HOWE SYMPATHETIC TO PRINCE RUPERT NEEDS

Applications Already Made and Will Be Considered—Local Member Stresses Industrial Possibilities
OTTAWA (CP)—Rt. Hon. C. D. Howe, minister of reconstruction, said in the House of Commons yesterday that there should be coal bunkers at Prince Rupert. He would consider applications which had been made for them, the minister said. Mr. Howe appeared to be in very sympathetic mood

Anti-Soviet Plot Bared

Notorious General Semenov, "White Bandit of Siberia," Tells How He Tried to Kill Lenin

MOSCOW (CP)—Details of a 30-year-old plot by anti-Soviet Russian emigres in the Orient to gain power in Russia with Japanese aid were recounted today by a grizzled old man who was notorious throughout the Soviet Union for a quarter of a century as the "White Bandit of Siberia."

SECRECY VEILS POLICE PLANS

HAMILTON (CP)—Secrecy cloaked police plans today for a showdown in the basic steel strike at the Steel Company of Canada plant here. Some 400 Ontario provincial and Royal Canadian Mounted Police are in Hamilton to enforce law and order but when they will appear at the gates of the beleaguered plant to open a path through the picket lines for workers and materials is not known.

Bill Macey Found Dead

Herbert William (Bill) Macey, well known Prince Rupert man, was found dead on his bed in a Terrace hotel room between 11 and 11:30 Monday morning. He had been dead for a period of sixteen hours or more. A heart condition was the cause of death. The body is being brought to the city by the B.C. Undertakers this afternoon and will be forwarded to Vancouver where the funeral will take place.

Deceased had been working with Fred Nash B.C.L.S. on highway survey work east of Terrace. He had come into Terrace Saturday afternoon for the week-end and had spent the evening with friends. Sunday morning they were having breakfast about 9:30 when Macey excused himself, proceeding to his hotel room.

At 11 a.m. Hans Koch, proprietor of the Philbert Hotel, went to the room to repair a lock. Finding the door locked and thinking that Macey must have gone out, Koch took a ladder to get in from an outside window. It was then that he found the body on the bed.

Constable William Richmond was sought but was away on patrol. Coroner W. F. Robinson and Dr. S. G. Mills were summoned. The doctor determining that a weak heart was the cause of death, no inquest was deemed necessary. The undertaker was called from Prince Rupert and proceeded there today.

Mr. Macey was single and about sixty years of age. He belonged to a pioneer Vancouver family and his aged mother still lives there. A brother, H. W. Macey, for many years in business here as a restaurateur, is at present a patient in Tranquille Sanitarium.

VARIED CARGO AT CHURCHILL

CHURCHILL, Man.—The steamer Whiteshell Park has just discharged a varied cargo here as the Hudson Bay route shipping season nears its peak in the first post-war year. On board she carried 600 cases of liquor for Winnipeg, 600 cases for Regina, 43 cases of curling rocks consigned to Flin Flon, Man., several shipments of China for stores in Winnipeg, Calgary and Moose Jaw, a case of cycles for the Saskatoon Co-Operative Society, several shipments of stationery for Western Canadian points and a model of the steamship Pennyworth.

May Establish Seaweed Industry

VICTORIA (CP)—Extensive surveys of the commercial value and growing conditions of gracilaria, a form of seaweed, are being made here by a Chicago company. Gracilaria provides vegetable gelatin for the dairy, pharmaceutical and other industries. If the industry is established here, the company will harvest annually 10,000,000 pounds of gracilaria, valued at \$500,000 to \$1,000,000.

ARROW WILL PAY \$100 PER BUS FOR FRANCHISE

Arrow Bus Lines is willing to pay the city \$100 a year for each of its operating buses if it can obtain an exclusive franchise to operate within the city. Alderman T. N. Youngs told the city council last night. The payment would be in addition to regular taxation, he said.

Alderman Youngs made the offer verbally in response to a request by city council that the bus line clarify its earlier offer, in accordance with a ruling by the B.C. Public Utilities Commission. The offer had the sanction of the directors of the bus line, he told council.

When city council called for tenders for a bus franchise earlier this year, a tender by 13 Taxi associates, offering the city seven per cent of their proposed bus line's gross earnings, it was accepted by city council but was later turned down by the provincial Utilities Commission until Arrow Bus Lines had been given an opportunity to clarify its tender.

Last night's offer was referred to the special bus franchise committee headed by Alderman Robert McKay. In the meantime, at request of Alderman McKay, the city will endeavour, through the Public Utilities Commission, to obtain information on the amount paid by other bus companies for operating privileges throughout the province.

WILL NOT DIE BUT PARALYZED

Olive Negrich, Who Was Shot After Jilting Sailor, Will Never Walk Again
VANCOUVER (CP)—Olive Negrich, 23-year-old Vancouver girl, will not die from bullet wounds suffered Saturday but will be paralyzed for life on account of spinal injuries affecting her legs, hospital authorities report.

Marvin L. Mack, 25-year-old United States sailor, is charged with attempted murder in connection with the shooting and is being held without bail.

