Light Bridges Blown Up By Jews—Two British Soldiers Killed

**JERUSALEM**—Palestine today said that Jewish extremists had caused widespread damage during the night to highways and railway bridges near the frontiers of this country. Eight bridges, including the important Allenby bridge over the Jordan River, linking Palestine with Transjordan, were rendered impassable. One party of attackers blew up a bridge while another party engaged a police post. Numerous mines and booby traps were found. Meanwhile, the Holy Land was stirred by a Jewish underground radio report that British authorities planned to deport Zionist leaders.

The population of the Jewish settlement of Beth Haavara was reported arrested by Palestine police after a night of terror during which two British soldiers were killed.

provincial or federal governments," Mayor Daggett said. "It should carry considerable weight."

In a letter covering a copy of his communication with the federal Minister of Transport, Hon. Mr. Eyres stated: "It is to be hoped that the situation regarding the load line change can be brought to an early solution."

The matter was scheduled to be brought up at the International convention for the safety of lives at sea held in Seattle this month but E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce, said today that he has been advised by telegram that the conference is mainly considering labor problems and that the load line regulation are not on the agenda.

"I can't understand how the load line regulations are not on the agenda," Mr. Applewhite said. "In fact, I find it difficult to believe that they are not. The Pacific Northwest Trade Association obviously believed that they would come up for consideration and that body is pretty likely to know what the score is."

Clarification of the matter is expected in the near future.

### NEW SCHOOLS NEEDED AT TERRACE, COPPER CITY, HAZELTON, KISPIX

**TERRACE**—Some time this summer the Terrace District School Board plan to submit to the ratepayers a bylaw to authorize the acquisition for school purposes of abandoned Army buildings situated on land just east of the town which is owned by George Little who has offered to sell the land to the school board for the sum of \$1 providing the buildings are acquired. The land consists of some seven acres and is level and cleared. The school board feels it should take advantage of the offer since it would mean the saving of several thousand dollars between purchasing the said buildings and the alternative of buying unimproved land, clearing it and erecting a new building.

Not only is Terrace in urgent need of a new school building, two additional divisions being required this September owing to constantly increasing numbers of pupils, but there is also pressing need for new school buildings at Hazelton, Copper City and Kispiox. At the last-mentioned point the school building was burned down some time ago. Bylaws will also be required to authorize the erection of the new school buildings at Hazelton, Copper City and Usk. The Terrace school district extends from Salvo on the west to Moricetown on the east.

**TERRACE NURSE AWARDED R.R.C.**  
 Announcement is made of the award by His Majesty, the King, of the Associate of the Royal Red Cross, Second Class, to Lieut. Alice Victoria Bush of Terrace in recognition of her service overseas during the recent war with the Royal Canadian Army Medical Corps. She was one of seventeen Canadian nursing sisters to be so honored.

### CONTROLLING OF NEWSBOYS

**Select Committee to Debate Glasgow's Right to Regulate Street Sale of Newspapers**

**LONDON**—The right of a city to control the street sale of newspapers was upheld by a parliamentary committee considering the Glasgow Corporation Bill.

The issue was raised by Cmdr. Thomas D. Galbraith, Conservative member for Glasgow Pollock, who wanted to exclude a clause in the measure giving the city such powers. But his amendment to that effect was rejected by 182 votes to 68. Cmdr. Galbraith said similar powers had not been granted any other city and the free sale of news was essential to the continuance of a democratic community. He said Glasgow sought its authority because there had been disputes between various vendors about the right to occupy certain street stands. Sydney Smith, Labor member for Southwest Hull, said the reason for opposition to the Glasgow proposal was the desire of newspaper owners to control sale and keep them regulated, but Rev. G. S. Woods, Labor member for Mossley, said a vital principle was at stake.

"If any local authority can limit the dissemination of ideas and news, by whatever means or in whatever degree, we are starting on a slippery slope," he said. The bill is not yet law, but will be subject to further revision in a select committee.

### WANTED—SOME RAIN

WHILE Prince Rupert people pray for rain as they sigh choke with dust which is beyond the will or the competence of the municipal authorities to cope with and live in fear of the pestilence which the flying clouds of fine earth from sputum-infected streets may well engender,

Vancouver is nearly flooded with an inch and a half of rain in a single day.

How the Prince Rupert gardeners in particular and all of us in general would love to have one of these days a generous sprinkling of the good fresh rain which we used to revel in once but which has deserted us so long! But today Vancouver—lucky Vancouver—has it all and here we poor, unfortunate Prince Rupert people are left to sweat and parch.

