## Russia Drops Demand For Greek Inquiry

### Development Follows Not Session of U.N.O Security Council Today

LONDON (CP)—Andre Vishinsky, Russian vice-minister of foreign affairs, today agreed to drop the demand to the United Nations Organization Security Council for investigation of Russian charges of British "interference" with Greek affairs on the understanding that Britain would withdraw her military forces from Greece as soon as possible.

#### Development Follows

This development came after a heated session of the council during which Foreign Secretary Ernest Bevin of Great Britain cried "lie" today to a charge by Vishinsky that British troops in Greece are protecting rightist forces there in a hot argument over Russia's demand for immediate withdrawal of troops on the ground they endangered international peace.

#### Canada Has

Bevin declared "Vishinsky says that our troops in Greece are protecting the Right. I give the lie to that." He spoke after Vishinsky had challenged Bevin's friendliness toward Russia in telling the security council Friday that the "real danger" to world peace is Moscow's propaganda against Russia.

#### Death Toll Stands at Eleven

TORONTO — The death toll from week-end fires in Canada stands at eleven, three of the fires occurred in Ontario, one in Manitoba and one in New Brunswick.

In Ontario, a twenty-four year old invalid, Annette Goulet of Dalkeith, near Alexandria was burned to death when fire destroyed her father's two-story combined general store and home.

In Toronto, the three children of a war veteran, Thomas McGrath, suffocated when smoke from a smouldering chesterfield filled their home while their parents were away.

In Ottawa death came to three elderly persons — James Black and Winnifred Tobin — they were unable to escape from their flaming cabin.

One of the blaze is unknown.

Near Churchill, Manitoba, the cause for musk-ox operation two men died when flames destroyed a barracks hut. Cause of the blaze is undetermined.

In Salisbury, New Brunswick, two young sons of war veteran Basil Eagles died after fire, apparently from an overheated stove pipe, swept their home.

In addition, three other children in the family suffered burns.

LOCAL LABOR DISPUTE

VANCOUVER—United Fishermen and Allied Workers Union, involved in a union dispute with two Prince Rupert packing plants, announced that the union has demanded the packers state whether they will abide by a decision of a conciliation board which is being applied.

LONDON—The Canadian delegation at the United Nations general assembly in London is impressed with the steady progress the organization has made at its initial assembly meeting.

One of the Canadian delegates, L. D. Wilgress, said today that the U. N. O. assembly meeting did not show the high idealism that there was at the start of the League of Nations, but he declared that the U. N. O. is on the way to fulfilling the purposes of the charter.

SNOW IN VANCOUVER

VANCOUVER — Vancouver had three to five inches of wet snow over the week-end. Two plows have been operating in keeping street car lines open.

STAINES, Eng. — A \$22,500 fund has been started in this Middlesex town to provide one-room apartments for old people of the district.

### RAILWAY SLIDE IS NOW CLEARED

Held up by a slide three miles west of the Kwinitza tunnel the westbound train due here at 10:45 Saturday night arrived at 3 o'clock Sunday night after the slide—450 feet long and 25 feet high—had been cleared from the track by a rotary snow plow. The train moved through between great walls of snow on either side. The office of Division Superintendent C. A. Berner announced this morning that the line is now clear and tonight's train for the east will leave at its scheduled time of 8 o'clock. The rotary snow plow, which started work on Saturday finished clearing the track at 6 o'clock last night. The slide covered the tracks early Saturday morning.

### PRESSING RAILWAY

Local Labor-Progressive Club Backing Up Industrial Relations Committee

Continuing its activity in support of the local industrial relations committee in its campaign for sustained shipbuilding activity at the local dry dock, the Prince Rupert Labor-Progressive Club has sent the following wire to R. C. Vaughan, president of Canadian National Railways:

"The citizens of this community are seriously disturbed by the lack of policy expressed in your letter regarding the continued operation of the Prince Rupert dry dock in the post-war period.

"This question is the determining factor in the postwar development and prosperity of Prince Rupert and we urge therefore that the C.N.R. make its decision in this matter known as soon as possible in view of its extreme urgency."

### Glasgow Dockers Had Big War Role

GLASGOW, Scotland. — Glasgow dock workers not only handled huge supplies of ammunition and food here and in other ports during the war, but trained soldiers in handling dock gear and mechanical appliances in preparation for invasion operations, says a report published by the Scottish Transport and General Workers' Union.

The dockers took part in a mass exercise in which an army was embarked as if a concentrated air raid were in progress, while experts watched to detect any flaw in the operation.

Despite large quantities of ammunition handled, the only serious accident was a shell explosion which injured two men, the report said. Store workers were responsible for the storage of food in emergency and sheltered places throughout the west of Scotland and were trained for distribution work in the event of invasion.

### NOTED AUTHOR PASSES AWAY

S. PETER PORT, Guernsey, Channel Islands—One of the most popular writers of adventure stories in our time, E. Phillips Oppenheim, died yesterday in his sleep. He was 79 years old.

FORMER CONSUL DIES  
VANCOUVER—Ernest Lloyd Harris, former American consul-general here and for many years member of the United States foreign service, died here Saturday. He retired in 1935. He had been consul here from 1929 to 1935.

Temperature  
Maximum 35  
Minimum 24

BRITISH MINISTER VISITS CANADA—Right Hon. Herbert Morrison, lord president of the council in Britain's Labor government, as he arrived in Toronto, Ont., during his visit to Canada.

