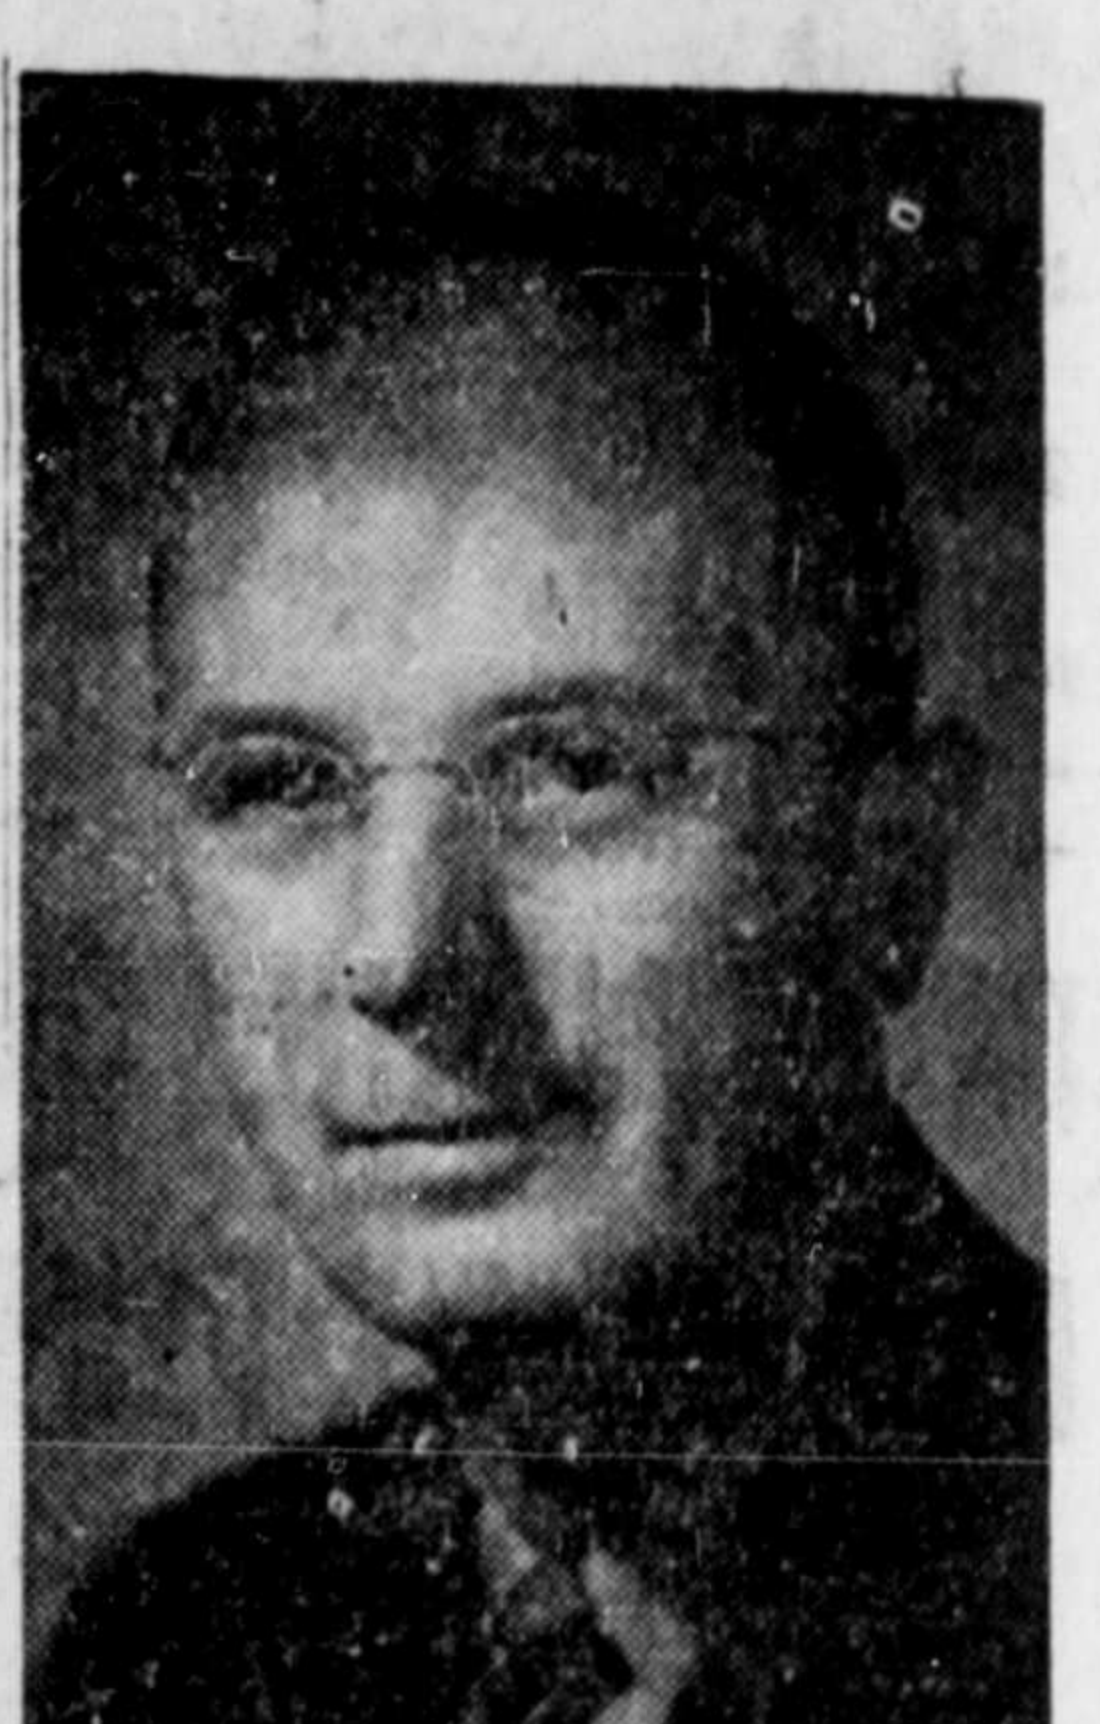

Possibly, a mistake has been made which will soon be rectified. Meantime, it is a pity that a source of coal supply which has been patiently and persistently developed through the years and upon which industrial and domestic consumers in the area have come to rely should be interrupted at such a time as this. It is to be hoped that the matter will be straightened out with a minimum of delay.

Trygve Lie, Secretary-General of the United Nations, recently stated: "The free exchange of ideas and facts between the peoples and nations of the world, is the very life blood of the United Nations."

ROYAL BANK CHANGES

The Royal Bank of Canada announces the retirement of J. G. Nickerson, manager of its Edmonton office since 1939. Mr. Nickerson is well known in Western Canada, having held important posts with the bank in Calgary, Regina and Vancouver. In the King's Dominion Day Honors List this year Mr. Nickerson was awarded the M.B.E. for outstanding public service during the war.

The Royal Bank of Canada announces the appointment of W. Hyndman as manager of Edmonton branch, succeeding J. G. Nickerson who is retiring. Mr. Hyndman was assistant manager at Halifax from 1940 to 1944 and for the past year has been assisting at head office in the re-establishment of the bank's returning veterans. His father, A. W. Hyndman, opened the bank's Edmonton branch in 1906.

Gospel of Christ is the Power of God unto Salvation, whether in the church or out. "There is no other name given among men whereby we must be saved." The church or preacher that does not recognize the authority of God's Word, or in any way puts the question mark on it, is "a blind leader of the blind, and both shall fall into the pit."

This class of people, and our modern education, are the "wells without water" who are responsible for the moral condition that makes possible the present situation. "And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things that are not convenient: maliciousness, envy, deceit, boosters, disobedience to parents."

