Hard Rock Miners Negotiations Continue

Chief Justice Suggests Selecting Consultants

VICTORIA (CP) — Chief Justice Goddard today announced he would continue to act in the federal investigation of the Columbia hardrock miners' strike but only in a consultative capacity. Actual negotiations between the union and operators will be conducted by commission officers of the federal land department.

Previously Sloan had refused to agree to his recommendation for joint negotiations instead of separate negotiations with each management.

BEAS CORPUS NOT REFUSED

Witnesses at Conspiracy Trial, Must Remain

TAWA — Chief Justice Goddard of the Supreme Court today announced he refused petitions for writs of habeas corpus on behalf of Gerson and M. S. Nightingale who were sentenced to months in jail last June for conspiracy to defame the court in refusal to testify at the trial of Rose, M.P., for conspiracy to defame the court.

The judge said he would make public the reasons for his refusal next week.

Gerson is a former Department of Munitions official and Nightingale is a former Royal Canadian Air Force communication officer.

MOVE POLES TO BRITAIN

ROME — Transporting 106,000 men of the Polish Second Corps to Britain should be completed by the end of the year, it was learned authoritatively here.

The movement started this month under a British government scheme wherein all men who feel that they are unable to return to Poland are being sent to a Polish resettlement camp. There they will receive training for civilian life.

BRITAIN GETS BEST CREDIT

NEW YORK — First \$300,000,000 of the \$3,750,000,000 United States loan to Great Britain was used to Britain's credit in New York yesterday.

During the day President Truman said the billion dollar loan proposal for Russia would not be before Congress before year.

ED OF HOTEL STRESSED

Community Underlying if it Cannot Otherwise Provided

Prince Rupert's need for a new hotel was re-emphasized tonight at the monthly meeting of the Prince Rupert Public Relations Council. Not until adequate hotel facilities were available could full advantage be taken of the possibilities of tourism which was developing rapidly. It was felt that such a hotel should be equipped to handle, as well as individual parties, such major gatherings as conventions, some of which already looking this way but hesitating because of lack of accommodation.

Community interests did not seem to provide such a hotel, meeting felt that it was time to organize a community hotel.

Any rates were discussed but which seemed to be particularly appealing was the north corner of Second Avenue and Smith Street, at present unoccupied highway property that had had the possibility of development alongside already attractive railway.

COMMUNIST, AGATHA

Agatha Chapman, in the latest espionage report, denied any allegations of being involved in any Communist or in any way connected with the Labor-Progressive Party was absolutely insisted. Miss Chapman, who was in the service of Canada, is a great-granddaughter of Sir Charles G. D. O'Brien, one of the Fathers of Confederation.

HOUSE FAVORS BREAD RATION

Motion of Former Prime Minister Churchill to Reject It Voted Down Yesterday

LONDON — After an uproarious debate yesterday, the House of Commons voted down a motion of Former Premier Winston Churchill to reject the government's bread rationing plan in Britain. The division was 305 to 182.

During the debate, Willie Gallacher, Communist member for Glasgow, charged that the Conservatives had incited the Labor government to institute bread rationing. The suggestion was vigorously denied by Churchill.

Mr. Churchill reminded the House that the government had not found it necessary to impose bread rationing during the war.

Food Minister John Strachey said that, if bakers failed to cooperate in putting bread rationing into effect, they might find their supplies of flour cut off.

Meanwhile, as the government stood fast for bread rationing, signs grew of a break-up of the threatened widespread revolt of bakers against the government plan to conserve wheat which is scheduled to go into effect on Sunday.

QUEENS OF STEWART—Our pictures centre around the recent Dominion Day Queen crowning ceremony at Stewart when Miss Kay Thompson and Miss Isabelle McLeod, having tied for the honor, were jointly crowned with W. R. Tooth, chairman of the board of village commissioners, doing the honors. The upper picture shows the regal group on the steps of the Stewart Court House where the crowning took place. The two charming Queens are seen in their beautiful gowns and with their handsome bouquets in the middle picture. Below is seen the Dominion Day procession on the main street of Stewart. The presence of laden pack horses gave a novel touch, floats and decorated cars also taking part.

