Hitler Could Not Have Conceived All German Plans For Aggression

FIELD MARSHAL VON PAULUS UPSETS DEFENCE OF NAZI GANG AT NUERNBERG TRIALS

NUERNBERG, ©—Field Marshal von Paulus told the international war crimes tribunal today that Germany had committed too many crimes of aggression that it would have been impossible for Adolf Hitler to have conceived them all alone.

Field Marshal von Paulus, a German general who was captured at Stalingrad, said "just how the German government reached its decisions is unknown to me." "I cannot imagine one man alone could have done everything that was done. It would have been quite impossible."

This testimony was a blow to the defence which had been seeking under cross-examination to establish that Hitler alone, or with the aid of a small inner circle, was responsible for the military and political objectives of the Nazis.

PROPRIETY OF CHURCHILL IS IN QUESTION

LONDON—A Labor member in Parliament yesterday took exception to Former Prime Minister Winston Churchill having sold to Life Magazine of the United States three secret speeches to British Parliament made during the war. Prime Minister Clement Attlee expressed the belief that Mr. Churchill had been within his rights in doing so.

WAGE AND PAPER PRICE INCREASE

Workers in Seven Basic British Columbia Plants Seeking Better Terms
VANCOUVER, ©—Decision to press for wage increases and a shorter work week was reached at a three-day conference of representatives of workers in British Columbia's seven basic pulp and paper plants, it was announced here yesterday. Draft of a program to be placed before the membership for ratification was prepared.

CITY CONSIDERS PURCHASE OF STAFF HOUSES

An offer by War Assets Corporation to sell the city staff houses number three, four, five and six was discussed by council as committee of the whole tonight with result that the City Engineer and the city assessor were authorized to survey the properties with a view to determining their usefulness to the city.
The Crown company's sale offer included the land on which the buildings are standing. Price involved was not revealed.

INFANTILE PARALYSIS IN NEW YORK—There were 238 cases from infantile paralysis in the United States in the five weeks of this year, the greatest number in ten years.

FLORIDA BIRDS WELCOME "MRS. WINNIE"—Vacationing in Miami with her distinguished husband, Mrs. Winston Churchill, wife of Britain's wartime prime minister, enjoys a session with the glamorous denizens of Sherr's parrot jungle. She is surrounded by macaws and cockatoos, which are not in the least timid or awed by the gracious lady.

EGYPTIAN NEWSPAPER IS RAIDED

CAIRO, ©—Police raided plants of the Wafdist (nationalist) newspaper at Al Misri and Al Wafd al Misri yesterday and seized editions carrying stories concerning turbulent anti-British demonstrations by students during the week-end in which one person was killed and nearly 100 injured.

No action was taken against other newspapers publishing the story but the public prosecutor general's office instructed the press not to print any information about the progress of an official investigation into the reasons for the demonstrations. Students have been demanding evacuation of British troops and incorporation of the Anglo-Egyptian Sudan into the Egyptian Kingdom.

RIOTS IN CALCUTTA

Martial Law Declared as Crowds Demonstrate Against Sentence Imposed on Member of Jap-Sponsored Army

CALCUTTA, ©—Four persons were killed and at least 37 were injured today when riots flared up for a second straight day. The city has been placed under martial law. Police fired on crowds demonstrating against a seven-year prison sentence passed on a former member of the Japanese-sponsored Indian national army. The demonstrators pelted the police with stones, injuring 15 of them, and military vehicles were set afire.

Shanoss Inquest Begins Today

Inquest into the death on Sunday of 18-year-old Ethel Shanoss whose body was found in a cabin at the rear of 208 Ninth Avenue East, began in the B.C. Undertakers parlors at 2 o'clock this afternoon and later was adjourned to the court house where the witnesses were heard. The Shanoss girl, a native of Skeena Crossing, was found dead shortly after noon on Sunday, allegedly after a drinking party Saturday night. Dr. R. E. Coleman conducted an autopsy on Monday. Jurors called for duty are Adjutant P. L. Gorrie, N. M. Carter, Robert H. Parker, John Bulger, L. M. Gordon, W. F. Robertson and Charles Roberts.

SURVIVORS GO SOUTH

Steamer Alaska Calls At Ketchikan With People From Yukon Aboard

KETCHIKAN, ©—With many survivors of the wrecked liner Yukon aboard, the steamer Alaska paused here briefly yesterday. The vessel is due at Seattle tomorrow.

The Coast Guard said that none of ten persons missing from the Yukon's crew and passenger lists had yet been located. The body of an eleventh victim was found.

IMPERIAL CONFERENCE LONDON—It is reported here that Prime Minister Clement Attlee will call an Imperial Conference of premiers within the next two months.

Bulletins

SUFFOCATION CAUSE

Testifying this afternoon at the inquest into the death of Ethel Shanoss, Indian girl, who was found dead in a Ninth Avenue cabin on Sunday, Dr. R. E. Coleman, autopsy, gave the opinion that death was due to suffocation. The girl's body was found face down in a pillow. L. M. Gordon, is foreman of the jury.

MORE RIOTS IN EGYPT

CAIRO—Two students were killed and 20 injured in Alexandria in new anti-British riots today. Police in Cairo fought a pitched battle with a crowd of 6,000 demonstrators. In Alexandria police charged a procession of from 1,000 to 2,000 students after demonstrators had smashed shop windows and attempted to overturn trolley cars.

TOKYO IS ON ALERT

TOKYO—Heavy American Army patrols move along the streets of Tokyo after Allied headquarters was warned of a possible uprising of a Japanese underground movement. During yesterday machine-guns were set up outside all entrances to the Imperial Palace. However, no disturbances developed during the night.

NEW ZEALAND FIRE

AUCKLAND—There is a serious forest fire situation in New Zealand, particularly on the north island. Farms are being threatened and already considerable damage has been done.

TO INVADE VANCOUVER

VANCOUVER—The Blue Line bus concern of Vancouver Island plans to invade the mainland. It will start, if a franchise is granted, in North Vancouver with a 5c fare including transfer. The service will operate within North Vancouver and to Vancouver across Lions Gate and Second Narrows bridges. There will be 35 buses.

SHARP WORDS AT U.N.O.

LONDON—There were sharp words again at the United Nations Organization security council when the deputy foreign commissar of Russia backed up the demand of the Soviet Ukraine for the sending of a special mission to Indonesia to investigate the activities of British troops there. Vishinsky said that the situation in Indonesia might provide the sparks for a third world war. Foreign Secretary Ernest Bevin of Great Britain said that charges being made against Britain there were "unjustified and unsupported." Meantime, the Netherlands promises a new commonwealth government for Indonesia.

AGREEMENT REACHED

DETROIT—Willys-Overland Co. has reached an agreement with C.I.O. automobile workers for a ten per cent increase in wages.

BANKER'S WARNING

OTTAWA—Graham Towers, governor of the Bank of Canada, warned today that the volume of demand for goods would not continue high as at present, that government expenditure would drop sharply after demobilization was completed and that foreign demand would not remain at its present high level.

PEARL HARBOR INQUIRY

WASHINGTON—Admiral Ingersoll told the Pearl Harbor inquiry today that President Roosevelt had sent him to London in 1937 to discuss defence plans with the British authorities in the event of war between United States and Japan but that nothing had come of it.

RUSSIANS QUIT IRAN

TEHRAN—Russian forces appear to be taking steps to evacuate Iran, their presence in which has been the cause of international crisis.

V.C. Awarded To Chaplain

Hon. Major John W. Foote of Port Hope, Ontario, Wins Signal Military Honor

OTTAWA—For the first time in the history of the Canadian Army, a chaplain has been awarded the Victoria Cross. The fourteenth Canadian winner of the "V.C." in the Second Great War is Honorary Major John Weir Foote of the Royal Hamilton Light Infantry.

