## Question of Iran Still To Fore

### Boyer Testifies Old Rose of Process

McGill University Professor  
Anxious to Help Soviet  
Information Regarding  
Espionage

OTTAWA, Ont.—Dr. Raymond  
Boyer, McGill University chem-  
ist, formerly a member of the  
National Security Council, testified today  
that he gave information to  
Rose, M. P. for Montreal,  
charged in connection with  
espionage activity, regarding  
a new explosive "RDX." Dr.  
Boyer, like Rose, also faces  
charges under the Official Sec-  
ret Act in connection with the  
investigation.

Boyer said he had told Rose  
the materials were used in the  
process and the way in which  
they were used. He said he con-  
sulted with Rose for one  
month and two months. He  
said he had been anxious to do  
what he could to help the Soviet  
in the process officially from  
Canada. This was the reason, he  
said, why he had given information  
about "RDX." Asked if  
he had refused to give this  
information officially, Boyer said:

Continuing his testimony,  
Boyer said his achievements in  
this work were aided by  
others. He had first met  
Rose in "somebody's house" in  
Montreal and spoke to him about his  
work. He said that the talk was  
about the new process for manu-  
facture of the new explosives. He  
said he had subsequently met  
Rose at his home at Rose's in-  
vitation.

Boyer said Rose has been ordered to  
appear on March 28 to make a  
written statement.

The Star said that Popov, who

### DENATURING ATOM ENERGY

WASHINGTON — Scientists  
disclosed yesterday that they  
knew how to "denature" plu-  
tonium so that its atomic  
energy could be used only for  
industrial purposes and not for  
bombs. The disclosure was  
made to the Senate atomic  
energy committee in a report  
presented by American Un-

tary of State Byrnes has issued  
a flat denial of charges that the  
United States is intervening in  
the internal affairs of Spain.  
The charges were made by a  
member of the American House  
of Representatives. In his reply,  
Byrnes declared that such is not

Britain, France and United  
States look to Spanish people

### Jail For Contempt

Capt. Gordon Lunan Refuses  
To Answer Questions at  
Espionage Trial

FREED TODAY  
MONTREAL—Capt. Gordon  
Lunan, committed to jail for  
a week yesterday by Judge  
Theberge because he refused to  
answer questions, made a brief  
appearance in court today and  
still declined to testify. Later  
he was freed.

MONTREAL—The hearings at  
Montreal of Fred Rose on  
charges of violating the Official  
Secrets Act took a new slant  
yesterday. A witness, Captain  
Gordon Lunan, was ordered to  
jail until next Monday when he  
was found in contempt of court.  
Lunan refused to answer ques-  
tions. The captain, himself, faces  
charges similar to those laid  
against Rose who is the Labor-  
Progressive Member of Parlia-  
ment for Montreal-Cartier. Evi-  
dence at the hearing today in-  
dicated that Russia, three months  
after the war with Germany  
ended, had shown special in-  
terest in formations and move-  
ments of United States and  
Brazilian troops in Europe. Evi-  
dence also indicated that Russia  
was eager to gain all information  
possible on the atomic bomb and  
other explosives.

Would Be Welcomed Back  
on Ground

in the capital that the R. C. A. F.  
in recruiting for its permanent  
force, is urging the re-enlist-

by headquarters to pay the trav-  
elling expenses of applicants for  
enlistment after applications  
have been approved.

## Olof Hanson To Be Sent To Ottawa To Straighten Out Highway Matter

Olof Hanson, former M.P. for Skeena, is to be sent  
to Ottawa again to see what can be done in the matter  
of getting a settlement of the question of the owner-  
ship of the Prince Rupert Highway. The federal gov-  
ernment has offered the road to the provincial gov-  
ernment which, in turn, will not accept it until the  
question of jurisdiction af-  
fecting the portion of the high-  
way running on Canadian Na-  
tional Railways is straightened  
out.

### ACTION FOR PIONEER HOME "IN 30 DAYS"

A definite step toward ac-  
quiring a Pioneers' Home will  
be taken by City Council with-  
in the next 30 days.

"This is not a result of agi-  
tation in the press during the  
last few days," commented  
Alderman Nora Arnold as she  
moved acceptance of a Health  
committee report recommend-  
ing that if no suitable build-  
ing for a Pioneers' Home is  
available within the next 30  
days the city commence ne-  
gotiations for construction of  
a new building.

"We made the decision last  
Tuesday. Personally, I doubt  
if we can find a suitable build-  
ing. I have looked all over the  
city and I don't know of any."

Council approved the mo-  
tion, and also one that a maxi-  
mum of \$50 be authorized for  
the purchase of bedding for  
the present Pioneers' Home.