## Bulletins

### STRIKES CONTINUE

WASHINGTON — The major strikes in American steel, automobile, meat and electrical plants are continuing with no settlement yet indicated. New walkouts which are threatened may add to the current total of 1,380,000 idle in labor disputes throughout the United States.

### SEAMEN WIN OUT

HALIFAX—Thirteen British seamen who walked off their ship at its dock in Halifax Friday have agreed to return to their jobs. The men were part of the crew of the British freighter Manchester Division and they declared at the time that they would rather go to jail than tolerate their living quarters on the vessel. Now the dispute has been settled. Improvements have been made.

### ELIZABETH DOCKS

NEW YORK—The liner Queen Elizabeth docked at New York today with more than 12,000 Canadian servicemen aboard. Fifteen special troop trains were waiting at the dock to speed the men to their homes.

### ARABS PROTESTING

PALESTINE—Great Britain's policy in the Holy Land is being attacked by the Arab Front. The Front plans to call a general strike throughout Egypt within a few days. The Front says this will support a protest by Palestine Arabs against British action in permitting 1500 Jews to enter the Holy Land every month.

### CHILEAN COMPROMISE

SANTIAGO—The new Chilean cabinet has attempted to avert a general strike in Chile by returning legal status to two striking nitrate unions. However, there was no immediate announcement by organized labor giving its decision on the projected walkout. The work stoppage was scheduled to begin tomorrow morning.

### SYRIA-LEBANON DEMAND

LONDON — It was learned here today that Syria and Lebanon were demanding that British and French troops be withdrawn.

## Steamer Yukon Sends Out S.O.S.—Coastguard To Aid

### Mountainous Seas Encountered in Intense Storm — Piled Up Early This Morning

SEATTLE (CP)—The Alaska Steamship Co.'s passenger ship Yukon went aground on the rock-studded coast of Alaska 40 miles south of Seward at 6 o'clock this morning and immediately sent out SOS calls. Two coastguard cutters—Onondaga and Cedar—were ordered to race to the Yukon's aid. The Onondaga was more than 100 miles away. The rescue vessels were reported to be bucking mountainous waves in an intense storm and meantime the Yukon, carrying 448 persons, is reported breaking up fast.

### LONG CRUISE FOR UGANDA

Canadian Warship Leaves Esquimalt Tomorrow For Halifax By Way of Cape Horn

OTTAWA — The Canadian cruiser Uganda will sail Tuesday from Esquimalt on the Navy's first postwar extended training cruise—a 16,000-mile jaunt to Halifax by way of Cape Horn, the Navy announced today.

Thousands of miles of vigorous training manoeuvres will be interspersed by calls at port in South America and the West Indies as the Uganda steams around the Horn and up the Atlantic coast to Halifax.

### JAP GENERAL LOSES APPEAL

WASHINGTON, D.C. — The United States Supreme Court has refused to intervene in the death sentence imposed on Japanese General Yamashita who was condemned at Manila as a war criminal. The Supreme Court finds that Yamashita was given a legal trial by the military court.

The Yukon was on the way from Seward to Seattle.

The district coastguard office at Ketchikan was told at 12:10 p.m. today that all passengers were still on board the Yukon as she was commencing to break up. The engine room and Hold 3 were full of water, the captain's radio message said.

The captain also said he was uncertain of his position.

The liner was carrying 324 passengers and had a crew of 124.

Gales are probably sweeping the immediate vicinity of the wreck.

The Yukon is no stranger in Prince Rupert. She has made frequent calls at this port.

### Rupert Highway Turn Over Road Soon

Premier Hart Speaks of Difficulties but Newspaper Dispatch Suggests Settlement May be Soon

In spite of advice received by the highway committee of the Prince Rupert Chamber of Commerce from Premier John Hart at Ottawa that the question of the northern transprovincial highway had been discussed at length at Ottawa but that "the matter presents some serious complications which require considerable study, the following dispatch from Victoria has appeared in the Vancouver Sun:

The 97-mile highway from Terrace to Prince Rupert, completed by the federal government as a war measure, may soon be turned over to the province to operate as a provincial highway.

Chief stickler to date has been that 26 miles of the road from Amsbury to Tyece runs along the C.N.R. right-of-way and is thus under the railway's control. The C.N.R. holds title to the land.

Reports reaching here indicate the C.N.R. is prepared to make a deal with the government to surrender title.

This would clear the way for Ottawa to hand the road over to the province, since the federal government has no interest in maintaining roads in the province.

The road is a present closed by snow. Residents of both the Prince Rupert and Terrace area, and other northern points are pressing the government for action. They believe the road could be kept open as an all-year highway, but the provincial public works department will have to bear the cost.

### NEW ENVOY TO MOSCOW

Sir Maurice Peterson Is Succeeding Sir Archibald Clark-Kerr

LONDON — The British foreign office in London announced last night that Sir Maurice Drummond Peterson will become British ambassador to Moscow. He will succeed Sir Archibald Clark-Kerr who will become ambassador to the United States this spring.

### FIND NATIVE'S BODY FLOATING IN COW BAY

The body of a middle-aged man identified later this morning as that of Steven Shepherd, a native of Port Simpson, was found floating in the harbor near the Cow Bay floats at 3:40 a.m. today by a native youth who called the city police. No signs of violence were indicated, police said.

The body was discovered floating face downward in the water near the Cow Bay floats by Albert Brooks, age 19, of Port Essington, who is living at 646 Fulton Street while in the city. Brooks was unable to identify the body at the time it was removed from the water but at 10 o'clock this morning said he believed it to be that of Steven Shepherd, Port Simpson fisherman.

