PROVING RELATIONS

Bracken Would Improve Dominion-Provincial Conference—Confidence Down
 A four-point plan aimed at improving provincial relations was suggested at a Dominion-Provincial conference held for a "united attack on problems" was placed before the House of Commons by John Bracken, Progressive Conservative leader.
 Bracken spoke shortly before the House voted by a division of 58 against a Conservative motion of confidence in the government.
 Bracken's motion for the reconvening of the conference, Mr. Bracken said, that a central Dominion-Provincial committee be appointed to study Dominion-Provincial relations.

Great Atom Blast Off

Calculated Water One Mile Into Air in Great Spout—Fate of Target Ships Not Immediately Known
 U.S.S. MOUNT MCKINLEY—A vast water column into the air to an altitude of five thousand feet, from a diameter of 2100 feet in diameter at the base, the underwater atomic bomb explosion off Bikini atoll this afternoon sent another 4,000 feet of mingled steam and smoke.
 According to the actual detonation of the underwater bomb, there had been considerable uncertainty as to whether weather conditions would permit today's test to succeed.
 The main vessels in the target area were the battleships Arkansas and New York, the carriers Saratoga and Independence and cruiser Pennsylvania. Also within close range was the cruiser Salt Lake City, the transports Fallon and Meyran and the submarines Skate and Pilot Fish.
 The target fleet altogether numbered 87 ships including six submarines floating at various depths.
 Reports as to the fate of the target ships were not immediately available.

WANT MUCH IN STRIKE FIGHT

Company Could Have Paid Increase, Says Union—Members of Company Men
 HAMILTON — Officials of the United Steel Workers of America said in a statement that the Hamilton Company of Canada had spent more than \$600,000 so far in combatting the strike of the steel workers and that this sum represented more than it would have cost the company to grant the wage increase.
 Hilton, president of the Hamilton Company of Canada, said that there was little chance of settlement unless the company decided from its arbitrary decision.

Health Minister Resigns

Resignation of General Brock Chisholm, health minister, was announced today. He was succeeded by Dr. G. D. Cameron, director of health services.
 Public addresses which Major General Chisholm gave recently concerning training of children aroused widespread controversy.

"The Fleet's In" Prince Rupert Today

Burial or On Strike

Violence as Vancouver Province Publishes—Police and Firemen Busy—Eight Arrests Made
 TO TAKE STEPS
 VANCOUVER — A special meeting of the police commission is called for this afternoon to consider the situation arising out of the strike against the Vancouver Province. Mayor Cornett says steps necessary to prevent further violence will be taken. He criticizes labor unions for allowing the situation to reach the present pass. The president of the Newspaper Guild criticized the I.T.U. for "not lifting a finger" in the matter. The Labor-Progressive Party last night passed a resolution of protest against the court order restraining the I.T.U. from picketing.

Violence broke out in front of the strike-bound Vancouver Daily Province office yesterday as newspaper-laden trucks were leaving the building with the second edition of the paper to be published since June 5. Unionist picketers jumped on the trucks and threw packets of papers onto the street. One light delivery truck was overturned, papers removed and made into a huge bonfire in the middle of the street, necessitating the services of the fire department. Cambie and Pender Streets were littered with the papers. Huge crowds gathered around.

The trouble subsided when police reinforcements arrived. Eight men were arrested and charged with property damage, obstructing and assault. Four were released on \$1000 bail, two on \$500, one on \$100 bail and one on no bail.
 Constable Dick Begley sustained a cut hand and will be off duty for several weeks.
 With a heavy police guard standing by, the Province on Monday had published its first edition in 47 days and the management announced it planned to continue daily publication. Three trucks left the office without demonstration that day but a fourth was circled by persons who shouted "scat," making no effort, however, to interfere.
 Although a union spokesman on Monday had said there were no union mailers, stereotypers or pressmen on the job, it was announced yesterday that the pressmen's and truck drivers' unions had ordered their members to return to work at the Province.
 The management said: "The Province is issued today with the assistance of union labor."
 The I.T.U. printers walked out June 6, demanding that all Southern newspapers in Canada sign an agreement recognizing union rules.

DISCUSSION OF ATOM CONTROL

Setting Up of Authority is Discussed at New York Meet
 NEW YORK, — Delegates to the United Nations Atomic Energy Commission began discussion today of the key proposal in the United States atomic control plan—creation of an atomic development authority.
 Although this proposal has been discussed both formally and informally, delegates have now reached a stage where they intend to seek a "yes" or "no" decision on the broad question of the principle involved.
 Discussions will take place in a closed meeting.

LABOR KEEPS HOUSE SEAT

Accorded Substantial Majority in Pontypool—North Battersea Votes This Week Also
 PONTYPOOL, Monmouthshire — The Labor government won its second Parliamentary by-election within two days when D. Granville-West retained the House of Commons seat of Pontypool made vacant by the death of Arthur Jenkins. Granville-West defeated a young Conservative opponent, Peter Welch, by a vote of 22,000 to 8,000. The majority of 14,000 compares with 19,000 at the general election.
 In Kent on Tuesday Major A. Bramall had held a constituency for Labor with a narrow victory over a Conservative.
 Another by-election takes place this week in North Battersea.

SHANGHAI AND NANKING SAFE

So Says Statement by Spokesman for Chinese Nationalists
 NANKING — A government spokesman said today that troop strength in the coastal province of Kiangsu now is ample to ward off any possible threat to Nanking and Shanghai. He expressed confidence that the hotly contested Taihsing-Jukao area, northwest of Nanking, would be cleared of Chinese Communists within a short time.

