A DESERVED HONOR

IT IS A PLEASURE to congratulate Jarvis H. McLeod, collector of customs at Prince Rupert for nearly thirty-five years and by long margin the doyen of public servants at this city, on his being honored in the King's Dominion Day Honors List with the award of Membership of the British Empire. If recognition of long, faithful and efficient service is any one's just due it is Mr. McLeod's and there will be general approbation on its being conferred to him. Mr. McLeod has been so long a fixture here that he and his good work year in and year out might be taken as a matter of course. We are, therefore, the more approving of recognition being conferred thereon. Through the years he has been one of Prince Rupert's most popular and esteemed good citizens.

WELCOME, ALEXANDER

PRINCE RUPERT may feel gratified that His Excellency, the Governor-General, is losing little time in the course of getting acquainted with Canada in coming to this city. His announced visit here on August 21 will be welcomed by all and, while it will be of brief duration, it would be fitting that due recognition be made and that, despite the suggestion that it be not regarded as official nature, it should be fittingly marked.

It is interesting and timely enough that the vice-regal visit nearly coincides with the revived Port Day and the Civic Centre Carnival—a coincidence that, undoubtedly, will be made the most of.

LUCKY CANADA

CANADA may rest assured that any reaction which may result in this country through the inevitable inflation that must result from the removal of price control machinery in United States will be of a minimum through having Mr. King and Mr. Isley still at the head of affairs. Both are past masters at the art of anti-inflationism and they have already proven on many occasions their courage and good sense in refusing to be stampeded in the direction of lifting controls in spite of clamor that might have been heard along these lines. It may be impossible to completely avoid some reaction from the present situation in the United States but it will at least be held at a minimum.

The people of the United States may soon be experiencing the effects of the spiral of inflation and the disastrous results that may ensue. We do not like controls, of course, but lack of control might be worse as we may soon find by observing what happens in the United States during the next few weeks now that the lid is off.

THE DEAD DRY DOCK

VARROWS shipyard in Victoria has been awarded the \$150,000 contract for constructing a ferry boat for Okanagan Lake service. Evidently, the local dry dock on this occasion did not even put in for the work. The job might not have seemed large in comparison with the big program of wartime ship construction that we had here. The bad thing about the whole matter is that the policy now seems not to endeavour to get any work whatever for the local yard. Unfortunately, after all the fight we put up some months ago for continued activity at the yard, the people of Prince Rupert are now quite satisfied to sit back and accept the situation that the matter of promoting activity for the big plant is now quite a dead issue.

NEED POPULATION MINISTER WARNS

Immigration Requirements Stressed by Australian Cabinet Members
SYDNEY, Australia (C)—Federal government ministers are sounding warnings that Australia must populate to ensure future security.

The deputy prime minister, Francis Forde, sums up the position in this phrase: "Unless the country is populated it cannot be held."

Mr. Forde points out that Australia, which has now a population of 7,000,000, will otherwise reach a population peak of 8,500,000 in 1980, and will then regress and perish.

Immigration Minister Calwell says that immigrants are an essential need to the development of Australia.

He points out that the Commonwealth government has already devised "a bold immigration policy" under which 70,000 will be admitted to Australia each year but that shipping difficulties are holding up implementation of the program.

Mr. Calwell says it is doubtful whether private shipping companies will be more than half the 70,000 migrants provided for in the migration plan by the end of 1947, and that the Commonwealth government may have to build its own ships.

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence? "These here apples are very good."
2. What is the correct pronunciation of "unlearned"?
3. Which one of these words is misspelled? Biennial, bivouac, biology.
4. What does the word "conducive" mean?
5. What is a word beginning with ins that means "to intimate"?

- Answers**
1. Omit here. 2. Pronounce un-lur-ned, three syllables, not un-lur-ned. 3. Biennial. 4. Leading or tending; helpful. "These things are conducive to good health." 5. Insinuate.

SUPER-ERICKLAYER
NEWTON BURGOLAND, Leocestershire, Eng. (C)—W. Gray 75-year old bricklayer building a farmhouse here, is creating a record by laying about 700 bricks a day—against 400 a day considered satisfactory by the Ministry of Works.

EQUATORIAL COUNTRY
Ecuador takes its name from the equator, which crosses the country just north of Quito.

Another plan under consideration by the cabinet is government purchase of victory ships, 20 of which are reported to be lying idle in America.