Constables Ernest Zorn and M. Stevens responded to Brooks' telephone call and removed the body, which they said, probably had not been in the water for a very long period.

Shepherd was about 50 years of age.

No identification papers were found on the body but police removed a wallet containing 39 cents, two keys and cigarettes and matches.

Shepherd, who was the owner of a small gillnet boat, the Carlisle, lived at Port Simpson and fished on the Skeena River during the salmon season. He is survived by one sister, Mrs. Joshua Morrison of Port Simpson. His wife pre-deceased him several years ago.

Coroner M. M. Stevens said this morning that an inquest probably would be held.

### British Regiment Is Cruelly Slain

CANBERRA — It has been disclosed here how a British military regiment was brutally wiped out by the Japanese after being captured at Singapore. They were transported to Bougainville where they were interred in a mass grave. Some were shot through the head, others were decapitated.

### SOVIET STILL HITS BRITAIN

MOSCOW — Soviet publications continue to print attacks on Great Britain's policy in Greece, an issue now before the United Nations security council. A Russian news agency (Tass) has interviewed the leader of a Greek leftist coalition delegation visiting in Leningrad. He was quoted as saying that British troops are contributing to disorder and threatening world peace.

### Weather Forecast

Prince Rupert—Strong southeasterly winds, becoming strong westerly in late afternoon and evening. Overcast with intermittent snow, becoming snow showers in the late afternoon.

### Local Tides

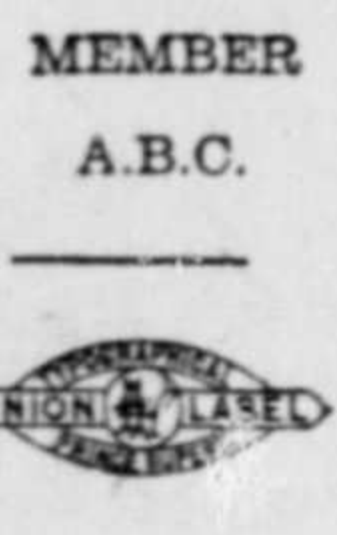

Tuesday, February 5, 1946  
High 3:37 20.8 feet  
15:32 21.3 feet  
Low 9:34 5.9 feet  
21:54 3.2 feet

FORMER MAYOR SUICIDE  
NELSON — Body of Francis Edmund Dockerill, 73, former mayor of Trail, was found hanging from a rope in his home at Nelson Monday. Dockerill moved to Nelson a week ago after living in Trail for 50 years.

HEADS B.C. BUREAU — The annual meeting of the Vancouver Board of Trade elected J. E. (Joe) Malkin as chairman of the B.C. Products and Industrial Bureau of the Vancouver Board of Trade. Joe has worked untiringly on behalf of increased industrial payrolls in British Columbia. He has played a prominent part in the annual campaigns to create employment for boys and girls leaving school, returned service men and women, and new citizens—convicted that only through the popular support of B. C. products can B. C. payrolls be maintained and increased. Mr. Malkin is factory manager of the W. H. Malkin Company Ltd. and is known personally by the retail food dealers throughout the province.

Published every afternoon except Sunday by Prince Rupert Daily News Limited, Third Avenue, Prince Rupert, British Columbia.

**This Is No "Dream"**

A highway tunnel under the Straits of Bering to connect Soviet Russia and Alaska—Asia and North America! Of course, in these days of engineering and scientific marvels, this can really be called no "dream." The undersea spanning of 36 miles is no longer a project to be dismissed as being physically impossible. Indeed, we may well look forward to its accomplishment—possibly not in our day but more than likely in that of the next generation.

The Russians envision streams of motor cars passing through the tunnel to and fro—Russians and all Europeans driving this way and we North and South Americans travelling in our cars the other way.

It would be another of those projects which, according to the international attitudes and philosophies that are adapted in the next few crucial years, may be productive of the greatest of good in human contacts and relationships. Or, it might be another cause of worry and alarm, an undertaking potent with many hidden dangers and dire possibilities.

Talk of the project presents another picture of the good things that might be in store for humanity and civilization in the next few years to come but it also offers the picture too of an alternative and less happy picture.

It affords another suggestion of the necessity of nation living with nation in peace and harmony, the peoples of each intermingling and enjoying the mutual society and the enjoyments of a new era of civilization. The alternative, of course, might be complete destruction of the civilized world by scientific and engineering accomplishments.

**The Atomic Bomb**

Society has reached a turning point in its development with the discovery of the atomic bomb and with it the potential use of atomic energy which this discovery heralds.

The scientists of the United Nations deserve a tribute from humanity for showing the way to co-operation in the true scientific spirit. Only by co-ordinated action, by pooling their resources were the scientists able to develop this instrument which presages a new era for mankind.

There is no doubt that the use of the atomic bomb by the USAAF on Japan threw the Japanese warlords into a panic, but to the people of the United States who desired peace it meant the end of the Second World War and peace on earth for future generations.

It means peace for future generations because the proof of its destructibility is so shocking that civilization cannot afford to get embroiled in another conflict if it is to maintain itself. It has become clear,

even to the most naive mind, that another war would probably mean the destruction of mankind.

Not only can this discovery be used for ensuring the peace in the future, but the developments of the use of atomic energy arising from this discovery can be used to guarantee for all peoples everywhere, a full and useful existence. The discoveries of scientists do not belong to individuals nor to countries but to all humanity. It is up to the United Nations of this world to co-operate as well in the development of the use of atomic energy for peace as they did for war.—The Canadian Scientist.

