## France Spain to Be Probed

United Nations Security Council Votes in Favor of Investigation

NEW YORK (CP)—The United Nations Security Council today voted in favor of an investigation into Franco Spain. The vote was 11-0, with the Soviet Union abstaining. The resolution calls for an immediate investigation into the situation in Spain, and for the removal of arms and military personnel from the country. The vote was taken after a lengthy debate, during which the Soviet Union argued that the investigation should be limited to the actions of the United States and its allies.

## Crescent Makes Emergency Run Here With Sick Crewman Aboard

H.M.C.S. Crescent, modern Canadian destroyer, which is heading northward on a training cruise, made an unscheduled stop at Prince Rupert Sunday afternoon to disembark a sick crew member for treatment at Prince Rupert General Hospital.

Using a greater part of her 36-knot speed in an emergency run from Naden Harbor, Crescent docked at 4 p.m. at the C.N.R. wharf to put ashore Officer Cadet George Osborne of Montreal, said to be suffering from a respiratory infection.

The sick cadet was met by the city ambulance, whose attendants, Mr. and Mrs. Richard Woods, whisked him to hospital as soon as he was put over the side in a jacket stretcher.

Then Crescent's captain, Commander P. C. Nixon, R.C.N., moved his ship to the Navy wharf where she remained all night, sailing this morning in continuation of her cruise.

Although her stop here on Sunday was unannounced, except to those with a functional interest in the arrival of the sick man, a crowd of several hundred people with "grapevine" information were on hand at the C.N.R. wharf by the time Crescent's lines were tossed ashore.

The sleek gray destroyer is scheduled to make an official visit to this city later this week, arriving at 4 o'clock Thursday afternoon, and remaining until Saturday. There was no civic activity in connection with her visit Sunday, but an official civic welcome is planned for Thursday.

Carrying 53 officer cadets and a complement of 100, Crescent has been cruising northern coast waters for the last week. She will go as far north as Stewart, then return southward, stopping for three days at Prince Rupert. On her way north she spent three days at Ocean Falls, and it was shortly after leaving that port that Cadet Osborne took sick.

Crescent was cruising off Naden Harbor on the south Queen Charlotte Islands when the emergency arose. She immediately began a speedy run for Prince Rupert.

## CHINESE TRUCE EFFORTS FAIL

CHUNGKING — Efforts to settle the fighting in Manchuria broke down today, the utmost efforts of General MacArthur being insufficient to bridge the chasm between the Chinese National Government and the Communists.

All sides revealed that settlement of the civil conflict faced an indefinite delay with the government refusing the newest truce proposal and the Communists demanding strongly favorable terms on the basis of their military successes.

## COMPULSORY PASTEURIZATION

VANCOUVER — Compulsory pasteurization of milk was favored at a convention of sanitary inspectors here.

## CANADIANS DIED OF BEATINGS BY JAPS; HONG KONG VET HERE

Unrestrained brutality and deplorable living conditions which prisoners-of-war had to endure at the hands of the Japanese are confirmed by young Pte. Edward William Query of Winnipeg. He is visiting in Prince Rupert with his uncle and aunt, Mr. and Mrs. William Hall following his recent discharge from the Canadian Army in

weight, Query was reduced at one time to 105 pounds. Following the fall of Hong Kong, Query was put to work as a laborer with pick and shovel on extension work to the Hong Kong airport. In January 1943 he was removed to Yokohama where he remained until May 3, 1945, engaged in work in the shipyards, then moving to the Sendai area where he was put to work in the coal mines.

Slugged and Beaten Daily

Sluggings and beatings by the Japanese bosses or guards were the daily experience of the prisoners. Query related in an interview with the Daily News. This mistreatment was inflicted with the slightest of provocation and the prisoners were smitten with anything that came to hand. Some of the Canadians were known to have died of having been beaten unrestrainedly.

On the airport work in Hong Kong the prisoners were taken from camp at 4 a.m. and not

### COULDN'T TAKE IT

FORT ST. JOHN — An 84-year-old man collapsed when he heard that the P.G.E. was to be extended to Hudson's Hope where years ago he had started a store in the hope that a railway would be built into the Peace River.

### NARCOTICS STOLEN

VANCOUVER—Drugs valued at \$2000 were taken from the dispensary of the Vancouver Military Hospital when a small safe containing them was removed.