Major Foote's award dates back to August of 1942 when the Hamilton regiment's chaplain went ashore at Dieppe to win undying glory as the famed Padre "X". For eight hours he moved about under enemy fire on the beach treating the wounded, carrying victims of enemy fire to shelter and by his calmness boosting the morale of those who came in contact with him. Foote is at present stationed at Camp Borden. He comes from Hamilton and Port Hope.

COUNCIL REJECTS COMPLETE GOV'T SCHOOL CONTROL

If the provincial government were to pay 100 per cent of the cost of education it would also have the right to assume full authority over the processes of education from local school boards. This was the idea that inspired city council to defeat a motion to adopt a resolution submitted for endorsement by the municipality of Langley at last night's meeting.

The Langley resolution deplored that landowners have to pay direct educational taxes to the municipalities and indirect taxes to the provincial government and urged that the government pay the full cost of education.

Alderman Robert McKay, who put the motion of acceptance to a vote, joined Aldermen Youngs, Ham and Johnston in defeating it. Aldermen Hills and Sinclair supported the resolution.

UNITED STATES BACKS BRITAIN

Not in Favor of Investigation Into Indonesia at This Time

LONDON—The United States government gain has sided with Britain against Russia in a major international dispute. American delegate Edward Stettinius told the World Security Council in London that the United States is opposed to an investigation of the Dutch East Indies problem at this time. Russia wants the security council to investigate the presence of British troops in Indonesia. But Stettinius said that such an inquiry, if attempted right now, might throw a monkey wrench into the peace talks going on between Dutch and Indonesian leaders.

UNO CAPITAL SITE

LONDON—The United Nations Assembly site committee voted 22 to 17 last night for the establishment of the permanent United Nations headquarters somewhere in the region of Westchester County, New York — and Fairfield County, Connecticut.

Schools, Theaters and Business Places Shut Down by Mayor—Other Labor Dispute Crises

NEW YORK, ©—The mayor of New York took drastic action as a result of the tugboat strike and fuel shortage by ordering closed as from last night theatres, schools and most business places in the interests of the public health by conserving fuel. The action was taken while settlement still appeared elusive in the strike of tugboat workers that has tied up the harbor's shipping and caused a fuel shortage even more severe than during the war. The workers agreed to arbitration as a means of settling the dispute over demands for wage increases.

However, an all-night conference at the city hall in New York failed to break the deadlock with the operators still not agreeing to arbitration. Then came Mayor O'Dwyer's order suspending all but the most essential facilities in the metropolis. The critical fuel shortage in the world's second largest city is directly due to the nine-day halt of harbor traffic.

Workers by the tens of thousands arrived at offices and stores today only to find them closed. Customers were faced with the same surprise. There was a "deafening" quiet and the stricken city was bewildered. There was not even a tavern open in which to get a glass of beer.

Philadelphia and Pittsburgh Tie-up

Another serious labor crisis has developed at Pittsburgh where a state of emergency has been declared by the mayor as electrical workers threaten to throw the city into darkness and industry into quiet by striking in their demand for 20 per cent increase in wages.

The strike of power service employees started in the big Pennsylvania industrial centre and threatened to shut off electric service to nearly two million people in a 50-mile area. Pittsburgh Railway Co., which operates the city's transportation system, announced that all street car service had been suspended until the strike is ended.

At Philadelphia street cars, buses and subway trains—means of transportation for 3,000,000 persons daily—have been motionless since yesterday as 9,655 employees of the Philadelphia transportation company went on strike. The workers seek a pay increase of 25c per hour and other benefits.

Probe Report of Drifting Mine

British Columbia Police here have turned over for investigation to the navy a report that a native fisherman sighted what he thought might be an explosive mine drifting near the south end of Banks Island. The report was turned in by George Clifton, of Hartley Bay.

SUPREME COURT UPHOLDS HOMMA DEATH SENTENCE

WASHINGTON, D.C.—The United States Supreme Court refused yesterday to intervene in the proceedings at Manila in which Japanese General Homma was convicted as a war criminal and sentenced to be shot. Homma had sent petitions by air mail from Manila asking the court to take him out of the hands of the military. The Supreme Court based its rejection of Homma's petition on the decision of the Yamashita case. Yamashita has been ordered hanged.

Homma was convicted by the military tribunal on war atrocity charges including the infamous Bataan death march. Immediately after the conviction Homma was removed to Luzon Island prisoner of war camp where he joined Lieut. General Yamashita and 10 other convicted war criminals.

The conviction came as no surprise to Homma who said he expected to be shot.

Churchill Is Back In Florida Today

WASHINGTON, D.C.—Former Prime Minister Winston Churchill of Great Britain, having postponed his departure from yesterday, was to return today to sunny Florida, after having settled down in the snow-clad British embassy to rest and talk with the Earl of Halifax, his old friend and retiring British ambassador to the United States. The visit with Halifax followed a 40-minute chat Sunday night with President Truman.

READY-MADE HOUSE PLANT

New Westminster to Get Industry Employing One Thousand Persons

VICTORIA, ©—Hon. E. C. Carson, minister of trade and industry, said on Monday he had been informed by Mayor William Mott of New Westminster that negotiations were proceeding satisfactorily at Ottawa for the Canadian Pacific Air Lines plant at New Westminster to be turned over to Murphy and associates of Portland for establishment of a factory for the making of prefabricated houses.

At Ottawa Mott said that negotiations were progressing "very favorably."

Originally Murphy and associates had hoped to purchase the Boeing Aircraft plant at Sea Island, Vancouver, but the buildings were turned over by the federal government to the Army for use in storage purposes and as workshops.

The firm plans to employ one thousand persons.

What Is Justice?

Despite vicissitudes, the meeting of the United Nations in London is making progress toward establishing the principles of international understanding which are fundamental to peace. Suspicious, doubts and fears should be gradually dissipated by the delegates who are undoubtedly concentrated on the necessity of establishing a world order with world law based on a common conception of world justice. This unity of opinion is not so easily reached as it would appear to the dogmatist whose conception of justice is confined to his own security, and whose conception of law is determined by his own power to enforce it.

The establishment of a world law to which all nations would be willing to submit their disputes for arbitration by a world court is the alternative to alliances among nations which have a common interest in policies designed to forward their own interests. Such interests may very well be founded on justice, but in that one word justice there is alone room for wide divergencies of opinion. Such divergencies cannot be bridged

by the unity created by fear of the destructive effect of atomic energy, any more than they can be resolved by removing the fear of German or Japanese aggression. The United Nations are now facing the problem of some definition of justice to which they can all subscribe.

A manufacturer who owns zipper plants in Montreal and the U.S. recently bought a full-page ad worth \$2,500 in the New York Times in which he appealed to both labor and management to get together and end strikes.

Sabotaging the Fun

Vandals who would damage Prince Rupert's Civic Centre building, even before it has been taken over as such, would, of course, have short shrift from any right-minded citizen, old or young, who caught them at such acts as has constrained Y.M.C.A. war services officials to tighten up on the building as far as use by civilians is concerned for the short time longer they remain in charge. Probably the best sort of policing against this sort of thing is strong public opinion but it is also, of course, always necessary to guard against the acts of such perverts who, apparently, are not intelligent enough to realize that they are doing no good to themselves but are serving to spoil the good, clean fun of the many who enjoy and prize the new recreational venue and facilities which are becoming available here in Prince Rupert. Unfortunately, we always have among us those kind of sneaky degenerates who are capable of those kind of acts.