**Freedom of Press**

"Fundamentally, freedom of the press" is not a special privilege reserved for newspaper publishers," says a prize essay written by Stuart J. Shaw, Edmonton newspaperman. "It is rather a phase of a much larger freedom—the freedom of all men to speak their minds openly and without fear. The press claims no right which should not belong to every citizen in a democracy, but freedom of the press is an all-important part of this larger freedom; because, under modern conditions, the press is the principal agency by which the ordinary man receives the information he needs to judge the actions of his rulers and make up his mind on public issues. Without newspapers, or with only gagged and blindfolded ones, he is in the dark, and helpless. An unfettered press is therefore one of the essential bulwarks of a democratic world.

"If any proof be needed, it is provided by the record of the Fascist and Nazi dictatorships. Rigid control of all sources of public information, and especially of newspapers, was the corner-stone upon which those regimes were founded. Without it, they could never have held power. With it, they could do as they pleased, to the eventual ruin of their own peoples as well as much of the rest of the world.

"This disastrous chapter of history should provide a warning against any attempt, by governments or by private interests, to restrict the essential freedom of the press. A free people must stand on guard not only against direct censorship, but also against more insidious encroachments. Nominal freedom is not enough. The only truly free press is one which can record the news faithfully and comment on it frankly, without fear of direct or indirect punishment. Neither the press nor the public is safe with anything less than this.

"All liberty, of course, involves obligations. The obligation of a free press is to be truly free. It must be thorough, accurate and unbiased in its reporting, sincere and thoughtful in its editorials, and resistant to all outside pressure. It must be both cautious and bold—cautious until it knows all the facts, bold when it is sure of its ground. It must, above all, be inspired by devotion to the public welfare as its staff understands it.

"Such a newspaper is worthy of the privileges which the English-speaking peoples have traditionally granted to their press. Such a newspaper is also the best guardian of the liberties of the people.

**Pioneer Dies—

Passes Away**

**Church Too Small, Community Hall is Used for Funeral**

BURNS LAKE—The funeral of the late Andrew Robertson Brown took place at Burns Lake on Friday, Rev. R. W. Henderson officiating. Because the United Church was too small, the service was held in the community hall. Even this commodious hall was not large enough to seat the many friends who attended the ceremony. The alcove was filled with natives who had known deceased for 35 years. The casket was covered with many beautiful floral tributes.

In an inspiring sermon Mr. Henderson dwelt briefly with the virtues of the deceased and his many services to the community.

After the service, the cortege proceeded to the cemetery where interment was made in the Masonic plot. Many friends followed to the last resting place a citizen who had always done his part in the development of the village where he had made his home.

A native of Scotland, the late Mr. Brown came to Fernie from Ontario shortly after the big fire in that town which he helped to rebuild.

Coming to Prince Rupert in 1909, he took a contract to straighten up the Dunedin Block which had twisted on its foundations in a gale of wind. It took three months' hard work to finish the building to suit his particular taste but he did so and lost money on the deal.

He then took over a contract from an American firm which had gone bankrupt on railway construction work. There he met Dave Wardrop and Dan MacDonald and cemented a friendship which endured until the time of his death.

In 1911 Mr. Brown went up the Skeena to Hazelton and built a number of houses, some of which are still standing. Leaving Hazelton with pack horses, he and Dave Wardrop pre-empted land near the present Bickle farm at Grassy Plains, but he abandoned that pre-emption and located again on the south slope of Bear Mountain just a mile north of Burns Lake, close to the present Gowansbrook farm.

He built a number of buildings at Burns Lake after the townsite was surveyed and then went to Fort Fraser to build a school.

F.D.R. STAMP COLLECTION ON VIEW—Here is part of the famous stamp collection of the late President Roosevelt, which is now on public exhibition. Part of the collection shown here includes a presentation from Louis II, Prince of Monaco, and an album of Western Union Telegraph free franks, which is held by Miss Polly Tallman. The exhibit will tour major cities of the U.S. before it is put on sale in New York in February.

Many buildings in Burns Lake, including the school there, are monuments to his craftsmanship as a master carpenter. To an even greater extent, Mr. Brown's integrity of character contributed to the development of the community.

A call to build a big house near Red Deer, Alberta, took him away for some time but he returned to Burns Lake and acquired the Shell Oil agency, improving the garage until it was one of the most compact small garages in the central interior.

In April of 1943 Mr. Brown and Miss Isabel Lowe in Vancouver. At the wedding ceremony Mr. Justice A. M. Manson was groomsmen. Returning to Burns Lake, the couple took up residence in the thriving village, where they were prominent in all civic affairs until the time of his last illness.

During his long career in Burns Lake, Mr. Brown served for many years on the village commission and the board of school trustees. He was a long-time member of the Masonic Lodge, of the United Church of official board, and of the W.M.S. hospital board. For several years past he had been a stipendiary magistrate.

Honorary pallbearers were James Rush, Dan MacDonald, Charles Wilson, Walter Wilson

**Whifflets  
From The Waterfront**

Union teamer Catala, Capt. Ernest Sheppard, at the conclusion of her present voyage, is to be withdrawn at Vancouver for annual overhaul and will be off the run for the next three trips. Her place will be taken by the steamer Venture. On regular schedule, the Catala arrived in port at 8:45 last night and sailed at 2 a.m. for Stewart and other northern points whence she will return here tomorrow morning southbound.

