Steel Plant Stalls Over Wage Boost Nova Scotia Plant Cannot Pay 13 Cent Increase, Directors Say

OTTAWA—In spite of the announced settlement of Canada's steel strike, the Dominion Steel and Coal Co.'s plant at Sydney, Nova Scotia, may not reopen, according to an announcement made by a company spokesman last night.

He said that the Dominion plant is not in a position to pay the 13-cent an hour wage increase which was the announced basis for settlement of the strike.

On Thursday, more than 7,500 members of the United Steel Workers of Canada voted by a majority of 20 to 1 to go back to work in Canada's three major steel plants on the basis of a wage increase of 13 cents an hour, effective the date of return to work, with a 10-cent an hour wage increase retroactive to April 1.

MAY USE COMPULSION

Dominion Steel Co.'s announcement received replies from both the United Steel Workers and from the federal steel controller.

Heads of the union local at Sydney said that the men would not go back to work at the Cape Breton plant if the company did not meet the union's basis for settlement, negotiated by the government.

HITS 'PROPAGANDA'

In Toronto, James Hilton, president of the Steel Co. of Canada, whose Hamilton plant is the largest of the three strike-bound steel companies, said that if the union continues its present "abuse" of the company, friendly relations would be made more difficult.

He charged that "adverse propaganda" was being circulated by the United Steel Workers.

Germany Sure of Japanese Support Back in July, 1941

TOKYO—German leaders were certain of Japanese support in the war as far back as July of 1941, according to documents introduced at the Tokyo war crimes hearing.

Japan was asked to strike at Siberia.

\$30,000,000 From O.K. Tree Fruits

VERNON—A bumper Okanagan apple crop is expected this year with an estimated harvest of 9,000,000 boxes. Of this number 2,500,000 boxes will be shipped to the United States and 2,000,000 will go to Britain.

A record cash return also is expected. All tree fruits will bring between \$25,000,000 and \$30,000,000.

U.S. Meal Prices Go Up 15 Per Cent

WASHINGTON—United States Office of Price Administration has approved a 15 per cent increase in the price of meals containing meat.

This is in line with the government fixing of the meat price ceiling last June 30.

Churchill Charges Government Vacillating Without Policy for Palestine

Former Prime Minister Says British Tactics Gaining Distrust and Hostility of Arabs and Jews

BLACKPOOL (CP)—Winston Churchill said today that Britain's government is vacillating without any plan or policy for Palestine and is "holding onto a mandate in which they have no vital interest."

Addressing a National Party conference, Churchill said the government's tactics were "gaining distrust and hostility both of Arabs and Jews and exposing us to world-wide probation for their manifest incapacity."

RIOTS SOUTH OF KOREA KILL 59 AND INJURE 60

SEOUL, Korea—Rioting mobs in Taikyu region, southeast of Korea, killed 59 Korean police and wounded 60 others before U.S. troops restored order.

U.S. headquarters announced that 100 Korean police are reported missing.

Korean officials said mobs were led by vicious agitators from outside and were Communists.

War Reparations Granted Ethiopia, Greece, Yugoslavia

PARIS, (CP)—Greece and Yugoslavia were voted \$100,000,000 each and Ethiopia \$25,000,000 in Italian war reparations early today at a meeting of the European Peace Conference commission.

The commission defeated a proposal to pay reparations to Albania.

'I am Not Dead', Says Daggett Back from U.B.C.M. Convention

Mayor H. M. Daggett today branded as "grossly exaggerated" a report that he had dropped dead on a Vancouver street after attending the annual convention of the Union of B.C. Municipalities at Harrison Hot Springs last week.

"Definitely untrue," he commented as he sat behind his desk in the City Hall this morning.

VERY MUCH ALIVE

A Daily News reporter casually touched the mayor's arm to make sure the substance was as real as His Worship's voice. It was. Mr. Daggett was no ghost.

From there on, the interview went easier. Gone was the doubt which had been inspired by a rumor current last Friday that Mayor Daggett had succumbed while away from home.

Incidentally, the rumor did create considerable flurry here before it was discounted by a person-to-person long distance telephone call from City Clerk H. D. Thain to Mayor Daggett at the Grosvenor Hotel in the southern city.

Mayor Daggett still chuckled genuinely at the idea of his alleged untimely demise when he recalled the incident this morning.

