

An independent daily newspaper devoted to the up- building of Prince Rupert and all the communities comprising northern and central British Columbia.  
Published every afternoon except Sunday by Prince Rupert Daily News Limited, Third Avenue, Prince Rupert, British Columbia.  
G. A. HUNTER, Managing Editor.  
H. G. PERRY, Managing Director.

MEMBER  
A.B.C.

MYSTERY OF DRY DOCK

THE INFORMATION, as elicited in Parliament by the Member for Skeena, that the long standing and substantial annual grant to the Prince Rupert Dry Dock has been discontinued, coming close to, the heels of the announcement by the President of the Canadian National Railways that the yard is available neither for purchase or lease, tends only to increase the speculation as to what the future may hold for the local shipyard.  
Certainly, there is no inkling as to what may be the policy of the railway company or the federal government—if indeed there is a policy. It is difficult to believe that there is no plan. Possibly, on the other hand, there is justification in assuming that the dry dock as well as the other great port facilities and services here will yet fit into some broad program for the development of this part of the world. If such program there be, it is certainly still a well-guarded secret the dis-

closure of which we will await patiently.

But, if they do wait, and at some times not so patiently, the people of Prince Rupert are anxious to do anything they can in the way of furthering development along this line.

DUSTY THIRD AVENUE

THE SUMMER is passing and speedier action is hoped for in completing the rebuilding of Third Avenue between McBride Street and First Street where billowing clouds of dust roll every time a car passes—dust which a local medical man told the Chamber of Commerce last week was a definite menace to health.

Various explanations have been made as to why so little has been done in the meantime but it is to be hoped the full action will be taken soon. One of these days the weather will change and it may not be possible to work on account of rain.

Ald. Cliff Ham seems to have had his ears properly pinned back at last night's council meeting when he protested vigorously at the present condition of city streets. He may at least have the comfort of knowing that his sentiments regarding the condition of the streets are held by a large proportion of the people of the city who, valid as the reasons may be for slow action, are becoming very impatient over the rocks on the roads and the dust in their noses.

PRINCESS VISITS THE VANGUARD—The crew of the H.M.S. Vanguard, Britain's latest and greatest battleship, crowd every available vantage point to watch the departure of her Royal Highness Princess Elizabeth. The Princess had witnessed commissioning of the ship and dedication of the chapel.

OFFICE BOY HAD ANSWER

By ENID NEMY  
Canadian Press Staff Writer  
WINNIPEG. Ⓢ—It doesn't pay to tell a lie—take it from one who knows.  
Several days ago a girl reporter was looking out of the office window. Suddenly her editor roared: "Whaddya think you're doing—studying astronomy?"  
"No, I'm trying to cure myself of a phobia—a fear of heights—you know, what's it called?"  
"What is it called?"  
"I can't remember."  
"Well, find out—what kind of a reporter are you?"  
First she asked her co-workers. They all knew it but she then she queried news writers and editors of the city's two dailies. She left them spluttering over dictionaries, books of synonyms and Roget's Thesaurus. Finally, she started dialing. A psychology professor had it at the tip of her tongue, but that was as far as it went. A social service executive couldn't think of it but said he'd look through his library.  
Then came the inspiration—radio announcers. They claim to know everything. She visited three radio stations and queried everyone from the news editor to the control operator. They didn't know but they also started phoning—friends, relatives and mere acquaintances.  
The reporter, slightly haggard by this time, returned to her office. Toronto was queried, but didn't know. New York at least

Anglican-United Pastor Exchange

TORONTO — The committee working on union between the United Church and the Anglican Church in Canada has announced plans for an exchange of pastors in smaller areas as a preliminary move. It would take two or three years to make any definite plan, the committee said.

Better English

By D. C. WILLIAMS  
1. What is wrong with this sentence? "I shall be home Saturday."  
2. What is the correct pronunciation of "adverse"?  
3. Which one of these words is misspelled? Raccoon, ragged, radish, rabbit.  
4. What does the word "perimeter" mean?  
5. What is a word beginning with imp that means "immature"?  
Answers  
1. Say, "I shall be at home Saturday". 2. Accent first syllable, not the last. 3. Radish. The whole outer boundary of a body or figure. "One side of the square lot measured 50 feet. Its perimeter 200 feet." 5. Impuberal.  
came back with an answer—the wrong one—alophobia.  
She sat and gazed at the typewriter keys. The office boy strolled by. "What's bothering you kid?" he asked.  
She told him.  
"You mean Arcophobia," he said casually.