## New Store Under Way

Breaking Ground For \$30,000  
Structure For Fraser &  
Payne On Third Avenue

Preliminary work on the  
construction of a new store  
premises for Fraser & Payne,  
local merchants, was begun  
Monday by the construction  
firm of Partridge, Gunston  
and Rice with the removal of  
scrub timber and brush from  
two lots between First and  
Second streets on the north  
side of Third Avenue across  
from the Daily News.

Amount of the contract, al-  
though not definitely announ-  
ced by Mr. Payne, is said to  
be in the neighborhood of  
\$30,000. The building is to be  
of concrete construction, with  
50 feet frontage and 100 feet  
deep. It will be two stories  
high.

The increase of space in the  
new building will allow the  
firm to broaden its lines of  
merchandise, Mr. Payne said.  
The upper floor will be used  
for the display of furniture  
and other household goods not  
carried in the present store.

Partridge, Gunston and

## Carr Named Spy Leader

New York Paper Cites  
Canadian—Ramifications of  
Espionage Suggested

NEW YORK, N.Y. — The New  
York Journal-American reported  
today in a front page story that  
Sam Carr, national organizer for  
the Canadian Labor-Progressive  
party, has been named as an al-  
leged recruiting agent for the  
Soviet spy network in the Do-  
minion and that "for years he re-  
ceived thousands of dollars  
monthly from the American  
Communist Party."

Carr was mentioned by Igor  
Gouzenko former clerk in the  
Russian embassy at Ottawa, in  
testimony given in Montreal re-  
garding Russian secret opera-  
tions. The story said that the  
"first official link in the far-  
flung spy network set up by the  
Kremlin brought into sharper  
emphasis the role of Arthur  
Adams, head of the Moscow  
espionage group.

"The Journal-American last  
December 3 revealed that Adams  
—then living in New York—had  
since 1938 directed the gigantic  
spy organization which may  
have obtained details of atomic  
development," the story stated.

The story said that William  
Weiner, treasurer of the Ameri-  
can Communist party, in 1939  
testified before a Congressional  
committee, that he and Earl  
Browder, national head of the  
American Reds, had been send-  
ing Carr \$1,000 a month for a  
considerable period.

What use was made of these  
funds was not revealed.

## RIGHT WING IN CONTROL

Not Single Laborite or  
Leftist Nominated For  
In Greece

ATHENS—Right wing parties  
are in the saddle in Greece. Not  
a single Labor or Leftist candi-  
date is listed for the Greek par-  
liamentary elections on March  
31 and the deadline for filing is  
over.

All parties in the National  
Liberation Front are boycotting  
the first election since 1936 in  
the British-occupied country.

The E.A.M., a left wing party,  
is demanding that Premier  
Sofoulis broaden his govern-  
ment, purge the state police and  
grant amnesty to political pris-  
oners.

## Statement By Stalin

Agreement Reached Between  
Russia and Iran,

HU ANNOUNCES

LONDON—Generalissimo Stal-  
in officially announced last  
night that problems surround-  
ing the withdrawal of Russian  
troops from Iran had been solved.  
He said there had been an  
agreement between the Russian  
government and the government  
of Iran.

The Moscow radio broadcast  
Stalin's statement and it was  
said it came as a reply to a tele-  
gram from the president of the  
United Press, Hugh Baillie, who  
had invited Stalin to express his  
views on the international situa-  
tion.

Thus a new path has been  
formed for the U.N.O. security  
council to follow. Today the  
council is scheduled to discuss  
the Iran case at its New York  
City sessions.

**Mission to India**

The mission of three United Kingdom cabinet ministers — Lord Pethick-Lawrence, the Secretary of State for India, Sir Stafford Cripps and Mr. Alexander — is unmistakable evidence of the good wishes of all parts of Britain for their success. The purpose of the mission is to assist the Viceroy in his consultations with the Indian leaders on establishing the machinery for deciding India's future form of government. In thus assisting in the final phase of India's progress towards self-government, the mission will, as Prime Minister Attlee points out, be given as free a hand as possible. Although there will undoubtedly be matters requiring reference back to the Cabinet in London, the reason for sending three members of the United Kingdom Cabinet was to secure the presence of responsible persons able to take a decision on the spot.

The British government has done great work in India. "We have united India," said Mr. Attlee, "and given her that sense of nationality she has lacked over previous centuries. She has learned from us the principles of democracy and justice. When Indians attack our own rule, they base their attack, not on Indian principles, but on the basis of standards derived from Britain."

India has had a splendid war record. Having twice in the past twenty-five years played her part in the defeat of tyranny "is it any wonder," asked Mr. Attlee, "that India claims freedom to decide her destiny?" Her future constitution and her place in the world are for India to decide, and in this, said the Prime Minister, "we seek the utmost co-operation of all the Indian lead-

ers." While expressing his hope that the Indian people would remain in the British Commonwealth "a free association of free peoples" and pointing out that no great nation can today stand apart from what is happening in the world at large, Mr. Attlee also declared that if India elects for independence she has the right to do so, and it would be for Britain to make the transition as smooth and easy as possible. Whatever the terms of the eventual treaty with India, Mr. Attlee made it clear that Britain will seek no advantage that would entail disadvantage for India.