OLD AND NEW IN TELEGRAPHY

Century of Progress Is Witnessed at Hamilton

HAMILTON—A century of progress in telegraphy was demonstrated here Monday when a message of greeting from R. C. Vaughan, chairman and president, Canadian National Railways, addressed to Mayor Sam Lawrence, was received simultaneously over telegraph equipment in use a century ago and on the most ultra-modern teletype machine. The 130-word message, which officially opened the telegraph centenary being held in conjunction with the centennial celebrations of the city of Hamilton this week, took 13 minutes to record by Morse code on the old venerable machine while the same message was automatically recorded within two minutes and five seconds on the new teletype equipment now in general use throughout National Telegraphs offices.

FOR SALE
CROWN-OWNED SURPLUS AT
PRINCE RUPERT, B.C.
FORMER U.S. ARMY H.Q. AND MAIN WAREHOUSE

War Assets Corporation invites proposals for the purchase of all the Crown's right, title and interest in the Administration Building, Prince Rupert, B.C., formerly occupied as the U.S. Army Headquarters for the Prince Rupert Sub-Port of Embarkation, and in the Main Warehouse Building, formerly operated by the U.S. Army.

FORMER U.S. ARMY H.Q. BUILDING

This building is located in the downtown area of Prince Rupert. It faces 2nd Avenue at 7th Street and the rear lies at the edge of an escarpment overlooking the dock area. It rests upon lands leased to the Crown by the Canadian National Railways. The successful purchaser will have to make his own arrangements with the Canadian National Railways in regard to the continued leasing of any of this land.

This building comprises two stories built with four wings. The main section of the building is 54'x251' and the four wings at the rear are each 76'x38'. Total floor area is 51,981 square feet. Foundations are of concrete. The boiler room and vault have reinforced concrete floors, walls and roof slabs. There are concrete floors on the first floor wash rooms. The balance of the building is of wood frame construction and both stories are 10' in height. Exterior walls are covered with asbestos shingles over 1" diagonal sheeting. The flat roof is protected by 3-ply built up roofing. All interior walls and partitions are lined with clear fir plywood. Ceilings are covered with fibre board, about one-quarter of this being acoustical material. Window sashes are double hung and all are equipped with venetian blinds.

Steam heat is provided by a Birchfield boiler and distributed by direct radiation. Numerous plumbing fixtures such as toilets, lavatories, urinals, drinking fountains, sinks, etc., are strategically located throughout the building.

MAIN WAREHOUSE BUILDING

This building is situated upon property located between the business district and the Canadian National Railway tracks, about 300 feet back of, or East of the waterfront. It is on land leased to the Crown by the Canadian National Railways, and the purchaser will be required to make his own arrangements with regard to the continued leasing of any of this land.

Structure, which was used for warehousing of war supplies for shipment to Pacific area, is of four stories, mill type construction on concrete piers.

Gross floor area approximately 367,224 square feet, equally divided among different floors. Loading capacity 450 pounds per square foot on ground floor and 250 pounds per square foot on other floors.

Building irregular in width but 637 feet long. About 3,500 square feet office space finished in plywood already blocked off.

Adequate washroom and toilet facilities exist. Manually operated heating plant provides adequate heating through 70 unit heaters.

Ample fire fighting appliances. Eight (8) Otis Electric Freight Elevators, 15,000 pound capacity each. One (1) Otis Electric Passenger Elevator, 2,000 pound capacity.

Completely wired for electricity with transformers in place. Adequate sewer and drainage services with water metered from City of Prince Rupert.

Rail service to the building is furnished by the Canadian National Railways and obtained through five electrically operated overhead doors and thirty-three manually operated overhead doors located upon the first floor adjacent to the tracks.

The upper three floors of this building are connected to the Transit Shed upon the Prince Rupert Dock by an enclosed freight bridge of mill type construction, 307 feet long and 30 feet wide, capable of carrying a weight of 70 tons.

All proposals must indicate the intended use of the property and anticipated employment figure which, for economic reasons, will be determining factors in considering any offers.

Separate proposals are asked for each building, and should reach the Head Office of the Corporation not later than: **THURSDAY, JULY 18, 1946.**

The highest or any offer may not necessarily be accepted.

(All data given in this advertisement are necessarily abbreviated and subject to correction).

Inspection of this property may be arranged upon application to the office of the Corporation at Prince Rupert, B.C.

