A British communique said that seamen who seized control of the vessels in the harbor had threatened to fire if any move were made against them.

Vice-Admiral Sir John Godfrey proclaimed existence of a "state of open mutiny" today as the striking seamen of the Royal Indian Navy engaged in a pitch ed battle with other troops and promised to use every force at his command to crush the revolt.

Fighting broke out when Indian seaman, who had been staging a hunger strike in Castle Barracks, attempted to break out into the streets from which they had been banned following a series of demonstrations earlier this week.

British troops fired on the seamen who returned the fire and sporadic shooting continued for about 30 minutes.

INFORMATION UNIMPORTANT REDS ASSERT

Soviet Military Attache Recalled and Ambassador May Not Return to Canada

OTTAWA (CP)—There is speculation here on what a Russian broadcast statement on the Dominion's espionage investigation means to Canada. The broadcast admitted information was given by Canadians to the Soviet embassy's military attache but declared the facts thus ob-

tained were insignificant. Some Ottawa circles describe the statement as a defensive manoeuvre by the Russians. Said one source: "The report of the Royal Commission will blow that alibi sky high. They are just preparing ground for

their defence." Meanwhile, the Ottawa Morning Citizen says today that the Russian ambassador to Canada probably will not be coming back to Ottawa. The ambassador is George Zaroubin who at pres-

ent is in Moscow. The Citizen also quoted a source, described as being "close to the embassy," to the effect that the espionage probe is considered so important that all Russian statements on it will come straight from Moscow and not from the Russian embassy

in Ottawa. Moscow Radio Makes Statement

The Moscow radio has broadcast an official statement on the spy probe in Canada. The Russian broadcast declared that Canadian citizens gave some information of a confidential character to the Soviet Military Attache in Ottawa but that it was not of special interest as the information already had

been published. The Moscow radio said that the Soviet Military Attache had been recalled because of what was called the "inadmissibility" of the actions of members of his staff. The statement added that the attitude adopted by Canada is uncompatible with normal relations between the two governments.

Few children can be interested in a child's garden, but most of them will be delighted to help grow the family garden. It is important that their introduction to this pastime shall not be tedious or involve montonous tasks which may cause gardening to be associated in their minds thereafter with unpleasant work. Children work willingly when there is a reward | to be won. The first lessons should be directed to teaching garden techniques, and letting the pupil see how they are rewarded by vegetables and flow-

In due time, the average child so taught will want a garden of his own. Some may show small interest until they have established their own homes, when which they learned in childhood sank deep, and will never be

forgotten. One of the difficult tasks of educators is to teach city children what the world is really like; to make them understand nature, with which they have small contact. Gardening is an effective means of providing this basic understanding.

This is the first meet ento Leland, Don Eby and Roy Army. Austen of the R.C.A.F. Besides the bang-up skiing events of jumping, downhill, slalom, and cross-country, the club is holding some major social functions On Sunday night there will be a banquet honoring visiting skiers and on Monday night there will be a ball and the crowning of a Snow Queen.

Despite gale warnings all over the last week-end, Sunday turned on a bright day for skiers. The main downhill run was exceptionally fast so most of the kiers spent the day practising turns on the slalom run. About 3 o'clock in the afternoon a group of skiers toured over to Alex Mitchell's and then went off down the mountain from that end.

WORLD'S PRO BADMINTON

TORONTO-The second match for the world's professional badminton championship will not be played now until March 15. The match was scheduled to be played in Toronto this week, but Daug Grant, the defending champion, pulled a leg muscle and rather than take the crown by default the challenger, Stan Cutts of Toronto, consented to postpone the match. The first match of the best-of-three series was won by Cutts in Montreal.

Those supporting the cause of the more youthful and less experienced Intermediates claim that the fact that the Seniors have had but the two games against the Coast Guard this year and, since the younger boys have been playing league games twice a week for two months now and in the Armory, it is doubtful that the Seniors will be able to hold the pace that the Intermediates are capable of setting.

On the other hand, with years of experience on their side and with a little extra height and weight, it hardly seems that Johnson and Co. are ready to drop out of the picture for a year or so yet.

This column is willing to stick to the prediction that the Seniors will have things pretty much their own way and should win by close to 20 points if Messrs. Lindsay, Morgan and MacPhee are playing anywhere near their natural game.