U.S. Prepares Reduced Tariffs

WASHINGTON — Tariff cutting took the top spot today on the United States policy for expanding global trade. Lists of thousands of commodities are being drafted on which lower import duties will be considered. The administration can slash the present tariffs as much as 50 per cent provided American industries are not jeopardized by the cuts. The reductions will be made applicable only to countries making comparable concessions.

CROP BETTER THAN AVERAGE

This is Present Outlook on Prairies Following Helpful Rains

WINNIPEG — Good rains generally throughout the west have further improved crop conditions during the past week. Moderate to severe hail damage is reported from a number of points but has been on a relatively small scale, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

An average to better than average crop seems now in prospect from most sections of the three prairie provinces.

Weather in the Okanagan has been fairly warm and showery with one heavy rain since the last crop report, resulting in further splitting of cherries. This crop will be fully harvested within the next few days and prospects continue generally excellent.

DALADIER TAKES SEAT

PARIS — After stormy opposition of the Communists in the course of a 13-hour verbal battle, former Premier Edouard Daladier was permitted to take his seat in the National Assembly yesterday. He was criticized for appeasing Germany at Munich but replied that the real cause of the last war had been the pact between Germany and Russia.

Better Reports On Highway Going Out

Arrangements have now been made through the medium of the branches of the Automobile Association of British Columbia to keep up-to-date information on condition of the Prince Rupert Highway in the southern cities for the benefit of automobile travellers heading this way. Up until recently, there had been misleading reports extant in the south as to the condition of the road, the reports having actually discouraged motorists from coming here. Now that has been corrected.

Public Relations Names Delegate

E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce and the Prince Rupert Public Relations Council, will represent the latter organization at the annual convention of the Associated Boards of Central British Columbia to be held August 8 and 9 in Terrace. He was named as official delegate at last night's Public Relations Council meeting.

INTIMIDATION IS ALLEGED

Statement Issued By Vancouver Province—Trying to Publish

VANCOUVER — The Vancouver Province has issued a prepared statement saying that publication of the paper Wednesday was blocked by intimidation of its pressmen by men having no connection with the strike of printers. The Province said it will continue plans to publish as early as possible.

A company statement said that two pressmen who worked Thursday morning were "visibly thoroughly frightened for their lives." It was after they returned from lunch that they were intimidated.

The printers are on strike demanding that all Southam newspapers in Canada sign agreements recognizing International Typographical Union rules.

Budget is Defended

Minister of Finance Tells Why Taxation Relief Must be Deferred—Want of Confidence Motion Rejected

OTTAWA — Finance Minister J. L. Isley told the House of Commons yesterday that there were several reasons for making tax changes in the budget effective only from January 1, 1947, and added that greater relief could not be granted without increasing the deficit on the year's operation.

The House voted 135 to 37 against a C.C.F. motion of want of confidence in the government after hearing Mr. Isley defend his budget. A similar Progressive-Conservative motion, however, brought on another budget debate.

Mr. Isley denied that the government was welding the big stick in its new financial proposals to the provinces. He charged that Progressive-Conservatives called for reduction of expenditures without pinning their criticism to specific items.

STRONG ARMED FORCE NEEDED

WASHINGTON — Senator Tom Connolly told the Senate foreign relations committee today that it was essential for the safety of the world that United States maintain powerful armed forces. All aggression, including that of Russia, must be opposed.

CAMPAIGN OF LYING

That Is Charge of Union Against Company in Steel Strike at Hamilton

HAMILTON — That the Steel Company of Canada is conducting a "campaign of lies" aimed at getting military intervention in the strike was the charge made by the steel union after the company had issued a statement accusing union pickets of entering the property and damaging parked automobiles.

