IMMEDIATE ACTION ON HIGHWAY IS SOUGHT BY LOCAL AUTOMOBILE ASS'N

With fish processing plants at Port Edward finding it impossible to transport fish products to cold storages in Prince Rupert and take out supplies for employees numbering in the hundreds, the Prince Rupert branch of the Automobile Association of British Columbia has been spurred to wiring to the provincial government at Victoria seeking immediate action to make the highway between Prince Rupert and Galloway Rapids bridge at least temporarily passable.

EGYPT STUDENTS GENERAL STRIKE

The following telegram was sent by J. H. Black, president of the local branch, today to Hon. Herbert Anscomb, minister of public works, with supporting wires to Premier John Hart, Hon. E. T. Kenney and W. H. Brett, M.L.A.:
 "Due to the exceptionally bad condition of the Skeena Highway between Prince Rupert and Galloway Rapids Bridge fish processing plants at Port Edward are unable to transport fish to cold storages in the city and supplies to their employees numbering at present 300 persons and later 1000. The business involved in the transactions will be a direct loss to firms in this city and citizens generally. Department officials here advise nothing can be done on the road for two or three weeks or until the road surface dries as it is impractical to use graders. We believe road surface will not be dry in its present condition until May or June.
 "We are mailing brief and photos showing clearly what we in Prince Rupert have to contend with.
 "Would appreciate your advising the Department here to find ways and means to make at least temporary repairs to this section of the road and to prepare an estimate of cost on a hard surface road that will be permanent between the points mentioned."
 Sending of the telegrams followed a conference yesterday with J. C. Brady, district engineer for the department of public works, who said that nothing could be done with the road until it dries out, possibly in two or three weeks, and to take the grader over it at this time would spoil the surface entirely.

VEHICLES REPORTED STOLEN

Two vehicles, two belonging to the army and one to the Canadian Army, were reported stolen over the week-end, according to the city police. Two cars belonging to S. C. Brown and James Rogerson, were recovered after being reported stolen early this morning.

INSULT PROVINCE

What is What "Boss" Johnson said in his address to the Dominion-Provincial conference "is only thing that counts in a province at the present time," Johnson, first Coalition member to be elected to the Legislature, moved the address in reply to the speech from the speaker. He said it was "an insult" from either Mr. Hsley or Mackenzie King to suggest that British Columbia should accept a grant of \$12,000,000 in lieu of income and corporation taxes "succession duties."
 The New Westminster member continued: "I strongly object to control of taxation being in the hands of Ontario and Quebec." He claimed that British Columbia should have "the deal as the East" with regard to freight rates and maintained that the industries that demands of war had created this province could be persuaded to give a more equitable deal to this province."

DR. MACDONALD BACK IN CANADA

Major R. J. Macdonald, who left the post of director of the Prince Rupert Public Health Unit in 1942 to join the Royal Canadian Army Medical Corps, is back in Canada after serving in Britain and Germany. He landed from the Queen Elizabeth last week at New York and is now on his way to Vancouver where Mrs. Macdonald and sons are residing.
 It is not known whether Dr. Macdonald will be returning to Prince Rupert which for some time has been without a medical director for the health unit.

Both Sides Are Blamed

MEANWHILE SITUATION IN MANCHURIA IS BECOMING MORE TROUBLED
CHUNGKING—Chinese Communists, supposedly Soviet inspired, are reported here to have started an all-out campaign against Nationalist government forces around Mukden. There have been clashes in several areas. It was said last night that a Russian division had arrived in Manchuria from Poland. Meanwhile the Moscow radio says remnants of Japanese forces have made widespread "bandit" attacks on Russian troops in Manchuria. According to the Soviet broadcast, the Japanese bandits have been found to be operating with the support of the Chinese central government.
 The broadcast marks the first Soviet reaction to rising resentment in China at the failure of the Russians to give up Manchuria.
 At a mass meeting in Peiping, more than 1,000 Chinese students heard speakers denounce "Russian imperialism."

UNLIMITED MIGRATION

THIS IS WHAT JEWS SEEK IN DEMONSTRATION AT VIENNA
VIENNA—A demonstration for unlimited immigration into Palestine took place yesterday in Vienna. More than 200 Jews marched on Vienna where members of the British-American committee on Jewish problems are staying. The marchers broke up after four jeep-loads of international military police arrived on the scene. They carried banners saying, "Open the gates of Palestine" and "Justice for the Jewish people."