Full particulars regarding both properties may be obtained from

Modern Etiquette
By ROBERTA LEE

Q. When a new employee enters an office or store, is it necessary to introduce him to the other employees?

A. It is not necessary, but it is a very courteous thing to do, particularly to the other employees whom the beginner will contact regularly.

Q. If there are many guests at a large dinner, is it the duty of the hostess to introduce each guest to all the others?

A. No; but she should introduce those nearest to one another.

THE RCAF HAS OPENINGS FOR

ELECTRICIANS and INSTRUMENT MECHANICS

THE JOB: Maintenance of the miles of wire and the delicate instruments which are a vital part of every modern aircraft. Allied trades include aero-engine electricians and office-machine mechanics. Valuable training courses are established for most trades; service or civil experience can mean immediate advancement in "grouping" and hence in pay. Applicants should normally possess junior matriculation or its technical-school equivalent. Previous trade experience is not essential.

There are openings also in many other ground trades.

THE PAY: Basic pay plus living allowances for non-commissioned ranks runs from \$95 monthly for Aircraftman Class 2 to \$188 for Warrant Officer Class 1; extra pay for trade proficiency and increased pay after three years in any rank; marriage allowance of \$20 a month; free uniform clothing and medical and dental service.

THE PENSION: A lifetime income on discharge after 20 years' or more service; pensions or gratuities in the event of prior discharge on medical grounds, and pensions or gratuities to widows or children in the event of death while on service.

VETERANS' PREFERENCE: As among applicants, war veterans applying for reappointment will receive preference, and if accepted will be reappointed to the ranks they held at the time of their discharge, or to the nearest ranks which establishment permits; and their prior service will be a factor in promotion and pension.

TERMS OF SERVICE: Applicants without previous service must be over 18 and under 26. Good conduct, satisfactory medical category and educational qualifications will enable applicants to enlist in Regular Air Force for five years and re-engage thereafter for further five-year terms.

WHERE TO APPLY: Applications should be made to Western Air Command, RCAF, Joint Services Headquarters, 4th Avenue West, Vancouver, B.C.

MATILDA LARSEN IS JUNE BRIDE

In the presence of a few family friends at St. Peter's Church at 7:30 Friday evening, Miss Matilda Larsen became the bride of Mr. Percy Hudson. The ceremony was performed by Canon W. F. Rushbrook.

Wearing a floor-length gown of white satin and a fingertip veil held in place with white gardenias, the bride was given in marriage by W. P. Herman. She carried a bouquet of red roses, carnations and fenef. Mrs. W. P. Herman, matron of honor, wore a floor-length gown of turquoise blue and shoulder-length veil, carrying a bouquet of pink carnations and white crysanthemums.

Groomsman was George Penny of Prince Rupert. Following the ceremony a reception and dance was held at the Signals Hall where the bride and groom received the hearty congratulations and best wishes of their many friends.

The couple have lived in Prince Rupert since childhood and both served in the recent war. The bride just returned from serving with the C.W.A.C. in Great Britain and on the Continent. They will make their home in the south.

USEFUL LARK The western meadow lark is one of the most useful of insect-eating birds in America.

Happiest Couple Receives Prize

MELBOURNE, Australia, ©— Suggestions that a prize be given to the happiest married couple in Victoria have been so well received that it is hoped to revive the English ceremony of the Dunmow Fitch in Melbourne. A committee is to be appointed to draft a modern application of the idea.

The Dunmow Fitch—the custom of awarding a huge piece (or gammon) of bacon to couples who had never quarrelled in the first year of their marriage originated with the religious fraternity of Dunmow priory in Essex, during the Middle Ages.

HOW CAN I ???

By ANNE ASHLEY

How can I give olives a flavor and also prevent them from becoming bitter?

After opening the olive jar, pour off the brine and use one or two tablespoonsful of olive oil. Replace the cork, seal well and let it stand for an hour before using.

How can I make durable holders and pot lifters?

An improvement over the ordinary holders is to line them with pieces of leather from old shoes.

How can I remove mildew from leather?

By rubbing first with vaseline and then with a soft cloth.

MISSIES LIKE SERIOUS MUSIC

© Sydney, Australia, ©— New Zealand is taking an unprecedented interest in good music, according to the concert manager of the Australian Broadcast Commission. Towns throughout the state, formerly uninterested in music, are demanding more by the A.B.C. Symphony Orchestra. It has already visited areas, including New Zealand, Lithgow, Wilkes and Canberra, and is now pouring in from other centres. Some 60,000 people travel up to 60 miles to hear the concerts. Children throughout the country are taking an extraordinary interest in music.