The statement said that food supplies are ample for men remaining in the beleaguered plant, officials stated that airplane service which has been used to take supplies into its plant has been expanded.

The union today built up its picket lines around the huge works.

THE WEATHER

Synopsis

Summer weather at last prevails over British Columbia except for the Queen Charlotte and north coast area where cloudy skies with rain continue to persist. The clear skies of yesterday resulted in higher temperatures generally with 93 at Lytton, 88 at Kamloops, 75 at Victoria and 79 at Abbotsford. Temperatures during the night were normal. Yesterday's ridge of high pressure over Vancouver Island and interior British Columbia continues to strengthen with the prospect of clear and slightly warmer weather for the week-end. The onshore flow of moist air over the Queen Charlottes will continue today but improving conditions are expected there Saturday.

Forecast

Prince Rupert, Queen Charlottes and North Coast—Clear in southern portion with increasing cloudiness northward becoming overcast with widely scattered rain showers over the Charlottes. Saturday clear in southern portion, cloudy in northern portion. Light winds in southern portion, southerly (19 miles per hour) over Charlottes and northern mainland today, becoming light Saturday. Warmer Saturday. Minimums tonight: Port Hardy, 43; Massett, 51; Prince Rupert, 53. Maximums Saturday: Port Hardy, 64; Massett, 64; Prince Rupert, 65.

THE BOWLER RETURNS

ACCORDING to the latest information, the bowler or derby hat is once more becoming fashionable wear in Britain. It is not altogether surprising, because the bowler has always been regarded by the English with affection; and, as a symbol of civilian life, it has achieved a

status far above the "trilby" or the cap. Although it went into retirement during the war, it was not forgotten, and its influence, one fancies, was asserted strongly in the shape of the tin hat, or "battle bowler."

Its charm is not easy to analyze. Its dignity demands delicate handling—it will not be discarded with careless abandon, and is hurt beyond all remedy if it be sat on. Should an ill wind remove it from the head, it is prone to live up to its name, and to bowl away at a speed that will defeat the most athletic of owners. Allow it, in the performance of its duty, to deviate in the smallest degree from the upright, and it becomes at once the most undignified of all hats. In comfort, it is not the equal of its softer brethren—but then, it is a British tradition, and perhaps its appeal is more to the heart than to the head.

WOULD ACCEPT 15c INCREASE

This Suggested by Steel Workers' Union Representative to Parliamentary Committee

OTTAWA—C. H. Millard, representative of the United Steel Workers of America, told the Parliamentary industrial relations committee yesterday that the union was ready to bargain on the basis of a wage increase of between 15c and 19c for a settlement of the steel strike. The union was anxious, Mr. Millard said, to negotiate a reasonable settlement.

NEW AIRCRAFT IS "BEAUTIFUL"

North Star to Be Christened Tomorrow By Mrs. C. D. Howe

MONTREAL—"A beautiful job." This is the way Canada's newest and biggest aircraft is described by the first man at the air liner's controls. Robert P. Brush, 34-year-old chief test pilot of the Douglas Aircraft Company, who came all the way from Santa Monica, California, to test fly the big four-engine 40-passenger plane, has spent most of his 5,000 flying hours on experimental or test flights and has flown virtually every type of airplane used by the United States army and navy during the war.

One of his most recent and most spectacular tests was conducted last May when he piloted the Douglas XB-43 on its maiden flight. The SB-43, the United States Army's first twin, jet-propelled bomber, has the spectacular performance of a jet fighter. The North Star, first of a series of four-engine transports being produced in Canada for the Canadian government at the Canadair Plant here, to be used by TransCanada Air Lines and Department of National Defence, will be christened Saturday afternoon by Mrs. C. D. Howe, wife of the minister of reconstruction and supply.

It is a combination of TransCanada and Douglas design with a British-built power plant. Its four engines are new type Rolls Royce Merlins.