**SCOTS MARRIAGE LAW**

Scots law has preserved the rule that the mere interchange of consent (which may be verbal and in some cases implied) is sufficient as a marriage contract. Such marriages, where there is no religious ceremony, are termed irregular but are fully binding in Scotland.

and Barney Mulvaney. Active pallbearers were James Cowans, W. J. McKenna, John H. Keefe, Hume Linton, David Romieux and G. Saul.

Pte. Nick Pavlikis returned home on the Catala last evening after having been on service overseas with the Canadian Army. He is a well known local boy and is receiving a hearty welcome home.

Capt. Archie Thompson, who has been visiting his parents, Mr. and Mrs. J. H. Thompson, Graham Avenue, after returning from overseas, leaves tonight on the Princess Louise for Vancouver.

R. G. Sutherland who has been manager of Standard Oil Co. here for the last few years, leaves tonight on the Princess Louise for Vancouver to which city he has been transferred by the company.

Miss Margaret Colwell, R.N., of the Prince Rupert General Hospital nursing staff leaves on this evening's train for Terrace where she will pay a brief visit with her parents, Rev. and Mrs. T. C. Colwell. Her brother has just returned home from overseas service.

Three provincial police corporals of "D" Division are leaving tonight on the Princess Louise for Vancouver where they will attend a police training school. They are Cpl. T. D. Brunton of Terrace, who arrived in the city last night, Cpl. A. T. Lashmar of the Prince Rupert city detachment, and Cpl. H. L. Norman of Ocean Falls.

Mr. and Mrs. D. L. Stewart and family, who have been located at Juskatla Inlet in Massett Inlet, where Mr. Stewart has been identified with logging operations, arrived in the city on the Cassiar yesterday from the Islands and will sail tomorrow afternoon on the Catala for Vancouver enroute to Ocean Park where they will visit for the next few months.

**AUCTION SALE**  
TIMBER SALE X28857  
There will be offered for sale at Public Auction, at 11 o'clock in the forenoon on the 1st day of April, 1946 in the office of the District Forester at Prince Rupert, B.C., the Licence X28857, to cut 11,385,000 f.b.m. of Spruce, Cedar, Hemlock and Balsam on part of Surveyed Timber Licence 359P and 2968P and adjoining Vacant Crown land near the South end of Kumeleon Lake, Grenville Channel, Range 4, Coast Land District.  
Three (3) years will be allowed for removal of timber.  
\*Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid.  
Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester at Prince Rupert, B.C.

## LOCAL COUPLE WED IN ALBERTA

Miss Pauline Laporte Becomes Bride of Gus Krause

A marriage of local interest took place at Legal, Alberta, on January 10, when Pauline Laporte of Prince Rupert, daughter of Mrs. P. Laporte of Legal and formerly of Prince Rupert, became the bride of Gus Krause, only son of Mrs. G. Krause, 928 Hays Cove Avenue, Prince Rupert. The ceremony was performed in the church rectory, Rev. Emile Tessier officiating.

The bride was given in marriage by her mother and wore a brocaded satin gown with three-quarter length veil and halo head dress. She carried a bouquet of roses. Attending the bride, as matron of honor was her sister, Mrs. Suzanne Sim, who wore a floor-length gown in blue teal with matching veil and corsage.

Groomsman was Stanley Nadeau. At a reception at the home of the bride's mother, a three-tier wedding cake was cut by the bride. Greeting the guests, Mrs. Laporte wore a two-piece lilac dress with matching corsage and accessories. After a honeymoon trip to Vancouver and Penticton, Mr. and Mrs. Krause have taken residence at 619 Sixth Avenue West. Mr. Krause is employed at the Canadian Fish and Cold Storage Co. here.

## DUBEAU NEW LEGION HEAD

TERRACE—At a well attended meeting of the Canadian Legion held on Thursday evening in the Oddfellows' Hall, the installation of the following officers took place:

President, M. Dubeau.  
Vice-President, S. Kirkaldy.  
Second Vice-President, F. Morris.  
Secretary, H. Seaton.  
Treasurer, T. C. M. Turner.  
Sergeant-at-Arms, G. McInnes.  
After the installation, the meeting was turned over to the wives of the members who had been invited to form a ladies' auxiliary to work in conjunction with the Legion. Officers were elected by them for the coming year, the following being chosen: President, Mrs. F. Hall.  
Vice-President, Mrs. S. Olson.  
Secretary-Treasurer, Mrs. J. Harris.

After the adjournment of the meeting, those present participated in an enjoyable social evening. Dancing was followed by the serving of a delicious lunch prepared by D. Van Male.

## VARDEN SINGERS HAVE BIRTHDAY

Celebrate Fifteenth Anniversary With Banquet and Dance

Valhalla Hall was filled to capacity with the Varden Singers and their friends and supporters Friday night when the choir celebrated its fifteenth year of activity.

The guests were seated around tables decorated with flags and flowers and a program of entertainment was introduced by the master of ceremonies, M. Nordgaard.

Ingvold Fenness was the first speaker. In a thoughtful speech he outlined the history of the choir which in reality was organized in 1930. The problems of keeping a choral independent organization together were not easily solved, the speaker stated and he attributed the success of the choir largely to the painstaking work of Peter Lien.

Mr. Lien expressed his satisfaction at having had good cooperation from the choir members during these years. Entertainment of the lighter kind was presented by the master of ceremonies who gave humorous stories to fill in the gaps. Nels Gundersen sang a special review song dealing with the characteristics of all the singers. This review drew great applause and Mr. Gundersen had to sing another of his popular songs.