"Sh... I want to hear the name of that new cereal with the gloriously different flavor!"

- Mrs. Jones certainly got an earful. For that one-and-only new flavor everybody was talking about in the Nineties was the malty-rich, sweet-as-a-nut Grape-Nuts flavor.
- And folks are still talking about that same really different taste—but in two grand cereals—curly, honey-golden POST'S GRAPE-NUTS FLAKES as well as crisp, chewy Post's Grape-Nuts.
- Sun-ripened wheat and malted barley are a double reason why Post's Grape-Nuts Flakes are so good—why they provide carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials.
- Ready to eat. Easy to digest. Nourishing, delicious. Get Post's Grape-Nuts Flakes today. Regular and giant economy size packages. All carry recipes for tempting cookies and other good things made with Post's Grape-Nuts Flakes.

20 YEARS AGO In... RUPERT SPORT

Ketchikan won both games of a double-header in their two-game series against Prince Rupert on Dominion Day before a record crowd in glorious weather. In the first game the locals lost 18-5 and in the evening game also lost 9-0.

Representing Prince Rupert were S. Moran, Perry, W. Mitchell, D. Balfour, O. Haveland, W. Lambie, V. Menzies, J. Farquhar, W. Stickney.

In the Dominion Day football

cup final Moose won from Cold Storage by 3-1. Scorers for Moose were Sam Currie (penalty) Dido Gurvich, and Hodgkinson, while Norrington scored for the Storage.

Teams:
Moose—Wilson; Skinner, F. Hunter; G. Mitchell, S. Currie, Tinker; Hodgkinson, A. Mitchell, MacIndewar, Campbell, Gurvich.
Storage—Murray; Haig, Kelsey; Carlson, Harris, McDonald; Johnson, Lamb, Erskine, Doherty, Norrington.

George Russel refereed the game and linesmen were R. Howe and A. Dickens.

Spaghetti originated in China and was introduced in Europe through Italy by Marco Polo.

TERRACE WINNERS

Results of Sports at Interior Town on Dominion Day

TERRACE, B.C.—Prize-winners in the Dominion Day celebration at Terrace Monday were

Floats—International Woodworkers' Association Women's Auxiliary, Skeena Cafe, Skeena Mercantile. Honorable mention: Terrace High School, J. H. Smith, Carl Pohle Mill, Forest Branch, Johnstone and Michiel and Terrace Red Cross.

Best Comic Float—Oddfellows' Lodge.

Decorated Bicycles—Dorothy McCabe and W. Stephenson.

Pet Parade—Ellen Richmond (kitten in buggy), Carl Richmond (cow boy and Shetland pony), Claude Phillips (patriotic dress with dog).

Log Cutting Contest—Colin Cooper, C. Giggberger, Francis Seaton.

Softball—Terrace 7, Prince Rupert 6; Usk 17, Terrace 7; Terrace Tigers 14, Prince Rupert Reserve 11.

Refreshment booths at the sports grounds catered to a hungry public and did a great trade. Amusements of skill and chance attracted many patrons. Swings and a sand box kept the youngsters happy and occupied.

SHORT SPORT

Fastball Games Tonight—Co-op vs. Reserves, General Motors vs. 99 Taxi.

Owing to the holiday season and inclement weather there was no fastball games played over the week-end.

An upset in the Wimbledon tennis championships was the

defeat of Dinny Pails, young Australian star, by the French player Petro, who won a hard-fought contest 7-5, 7-5, 6-8, 6-4.

All attempts so far by the local model yacht enthusiast, A. J. Croxford to arrange a sailing race for Port Day have failed. There are still some of his beautifully constructed yachts in town but the owners have not shown any interest. While in Pentigon recently Mr. Croxford sailed his Tye on the lake and considers the conditions there ideal for such a sport.

BIG MONEY ERA CAME IN FIGHT GAME TWENTY-FIVE YEARS AGO

First Million Dollar Gate in Boxing Recorded When Dempsey Knocked Out Carpentier at Jersey City

By FRANK ECK

NEW YORK (AP)—Twenty-five years ago New York reported the first million dollar gate in boxing. It was on the night of July 2, 1921 that Jack Dempsey and Georges Carpentier drew receipts of \$1,789,238 in their world's heavyweight Battle of the Century at Boyle's Thirty Acres, Jersey City, N.J.