Unprecedented Prisoner of War Trial Is Under Way Today at Medicine Hat; Legionaire Alleged German Victim

FIRST CASE IN HISTORY
MEDICINE HAT, Alberta—Three one-time Afrika Korps infantrymen went on trial today before Chief Justice W. R. Howson of Alberta Supreme Court and a six-man jury on charges of murdering a fellow prisoner in Medicine Hat prisoner-of-war camp in July, 1943.
 Sgt. Werner Schwaib, aged 30; Lance Corporal Johannes Wittinger, 30, and Pte. Adolf Kratz, 24, are accused of killing August Plaszek, 42, former French Foreign Legionnaire, whose battered and blood-covered body was found hanging from an improvised scaffold in a camp recreation hut.
 It is the first time in Canadian history that prisoners of war have gone on trial for murder.

ALASKA, SHACKLED BY LIQUOR, IS POURING WEALTH DOWN 'RAT HOLES,' SAYS EVANGELIST'S STATEMENT

"Alaska is spending a greater proportion of her income in liquor than any other place in the world," according to E. Stanley Jones, evangelist, who recently visited the territory and was also in Prince Rupert. "As a consequence Alaska has produced more wealth and has less to show for it than any other situation on earth. By the amount of wealth produced you would expect flourishing, beautiful cities. Outside of the federal buildings and a few hotels and business places the rest are a deep disappointment. Shacks rent at enormous prices. The civilization of Alaska is shackled by the liquor interests."
 "Alaska and Alaskans are better than I had expected—and worse," writes Jones. "I found it the most exploited land I have ever seen. Everything is being taken out of Alaska and very little being put back in except by the Federal government. Alaska is being drained by big corporations in mining and fishing. The valleys of Alaska are being left rock piles after the gold is taken out. The absentee owners get the large share of the profits and feel no responsibility for the development of Alaska. Banks, for instance, pay no city taxes in Anchorage, house owners do. Little remains inside the country. The same with the fishing industry which is in the hands of large corporations and which is more profitable than gold mining. What is left inside the country in the form of wages and small businesses is being either taken back to the States as soon as possible or it being poured down the rat holes of the liquor shops."
 "Speaking of native peoples, the brightest spot in Alaska is Metlakatla, where there is a colony of natives, cultured, progressive, prosperous. Reason? No white men, except the missionaries, government officials and school teachers are allowed to stop over night on the island without permission. The only serpents in this paradise are the liquor which the natives get when they go to Ketchikan and the venereal diseases they also get from outside contacts."

Native Group for Shanoss Inquest

SKEENA CROSSING—A three man delegation from the northern section of the Native Brotherhood of B.C. may attend the coroner's court enquiring into the death of Eneel Shanoss, when it resumes hearings again on February 28 in Prince Rupert. The 18-year old Shanoss girl died in a cabin in Prince Rupert allegedly following a drinking party, on February 10. As a result of the affair, Robert Gordon Robinson and John Wenz were each fined \$300 on liquor charges involving Indians. The Indian delegation may seek the court's permission to express opinions on situations involving liquor and Indian girls. The inquest, which began February 11, was adjourned pending the result of an analysis of the dead girl's stomach and blood.

REPORT DEFERRED
OTTAWA—Canadians were told this week-end that they will have to wait for two or possibly three weeks before the royal commission conducting the spy inquiry makes its first report. A report from the counsel for the commissioners says evidence has been piling up.

OFFICER IS CONVICTED

Capt. Stanley Landell Found Guilty of Theft of Supplies After War
AMSTERDAM—Capt. Stanley Landell of Toronto was convicted today by a Canadian Army court-martial of four of seven charges stemming from his activities as amenities control officer with the Canadian Army in the Netherlands. He was acquitted on the remaining three charges.
 The conviction is subject to confirmation by higher military authority and the sentence will be promulgated later.
 Charges on which Landell was convicted were that he stole two automobiles from a Canadian Army dump of enemy supplies, that he stole 25 paintings and he trafficked illegally in liquor in Holland last autumn.
 The other three charges were alternative, concerning disposition of automobiles and the use of Canadian military transport to move liquor.
 Defence counsel asked for leniency, declaring that the offences were "out and out stupidity" and arose from a state of life existing after hostilities in occupied country.

CO-OPERATION BREAKS DOWN

United States, Britain and Canada Not Collaborating on Atomic Development
LONDON—A London daily newspaper—The Express—is saying that American co-operation with British scientists in advancing techniques in producing and controlling atomic energy has broken down.
 According to The Express, the United States is not sending the United Kingdom any more information because the British have—as they put it—"nothing new to offer in exchange."
 Further, the London paper asserts that America is not sending Britain any more uranium to aid British scientists and Canada is in no position to send Britain either of the atomic metals she uses—thorium or uranium.