As we appeal to the Weather Man to relieve us from this long and menacing drought may we never more be heard to complain when once again we are favored with the gentle rain from heaven—even the just and the unjust of us. To be branded a drought area would be the last straw that Prince Rupert could bear as far as adverse publicity is concerned.

### OPPORTUNITY FOR YOUTHS

Development of Apprenticeship System of Training Depends on Them

Discussion at the regular meeting of the local employment committee on Friday evening last centred again around the training of apprentices. A communication from a local boat-building firm outlined the desirability of having local youths trained in this essential and expanding industry. The age when training should begin and the rates of pay were considered. It was again emphasized that the success depended first of all on the youths themselves. If there was no desire on the part of the lads there was no use trying to build up the scheme.

The fact that there was a big demand in the district for the canoes was mentioned. It was

pointed out that canoes were being brought from Eastern Canada. There should be a good opportunity for local development of such an industry.

Circulars from the Pacific Regional Employment Committee complimented the local committee on their activities in connection with efforts to increase training and employment in this locality.

The prospective increase in garage activities consequent on the greater use of the Skeena Highway prompted the committee to ask the local garage operators for their views on the possibility of training garage mechanics to deal with the business that should develop. This matter will be discussed at the next meeting.

Those in attendance included J. S. Black, James Nicoll, J. Naylor (Jr.), E. V. Whiting, Col. Hamilton Grant, and H. C. Whiffin with J. S. Wilson in the chair.

### HOLLYWOOD IS SCORED

Londoners Throng to See French Movie Before It Is Bought For American Production

LONDON (C)—Devotees of French movies are turning out in thousands in London to see the last showing of "Le Jour Se Leve" before it is bought by a Hollywood firm, which will destroy the original and produce an American version.

Day after day crowds queue up outside Studio One, one of several London theatres which specializes in showing French movies, to see Jean Gabin in a picture which has evoked from hardened critics such comments as "has no flaw" and restores one's faith in the possibility of the cinema.

The same critics have been unanimous in attacking the policy which permits Hollywood to buy up all available editions of outstanding British and foreign films before remaking them. Even private showings by film clubs are not permitted.

The French "Pepe-le-Moko" and British "Gaslight" were cited as two masterpieces lost in this manner, with the American versions falling far short of the originals.

"Le Jour Se Leve," directed by Marcel Carne, concerns a young workman (Jean Gabin), who murders the seducer of his sweetheart, then barricades himself into an attic and holds off the police. At dawn he shoots himself. Flashbacks picture the events leading to the tragedy.

"There's the workman of Jean Gabin, self-contained and silent in his frustrated search for peace and love, for whom life in the cities has been 'unemployment and toil, always different and always the same,'" writes the News Chronicle movie critic.

Complex Portrait Is Discussed  
"A contemporary, mature figure of tragedy and disillusionment in whom the instincts of a poet are choked, played with great depth by Gabin. There's the complex and strangely sympathetic portrait of the seducer by Jules Berry.

"There's the murmured movement and sympathy with the hunted man from the crowds below as Gabin in his top room smokes his last cigarette, and rejects, everything, rejects life.

\* There's the sharply sensed stirring and transitory gaiety of a sunny Sunday morning which brings a pang every time I recall it. There's the poetry and realism of the love passages, sacred and profane (Jacqueline Laurent and Arletty). There's a fluid perfection of visual and sound-track."

"Le Jour Se Leve" isn't the only French movie to attract raves; others, notably "La Bete Humaine," which recently ended a showing at the Curzon Theatre, and "Fric Frac" at the Academy, have played to packed houses.

"La Bete Humaine," starring Jean Gabin and Simone Simon, is based on a story of murder and passion by Emile Zola. "Fric Frac" is the comic story of an honest jeweller's assistant who gets mixed up in the Paris underworld.

English captions flashed on the screen guide theatre-goers whose French isn't up to the quick dialogue.

### KINSMEN WORK ON CAMP SITE

Armed with axes and grub-hoes, 15 members of the Prince Rupert Kinsmen Club attacked the foreshore of Lake Lakelse on Sunday and managed to clear a camp site for the club's boys' camp which is expected to open about July 15. Club members went to Terrace Saturday afternoon and spent Sunday laboring mightily to clear the ground and beach and raft lumber for tent foundations.