AUSSIES USE PREFERENTIAL VOTE

Voters Must Rank All Candidates in Method to be Used for Sept. 28 General Election
CANNBERRA, Australia (CP)—Under the Australian system of compulsory voting, at least 4,000,000 men and women will turn out on election day, Sept. 28, when the Labor Government led by Prime Minister Ben Chifley hopes it will be returned to power for a third term. Since 1925 when compulsory voting was introduced, with fines up to \$7.50 for failure to get out to the polls, there have been five federal elections each bringing a turn-out of better than 95 per cent of enrolled electors. When the Labor Government was returned in 1943, the total recorded vote was 4,300,000, representing just over 96 per cent of all electors.

This year election day will take at least the 1943 number to the polls, and thousands more if a suggestion to reduce voting age from 21 to 18 is carried out. Voters marking their ballots by the "preferential" method will choose members both for the House of Representatives, where at present Labor holds 49 of the 75 seats, and for the Senate, where half the 36 seats become vacant every three years.

Under the preferential system of voting, the elector must rank in the order of his own preference all the candidates whose names are listed. When the ballots are counted, unless a candidate is overwhelmingly popular, the total of votes making up his winning margin over his opponents will be made up not only of "first preference" credited to him on ballot papers, but probably of second and third preferences, and perhaps

CANNERIES ARE CLOSING DOWN

Unusually Early This Year Owing to Failure of Run of Fall Varieties
Almost complete failure of the run of fall salmon varieties in waters of this district has resulted in the unusually early closing down of Sunnyside, Carlisle and Inverness canneries although Port Edward, Cassiar, North Pacific and Miller's at Seal Cove are still in operation.

A fair run of chums has been reported during the last few days in the Johnson Channel area of the Bella Bella district. Rivers Inlet, Smith's Inlet, Queen Charlotte Island, Lowe Inlet, Butedale and Bella Bella seining areas are still open although the Naas River has been closed since August 15.

In the Naas and Skeena River gillnet area small catches are still being made. Most of the trollers are still out but the sockeye catches are light.

NOTHING TO FILM STORY

Ottawa Denies Negotiations For Establishment of British Hollywood at Vancouver
OTTAWA (CP)—Officials here say there is nothing to a story that the Boeing Air Manufacturing plant site at Vancouver is to be made into a British film manufacturing centre.

The Sunday Dispatch of London had said this week that the British National Film Co. was negotiating with Hollywood interests to "found a British Hollywood" at Vancouver, the plan, according to the London paper, being to buy the large Boeing aircraft factory at Vancouver for a studio.

WILL ARBITRATE UNION DISPUTE

VANCOUVER (CP)—G. R. Currie, federal industrial relations officer, will act as referee in the dispute between two American Federation of Labor affiliated unions—the Canadian Seamen's Union and the Seafarers' International Union—to determine which shall act as bargaining agent for some 300 seamen here. He will conduct a vote among crew members, engine room workers on vessels operated by Union Steamships Ltd. The Seafarers' International Union at present is the bargaining agent.

WOULD ASK GRAND MUFTI

Considered Unlikely, However, That Notorious Arab Will Be Invited to Palestine Parley
JERUSALEM (CP)—The Arab higher executive committee yesterday asked Great Britain to invite the exiled Grand Mufti of Jerusalem to the forthcoming London talks on Palestine.

Once described by former Prime Minister Winston Churchill as one of the outstanding foes of the British Empire, the Mufti has been accused of consorting with Adolf Hitler and other Axis leaders during the war.

Aged Norwegian Fisherman Dies

Ralph Sather, 84-year-old fisherman and former inmate of the Eventide Home, passed away last night in the Prince Rupert General Hospital. He was a native of Norway and had been a resident of Prince Rupert for 20 years. He was unmarried and there are no relatives in this country as far as can be learned. Funeral arrangements are in the hands of the B. C. Undertakers.

Nothing Insurmountable About Hazelton-Telegraph Creek Road

Fact-Finding M.L.A. Describes Trip Over Old Ashcroft Trail—Had Its Arduous Experiences
There should be no insurmountable difficulties to the building of a road from Hazelton to Telegraph Creek as the southern end of a connection from central British Columbia to the Alaska Highway—even over the old Ashcroft trail by way of which the first pioneers mushed overland to the Yukon Gold Rush

—although he would prefer the Yukon Telegraph trail or, still better, the Kitwanooc route, says W. D. Smith, M.L.A. for Atlin, who is back in Prince Rupert after having personally made the trek over the Ashcroft trail. The Ashcroft trail is to be distinguished from the Hazelton Telegraph trail east of which it runs and which might be a better route for couple of months during summer because it is higher and drier but which is said to have much more snow and other precipitation during the rest of the year.

When opportunity came to make the trip north through the wilderness with a George Ball expedition taking sixty-two horses overland from Hazelton to Telegraph Creek, Mr. Smith quickly took advantage because he was anxious to see at first hand the country through which road construction is often discussed but of which few people have actual first hand knowledge.

Wants to See Other Routes Now
Having now seen the country traversed by the Ashcroft trail, Mr. Smith is even now thinking of making a similar trip over the Yukon Telegraph trail as soon as possible, likely next year, and would also go over the Kitwanooc route.

"It was no easy trip," said Mr. Smith yesterday in recounting experiences to the Daily News. The country is to large extent muskeg and is full of windfalls and mudholes. The trail, having long been in disuse, is in a bad state. The fact that it rained almost all the 43 days the trip was made made things even more unpleasant. "Being on the trail from 4 a.m. to 9 p.m. almost every day was not exactly in the nature of fun for cheechakos," said the fact-finding M.L.A.