SQUADRON OUT OF OPERATION

Played Leading Part in War But Was Little Publicized
OTTAWA—One of Canada's three veteran R.C.A.F. transport squadrons based in the Dominion—the 168th—is preparing to go out of business. The 168th, along with the 164th and the 165th, were Canada-based transport units whose duties played a key part in Canada's war effort with the least amount of publicity.
 One-sixty-eighth's last trip—carriage of powdered milk and mail to Canadian service personnel overseas—is now under way. A Liberator carrying three tons of cargo is winging its way across the Atlantic.
 The squadron officially will break up on February 28.
 During the last few years the three transport squadrons, in addition to normal duties, carried out anti-submarine reconnaissance, participated in training paratroopers in Manitoba and flew loads of medical supplies to areas threatened with epidemics.
 Some remaining units of these groups are being taken over by Trans-Canada Air Lines.

Rendezvous At Kwinitsa

Highway Committees May Get Together at Slide on Prince Rupert Highway
 A committee of the Prince Rupert branch of the Automobile Association of British Columbia will journey with Douglas Frizzell by boat to the point on the Prince Rupert Highway near Kwinitsa where the road has been seriously blocked by a large slide. The purpose is to examine the situation there and take pictures with a view to forming ideas of what might be suggested to eradicate a constant source of trouble.
 The committee will consist, besides Mr. Frizzell, of Jack Wrathall, Hugo Kraupner, J. E. Boddie and J. H. Black. An effort is being made to make rendezvous with the highway committee of the Terrace Board of Trade at the scene of the slide.

Weather Forecast

Prince Rupert—Overcast and mild with rain. Winds fresh to strong southerly. Maximum temperature today 46, minimum to night 40. Tuesday: overcast and mild with occasional rain. Winds moderate. Maximum temperature, 46.

ARGENTINE ELECTION IS QUIET

Buenos Aires—Yesterday was election day in Argentina. Reports indicate the election went off without incident. Voters chose between Colonel Juan Peron and Dr. Jose Tamborini for president.
 It was Argentina's first general election since 1937. Official results may not be known for a month but there should be an indication of the trend in several days.

Just a Puppet After All

It is difficult to see where Hirohito, not so long ago the willing and strutting tool of the Japanese war lords, is suddenly going to be a perfect example of a democratic ruler to be likened to our own British monarch. The suggestion in a press dispatch today comparing him to our King is an odious comparison and an insult to the British monarch.

Of course, Hirohito is nothing more than a spineless puppet with not even the courage of the war criminals who are righteously enough being punished for their despicable acts. He not only associated with, if he did not serve, the war criminals but by becoming overnight an example of a democratic ruler, supinely betrays them in order to save his own hide and exalted position.

Hirohito's antics may go over with his own people but he is not fooling anyone else. The only redeeming feature about his ignominy as a Quisling in reverse is that it may serve the more speedily to settle the worshippers of his supposed divinity to the new regime which must be imposed upon them.

Getting Real Publicity

The Prince Rupert Highway gets officially on the road map of British Columbia in a new and attractive tourist folder which has just come off the presses of the King's Printer at Victoria for the British Columbia Government Travel Bureau, Department of Trade and Industry. Prince Rupert and central interior points are prominently shown on the map and there is suitable and concise text pertaining to the district which the highway traverses on its way here. In view of the circulation of such publications as this, there should be a lot of motor travel planned in this direction—something for which we should be seriously preparing to handle without occasioning the visitors who come this way any cause for disappointment or adverse criticism.

In the illustrations which accompany the new booklet the only cities or towns to be named are Victoria, Vancouver, Prince Rupert, Kam-

loops and Creston. The picture of Prince Rupert is a fishing fleet view. The descriptive text of Prince Rupert district is as follows:

"Known to the sportsman but comparatively new to the tourist is that beautiful country between Prince George in Central British Columbia and Prince Rupert on the Pacific Coast. The highway threads a rolling lake country and follows the gorges and valleys of the Bulkley and Skeena Rivers through a sparsely settled wilderness of forest and waterfall. Vanderhoof, Burns Lake, Smithers, Hazelton and Terrace are points along the rail and road affording jumping-off places for adventure in the woods and mountains. Here, too, the atmosphere is redolent of the pioneer, and the visitor has opportunity to observe the very beginning of a new empire in the making.

"There are hot springs at Lakelse and a hundred vantage points from which, in season, the spectacle of huge salmon by the million, leaping and fighting their arduous journey from the sea, may be observed. If you drive, deer and other wild-life will be as interested in your passing as you will be in them. Those contemplating this scenically-thrilling journey should arrange their stopping-places ahead as, in a busy season, accommodation may be limited."