**The Highway Run-around**

Evidently the Canadian National Railways is the fly in the ointment as far as the question of settling final ownership of the Prince Rupert Highway between Dominion and province is concerned. The federal government has offered the road to the province which is willing to accept but not until the question is settled of the standing of several miles of the road which runs on railway right-of-way alongside the track. Therefore, it is more or less of a technicality which holds the whole matter up, a technicality which might prove a troublesome one if an obstinate attitude should be persisted in by each or any of the parties concerned. But, if a conciliatory attitude is adopted, there should be little difficulty in getting the matter settled once and for all.

Meanwhile we who would like to see the whole question straightened out and the road employed to the fullest extent possible in peacetime function feel we are still being given the run-around and are getting tired of it.

The fact of the matter is that we are just about where we started as far as the settling of the ownership of the road is concerned. At least one satisfactory thing, is the assurance of the province that, meantime, it will assume the responsibility of maintenance as far as the equipment at its disposal will permit. If it had wanted to be really arbitrary it need not even have gone this far.

**FLEW TO BED SIDE OF BRIDE**

LONDON — Hospital authorities report no change in the condition of 22-year-old Mrs. Pamela Mahoney, the war bride whose husband flew to England from Canada when he learned she was seriously ill. Her husband — Joseph Mahoney of Windsor, Ontario — spent most of the week end at his wife's bedside. The war veteran, formerly of the Essex Scottish Regiment, spent his last funds — his Canadian Army gratuity of \$450 — to make the trip. Mahoney took part in the Dieppe raid and in the landing on the Normandy beaches on D-Day. He was captured by the Germans at Caen.

**FIRST BLASTERS**

The Germans were the first people to use gunpowder in warfare in 1338.

**Seek "Solution" For Problem of City Ambulance**

A search for "some other solution" for operating the city ambulance may be sought in the near future, it was indicated in city council last night during a brief discussion of the ambulance report. In answer to a question by Alderman Ham, Alderman Arnold admitted that last year the ambulance realized "about 50 per cent" of the operating cost.

"It wasn't profitable and I think it is up to this council to seek some other solution," Alderman Arnold said.

"Maybe grant a franchise," an alderman suggested facetiously. C.S. to the city for ambulance operation last year was \$1,000, while the hospital board paid an additional \$400, Alderman Arnold revealed.

**Approve \$1,500 For Gyro Park Work**

Approval of the expenditure of \$1,500 for the improvement of Gyro Park, Sixth Ave. at McBride, was granted by city council last night on recommendation of the board of works. The money, according to City Engineer Phillips, will be spent to lay tile drains under a portion of the softball playing field, and to re-surface at least part of it. Engineer Phillips estimated at a recent council meeting that total cost of improving the field might be in the neighborhood of \$3,000. The balance is expected to be spent next year. This year's allotment will be included in estimates which will be handed down in a few weeks.

**Will Entertain Royal Commission**

A dinner and probably an afternoon tour through the city are planned for H. Carl Goldenberger, chairman of the commission inquiring into provincial-municipal relations, and his party next Tuesday afternoon during an interval in the commission's two-day session here. Council last night appointed Acting Mayor Robert McKay and Alderman Nora Arnold as committee to arrange entertainment for members of the Royal Commission party.

The commission, which will arrive here on the Princess Adelaide on Monday, will hold a session Tuesday morning to hear Prince Rupert's presentation, then again Wednesday when delegates from interior centres will present briefs.

Travelling with Mr. Goldenberger will be his wife and a secretary. It is expected that, in addition to the council members, the executive of the Prince Rupert Chamber of Commerce will be invited to attend the Tuesday night dinner.

**Booster Pump Necessary to Maintain City's Supply, Engineer Tells Council**

City council will seek to enter into an agreement with War Assets Corporation in regard to maintenance of the booster pump on the city water main which the city engineer feels is necessary for adequate fire protection of the Crown company's waterfront property.

Council was informed last night, by the Department of National Defence that the Canadian Army will cease to operate the pump after March 31.

"I don't see why we should maintain a War Assets pump to protect War Assets property," the city engineer told council.

He added that, without the booster pump, other city property could be protected but that leakage in the American-built water mains was so great that storage facilities on Acropolis Hill would not last more than a week.

"They wouldn't even have drinking water then," he said.

Council also approved a recommendation by the utilities committee that the city not purchase the former American Hill since War Assets planned to Army water tanks on Acropolis detach the connecting valves and hydrants, presumably for separate sale.

"We could put in a new water system of our own at less cost than we could buy and fix up the American system," the city engineer told the aldermen.