Mei Skalmrud sang two songs to his own guitar accompaniment. They were well received by the audience. B. Petersen recited verses which he had written in the form of a review dating back to the year 1930.

Rudolph Olsen the present president of the choir, spoke on the aims of the Varden Choir, pointing out that the word "Varden" meant "Beacon" and the choir was in a sense a beacon, he said.

A very impressive ceremony took place when K. Olsen called up the charter members, eight in number, and invested each with a badge of honor. Two of the younger choir members read appropriate words of thanks and appreciation to each charter member. The charter members were Nels Gundersen, Mrs. L. Luth, I. Fenness, P. Lien, Mrs. P. Lien, B. Petersen, Mrs. Grinstrand and G. Selvig. The members officiating were Mrs. Aslaug Lindseth and Miss Ethel Knutson.

A large birthday cake was cut by Mr. Fenness and Mrs. Luth. After the banquet a dance was held until well after midnight.

**COMPLICATED TEACHING**  
As late as the 14th century, English schools still taught Latin through French.

## Timely TERRACE Topics

A. Yoxall of Prince Rupert, who recently received his discharge from the air force, has just purchased the Empire Meat Market from Art Klohn. Mr. Yoxall arrived during the week and has already taken possession. His family will not be coming for some time.

The regular meeting of the Ladies' Guild of Knox United Church was held at the home of Mrs. F. Fisher on Friday afternoon with a large and representative crowd present. Plans were made for a tea and sale to be held on Saturday. Other business was also transacted. Rev. C. Carter of the Airmen's and Soldiers' Christian Association was present and gave a very interesting address.

Brian C. Colwell, son of Rev. and Mrs. T. C. Colwell, arrived home from overseas service with the R.C.A.F. on Wednesday evening. Among other places, Brian has been in India and England. He spent Christmas with Mrs. Colwell's relatives in Scotland.

Donald Cooper, son of Mr. and Mrs. S. Cooper of Terrace, arrived home Wednesday night. He came over on the Mauretania after being overseas nearly three years. During that time, he saw

### Plans for Expansion

To acquaint the public with the diversity of interests to be included in expansion program of the Prince Rupert Civic Centre following the official opening on March 3, this column will present a series of suggestions dealing with the four main phases of activity which are to supplement the popular program of recreative gymnastics now in effect. Cultural clubs, arts and crafts, adult education, and general recreation are the new features to be inaugurated and it is felt that both young and old people will find one or more activities in which to participate and even offer voluntary leadership. A member of the executive committee is in charge of each of these four groups. It is to be emphasized that the Civic Centre is for the people and of the people and that suggestions appearing in this column depend upon the response from the public for their fulfillment. Further expressions of interest from citizens who are interested in promoting any phase of the program would be a help to the committee in charge in working out details of the plans which are now in the embryonic stage.

After a three weeks' holiday, Charles Adams, owner of the Terrace Theatre, arrived back in Terrace Thursday evening. He had been in Vancouver and returned home by way of Prince Rupert.

Harold Ruckle of Vancouver arrived in Terrace Thursday night. He has just received his discharge from the Air Force and is spending a few days with his family here before going to Kamloops.

Mrs. A. Dishman of Prince Rupert arrived Wednesday evening to join the staff of the Skeena Coffee Bar. One of her sons is still on overseas service.

lic for their fulfillment. Further expressions of interest from citizens who are interested in promoting any phase of the program would be a help to the committee in charge in working out details of the plans which are now in the embryonic stage.

### Leader Training

The Leader Training Classes which will be held twice weekly for the remainder of this month will have a twofold purpose. Apart from providing new material to be taught after the opening of the Civic Centre, the training includes routines, dances and stunts which are being prepared for the coming display. First the girls' class, which begins this evening, will have training in fundamentals, tap dancing and pyramids. Then the men will meet and take part in fundamentals, parallel bar work and mat and springboard tumbling.

### SMITHERS

An enjoyable gathering was held at the home of Mrs. A. Ford in Smithers on Thursday evening last when the Anglican Sewing Circle met to work on articles for the coming bazaar. The meetings are to be held every two weeks at the homes of the various members.

An examining board under the Veterans' Land Act consisting of C. Hardwicke, appraiser; D. Holman, Kamloops; H. Bowman, C.N.R. representative, Prince George, and J. Owens, Evelyn local representative, was in Smithers last week.

Peter Demeray, recently returned from overseas, is visiting his brother and sister-in-law, Mr. and Mrs. Al Ford, in Smithers.

### TRANSFER FISH

Salt water mullet have been successfully transferred from the ocean to stock fresh water ponds inland.

### "GOVERNMENT LIQUOR ACT" NOTICE OF APPLICATION FOR CONSENT TO TRANSFER OF BEER LICENCE

NOTICE IS HEREBY GIVEN that on the 5th day of March next the undersigned intends to apply to the Liquor Control Board for consent to transfer of Beer Licence No. 7399 issued in respect of premises being part of a building known as Knox Hotel situated at First Avenue in the City of Prince Rupert, Province of British Columbia, upon the lands described as Lots numbered Thirteen (13) and Fourteenth (14) of Block Two (2) of Section One (1) Map 923, Prince Rupert Land Registration District in the Province of British Columbia from Knox Hotel Company Limited to Beauvoisin Hotel Co. Ltd., Prince Rupert, British Columbia, the Transferee.

DATED at Prince Rupert, B.C. this 9th day of January A.D. 1946.  
BEAUVOISIN HOTEL CO. LTD.  
Julius Vanderbeck, President.