Accompanied by Mrs. Daggett, Alderman Nora Arnold and Alderman George Hills, Mayor Daggett arrived back in the city shortly after 3 o'clock Friday afternoon after being away for two weeks.

"The whole trip, including the convention, was a real success," he said. "We all enjoyed it."

Of the 59 resolutions presented to the gathering, 45 were passed and will be presented by the U.B.C.M. executive to the provincial government for consideration.

NORTH HAS VOICE

Mayor Daggett expressed himself as highly gratified that a representative from central British Columbia—Mayor Jack Nicholson of Prince George—

BRITISH PLANE ORDERED DOWN IN YUGOSLAVIA

ROME—Allied headquarters announced today that a British courier plane had been forced down in southern Yugoslavia while flying from Rumania to Italy.

This is the third Allied plane to be stopped by the Balkan country's fighter planes. Two of the Allied aircraft were American and one of these was shot down.

The British plane was signalled to land and no casualties resulted, Allied headquarters said.

Five airmen were killed in the shooting down of one U.S. plane, resulting in the American government making strong representations to the Yugoslav government.

'Regrets' Statement Of Truman

WASHINGTON (CP)—The United States and Britain were split wide asunder on the Palestine question Friday with President Harry Truman demanding immediate admittance of a "substantial" number of Jews to the Holy Land and Britain sharply "regretting" his move.

In London a spokesman for Prime Minister Clement Attlee said such action would prejudice the settlement of Palestine's future.

Attlee is reported to have wired Truman asking the publication of the statement be delayed until it could be studied by Ernest Bevin, foreign minister. The request was not granted.

Truman Talk May Renew Terrorism

LONDON—A renewed wave of Jewish terrorism is expected by British editorial writers as a result of President Harry Truman's call for immediate substantial immigration of displaced Jews into Palestine.

Reduced Plane Fare

NEW YORK—Prices of trans-Atlantic plane trips will be reduced 12 1/2 per cent commencing October 12.

The trip, one way, from New York to London, will be made for \$325, a reduction of \$50.

Ask Compensation For Flooded Land

VICTORIA—Compensation is being asked from the United States for British Columbia land at the International Boundary which will be flooded by the backing up of water for the Ross Dam hydro-electric project in Washington State.

Hon. E. T. Kenney, minister of lands and forests, made this announcement in Victoria.

Parliament Buildings Hit By Lightning In Storm

VICTORIA—A freak rain and electrical storm broke over Victoria Friday, driving people off the streets which became covered in places with an inch of water as gutters overflowed.

A bolt of lightning struck the east wing of the Parliament Buildings, damaging light circuits and stopping an elevator. No one was hurt.

In half an hour a fifth of an inch of rain fell. Further storms of a like nature are not anticipated, weather authorities say.

ASKING SOCKEYE SEASON REOPEN

Reopening of the sockeye salmon season is being asked by Canadian and American fishermen and their request has the endorsement of the International Fisheries Commission.

They want fishing resumed on the Fraser River by October 14 and in American waters on Monday, October 7.

The 1946 salmon run to the Adams River would then have been finished, the fishermen contend, assuring good spawning for the current season.

10 Japanese Given Prison Sentences For Cannibalism

GUAM—Ten former Japanese officers have received sentences ranging from five to 20 years on charges of cannibalism.

Three other Japanese commanders were previously sentenced to hang for having feasted on roasted livers of executed U.S. airmen.

CALDWELL, Idaho—Mrs. Ethelyn Peterson, 32-year-old farm housewife, will plead today in district court to first degree murder charges filed after her three-year-old stepson, Phillip Wayne Peterson Jr., died from a beating.

Sobbing, "I didn't do it the way they said I did," Mrs. Peterson had collapsed earlier as she left the courtroom after being taken before District Judge T. E. Buckner.

The information, filed by County Attorney V. K. Jeppesen, charged that Mrs. Peterson struck the child, ducked him in an irrigation ditch, swung him by the heels so that his head struck a foot bridge and inflicted "mortal wounds."

EXTENSIVE CHANGES IN CABINET SET UP

A. V. Alexander, First Lord of Admiralty, Heads New Defence Ministry

LONDON (CP)—Extensive cabinet changes, including the creation of a ministry of defence to co-ordinate work of the navy, army and air departments was announced in a long-anticipated re-arrangement of the British cabinet.