This general tourist folder on British Columbia is not the only effort the Government Travel Bureau is making on behalf of the Prince Rupert area. Now on the presses of the King's Printer is a similar publication dealing exclusively with Central British Columbia and featuring the highway through the central interior from the Cariboo country and Prince George to the coast at Prince Rupert. In this local booklet there will be pictures featuring Prince Rupert. It is expected to be completed very shortly and the plan of the Prince Rupert Public Relations Council is to issue a brochure supplementary to it.

The publicity which the provincial government is according to this area is timely and gratifying. Prince Rupert has never experienced more widespread publicity than it is receiving today. Now it is up to us to justify the attention that is being drawn to us, examples of which we see in new incidents of publicity all over the world.

Mr. Vaughan Deserves It

Our congratulations to Mr. Vaughan, the chairman and president of the Canadian National Railways, on being honored by a Clarkson College, an American seat of learning, with an honorary doctorate.

We may not agree with Mr. Vaughan sometimes on his policies in handling affairs in which we are interested but all will admit that he is a capable executive and administrator—indeed, one of Canada's most outstanding—and the recognition which he receives is well merited.

Mr. Vaughan Is Honored

Receives Doctorate of Science From American College

POTSDAM — Robert Charles Vaughan of Montreal, chairman and president of the Canadian National Railways, was yesterday awarded an honorary degree as doctor of science in business administration at the forty-eighth commencement of Clarkson College of Technology by Dr. John A. Ross Jr., president of the college.

In presenting Mr. Vaughan for the degree, Dr. L. K. Silcox of Watertown, N.Y., vice-president and trustee of Clarkson, paid a glowing tribute to the Canadian National executive saying: "When called to the exacting responsibilities of directing the far-flung activities for the Canadian National Railways, with its vast system of Railways, airways, steamships, hotels, express, and telegraph operations included, it was the combination of administrative talent and discrimination in appraising each request for further progress that has made Robert Charles Vaughan so effective. He is held by those like myself who have been privileged to work with him and know him intimately through the years not only as an able administrator, a thoroughly dependable Christian gentleman and scholar but, above all else, as one who, by his friendliness and open-mindedness, can secure the cordial cooperation of his associates in

striving for honest and worthwhile objectives."

Mr. Vaughan was the recipient of one of the two honorary degrees awarded at yesterday's commencement exercises, the other going to William James Cunningham of Boston, professor of transportation at Harvard University.

Twelve degrees were awarded to members of the graduating class. These two honorary degrees yesterday were the first such awards in Clarkson's fiftieth convocation anniversary three months ago, when honor diplomas were given to Herbert C. Hoover, former president of the United States; Joseph E. Davies, former American ambassador to Russia; Sir William Arthur Stanier, a member of the British ministry of production; George J. Stanley, vice-president Aluminum Company of America, and Owen D. Young, former chairman of the General Electric Company's board, who received an honorary degree in behalf of General Electric's president, Charles E. Wilson.

Company Is Distinguished

In accepting the honor from Clarkson, Mr. Vaughan and Mr. Cunningham joined a distinguished international assembly of engineers, educators, industrialists, and business men who are recipients of honorary degrees from one of the country's outstanding scientific institutions.

In its half century of existence, Clarkson College, founded as a memorial to Thomas Y. Clarkson, a descendant of William Clarkson of Kirton, Lincolnshire, England, has graduated

MAKE PLANS FOR 'WELCOME' GALA

Plans for Prince Rupert's "Welcome Home" celebrations for returned service people took a step forward today when the executive of the local branch, Canadian Legion, met this afternoon with city council's committee created last month for that purpose.

According to Legion Vice-President W. F. Robertson who, with President Hugh Killin and other executive members, met with city council's committee headed by Alderman Robert McKay, the celebration will be a sizeable affair.

"We have the names of about 700 returned servicemen and, even if all of them are unable to attend, it will still be a big thing," Mr. Robertson said.

The celebration probably will be held early in April, since city council has committed itself to sponsoring it a month after the opening of the Civic Centre building.

TERRACE ENJOYS FINE CONCERT

Oddfellows' Hall Was Filled to Overflowing

TERRACE—With the Oddfellows' Hall filled to overflowing, a successful concert was staged Thursday evening by the pupils of the Terrace Elementary School.

The show opened with the singing of "O Canada" which was followed by a short address of welcome by Miss Annie Lips, the principal, who expressed appreciation for the support being given by those in attendance and thanked all those who had assisted with the concert. Special mention was made of Mrs. S. Campbell and Mrs. F. Frank who had given untiringly of their time and talent in the training of the pupils. Each lady was presented with a corsage of carnations as token of appreciation.