Only three other title battles surpassed that figure—Dempsey's two losing struggles with Gene Tunney and the recent Joe Louis-Billy Conn fight.

The Dempsey-Carpentier bout, the first of the immortal Tex Rickard's great fistie extravaganzas, drew 91,000 fans. Dempsey's share was 369,000. He won when Carpentier, a French light-heavyweight, was counted out by Referee Harry Ertle in the fourth round.

It was a right to the jaw followed by a left to the jaw that flattened the game little Frenchman.

The heavier Dempsey was an overwhelming favorite to retain his crown. At the outset it looked like we might have a new heavyweight champion—light heavyweight size as Gorgeous Georges scaled but 172 pounds.

Carpentier almost upset the 188-pound Manassa Mauler from

that Promoter Rickard... to Dempsey's dressing... fore the bout, had... champion to "carry" his... adversary. Veterans... served the fight still... Dempsey could have... Carpentier as early as... and round.

The knockout of... was the fourteenth in... for the Manassa Mauler... period of almost three... ANOTHER "FIRST" FOR CHEVROLET

1946 Stylemaster Sedan Makes First Trans-Canada Trip to Win Todd Medal for Brig. R. A. Macfarlane

BRIGADIER R. A. MACFARLANE D.S.O.

DOWN "CANADA'S MAIN STREET"—The Trans-Canada Highway, which links province to province, from sea to sea, and opens the way to a great new era of tourist travel.

Rolling along "Canada's Main Street"—the Trans-Canada Highway—from coast to coast, Brigadier R. A. Macfarlane, D.S.O., at the wheel of a new 1946 Chevrolet Sedan, has just completed the first ocean-to-ocean automobile trip without leaving Canadian soil.

To win the A. E. Todd Gold Medal—offered in 1912 by the Mayor of Victoria—Brig. Macfarlane left Louisburg, Nova Scotia, with the salt of the Atlantic on his rear wheels, and after nine days of driving he arrived in Victoria, Vancouver Island, B.C., and dipped his front wheels in the Pacific, having covered

4,743 MILES

The Chevrolet used was a stock 1946 model powered with a standard six-cylinder valve-in-head engine. It was selected by Brig. Macfarlane—who held the responsible posts of Director of Mechanization and Deputy Master-General of Ordnance, at Defence Headquarters, Ottawa—because he is convinced that a "sturdy, light, economical passenger car is ideal for the average Canadian citizen."

With his extensive experience of army vehicles, on the testing grounds and on active service in two wars, Brig. Macfarlane made the new Chevrolet his choice for his history-making trip—another "first" for Chevrolet!

NEARING THE END OF THE TRAIL—J. V. Johnson and George Warren of the Victoria Automobile Club, meet Brigadier Macfarlane and his Chevrolet a few miles outside Victoria and escort him into the City.

THROUGH THE ROCKIES—The Chevrolet spent thrilling hours skirting sheer precipices and climbing high mountain roads before it encountered this quiet little valley in Canada's Rocky Range.

THE PACIFIC—After 4,743 miles of rapid, trouble-free driving, Brigadier Macfarlane and his co-driver dip the front wheels of their Chevrolet in the Pacific Ocean—to win the A. E. Todd Gold Medal.

THE AWARD—Winning of the Todd Medal, offered in 1912, became possible with completion of the Trans-Canada Highway. It is now awarded to Brig. R. A. Macfarlane for the first authenticated journey from Louisburg, Cape Breton, to Victoria, B.C., over a specified all-Canadian route.

MEAT FOR STARVING—Contribution of valid meat coupons to increase meat shipments to the hungry areas of the world is one of the few direct methods which Canadians can show their desire these days to assist their less fortunate European and Asiatic neighbors.

However, although nearly 89,000 valid meat coupons were turned in unused up to the end of May, there apparently still is a lot of doubt in the minds of housewives and women's organizations as to the details of how to contribute coupons and how they are collected.

Recently the Food Information Committee received this typical query:

"Our women's association of the United Church has appointed me to collect coupons. The instructions speak of 'any organization authorized to make collections under the war charities act' and makes it an authorized organization? I am willing to assist in collecting coupons but want to do it in the correct way. How do I go about it?"