Brush, after his initial test flights, had nothing but praise for the engines. "Free from vibration and very flexible," he said. "They make a good combination with the airframe."

Conducted Taxi Trips Organized

Lacking a tourist bus service, local taxi firms are now becoming better organized to handle groups of tourists in varying sizes on more or less personally conducted sightseeing tours of Prince Rupert. The taxi men, among other things, have taken supplies of the local publicity pamphlets for distribution among their fares. There has been no success yet in arranging on board the boats for the sale of tickets for such side trips while the ships are in port.

To the Employees of Prince Rupert Fish Plants

MORE FACTS:

1. HERE IS THE OPERATORS' PROPOSAL:

Graders	.91 per hour
Experienced General Fishworkers (male)	.87 per hour
Experienced General Fishworkers (female)	.77 to .87 per hour
Semi-qualified General Fishworkers (male and female)	.75 per hour
Inexperienced General Fishworkers (male and female)	.70 to .75 per hour
Qualified Cold Storage Workers	.89 per hour
Inexperienced Cold Storage Workers	.75 per hour

Qualifying periods for inexperienced workers to be reduced from twelve months to six months (new employees receive top rates six months after commencement of employment).

2. HOURLY CONDITIONS:
Time and one-half the regular hourly rate for all hours worked in excess of 8 daily or 44 weekly. Time and one-half the regular hourly rate for all hours worked on Sundays or Statutory holidays.

3. The above wage rates would be effective January 15th, 1946, and here are actual examples of "back pay" for the period January 15th, 1946, to July 15th, 1946 (6 months):

Grader "A"	\$95.20 back pay for 6 months (average \$15.86 per month)
Grader "B"	\$93.03 back pay for 6 months (average \$15.50 per month)
Grader "C"	\$99.09 back pay for 6 months (average \$16.51 per month)

EXPERIENCED GENERAL FISH WORKERS:

"A"	\$67.40 back pay for 6 months (average \$11.23 per month)
"B"	\$62.25 back pay for 6 months (average \$10.34 per month)
"C"	\$45.63 back pay for 6 months (average \$ 7.60 per month)

EXPERIENCED COLD STORAGE WORKERS:

"A"	\$67.00 back pay for 6 months (average \$11.16 per month)
"B"	\$56.20 back pay for 6 months (average \$ 9.36 per month)
"C"	\$64.80 back pay for 6 months (average \$10.80 per month)

These increased monthly earnings would be continued on approximately the same level for the balance of the contract year.

4. The Union has stressed uniformity of wages and working conditions—here is the record:

(a) In Vancouver and Victoria the Union negotiated and SIGNED an agreement approximately six weeks ago providing a premium rate of ten cents per hour for employees unloading boats. This premium to be added to the employees' regular rate. Six weeks later the same Union demands fifty cents per hour premium for the same work—FIVE TIMES THE RATE AGREED UPON IN VANCOUVER AND VICTORIA.

(b) In all fresh fish and cold storage plants now or recently covered by agreement, the overtime rate is DOUBLE TIME under the same conditions.

5. The Union negotiating committee has endeavoured to establish higher rates for the Prince Rupert operations than prevail in other agreements signed by the Union in recent weeks.

(a) This is entirely contrary to the Union's policy in other branches of the industry wherein the Union negotiates and signs IDENTICAL wage agreements for its members on a Coast-wide basis.

(b) The Union negotiating committee has not made any effort to prove or demonstrate that such higher rates are justified in Prince Rupert. If they feel that a strong case can be presented the Regional Labour Board is established to judge such disputes and to hand down an impartial decision based on facts.

6. Your Union negotiating committee has so far declined to follow the legal procedure suggested by the Operators to determine whether or not the above offers are fair and reasonable. The first duty of responsible Union leadership is to maintain the livelihood of the workers. If two parties cannot reach agreement by collective bargaining then the Government procedure must be followed, the workers in the interval continuing to work and taking home a pay cheque.