With the pupils in appropriate costumes, four dances were skillfully executed and enthusiastically received by the audience. These were an Indian dance by the pupils of Grade II, a Norwegian mountain march by the pupils of Grade III, the Irish Lilt and a Russian dance by the girls of Grades IV and V. A percussion band selection

by the boys of Divisions I and II was well received. "Country Gardens," a violin solo by Aaron Haaland, helped to give the concert more variety and was heartily applauded.

Final item on the program was a delightful operetta entitled "Cinderella." The cast consisted of Joan Attwood as Cinderella, Marie Lindstrom, prince; Joyce Cote, Baroness; Delphine Johnston and Elizabeth Pongracz as the stepsisters; Maryanne Benoit, fairy; Sarah Mile, herald; Theresa Johnston, page; Yvonne Normandeau, Marjorie Nelson,

Moderation

IS THE PATH TO LASTING PEACE!

Today, moderation is a necessity. By moderating our pleasures, by controlling unessential spending, we serve our nation and ourselves best.

The House of Seagram for many years has advocated moderation.

Now, during these days of adjustment, it suggests this even more strongly.

We Canadians can still enjoy comforts, standards and pleasures that less fortunate people are denied. But let us remember that the continuation of these advantages belongs only to those who treat them with respect.

Let moderation be our intelligent contribution to the future—moderation in spending—moderation in all things we do.

BRIDE SHIPS ARE COMING

Halifax to be Busy This Coming Week-end

MONTREAL—This week-end, four ships will bring 2,740 overseas dependents of Canadian servicemen and 549 soldiers to Halifax, according to transportation advices issued here today by the Canadian National Railways. To distribute them to their homes in almost every section of Canada, 11 "War Brides" specials and one troop train will be operated over C.N.R. lines from Halifax.

The first ship due to dock at the big Atlantic port is the Scythia on Saturday morning. She was originally due here tomorrow but, shortly after sailing from Liverpool, she developed engine trouble and had to put into Belfast Lough for repairs. The Scythia is bringing 765 new Canadians, 12 nursing sisters, four medical officers, five V.A.D.'s, and 11 civilians. The war brides will require three C.N.R. special trains, while the other passengers will travel on regular trains.

Next ship to arrive will be the John Sargent, expected later on Saturday with 549 military passengers. The largest number of soldiers, 291, will go to North Bay on C.N.R. special train 2259, the others, including 55 for Toronto, 26 for London, 23 for Montreal, 22 for Winnipeg, 18 for Ottawa, 16 for Calgary, 15 each for Regina and Vancouver, 13 for Kingston and seven for Quebec City will all travel on regular trains of the national system from Halifax.

On Sunday, the Aquitania will arrive with 879 Army and 283 Air Force dependents. They will require five special trains. Other passengers on the ship will be 134 British service personnel, 100 Ministry of War Transport civilians, 42 Red Cross, 11 St. John Ambulance, and 15 other nursing sisters, four medical officers, two Royal Netherlands will travel on regular C.N.R. trains.

The last ship, also due on Sunday, is the Letitia, former Canadian mercy ship, which will bring 628 Army and 185 Air Force dependents. Three special trains will be needed to take them to their new houses in various sections of the Dominion. Also included among the Letitia's passengers will be five St. John Ambulance nurses and one Army officer.

Basketball— Seniors Are Rupert Reps

Defeated Intermediate 61 to 41 in Much-Touted Game

A scoring spree by Herb Morgan which ran up 22 points piloted Senior All Stars to a 61-42 victory over an Intermediate All Star team Saturday night, winning the seniors the unquestioned right to represent Prince Rupert in a forthcoming basketball foray with Ketchikan.

The game was played in the armories as feature event of a card which was led off by a girls' game in which Bo-Me-Hi trampled over a team of city girls for a 30-to-8 victory.

Morgan's showing was strictly out of this world as he tossed the melon with accurate abandon to stretch his team's lead to a safe margin. He ran up 16 of the seniors' 32 points at half-time, topping off this accomplishment with six more during the second half.

Half-time score was 32-19. On the intermediate team, centre Joe Davis led the scoring with 12 points, a tally equal to that compiled by Jack Lindsay of the senior forward line.

Smarter under their defeat, the intermediates are already making arrangements for a return match which, they vow, will end differently.

High School Girls Best

Lack of practice on the part of the city girls' team, which hasn't played as a team in months, was a sound alibi for their decisive loss to the Bo-Me-Hi girls. However, they too plan a comeback which will give Alex Bill's students some real competition.