There were no untoward incidents although there were

Bulletins

ENVOY RECALLED
ATHENS—The Athens radio said today that the Russian ambassador to Greece had been recalled by his government. No reason was given.

TURK STILL HELD
BELGRADE — The United States embassy here announced that the Turkish officer, who was injured when the Yugoslavs forced down an American transport August 9, is still being held.

SOUTH FOGBOUND
VANCOUVER — Dense fog has been interfering for two days with shipping and aircraft flights between here and Victoria and Puget Sound points.

SKEENA QUEEN KEEPING BUSY

Doing Much Local Flying In Addition to Regular Trips to and From Vancouver
Queen Charlotte Airlines Stranraer flying boat Skeena Queen is having a busy two days on her current first-of-the-week flight northward from Vancouver to Prince Rupert. The ship arrived yesterday afternoon from Vancouver with a full load of passengers and was soon in the air again for Tom Mackay Lake in the Unuk River country, with two tons of freight. Then, landing at Stewart, she took two tons of freight into Summit Lake for the Morris Summit Gold and was back here at 8 o'clock last evening. This morning the Skeena Queen took off bright and early to make four sails at Queen Charlotte Island points, with passengers and was due back about noon to leave early this afternoon for Vancouver.

WAGE INCREASE FOR CARPENTERS

Authorized by the Regional War Labor Board recently, an increase of 15 cents an hour, is now in effect for carpenters in the Prince Rupert district, who in addition to receiving \$1.25 an hour, are working on a 40-hour week basis. The increase was authorized by the War Labor Board after agreement reached between local building contractors and the Prince Rupert local of the International Brotherhood of Carpenters and Joiners.

IS NAMED AGENT AT BELLA COOLA

J. A. Findlay, for the past year assistant Indian Agent at Prince Rupert, has been appointed acting Indian Agent at Bella Coola where the agency has been vacant since the transfer some time ago of T. E. Anfield to Prince Rupert. Mr. Findlay left this afternoon on the Catala for Bella Coola after spending the past few days in the city.

VIOLET-SAVER

Until recently it took nearly 25 tons of violets to make a single ounce of the natural oil for perfume. Today the violet odor is produced synthetically.

House Votes In Favor Milk Subsidy

OTTAWA (CP)—Commons voted 69 to 41 yesterday in favor of a C.C.F. motion calling on the government to reconsider its decision to discontinue the producer milk subsidy as from September 30 but the vote did not mean the defeat of the government. Before the vote was taken, Reconstruction Minister Howe said that the government would welcome a non-party vote on the motion. As a result, all pairing was called off and more than 25 Liberals joined in supporting the motion. The motion was supported by C.C.F., Progressive Conservative, Social Credit and also some independent members. The cabinet members and some Liberals from various party of the country opposed the motion.

TURKEY BUYS 21 VESSELS

Former Coasters Prince Robert and Prince David May Be Included in Deal
CALGARY (CP)—The Turkish government plans to purchase a fleet of twenty-one vessels from Canada and the United States. Shefik Gogen, Turkish State Shipping Lines superintendent, said here.

The war-converted Canadian National steamships Prince David and Prince Robert have been inspected and given purchase consideration.

WAR ASSETS BIG BUSINESS

Has Sold \$226,523,150 of Goods So Far and Is Still Going Strong
OTTAWA (CP)—The House of Commons last night heard another indication that the war, with all its ramifications, is slowly fading into the background.

Reconstruction Minister C. D. Howe said that the War Assets Corporation had done \$226,523,150 business up to the end of July and would continue to do considerably better than \$20,000,000 per month until the end of 1946. Then it will begin to fall off.

REQUEST FREE RADIO BOARD

OTTAWA (CP)—The House of Commons Saturday defeated requests for the establishment of an independent board of control for the use of radio waves in Canada. The requests came during renewed opposition to a bill that would make more money available to the Canadian Broadcasting Corporation for expansion.

TWO AIRCRAFT STAYING HERE

Flying Boat to Carry Supplies From Stewart Into Mining Areas—Seaplane on Fisheries Work in Interior
Growing use of aircraft out of Prince Rupert for commercial work will require Queen Charlotte Airlines to base one of its Stranraer flying boats for almost a month at Stewart in the near future. Large quantities of supplies are to be flown into mining operations including the MacKay Lake development in the Unuk River country and the Morris Salmon Gold across the Salmon River glacier.

Queen Charlotte Airlines is also bringing a Waco seaplane north at the end of the month to spend a month making flights into Babine and other northern salmon spawning grounds in connection with research and survey work for the fisheries department.

Mr. and Mrs. T. G. Bateman and family of Victoria arrived in the city Monday afternoon on the Princess Adelaide. Mr. Bateman is to be principal of Conrad Street School, replacing R. G. Moore who has transferred to the Principalship of King Edward elementary school.

KEEPING CONTROL

THE OPPOSITION which is so general against continuation in Canada of bureaucratic controls now that the war is over has come into full expression in the passage of a Progressive - Conservative amendment in the House of Commons which makes the Emergency Transitional Powers Act of 1945 expire automatically March 31 next instead of, as proposed by the government, sixty days after the opening of the next session of Parliament. The fact that normal supporters of the government must have bolted on the issue brings about an interesting political situation. The security of the government in its Parliamentary support might even be questioned.