## PREDICTS BIG STRIKE AHEAD

HAMILTON, Ont. — Clarence Jackson, Canadian director of the United Electrical, Radio and Machine Workers of America, predicted at a week-end conference here a major strike movement in the steel, mining, rubber, electricity and lumber industries within a month.

## If Dominion Proposals Are Accepted There Will Be Relief Of Federal Taxes

### Personal Income Impost Will Be Lowered and Element of Double Taxation On Corporated Income Reduced

OTTAWA (CP)—Prime Minister Mackenzie King told a plenary session of the Dominion-Provincial conference today that, if federal proposals to the provinces are accepted, the personal income tax will be lowered and the "government also intends to reduce the element of double taxation of corporate in-

come with its tendency to discourage risk-taking enterprise."

Addressing the conference as it met in open hearing for the first time since last August, Mr. King reviewed the Dominion proposals as modified at camera meetings and offered some new changes in the light of developments at the current meetings.

The Dominion Prime Minister said that, "in its proposals as they stand, the Dominion government feels it has gone as far as it possibly can in the light of its very heavy financial obligations. While we have not shut the door to possible alternatives or adjustments, any such modifications will have to be on the basis of financial equivalents."

The federal government was ready to withdraw from the gasoline tax field if the provinces were ready to accept reduced subsidies or if the Dominion was allowed to withdraw its offer to pay fifty percent of the cost of pensions to needy persons between 65 and 69 years of age. It was estimated that these pensions would cost the Dominion about \$20,000,000 annually.

The Dominion was also ready to give up amusement taxes if the provinces agreed to forego health grants which the Dominion proposed to pay.

Mr. King said that one of the main reasons for the proposal that the Dominion alone should levy income and corporation taxes and succession duties was that it would impose the least possible discouragement to expansion of business activity and employment.

The 1942 wartime taxation agreements under which the provinces gave up income and corporation taxes in return for specified payments are scheduled to expire between November and next April.

### Drew Would "Rent"

## TOJO TO BE ARRAIGNED

TOKYO—Wartime Premier Hideki Tojo of Japan and 27 other wartime Japanese leaders will be arraigned on war-crimes charges May 3. The formal indictments which already have gone to the international tribunal charge Tojo and his associates with committing war crimes on 55 counts ranging from murder to a conspiracy to conquer the world.

## SOVIET GIVES CO-OPERATION

WASHINGTON—UNRRA director general Fiorella LaGuardia said here last night that Soviet authorities have given the agency's mission in the Ukraine "complete co-operation."

## FIRST SECTION OF HALIBUT FLEET HEADS FOR FISHING GROUNDS

Waters of Prince Rupert harbor today were tracked with the wakes of more than 30 halibut boats which sailed for the fishing grounds in Hecate Strait where they will lower their gear for halibut on Wednesday.

Preparatory to the official opening of the 1946 halibut season, masters of the

A-to-L name group of the Prince Rupert fleet crowded the customs office this morning to obtain clearances for their vessels in time to give them an opportunity to reach the grounds by the opening date of May 1.

With their gear all in shape by Saturday, most of the vessels took on their ice loads at the port's three cold storage plants on Sunday. A few of the boats left early this morning but most raised their lines for the westward about noon.

Among the section which sailed today were two new vessels which were built during the winter. They were the All-Star, owned and skippered by Fritz Mostad, which was built at McLean's Boat Works at Seal Cove, and the Five Princes, whose master and owner is Jack Prince. Five Princes was built by Crawley and Didricksen.

## NEWSPAPERMEN TO VISIT CITY

Prince Rupert will be host to a party of newspaper circulation managers, representing daily newspapers in British Columbia, Washington, Oregon and California on May 18. The trip to Prince Rupert will be a feature of a conference of coast circulation managers, Mayor Daggett has been advised, and he has asked if the city will provide entertainment for the party while it is in the city for about 12 hours.

Mayor Daggett said that he will appoint a committee of citizens to arrange the entertainment. The group, totalling about 30 newspapermen and their wives, will arrive on the Princess Adelaide and presumably leave on the same boat on the night of May 18.

Mayor Daggett has been asked if a tour of the cold storage plants and other places of interest in the city could be arranged.