President Bill Jarmson estimates that at least two more such week-end expeditions will be required to put the camp in final shape for habitation by the youth of Prince Rupert.

The lumber, which was obtained from the Little, Haugland & Kerr mill, was trucked to the lake shore, then made into two rafts and towed across the lake from the old hotel to the camp-site.

Members who composed the week-end work party were President Bill Jarmson, Pierre Le Ross, R. E. Montador, Stewart Johnston, Ralph Brown, George

Dibb, Maurice Irvine, W. Bolam, Ed Garner, Charles Thomson, C. H. Collins, Norman Carter, Duncan Wing, Bill and Alex Armstrong.  
Duncan Wing is in charge constructing the camp.

**BRISBANE GIRL SEEKS PEN PAL**

Miss Irene E. Thompson of Teachers' Training College, Kelvin Cove, Brisbane, Australia, has written to the Daily News seeking a young Canadian as a pen pal. "I am more than slightly interested in your country," writes Miss Thompson, who is 18 and would like to correspond with someone a little older than herself. "I am an enthusiastic reader," she says in a letter to the editor "adore dancing, swimming and basketball, am a keen movie fan and enjoy all the popular programs. I am attending night classes in an attempt to matriculate in commerce and during the day I am a second year student at the teachers' training college."

**ARTIST TO RESIDE IN PRINCE RUPERT**

Noted Norwegian artist in crayon, pencil and ink work, Bjorn Selvig, brother of Gunnar Selvig, local contractor, arrived in the city last night to take up residence. He is accompanied by Mrs. Selvig and this is the first time in Canada. They crossed from Oslo to Montreal on the Norwegian combination freight and passenger ship John Bakke in thirteen days. Then followed a three weeks' visit at Port Hope, Ontario, with Mr. Selvig's brother, Thor Selvig, formerly of this city. Coming west by rail, they left the train at Terrace Saturday and were met there by the local brother in a happy reunion after twenty years. They came on to Prince Rupert by car. Shortly, it is expected Mr. Selvig will give an exhibition of his artistry at the Civic Centre.

**BAPTISTS ENJOY DIGBY PICNIC**

Between 70 and 80 children and adults enjoyed a picnic at Digby Island Saturday afternoon sponsored by the Regular Baptist Sunday School. The gathering took part in outdoor games along the beach, and enjoyed refreshments which were highlighted by ice cream, soft drinks, cake and fruit.

In charge of the outing were Mr. and Mrs. G. R. S. Blackaby, directors of the Sunday School, assisted by almost a score of adults who looked after picnic ground arrangements and prepared the food. Weather conditions during the picnic were ideal.

Adults who took part in the picnic were Mr. and Mrs. G. R. S. Blackaby, Mr. and Mrs. G. S. Weatherly, Mr. and Mrs. Roy Franks, Mr. and Mrs. Jacob Strand, Mrs. F. Schlicker, Mrs. F. H. Cameron, Mrs. E. Martin, Mrs. R. Jensen, Mrs. G. Dennison, Mrs. E. Christison, Mrs. A. Elgar, Mrs. D. Morrison, Mrs. W. H. Walker, Mrs. H. E. Fanshaw, Miss Christine Spencer and Miss Dorothy Stacey.

**Anti-Famine Plow Indian Invention**

NEW DELHI — Latest reports from various parts of the country show the resourcefulness as well as the energy of men of the Indian Army in keeping up the momentum of their all-out food drive.

Constituted wholly from broken-down tanks, a new "anti-famine" plow capable of ten times the work of the normal bullock-drawn plow has been perfected and tested at Risalpur. Mounted on a three-wheeled chassis and drawn by a jeep, the plow has three shares, which make deep furrows, even on hard, dry ground.

Men of the Kameon Regimental Centre at Agra are finding that their counter-famine measures have the additional value of giving them first-class training before they return to their own farms. The centre's playing fields, lawns and flower gardens have not escaped the plow manned by these enthusiastic agriculturists.

During the next seven months a large proportion of the vegetables produced by Eastern Command should be available for the civil population. Arriving at Calcutta very shortly will be 28 tons of rice and 22 tons of flour from the 26th Division, representing a one-month voluntary cut in the men's rations.

**FEIGNED HAD BROKEN BACK**

**Canadian Doctor Promoted Scheme to Outsmart Germans and Obtain Release**

MONTREAL, — Army doctors although on the alert for "lead swingers," sometimes were fooled by the fake symptoms of soldiers who wanted a 48-hour respite from their labors.