Council also received and filed a letter from the Department of National Health and Welfare informing the city that chlorination by the army of the city's water supply would be discontinued after March 31. The letter added that, if the city wished, it could take over operation of the plant in the interval until a price could be placed on the installation.

## ESPIONAGE CASE TALK

Labor-Progressive Party Discusses Reactions—Dislikes Editorials

Discussion of local reactions to the handling of the espionage case featured a full membership meeting of the Labor-Progressive Party in that organization's clubrooms last night with Mrs. J. R. Blakey in the chair. Several members discussed the local press in this respect and the following statement was unanimously adopted:

"Prince Rupert people are striving to see that there are jobs and prosperity here, that Prince Rupert assumes its rightful place as a thriving world port with a developing hinterland and that there is no new world war in which this area would become an area of conflict.

"In these struggles they are helped by the local press which at all times strives to accurately reflect community activities and to encourage and stimulate in its own way these struggles. The Daily News, for example, gave valuable assistance in clarifying the road ahead by printing Richard Neuberger's recent article under the heading 'Conspiracy Brews to Nip Off Prince Rupert.'

"The fight to defeat the 'Conspiracy to Nip Off Prince Rupert' is the same fight as the fight to defeat the conspiracy in Canada to smear the left-wing labor movement. The enemy in both cases is the same. The enemy is a small number of monopoly capitalists whose power extends throughout North America. In order to solve our problems we cannot fight the enemy on one front and support him on another front.

"Hence this full membership meeting of the L.-P.P. in Prince Rupert feels called upon to draw attention to the harmful statements in recent Daily News editorials concerning the Canadian spy investigation. Certainly all Canadians will support every effort to stamp out proven cases of espionage. But this is a different question from actively assisting in a red-baiting witch-hunt aimed at destroying the unity of the Canadian people.

"Specifically, to talk of 'avowed Communists who are under Moscow orders' is to peddle an outright untruth.

"Apart from the question of the Communists is the question of the reflections cast by insinuation at the tremendous body of public opinion in Canada which favors honest good-neighborly relations with the Soviet Union.

"To question the allegiance of these people to Canada is to ignore the fact that Canada's vital interest today is in Big Three unity to guard the peace, in firm friendly relations on our part with Britain, the United States and the Soviet Union, based on the principles of the U.N.O. and Atlantic Charter. Our geographical position is such that if a new anti-Communist Axis is built to replace Hitler's Axis and, if war results from this, the destruction of the Canadian nation could well result. It is the essence of Canadianism today to fight against this and for the peaceful development of our rich and lovely land."

## WEEKLY RATION FASHION for a twosome

2 tokens remaining.						

An upside down meat loaf is an eye-appealing and palate-pleasing means of affording a party touch for week-end hospitality without infringing too greatly on your week's ration. To achieve such a goal, line the bottom of a greased baking dish with slices of cooked sweet potato, lightly sprinkled with brown sugar. Top with your very best mixture of ground meat (veal with pork or beef makes a good combination) artfully seasoned and strategically extended with crumbs and egg. When baked, turn upside down on serving platter and garnish with some vegetable greenery. As fat saved from meat cookery assumes a real significance these days, sausages are suggested for Monday to help you balance supply and usage. From the pound purchase you will be assured of a tasty dinner, as well as some extras to add a spark to a breakfast menu. While there's still an "R" in the month, an oyster stew will fit well into the meatless day pattern of Tuesday. For complete satisfaction accompany it with crisp crackers, strips of raw carrots, turnip and celery, and follow it with that favorite dessert you've been hesitating to have because it seemed a bit too much after the usual dinner. Middle of the week purchase is one pound of round steak. Half of this can be minced for Wednesday's meat patties. And these can be given that "something different" in flavor and texture by combining grated carrot with the seasoned meat. For Thursday, the rest of the round steak is scheduled to appear, along with unrationed kidney, in a succulent steak and kidney pie. You can ease the fat situation by exchanging its traditional pastry lid for a light biscuit one. An egg scallop is satisfying fare for Friday and is a quick trick if you combine mushroom soup with cooked macaroni and alternate it with sliced hard cooked eggs in a casserole. Cover with crumbs, oven heat until bubbling and browned, and partner it with some colorful vegetables. Lamb chops make a grand finale to the week's eating and go well with baked orange halves, scalloped potatoes and baked beets. The two remaining tokens will be useful to augment Saturday's purchase if you are in a convivial mood, or to lay away for a roast day.

### TWO VETS BUY PROPERTY UNDER REFUND SCHEME

Two ex-servicemen have so far taken advantage of the city's scheme, passed two months ago, whereby former general service men can purchase city-owned lots for home building at 50 per cent of their assessed value.