## Trying to Settle Colliery Strike

WASHINGTON — The United States government has stepped up its efforts to settle the 28-day soft coal strike by naming a special conciliator and calling for a renewal of contract negotiations. The negotiations were suspended two weeks ago.

**Congratulations, Col. Mellom**

The many friends and acquaintances — indeed all the numerous Prince Rupert people with whom he came in contact one way or another during his period of command of the Prince Rupert sub-port of embarkation — will concur in the award of the Legion of Merit to Col. John H. Mellom as announced in the Daily News on Saturday. Good soldier and perfect gentleman, Col. Mellom was not ostentatious type of officer—to the contrary he was quiet and unassuming in manner and methods—but he had the genius of getting things done and, during his tenure here, there was plenty to do. At the same time he had the faculty of winning the friendship and admiration of all those with whom he became associated. Here in Prince Rupert there will be many to join in the congratulatory satisfaction at the bestowal of a well deserved reward in recognition of a job well done.

**Socialists and Communists**

The Dominion secretary of the Co-operative Commonwealth Federation in Canada, sounds a warning against the Canadian communists and their disruptive tactics in the Labor movement. No less a person than the Labor Prime Minister of Great Britain declares the communists are essentially undemocratic and only give lip service to true socialism. The president of the United Automobile Workers of America bans communists from union payrolls as being in the service of a foreign power.

When the "good" Socialists both here and in the Motherland and in the United States see it fit and necessary to issue warnings of this kind against the active proponents of the

Russian system we who have been classed as calculating and wilful advocates of the "capitalistic" system because we have criticized the communists and their ways wonder what motives they may have to attribute to their less radical socialistic "comrades" in this coincidental outburst of warning and criticism.

As for us, we expect we will again be accused of fomenting disunity in the ranks of the workers by even mildly referring to the existence of the disunity which so obviously exists.

**Cause of War**

Canadians who would share their last morsel with companions in common peril, must go the limit in sharing food with the starving millions of the world.

Here at home five Canadians go prospecting. They lose a canoe and a large part of their supplies. Food runs low and game is scarce. They share their food to the last crumb, giving most to the weakest. Civilized men play the game that way at the risk of life.

As a nation, twelve million Canadians cannot close a far-from-bare national cupboard while millions die of starvation.

In the case of the prospectors there is an immediate personal need and an inescapable duty. In the case of the nation there is an impersonal foreign condition. Our principles demand that we open our eyes and hearts and our cupboards to save millions.

We must share fully the food we have. We encourage our own unemployed people to produce food. We cannot prevent production from our idle land by shutting the nation's doors on those who would come in and grow food, share it with us and feed the starving peoples of the world.

The cause of war lies in the failure of nations to give effect to their principles. The cause of the next war is right here in Canada, as well as abroad. The only effective means Canadians can employ to avert the next war, is in their own hands. Canadians and Americans must put their principles more fully into practice or perish by their own atomic sword.

BRITAIN'S MINISTER OF HEALTH—Rt. Hon. Aneurin Bevin, Minister of Health in Britain's Labor Government, has been Labor Member of Parliament for Ebbw Vale, South Wales, since 1929. The son of a Welsh coal miner, he began his career in the mines at the age of 13. He became prominent in the councils of South Wales Miners' Federation and was elected to the local Urban District Council after his return from a Labor College. His wife, Jenny Lee, the daughter of a Pifeshire miner, is also a Labor Member of Parliament.

**BIG BUSINESS AND CO-OPS**

Editor, Daily News:  
Regarding the advertisement about personal income tax being \$50 more than it should be.

In the first place I do not belong to any co-operative of any kind but I was very much amused by said advertisement as it was very timely since April 30 is the zero hour for income tax returns.

I do not lean to any political party but realize this, the government of Canada figured the war would last for another two or three years so have spent millions of dollars and when the war suddenly ended they found they were on the short end. Also the government has been playing up to big businesses from start to finish, forgetting the shipyard, aircraft, fishermen and co-operative workers, who are the real patriots as far as Canada is concerned.

Re your itemized account:

1. How can private small businesses compete against big businesses? Just leaving the co-operatives out of it.

2. The co-operatives will never swallow up competitors in small businesses.

3. In my opinion, and I guess like a lot of other taxpayers, I would prefer the co-operatives to the way the government has played into the hands of big business.

