The restaurant where the food is believed to have been served is closed while an investigation proceeds.

Local and Outside Interest-Mayor Reports on Highway

At a meeting of the Prince Rupert Industrial Development Committee Tuesday night Mayor H. M. Daggett, who was in Victoria recently, gave a detailed report of the many contacts made with the British Columbia cabinet as a group and with the individual members. The assistance given him by the local member, W. H. Brett, and Hon. E. T. Kenney was acknowledged. A vote of thanks was accorded the Mayor for his successful undertaking. It was felt that only required a steady and persistent follow-up to make the results effective.

In connection with the settling of the jurisdiction over the Skeena Highway the mayor's report of the keen interest shown in it by Premier John Hart was felt encouraging. The committee endorsed the action of the local Senior Chamber of Commerce in its efforts to have the delegation from the B. C. cabine: take the matter up when it visits Ottawa for the Dominion-provincial conference shortly.

She was taken to hos- home at Saskatoon. Miss Joyce pital where her condition was owns her own plane and dog described as not serious.

Lesser burns were suffered by three inmates.

Scores of people watched the spectacular fire, many helping residents of the apartment block to move their furniture and household effects into the street. Among the first to the scene

of the fire was Mayor H. M. Daggett, who with Stewart Johnson, George Stanton, Ernest Webster and Joseph van Wallegham, drove immediately behind the fire truck. They were instrumental in warning several occupants of upstairs apartment dwellers in time to make their escape and they also assisted in the removal of a considerable quantity of household nd personal effects.

Mayor Daggett, Alderman Nora Arnold and City Clerk H. D. Thain took steps following the fire to find accommodation for the 10 residents of the Eventide Home and the 20 other people who lost their homes by

It was understood at noon that a building on Eleventh Avenue had been offered as an emergency shelter. Meanwhile, efforts are being made to find more permanent quarters.

The fire was a realization of the worst fears of the citizens of Prince Rupert, who long had labelled the Eventide Home a "fire trap" and who two years ago raised more than \$6,000 by public subscription to build new one. The city added an equal amount to the contributed fund but no new quarters were provided.

ALWAYS READY FOR HIS MEALS

CCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as loss of appetite, stunted growth, soft bones, poor teeth, faulty nerves, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B<sub>1</sub>, D, Riboflavin (G) and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances-complete proteins to build muscle, nerve and body cells -high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underpar, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.

"Meantime, key men at this plant are being laid off and, as a consequence, an efficient ship construction organization is being dissipated at a time when such an organization should be kept intact to enable the plant to execute construction work to the best advantage. However, several hundred shipyard yorkers, not now employed, are remaining in the city on the strength of the intimations that Prince Rupert

program. "Therefore, in the interests of these workers and of the community generally, the committee respectfully requests a statement from your govern-

may participate in Canadian

National Railway's new ship

ment on the following: "Is it the intention of the government, through Canadian National or other agencies, to maintain and operate the Prince Rupert Dry Dock and Shipyard?

"If so, what will the government's policy be with respect o this plant's tendering on commercial work on a competitive basis?

"As a rehabilitation measure for Northern British Columbia, will the government be prepared to instruct the Canadian National to carry out its new ship replacement program in the government - owned Prince Rupert Dry Dock and Shipyard?

"The urgency of the situation merits the earliest consideration which we earnestly solicit. "Yours faithfully,

"W. M. Watts. Secretary. Prince Rupert, March 8, 1946. THE REPLIES

"W. M. Watts, Esq., "Secretary. Prince Rupert Industrial Development Committee. "Post Office Box 307, Prince Rupert, B.C. 'Dear Sir:

"The Prime Minister has asked me to acknowledge the letter which you addressed to him on the 8th of March, on behalf of the Prince Rupert Industrial Development Committee, relating to the future operation of the Prince Rupert Dry Dock and Shipyard.

"At Mr. King's direction, the representations of the communication have been referred for the attention of the Minister of Transport who will communicate with you direct in this matter.

"Yours sincerely. "R. G. Robertson, "Secretary

Ottawa. March 15, 1946. "Dear Mr. Watts:

"The Right Honourable the Prime Minister has brought to my attention your letter of the 8th instant regarding the Prince Rupert Dry Dock.

"As you know this Dry Dock is owned by the Canadian National Railways. Its operation is in the hands of the management in the same way as all other facilities forming part of the National System. The pre-

sident has already indicated to you that the future of the Dry Dock will require careful consideration and I am sure the

Page 1)

attention to this matter. "With the closing out of the wartime ship construction program, the Dry Dock has now reverted to its original purpose as a facility for the maintenance and repair of vessels.

"As I announced some time ago, the management of the railways are proceeding with the preparation of plans for the construction of one or more new vessels, and are exploring the possibility of making arrangements for such vessel or vessels to be built in British Columbia shipyards. The management are not yet in a position to make any definite statement in this respect.

"I can only repeat that future plans for the Dry Dock are receiving the earnest attention of the management.

> "Yours sincerely, "Lionel Chevrier."

Originality and individualism of the press is illustrated by the masthead of one small town newspaper which says, "The only newspaper in the world that cares a whoop about Artesian, South Dakota."

What's

W/ELL, a food chemist would say . . . almost 8% butterfat, about 6% protein, about 10% milk sugar, about 2% minerals . . . and that's fully twice the amounts you would find in regular milk. For Carnation Milk is regular pasteurized milk with enough of the natural water taken out to double its food values. And it has a big extra share of "sunshine" vitamin D. So whenever you want more food value, use Carnation as it pours from the can; for regular milk use, add an equal quantity of water. Carnation is Canada's largest-selling