# Canadian Nickel

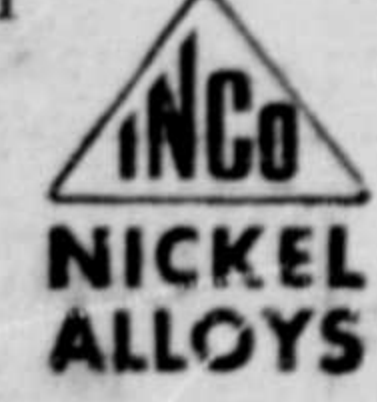

brings Cotton to your home

COTTON is not grown in Canada—our climate is too cold. Very little Nickel is mined in the United States—most deposits so far discovered there cannot be mined at a profit. So Canada imports American cotton. The United States imports Canadian Nickel. Each product helps to pay for the other.

Canada produces 90 per cent of the world's Nickel, but uses less than three per cent. So we must continue to export Canadian Nickel if we are to continue to employ

thousands of Canadians in the Nickel mines, smelters and refineries, and other thousands who produce the lumber, power, steel, explosives, machinery and supplies used by the Canadian Nickel industry.

Canada cannot keep on importing from other lands unless she exports Canadian goods. By constantly seeking to expand the uses of Nickel at home and abroad, the Canadian Nickel industry brings additional benefits to Canada.

The Romance of Nickel is on page back with this advertisement will be sent free on request to anyone interested.

**LOCAL NURSES MEET REGISTRAR**

Matters affecting the nursing profession in various phases were discussed by Miss Alice Wright, R. N., registrar of the Graduate Nurses' Association of British Columbia, with headquarters in Victoria, when she met members of Prince Rupert Chapter at the Nurses' Home of the Prince Rupert General Hospital Saturday night. Miss Margaret Colwell, president of the chapter, was in the chair and there was a good attendance of members. Miss Wright leaves on this evening's train for the interior, visiting chapters at Smithers and Prince George whence she will proceed to Vancouver.

**BLITZ AFTERMATH**

LONDON, (C)—When an unoccupied bomb-damaged house in Shoreditch collapsed, part of the debris fell on a horse and van causing the horse to bolt and come into collision with a passing car.

Join In The Fight against **PARALYSIS**

A Province-wide Campaign

THERE'S nothing more tragic than children in pain — children denied play-time pleasures because of paralysis. You can help these youngsters throughout British Columbia by supporting the Kinsmen and Lions in their combined campaign for funds to fight paralysis. Remember the Kinsmen-Lions Paralysis Fund is to bring relief to these child victims.

**SUCCESSFUL RED CROSS SALE HELD**

Grade Six of Borden Street School Active in Junior Red Cross

As one of their activities in connection with the Junior Red Cross program the pupils of Grade Six of Borden Street School held a successful sale on Friday afternoon.

Over 150 woolly dolls and sixty model aeroplanes and gliders were offered for sale to other pupils of the school and, as a result, the sum of \$26 was cleared. The "woolly dolls" had all been made by the pupils and there was much variety and ingenuity displayed in the workmanship. The model planes and gliders, made mostly by the boys, were disposed of in record time. Indeed orders were taken for delivery of others at a later date. The supply of hot gogs was barely equal to the demand.

The committee in charge consisted of President Billy Clark, Vice-President Freddy Simonson, Treasurer Alice Killas, Secretary Betty Birch, acting for Janet Wong who was out of town, Margaret Strachan and Bobby Holt. All other pupils of the grade assisted in various capacities, including Dick Edgar as circulation manager.

**HOW CAN I ???**  
By ANNE ASHLEY

Q. How can I remove fruit stains from linen?  
A. Hold it over the fumes of a small piece of burning sulphur. This will also remove ink stains if done immediately. Do not fail to dampen the linen before igniting the sulphur.

Q. How can I take disagreeable odors from a room?  
A. Hold a few live coals from the furnace on a small shovel, and sprinkle a small quantity of sugar or coffee over the coals.

Q. How can I make whey lemonade?  
A. Mix and chill 1 quart of whey, 6 tablespoons sugar, the juice of 2 lemons. And add slices of lemon.

A fine mist of water and oil is sprayed on cotton during ginning to prevent the development of static electricity which seriously clogs machinery.

**Big Area Served By Woman Doctor**

PETERBOROUGH, Ont., (C)—A record of delivering 500 babies during 10 years of practice in Haliburton county, is Dr. Agnes Jamieson's claim to fame as the typical country doctor. One of two doctors in Haliburton, and also one of the few women corners in Ontario, Dr. Jamieson said that she serves 3,000 persons in winter and double that in summer when tourists flock into the area. A graduate from the University of Toronto, she once had her own team of horses for hauling a buggy or cutter over back roads when the going got too rough. Dr. Jamieson has responded to calls from cabins, remote lumber camps, mid-forest shanties and the like, and in doing so has covered every nook and corner of Haliburton, which she describes as one of Ontario's fast-fading frontiers.

1 cup thick cooked cereal (oatmeal, cracked wheat, etc.)  
2 tablespoons fat, melted

Mix and sift flour, sugar, baking powder and salt. Add half the milk, the well-beaten egg and the remaining milk mixed with the cereal. Add melted fat. Beat only enough to combine. Fill muffin tins 2-3 full and bake in a hot oven, 400 degrees F., for 25 to 30 minutes. Yield: 12 muffins.