4. Last but not least, the federal government has squandered

so much money foolishly, if I may say so, that it would be very convenient if they could collect from the co-operatives and small businesses to pay their debts, and they have already made a start in that direction.

TAXPAYER.

**Canadian Nickel**

*brings you Woollen goods*

AUSTRALIA is the world's largest producer of fine wool. Canada is the world's largest producer of Nickel.

Wool is Australia's chief export. Less than three per cent of the Nickel produced in Canada is consumed in Canada. The rest is exported, and the money received helps to pay for Australian wool and other products necessary to good living in Canada. Canada cannot keep on importing from other lands unless Canadian goods are exported.

Also, we must continue to export Canadian Nickel if we are to continue to employ thousands of Canadians in the Nickel mines, smelters and refineries, and other thousands who produce the lumber, power, steel, machinery and supplies purchased by the Canadian Nickel industry.

By constantly expanding the use of Nickel at home and abroad, the Canadian Nickel industry brings additional benefits to Canada and Canadians.

**PAKISTAN DIVISION**

Separate Moslem State Sets Major Parties at Odds

NEW DELHI. — The issue of Pakistan—partitioning of India into two separate autonomous states—appears to be the main stumbling-block in the way of discussions between Indian leaders and members of the British cabinet mission, a consensus of leaders of the principal political parties, reveals.

Members of the mission—Sir Stafford Cripps, president of the board of trade Lord Pethick-Lawrence, secretary of state for India and A. V. Alexander, first lord of the Admiralty—were sent by Prime Minister Attlee to confer with Indian leaders on steps leading to full self-government.

The Pakistan issue has divided India's two most powerful parties, the Indian National Congress Party, favoring political unity for India, and the Moslem League, which advocates a separate Moslem state. Comments from Indian political leaders follow:

Maulana Kalam Azad, president of the Congress Party: "I am fully satisfied with the progress made and with the spirit and atmosphere in which the talks are progressing. The present atmosphere of distrust between the Moslem League and the Congress is temporary. When India receives her freedom, Moslems and Hindus will be compelled to have confidence in each other."

Mohammed Ali Jinnah, president of the Moslem League: "Federation would be dominated.

as the Congress is dominated, by Hindus. So far as Moslem India is concerned, the conception of a United India is impossible. If any attempt is made to force a decision against the wishes of Moslems, Moslem India will resist it by all means and at all costs."

Pandit Jawaharlal Nehru, Congress leader: "Congress is not going to agree to the (Moslem) League demand for Pakistan under any circumstances, even if the British government agrees to it."

Ta-i Singh, Sikh leader: "If the Pakistan theory is accepted, the Sikhs will insist on creation of a separate Sikh state."

Sir Tej Bahadur Sapru, Liberal leader, favored immediate establishment of an interim government which would discuss the question of Pakistan.

**CAPT. ROBERT BARTLETT DIES**

**Noted Explorer, Who Visited Prince Rupert Years Ago, Passes Away**

**NEW YORK** — Capt. Robert A. Bartlett, aged 70, famed Arctic explorer, died Sunday after suffering an acute kidney and heart condition. He was best known as having accompanied Admiral Robert Peary in an expedition in 1909 that led to the discovery of the North Pole.

Capt. Bartlett visited Prince Rupert years ago with his famous old schooner, Effie Morrissey, on which he took an expedition of the American Academy of Natural History to the Aleutian Islands and Bering Straits area. He had previously been in that area with Vilhjalmur Stefansson.

Lt. H. T. Collison R.C.N.V.R., who has been in charge of the dismantling of the wartime boom defence of Prince Rupert Harbor, is leaving on the Princess Adelaide tonight for his home in Victoria, his work here having now been completed.

Mr. and Mrs. J. Hutton, Mr. and Mrs. J. E. Kirby and William Smith left last week to spend a couple of months in Vancouver. Messrs. Hutton, Kirby and Smith are officials of the Dominion Construction Co. which has closed down work temporarily on the construction of the Prince Rupert Fishermen's Co-operative fish liver processing plant.