In reply to such queries, the committee says that any group during the war, raised for war charities was registered under the War Charities Act. All such groups who wish to do so may appoint coupon custodians. In addition, church organizations, whether registered under the act or not, may appoint custodians and undertake the collection of meat coupons. The number of custodians is limited to three members of a group. Application for their registration, signed by an officer of the group, should be forwarded to the local ration board office, which supplies the necessary identification cards.

COUPON COLLECTION—Coupons or tokens may be collected at meetings, by house to house canvass, or in other ways. Receipts are issued by the ration board for coupons turned in.

Or, if you haven't got a custodian to turn your surplus coupons over to, take them direct to the ration board office yourself.

Mrs. Harold Lorie, president of the National Council of Jewish Women of Canada, recently announced that the council has collected more than 2,000 coupons since the scheme got under way. Biggest haul was made at

the annual meeting of the Toronto section in May.

"Originally our women wanted to send individual food parcels overseas," Mrs. Lorie said, "but they realized it was better to send through the government, and the contribution of meat coupons was a practical way of doing so. More than 700 coupons were turned in to a custodian at the door, that day in Toronto."

OPEN CANNED FOOD IS SAFE

Less Danger of Spoilage Authorities Declare

HAMILTON—Canadian housewives who habitually empty canned food from the metal container as soon as it is opened may be surprised to learn that it's perfectly safe to leave the food right in the can.

The Canadian Department of Agriculture, in a bulletin entitled "Canned Fruits and Vegetables for Variety in Everyday Meals," says you can let the canned goods stay put in safety.

And H. P. Stevens, research director of the American Can Company in Canada, adds that food is just as wholesome and less liable to contamination if left in the can. In a more detailed report, the United States Department of Agriculture says: "It is just as safe to keep canned foods in the can it comes in if the can is cool and covered—as it is to empty into another container. Thousands of housewives are firm in the faith that canned foods ought to be emptied as soon as the can is opened, or at least before the remainder of the food goes into

FOOD FACTS NO. 1 VICTORY GARDENS vs FAMINE

Canada's 1946 target—250,000 gardens to help win victory over famine

Substitute garden produce whenever possible for bread, meat, cheese and eggs

This will free more of these staple foods for shipment to the hungry

Their future is in your hands. SHARE WITH THE HUNGRY!

SUPERVISOR OF KIN CAMP

Leonard Casey of Terrace Is Appointed to Take Charge—Has Had Experience

Leonard Casey of Terrace, who has been active for years in Boy Scout, summer camp activity and athletics generally, has been secured by the Kinsmen's Club of Prince Rupert to act as supervisor of the summer camp for local boys which is to be operated on the shores of Lakelse Lake in July and August. Mr. Casey is in the city today conferring with the club camp committee, having arrived on last night's train and leaving this evening on his return to Terrace.

Mr. Casey, whose regular work is a setter at Carl Pohle's sawmill at Terrace, has taken a couple of months off to take charge of the camp and is already busy on organizational work. He came originally from Ottawa, where he was an instructor at a boys' camp, specializing in recreations and sports.

During the war he served for four-and-a-half years as a medical instructor in first aid. He has been acting as assistant scoutmaster at Terrace. His wife is the former Margaret Little of Terrace and they have two young sons.

The construction of the camp at Lakelse Lake is nearing completion. The site is alongside Clear Creek on property which has been made available by Robert Gordon of Prince Rupert. There will be two large and three small camp buildings. The first group of boys for the camp will leave about July 15 and will spend two weeks there. There will be three camp groups of 25 boys each.

Fourth Avenue East Home Sold

Announcement is made of the sale of a well known pioneer residential property—the Fourth Avenue East home of Mr. and Mrs. D. C. McRae, now residing at Duncan, Vancouver Island, to Nell McLean of Seal Cove. The new owner will shortly take up residence therein, Mr. and Mrs. Gordon Durkin, who have been occupying it, having moved out.

GIVE-AWAY

The sound of the propeller of one ship can be heard by listening near the hull in another ship's cabin below the water line, exemplifying the transmission of sound through the sea.

TIME-TELLING FLOWERS

CADET CAMP ARRANGEMENTS

Local Unit Will Leave July 16
For H.M.C.S. Discovery

The local Captain Cook corps of the Royal Canadian Sea Cadets will leave for their annual camp on July 16 by the steamship Catala. The camp which will be held at H.M.C.S. Discovery, Stanley Park, Vancouver, will last till July 30. The lads will leave Vancouver on their return, reaching Prince Rupert on August 2.