**Seasonable Ideas for Housekeepers**

**Muffins Are Always Popular Morning, Noon or Night**

Turn the spotlight on muffins and your family will forget about cakes and other rich desserts. Morning, noon or night, for breakfast, lunch or dinner, the muffins a favorite "hot bread."

Our problem then is to achieve a muffin masterpiece, tender and well-rounded. To reach this objective we must be in the "know how." Use good ingredients, level measurements and follow directions carefully.

In a muffin mixture the ingredients are combined in a particular way, which differs from that of either cakes or biscuits. In cake-eating the shortening is thoroughly creamed with the sugar, and for biscuits, it is rubbed into the flour. However, for muffins it is melted, added to the milk, which in turn is added to the dry ingredients all at once. Mix only until dry ingredients and liquid are blended. This mixture may look rough and lumpy, but baking will fix that. Never beat muffin batter—over-beating toughens the muffin and makes tunnels.

Home economists of the Consumer Section, Dominion Department of Agriculture, suggest that the flavor may be varied by the use of different flours, as in graham, cornmeal, cereal or bran muffins. The method of cooking may also give variation. The mixture may be steamed for a pudding, to be served with a hot sauce, or baked as drop cookies, using a little stiffer batter and adding raisins, spices and nuts if desired.

**Luncheon Muffins**  
2 cups all-purpose flour or 2 1/4 cups pastry flour  
4 teaspoons baking powder  
3 tablespoons sugar  
1 teaspoon salt  
1 egg  
1/2 cup peanut butter  
2-3 cup milk  
1/2 cup water

**Variation—**  
To make a delicious sweet muffin to serve for tea or supper, fill muffin tins 1-2 full with the above mixture. Add 1/2 teaspoon jam or jelly to each muffin, then add more batter until muffin tins are 2-3 full.

**Bran Muffins**  
1 1/2 cups all-purpose flour or 1 3/4 cups less 1 tablespoon pastry flour  
3 1/2 teaspoons baking powder  
1/2 teaspoon salt  
2 tablespoons sugar  
1 cup bran

1 egg  
1 cup milk  
2 tablespoons molasses  
2 tablespoons melted drippings  
Mix and sift flour, baking powder and salt, add sugar and bran. Beat egg, add milk, molasses and melted fat. Add to dry ingredients all at once and stir vigorously until mixed—do not beat smooth. Fill muffin tins 2-3 full and bake in a moderately hot oven, 375 degrees F., for 20 to 25 minutes. Yield: 12 muffins.

**Cereal Muffins**  
1 1/2 cups flour  
3 tablespoons baking powder  
4 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup milk  
1 egg, well beaten

A plump chicken, roasted to a turn, lends a party touch to dinner hour, whether it be a simple family affair or in honour of guests. Your choice of a bird - or your warnings to the carver - should allow sufficient for Tuesday. If the weather man dictates an all-round hot meal, the left-over chicken can be diced into a casserole, blanketed with a good sauce, and given a fill of mashed white or sweet potato. Beef round or flank cooked into a succulent Swiss Steak is Monday's suggestion. On Wednesday barbecued short ribs of beef will provide a cheery meal for a chilly day. Thursday's lamb chops will give a bit of change to the beef-eating characteristic of this season. Fish for Friday is a foregone conclusion. Boiling or over-poaching your selection is a means of saving your precious fat, and a parsley sauce served with it will make it doubly nutritious. A topsy turvy meat pie is a quick trick for Saturday, and one which will extend a pound of meat for an extra mouth or two. It is made by lightly browning the minced beef, seasoning it suitably, and adding a tin of condensed tomato or vegetable soup diluted with half a cup of water. Then cover with biscuit dough, bake in a hot oven about 20 minutes, and turn upside down on serving platter.

With winter weather calling for warming foods, one of your coupons could be spent on a beef shank which in turn will provide a hearty vegetable soup. Meat from the bone will help solve luncheon problems, whether they be sandwiches carried to school or work, or hot meals eaten at home. The remaining four tokens of your week's ration could be carried over to a roast day. Or the family might welcome some breakfast sausages, at 5 ounces per token.

**LANTIGEN LANTIGEN LANTIGEN LANTIGEN LANTIGEN LANTIGEN**

for **CATARRH,**

**BRONCHIAL ASTHMA, ANTRUM, SINUS ALSO CATARRHAL AND BRONCHIAL COLDS!**

**What is LANTIGEN?**  
Lantigen is a specially prepared dissolved vaccine and has been used successfully in the treatment of various diseases. Lantigen is not a patent medicine. Lantigen is a bacterial vaccine in a dissolved state, is devoid of drugs and safe to take. Lantigen is a natural aid. It is produced from the bacteria which are peculiar to the particular disease requiring treatment. In the preparation of Lantigen the organisms are destroyed by a process of dissolution thus releasing the active principles from the bacterial bodies. Being in a completely dissolved state the vaccine is operative locally by absorption into the tissues of the tongue, tonsils, throat, and the intestinal tract and is further operative by means of its distribution throughout the system. More than 150,000 people in Australia have enjoyed relief from the distressing affects of catarrh and allied conditions.

**Organs affected by Catarrhal Poisons**

**AN EMINENT PHYSICIAN**  
Writing in the "British Medical Journal," speaks as follows in the issue of January 15, 1936: "In my experience, the oral antigens have been mostly employed for cases of Catarrhal infections, rheumatic conditions and catarrhal enterocolitis. Clinical response has been quite definitely marked." This important statement, however, heralds the dawn of a great release for Catarrhal sufferers.