Two Cups Come West—

Calgary Stampeders Win Senior Amateur Hockey; Winnipeg Junior Champs

Western Canada teams have won both the junior and senior amateur hockey crowns. Saturday night in Edmonton Calgary Stampeders won the Allan Cup and the Canadian senior title while in Toronto the underdog Winnipeg Monarchs captured the Memorial Cup and the junior championship. Calgary won the Allan Cup by edging out Hamilton Tigers 1-0 to take their best of seven series four games to one. Winnipeg copped the junior title by whipping the highly favored St. Michael's College of Toronto 4-2 in the seventh and deciding game of their series.

Calgary's victory marked the first time that an Alberta team ever won the Allan Cup. It also brought the silverware west for the first time since Regina Rangers won it in 1941.

It was a tough game for the Tigers to lose. The goal that beat them was scored by little Archie Wilder near the midway mark of the second place. Losing the game and the series by that goal was a bitter pill for the Tigers to swallow for their great goalie, Art Childs, partially blocked Wilder's shot. The puck

flew through a maze of players but Childs was able to get his hands on it. He juggled it, however, and it fell into the cage.

Junior Game Close Affair

The junior game was close until the final minutes of the third period when George Robertson scored twice for Winnipeg to give them the game and series. The victory brought the west the Memorial Cup title for the fifteenth time in 28 years of play. A crowd of nearly 16,000—a record for a junior game in Canada—watched the Monarchs defeat the defending champions and prevent them from becoming the second team to win the title in successive years.

The teams were tied 1-1 at the end of first period and 2-2 at the end of a sizzling second. St. Mike's took the lead on a goal by Fleming Mackell but Clint Albright tied it up shortly afterwards for Winnipeg. Two minutes after the second period opened the Winnipeggers took the lead for the first time when May scored. However, less than two minutes later Bobby Paul evened matters for St. Mike's. The score remained that way until Robertson, shifty Monarch forward, scored twice on his two sensational third period plays.

SHORT SPORT

The slugging New York Yankee outfielder—King Kong Charley Keller—has taken over the Major League batting leadership. Keller had a perfect day at the plate Saturday with three hits and two walks in five times at bat and it boosted his average to an even 500. Keller now has twelve hits in twenty-four times at bat. Whitey Wietelmann of the Boston Braves is second with a .471 average followed by Vern Stephens of the St. Louis Browns who is hitting at a .429 clip.

Brooklyn Dodger's leading hitter last year—Goody Rosen—and first baseman Jack Graham have been sold by the Dodgers to New York Giants for an undisclosed sum of cash. Rosen, a thirty-two year old product of Toronto Sandlots, led the Dodger hitters in 1945 with an average of .325—the third highest in the league. The accent was placed on youth in this year's club and he failed to break into the regular line-up.

Babe Ruth is going to Mexico—but he says, it is just a visit and not to play baseball. Ruth says he will fly to Mexico City on May 8 to spend a couple of weeks there at the invitation of the president of the Mexican Baseball League, Jorge Pasquel. It has been rumored that Ruth was going south of the border to confer with Pasquel about an executive position in the Mexican League. But Ruth declares: "About that, I know nothing."

The stout locomotive, about three-quarters the size of engines used in Canada's Rockies averages 40 feet a minute in the steep climb. The trip, organized by the Canadian Colony in Lima, took the entire day.

Climbing out of Lima's tropical sea level atmosphere, the Canadians soon put on warmer clothing as they neared higher levels where the climate was comparable to a dull winter day on Canada's Pacific Coast. After five hours of climbing the train reached Rio Blanco. On the re-

WHAT IS HOME WITHOUT A GARDEN?

BREAKING MONOTONY — Slopes, curving paths, walls and similar features should add to the attractiveness of any garden layout. They must, however, be properly treated. The first essential is naturalness. If there is no reason for a wall or a curve in the path, and if one still insists on having one, then some reason should be provided. A tree, a group of shrubbery or a turf will provide the excuse for a sweeping curve in the path, and one can always have a low wall screening off a garage or the kitchen garden. The slope requires more care. Nothing is quite so artificial as an unnecessary mound in the middle of a lawn, but where the ground does slope gradually one can make two separate levels and join these with a few steps, a bit of rock garden or a clump of shrubbery. Or if the separation is not too great, here is an ideal place for a low stone wall, in front of which but not completely hiding it, clumps of shrubbery and flowers are grown.