Let no action take place that will be regretted. Let responsibility and fairness prevail — other people earn their livelihood in the fishing industry in this district. They are entitled to consideration as to whether or not their means of livelihood should be affected.

Leslie T. Wylie, manager of
Pacific Coast Fishermen's Mar-
ine Insurance Co., left this
morning on the flying boat
Skeena Queen to return to Van-
couver after a four-day business
visit to Prince Rupert.

Olof Hanson, who arrived in
the city on Wednesday from
Vancouver, left this morning
with George Mitchell by car for
Smithers. Both Mr. Hanson and
Mr. Mitchell will be back in the
city in a few days.

Mr. and Mrs. D. R. Barclay,
former residents of Prince Ru-
pert, who have been visiting in
the city for the last two weeks,
are sailing tonight on the Car-
dena to return to Vancouver.

Passengers leaving Prince Ru-
pert this morning on the Skeena
Queen for Vancouver were J. W.
Bruce, Dr. J. D. Galbraith, L. T.
Wylie and J. R. Hyland.

Ald. N. E. Arnold has failed
in her effort to have the provin-
cial government repaint the
building housing the Prince Ru-
pert Public Library so is now en-
deavouring to make other ar-
rangements to have the work
done, the Prince Rupert Public
Relations Council was advised at
its meeting last night.

Librarian's Report For June Month

At the regular meeting of the
Library Board last evening Li-
brarian Miss O. Van Cooten re-
ported that during the month of
June 1,221 books were in cir-
culation. Of these, 649 were fic-
tion, 296 juvenile, 186 in the pay
section and 90 non-fiction. Nine-
teen new borrowers had been
added and ten had been can-
celled, showing a net gain of
nine. The total number of bor-
rowers in the library was 2,016.
During the month 57 books had
been purchased and 18 had been
donated. Forty-three had been
discarded, leaving a net gain of
32. The total number of books
in the library now is 9,366. Re-
ceipts during the month were
\$12.89 in fines, \$1.40 from new
borrowers, \$29.60 from pay sec-
tion, \$2.18 in payment on lost
books and \$1.00 for sale of one
book.

Owing to threatening weather the senior baseball and the girls' fastball games scheduled for last evening were not played.

There will be a doubleheader in baseball on Sunday afternoon at Roosevelt Park.

Tonight's men's fastball schedule calls for the Grotto to play Bo-Me-Hi and the Reserve Army to play Co-op.

While there has been no official line-up of football players for the game against H.M.C.S. Uganda for the Hanson trophy there would seem to be little difficulty in getting 11 players. A good team could be chosen from the following: Ted Smith, Gus Krause, Bob McKay, Ralph and Bob Smith, Doug Christison, Bill Murray, Stan Veitch, Frank Gomez, Henry Dickens, Dick Cameron, Heige Holkestad, Dave McMeekin and Bob Armstrong. Doubtless there are other whose names are not listed but who would like to try their ability against the navy.

The Civic Centre Association, a body originally created to raise and administer funds for the realization of a community centre, will be reorganized and combined with the Civic Recreation Board to create a body to operate the Civic Centre building.

The money which the Rotary Club holds consists of \$500 donated by Dr. W. T. Kergin towards a new Civic Centre building and \$182 raised by a carnival several years ago. It was turned over at the request of the Civic Centre which is seeking to consolidate such sums which are held by local service clubs pending the reorganization.

Modern Etiquette

By ROBERTA LEE

Q. When greeting callers wouldn't it be hospitable for the hostess to add some complimentary remark to each one such as, "How lovely your hat is, Mrs. Blank?"

A. No, and it would be poor form to do so. It would be sufficient to say, "How do you do, Mrs. Blank? I am glad to see you."