Heb. 6:9—"We are persuaded better things of you and things that accompany salvation." 7:19—"For the law made nothing perfect but the bringing in of a better hope did." V. 22—"By so much Jesus made a surety of a better covenant." 11:1—"Now they desire a better country, that is a heavenly; wherefore God is not ashamed to be called their God: for he hath prepared for them a city."

KINDERGARTEN CLASSES OPEN

Twenty Children Enrolled At United Church

The basement hall of First United Church came alive with juvenile activity this morning with the opening of the first session of kindergarten classes which will be held three days a week throughout the winter. The classes, directed by Mrs. C. J. O. Olson, will be held Monday, Tuesday and Thursday each week and, according to initial reports, the response has been extremely good. The number of children enrolled already is nearing the limit which has been set at 25.

Classes will be open from 10 o'clock to noon on Monday, Tuesday and Thursday, the two-hour period being considered long enough for the small children. Classes are not held on Friday in order to give the children an opportunity to attend the beginners' physical training classes in the Civic Centre that morning. So far, Mrs. Olson has been given tentative offers of assistance by other ladies interested in helping the kindergarten.

Sealed tenders will be received by the Minister of Lands and Forests at Victoria, B.C., not later than 11 a.m. on the 27th day of December, 1946, for the purchase of Licence X40548, to cut 23,500,000 feet of Spruce, Cedar and Hemlock on an area comprising part of Lots 1912-1914, Timber Licence 6751P, Lot 1913-Timber Licence 6752P, Lot 1914-Timber Licence 6753P and adjoining unsurveyed Vacant Crown Land, Gordon Bay, Cumshewa Inlet, Queen Charlotte Islands Land District. Three (3) years will be allowed for removal of timber. Further particulars of the Deputy Minister of Forests, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TAXI, BO-ME-HI, GYRO KEEP UP VICTORY HABIT

Each of the leading teams of the city's three male basketball leagues chalked up victory for their unblemished records at sustaining some fans' opinions that, perhaps, the law of averages has let down more than a little.

Bo-Me-Hi's exploits in higher learning must also include a smattering of strategy, for they certainly displayed it, both individually and collectively in their 40-14 walkaway with Maceys.

Not to be outdone by the older players, Gyros waltzed off with their fourth straight win in their encounter with Canadian vick, T. Forman.

Seasonable Ideas for Housekeepers

ECONOMY IN MEAT COURSE IS HOUSEWIFE'S PROBLEM TODAY

BIG PROBLEM—For a certain number of homemakers the meat course presents a big problem and even a headache. They fume against meat rationing, against the price of meat, etc., but when asked whether they have tried the cheaper cuts, which are also coupon savers, the answer is, generally, no, and their question is, "Are they any good?"

They are good if properly cooked, say home economists. The cheaper and consequently less tender cuts of meat require long and slow cooking in moist heat. In this category are classified the following cuts: blade, brisket, chuck, flank, heart, neck, plate, round, rump, shank, short ribs and shoulder.

Proper seasoning plays an important part in making these cuts of meat better flavor. If used with discretion, fresh or dried herbs, spices and sauces add distinction to meat dishes. Parsley, bay leaf, thyme, savory, garlic, marjoram, celery leaves, pepper corns, chives, chill powder, curry powder are some of the seasonings used. Nothing is quite as good as mint with lamb; mace or paprika blend well with veal; sage with pork; cloves, horseradish or mustard with beef. The following meat dishes using less tender cuts of meat are suggested.

- 4 whole cloves
- ½ teaspoon mixed pickling spice
- 2 teaspoons salt
- ½ teaspoon pepper

Cut beef and kidney in 1-inch cubes. Brown onion in hot fat. Skim out. Dredge meats with flour. Brown well and remove from pan. Add water to pan in which meat was browned, stirring well. Add this gravy, with pieces tied in cheesecloth bag, to meat and onion. If necessary add more water to cover meat. Cover tightly and simmer slowly until meats are tender—1½ to 2 hours, removing spices at the end of the first hour. Season with salt and pepper. Place in casserole. Cover with biscuit dough or pastry. Cut slits in dough to allow steam to escape. Bake in a hot oven, 400 degrees F., for 25 to 30 minutes, until crust is cooked.