As passed at that time, the resolution allowed former volunteer members of the armed forces to purchase two lots at half price providing construction work on their homes was begun within a year of the purchase. A recommendation contained in last night's finance committee report, approved by council, limits the size of the affected property to 5,000 square feet—or two standard 25 foot-

shaped lots which might contain more than that footage. City Clerk H. D. Thain told council that he interpreted the resolution which limited the time allowed for building on the lots to 12 months as giving him power to charge the purchaser full price for the lots at the date of sale and to refund half the price if a start had been made on home construction within that period.

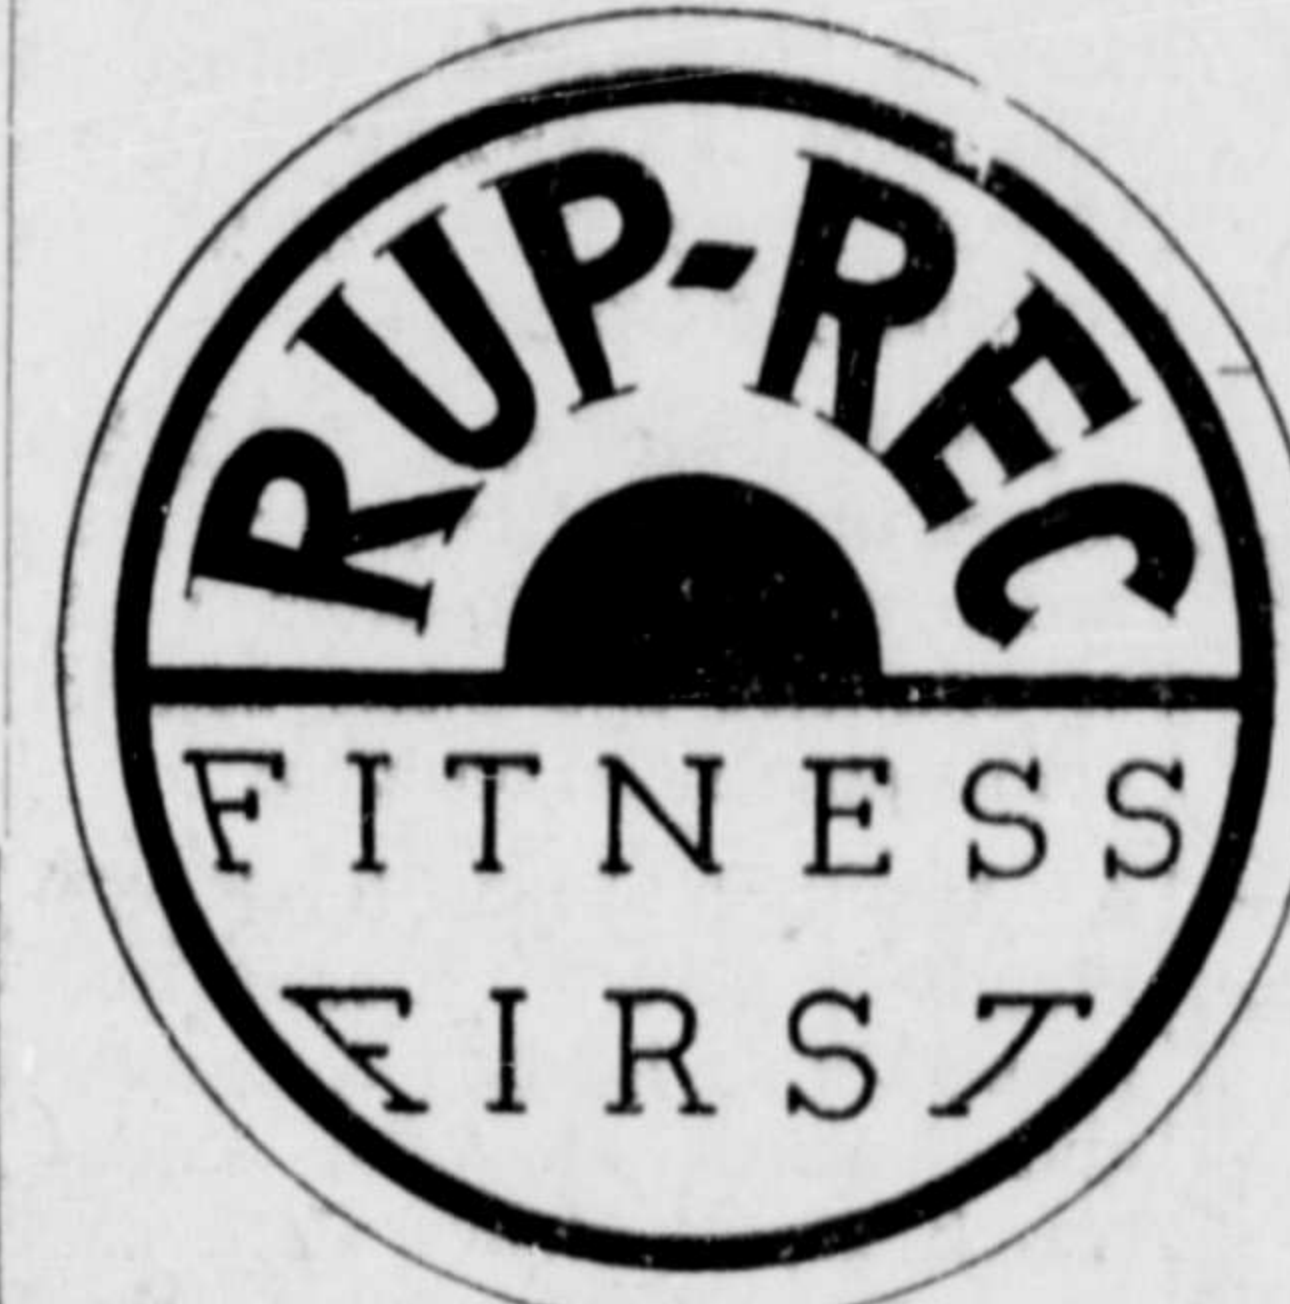

He said that it would tend to discourage any tendency for buyers to purchase the half-price lots for speculation purposes.

Buyer of one lot under the scheme is Victor L. Dell, a former air force man, who was authorized to purchase lot 20, block 7, section 6 for \$750, subject to a 50 per cent refund if

construction of his home is begun within a year.

The second was James M. Clark, who was granted permission to buy lots 1, 2, 21, 22, 23, and 24, block 41, section 8, a site on Eleventh Ave. E., for \$155, subject to 50 per cent refund on the two lots on which he builds his home, and on the understanding that the city will not be expected to install and maintain services on the property. The lots are beyond the present reach of utility services.

NEWCASTLE ON TYNE, Eng. —Peter Fanning, 31, who has never spent a clothes coupon in this city, still is wearing the trousers he bought in 1899. "I buy good clothes of the best materials and look after them," he says.

WHAT'S DOING AT PRINCE RUPERT RECREATION COUNCIL GYMS BY JIM NAST

MUSIC APPRECIATION — Those who enjoyed the music hour at the Y.M.C.A. for so many months will be glad to know that music appreciation evenings are being arranged again for Friday nights in what is now Prince Rupert's Civic Centre. G. R. S. Blackaby, who took over the program when the "Y's" Mr. Morrison left, has again come to the rescue and has made arrangements for the program and recordings for this coming Friday evening. Mr. Blackaby's knowledge of music and of good recordings will be of invaluable assistance in drawing up stimulating programs for this worthwhile cultural activity. It is hoped that there will be a good representation of the city's music lovers on hand on Friday night with the possibility of forming a music appreciation club and having all members take part in the planning of future programs. This would make for a more alive group of music enthusiasts and, also, take the full responsibility of program arrangement off the shoulders of one person.