Not weariness, but a desire to work with the French Maquis and then later to gain his own freedom, caused a Canadian doctor to work the tables by twice fooling the army—in this case, the Wehrmacht—with a faked broken spine.

Dr. Reuben Rabinovitch, 37-year old doctor now at the Montreal Neurological Institute of the Royal Victoria Hospital, engineered his release from a French internment camp late in 1942 by faking a fall and a broken spine. French doctors cooperated by providing complete charts, x-rays and a plaster cast to convince the camp commandant that the Canadian should be freed on "house arrest."

The second "back-breaking" episode occurred 30 months later when Dr. Rabinovitch, posing as an American airman to prevent his being shot as an underground agent, was a prisoner-of-war in Germany. The Germans then sent him to England on a POW exchange.

mans took over Paris in July, 1940. Dr. Rabinovitch, completing 12 years of study under the internationally famous neurosurgeon, Vincent Clovis, was sent to Fresnes, an internment camp where 700 British subjects were crowded four to each one-man cell.

There followed a strange cycle of 15 months of French internment, 15 months of freedom working with the Maquis, 15 months of imprisonment in Germany, followed by 15 months of freedom in England before returning to Canada last August.

Dr. Rabinovitch was in and out of four French internment camps for British nationals, in each of which, as a student of neuro-surgery, he was called on to organize the only medical services available. He was able to convince the commandants of each to allow him to send the serious cases to Paris hospitals, where the chief surgeons were former professors and friends of his.

The "house arrest" system for the old and seriously sick internees was started in these camps on his initiative. He was able to exploit the system to give comparative freedom to some 200 British internees.

But all cases of minor surgery, broken limbs, cuts, were handled right at the camp. Once, he re-

calls, he had to treat a case of "pulmonary oedema"—flooding of the lungs—by opening one of the man's veins with a penknife. It worked.

Take a dollar bill out of your pocket and look at it. You have 35 cents of that dollar—or more—because of Canada's foreign trade. Without it, you would only have 65 cents, or less, instead of each dollar you now have. For at least one-third of Canada's national income is earned from Foreign Trade.

That is why it pays even to go short on goods we need now, to keep our customers in other countries happy . . . why it pays to put your best into any products you help to make or services you perform for export trade.

Your Trade Commissioners are stationed in 26 countries, and their job is to help Canadian firms sell our goods abroad . . . or buy goods we need from other countries. This Foreign Trade Service of the Department has head offices in Ottawa, where complete information is available to every Canadian business that buys or sells merchandise abroad.

But after all, their success depends largely on everybody doing his or her part to keep Canada's foreign customers satisfied in their dealings with us.

## ARE WEDDED AT TERRACE

Miss Vivian Osborne Bride of Elmer Zorn at Beautiful Ceremony

TERRACE—On Saturday evening the Osborne residence on Lakelse Avenue was the scene of a beautiful wedding when Vivian Florence Osborne, youngest daughter of Mr. and Mrs. W. C. Osborne of Terrace and formerly of Vernon, was united to Arnold Elmer Zorn, second oldest son of Mr. and Mrs. M. Zorn of Vancouver. Rev. Roland Hills, rector of St. Matthew's Anglican Church, officiated at the ceremony which took place under a large bell, artistically decorated with white crepe paper, which hung suspended from the ceiling just in front of the large living room windows.

To the strains of the Wedding March from Lohengrin played by Allan Dubeau, the bride entered the room on the arm of her father, Little Sandra Pache, niece of the bride, sweet and captivating in a sheer voile with eyelet embroidery, was the flower girl.

The bride was beautiful in a long-sleeved white satin gown with corded embroidery. She wore a veil of finger-tip length and carried a bouquet of American Beauty roses.

Mrs. Eva Pache, sister of the bride, was matron of honor and was lovely in a blue taffeta gown adorned by a corsage of white and pink carnations.

Groomsman was William Osborne, brother of the bride, who was a flight lieutenant in the Air Force and saw extensive overseas service.

Miss Osborne has been a member of the office staff of the Prince Rupert City Hall while Mr. Zorn is a member of the British Columbia Police. He was overseas with the Seaforth Highlanders where he gained distinction in the Transport Company.

At present, Mr. Zorn is on temporary duty in Terrace but is stationed in Prince Rupert.