What City Council Did

Tenants of the Cow Bay subdivision are to be advised that the city is endeavouring to dispose of all land in that area and that present industrial occupiers be requested to indicate within a "reasonable time" their desire to purchase the property.  
Council last night empowered the finance committee to employ an appraiser to place the values of city-owned buildings and furnishings with a view to re-aligning the insurance values of the properties.

Mayor Daggett will be chairman of a meeting sponsored by the Unemployment Insurance Commission Veterans' Rehabilitation Branch in July at which films will be shown of the progress made by injured veterans on their road to useful occupations.

Council adopted a recommendation of the finance committee that an offer by J. W. Ratchford to purchase lot 12, Cow Bay subdivision, for \$1,200 be accepted, payment to be made \$200 cash and \$35 monthly.

A finance committee recommendation that funds up to \$12,000 be advanced to the school board to cover school expenditures for June was adopted by council last night.  
Finance committee reported the sale of the following city-owned lots: West half lot 8, block 11, section 1 to N. A. S. Pett for \$215; lots 21, 22 and 23, block 25, section 8 to M. F. Stuart for \$165 per lot; lots 10 and 11, block 4, section 2 to R. E. Roberts for \$580; lot 6, block 1, section 6 to A. W. Bellamy and A. K. Tweed for \$1,055.  
Alderman N. E. Arnold was elected acting mayor by her fellow aldermen last night during the forthcoming absence of Mayor Daggett who is going to Vancouver a week Thursday to attend the annual convention of the Canadian Federation of Mayors and Municipalities.  
An application by the Parent Teachers' Association to hold a tag day in October was granted by city council. October 5 was the date set by the aldermen.  
A report of the licensing committee stating that three business licences had been granted was received by council. Licences were granted to Cecil Hemmens to operate a wood fuel business; Hemmens Brothers to operate a roller rink and to R. W. Vick to retail oil burners.  
SOUTHEND, Eng., Ⓢ—Because men's knees were too knobby, girls were chosen as Roman soldiers in a church pageant.

POST OFFICE COMPLAINT FILED

A complaint by C. F. Dawson of the federal Public Works Department that bus patrons crowding the Federal Building steps in the early mornings made it necessary to keep the post office doors closed until 7:45 in the morning and that the steps of the building are left littered with papers and cigarette stubs was ordered filed by city council last night after the aldermen had declared the matter beyond their jurisdiction.  
"We have no power to keep anyone off the post office steps or to make the bus company change its stopping place," Alderman Hills said.

ARBITRATION IS UNDER WAY

Board to Set Price of Civic Centre Convenes Here This Afternoon

Impressing those present with its obvious sense of responsibility and business-like procedure, the Board of Arbitration appointed to make a binding decision as to the price to be paid to the federal government for the former National War Services building here which is already in use as a civic centre convened this afternoon in the board room of the Civic Centre.  
H. G. T. Perry, J.P., of Prince George, former Minister of Education, who had been selected as third member by both representatives—Hiram Wooster of

Vancouver, representing the government, and J. T. Harvey, the Civic Centre Association—was in the chair. He announced that the hearings would be open to the public and press but the deliberations of the Board would be private.  
The Chairman then read the agreement between the Department of National Defence and the Prince Rupert Civic Centre Association which formed the order of reference to the Board of Arbitrators. The Board has power to subpoena witnesses and to require the production of any documents and information deemed necessary.  
Among representatives of the Civic Centre called upon to make remarks were T. N. Youngs, chairman of the Prince Rupert Civic Centre Association; Dr. R. G. Large, vice-chairman; Ald.