A. V. Alexander, first lord of the Admiralty since 1940, is the new defence minister—minister without portfolio until the cabinet lineup is approved at the reconvening of parliament.

War Secretary Jack Lawson, Air Secretary Lord Stansgate, and Civilian Aviation Minister Lord Windstar all have resigned.

HEADS ADMIRALTY
Colonial Secretary George Hall has replaced Lord Alexander as the first lord of the Admiralty and Arthur Ceech Jones replaces Mr. Hall.

DREAMBOAT OVER POLE AND HEADS ACROSS ATLANTIC

LONDON (CP)—The Pacusan Dreamboat, huge U.S. Superfortress plane, roared down from the top of the world over Greenland icepacks today, well over half the distance along on its Arctic exploration route from Honolulu to Cairo.

The crew radioed that it expected to fly over Reykjavik, Iceland, at noon. The plane was clipping along at 250 miles an hour.

Two hours later the Dreamboat reported it had crossed the top of the world and was heading across the North Atlantic.

It soared over the North Pole at 2 a.m., Pacific Standard Time, at a high altitude to avoid Arctic storms.

CO-OP FIRM FINED

SASKATOON—Fines totalling \$2,700 were imposed in police court to the Saskatchewan Federal Co-operatives Ltd. for neglect to obtain a fixed price on hardware and drygoods from WPTB.

The case "seemed to constitute a flagrant disregard of regulations," the magistrate commented. The defence pleaded that shortages of staff, plus increased business activity, made errors and omissions more likely.

AN ILL-TIMED GESTURE

PRESIDENT TRUMAN'S ill-timed call on the British Government for an immediate policy of "substantial" immigration into Palestine of Europe's displaced Jews is another of the President's blunders illustrating his ineptitude as an international diplomat.

It substantiates the reputation for indiscretion which he achieved three weeks ago in hastily placing his approval on the controversial speech made by his ex-Secretary of Commerce, Henry Wallace, before it was delivered in New York's Madison Square Garden. The President later found it expedient to disavow his approval of that speech with considerable executive embarrassment.

In the present incident, Mr. Truman has thrown his nation's official weight against Britain in the delicately balanced Palestine question at a time so close before American congressional elections that his purpose is obvious.

He is deliberately putting Britain "on the spot" to further Democratic party interests in the November elections.

Certainly, no right-thinking person will deny that Europe's displaced Jewish population is deserving of a

national home, and no one will deny them their claim to Palestine, considering the economic advances that have taken place there since Jewish emigration to that country began after the first World War.

And no one will deny the urgency of the need to settle those unhappy people outside Europe where anti-Semitism still flourishes despite the Nazi defeat.

However, considering the present need for solidarity within the western powers, it is untimely that the United States should place pressure on British policy when Britain is trying to avert open Arab-Jewish conflict in the Holy Land. For Britain to antagonize the Arab world would be to turn the Arabs toward Russia, a situation which would embarrass the United States no less than Britain, considering the magnitude of American interests in the Near East.

In weakening Britain's position in Jewish immigration crisis, the United States is making a pragmatic error which might easily be harmful to the Jews themselves, and certainly can be of no benefit to American national interests, no matter how much it might appear to further the Democratic party.

NARROW WALLS FOR LABORATORIES

NUTLEY, N.J. — A 3½-inch wall weighing only 7 pounds per square foot, yet having a heat-insulation value equivalent to a 12-inch concrete foundation, is part of the experiment in building materials that will enter into the building of laboratories, here, for the Federal Telephone & Radio Corporation.

The walls are made of prefabricated aluminum, steel and fiber glass, constructed in panels for easy shipment and installation.

In these highly insulated laboratories, the Corporation will conduct experiments in televi-

sion, frequency modulated radio-casting, aerial navigation and radar. For this type of advanced study, they will be surrounded by prefabricated shields (walls) that will give them the best insulation against atmospheric electricity that could interfere with the delicate experiments.

Flat aluminum sheets form the exterior of the walls. Fluted steel sheets make up the interiors with any type of decorative finish required. The steel sub-floors of the buildings are also of prefabricated panels with a cellular structure over which is poured a lightweight concrete fill.

Eight out of ten will buy again... **WHY?**

They want to keep on saving. Canadians, being thrifty folk, like to put something away for a rainy day. They liked the idea of saving by means of Victory Bonds during the war. They want to continue this method of saving.