Warning Was Never Given

Death List in Jerusalem Hotel Blast Now Placed at 98
 JERUSALEM, — The known dead as a result of the terrorist bombing on Tuesday of British headquarters in the King David Hotel is placed at 48 with the belief that 50 other missing persons were also killed. Up to yesterday military rescue crews who toiled in the debris of the hotel, seat of British Army headquarters and the secretariat of the Palestine government, reported 41 bodies had been recovered and seven others located. The 50 other persons unaccounted for were believed dead.
 The Palestine government last night vigorously denied that any advance warning had been given the government and military as the Jewish underground organization said. No warning of any kind had been received.
 It was revealed that, although most of the party which planted milk cans of explosive wore Arab dress, all evidence indicated that they were young Jews. Eyewitnesses said that the attackers spoke Hebrew. The spokesman said that a search was "going on right now in the old city of Jerusalem."
 The killed British officials are feared to include the No. 3 man in British administration in Palestine, George Walsh, food controller, who is believed buried in wreckage. Walsh, 42 years old, had been economic advisor to the Palestine government since 1942. Thirteen other British officials are listed as missing.
 At London it is reported that the bombing appears to have destroyed practically all possibility of early implementation of the recent proposals for the admission of 100,000 European Jews into Palestine. While official comment was withheld, it was no secret that the incident caused the gravest anxiety in the Foreign Office and informed quarters regarded the new outbreak of violence as coming at a particularly unfortunate moment.
 Last night the home of Sir Alan Cunningham, British High Commissioner, and police headquarters were threatened with bombing.

Bulletins

ATOMIC BOMB TEST
 ABOARD U.S.S. MOUNT MCKINLEY — The atomic bomb for today's underwater test explosion was lowered this morning from the destroyer Albermarle and all was ready for the blast scheduled for 1:35 p.m. Pacific Standard Time unless adverse weather should make postponement advisable in which case it would be deferred half-hour until half-hour until possibly tomorrow.

ARABS THREATEN
 JERUSALEM — Tension in Palestine, scene of a wide manhunt for extremists who bombed the King David Hotel Monday, was heightened today by an Arab warning that, if Britain failed to halt terrorism, the Arabs themselves would be forced to take a hand.

FELL INTO WELL
 VICTORIA — Five-and-a-half-year-old Marie Potter is alive after having fallen into an open well where an hour later she was found floating face up. Fire department inhalators revived her.

GOLD MINING BILL IS 'SUCKER' BAIT?

So Says Senator Murdoch as Measure Passes Ottawa Senate Committee
 OTTAWA, — Report of a Senate mining committee recommending taxation changes to encourage gold mining was adopted with only one dissenting voice. Senator James Murdoch (Liberal, Ontario) said the report practically said: "Come sucker, bite" for it ignored stock manipulations.

WILL CARRY SACRAMENT

Victoria Alderman Fears "Priest-ridden" City
 VICTORIA — It was by a vote of eight to three that the city council last night approved the staging of a procession by the Roman Catholic Church on August 4 in connection with the celebration of the centenary of Victoria diocese.
 The Catholics will be permitted to carry the Blessed Sacrament.
 Ald. Ed Williams led in opposing granting of permission, declaring: "Victoria will become a priest-ridden city if we don't stop it."

BAKERS COMPLAIN
 LONDON — Bakers complained today that bread rationing was causing waste and some deliverymen in London and elsewhere struck in protest against added work of collecting coupons. Strike of 35 deliverymen in one London bakery threatened the spoilage of 12,000 loaves.

PLANE PARTY SAFE
 PRINCE GEORGE — Four American sports fishermen who had been missing in the north in two planes, are safe at Grande Prairie. One plane crashed but the occupants were unhurt. The other plane landed today at Grande Prairie where the other two men have also been taken.

War Upon Religion

Priests and Nuns Reported To Be Assassinated and Mattered in Yugoslavia
 NEW YORK — The New York Times said today in a dispatch from Bari, Italy, that Marshal Tito's Yugoslav government had launched a terrorist campaign against "religion in all its forms" that extends to the assassination of priests and nuns throughout the country.
 The dispatch quoted observers arriving from Belgrade as saying that 230 priests had been assassinated from April 1944 to May of this year, 200 of them without trial.

MADAME SUN IS IGNORED

SHANGHAI — Madame Sun Yet-Sen's statement charging that Chinese reactionaries are trying to foment war between the United States and Russia and urging cessation of United States military assistance to China was ignored yesterday by some Chinese newspapers. No mention of the statement was made in some papers controlled by the Koumintang government party. Others published only excerpts. Madame Sun had advocated that the government of her brother-in-law, Chiang Kai-Shek, be replaced by a coalition.

TEN PERISH IN KODIAK WRECK

Cannery Tender Cougar of Seattle Caught in Storm and Founders
 KODIAK, Alaska (CP)—Ten people were drowned Monday night when the cannery tender Cougar of Seattle foundered in heavy seas off the northwest shore of Kodiak Island. The crew of three and seven passengers perished. One passenger, only known survivor from the 65-foot vessel, was landed here yesterday. The victims included Glen Palmer of Tacoma, the ship's captain.

CATCH MOUNTING
 The International Fisheries Commission announced today that halibut landings from Area No. 3 for the season up to July had totalled 19,750,000 pounds as compared with 17,500,000 pounds last year at a similar date. There is no announcement yet as to when the fishing season may close.