Betty Hamilton and Marie Caldwell were top scorers for Bo-Me-Hi with eight points each, while June Berg of the Grads led her team with four points. Tiny "Rusty" Thain, although scoreless, showed that although she was the smallest player on the floor, size didn't count too greatly. She played an aggressive game which brought cheers from the fans.

Individual scores:
Senior All Stars—McPhee 8, Lindsay 12, Morgan 22, Domin-

ato 6, Johnson 8, Houston 5, Fitch, Arney.

Intermediate All Stars—Davis 12, M. Holkestad 4, Arney 7, James 2, Thompson 5, Ciccone 2, Vukovich, Gurvich 3, Forman 5, R. Holkestad, Alexander 2.

Bo-Me-Hi—Hamilton 8, Budnich 6, Thornton 4, Anderson, Caldwell 8, Bill, Thain 4, McKenzie.

Grads—J. Pavlikis 2, M. Pavlikis 2, Berg 4, Vukovich, Bill, Bussy.

IS WINNER OF SANTA ANITA

Mrs. Graham Wonders Whether to Enter Big Handicap

ARCADIA, Calif. — Flushed with their one-two victory in Saturday's Santa Anita Derby, Mrs. Elizabeth N. Graham's Maine Chance Farm stable today is deliberating the wisdom of sending their crack Derby winner, Knockdown, after the \$100,000 Santa Anita handicap two weeks hence. Only once in the eleven-year-old history of the handicap has a three-year-old won it.

Knockdown paraded home in Saturday's \$100,000 Derby to win handily by two lengths over his brilliant stablemate, Star Pilot.

THEIR LEAD NOW BETTER

Canadiens Move Up as Result Of Week-end National League Play

MONTREAL — The Montreal Canadiens increased their lead in the National Hockey League last night. They added a point to their hold on first place when they whipped the Toronto Maple Leafs 6 to 2 while Chicago was held to a two-all tie by New York Rangers. In the other National Hockey League game last night Detroit edged out Boston 4 to 3. Toronto's loss virtually eliminated them from making the playoffs.

The Toronto Maple Leafs kept alive slim hopes of making the National Hockey League playoffs Saturday night by thrashing the third-place Boston Bruins, 7-2. Toronto's leading point-getter, ex-sailor Gaye Stewart, rapped in three goals to pace the Leafs to their victory.

The second period went scoreless despite a blistering pace. But, in the second, the Leafs tallied four goals—two by centre Syl Apps, one by defenceman Babe Pratt and one by Gaye Stewart. Defenceman Pat Egan counted for the Bruins.

Alaska Hoop Teams Returning

International basketball will take another jump into the limelight shortly. Bud Temmermeister, secretary of the local basketball league, has received warning from Harry Ludwigen of the Ketchikan hoop association that the Alaskans plan to come down to resume their friendly feud with the city teams on March 8 and 9. Prince Rupert teams have been invited to make a return expedition to Ketchikan the following week.

HOLLOW PROTECTION
The porcupine's quills, numbering about 30,000, are hollow and tubular.

Veteran Ben Hogan fired a six-under-par 64 at the weekend to take a two-stroke lead at the half-way mark of the Pensacola open golf tournament. Hogan's neat sub-par feat gave the long-hitting little Pennsylvania pro a 36 total of 135. Two strokes back in a tie for second place are Clayton Haefner of Charlotte, North Carolina, and Freddie Hass Jr., of New Orleans.

Baseball's most dynamic personality, John J. McGraw, died at New York 12 years ago today. Forty-two years in the game—30 as manager of New York Giants—the game's "Little Napoleon" turned over management to Bill Terry in 1932 but continued as vice-president of the club. He led ten New York teams to National League honors and three world championships—an all-time record.

PRINCE GEORGE WINS TROPHY

Central B.C. Junior Finals Settled During Week-end

PRINCE GEORGE (Special to Daily News)—In the first of two games in the final for the Mutual Life Cup, emblematic of central interior junior hockey championship, Smithers and a Prince George team battled to a six-all draw on Saturday and yesterday afternoon, in the second game of the series, Prince George copped the trophy with a 3 to 2 victory.

Prince George fought its way up after having trailed in the opener until the last 10 minutes of the third period when the locals, in a burst of power, outplayed the visitors.

At the end of the first period, Vic Dale-Johnson's Smithereens were leading 3 to 1. They retained the margin through the second period which concluded 5 to 3.

The Smithers players were Oscar Symes, goal; Frank Parker, Gurth Rands and Mervin Bannister, defense; Archie Leach, Roy Arnold, Lloyd Hann, Bob Fowler, Vernon Flockhart, Billy Checkley, Frankie Watson and Jim Herman.