That's what was disclosed in a survey, conducted early this year in all parts of the country, 82% of the thousands of Canadians interviewed said, "Yes, we want to keep on saving. We like to save with bonds."

Since no more Victory Bonds or War Savings Certificates will be issued, it was decided to make "Canada Savings Bonds" available to Canadians. These bonds have many new features that will interest you. For example, you can buy Canada Savings Bonds in units of \$50, \$100, \$500 and \$1000. You may buy

up to \$2000 per person. They pay 2½% interest each year, for ten years. You can cash Canada Savings Bonds at full face value, with interest, at any time, at any branch in Canada of any chartered bank.

But please remember this point. These are "Serve Yourself" Bonds. This time there will be fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay.

How to Buy

You can buy them at any bank; authorized investment dealer; stock broker; trust or loan company—for cash or by the Monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

Will Deliver Me? — Jesus Christ

By REV. J. LINNEY, Pentacostal Tabernacle
That is in me (that is in my flesh) dwelleth no good thing, for to will is present with me, but how to perform that which is good I find not.—Rom. 7:18.
Who later was called Paul, had within him being a great capacity to fear God, and conviction he honestly followed through, declaring himself, according to the law,

we first acquaint ourselves with him in that there is no hint of certainty that he was no struggler. Why should he be not of the "fathers"? And "more ex- pensive of the tradi- tion." Let him be occupied with out-

But now he becomes conscious of an evil nature, which proves that the Holy Spirit is revealing his true condition before the Lord. For that which I am working out, I do not own (as my own choice); for not what I am wishing this am I doing, but what I am hating this am I practicing.

Here he explains the spiritual condition of men who make honest, endless resolutions to be "better" and to "quit" this or that habit but it all ends in failure and despair because of the lack of will power.
My heart consents to God's will and God's way—but in my present awakening I am far from following it, but now I recognize the hindrance, it is sin that dwelleth in me. A hateful power is in possession. Since I am helpless to do what I want to do there must be an evil principle within me "for to will is present with me, but how to perform that which is good I find not." I can will but when faced with my besetting sin, I am overcome by it.

A most humbling confession, but often confession is good for the soul. To appeal to a man's will who is in the grip of some vile habit, to make "a start" and follow Jesus, or some be- liever upon whom some weight hangs hindering them in their service for the Lord. This is all of no avail unless the will is yielded to the power of the Spirit of God, and the heart illuminated sufficiently to real- ize that it was sin that caused the suffering of Jesus Christ upon the cross so that instead of defeat there is victory.

It was D. L. Moody who was about to preach to the inmates of a prison and he asked this question: "Has anyone in this audience sinned?" No one would admit they had done any wrong so the great Evangelist said, "So long as no one will admit a fault I cannot help you." No one would own up to the act in their life which brought con- viction and a prison term. On the other hand what does Satan care for education, sanitation and general sweetness (and these are certainly needed) if we know nothing about the "power of God unto salvation." The word of the cross is the will along which runs along no other wire. The Church of God surely needs the power of the Holy Ghost to awaken sinners to the need of a Saviour. It was Rev. C. H. Spurgeon who said, "If I could get the people to spend as much time seeking

God as they do to beautify their bodies I could turn London into a heaven."
Paul goes on to say, in fact I am by no means wishing what I am practicing. I shed many a tear over this and desire with all my heart it were otherwise. He now comes to a settled con- clusion. That he cannot gain victory over sin by his own power, and says, "O wretched man that I am: who shall deliver me?" He does not say "How shall I deliver myself?" but looks for a Deliverer, and he finds the power of deliver- ance in Jesus Christ, the Son of the living God.
The Gospel believed, that is a full confession of sin and heart surrender made a con- tinued struggle to be at peace with God unnecessary and in- deed impossible. It is the re- fusal to break with some darling sin that causes the conflict in the heart of any believer and keeps them under continued conviction for sin. Who shall deliver me?—Jesus Christ.

Outside Training For Eire Cadets
ROSSLARE, Ireland—In the future Irish naval cadets are to receive their nautical training in foreign naval establishments. They will first do one year in the Eire Military College, Cur- rane Camp headquarters, and then go abroad for sea train- ing, the Irish Government In- formation Bureau has announ- ced.
The introduction of special- ized training for the Eirean Marine Service cadets marks an im- portant step not merely in the development of the naval ser- vice but in the development of the defence forces as a whole.