NEW ROOM ARRANGEMENTS — Because of the great demand on the games room facilities by both adults and teen-agers, the games room arrangements in the centre have been altered as follows:

The large "common lounge" downstairs has been converted into a combination games and lounge room for the "intermediate" group (ages 13 to 18 years) and it will be fitted up with small games equipment, ping-pong table and pool table. The upstairs games room will then be set aside solely for adult use. An

upstairs lounge has been arranged with writing desks, easy chairs, etc., to provide accommodation for service personnel and others. It is felt that this new room arrangement should meet the requirements of all groups more adequately.

CIVIC CENTRE HOURS— There seems to be some confusion, at present, as to the hours of the centre. The building's facilities are open to the public from 2 p.m. to 10:30 p.m. on week days and by arrangement on Sundays.

WHAT'S ON TONIGHT— Junior Boys—4:30 p.m. to 5:30 p.m. Civic Centre gym.

# One-Third of your Dollar...

—Whether it's in a bank vault or a piggy bank, or in your jeans or hand-bag ...

## Yes ... one-third of your dollar

—Comes from Cheshire and Czechoslovakia, Patagonia and Peru ...

## It's the vital third

—The difference between good wages and bad, profit and loss, glut and demand ...  
IT'S THE EXPORT THIRD

## Maybe we can exist... and maybe not

—By growing just enough wheat for our own bread-boxes. And mining just enough gold to fill our own teeth. And taking in each other's washing.

## But can we continue to live

—In happiness and security, in the style Canadians are rightly accustomed to ...

## Unless we trade with the world

—And today build the markets which mean lasting prosperity?

# Everybody's in the Export Business

... and every foreign buyer is just as much a customer of yours as if you were dealing with him personally. So if you have to wait a little longer for some things you want, while we ship them abroad ... your patience will help to build Canada's foreign trade. And if you happen to be making goods that can be sold in other countries ... do such an outstanding job that your foreign customers will buy again. That is how to keep that vital one-third of each dollar coming ... and protect your future. No matter

whether you are employed in a store, factory, office or profession ... Canada's foreign trade is vital to you.