It is well that the government should know what the feeling is in regard to continuation into peace time of objectionable controls and restrictions which were accepted willingly and without question when conditions of emergency really existed in war. Possibly, of course, the government feels that a condition of emergency still exists and it may be that it really does.

HAMILTON SHOWDOWN

SHOWDOWN NEARS as a tense situation becomes possibly more explosive with large provincial and federal police reinforcements arriving at the Steel Company of Can-

ada plant at Hamilton to help the local police keep law and order, the Union picketers at the same time announcing that they will resist any interference with their activities.

It is to be assumed that the authorities will carefully avoid anything that might be considered in the nature of an overt act in such obviously explosive circumstances.

No matter how just the cause of the strikers and picketers may be, law and order cannot be flouted.

It is to be hoped that the crisis, which now presents menacing aspects, will pass over without precipitating untoward incidents and an even more unpleasant situation.

THE MINES REPORT

THE ANNUAL REPORT of the Minister of Mines, Province of British Columbia, for 1945, which has just come to hand, is not what it used to be. It is not the compendium of knowledge, based on actual mining activity and extensive research work of a twelvemonth, such as used to be looked forward to and was prized so much as a reference a few years back. This is particularly noticeable when we turn its pages to see how little it contains in regard to the mining areas contiguous to Prince Rupert.

Two facts account in large extent for this—one, that there was so little actual mining activity in this district during 1945 as in the other war years; second, that there was no field staff of the Department, the service except for routine inspectorial work being reduced to a minimum. There will be a change to some extent in this regard even this year for there has been greatly increased mining activity, particularly in the Portland Canal district, and the system of resident mining engineers in the various districts is being resumed. It will be another year yet, however, before the industry gets back into anything like its postwar stride.

THIS AND THAT

"Think, dear. Try to remember—where did you bury your father?"

LETTERBOX

PATTULLO SAYS "FIGHT!"

Editor, Daily News,
I notice with chagrin and sorrow that the powers that be are demurring in respect of operations at the Dry Dock.

I regret that I am neither surprised nor disappointed because it has always been so. Ever since the amalgamation of the Grand Trunk Pacific, Canadian Northern and Intercolonial into the Canadian National, the Grand Trunk Pacific into Prince Rupert has been under serious handicap.

I recall innumerable times when it has been my fortune to interview both the Government at Ottawa and Canadian National authorities. Very often some temporary "concession" would be made, then the situation would drift back where there was nothing doing.

Those in authority are well-meaning and busy men, but perhaps, not unnaturally, follow the line of least resistance.

Truly, "To him that hath shall

be given."
Pioneer takes time, patience and guts.

On one occasion a very capable high executive told me that the line to Prince Rupert had been built fifty years too soon. That attitude of mind was not calculated to inspire the effort necessary to develop the Prince Rupert end of the Grand Trunk Pacific.

It has been seen, too, over the years, that some of the lesser heads have preferred to have their head offices in Vancouver rather than in Prince Rupert.

If I may be permitted to give advice, I would say—keep on fighting. Constant dropping wears away a stone.

I know from my own personal knowledge and experience that ship-building in this recent war, only got started on the coast through strenuous effort and plain speaking, and only by strenuous effort and plain speaking will it be possible for Prince Rupert to continuously progress.

With all good wishes,
Very faithfully yours,
T. D. PATTULLO.

'MONTY' PLEASURES LITTLE GIRLS

Their Patience Rewarded By Receiving Autographs at Halifax

HALIFAX—Among the mementos of the visit of Field Marshal Montgomery to this capital city, none will be more highly treasured than his autograph obtained by two little girls who had waited in the lobby of the Canadian National Railway's hotel, the Nova Scotian, since seven o'clock this morning.

The Field Marshal had many requests for his autograph but, due to the rigid schedule drawn up for the many functions he had to attend, there was not time for him to comply. In the case of the little girls, the head porter of the Nova Scotian, Ray Helpard, happened to mention to one of the Field Marshal's aides that they had been waiting in the hotel since early morning seeking his autograph. When "Monty" heard of this, he sent for their autograph books, signed his name, and then had the books returned to them.

But the two little girls were not the only persons who received treasured mementos of the great Field Marshal's visit prior to his departure from the city Monday morning. Eight employees of the Nova Scotian received autographed photographs of himself. They were George Brazier, head waiter Ray Heward, head porter John Hall and Stanley Metis, waiter who served the Field Marshal in his private suite in the hotel, Mrs. De Young and Miss Patsy Gates, elevator operators, Roy Baker, doorman, and Miss Venita Marf, chambermaid to the manager of the Nova Scotian, H. W. Aslin, who served as a wing commander with the Royal Air Force, he presented an autographed photograph and a letter written in his own hand-writing, expressing his thanks to himself and the staff of the hotel for their untiring efforts to make everything easy for himself and those with him and ending the letter: "Please convey my great appreciation to all members of the hotel staff, from the most senior to the very junior" (Signed) "Montgomery of Alamein, "Field Marshal."

NEW ISSUE

We anticipate bringing out a new Industrial stock issue in the immediate future. Full details are now available. However, from what we have before us we have concluded two things. The issue will be rapidly oversubscribed. Secondly, it is one of the best issues we have ever had the pleasure of offering. The attached coupon will send you particulars when available. Or what would be better, reserve stock on the understanding that when details are available, you may if you wish cancel.