Uganda, Crescent Welcomed On Five-Day Official Visit

Prince Rupert today is host to two of Canada's finest and newest fighting ships—the cruiser H.M.C.S. Uganda and destroyer H.M.C.S. Crescent—whose lines were tossed to the C.N.R. wharf shortly after 10 o'clock this morning to start a five-day visit for which local citizens have conjured up an entertainment program which has met a warm response by the men of the fighting ships.
 "It's the best program that we have ever had for our entertainment at any port," said a veteran officer of the Uganda as he scanned the proposed entertainment schedule in the ship's wardroom this morning. He made the comment as Legion Secretary P. M. Ray and Lieut. C. A. Balfry, ship sports officer, were arranging final details.
 The huge cruiser, commanded by Capt. K. F. Adams, steamed up the harbor at 10 o'clock, followed by H.M.C.S. Crescent. Uganda made her landing at the C.N.R. wharf, after her huge armored bulk had been brought in smoothly. Crescent, looking like an offspring of the mighty Uganda, berthed alongside a few minutes later.
 Aboard the Uganda was Harbor Master J. R. Elfert, who went out this morning in the provincial police boat P.M.L. 15 and met the vessel off Pillsbury point in order to acquaint her captain with berthing arrangements.
 A crowd of several hundred local people gathered along the wharf, despite the rain, to welcome the two vessels.
 "We brought our Vancouver weather with us," shouted Lieut. Balfry as the ship pulled alongside under weeping skies.
 H.M.C.S. Crescent, which has visited Prince Rupert twice before, is commanded by Lieut. Commander P. C. Nixon who brought his vessel to Prince Rupert early last May on an official visit. Both Capt. Adams and Lieut. Commander Nixon called on Mayor Daggett at the city hall at 11:30 this morning. The call was returned by Mayor Daggett and an official party this afternoon.
 Both Uganda and Crescent are on a training cruise during which they have carried out exercises in Hecate Straits during the last two days. Their last port was Alert Bay.
 Training Is Prime Purpose
 In an interview this morning Capt. Adams told the Daily News that the prime purpose of the cruise was to train seamen for Canada's post-war navy. "We are sacrificing the amenities and even the ship's tidiness in order to give the men rigorous sea experience," Capt. Adams said.
 However, during their visit here, the complements of both vessels will be able to relax and enjoy themselves. Co-operating enthusiastically with the local citizens' entertainment committee, the sports officers of both ships have arranged to start off the program with a football game between teams from the Uganda and Crescent at 3:30 this afternoon at Roosevelt Park. This will be followed by a softball game at 6:30 and basketball at 9 o'clock.
 Uganda was commissioned early in 1943 and served as a unit of the Royal Navy out of Scapa Flow and in the Mediterranean. She was bombed at Salerno and damaged so badly aft that she was sent to Charleston, South Carolina for repairs. On completion of the repairs she was returned to England for modernization and then commissioned to the Royal Navy. She served six months in the Pacific before the Japanese surrender and was the first R.C.N. vessel to make a passage round Cape Horn.
 Uganda's gross tonnage is 11,300 and the ship is carrying a complement of 615 men and 58 officers. She is 555½ feet long and is driven at a top speed of 32 knots by engines which develop 72,000 horsepower in her four screws.
 H.M.C.S. Crescent, which was commissioned last October, is 363 feet long, carried a crew of 150, and has a maximum speed of 36 knots. She has turbine engines with a power of 40,000 horsepower.

Fish Parley Is Going On

Hopes Seen for Settlement Before Strike Deadlines on Monday
 Negotiations between representatives of the United Fishermen and Allied Workers' Union and the operators of nine local fishing companies were begun Monday in an effort to settle their wages and hours dispute before the strike deadline on July 29.
 While no statements were issued by the union or by the operators, it is understood that the negotiations are proceeding smoothly and that hope is high for settlement of the disagreement which, if it developed into a strike, would stop operations of every fresh fish and cold storage plant on the waterfront at the height of the fishing season.
 A further conference between the union and operators was begun this morning.
 The fact that the two parties have got together so readily was seen by one fisherman as an indication that both are trying to avert the danger of a work stoppage and may be willing to compromise on their initial positions, neither of which are acceptable to the opposing party.

CONCHIES ARE FREE AGAIN

OTTAWA — Hon. Humphrey Mitchell, minister of labor, tabled yesterday in the House of Commons an order-in-council abolishing as from August 15 control over conscientious objectors to military service.
 The decision affects 10,873 conchies in agriculture, lumbering and alternate work camps. The latter group were considered "hard-shelled" type who refused to go into any activities which they thought had direct connection with war. At alternative service camps they did road work.

THE WEATHER

Synopsis
 Skies were clear over most of British Columbia Tuesday with temperatures showing little change from those of the previous day. Lytton recorded the highest temperature in Western Canada with 94. Prince George with 86 reported the lowest temperature in the province last night. There was increasing cloudiness over the northern coast yesterday evening with intermittent rain beginning over that area during the night. This precipitation is in advance of a weather system centred in the northern Gulf of Alaska and extending southward to about 200 miles off the Charlottes. The disturbance is expected to bring thickening cloudiness to as far south as northern Vancouver Island today with the cloudiness spreading eastward through the Bulkley Valley area. Elsewhere in the province conditions are expected to be much the same as those of Tuesday.
 Forecast
 Prince Rupert, Queen Charlottes and North Coast—Overcast today, cloudy Thursday. Intermittent rain this afternoon. Rain showers Thursday. Winds light. Little change in temperature. Temperatures tonight and Thursday: Port Hardy, min. 54, max. 60; Massett, min. 52, max. 60; Prince Rupert, min. 52, max. 60.
 32 knots by engines which develop 72,000 horsepower in her four screws.
 H.M.C.S. Crescent, which was commissioned last October, is 363 feet long, carried a crew of 150, and has a maximum speed of 36 knots. She has turbine engines with a power of 40,000 horsepower.

FLEET FINDS WELCOME

IT IS A WARM and sincere welcome—a welcome to which we gladly subscribe—that two of Canada's finest new warships—H. M. C. S. Uganda, the cruiser, and H. M. C. S. Crescent, the destroyer—which arrived in the harbor today for a five-day visit will receive in Prince Rupert. To see with us again a thousand naval men, like those who became so familiar to us during the war and so many of whom became highly esteemed, is a pleasure. It will be like old times to have them back again, recalling the sometimes sad, often happy but always stirring days of war. Almost a year it is now since H. M. C. S. Chatham, with its big wartime establishment, closed down. Now the navy is back again to enliven these postwar days with their problems and sometimes dullness.

This is the first call here of H. M. C. S. Uganda which is an extremely interesting visitor. Not since the old "Rainbow" days has Prince Rupert entertained a Canadian cruiser and that was a long time ago. The old timers will be able to compare this bristling modern fighting vessel with the old square-raked ship which was so familiar here before, during and after World War I.

The people of Prince Rupert always have had a warm spot in their hearts for the fleet and that has inspired them to make an especial effort at welcoming and entertaining during their stay the most important naval visitation we have had since the war.

PROVINCE OR CITY?

FIRE CHIEF H. T. LOCK and Wire Inspector F. M. Kempton called at the Daily News Office yesterday to make it clear that wiring regulations and much of the requirements governing buildings in Prince Rupert were covered under a provincial code which gave the city no alternative but to carry them out automatically. There are, of course, some regulations in respect to building that are covered under city bylaws.