Scholars Saw War Service

Twenty Canadian Students Take First Awards Since Before War in Appointments To Oxford

By the Canadian Press
Twenty of Canada's most brilliant students, more than half of them present or former members of the services or engaged in war work, will enter Oxford University next fall as Rhodes scholars.
First such awards since before the war, the appointments are made for two years and a third year will be granted when a scholar presents a definite plan of study for that period satisfactory to his college and to the Rhodes trustees.
Each scholarship has an annual value of some \$1,850. Generally, that sum is not sufficient to meet expenses of term-time and vacations and scholars supplement the amount from their own resources. Travelling expenses to and from Britain also are borne by the scholars.
Of the 20 Canadian awards allowed by the Rhodes Trust at Oxford, ten were named by provincial selection committees across Canada regardless of whether or not the applicants had seen war service, and five more were men with war service. In addition, four of five scholarships awarded members of Canada's Khaki College in England have been filled and the fifth will be awarded in London in March after an interview of applicants there.

Scholarships at Large
The five scholarships-at-large to present and former members of the services, or to those who participated in war work, were the last to be announced. D. R. Michener, Toronto barrister and secretary of the Rhodes Scholarship Trust named the winners recently as:
J. W. W. Graham, B.A., Weyburn, Sask., a former naval officer who has honours in political science and economy. He is attending law college in Saskatchewan.
Victor Graham, Calgary, third year honours in modern languages and classics, University of Alberta. He did war work in the National Research Council from 1943 to last year.
Bert James MacKinnon, B.A., Vankleek Hill, Ont., a former

lieutenant observer in the Canadian Navy. Now in his first year at Osgoode Hall law school in Toronto, he holds honours in history at Hamilton's McMaster University.
H. S. Scott, Montreal, former Canadian Army lieutenant and now of the Faculty of Engineering at McGill University, Montreal.
E. B. Tucker, B.Sc., Saskatoon, N.S., Mount Allison University, a naval lieutenant serving on the Canadian cruiser Ontario.

The four already selected from Canada's Khaki College are:
Sgt. K. C. Brown, Toronto, formerly of University of Toronto; Col. John Cameron Clunie, O.B.E., Sarnia, Ont., University of Western Ontario; Maj. James Grandy, Toronto, University of Western Ontario; Lieut. M. L. Weiner, Outremont, Que.
In the provincial selections two each were named from Quebec and Ontario, the two provinces with largest centres of population, and one each from the other, excluding Prince Edward Island. Applicant-residents of that province applied either in New Brunswick or Nova Scotia if they took their university course in P.E.I., or applied in the province in which they attended university.