TO RE-ORGANIZE PUBLIC HEALTH SERVICE HERE

For that Port Edward Trip—Tommy's 77 Taxi. Grotto. (tf)
 Edward Garner left today on the flying boat Skeena Queen for Vancouver, being called south on account of the illness of his mother.
 Mrs. Victor Osborne, wife of a South Bentinck Arm logging operator, arrived on the flying boat Skeena Queen yesterday afternoon from down the coast and left this afternoon for her home in Vancouver.
 Dr. Joseph T. Mandy, former resident mining engineer here for the provincial government and now consulting engineer for the Big Four company operating at Stewart, and Mrs. Mandy and son were here aboard the Catala today returning to Vancouver after spending two weeks at Stewart.

Proposals of Reorganization
 The reorganization plan proposes that:
 1. Public health personnel become employees of the provincial Board of Health.
 2. A local fixed maximum rate of 30 cents per capita be charged by the provincial Board of Health to cover the local cost of public health nursing and school medical service.
 3. The provincial Board of Health assume the balance of the cost of the service in lieu of the grants formerly paid to the local districts.
 By including in the public health district the area embraced by the school districts recently enlarged by the Cameron report, the cost of public health would be spread over the whole area. Salaries of personnel and transportation costs would be borne by the provincial Board of Health.
 More details of the proposal will be brought to Prince Rupert either by Dr. J. M. Hershey, as-

stant provincial health officer, or by Dr. J. S. Cull, deputy provincial health officer, next month, Miss Tate said.
 In regard to providing a medical director for the local health unit, Miss Tate said, Prince Rupert has top priority as soon as one becomes available. However, she was unable to say when a director would be available. The local health unit has been without a full-time director since the resignation of Dr. R. G. Knipe a year ago. Dr. W. S. Kergin has been in charge since then in a part-time capacity.
 Accompanying Miss Tate was Miss Doris Noble, junior nutritionist for the provincial Board of Health.
 Mrs. George Odowes, Irish wife, has arrived in the city from overseas to join her husband, George Odowes, who returned recently from overseas after five years' service with the Canadian Army. They will reside in the city.

A burning over tar barrel caused the fire department to be called out at 4:12 yesterday afternoon to the residence of 1037 Ninth Avenue East where roof work was being carried out. There was no damage.
 Mr. and Mrs. B. W. Webster of Vancouver, having arrived in the city late last week after a motor trip through the interior, sailed last night by the Princess Adelaide on their return to Vancouver.
 A. R. Nichols and Robert Wilson, who have been on a flight into the Unuk River mining country, returned home from the north on the flying boat Skeena Queen last night.
 Mrs. Graham O. Hughes and son of Vancouver were round trip passengers on the Princess Adelaide which was in port Monday afternoon. Mrs. Hughes is the wife of Capt. Graham O. Hughes, master of the Princess Norah.
PYTHAGOREAN THEORY
 The doctrine that the earth is spherical can be traced back to the Pythagorean school of Greek philosophy, in 500 B.C.

Mrs. Hazel Hodson and Miss Enid McKee of Victoria arrived in the city yesterday afternoon from Lake Kathryn to visit here with Mrs. Arnold Platen, Miss McKee's sister, until Thursday night when they will proceed south. They motored north from Victoria to Lake Kathryn a few weeks ago.
 Mr. and Mrs. D. S. Neilson of Oakland, California, sailed last night on the Princess Adelaide on their way to Vancouver after arriving in the city on Saturday night's train from Jasper. Mr. Neilson is vice-president of the Berkeley Steel Construction Co. at Oakland.
 Brigadier Joseph T. Gillingham, divisional commander of the Salvation Army here, will leave on tomorrow evening's train for Hazelton where he will meet and accompany to the city on Thursday night's train Col. A. Layman of Toronto, territorial secretary for Canada, and Mrs. Layman who will conduct a divisional congress here over the coming week-end. Col. and Mrs. Layman will leave next Monday night on the Princess Adelaide for Vancouver.
 A. H. Robinson, veteran purser of the steamer Catala, has left that ship now and is ashore at Vancouver waiting to transfer to the new converted Castle class corvette Coquitlam which is to be commissioned in service soon. Reg Stover, from the Cassiar, is now on the Catala. Latest unofficial word is that the Coquitlam will be coming out on her first voyage in about two weeks' time but will not relieve the Catala on the Vancouver-Prince Rupert run, making two special voyages instead. Another converted corvette, the Camosun, is expected to take over the Queen Charlotte Island run from the Cassiar in September.

Outline of the tentative plan was given by Miss Dorothy Tate, director of public health nursing, who arrived here by motor from the interior Sunday and left this morning. The scheme, Miss Tate said, is one which is being viewed favorably by municipalities in the south.
 Major change in the plan so far as it would affect Prince Rupert, according to Miss Tate, is the fact that it would give the municipality its public health service for a fixed cost of 30 cents per capita per year, with the balance of the cost being borne by the province. At present, the province and the city, and in the case of Prince Rupert, the federal government, contribute to the maintenance of the Prince Rupert Health Unit.
 However, the federal government contribution, a strictly wartime measure, will be dropped shortly. This would leave the city and province bearing the burden, with the province committed to a fixed payment and the city making up the balance.
 Under the new proposal, the city and surrounding district will pay 30 cents per capita and will be relieved of responsibility for salaries of the public health personnel, who would become provincial civil servants.
 Actually, the cost to the municipality would be about the same under the new set-up, about \$3,000, as the city pays at present, but should the population increase the total payment also would rise accordingly.