What was desired in an editorial on the subject which appeared in the Daily News on Monday was, of course, to discuss the possibilities of what might be done to bring about more reasonable regulations as suited to conditions in Prince Rupert without undue penalization, particularly of those who would proceed, if regulations did not make it too costly, with modest improvement or new building work which would all be for the benefit of the city.

There is no suggestion that local officials are acting arbitrarily in the matter.

* * *

CRISIS ON COAL

THE ECONOMIC CRISIS in France today is, in effect, a manifestation of the coal crisis. While Great Britain has promised to send as much coal as possible to France, she too is struggling with production difficulties. The United States has promised 400,000 tons a month, but transatlantic delivery is slow.

Why, French people are asking, cannot France have access to the excess German coal, say 20,000,000 tons a year, from the Ruhr? A French official document points out that, despite Allied bombing, German coal production has now reached 54 per cent of normal and is steadily increasing. "Where," it is asked, "will the extra coal go? To build another war machine? Or to rebuild the neighboring nations Germany ruthlessly tried to shape into slave states?"

LETTERBOX

"FAIR" QUESTION

Editor, Daily News:

One congratulates the Industrial Development Committee of Prince Rupert and District and the Chamber of Commerce in arranging an interview with Mr. Vaughan, president of the Canadian National System during his short visit here. It is very unfortunate that neither he nor Mr. Chevrier, minister of transportation, could find time to visit this port when it was playing such an important and vital part in the late war.

Then the committee could have shown the visitor what was being done here. The dry dock was a busy place with 2,000 employees and a fully equipped shipyard. Now the employees have drifted away; much of the equipment has been shipped away. And Mr. Chevrier in the House of Commons stated recently that as the yard is now on a peacetime basis it would not be economical to build ships here. When did Mr. Chevrier find out that the yard is on a peacetime basis? The war has been over a long time. Why did he not say this when asked in the House months ago, instead of saying that the question as to what the policy of the government would be was an "unfair" question? Was it "fair" to keep families of employees here waiting in suspense, waiting to know whether they would have to break up their homes here and seek employment elsewhere where accommodation was very doubtful? A statement of policy then would have been fair to thousands. It would have been an honorable thing. But that is all past, except for one thing. We feel that the powers that be had not the courage to tell us. Can we have faith in them for the future?

How does the Canadian National System regard its responsibility to Prince Rupert as the outlet of a great and valuable district? That is what we would like to know. That is what we are entitled to be told. We recall with distaste a statement made by Mr. Devenish that the C.N.R. did not wish to antagonize Vancouver. Is that to influence the policy of the national system towards this port?

Our delegations to Ottawa, and correspondence, as reported from time to time, found it difficult to have any one of the three bodies acknowledge the responsibility for the situation in Prince Rupert. The Canadian National referred the delegation to the Ministry of Transport. The Ministry of Transport re-

86-Year-Old Scot Is Telegraph Boy

GUTHRIE, Scotland, (W)—William Cant, 86, is the father of the postmistress in this Angus town and when war came he went to work as a "telegraph boy," often cycling four and five miles from the post office with messages. His years make him the superior of James Clemenson, 3, who recently stopped being telegraph messenger in Tillicoultry, Clackmannanshire, his successor being David Duncanson, 70.

ferred it to the government. The government referred it to the Canadian National. That was the "merry-go-round." But it was not merry for the families that were compelled to come here by the government. Families that learned to like our city and wished to stay here.

At many fairs and exhibitions there used to be a sleight-of-hand expert. He had three thimbles and one pea. If you could tell him under which thimble the pea was, he paid you a sum of money. Now we have three thimbles, the government, the Ministry of Transport and the Canadian National system. We have a "pea"—the future policy for the dry dock and our city. Will Mr. Vaughan tell us under which thimble the pea is? Or will he tell us that there is no pea?

A FORMER EMPLOYEE OF THE DRY DOCK.

20 YEARS AGO

July 24, 1926

It was announced that a session of the Board of Railway Commissioners would sit in Prince Rupert in a week's time. G. G. McGeer, counsel for British Columbia in the current freight rates case, was expected to arrive to assist the local Board of Trade in preparing its brief to the commission.

J. C. Brady, principal of the Prince Rupert High School for 14 years, was named as candidate to contest Skeena federal riding by the local Conservative association.

E. A. Heaphy, manager of the Los Angeles Timber Products, said that his company contemplated re-opening the Massett Timber Co. mill at Buckley Bay.

Soil Students Tour In Special Train

JOHANNESBURG, (W)—About 160 ex-servicemen who are studying soil conservation at the University of the Witwatersrand are touring the Northern Transvaal in a special train put at their disposal by the South African Railways to study modern methods of soil conservation and see for themselves many of the land problems that have to be faced in South Africa. The students eat and sleep on the train, which waits for them at the numerous stops enroute. A lecturer told Reuter: "The ex-servicemen are showing great enthusiasm for their work. They work very much harder than the average undergraduate and being more mature are ideal students."

LONDON (W)—A thousand jubilant servicemen and women celebrated the reprieve of the Piccadilly Stage Door Canteen, now to remain open at least until the end of August.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "I was never in San Francisco"
2. What is the correct pronunciation of "deficit"?
3. Which one of these words is misspelled? Exemplary, artillery, effrontery.
4. What does the word "agility" mean?
5. What is a word beginning with ind that means "want of feeling"?

Answers
1. Say, "I have never been to San Francisco." 2. Pronounce def-i-sit, e as in bet, both i's as in it, accent first syllable. 3. Exemplary. 4. State of being nimble. "He has retained the agility of youth." 5. Induration.

TEDDINGTON, Middlesex, England, (W)—Two-decker motor bus converted into a "tasteful modern apartment" is for sale for £100 (\$400).

Three Days Holidays For Becoming Father

PARIS (W)—Officials and employees of the public services of France now are entitled to three days special holiday with pay every time they become a father, a new law published in the official Gazette states. The three days, not necessarily consecutive, must be taken within two weeks of the blessed event. Employers are re-imbursed from family allowance funds.