Q. What kind of social function would it be proper to hold at about four o'clock in the afternoon?

A. Women sometimes have formal luncheons at about four o'clock.

Q. Is it correct to use "Dear Sir" and "Dear Madam" in social correspondence?

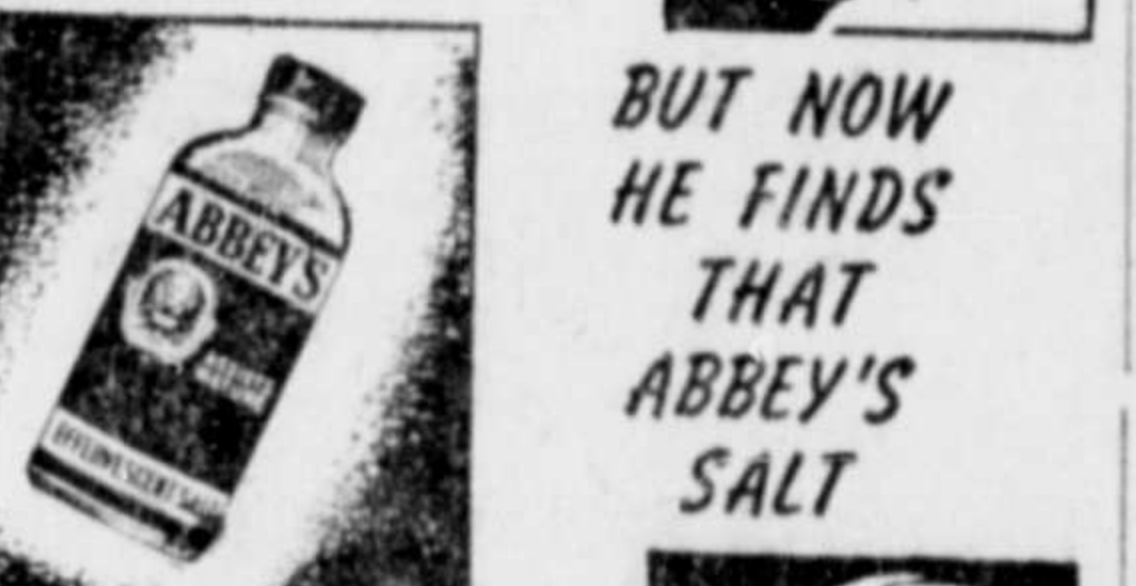

A. No; these terms are used only in business correspondence.

CIVIC CENTRE FOR LIBRARY

Possibility of New Home Being Secured Suggested—Missing Books Wanted

The most encouraging news that the Library Board has heard for some time is that there is a strong possibility that suitable accommodation may be provided for the library in the Civic Centre.

At the general meeting of the Library Board last evening, Mrs. N. E. Arnold, chairman, told the members that the matter had already been discussed informally with the Civic Centre officials. The members of the Board then inspected the rooms that might be available. There is the library room formerly used by the Y.M.C.A. In it there are already shelves. Then the room on either side of it would be available and either one would give more floor space than is being used in the present library. The whole set-up would be almost ideal. It would seem to be the most logical arrangement to have the city library in the Civic Centre.

The chairman was authorized to discuss the matter further with the Civic Centre officials and the city finance committee to see if the matter could be brought to a successful conclusion. Incidentally, if the library was moved to the Civic Centre, the present building would be available for the Museum Board.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE IN THE MATTER OF THE "ADMINISTRATION ACT" AND IN THE MATTER OF THE ESTATE OF ELMER HAROLD RICE DECEASED

TAKE NOTICE that by Order of His Honour Judge W. E. Fisher, Local Judge of the Supreme Court of British Columbia, I was on the 10th day of July, 1946, appointed Administrator of the Estate of Elmer Harold Rice, deceased, limited to his estate within the Province of British Columbia, and all parties having claims against the said estate are hereby required to furnish same, properly verified to me on or before the 31st day of August, 1946, after which claims filed may be paid without reference to any claims of which I then had no knowledge.

AND all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

DATED this 12th day of July, A.D. 1946.