DINING CAR SUP'T NAMED

WINNIPEG—The appointment of U. J. Mangan, as acting superintendent, dining car department, western region, is announced by the Canadian National Railways. He succeeds W. A. McDonald who is on leave of absence, result of illness. Mr. Mangan was formerly sleeping and dining car superintendent at Edmonton. Succeeding him in Edmonton is H. Coley who has been assistant superintendent there.

**THE RCAF HAS OPENINGS FOR ... RADAR AND RADIO MEN**  
THE JOB: "Signals and communications"—the nerve-system of the Air Force. Training courses cover the latest developments in radar, radio, wireless and telephony, producing expert operators and mechanics in each field. Service or civil experience in any branch of communications can mean immediate advancement in "trade grouping" and hence in pay. Applicants should normally possess junior matriculation or its equivalent in technical school or a recognized school of commerce.  
PREVIOUS TRADE EXPERIENCE is not essential. Individual trades include wireless operator, wireless mechanic, radar mechanic, radio mechanic, radio operator (ground) and six telephone trades: cable, combination, construction, switchboard, teletype and toll. There are openings also in many other ground trades.  
THE PAY: Basic pay plus living allowances for non-commissioned ranks runs from \$95 monthly for Aircraftman Class 2 to \$188 for Warrant Officer Class 1; extra pay for trade proficiency and increased pay after three years in any rank; marriage allowance of \$20 a month; free uniform clothing and medical and dental service.  
THE PENSION: A lifetime income on discharge after 20 years' or more service; pensions or gratuities in the event of prior discharge on medical grounds, and pensions or gratuities to widows or children in the event of death while on service.  
VETERANS' PREFERENCE: As among applicants, war veterans applying for reappointment will receive preference, and if accepted will be reappointed to the ranks they held at the time of their discharge, or to the nearest ranks which establishment permits; and their prior service will be a factor in promotion and pension.  
TERMS OF SERVICE: Applicants without previous service must be over 18 and under 26. Good conduct, satisfactory medical category and educational qualifications will enable applicants to enlist in Regular Air Force for five years and re-engage thereafter for further five-year terms.  
WHERE TO APPLY: Applications should be made to Western Air Command, RCAF, Joint Services Headquarters, 4th Avenue West, Vancouver, B.C.

## PROGRESS AT ANYOX

Steady progress is being made by B.C. Minerals and Resources Development Co. toward building up production of pig iron at the Anyox property formerly operated as a smelter by Granby Consolidated.

President David S. Tait announces that production of pig iron and cast iron pipe will be under way within a year, using ores from Texada Island, which will also supply the limestone.

The Tait group bought the Anyox townsite from Consolidated Mining & Smelting Co., which purchased it from Granby soon after the latter company shut down its operations there. The powerhouse has been reconditioned and bunkhouses built.

The new company, financed by the same interests which backed Privateer Mine, also headed by Tait, expects to meet most of the requirements of British Columbia foundries for pig iron and to manufacture cast iron water pipe on an extensive scale.

The company has an option on iron ore claims on Texada Island, owned by Puget Sound Iron Co. of San Francisco, and ore was taken from there some 35 years ago. Three large limestone quarries have been opened up and a capacity of 2,000 tons a year for 20 years is estimated.

## NO MONEY IN SELLING MEAT

"There is no money in the retail meat business these days," complained a local butcher this morning as he emphasized that recent ceiling increases in meat prices were applicable to wholesale and not retail prices. It had been reported, he said, that there had been increases of up to 3c in the wholesale whereas these increases were actually up to 5c which had to be absorbed by the retailer.

## TAKU MINE RESUMING

Mill at Northern Property Expected to be Running Again by End of June

With the crew at the mine now more than 80 and with additional men going north by each boat, Taku River Gold Mines anticipates its mill will be in operation again before the end of June with a full crew.

Dewatering of three levels below the main haulage way is now in progress. Development of the lower-most level, which had been commenced only a short time before the shutdown, disclosed mining phases of greater width and higher grade than at

the higher horizons, it is stated.

When the operation was suspended in 1942, because of the labor shortage and the commandeering of shipping facilities by the United States government, ore reserves were estimated to exceed 300,000 tons. President W. B. Milner, states that some 30,000 tons of this is broken and ready for treatment. Taku River has been assured delivery of a new steel tugboat and five new steel barges this month. As the greater part of the haul will be within the territory of Alaska, the vessels will be placed under American registry.