- Sweet-Sour Beef**
- 4 pounds beef, chuck, shoulder, rump or round
 - 2 cups vinegar
 - 2 cups water
 - 1 teaspoon whole black peppers
 - 3 bay leaves
 - 3 tablespoons fat
 - 1 tablespoon salt

Remove excess fat from meat and reserve. Soak meat 8 hours or overnight in vinegar and water to which peppers and bay leaves have been added. Turn meat once during soaking. Drain very well, saving liquid. Heat fat from meat in heavy kettle, add meat and brown on all sides. Add salt and 1½ cups of the reserved liquid. Cover and cook slowly 2 to 2½ hours or until tender, adding more liquid during cooking if necessary. Remove meat and serve with gravy and potato dumplings. Eight to 10 servings.

HOW CAN I . . . ?

BY ANNE ASHLEY

Q. How can I make a cement for pipe joints?

A. Mix 10 pounds of yellow ochre, four pounds of ground litharge, four pounds of whiting, one-half pound of hemp, cut up fine. Mix together with linseed to about the consistency of putty.

Q. How can I remove a rusty screw?

A. Heat a poker or spike red-hot and apply it to the head of a screw that is rusty and obstinate. When the screw has become hot it can be removed very easily.

Q. How can I take away all dampness of rooms?

A. Place blocks of camphor in all corners and on the shelves, replacing them as they evaporate.

Q. How can the shiny parts of a garment be removed?

A. Sponge it with a solution of one teaspoonful of ammonia to one quart of water. Then press on the wrong side.

Stewart Police Officer Changed

Constable Harold Johnston, formerly with the Prince Rupert detachment of the provincial police, passed through the city last night on the Catala for Stewart where he has been transferred from his former post at Courtenay. He succeeds Constable J. Meredith-Jones who has been on the Stewart detachment for the last two years. Constable Meredith-Jones and family are going south on the Catala tomorrow bound for Youbou, Vancouver Island, where he has been transferred.

PRESS APPEAL FOR AGED MEN'S CLOTHING NEED

An appeal launched by Mrs. Ross Richardson of the Women of the Moose for clothing donations for the city's pioneers has resulted in the contribution of a suit of clothes, several pairs of socks and two pairs of work boots, according to Mrs. Richardson.

The need for clothing by the elderly men, some of whom are so badly off that they do not feel sufficiently presentable to go down town, was emphasized again by Mrs. Richardson.

"We need clothing, both dress and work quality, and would be grateful for any further donations from the citizens of Prince Rupert," she said.

Northbound on a regularly scheduled voyage to Alaska, C.P.R. steamer Princess Louise arrived in port shortly before 8 o'clock Sunday morning and sailed at 11 a.m. for Skagway and other northern points whence she is due back here Friday afternoon southbound. Due to the continued strike of maritime workers which is paralyzing movement of American vessels northward from Seattle to Alaska, the Princess Louise is still carrying goodly numbers of passengers north in spite of the lateness of the season.

Union steamer Catala, Capt. Ernest Sheppard, arrived in port at 11:30 last night from the south and sailed at 4 this morning for Stewart and other northern points whence she is due back here tomorrow southbound. Next week the Catala will be replaced on the Vancouver-

CANADIAN LEGION IS IN SESSION—WINTER SHOWING ALTHO' NO SNOW

Terrace Branch, Canadian Legion, had a good turnout at their monthly meeting Thursday last. President M. Dubeau was in the chair and presided over the installation of three new members. Com. J. A. Barman, old timers' committee, brought to the meeting several of the old soldiers who live too far away from the village to easily attend meetings. Some important business was put through. New club by-laws were passed, which had become necessary since the branch has been conducting a club with its beer licence. The club has been in operation for some months and the house rules required for its paper conduct are now in order. Secretary Miss Elliot Head having resigned, Com. R. M. Dubeau was elected secretary in her place. The financial statement showed a healthy state of affairs and the steward, Com. van Male was confirmed in his position as steward of the club.