Prince George players: Howard Witt, goal; Charle Hough-taling, Gerald Flynn, Gordon Swankey and Scott Kennedy, defense; Ralph Flynn, Bunny Yargeau, Harry Goodwin, Teas Kirkpatrick, Trav Fisk, Don Moffat and George Hamilton, forwards.

Prince George had advanced to the final by defeating Williams Lake by a two-goal margin, winning the first game 5 to 6 and losing the second 5 to 6.

He will represent the Associated Boards of Trade of Central British Columbia.

A local store was the scene of considerable excitement last week when the first shipment of nylon hosiery was distributed. Customers had previously entered their names on purchase coupons and the first 40 names drawn from the box were given the opportunity to purchase a pair of shimmering new hosiery. Martin Stewart of Prince Rupert officiated at the drawing which was attended by a score or more of Terrace ladies. A larger shipment is expected in a few weeks and by June it is believed that supplies will be ample for everyone.

Mr. and Mrs. Walter Baronelski left on Friday night's train for Vancouver where Walter will obtain his discharge from the Army. They plan to return by boat via Prince Rupert.

On Friday night Ronald Cole left for Vancouver where he will obtain his Army discharge.

Towards the end of the week Mr. and Mrs. Art Klohn, who recently sold their meat market here, left for Vancouver. They will return to Mr. Klohn's home in McBride where Art Klohn and his brother plan to operate a garage.

Friday night's train carried with it to Kamloops. Mr. and Mrs. E. Sande, Ray Sande, Mr. C. Ruckle, Eddie and Harold Ruckle. Ruckle and Sande have a sawmill along the Remo road on the other side of the Skeena River and will return next summer to reopen and operate this mill. They are now going into the lumber business near Kamloops.

NEW KITKATLA HALL GOES UP

Most of the framework of a fine new hall which the Excelsior Club is erecting at the native village of Kitkatla down the coast from here has been completed and, by the time another social season rolls around, the commodious and well appointed structure should be ready for use and enjoyment. The building is being put up by the men of the community during the slack season from fishing and other seasonal activity.

MADE SUPREME SACRIFICE ON ITALIAN FRONT

Word has reached the city lately of another former Prince Rupert boy who made the supreme sacrifice with the Canadian Army while serving overseas in Italy. He was Radford Edward Aves, son of Mr. and Mrs. E. O. Aves, formerly of Prince Rupert and now of Quesnel where Mr. Aves is provincial assessor for the Cariboo.

Ray Aves spent the most of his life in Prince Rupert, attending Borden Street and Booth Memorial Schools here for 10 years. Matriculating at the age of 17, he enlisted in the Army and, during his training was selected for a special Army course at the University of British Columbia from which he graduated with honors. Proceeding to the Italian front with the Seaforth Highlanders, he contracted infantile paralysis and died at the early age of 19. He is buried at the Allied military cemetery at Ancona on the Adriatic.

NOTICE

The City of Prince Rupert is considering the advisability of granting a franchise for the exclusive operation of motor buses within the city limits.

WANTS SIMPLE ATOM CONTROL

Oxford Professor Discusses Political Consequences of the Bomb

LONDON—Control of the atomic bomb by one nation, by world government or by international organization is deemed impracticable by E. L. Woodward, professor of international relations at Oxford University, and he believes that "we are more likely to find some measure of security if we do not attempt too much."

In "Some Political Consequences of the Atomic Bomb" (Oxford University Press) first delivered as a lecture, Woodward warns that raising the standards of life have not in the past removed the incentive to war and that this may be equally true of the future.

Balancing the loss of the conditions of security "which we supposed our grandfathers possessed," Prof. Woodward points to the United Nations and the Security Council as something "upon which we can build." He suggests that the nations should reinforce the present arrangements for keeping the peace with a "simple pact" that would bring immediate retaliation by the association of nations against any power using the atomic bomb. The pact, he says, will not necessarily work for a nation may refuse to honor its obligations.

The potentialities of the atomic bomb in the hands of the state as a deterrent on the freedom of the citizen is recognized in the professor's inquiry as well as the effect it may have on lit-

Post Office Staff Dinner

The members of the Prince Rupert post office staff held a dinner and dance on Friday evening last at Reid's Cafe in honor of several members who recently had left the staff.

Speakers at the dinner were Douglas Kerr, president of the local Civil Service branch; R. D. Sherk, assistant postmaster, and Miss Anne MacLeod. Louis Astoria acted as master of ceremonies and C. R. Boxall was chairman. Guests numbered about 30. After the dinner there was dancing and community singing led by Russell Cameron who played many selections. The event was enjoyed by all who attended.