PATHS AND ROADWAYS— There are dozens of good materials for garden paths and roadways. Much will depend on what is available locally. Where there is not going to be too much traffic, grass paths between flower beds will be satisfactory. Across the lawn, or where many feet will pass, something more enduring, like flag stone, brick, cinder or crushed gravel are advisable. For the sake of the man with the lawnmower it is desirable to have stones or other material as flush as possible with surrounding sod, and gravel, cinders, etc., should be fine and preferably pressed firmly so that they won't scatter on nearby grass. For roadways, crushed gravel, concrete, rolled asphalt, bricks, cinders, flag stone embedded in concrete, are all suitable. Where a loose material is used most gardeners keep weeds down by applications of commercial weed killers waste oil or rock salt. These help to bind gravel, too, keep down dust and discourage frost.

SPECIAL FLOWERS—Listed in any good seed catalogue will be flowers that fit special locations. Some like damp spots, a large number prefer partial shade and a few actually thrive best in a

WE ARE A Moderate People

CANADA has set an example to all nations of the world in its control of wartime prices. This great record was made possible by the wholehearted co-operation of the Canadian people with their Government's anti-inflation measures. Now that the war is over, Canada's fine record should be maintained... by moderating our pleasures, by controlling unessential spending, we continue to serve our nation and others best. The staple necessities of life have priority calls on our money and our efforts. Unnecessary spending at this time will bid up prices on everything that is still scarce and will serve only to devalue all our personal wealth and that of the nation. The House of Seagram for many years has advocated moderation and now suggests its continued careful observance in these times. Let moderation in all we do be the keynote for lasting stability.

Queen's Designer Modelled Lady Alexander's Wardrobe For Trip to Canada  
By DENISE DALTROFF  
Canadian Press Staff Writer

LONDON (C)—Lady Alexander, wife of Canada's new governor-general, took with her to Canada a wardrobe prepared by two of London's most famous dress designers, who aimed at combining elegance with practicality. Both day and evening clothes were designed by Norman Hartnell, who makes many of the Queen's dresses, and Angèle Delanghe.

For travelling Hartnell designed a severely-tailored suit of green with matching overcoat. With it is worn a blouse of pale pink and a stitched beret of the same tweed as the suit.

There is also a day dress in green with yoke effect, tied in at the waist, and a cocktail dress of brown wool with a short skirt and short matching jacket. The dress is embroidered with copper and gold and worn with a brown felt hat trimmed with cog feathers.

Among other dresses designed by Hartnell is a dinner gown in stiff sapphire velvet. The slightly draped bust is set on a diamond shaped front waist, pulled into a separate belt at the back. The sleeves are long and fitted and the skirt flairs out from the hips by virtue of the stiffness of the velvet.

Lady Alexander has an evening gown of heavy brocade reminiscent of a century ago with a small floral design of cherry color on a shot design and white background. The skirt is fitted to the knees, then becomes full to the ground and is about a foot longer at the back than

**HOPING FOR MUNICIPAL RELIEF—REVIVING INTEREST IN TENNIS**

The Village Commissioners and the Clerk attended the hearing in Prince Rupert Wednesday last of the provincial-municipal relations commission and presented their brief. They expressed themselves as hopeful that their argument will result in an improved financial outlook for the municipality. The brief was

**Coupon Calendar For May Rations**

a short document but it stressed three main points: (1) That the village revenue is insufficient to efficiently maintain the village services; (2) That the village was originally incorporated because certain government grants were available and that most of these grants were discontinued during the depression and have not been resumed and; (3) That the provincial government makes revenue from the village by the sale of wine, spirits and beer and also from certain licences and after covering the costs they should return to the village a just proportion of any surplus, maintaining their share of the village streets and paying their proportion of police expenses.

The Tennis Club is endeavouring to revive interest in the game here. A meeting was held a few days ago by members of the old club when it was decided to hold a further meeting to be held on May 14.

The Misses Jean and Onnolee Kirkaldy and Miss Edna Toop are enjoying a brief holiday in Prince Rupert.

Miss Freda James and Miss Joan Macdonald, local school teachers, have returned after a holiday spent in Prince Rupert.