### Reception at Bride's Home

Following the ceremony and the signing of the register, those present adjourned to the dining room which had been suitably decorated for the occasion. On a small table in one corner stood the beautifully decorated three-tier wedding cake and, in another, some of the beautiful and useful wedding gifts which had been received were displayed.

In this room, as well as in others, peonies and other spring flowers were tastefully arranged.

The popular couple had been honored by two showers, one by friends in Terrace and the other by friends in Prince Rupert.

The best man proposed the toast to the bride to which the groom responded. William Jarnson, president of the Kinsmen Club at Prince Rupert, proposed a toast to the bride's mother and to the groom. A Yoxall proposed a toast to the happy couple. A delicious buffet luncheon followed.

Welcoming the guests upon their arrival was Mrs. Osborne who was charming in a silk and wool embroidered jersey of heaven blue with a sunburst pendant and earrings to match. Mrs. J. Zorn, who with her daughter, Viola, had arrived from Vancouver a few days before to be present at the wedding of her son, wore a pretty floral silk crepe with a corsage of pink roses and assisted Mrs. Osborne.

To many of those present on this festive occasion, the fine old residence with its many rooms, porches and stairways, brought happy reminiscences of the days when the George Little's entertained there.

Present at the ceremony, in addition to the principals, were

**Terrace Licence Bylaw Is Revised**

TERRACE—The Village Corporation has passed a new trade licence bylaw which will step up receipts under that heading. It was felt the old list of licence fees was unfair since business conditions generally have changed. Small one-man places were paying just the same as stores carrying several departments and employing numbers of assistants.

Children last week tried out the new wading pool established by the Rotary Club across from Princess Theatre and were highly delighted. The club is also installing playground equipment such as slides, horizontal ladders and ocean wave.

**Millions in War-torn Lands Need Clothing, Blankets, Boots**

**WHAT CAN YOU SPARE THAT THEY CAN WEAR?**

MILLIONS in Europe and Asia are wearing the same few garments day in, day out... the only clothing they have. They give each other what help they can... but you can give so much more. For a while longer the ordinary people, those who caught the brunt of the war, depend on you. In hospitals the sick are lying on straw. Every single garment, each pair of shoes, each blanket or sheet that you can spare means hope for them. Go through your cupboards now. Give every bit of clothing you don't really need.

**WHAT IS NEEDED...**

Overcoats, Shoes, Sweaters, Pyjamas, Topcoats, Dresses, Skirts, Bedding, Suits, Skirts, Gloves, Caps, Jackets, Pants, Underwear.

Special needs are work clothes, underwear, shoes and warm garments. Wash cottons. Don't worry about pressing. Don't worry about buttons. The Canadian Allied Relief will look after these details.

## HOW CAN I ???

By ANNE ASHLEY

Q. What can I use as a substitute for vinegar, for salad dressing?

A. Try using the vinegar from preserved pickles, instead of ordinary vinegar, for salad dressing. It gives a delicious flavor. Lemon juice is also an excellent substitute for vinegar.

Q. How can I give a nice gloss to straw matting?

A. Apply a thin coat of colorless varnish and it will add life to the straw matting.

Q. How can I remove scars from pimples?

A. Scars from pimples can be removed by bathing in a solution of boric acid and then applying zinc ointment.

When air raid damage in Exeter made the daily newspaper offices useless, the publisher and his assistants set up shop for 29 months on the tennis courts at Powderham Park, the seat of the Earl of Devon.

## Whifflets

From The Waterfront

After a lay-and-a-half visit here while southbound on the last of three training cruises which she has been making with university cadets, H.M.C.S. Charlottetown sailed yesterday morning for Esquimalt. The Charlottetown, which had been as far north as Ketchikan, had on board this trip a party of some 100 cadets from a Quebec University. On completion of this voyage, the frigate will make some short cruises out of Esquimalt and will be proceeding to Vancouver next month to take part in that city's Diamond Jubilee celebration. An item of interest during the Charlottetown's stay in Prince Rupert this trip was a conducted tour Saturday afternoon of the local Wrennettes over the trim little warship after which the girls were taken for a spin on the vessel's motor cutter. Late Saturday afternoon Commander John Wolfenden and his officers entertained local friends and officials at a reception aboard ship.

C.P.R. steamer Princess Louise, laden with round trip Alaska tourists, the number of whom is increasing each voyage, arrived in port at 7:30 this morning and sailed at 10 a.m. for Skagway and other Alaska points whence she will return here Saturday afternoon southbound.

On her regular weekly voyage.