For that Port Edward Trip—
Tommy's 77 Taxi. Grotto. (4f)
James Forman sailed on the
Catala Tuesday on a trip to Van-
couver.

Mrs. H. Horn sailed on the
Catala Tuesday afternoon on a
holiday trip to Vancouver and
as far south as Los Angeles.

Mr. and Mrs. Neils Jensen and
child returned to the city last
night following a motor trip into
the interior as far as Vander-
hoof.

Constable Jack McPhail of the
C.N.R. police and Mrs. McPhail
returned today on the Prince
Rupert from a holiday trip to
Vancouver.

Frank Bertram, district man-
ager for Monarch Life Assurance
Co., Vancouver, arrived in the
city this morning on the Prince
Rupert on a business visit to the
city.

Adjutant and Mrs. P. L. Gorrie
of the Salvation Army and
daughters, Joan and Margaret,
returned on the Prince Rupert
this morning from a three-weeks
holiday visit to Vancouver.

William Grant, pioneer Smith-
ers real estate and insurance
man, who has been visiting in
Vancouver and Seattle with his
daughters, arrived in the city
from the south on the Prince
Rupert this morning and will
proceed to the interior on to-
night's train.

Ted McEwen, assistant man-
ager of the North American Life
Assurance Co. at Vancouver, is
a business visitor in the city. He
recently saw Col. D. B. Martyn
former area commandant of the
Canadian Army here, who is
back at Seattle in his former
capacity as state manager of
the North American Life.

Mrs. Thomas H. Lee has re-
turned to the city from a two
weeks' visit to the Portland
Canal area.

W. F. Stone returned to the
city last night by car from Roch-
ester, Minnesota, where Mrs.
Stone has been receiving further
treatment. She will be home
next week.

HOW CAN I ???
By ANNE ASHLEY

Q. How can I relieve aching
muscles and a tired feeling?

A. A hot bath, to which has
been added one cup of epsom
salts and two tablespoonfuls of
mustard, is often effective; but
as a physician will not recom-
mend this for every person and
all conditions, he should be con-
sulted.

Q. What kind of utensils
should be used for cooking
fruits?

A. When cooking apples, or
any other fruits, use utensils of
aluminum, enamel, glass or
earthenware.

Q. How can I remove grease
from leather upholstery?

A. Try rubbing thoroughly
with a cloth wrung out of warm
soapsuds.

**Buckingham Palace Considers
It Unlikely Elizabeth and
Margaret Will Visit Banff Soon**

LONDON (AP)—Buckingham
Palace said today that reports
from Calgary that the royal
princesses intended to visit Banff
in the near future are "quite
unlikely." An official said: "I
shouldn't think they would go
this year either before or after
their trip to South Africa. They
are young and whether they
would set off dashing about the
Dominions by themselves is im-
possible."

At Banff Major P. J. Jennings,
superintendent of Banff Na-
tional Park, said the Govern-
ment, Viscount Alexander, had
hinted to him that Princess Eli-
zabeth and Princess Margaret
Roe might visit Banff in the
near future.

CAR PRICES INCREASE

SYDNEY, Australia (AP)—New
British cars are selling in Aus-
tralia at prices 75 per cent high-
er than before the war. Prices
have increased since the cars
arrived in Australia. A small
open car quoted recently at
\$1,600 now is selling for \$1,850.
Reasons for the increase include
increased wages to British work-
men, lags in production and
world shortages of steels.

Fish Sales

American
Alaska, 35,000 pounds, 24c and
21.2c, Pacific.

LAND REGISTRY ACT
Re: Certificate of Title No. 4941-I to
Lot Five Thousand Four Hun-
dred and Sixty-one (5461), Range
Five (5), Coast District, said to
contain Ten and Fifty One-Hun-
dreds (10 and 50/100ths.) acres,
more or less.

WHEREAS satisfactory proof of loss
of the above Certificate of Title, issued
in the name of Alexander Noble
has been filed in this office, notice
is hereby given that I shall, at the
expiration of one month from the
date of the first posting hereof, issue
a Provisional Certificate of Title, in
lieu of said Lost Certificate, unless
in the meantime valid objection be
made to me in writing.
DATED at the Land Registry Of-
fice, Prince Rupert, B.C., this 16th
day of July, 1946. A.D.
ANDREW THOMPSON,
Deputy Registrar of Titles.

**CHINESE STUDY
POSTAL METHODS**

OTTAWA (AP)—Representing
the first Chinese postal delega-
tion to visit Canada, four offi-
cials, Hsu Chuan-Hsien, Wang
Shu-Pong, Li Hsiung and Chang
Feng-Ming, from the Director
General of Posts of China, have
been studying Canadian post of-
fice methods in Ottawa.

The Chinese officials left
China in July 1945 and spent six
months in Washington and one
month in New York studying
U.S. postal improvements before
coming to Ottawa. The delega-
tion now are back in the United
States where they will inspect
postal facilities in Chicago and
San Francisco before their re-
turn to China in September.

The delegation are studying
the American and Canadian
postal systems from the inner
sanctum of the central organi-
zation to the outermost fringes.
Each official looks after a par-
ticular division; Mr. Hsu is re-
sponsible for transportation, Mr.
Wang for inspection and investi-
gation, Mr. Chang for equip-
ment and supplies, and Mr. Li
for personnel.

Fundamentally, the postal sys-
tem of China is very similar to
Canada's. They make use of air
mail, postal notes, money orders
and postal savings banks in the
same way. Even their mechan-
ical equipment is much the same,
but their great difficulty is the
lack of sufficient equipment to
cope with the huge amount of
mail. Despite inflation in China
postal rates have been little af-
fected and now are on a par
with Canada.

Mr. Chang, who specializes in
equipment and supplies, praised
the Canadian postal system for
its economic and efficient meth-
ods.
"Canada, which manufactures
more paper than any country in
the world, has the most effec-
tive way of conserving paper in
the post office that we've seen,"
said Mr. Chang.
The Chinese officials expressed
gratitude and appreciation for
the co-operation extended
to them by Canadian postal au-
thorities.

**Hotel...
arrivals**

Aunt Alice never buttoned her boots!