Some wartime controls on exports still remain in force, but the door is being gradually opened. An inquiry to the Foreign Trade Service of the Department of Trade and Commerce will bring the prospective exporter full information and advice. The Service maintains Canadian Trade Commissioners in twenty-four countries.

**MACKMEN WIN EIGHT GAMES**

WEST PALM BEACH, Fla.—The Philadelphia Athletics rang up their eighth spring training win as they overcame the Boston Braves 6-4 at West Palm Beach, Florida, Sunday. The Athletics and the Braves were in the first three innings of the game and the Athletics gave the Braves only two hits. Herman Franks and Joe Berry worked the bases and the Athletics allowed the Braves five hits.

**INDIANS WIN OVER YANKS**

MIAMI — The Cleveland Indians defeated the New York Yankees 4-1 yesterday as Pete Koenig and Harold Kleinschmidt pitched to five hits. Koenig's single drove in the winning run in the sixth. The Indians scored all of their runs off Koenig. Hank Edwards hit out a two-run homer in the first. Two more runs counted off the third on two singles and errors by First Baseman Andy Hassett.

**BOOTH STUDENTS FAVOR CREATION OF CIVIC CENTRE 'TEEN-AGE CLUB'**

Booth Memorial high school students look with high favor on the establishment of a "Teen-Age club in the Civic Centre. A questionnaire soliciting opinions on "What You Would Like to See in the Civic Centre?" brought forth a variety of answers, most general of which was for a "Teen-Age club with activities including dancing, dramatics and hobbies.

A contest among Bo-Me-Hi students for a name for the club is to be held in the near future. Outline of the club, as formed in the submitted opinions of the students, indicates that all members should belong to the Civic Centre and that one meeting each week should be devoted to club business. In addition to Civic Centre membership, a club fee should also be charged.

According to information received from the Civic Recreation Board, the common lounge of the building will be set aside for the "Teen-Age club and the ping-pong table and pool tables will be moved into it. The lounge will be open every night except Sunday.

The Booth Student Council is busy considering the results of the student questionnaire and

will submit to the Civic Recreation Board as representative high school opinion. It will be presented by an elected committee consisting of Frank James, Vicki Meuffels, Donald Hartwig, and Rupert Holkestad. Sports rank high in importance and among the recommendations received is one that the gym be made available for student use according to a definite schedule.

Organized gym sports such as badminton, basketball and tumbling were suggested in addition to ping-pong, tennis, bowling, billiards and roller skating.

Suggestions were also made for a well equipped library, a hobby room and a dramatic club. Consensus was that supervision should be at hand at all times the "Teen-Age Club is operating. It was also thought that a record room could be incorporated in the building and that action should be begun on plans for the swimming pool.

**Blacksmiths' Strike Hits Horse Training**

NEW YORK — The United States' leading horse trainer for 1945—Stanley Lipiec—says he has lost his job as conditioner because union blacksmiths have refused to shoe the horses he has trained. The trouble dates back to the strike at Gulfstream Park early this season when Lipiec entered horses against the wishes of the shoers.

Hold-out First Baseman of St. Louis Browns Taking Up Broadcasting  
ST. PAUL—The hold-out first baseman of the St. Louis Browns, Dick Siebert, has completed arrangements to broadcast games of the St. Paul American Association team. Officials of the station say Siebert will continue in his post of athletic director at Concordia College near St. Paul in view of his inability to reach an agreement with St. Louis baseball officials.

**BASKETBALL POT SHOTS**

Commencing this coming Saturday, basketball fans will once again be able to enjoy their favorite sport at the Civic Centre gymnasium where all league games will now be held.

The Armory for the past few months has been the scene of many an interesting game and has proven itself most valuable in accommodating local hoopers and their supporters when no other building was available.

In future, games will be held each Tuesday and Saturday evening with tonight's game the last one to be held in the Armory.

Celebrating the opening of the Civic Centre gymnasium, the Senior All-Stars will tangle with the Intermediate All-Stars in a game at the gymnasium on Wednesday of this week. Although defeated by the height and experience of the Seniors in their last encounter, the Intermediates are not yet convinced that they should take a back seat to their elders and promise to floor a strong squad to prove their argument.

A preliminary girls' game will find the Kinettes opposing the High School. With the students busily practising for their coming series with Ocean Falls and the Kinettes fully confident after their sweeping victories over Ketchikan, it looks as though this opener should pack plenty of entertainment for the fans.

An added attraction between these two games will be a grudge match between the Kinsmen Globe-Trotters and the sharpshooters of the Gyro. This game promises to be full of fun and fury.

During a recent printers' strike lasting 55 days, Seattle news-thirsty citizens paid fabulous prices for newspapers from other localities proving the necessity of daily newspapers to satisfy human wants.