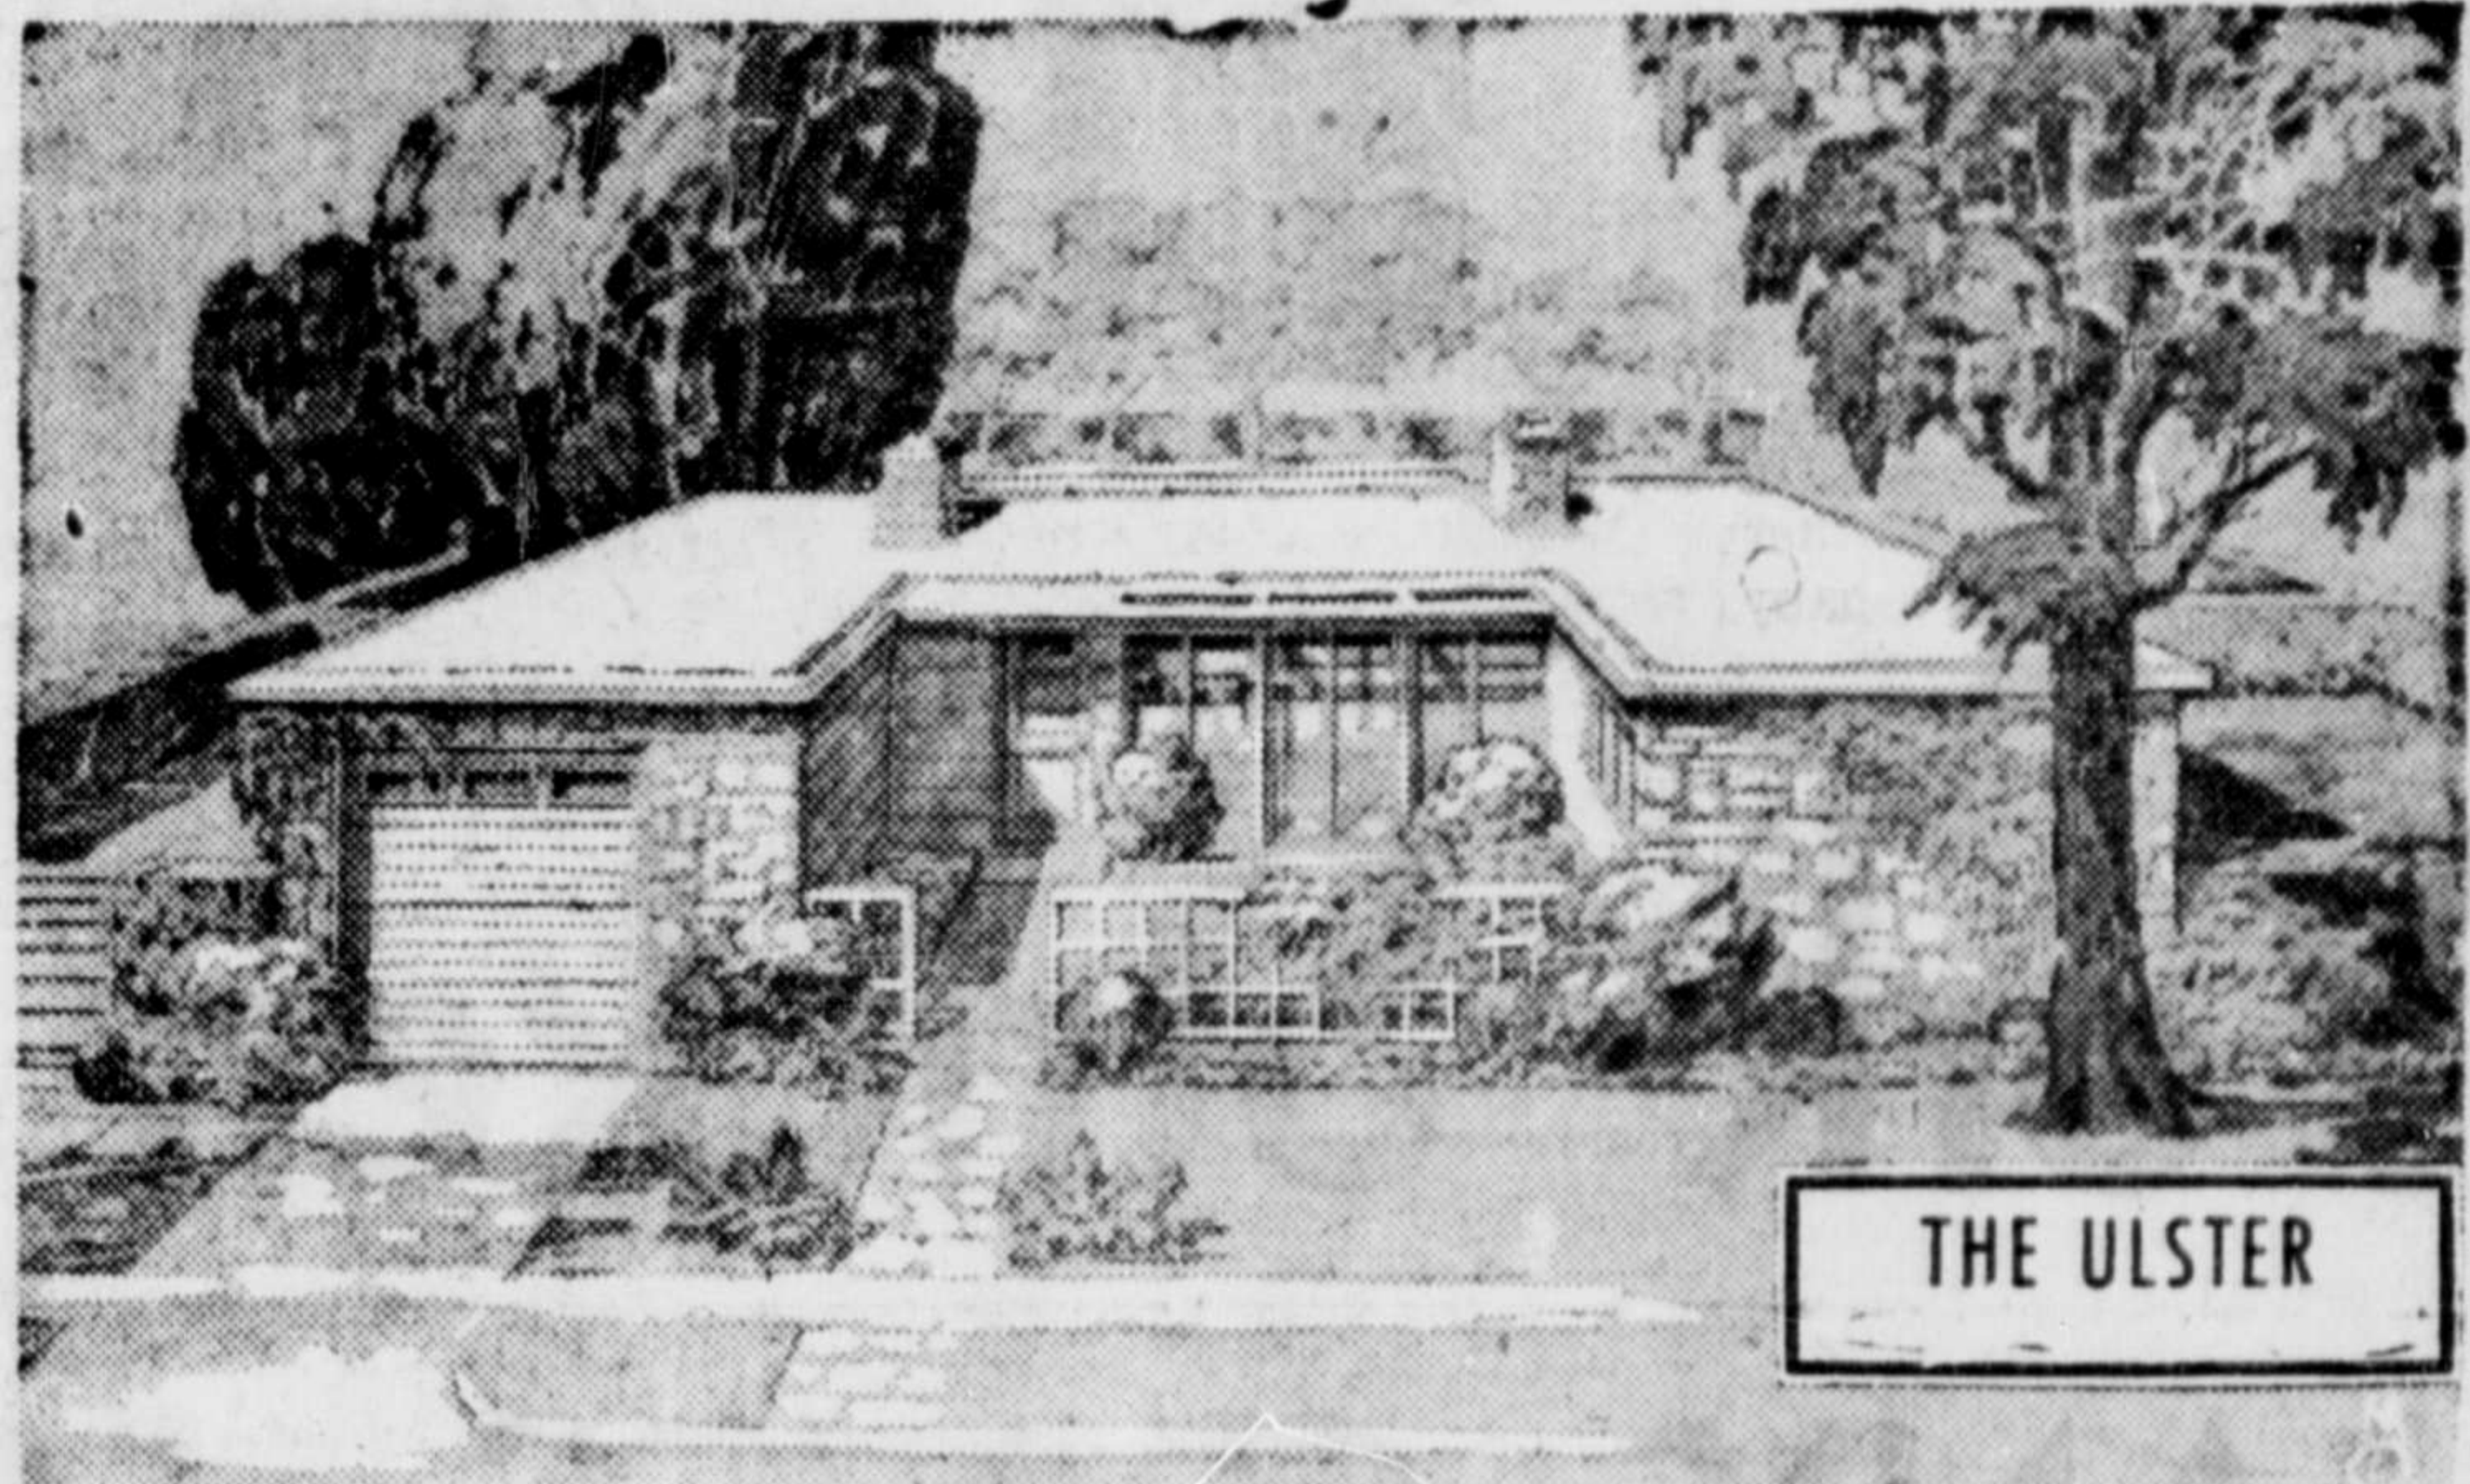

Provincial selections were:
British Columbia: Allan Ainsworth, 22, Vancouver, prominent in University of British Columbia student activities and interested in economics and English.
Alberta: Maj. John Dougan M.C. and bar, recently discharged from the Canadian Army after a brilliant career with the Loyal Edmonton Regiment during which he was twice wounded in Sicily. He was decorated twice for outstanding leadership, one of the requisites of the scholarship trust. He is a B.A. of the University of Alberta.

Saskatchewan: Peter Larkin, Saskatoon, holder of an honors bursary in biology and a chemistry instructor at a Saskatoon high school. Native of New Zealand, he proposes research and academic work in zoology at Oxford. Active in dramatics, as a member of a university entertainment troupe.
Manitoba: Robert Moysse, 25, Winnipeg, now at University of Toronto seeking a master's degree in political science. Graduate of University of Manitoba, he enlisted in 1940 as an ordinary seaman in the Royal Navy and was commissioned a few months later.

Ontario: Robert Aldwinckle, 25, Varna, Ont., student in engineering physics at University of Toronto. Discharged from the R.C.A.F. last May, he won the D.F.C. and was mentioned in dispatches.
Mr. Ramsay Gunton, 23, London, Ont., honor graduate in medicine at University of Western Ontario, now an interne at Montreal General Hospital.
Quebec: David Wanklyn, Montreal, who served on the continent as a trooper with the 12th Manitoba Dragoons. He re-entered McGill University when discharged last September.