1. Aunt Alice was proud as a peacock of those buttoned boots she bought for Easter 1898, but she just couldn't take time to button them in the morning when she knew that grand-tasting new cereal Grape-Nuts, was waiting downstairs.
2. Aunt Alice's all over Canada today flash a double chuckle as they slip into their sling pumps and head for that same glorious flavor in curly, golden-brown POST'S GRAPE-NUTS FLAKES, as well as the grand old familiar crisp, chewy Post's Grape-Nuts.
3. Today's Aunt Alices find the same good nourishment, too. Carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials. All from two golden grains—wheat and malted barley—skillfully blended, baked and toasted.
4. Take a tip from your grocer and try delicious, nourishing ready-to-eat Post's Grape-Nuts Flakes. They're remarkably easy to digest. Both regular and giant economy packages carry recipes for ways to include Post's Grape-Nuts Flakes in cookies and other good things.

SAVOY TAKES EASY VICTORY FROM MOOSE

Moose turned in a wearier-than-usual performance at Roosevelt Park last night to capture for themselves five straight losses and maintain a firm grip on cellar position in the baseball league when they fell by a score of 13-2 against league-leading Savoy in six error-filled innings which left the fans somewhat bemused.

However, Savoy's performance offered little justification for applause, either. Generally, the game was conceded to be the poorest that the league has put up this season. There were, however, occasional breaks of what might be called baseball.

Moose's actual defeat took place in the second inning when they gave way to a spasm of fielding errors which combined with four hits and one walk to net Savoy eight runs, Moose staggering through four scoreless innings before they counted a run, then brought in a walk in the fifth and sixth innings.

Savoy's fielding was almost up to its usual sharp standard, showing up at its best in an Arney-to-Davis double play in the third which tagged Cooney being forced to second and Kurdzell driving for first.

Savoy moundsman Don MacDonald was relieved of his pitching worries half way through the final sixth inning when he got slightly upset over several close decisions, and was replaced for the last few minutes of the game by Alex Bill. MacDonald allowed two hits and issued nine walks, several by virtue of the fact that the ball bounced off the batters' anatomy. Savoy garnered 12 hits off Moose pitcher Hector McKinnon.

Boyo Gurvich went into left field in the fourth and Bob Vukovich went to third place to replace Bruce Simundson who took over Walter Johnson's position as shortstop when Johnson left the game. Scoop Bury replaced Pete Postuk as catcher in the sixth. There were no changes in the Moose line-up.

The scoring:
Savoy 2 3 0 0 0 3
Moose 0 0 0 0 1 1

ON HOT DAYS
It helps to keep regular with
ABBEY'S
EFFERVESCENT SALT

SHORT SPORT

A Nigerian prince who sprints with the grace of a panther and leaps with the ease of an antelope is Northern Ireland's "black hope" for world track honors. Adebeyega F. Adedoyin on the records of Queen's University at Belfast—fellow students shorten it to "Adey"—the slender, six-foot African already is in the front rank of Britain's high jumpers and means to seek wider recognition "if medical studies permit."

This 23-year-old son of the Oka Akarigbo (king) of Ijebu-Remo, a British protectorate, jumped six feet four inches recently—seven inches short of the world mark set by Les Steers (U.S.A.) in 1941. "I feel I am going to improve," he says in faultless English. "I have been selected on the British team to meet Holland at Antwerp and on the team to oppose France at London. But my ultimate goal is the world record, though it is a long way off yet."

The cheerful, almost cherubic "Adey" dislikes being called "Prince." His study, however, is furnished in princely fashion, setting off his growing collection of cups and medals. Before breaking a ten-year record with his six feet one inch jump in the British Universities championships this spring, Adey had set a college record of 23 feet four inches in the broad jump and another of 44 feet 10 inches in the hop, step and jump. He also is a near-champion hurdler and does well in spring events.

One of "many" children, as he puts it, Adey dreamed one night, back in Africa, that he could jump as high as other people pole-vaulted. The memory boosted his spirits in a prep school meet next day: "I jumped as I had never done before." As a younger son, Adey will not succeed his father on the throne. He plans to practice medicine in the British Isles for a short time after completing his studies in about three years and then he will return home.

HARD WORK A FACTOR
HARROGATE, Eng. (C)—Hard work and total abstinence make for long life and happiness, said Mr. and Mrs. Joseph Lister as they celebrated their 72nd wedding anniversary.

TWICKENHAM, England (C)—Advertisement in local paper: "Will exchange bottle of whisky for strawberries, raspberries, both controlled price."

Today in Sports

GIRLS PLAY SNAPPY BALL

Macey's Win from Moose 7-4 and Kinettes from Whirlwinds 14-3

Macey's won from Moose in the first of last evening's Girls' Fastball League double-header at Gyro Park but had to go all out for their win. Maresa Windle yielded only 8 hits, struck out 4 and walked 7. Betty Hamilton allowed 12 hits but struck out 7 and gave only two walks.

The fielding of Macey's was not up to usual standard. Thain was guilty of three errors, and even the Hamilton sister combination got their signals mixed once. Thain hit a two-bagger.

Moose team played hard and fielded well. Wilson had four hits and Hintz three. The latter included a two-bagger. June Dickens caught for the Moose team. Ritchie brought off a good catch at first.

Teams:
Macey's — North, Thain, J. Thornton, B. Hamilton, Kennedy, A. Hamilton, L. Thornton, Usiek, Hitchens.

Moose — Dickens, Bellamy, Bond, Erickson, Wilson, Windle, Falardeau, Ritchie, Hintz.

Box score:
Macey's— AB H R
North 4 3 2
Thain 4 2 1
J. Thornton 4 0 0
B. Hamilton 4 1 0
Kennedy 4 0 1
A. Hamilton 3 0 2

Windle 4 0 0
Falardeau 4 1 1
Ritchie 4 1 1
Hintz 3 3 2
35 12 5

Kinettes Outthit Whirlwinds

The game was even for the first four innings but Kinettes went on a scoring spree in the fifth and sixth innings to register an easy win over Whirlwinds.