**DEATH OF OPERATOR**

Hugh Williams—Passes Away at Skeena River Post  
Hugh Williams, Canadian National Telegraphs operator at Kwinitsa for the last three years, passed away at the Skeena River village on Saturday at the age of 56. He will be buried here on Wednesday.  
Born in Winnipeg, the late Mr. Williams was a veteran of the first World War, and is said to have been a member of the Canadian Legion. He worked for several years as a telegraph operator on the Northern Alberta Railways before joining the Canadian National Telegraphs. He had been operator at Kwinitsa since 1943. He is survived by his wife at Kwinitsa.

**FEW FORTUNES IN BRITAIN NOW**

LONDON (C)—Britain's war-time tax burden is levelling out the range of private incomes. The number of taxpayers has almost doubled since 1938-39. But last year only 60 persons had more than £6,000 (\$27,000) left after income tax. There were 7,000 before the war.  
Here are the 1944-45 figures for various ranges of income after taxation, with 1938-39 figures in brackets:  
£150-250, 7,400,000 (4,500,000);  
£250-500, 5,050,000 (1,320,000);  
£500-1,000, 830,000 (450,000);  
£1,000-2,000, 188,000 (155,000);  
£2,000-4,000, 33,050 (56,000);  
£4,000-6,000, 890 (12,000);  
£6,000 and over, 60 (7,000); total taxpayers 13,509,000 (7,000,000).

the front to form a tiny train. It has a narrow belt of red paillettes. The heart-shaped decolletage is low in front but follows the neckline at the back. The short sleeves are caught above the elbow into tight cuffs; the shoulders are squared and the waistline low.

Another of Hartnell's designs for Lady Alexander is a dinner gown of wine velvet, modelled on Empress lines. Embroidery of transparent and opaque violet studs, set into gold, outlines the neck and crosses over the bust, and the sleeves are short and puffed.

Angèle Delanghe has also designed both day and evening clothes for her. Among them is grey flannel dress and jacket. The dress is plainly tailored with slightly flaired, panelled skirt. The jacket buttons up to the two small revers and has a box pleat on each pocket.

Another ensemble is a royal blue dress and jacket with midnight blue overcoat. Here again the dress is on simple tailored lines and the jacket is collarless with two small epaulets on each shoulder. The revers are buttoned back and the buttons are strung on with the material instead of being sewn on. The midnight blue coat has plaster lion buttons and large revers from the neckline going over each shoulder to form epaulets and continuing down the back to the waist to form a V.

Delanghe has also designed a printed dinner dress in cornflower blue on a white ground. The skirt is slim fitting with a draped band twined round from the hips to the bottom of the skirt. It has a simple V-shaped neck with loose fitting sleeves on the magydar line.

Another evening dress is in midnight blue slipper satin with loose tiers of lace at the back forming a bustle and inserted at the back of the bodice and up over the shoulders to form soft cape sleeves. The neckline is very low in front with a rolled lip edge.

Lady Alexander also has a black lace dinner gown with softly draped bodice and skirt with two pink water-lilies attached below the square neckline.

**WEEKLY RATION FASHION for a twosome**

Weekly Meat

SUN.	MON.	TUES.	WED.	THU.	FRI.	SAT.
Broiled Steak	Veal Ragout	Fish Dish	Baked Sausages	Grilled Lamb Chops	Curried Eggs	Meat Loaf
Group C	Group C	unrationed	Group D	Group C	unrationed	Group C
1 lb. 4 tokens	3/4 lb. 3 tokens		1 lb. 3 tokens	1/2 lb. 2 tokens		1 lb. 4 tokens
Monthly Sugar-Preserves						
2 lbs. sugar	2 qts. maple syrup	1 tin fruit and 1-12oz. jar jam or marmalade	10 lbs. canning sugar			
2 coupons	1 coupon	1 coupon	10 coupons			

The ration budget of a twosome will allow a steak for Sunday eating. On Monday, veal ragout will provide a meaty meal. On Tuesday you can have recourse to fish fillets done to your liking. One pound of sausage will take care of Wednesday's dinner, as well as an accompaniment to Thursday's lamb chops or a breakfast special. Curried eggs can hold the spotlight on Friday. Saturday's meat loaf allows for guests, or cold cuts for Sunday supper.