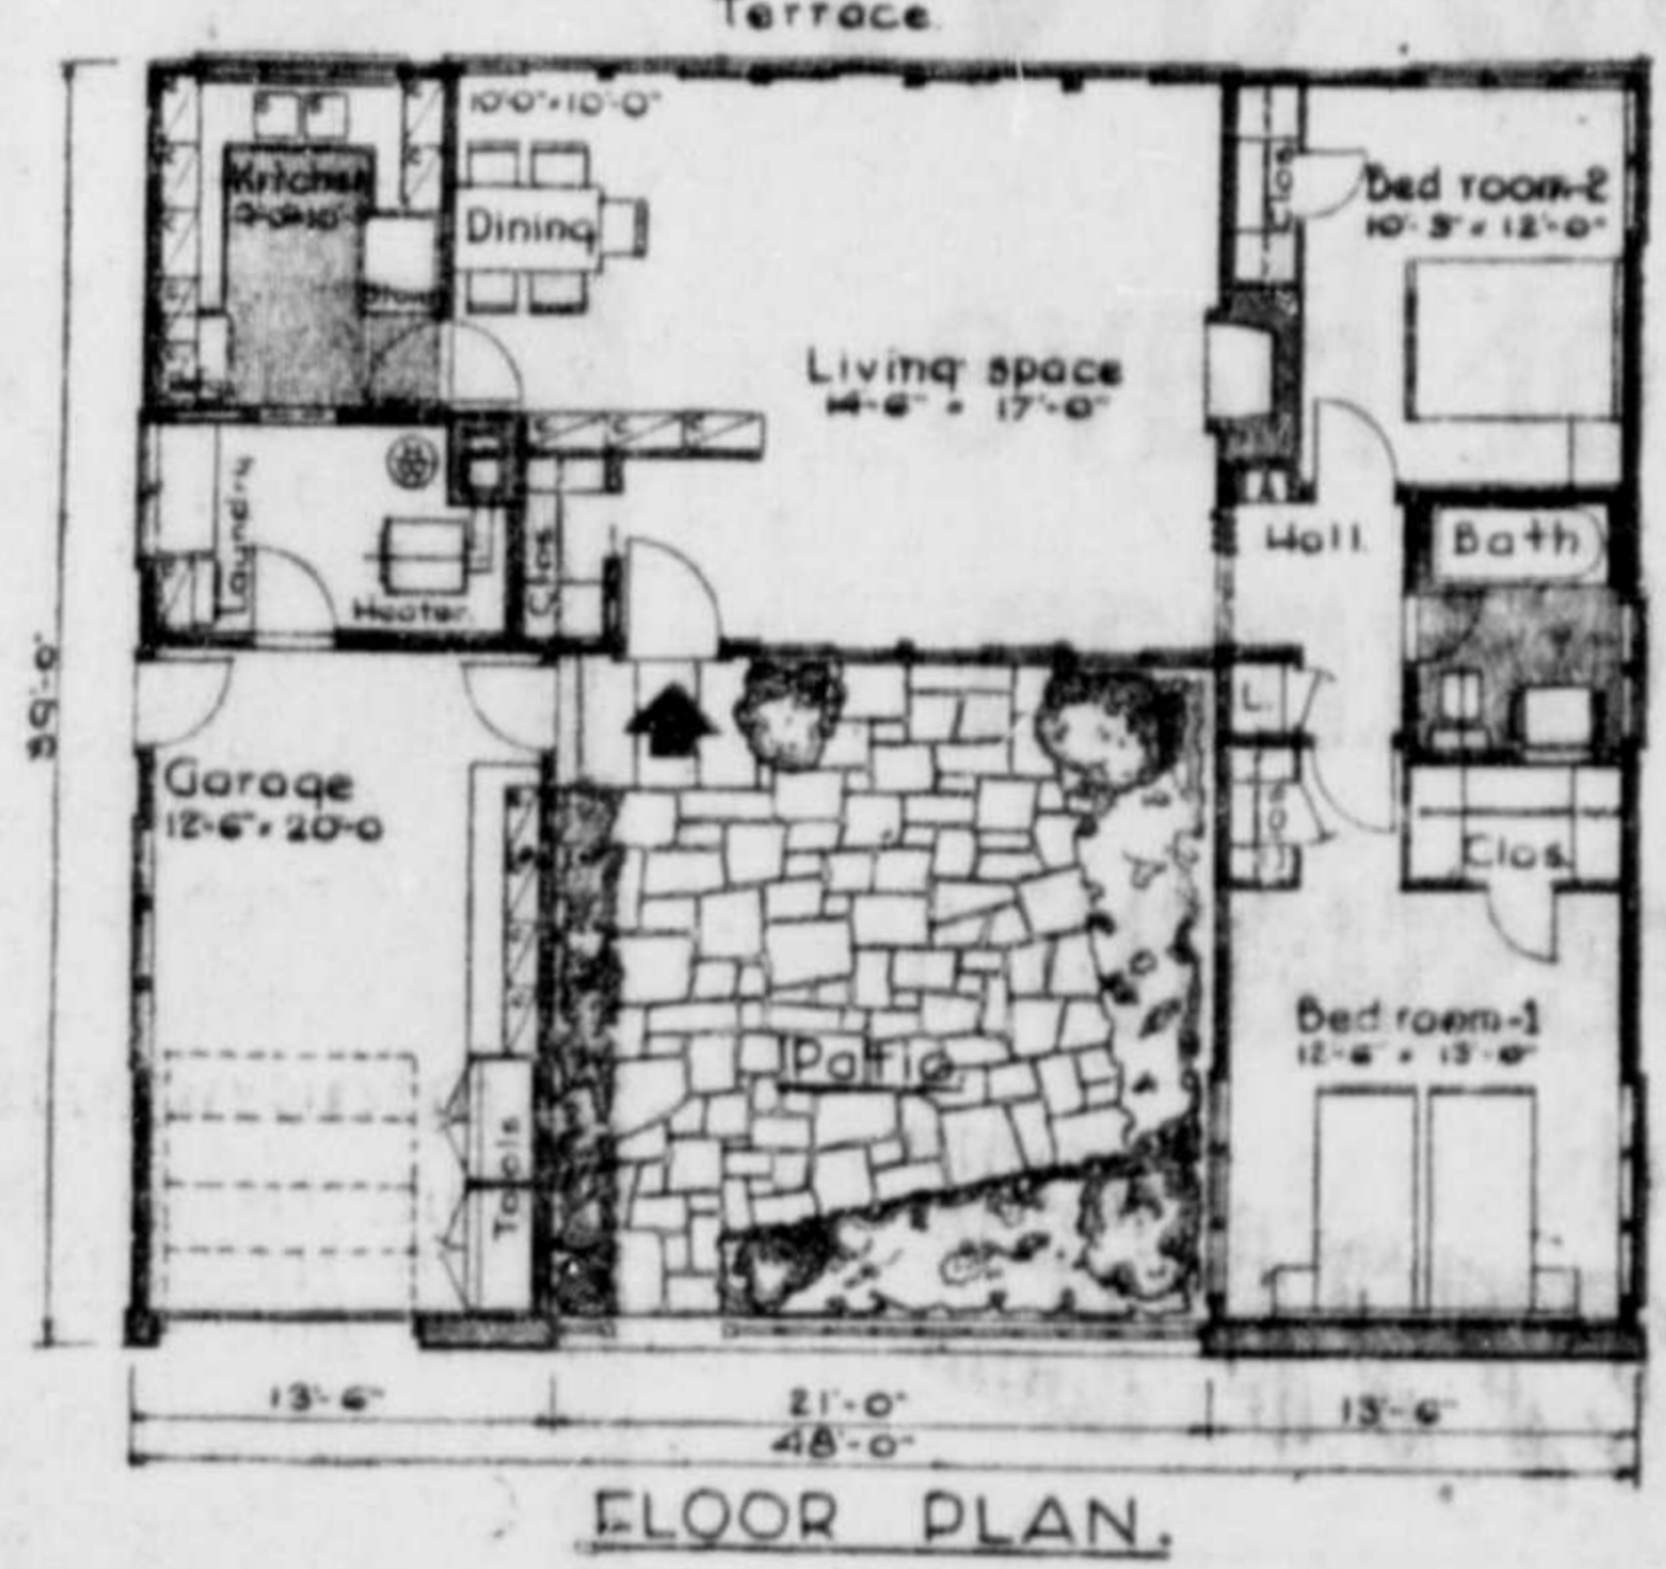

Pierre Langlais, Quebec City, a sub-lieutenant in the R.C.N.V.R. stationed at Halifax who graduated with the B.A. degree from Laval University in 1943.
New Brunswick: William Young Smith, Saint John, whose army experience included North Africa, where he was wounded. Later he was attached to an R.C.A.F. battle school in England and returned home as an instructor nine months ago. He was news editor and later editor-