Collecting 12 hits and five runs off Armstrong and then 6 hits and nine runs off Duffus the Kinettes batted all round in their last two innings. Diederickson hit a two-bagger and did some fast base-running. Sandhals, Berg and L. Barbe had three hits each while Hart hit two two-baggers as well as bringing off a difficult catch. Blain also hit a two-bagger. Bussey gave up seven hits, struck out three and walked two.

For the whirlwinds Duffus hit a two-bagger. Armstrong was fast on the bases but the team was weak in hitting. Johnston coming in for Cowgill in the fourth scored in the sixth.

Box score:
Kinettes— AB H R
Barbe 5 3 3
Bussey 5 2 2
Hart 5 2 0
Payne 4 0 0
Blain 4 2 3
Diederickson 4 2 3

20 YEARS AGO

RUPERT SPORT

July 24, 1926
In the second football game between H.M.S. Curlew and the Prince Rupert city team the locals defeated the visitors by 2-1. The Navy scored first but goals by Sam Currie and Norington put the city team ahead. The city was represented by the following: A. Murray; Halg, Vic Menzies; G. Mitchell, Sam Currie, Pat O'Donnell; Russell, Johnson, Dickens, W. Mitchell, Norington.

Poli Howard and Miss Pete Tremayne won the mixed doubles in the city tennis championship by defeating Col. and Mrs. McMordie, 3-6, 6-3. In the final of the men's singles for the championship A. H. Carmichael won from E. W. Marentette, 6-3, 6-2.

In trap shooting at the Prince Rupert Gun Club scores were: J. Scott, 23; E. C. Gibbons, 29; J. Keefe, 19; J. Taylor, 17.

July 25—Kinettes vs. Moose, Macey's vs. Whirlwinds.
July 26—Whirlwinds vs. Moose, Kinettes vs. Macey's.

BALL SCARCITY HITS LEAGUE

A scarcity of baseballs has hit the local sport league and has caused the cancellation of Thursday night's scheduled encounter between Moose and Watts & Nickerson. What balls the league has, officials say, will be carefully hoarded for the games Sunday afternoon with the visiting Navy teams.

The shortage, baseball officials explain, is not merely local but is nationwide and efforts to obtain balls in Vancouver have been unavailing.

In order to regain possession of baseballs which have strayed the league is offering 25 cents for each lost ball returned and is appealing to any boys who might have any to turn them over to George Murray, league vice-president.

HERDGERLY DEAN, Buckinghamshire, England (C)—Houses in this village 25 miles from London are still lit by oil.

EX-NAVY MEN TAKE CHALLENGE

Will Compete in Whaler Race On Thursday Evening.

The challenge to "all-comers" issued by the crack whaler crew of H.M.C.S. Uganda has been accepted by ex-navy men in the city and a crew has been entered in this competition which will take place Thursday evening instead of afternoon. The local crew will be composed as follows: George Yule, Pete Johnson, Gerry Woodside, Lawrence Hankinson, Gordon Dell, Jack Breen, Gordon Calderwood.

THESE ARE THE VISITING WARSHIPS

H.M.C.S. CRESCENT—One of Canada's largest and most modern destroyers, H.M.C.S. Crescent is welcomed here for a second time. Her last visit here was early in May when she called in the course of a cadet training cruise. Commander is Capt. P. C. Nixon and the personnel numbers upwards of one hundred officers and men. Completed last year at Clydebank, Crescent is one of the new British Class destroyers and was transferred to the Canadian Navy on completion. She is 363 feet in length and her armament includes four 4.7-inch guns, five anti-aircraft guns and quadruple torpedo tubes. Lieut. Inge Valen of Prince Rupert is one of the navigating officers.

H.M.C.S. UGANDA—Initial visit of H.M.C.S. Uganda to Prince Rupert marks the first time that a Canadian cruiser has been in the port of Prince Rupert since the days of the old H.M.C.S. Rainbow nearly thirty years ago. Trim and speedy bristling fortress of the sea, Uganda is 556.6 feet in length and has a complement of 684 officers and men. She was built on the River Tyne (Armstrong-Vickers) and completed in January 1943, being commissioned to the Royal Canadian Navy October 1944. Commanded by Capt. K. F. Adams, who only re-

cently took over the ship, H.M.C.S. Uganda a short time ago returned to her base at Esquimalt from a cruise around Cape Horn to the Atlantic Coast. Her armament includes nine six-inch guns, eight 4-inch anti-aircraft guns and six 21-inch torpedo tubes. She is a sister ship of H.M.S. Ceylon and H.M.S. Newfoundland of the Royal Navy. Warrant Officer Patrick Palmer of Prince Rupert is a signals officer on Uganda.

KIN CAMPERS LEAVE SUNDAY

The second group of boys to go to the Kinsmen Club's summer camp at Lake Lakelse will leave the city at 7:30 Sunday morning to spend two weeks of outdoor life. The boys will leave by bus which will return with the 20 boys who have been at the camp for the last two weeks.

According to camp committee chairman R. E. Montador, the boys are being asked to meet at the Civic Centre Sunday morning. Those who have not yet arranged for ration coupons and medical certificates should contact Mr. Montador as soon as possible.

Those who will leave Sunday are Paul Brentzen, Ralph Deans, Robert Dunn, Fred Dunn, Neil Forman, James Holt, Clifford Johnson, Chester Miller, John Newton, Gordon Osterberg, Robert Pedersen, Roy Pedersen, Albert Peterson, Elvin Phillips, Earl Wingham, Darrel Young, Arthur Turcotte, Edward Olsen, Morris Trudeau, Robert Williamson.

Modern Etiquette

By ROBERTA LEE

Q. Is it all right for parents to discuss their children with others, repeating humorous stories about them, and the like?

A. No; parents who do this become bores.

Q. Does it show good taste to use slang expressions?

A. No; it is not necessary and does not indicate the best manners; it is considered vulgar by some people.

Q. Isn't it ill-bred to discuss domestic affairs when in public?

A. It is very ill-bred to do so.

MOURNS NYLONS NOT FUR COAT

NEW YORK ©—Recovery of a stolen Persian lamb coat, a \$25 pair of shoes and several suits and dresses failed to appease Louise Kingsley, 25, of New York, whose apartment been robbed while she was in Florida.