Cars arriving at Terrace from the west on Saturday carried a load of snow on their roofs, testifying to the approach of winter, 1946-1947. There is no snow at Terrace.

P. M. Monckton paid Terrace a visit during the week, looking up old friends.

Visitors to Terrace may remember the unsightly slough, overgrown with brush, that ran through the centre of the village. This has now been filled in and Greig Avenue has become one of the best looking streets in town.

Mr. and Mrs. D. G. Little left on Wednesday for Edmonton to visit George Little who is confined to hospital there.

The Teen Age party held Thursday evening in the Odd-fellows' Hall was a complete success. Miss Jean Kirkaldy, president of the club, had charge of the program which consisted of games such as ping-pong, checkers and crokinale and dancing. R. Beecher operated the public address system. Prizes were given, for various contests. A delicious variety of refreshments, including "cakes" donated by Mr. and Mrs. G. L. Brookes, were served to the teenagers at midnight. Those in charge were congratulated upon the tidiness of the hall after the departure of the guests.

Whether you're buying or selling a home, you'll find that a Genuine Duroid Roof adds greatly to its value.

There's a reason! A Genuine Duroid Roof is built to give years of beauty and protection. It's still made with a base of the best rag-felt, the long fibres of which give a Genuine Duroid Roof its exceptionally long life.

Because of its durability, more home-owners, and builders, are specifying Genuine Duroid Roofs than ever before. In spite of greatly increased output, temporary shortages occur. So you may have to wait a little longer for a Genuine Duroid Roof. Don't accept a substitute. Look for the Sidney Seal of Quality on every bundle.

EDUCATION WEEK PLANS COMPLETE

Teachers' Executive in Session—Municipal Union Attitude Resented

The executive of the Prince Rupert and District Teachers' Association met in regular session on Saturday forenoon when the chief business was to consider the report of the public relations committee on arrangements for Education Week.

The Senior Chamber of Commerce will be provided with a speaker for a short address at the regular meeting this evening and J. M. Clark, president of the local association and vice-principal of Booth Memorial High School, will be the speaker.

Radio talks will be given with Mr. Clark opening the series this evening, Mayor Daggett on Tuesday, Rev. R. A. Wilson on Wednesday, Dr. R. G. Large, chairman of the School Board, on Thursday, J. C. Gilker, president of the Parent-Teacher Association on Friday, and Rev. J. A. Carroll, O.M.I. on Saturday.

Arrangements for a public meeting on Thursday evening in the Civic Centre were approved. The attitude of the Union of British Columbia Municipalities in its recent convention towards a resolution urging the rights of teachers to hold public office was condemned. It was felt incredible that the Union would refuse to allow teachers to hold municipal office. Teachers, it seemed, were good enough to train citizens but were not good enough in the eyes of the Union, to enjoy the full rights of citizenship. This resolution when presented to the Prince Rupert City Council over a year ago had been endorsed.

The president, J. M. Clark, was in the chair and others present were Miss E. M. Moxley, and Messrs. A. Vogt, R. G. Moore, K. Pugsley and J. S. Wilson.

Hallowe'en damage at Terrace was slight. The younger children went from door to door in costume and most of the older ones were in attendance at parties.

Mayor Deplores Damage Wrought On Hallowe'en

In spite of publicly sponsored recreation facilities and programs for young people, "something is definitely lacking in Prince Rupert," Mayor H. M. Daggett said Saturday night in a radio broadcast in which he deplored the "senseless and willful" property damage done on Hallowe'en.

Mayor Daggett appealed to parents to "inculcate in our children something of the lessons taught to us in our own youth." He appealed for a return to religious training.

"I am firmly convinced that if this is done, we shall see a marked change in our city. We may not see its effect this year, or the next, but it will ultimately come and you will be proud of the city in which you live."

Mayor Daggett thanked the mayor and council of Teen Town for their co-operation in helping to combat a repetition of last year's destructive tendencies.

"I met the mayor and council of Teen Town and they cooperated with me in endeavoring to prevent a repetition of last year's incidents, yet their influence was not enough. However, I do desire to thank them for their co-operation," he said.