Dining "corner": Make it easy for yourself: Eat right in the kitchen... in front of a cool "herb garden" window. Use a "dining table" that drops down out of the way between meals... And then — most important of all — put down a sparkling bright Gold Seal Congoleum rug! its smooth surface is easy to clean with the swish of a damp cloth. And durable! Why, its wear-layer of heat-toughened paint and baked enamel is actually equal in thickness to 8 coats of best floor paint applied by hand. But — when you buy your Congoleum rug — look for the familiar Gold Seal. Without it — remember! — it isn't Congoleum. You'll be surprised how much quality you can buy for so little money.
Gold Seal Congoleum Rugs... product of Congoleum Canada Limited, Montreal.
 Your dealer may be temporarily out of Congoleum because supplies are still very short. Please try him again, as he receives limited shipments from time to time.

99 TAXI IN PLAY-OFFS

Defeat Grotto 14-7 to Qualify for Finals of City Fastball

By winning from Grotto by a score of 14-7 last evening at the Gyro Ball Park before a large crowd of interested spectators, 99 Taxi qualified to meet General Motors in the final of the city fastball play-off championships.

99 Taxi went into an early lead when they scored five runs in their first inning on five hits and two walks. They added two more in the third on two hits and a walk. With the score seven to nil against them, Grotto came to life in the fourth inning and batted right around to score six runs on eight hits and a walk. Gillis hit a home run and Ralph Smith a three-bagger to put the tobacco men right back in the game. 99 added two in the sixth, one in the seventh, one in the eighth and three in the ninth while the Grotto team could only score one more in the ninth. So 99 won by 14-7 and now meet General Motors in the best three-of-five for the city championship.

Moxley pitched six and two-thirds innings and took himself out in favor of Simundsen but the score was then 10-6. He had given seven walks, struck out three and given up 15 hits. Simundsen took over in a tough spot. He walked one runner struck out three and yielded seven hits. Simundsen had started at shortstop until he took over the pitching job. His play

RUPERT BATTERS WERE HELPLESS

Prince Rupert baseball players were able to get the ball out of the infield only twice during the game at Smithers on Sunday, when the coast team was held hitless for seven innings. Both the Rupert flies were successfully pulled down by the Smithers fielders—one to Leach in left field and one to Sterritt in centre.

was a feature of the match particularly as he had suffered an injured shoulder in a collision with a baserunner. He also hit four out of five. Gillis's home run and Ralph Smith's three-bagger were the big hits for Grotto. Gillis fielded well.

For the taximen Gurvich pitched five innings and gave up 11 hits for six runs, walked one and struck out one. Dominato finished the game and allowed two hits for one run, walked one and struck out one. Heavy hitters for 99 were Calderone and Dominato with a three-bagger each, and Houston, Windie and Bob Smith with a two-bagger each. Beynon starred at second base. Art Murray brought the game to an end when he took Dell's fly in right field.

Box score:

LACROSSE GEAR FOR NATIVES

Local Team to Meet Aiyansh Indians in Feature Game Labor Day

A practice of the local lacrosse players is scheduled for this evening in the Roosevelt Park gymnasium in preparation for the Labor Day match with the Aiyansh team. This Labor Day game will undoubtedly be a feature that will attract large crowds.

It will also be the first of a lacrosse development scheme by which local enthusiasts are planning to rehabilitate lacrosse on the coast. The B. C. Lacrosse Promotion Association is prepared to supply sticks and other equipment for Indian settlements along this coast so long as there is a suitable hall available for practice. With the support of Indian Agent F. E. Anfield and J. A. Findlay, organization is already under way. The development of the scheme will result in the training of many of the splendid athletes among native peoples in Canada's national game and will assure B. C. of having lacrosse players the equal of anywhere in Canada. The competition between Indian and white teams will provide many a good game.

Dick Woods, manager and coach of the Prince Rupert lacrosse team, recalls the last lacrosse game between Prince Rupert and the Aiyansh team. On that occasion the veteran forward line of the Aiyansh team consisted of Morvan, Wright and Gunoo. The combined weight of these three was 640 pounds and that, added to their skill, was too much for the local team.

The present line-up has not been made public yet but the Aiyansh team was always a fast,

SHORT SPORT

Helen Wills Moody defaulted to Helen Jacobs in the final match for the United States women's tennis championship at Forest Hills, N.Y., thirteen years ago yesterday. Facing apparent defeat for the first time since 1928 in singles competition, and on the verge of collapse from an ankle injury, "Miss Poker-Face" conceded victory with the third and deciding set 3-0 against her.

Forty-two-year-old Charlie Root singled home two runs in the ninth inning to make sure of his 200th National League victory for the Chicago Cubs five years ago today. The veteran right-hander relieved Ken Ralfeberger in the first inning to defeat Boston Braves 6-4.

clever quick-breaking combination.

GIANT HORSE MAY NOT RUN

SYDNEY, Australia (P)—Bernborough, Australia's super-horse who has won every one of his last ten races, is a doubtful starter for the Melbourne Cup, two-mile classic for which his handicap has been fixed at 149 pounds.