"I don't care about those other things," she exclaimed to the police. "I want those four pairs of nylon stockings back and I intend to get them!"

WEMYSS, Scotland ©—Grace Helen, Countess of Wemyss, left \$10,280 (\$41,120) and a pekinese to her maid.

MEN'S STYLES ARE DAZZLING

Bright-Hued Shirts Vie With Brecks in Peach And Blue

TORONTO ©—No man would deny that the current shortage of white shirts is a headache in some respects, but he will probably admit that it provides him with an alibi. Because of it there is no legitimate reason why he should not indulge in shirts of dazzling colors.

The 1946 businessman now can kick over the conservative clothing traces—a hangover of Queen Victoria's day—and respond to man's age-old instinct to flaunt a flock of bright-hued colors. In fact, fashion decrees that he should.

"The instinct to splurge on highly colored finery was always dominant in the male right up to the days of Queen Victoria," Prof. C. M. Hart, University of Toronto sociologist, says. "Then during her reign people toned things down and tried to look respectable."

It's only now in 1946 that we're recovering from this submergence of natural instinct. "The way color is coming back into men's fashions," says Prof. Hart, "is an indication of the slow emergence of the western world from the shadow of Victorianism."

Fashion experts now are looking forward to a clothing renaissance, possibly to a return of the regency period when men "strutted around like peacocks." And with this in mind manufacturers currently are producing men's trousers in soft shades of peach and blue. All that is needed now is a 20th century Beau Brummel to make the fashion click.

Australia Considers Reducing Voting Age

CANBERRA, ©—There is talk here that the Australian voting may be reduced to 18 after this year's general election. During the war servicemen and women of that age were allowed to vote. Other reports say there may be redistribution of federal seats after a census projected for 1947 and that the number of seats in the Federal House of Representatives, which corresponds to the Canadian Commons, may be increased from 75 to about 90.

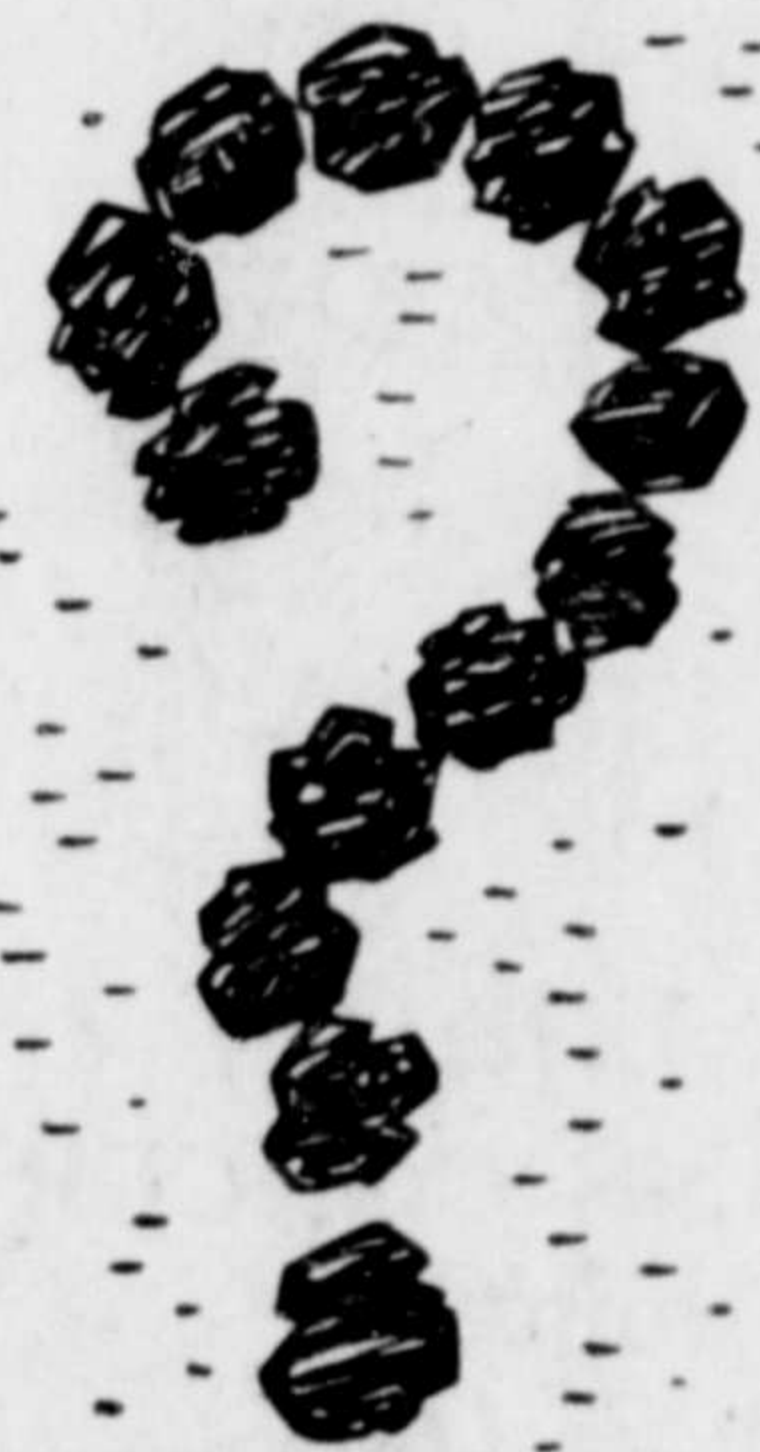

Men's Wear Stores Talk Early Hours

Suggestion is being heard among local men's wear merchants to open up stores at 8:30 in the mornings instead of 9 a.m. as at present and close half an hour earlier at 5:30 instead of 6 p.m. Some of the haberdashers observe a speeding up in the business trend.

LONDON ©—Walter Headley, D.S.O., K.C., has retired after 20 years as Metropolitan police magistrate at Marylebone.

peach and blue. All that is needed now is a 20th century Beau Brummel to make the fashion click.