**SHORT SPORT**

Montreal Canadiens need only one more victory to enter the final round of the Stanley Cup playoffs. The series resumes tonight. At Chicago Sunday, the Canadiens trounced the Black Hawks 8-2, their third straight victory in the best-of-seven, semi-final series. At Detroit in the other semi-final round, the Bruins took a two to one lead in games over the Red Wings with a 5-2 victory in the third game of their best-of-seven series.

Consternation among golf professionals was caused by a slow motion picture showing that Bobby Jones and Joyce Wethered had "unorthodox styles." That was 15 years ago today. The amazement did not last long because it developed immediately that many other famous players also broke most of the rules laid down by professional teachers.

Fifteen years hence a five-year-old Australian aborigine may be a pain in the neck to England's Test cricketers. The lad is being coached for pace bowling by his father, aborigine fast bowler Eddie Gilbert who bowled Bradman for a duck in 1931. Gilbert played against West Indian, South African and two English teams. Gilbert burned out quickly, new concentrates on making Eddie junior a Test bowler by 20. Eddie senior ran only a few yards to the wicket before delivering the ball, attributed to his amazing speed to waist and shoulder developed from boomerang throwing. So Eddie junior practises curling a child-model boomerang round a 20-foot distant clothes prop in the Gilbert backyard in Brisbane.

Prince Rupert Women Excited By Parade of Latest Creations at Rebekah-People's Store Show

Fashions for the first post-war spring were depicted in generous and charming array last night in Oddfellows' Hall before a large and excited gathering of Prince Rupert women which attended a pre-Easter display of latest Montreal and Toronto importations of style creations presented for the Rebekah Lodge by the Rupert People's Store.

The display features included evening dresses, suits, coats and dresses, afternoon frocks, sportswear, occasional dresses, lingerie and children's wear. An attractively adorned stage and procession ramp enhanced the setting for the effective and attractive models. Pink and white stream-

ers were used with rosette adorned pillars flanking the raised platform on which a large mirror was effectively placed.

In addition to the fashion show, there was an interesting musical program.

Miss Dorothy Joanson, noble grand of the Rebekah Lodge, was in general charge of the evening's arrangements while Mrs. Robert Strachan of the People's Store acted as narrator. Mrs. J. C. Gilker provided the musical accompaniment on the piano.

The models and costumes were as follows:

J. Smith also assisted with accompaniments.

Much interest was taken in the drawing for nylon stockings, the winners of which were Miss A. Johnson and Frank Derry.

## OUTSPOKEN DOCUMENT

A coldly outspoken document in word and picture is presented on the current bill at the Capitol Theatre here in the Academy winning short subject "Hitler Lives." The 17-minute picture does not suggest that Hitler still "lives" in the flesh but warns that the same old spirit of aggressiveness, desire for world conquest and superiority of the "master race" still exists in the hearts of millions of Germans who know no other attitude and would arise again by the same cold-blooded and barbaric means to gain their ends if given the opportunity.

Depicting the horrors of three Germanic wars of aggression—that of Bismarck, that of Kaiser Wilhelm, and that of Hitler—the picture advocates the strictest control of Germany by the strongest means possible as insurance against a possible war during a period of 60 years, the minimum time which would be

## MORE WIVES AND CHILDREN ON WAY

**HALIFAX**—Another large group of wives and children of Canadian servicemen will arrive from overseas on Wednesday when the Mauretania is scheduled to dock at Halifax.

The Cunard-White Star liner's passenger list includes 625 dependents, eight Canadian Army officers, 10 Canadian service women, 52 British service personnel and 153 civilians, including an advance party of the entourage of Lord Alexander, governor general designate.

The Army dependents include 156 wives and 113 children for western Canada. Going to all sections of the county there will be 80 wives and 27 children of R.C.A.F. members.

## Is Appointed to Vancouver Parish

Rev. (Capt.) J. E. Whittles, presently acting as area padre here following his return from overseas after serving from "D" Day through to the occupation of Germany with the Third Division of the Canadian Army, expects to be leaving in about two weeks for Vancouver to assume the rectorship of All Saints' Anglican Church in the Hastings East area. Capt. Whittles, before entering the Army chaplaincy early in the war, was Anglican rector at Burns Lake.

The habit of saving in youth moulds responsible citizens. Such training is attained by newspaper carrier boys as illustrated by the \$600 in war bonds saved in two years by a 14-year-old newspaper carrier boy.

Sophistication in a suit  
Made in the Bond Manner  
Speaks of expense,  
Tho' the price is easy.  
It's a touch here, an interpretation there,  
Generous hand stitching where it does most good.  
Customized tailoring always.  
Sophistication—the you of your measurements.  
Translated—as only Bond can do it—  
With the finesse you'd expect of  
The costly tailleur.