Keats Is Favorite Of Poetry Society

LONDON, (P)—Keats ranks as the favorite poet of members of the Poetry Society who were asked what poems they would choose for reading if marooned on a desert island. The choice was limited to those since the 18th century, not exceeding 150 lines. "Keats is undoubtedly the favorite poet," the society said, with his "Ode to a Nightingale" the most-chosen poem. Other favorites were Wordsworth's "Westminster Bridge," Shelley's "Ode to the West Wind," "Rupert Brooke's "The Soldier," "The Great Lover" and "Granchester," De la Mare's "The Listeners," "Masefield's "Sea Fever," Alice Meynell's "Renouncement," Yeats' "Innisfree," Browning's "Home Thoughts from Abroad," and Coleridge's "Kubla Khan." The society reported Browning appeared to be "the most widely 'ad poet," Tennyson was "comparatively nowhere" and De la Mare "the favorite living poet."

In-chief of the college weekly at University of New Brunswick.
Nova Scotia: Nordan Goodman, 26, King's College, Halifax, native of New Glasgow, N.S., who had a brilliant record at Dalhousie University. At Oxford he will specialize in mineralogy.

Appeal to R.C.A.F. Men Meets Poor Response—Would Relieve Repatriates
VANCOUVER (P)—The Province, in a news page story recently, said "a special appeal for Royal Canadian Air Force volunteers to serve overseas issued to all establishments and stations in Canada so far has fallen disappointingly short of the numbers desired."
The story said that the appeal had been issued some time before the present Royal Canadian Air Force strike in England and had been made with a view to filling in spaces created by long service men due for repatriation.
A machine gun was first fired from an airplane in flight in 1912.

TYEE MORE CONVENIENT

Reason for the possible location, according to Applewhite, who has been visited by the public works minister that the ferry float at Port Essington may be used as a jumping off point for a new highway, might be a convenient site.
The Haysport float is used as a jumping off point for a new highway, might be a convenient site.
Accessibility by highway, it would be a fact, a faster service for mail to the lower Skeena river served from the float.
Contract for construction of the new float and pier has been let to the Skeena River Driving Co. and is in the amount of \$5,000.

Treasurer, Mrs. M. Postak.
Miss Colwell was elected delegate of the chapter to a convention of the Registered Nurses' Association of British Columbia to be held in Victoria in April.

It was decided to hold a tea at the Nurses' Home February 28. The business session was followed by the playing of bingo and serving of refreshments.

POPULAR SPEAKER

He was the final speaker at a banquet. Speakers before him had droned on interminably. The audience was bored almost to tears. The toastmaster announced, "William Lackaye the famous actor, will give you his address." Lackaye rose and said: "Gentlemen, my address is the Lambs Club, New York." Then he sat down. The applause was tremendous.

WOMEN OF NAVY LEAGUE RELAX

Some Thirty Members Turn Out at Dinner Party Monday Evening

A happy social respite after the busy years of war work on behalf of the men of the navy and the merchant marine was enjoyed by thirty or so members of the Women's Auxiliary of the Prince Rupert branch of the Navy League of Canada last night when they gathered at a dinner in the Boston Cafe. The Auxiliary has inactivated itself for the time being but the organization is being kept intact and in readiness to function again at any time the need should arise.

Mrs. J. R. Elfert, the president, occupied the chair at last night's function, one of the pleasant features of which was the presentation to her of a beautiful bouquet as a token of acknowledgement of her valued leadership.

Following the dinner, bridge playing was indulged in.

MRS. HUTCHISON HILL 60 REGENT

Mrs. James Hutchison was elected Regent of Hill 60 Chapter, Imperial Order, Daughters of the Empire, at the annual meeting of that body held at the home of Mrs. William Reid, Fifth Ave. E., last night. Mrs. Hutchison replaces Mrs. D. Orchard McLeod, who was regent last year and is now honorary regent.

The meeting heard the annual report, a summary of the year's activities by the chapter, read by the retiring secretary, Mrs. W. M. Brown.

The 1946 officers are:
Honorary Regent, Mrs. D. Orchard McLeod.
Regent, Mrs. James Hutchison.

First Vice-Regent, Mrs. R. S. Donaldson.
Second Vice-Regent, Mrs. G. E. Moore.
Secretary, Mrs. H. F. Stewart.
Assistant Secretary, Mrs. H. A. Breen.
Treasurer, Mrs. C. A. Brind.

FEMININITY IS STRESSED

That is Trend in Spring Suits at New York

NEW YORK, (P)—There's news in suits for spring, 1946. Even though you like 'em classic, you will find new tricks the designers have worked up for you. Many have longer jackets, some almost tunic length. Others go to the opposite extreme with waist length battle jackets or boleros.

You'll see new lapel treatments more softness and fullness in the cut of skirts, a more feminine silhouette. Favorite colors in the spring suit line-up are gray and navy, with black holding its own as always, and more brown than usual.

Buttons are used prominently and lavishly in trimmings, many suits have shirt sleeves and shirt collar treatments, and others, strictly on the dressmaker style, are elaborately trimmed with braid or embroidery.

BRIGHTON, Eng. (P)—More Brighton people living in Apollo Terrace are likely to be evacuated in view of the possibility of a further collapse of the part of the hill on which these houses are built.

SWEDISH WOMEN WANT GIRL FIRST

STOCKHOLM, (P)—The Swedish Institute of Human Genetics in Uppsala has recently asked 900 prospective mothers and their husbands whether they want a boy or a girl as their first child. The result of this inquiry was rather unexpected, says the head of the institute, Professor Gunnar Dahlberg, as the conflicting answers indicate that there would have been serious discord between the parents if

they had been allowed to determine the sex of their children themselves. Seventy per cent of the fathers wanted a boy, probably because they wished to secure the family name, while the majority of their wives preferred a girl, he said. The parents were in closer agreement as to the second child. If the first had been a girl they generally wanted a boy and conversely.

Modern Etiquette

By ROBERTA LEE

Q. Is it proper for a business girl or woman to have her fingernails painted a deep red?
A. No, it is not good taste. A woman in business should avoid any conspicuous makeup.

Q. Is it necessary to have the napkins, for a formal dinner, match the tablecloth?
A. No.

Q. Is it correct for a child to address his teacher as "Teacher?"
A. No. He should address her as "Miss Smith."

RUPERT RAILWAY BUILDER DIES

Construction days on the Grand Trunk Pacific Railway from Hazelton to Prince Rupert were recalled in Vancouver recently with the death there of Lt.-Col. J. B. L. Macdonald who was construction superintendent for Foley Brothers, Welch and Stewart who built the railway line to Prince Rupert immediately prior to the First Great War.

PROJECTS AT "FIRST CITY"

Ketchikan Figures in War Permits

SEATTLE—Three applications for War Department permits to construct waterfront projects and three requests for time extensions on permits were received by Seattle District Army Engineers, it was announced today. These are as follows:

Pacific American Fisheries, Inc., Seattle, to construct a wharf addition in Kasaan Bay on the East Coast of Prince of Wales Island, Alaska.