The weight is four pounds more than has ever been carried by a Melbourne Cup winner. Carbine, a five-year-old, won carrying 145 pounds in 1890, but Phar Lap, Australia's greatest horse, failed in the Cup in 1931 under a handicap of 148. Phar Lap had won the previous year with 138 pounds.

While neither Azzelin Romano, Bernborough's owner, nor trainer Harry Plant, have made a definite decision, they are advising the betting public to "keep off" the "Toowoomba Terror" as a Cup starter for the moment. At the same time, stories once denied that Bernborough might be taken to the United States for exhibition races have been revived. Another story is that he might go on to England after a United States visit.

While it is evident that owner Romano would like nothing better than a win for Bernborough in the Cup Nov. 5, old-timers around the tracks don't agree that the six-year-old could carry it off. Though Bernborough with 151 pounds covered the last half-mile in 46 seconds, despite interference, when he won the Doomben Cup at Brisbane in June, some thought the distance of a mile and just over three furlongs for the race was nearly his limit.

GRAVESEND, England (P)—In appreciation of good times spent there during the First Great War, W. J. Hartman, Australian grocer, sent four 100d parcels to the mayor of Gravesend.

Minora Blades SPEED UP SHAVING

Minora gives you quicker shaves than ordinary double-edge razor blades. It's the quality blade in the low price field. Fits your double-edge razor.

Pop threw off his cloak and said "Gimme!"

1. Pop felt pretty elegant in his collapsible topper and satin-lined cloak, when he'd bring Mom home from the opera. But when he saw that new cereal treat Grape-Nuts on the table ready for breakfast, he just threw off his cloak, tucked in a napkin and greedily spooned through a dishful.

2. It's the same today with fathers and mothers and everybody. Only more so. For that same malty-rich, nut-like, really different flavor now comes in two delicious cereals: POST'S GRAPE-NUTS FLAKES as well as Post's Grape-Nuts.

3. Curly, golden-brown Post's Grape-Nuts Flakes "bring down the house"—in a hurry to breakfast! All credit to two grains—sun-ripened wheat and malted barley—skillfully blended, baked and toasted for glorious flavor and easy digestion.

Post's Grape-Nuts Flakes

6F126

4. You get nourishment you need in Post's Grape-Nuts Flakes: Carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials. They're ready to eat—but you'll find tempting recipes on the package for using Post's Grape-Nuts Flakes in cookies and other good things.

DAILY NEWS HONOR ROLL

Your Assistance Invited

The Daily News is completing a Roll of Honor which is hoped may contain the name of every man and woman of this city to serve with the armed forces at sea, in the air, and on land. To make this list complete, it is essential to obtain the co-operation of the public as a whole in submitting the names.

It is impossible for the Daily News or any other newspaper to compile the list complete so we are asking YOU to be responsible for the submission of the name of YOUR girl or YOUR friend.

The following is the information we would like you to fill in and send to—

ROLL OF HONOR EDITOR
Daily News,
Prince Rupert

Name _____
Service (Army, Navy, Air Force) _____
Rank _____
Next of Kin _____
Relation _____
Address _____
Date of Enlistment _____
Date of Discharge _____
If Casualty, Nature and Date _____

Remember, if YOU do not submit a certain name, no one else may. You are responsible.

TEMPORARY BARRACKS USED AS PIONEER HOME BOUGHT BY CITY

The former military barracks on Sixth Avenue West near McBride Street, used at present as a Pioneer's Home, is to be purchased by the city from Highway Construction Co. and will be continued in use for that purpose until the new permanent Pioneer's Home in Westview is ready for occupancy.

City Engineer Phillips told council last night that he believed that it would be "the first of the year" before the new building would be ready. Council decided to purchase the army building which has housed the Pioneer's Home since the Alder Block fire last May. William Sargent, local Highway Construction Co. manager, had offered to sell it to the city for \$1,000.

The aldermen believe they will have little trouble selling the former military building once it is no longer needed as a Pioneer's Home. Indeed, they received an offer from J. D. Gillis to purchase the building as soon as it is no longer required by the city.

In offering the building, which is actually two buildings joined by a corridor, to the city, Highway Construction Co. added that it would also sell a dozen power line poles leading to the city booster pumps for \$100 and that if the company could be relieved of the job of cleaning up the debris from the Sixth Avenue camp, it would reduce the \$1,100 figure for both purchases by \$200.

The power line poles, incident-

KNOWN TO CANUCKS

COEHAM, Surrey, England — Pain's Hill, 230-acre estate which for a time was Canadian Military Headquarters, has been placed on sale by trustees of the late owner, Charles Combe.

Train Schedule

For the East—
Monday, Wednesday, Friday—8 p.m.
From the East—
Tuesday, Thursday, Saturday—10:45 p.m.

Aussies Use Preferential Vote

(Continued from Page 1)
Ninety voters give Brown first preference, 80 make Green their first choice, and the remaining 30 indicate first preference for White. The first count would show Brown leading Green by 10 first preference votes, and White out of the running with only 30. Since no candidate had an absolute majority of the 200 votes cast, a second count would be taken, eliminating White. However, second preference listed on White's 30 first-preference ballots would figure in the second count.

If 21 of these ballots indicated Green as second-choice, this figure would be added to his first-preference total of 80, raising his count to 101. Brown would have been the second-choice on the remaining nine ballots and his total would be 99. Though running second on the first count, Green would win the election with 101 votes to Brown's 99, and have as well the required absolute majority of the 200 votes cast.