GORDON FRASER FORBES,
Official Administrator,
Prince Rupert, B.C. —174

"Am I having a time with that nose old sailor who lives below!"

This would be most satisfactory to the Museum Board as already most of the museum exhibits are on the upper floor of the library building.

The Board expressed its strong indignation at the action of a few citizens who still fail to return copies of books to the library. One case in particular is that of the book, "Potlatch to Pulpit." This book is now out of print but the borrower has made no effort to return it to the librarian in spite of several communications. The board is considering taking the necessary legal action to recover the book as well as payment of accumulated fines.

The request to the Provincial Government to have the present building painted was refused by the provincial chief architect. The city engineer will endeavour to have the lawn cut but he is seriously handicapped by lack of labor.

The Ketchikan telephone directory is now available in the reading room. This makes a fairly complete library of telephone directories for the whole Canadian west and northwest. Present at the meeting were Mrs. N. E. Arnold, chairman,

PUBLIC COLD STORAGE HERE

Another Prince Rupert need which was brought forward at the meeting of the Prince Rupert Public Relations Council last night was for a public cold storage plant, not only for the handling of commercial fish offerings over and above those being taken care of by existing cold storage plants but to provide lockers for smaller local customers.

B. J. Bacon, himself in the commercial fish business, mentioned difficulties at times in getting fish into the crowded existing plants.

Others referred to the fact that public cold storage plants were in existence in many cities smaller than Prince Rupert and did a thriving and profitable business as well as providing a much-needed public service which was entirely lacking here today.

Mrs. M. M. Roper, Miss Van-Cooten, librarian, Rev. R. A. Wilson and J. S. Wilson, secretary.

20 YEARS AGO

July 19, 1926

With good weather prevailing, sockeye fishing on the Naas and Skeena was well ahead of the 1925 season. Spring salmon fishing was still in progress on the Naas and Skeena. In the Fitzhugh Sound district there were complaints that sharks and young whales were damaging fish nets.

A band concert was held in the Westholme Theatre by the band of the cruiser H.M.S. Curlew which was in port while on a cruise of the north coast.

Because there were few men unemployed in Prince Rupert, it was expected that not many would take advantage of special harvest excursion rates being offered to encourage men to help with the prairie grain harvest. An employment service estimate said that 57,000 men would be needed for the harvest.

Only blue in the rinse . . . PREVENTS CLOTHES TURNING YELLOW!

Scrubbing and rubbing won't wash out that yellow tinge—only one thing will restore the snowy sparkle to white clothes—and that is blue! A swish or two of Reckitt's Blue in the final rinsing water will keep clothes white and new looking! Try it and see . . . but, remember it's Reckitt's Blue, in that last rinsing that does the trick!

CARPENTERS SEEK BOOST

Want Their Wages Equalized With Vancouver

Carpenters in the Prince Rupert-area are seeking an increase in their wage scale which will place them on an equal wage basis with carpenters in the Vancouver region. A resolution to enter negotiation with local employers and building contractors and employers of the Prince Rupert local, United Brotherhood of Carpenters and Joiners in the Carpenters' Hall last night.

They will request that the local wage scale of \$1.10 an hour, be increased to \$1.25 an hour, the wage rate paid to carpenters in Vancouver. If approved by the local employers, the increase must be submitted to the western regional War Labor Board for final acceptance before it can become effective.

Last night's meeting was attended by practically the full membership of the Prince Rupert local. August Wallin, union president, was chairman.

—NEWS ITEM July 18th, 1946.

Prince Rupert Fish Plant workers have been offered wage rates and working conditions EQUAL to those recently negotiated and embodied in signed agreements for Vancouver.

Furthermore, such higher rates would be effective from January 15th, 1946 — several months BEFORE such rates were effective in Vancouver.

Prince Rupert waterfront employers have VOLUNTARILY agreed to "equalize" wage rates with Vancouver.