Anderson Dock Co., Seldovia, Alaska, two additions to the main wharf in Seldovia Bay.

Libby, McNeill and Libby of Seattle, cannery structures in Monte Bay at Yukutat, Alaska.

Dr. George E. Dickinson, Ketchikan, Alaska, for extension of time on permit for a float and dolphins at Ward Cove, north of Ketchikan.

Nels Ludvigsen, extension of time on permit for marine way, wharf and float in Tongass Narrows, Ketchikan.

Dr. J. R. Binyon made application for extension of time on a permit to construct a boat-house addition four miles north-west of Kirkland on the east side of Lake Washington.

New School Building Discussed By Board

KELOWNA—The school board hopes to be able to submit plans and estimates of Kelowna's new school building to city council very shortly so that a plebiscite can be held within the immediate future. Plans of the proposed new school were discussed with John Porter, representative of McCarter & Nairne, Vancouver architects, at a recent meeting of the board. Under the plan, a modern lunch room will be installed along with 11 classrooms, commercial, chemistry and science laboratory, biology and agricultural laboratory, and a music room for the new building.

RODEO WEDDING FEATURES CANADIAN ARMY SHOW—A double wedding, January 16, 1946, at Peper Harrow, Surrey, Eng., was an unscheduled final performance of the Canadian army show. Rhythm Rodeo. One wedding pair is pictured here in the foreground, Cpl. Joseph E. Jean of Montreal, boxer and tumbler with the show, and Pte. Madeline Leger of Montreal (C.W.A.C.), rodeo dancer and singer. Behind them on horseback are Lt.-Col. Ray Purdy of

COMPLETE WALL IN SIX MINUTES

JOHANNESBURG, (P)—A large crowd saw an experiment in speedy house building in the Pimville Native Location, near Johannesburg, recently. The houses are built almost entirely of pre-cast reinforced concrete and can be erected quickly with a minimum of skilled labor. At a demonstration it took only six minutes to erect and secure a complete wall.

LONDON, (P)—Britain will receive 48,000,000 pounds of tomatoes from the Channel island of Guernsey during next June and July.

C.P.R. steamer Princess Adelaide has shed its grey war paint and appeared here in her peacetime colors for the first time since 1939 yesterday, having just come away from her annual overhaul in Vancouver. Under command of Capt. R. C. McGeachy, the Adelaide brought 23 passengers here yesterday afternoon. She sailed last night for Vancouver.

TWENTY-FIVE YEARS AGO
February 12, 1921

Acting under instructions from the receivers, trucks were removing material from the Prince Rupert Dry Dock and Engineering Co. About \$100,000 worth of equipment had been hauled away out of an estimated total of moveable equipment of \$500,000.

William Adams, sergeant of the city police force, submitted his resignation to the board of police commissioners which commended his work highly.

The Prince Rupert school board planned to begin commercial courses at the high school during the coming term. The proposal was approved during discussion of estimates.

Garden To Be Closed

Fuel Shortage Hits World's Most Famous Indoor Stadium

NEW YORK—Madison Square Garden in New York is going to be closed until the fuel emergency in the city has been eased. The executive vice-president of the sports palace, Ned Irish, says the arena is being closed in compliance with Mayor William O'Dwyer's directive ordering places of amusement to shut down.

The first sporting event to be affected by the shutdown is the seventh annual show of Westminster Kennel Club to have been held today and Wednesday.

The Garden supplies home ice for New York Rangers of the National Hockey League. It was not known immediately when or where their game with Boston Bruins, slated for Thursday night at the Garden, would be played if the order is not lifted before then.

MARTY SERVO TO MEET GRAZIANO

NEW YORK—The newly-crowned world welterweight champion, Marty Servo, will meet the hard-punching Rocky Graziano in a 10-round bout in Madison Square Garden March 29. It will be an overweight match and Servo's title will not be at stake.

NEW SKATING SPEED RECORD

TORONTO—Frank Stack of Winnipeg has set a new one-mile speed skating record. He raced the distance in two minutes, 58 1-5 seconds to clip 8 1-5 seconds off the old mark which was set in 1923 by Charles Gorman of Saint John, New Brunswick. Stack set the record in winning the mile event at the Canadian speed skating championships.

Ab Hardy, Edmonton, was second and Dick Mitchell of Edmonton third.

Earlier in the day Stack won the senior men's 50 yard event in 40 4-5 seconds.

ANOTHER KAYO FOR BILLY FOX

PHILADELPHIA—Slugging Billy Fox of Philadelphia last night added another knockout to his list. He marked up his thirty-seventh straight K.O. by flattening the veteran Nate Bolden in two rounds of a scheduled 10-round bout. Immediately after the bout the State Boxing Commission ordered Bolden's purse held up, pending a commission hearing today.

Interior School Athletic Display

PRINCE GEORGE—Some 450 parents and friends taxed the capacity of the Junior-Senior High School gymnasium here to witness a novel gym display arranged by Noel Parker, Miss Mildred Crawshaw and community recreation director Brian Creer. Rhythmic exercises, tumbling, folk dancing and specialty numbers made up the program, proceeds of which will be used to purchase extra equipment.

CHICAGO CUBS LET STARR GO

CHICAGO, ☉—The Chicago Cubs have released the veteran right-handed pitcher, Ray Starr, to Oakland of the Pacific Coast League. The 40-year old Starr was obtained by the Cubs from Pittsburg last season and served in relief capacities in 13 games. Starr got credit for winning one game, while having two defeats marked up against him.

SHORT SPORT

A Canadian team, playing under English rugby rules, was defeated 38-5 by an all-Japan fifteen at Tokyo 14 years ago yesterday. More than 25,000 persons saw the Canadians' defence crumble before the devastating Japanese attack. The Dominion representatives won five of their seven matches, dropping a 9-3 decision to another all-star team.

Hundreds of soccer fans at Motherwell nursed broken heads and a number were taken to the police station after a fight at a Scottish Cup match between Celtic and Motherwell 14 years ago today. With the ground taxed to capacity, fighting broke out at various points and it was some time before police restored order. Motherwell won the game 2-0.

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence? "James put in his best licks to win."
2. What is the correct pronunciation of "duel"?
3. Which one of these words is misspelled? Desimal, desolation, despotism.
4. What does the word "pensive" mean?

ANSWERS

1. Say, "James put forth his best efforts to win." 2. Pronounce the u as in fuel, not as oo in tool. 3. Decimal. 4. Dreamily or somewhat sadly thoughtful. "She remained in this pensive state for a long time."

CENTRE DRAWS 'TEEN-AGERS'

NORTH VANCOUVER, ☉—An unpretentious-looking frame building in North Vancouver's business district is a popular community centre which attracts youngsters and oldsters alike.

As many as 1,000 persons find recreation, knowledge and companionship in Neighborhood House, and with more and more youngsters showing up there is need for additional room. It is planned to place a large Army hut alongside the building.

Monday and Thursday afternoons some 40 to 50 'teen-agers' gather after school under direction of Mrs. J. W. Patison, an untiring worker on behalf of the youngsters.

Thursday night senior 'teen-age' girls meet for the weekly dancing class—ballroom and fancy dancing directed by Mrs. B. McNamee. Later the same night the university discussion and lecture group meets.

Friday is gym night under the watchful eye of Jack Forwood, recreation instructor. With these regular class activities are interspersed movie shows and hobby nights.

Tied in with the Neighborhood House is the North Shore Sport Planning Committee, sponsoring 42 fastball teams, six baseball teams, a six-team basketball league and a juvenile soccer league.

PRINCE RUPERT SKI TRAILS
(By A. A.)