What City Council Did

Council approved the sale of the following lots, recommended by finance committee: Lot 14, Cow Bay subdivision for \$1,400; lot 11, block 7, section 5, McBride Street, near Fourth Avenue, to D. J. Lippett for \$730; lot 27, block 29, section 6, Ninth Avenue East, to D. S. McWhinnie, for \$200.

On recommendation of the finance committee, city council approved the transfer of \$5,000 in Victory Bonds from the Pioneer's Home trust fund to the Waterworks trust account. The money thus obtained is being used in connection with the Pioneer's Home. The balance of \$6,500 in the Pioneer's Trust fund, also is earmarked for transfer when the money is needed.

An application by Alderman T. N. Youngs to close Second Avenue from McBride Street to First Street on September 2 for a few hours was approved by council. The section of street will be used for children's sports during the Labor Day celebration.

Council approved the action of the licensing committee in granting a trade license to George H. Stanbridge to operate as a brokerage and airline agent.

Sale of lot 33, block 27, section 5, Taylor Street, to J. Michalak for \$150 was approved by council on recommendation of the finance committee.

Payment of accounts totalling \$38,785 as recommended by the Finance committee, was authorized by council.

Council accepted a recommendation by finance committee that the purchase price of lot 6, Cow Bay subdivision, held under option by F. M. Hill, be set at \$1,340 to bring it into conformity to a nearby lot sold to E. Skogmo.

A tender by Watts and Nickerson to supply new uniforms to the city firemen was accepted by City Council last night on recommendation of utilities committee.

Council approved the granting of a one-year option, recommended by finance committee, to Ross S. Ingram to purchase lot 47, block 27, section 7 for \$1,540 in consideration of the payment of \$154. The lot adjoins the Fairway Food Market on the west side.

With the idea of possibly changing the heating system of the city hall from steam to hot water, council authorized the City Engineer to employ a heating engineer to investigate the feasibility of such a change. The matter was recommended by the board of works.

City council last night turned down an application by the Prince Rupert Labor Council to hold a tag day here on August 31 in aid of the striking miners at Premier mine. The division was four to three with Aldermen Youngs, McKay, Arnold and Johnston voting against and Aldermen Hills, Sinclair and Rudderham in favor of allowing the tag day.

City Council last night approved the granting of a tender to Barr and Anderson Ltd. for installation of the heating system in the Pioneer's Home for \$2,785.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "It is me, and not him."
 2. What is the correct pronunciation of "dessert"?
 3. Which one of these words is misspelled? Embryonic, emigrate, emanate.
 4. What does the word "orthodoxy" mean?
 5. What is a word beginning with ins that means "tasteless"?
- ANSWERS**
1. Say, "It is I, and not he."
2. Pronounce de-zurt, e as in bet, u as in fur, accent last syllable.
3. Emanate.
4. Correct pronunciation. "He is a master of orthodoxy."
5. Insipid.

RUSSIA'S RHUBARB

Rhubarb was introduced into western Europe from Russia in the 16th century.

LAWN BOWLING FINALS PLAYED

MacPhee Rink Wins Tip-Top Trophy—Thomson Rink Takes League Championship

The Canadian National Recreation Association Lawn Bowling Club greens were busy Sunday afternoon and evening when competition and friendly games were played. In the feature match the MacPhee rink won from Frew's rink in the final of the Tip Top Cup. In the league rink championship final Thomson's rink won from Frew's rink. In a doubles game MacPhee and Simpson won from McGreish and Cameron.

The final of the Tip Top competition provided as keenly fought a match as any could wish to see. Every end was a battle and it was not left to the skips either. Davidson and Skinner fought as lead men. Duncan and Thomson as second players did their part and Cameron and McGreish continued the bowl-by-bowl fight. Occasionally the first bowls thrown proved to be the deciding ones.

Frew's rink went into an early lead but the scores were tied 6-6 at the seventh end. They were tied again 8-8 at the tenth. Then Frew went ahead and was leading 12-9 at the fourteenth. Then came the deciding end. When Frew was ready to bowl his last shot on the fifteenth end the opposition was lying seven shots. Frew got his bowl in to cut out three of them but MacPhee counted four shots. MacPhee added one on the sixteenth, two on the seventeenth and one on the eighteenth to win 17-12.

Rinks:
Davidson, Duncan, Cameron, Frew.
Skinner, Thomson, McGreish, MacPhee.
Thomson's Rink Wins Title

In the league rink championship the match between Sid Thomson's rink and Jack Frew's rink that was called last week on account of rain was completed with Thomson's rink winning 21-12.

When stoppage came last week

ally, are those which the city believes it purchased as part of the "complete installation" of the booster pumps which it bought from Wa. Assets recently, while Highway Construction Co. apparently feels that they were included in the sale of the Cy Peck army camp which it bought several weeks ago.

Since the poles are needed to carry power to the booster pumps, the aldermen felt that they should take them over as quickly as possible. Thus the city gets the Pioneer's Home barracks and the power poles for \$900.

City Engineer Phillips said he did not think that he would have any trouble cleaning up the Sixth Avenue camp site after the other buildings were demolished by Highway Construction Co.

"A lot of the neighbors in that district will want fire wood," he said. "What is left can be moved quickly."