Although not definitely optimistic on the fate of human society under the doubtful aegis of the atom, Prof. Woodward reminds the reader that great men were pessimistic even at the very thresholds of great periods in history.

GARDEN 'NOTEBOOK

To Eat These All Summer Make Sowing Schedule Now

Sowing Data on Short Season Crops			
	Days to table size	Harvest from one sowing lasts	Grow for four-portion serving
Beans, snap	44-53	4 weeks	1 foot
Beets	55-80	6 weeks	1 foot
Carrots	60-80	8 weeks	2 feet
Cucumbers	45-75	4 weeks	2 feet
Endive	70-90	6 weeks	1 foot
Kohlrabi	60	3 weeks	2 feet
Turnips	40-75	2 weeks	1½ feet
Spinach	40-50	2 weeks	3 feet
Onion Sets	21	4 weeks	1 foot
Peas	60-75	2 weeks	3 feet
Radish, early	25	1 week	1 foot
summer	45	2 weeks	1 foot
winter	60	6 weeks	1 foot

Most gardeners have experienced an overabundance of some vegetables early in the summer, only to have a shortage of the same thing later on. This happens often with the early vegetables which have a short harvest.

For the first harvest more is sown than can be used during the short period the crop is at its best; so the surplus is wasted, or given away. By dividing the same amount into two sowings, harvest time may be doubled, from the same space, with the same amount of fertilizer and, what is most important of all, the same amount of work, for this spring there will be plenty of other things to do in the garden.

To plan the correct number of sowings, and determine how far apart to make them, give a few minutes' study of the table shown herewith. It lists 13 of the short-harvest crops which home gardens are likely to grow. In the first column are the days for sowing the seeds, until the first harvest. The second column shows how long each harvest lasts, in top condition.

The time it takes to mature a crop depends somewhat on the variety grown. Most seed catalogues give the maturity season for each variety. By sowing two varieties—one quick, and one slow—at the same time, longer harvest can be assured or the same result can be obtained by sowing the same variety twice, with an interval between sowings.

The interval should about equal the period in Column 2—the length of the harvest. In the spring the second sowing will grow faster than the first, so the interval may be a little longer; but warm weather will make a third and fourth sowing grow more slowly, so a shorter interval.

NOTICE is hereby given that the Annual General Meeting of members of Prince Rupert General Hospital Association will be held at the City Hall on Thursday, March 7, 1946, at 8:00 p.m.

the space required to produce a family serving (for four). Each time you serve snap beans, for example, you use up a foot of the bean row, provided your garden has maximum fertility. If not a heavy yielding garden, then the space required may be longer than that given, perhaps twice as long. Make your best guess on this point, then ask the cook how often each week she will serve snap beans next May. Multiply the number of servings each week by four—since the harvest lasts four weeks. That will enable you to tell how long a row of beans should be allowed for the first sowing.

It may sound complicated—a little—but every minute you spend in working out a schedule is likely to save you an hour which might otherwise be wasted in producing food which you could not use; to say nothing of space and materials wasted also.

How many sowings should you make? Of most crops, enough to insure a 16 weeks' harvest, which will carry you into October. As the fall weather may make your final planting last twice as long as normal, it will often pay to increase this sowing, so you may get full benefit of a late fall season.

val between plantings will allow more time for the crop to mature.
Column 3 gives for each crop

WHAT DOES RUPERT NEED? WILL YOU GIVE YOUR VIEWS?

There is much discussion these days of problems and difficulties which face Prince Rupert in its postwar development and prosperity and what solutions might be devised towards solving these problems.

Many of these problems have been discussed in the Daily News from time to time but this newspaper is anxious to obtain some new and constructive ideas and, therefore, we are inviting our readers to express their views on the subject of

WHAT PRINCE RUPERT NEEDS TODAY?

You are invited to enunciate what you consider Prince Rupert's needs and to write a concise answer as to how best that need might be solved.

The articles will be published (with or without the names of the authors, according to wish of the writers). They will be judged impartially on the primary basis of value of subject matter although conciseness, style and legibility will also count.

Mayor H. M. Daggett and W. M. Watts have consented to assist the Daily News in the judging.

There will be six prizes:

First, \$10 in cash.
Second, \$5 in cash.
Third, \$2.50 in cash.
And three six-month subscriptions to the Daily News.
The contest will close March 15. Old and young alike are asked to submit articles.

The primary purpose is, of course, not to win prizes but to bring forward suggestions which may prove useful in forwarding the development of Prince Rupert.