The changes in dates and location of the camp have not interfered with the number going. If anything there may be a few more of the corps going. At present there are 48 registered. The executive of the unit has been very busy making adjustments to take care of the final changes and the hundred-and-one odd things. These include parents' consents, medical examinations, vaccinations where necessary, clothing issues, transportation allotments so that each lad is assigned his berth accommodation both going and coming, sittings for meals and duty rosters on both journeys. The executive officer, paymaster and master-at-arms have put in many hours in taking care of all details.

Also at the camp will be corps from Vancouver Island. Comox will send 31, Nanaimo 26, and Victoria 84. From the prairies come the Calgary unit with 15 and Edmonton unit with 8. There will be approximately 210 at camp.

Whifflets From The Waterfront

Two interesting visiting craft at the Prince Rupert Yacht and Rowing Club floats over the Dominion Day holiday were the power yachts Rusty Penne and Swiftsure which brought the Ketchikan baseball party, numbering 30 persons in all, to this port for the games on Sunday and Monday. Having left Ketchikan at 3:20 p.m. on Saturday, the two vessels arrived here at 7:35 a.m. Sunday. Both the Rusty Penne and Swiftsure were in the United States Coastguard service as patrol vessels out of Ketchikan during the war, passing into private ownership after the war ended. The Rusty Penne, now owned by Art Simonsen with his father, Ted Simonsen, as skipper, is a fifty-footer equipped with two 40 h.p. Chrysler gasoline engines while the Swiftsure, owned by Stan Bernhoff, is 51-feet in length with a 165 h.p. Superior diesel engine. Both are trim well-appointed vessels and ideal for yachting purposes.

LAND REGISTRY ACT
Re: Certificate of Title No. 16415-1 to Lot Six Hundred and Sixteen (616), Range Five (5), said to contain One Hundred and Seventy-one (171) acres, more or less. Excepting thereout the Right-of-Way of the Grand Trunk Pacific Railway, said to contain Six decimal Four Five (6.45) acres, more or less.

WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Robert Leck McIntosh has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the publication thereof, issue a Provisional Certificate of Title, in lieu of said lost Certificate, unless in the meantime valid objection be made to me in writing.

DATED at the Land Registry Office, Prince Rupert, B.C., this 6th day of June, 1946.

ANDREW THOMPSON,
Deputy Registrar of Titles. (161)

LUSTY DRAMA COMING HERE

"Saratoga Trunk," with Gary
Cooper and Ingrid Bergman
Coming to Capitol Theatre

Replete with action and romance, "Saratoga Trunk," the screen adaptation of Edna Ferber's best selling novel of the same name, comes to the Capitol Theatre here this Thursday, Friday and Saturday. Painting a vivid picture of exciting New Orleans at the turn of the century and wide-open Saratoga in its heyday, the picture boasts an outstanding cast headed by Gary Cooper and Ingrid Bergman with Flora Robson, Jerry Austin, John Warburton and Florence Bates in the leading supporting roles.

The story, as those who have read the novel know, is that of the Creole-born and Paris-bred girl who returns to her native New Orleans, scheming for riches and meets the gambling colonel with whom she falls in love, following him to Saratoga where a sensation ensues.

World-Famous Diamonds . . .

There are a few of them . . . not many.
Probably half a dozen.
Two or three of them are here.
And these are enough.
As a matter of fact one would be enough.

You can't beat the

HYDROGRAPHIC SHIP IN PORT

Taking time off from her marine survey work on the north coast for the Dominion Day week-end, the government hydrographic vessel William J. Stewart docked here Saturday night at the C.N.R. wharf. The 225-foot ship, which looks like a super-yacht, is charting the Ogden Channel area. She is under command of Capt. George Billard and carries a crew of 58 including nine surveyors. Most of the survey work is done from small, speedy power boats equipped with depth sounders. Most of the present work done by the William J. Stewart involves charting the ocean floor, although some tidal and current work is done, too.

**EIGHT FIRE
CALLS IN JUNE**
City Fire Department answered eight fire calls during June, according to the records of Fire Chief H. T. Lock. Damage calculate so far was \$20. Total fire calls for the year total 48. There were 45 calls during the first six months of 1945.