RESUMPTION OF PORT DAY

Expected to be Once Again Annual Event in Prince Rupert
Port Day Committee members, formed from the Junior Chamber of Commerce and headed by A. P. Crawley, hope to make the 1946 regatta on August 22 in Prince Rupert one of the most outstanding annual events of its kind to be held on the Canadian Pacific Coast.

Stress is being placed on international competition and many Alaska vessels are scheduled to participate in the various contests. One of the leading events planned for the celebration will be a time-elapased race, open class, from Ketchikan to Prince Rupert. This will be the first time in history such a race has ever been conducted.

Adding to waterfront festivities on Port Day will be the attendance of two native bands, a colorful spectacle not seen in Prince Rupert for many years. Hundreds of dollars in cash prizes as well as pennants, perpetual trophies, vessel trophies, and individual trophies for crew members, will be awarded during the day for the 18 various competitive events.

These events include: boat race, time elapsed, (open) from Ketchikan to Prince Rupert; parade of boats with prizes for the best decorated vessels; rowboat race, 16 years and under; rowboat race (open); gear-baiting contest (open); inboard speedboat race (open); salmon collectors boat race (open); cruiser race (open); gill-netters race (open); whaler race (open); trollers race (open); outboard motorboat race (open); halibut gear-setting and hauling contest (open); sailboat race (open) fishing vessels (over 45 feet) race, open; surf-board riding and canoe races.

Other events, not yet scheduled, will be included in the day's festivities to round out the program, state committee members.

Also in attendance during the day will be ships of the Royal Canadian Navy, the H.M.C.S. Crescent already having accepted an invitation to attend. The H.M.C.S. Uganda, and members of the United States Coastguard, 17th Naval District, Ketchikan, have also been extended invitations.

Port Day will be part of the

Directional Signs Are Being Erected

Directional signs in various parts of Prince Rupert, from city limits to waterfront, will shortly be making their appearance. Mark Hill, chairman of a committee having that task in hand, assured the meeting of the Prince Rupert Public Relations Council last night. The signs will serve to point the way to motor tourists entering the city by highway and, in reverse direction, to visitors coming from boats and trains and heading toward. The signs will be attractively painted in black and white, the contract figure being \$75.

Strawberry Tea At Terrace Is Success

SMITHERS - The beautiful lawn and garden at the home of Mr. and Mrs. Harvey Davies of Smithers was the scene of a delightful strawberry tea held on Wednesday afternoon. Members of the Women's Auxiliary of St. James Anglican Church assisted Mrs. Davies in the preparations and in serving the many guests who attended this successful affair. Proceeds are to go to the cost of new lights for the church.

GIRLS BACK FROM CAMP ON ISLANDS

Back from a two-weeks summer camp near Port Clements, 16 Canadian Girls in Training arrived in the city this morning on the Sasiar. They were under charge of Miss Lynn Gowan. The girls left for camp on July 6. The outing was of great interest and enjoyment.

annual week-long carnival celebration. This year, instead of carnival queen, a "Port Queen" will be elected to reign over the carnival and regatta.

VANCOUVER FIRM GIVES FOR PORT DAY

Prince Rupert's Port Day committee received its first, and so far, only, out-of-town contribution to its fund-raising campaign Thursday with receipt of \$25 from Cummins Diesel Sales of Vancouver. The money, along with more than \$500 in local contributions, will be used for prizes and expenses of Port Day here on August 22.

Museum Is Still Looking For Home

Owing to difficulty in arranging for premises for its housing, the museum board has so far been unable to get the museum here re-established. It had been intended to use that portion of the old provincial government land registry office on Second Avenue at Fifth Street which until recently housed the Red Cross workroom, but the provincial government has not yet committed itself about granting a lease and, furthermore, considerable expenditure in bringing it up to city regulations would be required. Meanwhile the possibility is considered that the present library building might be obtained for museum purposes, it being reported that the library might move into the Civic Centre building.