SMITHERS MEET—Smithers is holding a two-day ski meet on February 24 and 25. It should be a good start for the re-establishment of the Northern B.C. championships. The emphasis on skiing was formerly on distance jumping but it is now varied to include downhill and slalom which are gaining in popularity, from the standpoint of both spectators and contestants. To boost this aspect of skiing, Dr. L. M. Greene has put up a challenge cup for combined Class "A" downhill and slalom. Although, as far as is known now, no one from here intends to go to Smithers for the meet, Vaaborg Munthe and Gry Haraldsen are heading that way for a two weeks' visit. Gry's graceful downhill running should make her a contender for the Greene cup if she enters the event.

GOOD SUNDAY—About twenty-five skiers were out on Sunday cavorting in six inches of new dry snow on top of a solid crust. The main run was packed fairly hard by the skiers who are beginning to show great improvement in controlled turning and speed.

SCHEDULE FOR MIXED BOWLS

February 13—Midgets vs. Headpinners, McMeekins vs. C. Y.A., DeJongs vs. Fraser & Paynes, Post Engineers vs. Jokers.

February 20—McMeekins vs. Fraser & Paynes, Post Engineers vs. Headpinners, C.Y.A. vs. Jokers, DeJongs vs. Midgets.

FRANK TALK GOOD THING

Gordon Graydon Not Worried Over Outcome of Crisis At U.N.O. Meeting

NEW YORK ☉—Gordon Graydon, prominent Progressive Conservative leader, arrived on the Queen Mary Sunday from London enroute back to Canada after attending the United Nations Organization sessions. He does not think that anything serious will arise as a result of the crisis over Iran, Greece and Indonesia. In fact, the frank speaking that was heard in regard to them was all to the good and will, eventually, help to clear the air.

Hays will be soon forthcoming and that one of them may be used this season.

SHORT RUNS—Don Fitch is heading an entertainment committee and it is rumored that there will be a dance soon so that cabin crawlers and the snow flyers can get together on common ground.

Kosta Killas and Bill Long had great sport racing each other down one of the major hills—all of ten feet in length. Dunc McRae braved the perils of the mountain again at the week-end, surrounded at all times by members who were out to see that "Our President" didn't become "snow blinded" and lose his way. Reports from Blaine cabin indicated that the snow at that end was fairly wet although north slopes higher up were dry. Several 'teen-agers were out last Sunday.—welcome kids!

"PIGS" MEAN JOBS

This pig of pure Tadanac Brand Lead is a job-maker. It provides jobs for the men who mine and concentrate the ore, jobs for the smelters and the refiner, jobs for the workers in innumerable supply industries; finally, it provides jobs for the railway and steamship men who transport the pigs to market.

But this little pig is only a job-maker if we can sell him. That's obvious. What is not so obvious, but equally true, is that this Company can make enough lead in one day to supply British Columbia's needs for one year, or enough in two months to supply the whole of Canada.

So, if our pigs are to provide full time jobs for all the men now employed, five out of every six must be sold outside of Canada. They must find buyers on the world markets in competition with the pigs made in Australia, Europe, United States and other countries.

This was no problem at all in wartime. The world was clamouring for lead. But now we are faced with the task of meeting this competition, relying upon improved techniques and maximum efficiency in operation to maintain quality without raising our price beyond what the market will pay. This will require the combined efforts of us all—men and management alike. Only by such co-operation will our country be able to develop to the full its vast natural resources and only thus can its people prosper.

TEACHERS SEEK RIGHT TO HOLD ELECTED OFFICE

Seeking amendment to a portion of provincial law which bars employees of municipal school boards from holding elected civic office, Prince Rupert and District Teachers' Association last night presented such a brief to city council which endorsed it after short discussion.

The brief was one prepared by the B.C. Teachers' Federation for endorsement by municipal councils. It scored the "undemocratic" tendency of the present statute which deprives teachers of the right to sit on municipal councils. Basis of the claim is that school board employees are not direct employees of the municipality.

It cites as an example the case of a school teacher who was elected to the North Vancouver municipal council, only to be disqualified because he held an employment contract with the city.

Agreeing that it would be "democratic" to allow teachers to hold civic office, the aldermen pursued the matter to the point of wondering who would vote on school board estimates if

the electorate returned a full slate of school teachers to city council. Teacher-aldermen would still automatically be barred from voting on school estimates.

"There should be some control," said Alderman Ram. "It is conceivable that we might have eight teachers on council."

"That's quite democratic if the people want it," Alderman Hills replied.

"Then who would vote on the

Old Post Office As Reading Room Is Not Feasible

Prince Rupert Women's Co-ordinating Council whose worthy objective is to make things easier for the city's elder citizens is seeking to have the old military post office on Third Avenue turned into a reading room for older people but it is doubtful if the project will be successful.

Seeking city council support for the project, the Co-ordinating Council's plea ran into several snags at last night's city council meeting when it was pointed out that (1) the building does not belong to the city (2) the land on which it is situated belongs to the federal government (3) it does not come up to the fire zoning regulations required for a public building.

Aldermen expressed sympathy with the Co-ordinating Council's plan and went on record as stating that anything further that could be done in that regard would be pursued.

B.C. Unions and Vets Will Stage Big Labor Lobby

VANCOUVER — The full weight of British Columbia's labor organizations, backed by veterans' groups, are to participate in a pressure campaign on the B.C. government next month in an effort to get legislation passed for a 40-hour week, a fixed minimum wage and vacations with pay. Unionists say that between 500 and 600 union delegates from various sections of the province will take part in the "biggest labor lobby in the history of B.C., and even in Canada."

A story in Monday's Daily News told of a movie by the local Jobs-for-All Association to organize a city-wide jobs conference with the idea of sending delegates to Victoria.

Shipyard Worker Dies In Hospital

Frederick Rivers, a marine fitter at the Prince Rupert dry dock, passed away in the Prince Rupert General Hospital last night at the age of 65. He entered hospital on December 17. He is survived by his wife, residing at 1651 Herman Place.

Municipal Union To Organize Soon

With acceptance received from Prince George, Vanderhoof, Smithers, Terrace and Stewart, city council will soon take action to organize a Union of Northern B.C. Municipalities. Arrangements have been under way since last fall. Latest town to agree to enter the organization is Vanderhoof which expressed interest in a letter read to council last night.

Idea behind the union is to create an organization of municipalities which can speak for the whole northern section of the province at the conventions of B.C. Municipalities. Similar regional groups exist in the southern part of the province.

Likeliest scene for the original meeting is Smithers which several villages have favored as being the most central.

Since the invention of printing in 1426 by Gutenberg, the printed word has become a necessity of modern life. One outgrowth alone, the daily newspaper, has been largely responsible for the spread of popular education.

What City Council Did

City Council last night adopted a report by the Utilities committee endorsing the action of the purchasing agent in ordering 15,000 feet of telephone wire, 10,000 feet of which is required for installations at the Co-operative plant in Westview.

Council's Utilities committee is investigating the erection of a street light at Dunsuir Street at English Hill as requested in a petition signed by several residents of the English Hill area.

Licensing committee reported the granting of the following applications for business licenses:

George McWhinney, tailor; Lindsay Motors, garage; M. Heise, trucking; A. Bleakley, plumbing and heating contracting; A. Murray, bus operation between Prince Rupert and Port Edward.

Reporting on discussions with school board secretary Mrs. M. Roper, Finance Committee chairman Alderman George Hills said that his committee had concluded that the Cameron educational report does not go far enough in financing municipalities and that the committee is so advising the Union of B.C. Municipalities.

SOCIALIST OR TOTALITARIAN

NEW YORK — M. J. Cohen, C.C.F. leader in Canada, Saturday that "the major struggle in Europe and Asia is between Democratic Socialism and some form of totalitarianism. In a speech prepared for delivery to a luncheon of the League for Industrial Democracy, Mr. Cohen said that responsibility of progressive North America "to aid strengthen every democratic movement abroad."