The month of May ushers in the canning season, for which each ration book holder is allotted ten pounds of sugar—the same amount as last year. There are no specific coupons set aside for this purpose, but ten extra sugar preserves coupons, each good for one pound of sugar or for other items on the sugar-preserves ration if you do not put up your own fruit, will be validated. The first five of these, S8, S9, S10, S11 and S12 become valid on May 2nd, the rest on July 4th.

It is not necessary to use these immediately if the fruit you plan to preserve is not in season. If however you do buy sugar now for later use, it would be wise to label it "canning" and set it aside for such. The important point to remember is that just ten coupons will be granted for the season, and it is up to you to plan their wise and efficient use so that you can highlight next winter's meals, whether you do your own canning or purchase preserves items at the store.

In addition to the canning sugar, two regular sugar-preserves coupons become valid, S13 and S14 on May 16th. The purchase pattern outlined above suggests how a twosome might use them to provide a modest amount of sugar, some fruit, and the seasonal maple syrup (its coupon value reverts to 48 fluid ounces May 31st).

## Portrait of Hitler Brings Two Dollars

AUCKLAND, N.Z., (P) — A framed portrait of Hitler, even with the added attraction of an authentic autograph, failed to excite brisk bidding when it was offered at an auction sale of the effects of a former member of the German consulate. It was sold to a Christchurch man for two dollars.

Before he was deported under diplomatic immunity in September, 1939, the owner, Herr E. Runz, told a packer: "Crate them carefully and put them in store. I will be back in six months."

His ornate and luxurious furniture, wine and champagne glasses and hunting trophies had had to wait longer than that for the return of the representative of the victorious Reich. Apparently he became less confident after leaving New Zealand and his effort to return home seems to have lapsed after reaching Java, as the auctioneer has been instructed to send the proceeds of the sale there.

## CANADIANS DIED

(Continued from Page 1)

brought back until 8 p.m. There were three meals a day but what meals! Rice and greens soup for breakfast, two coarse buns at midday, rice and soup again at 8:30.

Food conditions were somewhat better for a time at the Yokohama shipyards with a little meat, considerable fish and even some sweetbreads but, even there it was eventually back to rice and soup as all of Japan had to tighten its belt.

In the mines at Sandai, as Japan approached its extremity, conditions were worse than ever.

The prisoner of war received 10 sens (1c) per day for his work. One hundred sens equal one yen. For 10 yen one could buy five cigarettes on the black market in Japan. For a while at Yokohama there was a daily allowance of three cigarettes if one worked but this finally got down to one a day.

Deplorable and filthy sanitary conditions, worse than people who lived in the high standards of Canada could even imagine, were described by the young veteran. Lice, fleas, bedbugs, cockroaches, rats—all the camps abounded with them. All of this, added to the ill-treatment and low food standard, of course, went to undermining health.

Towards the end, the Japanese were being reduced themselves to living conditions little if any better than that imposed on their prisoners.

Red Cross Parcels Helped

One of the welcome things during the dreary years of imprisonment was the receipt of the Red Cross parcels at Christmas. In the winter of 1944-45 there were parcels at Christmas, New Year and February. However, the Japanese, although they were known to have the parcels, were inclined to hold them back. But some of them got through and they were like "a gift from Heaven."

Liberation for the survivors of the two Canadian regiments—Winnipeg Grenadiers and Royal Rifles—who were captured at Hong Kong, came in September 1945. "We left Sendai September 9 for Tokyo where we were placed aboard the American battleship Iowa and transported back to Tokyo," recalled Query from Tokyo they were flown to Guam whence a 16-day voyage by transport took them to San Diego and then on to Seattle. Query was discharged at Winnipeg March 20. He plans to return there in about a month and will decide on his plans for the future which are so far admittedly vague.

## MACEY'S DEFEAT INVERNESS IN HOOP EXHIBIT

Macey's intermediate basketball squad polished off an invading team from Inverness Canney in the Civic Centre gym Saturday night, handing the visitors a 70-33 defeat in a one-sided contest which, nevertheless, seemed to satisfy the fans who crowded the galleries. In the junior preliminary game, Watts and Nickerson handed out a 27-14 defeat to an aggregation of Junior All-Stars.

Both games were exhibition features, culminating the winter playing season whose regular schedules have been completed.