The steamship Chilliwack has left Vancouver with more than 400 tons of freight to be delivered to the mine. A recently purchased new Symons cone crusher has reached Seattle and is expected to reach the property some time this month.

## Your Spare Clothes... Blankets... Boots

are the answer to the great need of millions of men, women and children in shattered lands. Warm garments for folk of all ages . . . sturdy work clothing . . . all these are needed. Many are lying unused in your closets. Dig them out. Give them to the National Clothing Collection for Overseas Relief.

### North Star Bottling Works

## THE NEED

For Your Spare Clothing  
IS DESPERATE

In many parts of the world the aftermath of war is more terrible than war itself! Millions of innocent people, untouched by shot and shell, are now laid open to disease and suffering because of a shortage of clothing which even endangers their very lives. Give generously of all the clothing you can spare!

PRINCE RUPERT FISHERMEN'S  
CO-OPERATIVE ASSOCIATION

## What YOU can Do!!

GET TOGETHER ALL THE CLOTHING YOU CAN SPARE! TAKE IT TO YOUR NEAREST COLLECTION DEPOT. REMEMBER, YOU CAN INCLUDE A SHORT PERSONAL MESSAGE WITH YOUR CONTRIBUTION.

**SOFTBALLERS WARMING UP**

Practice Game at Gyro Park Gives Fans Foretaste Of Season

It was just a practice game at Gyro Ball Park at McBride and Sixth last evening between 99 Taxi and Canadian Legion but it provided a large group of spectators with a foretaste of what may be expected in the fastball league this season. There should be a good season.

It was the first time for years that many of the players had appeared here. They had been in the services. They were bigger and some had a waistline that was more extensive than when they had last played as lads here. But they also showed that, in addition to learning what the army, air force or navy had to teach them to win the war, they had also learned some new tricks in fastball.

Of the old timers George Howe was as aggressive as ever. He can still hit and play hard. Minor Simonson introduced the odd bunt and brought off a notable catch. Dell had a nice two-bagger and Doug Kerr showed good form. Bob Moxley had lots of speed though his control was weak at times. Duncan as catcher showed class. Olsen did a good job of pitching and is a good prospect. Art Murray as catcher didn't miss a thing—at least not with his tongue. He was the same irrepressible Art, and he did get to first base.

There were some good catches made, and quite a number of ground balls went between players' feet, but these mistakes will be corrected with practice. The score? That didn't matter. The players got some kinks out of their systems and the spectators had lots of fun.

**SEES HITCHENS WINNER BY K.O. IN FIGHT CARD**

Baseball Scores  
American League  
Cleveland 5, Boston 10.  
Chicago 1, Philadelphia 0.  
Detroit 8, New York 3.  
St. Louis 6, Washington 2.  
National League  
Philadelphia 4, Chicago 1.  
Boston 3, Pittsburgh 5.  
Brooklyn 3, St. Louis 9.  
New York 2, Cincinnati 3.

According to Benny Windle, who has been training welter-weight Len Hitchens for his headline bout with Billy McDonald of Vancouver in the Legion's card Thursday night, the ex-army fighter is in top form and should have not too much trouble in overcoming any competition that might come up from the south.

Benny bases his confidence on Len's training progress which has brought him up to top form showing fast footwork and a dangerous right.

"He's a hard hitter and his footwork's good," Benny confided. "Anybody that thinks the Vancouver boy has better than an even chance is mistaken. This boy's right on the beam."

Benny, who knows boxing from the ring centre to the dressing room, figures he can spot a fighter. He has Hitchens marked for an early win, possibly by a knockout.

After watching 147-pound Hitchens knock down his 180-pound sparring partner during last night's work-out, trainer Windle made an ineffective grab for a bundle of superlatives. The sparring partner, incidentally, was no slouch.

"He's good," said Benny gleefully. Which practically puts the fight on ice. Except, of course, for a slight matter of five two-minute rounds.

Local sports gathered around the C.N.R. wharf this afternoon to witness the arrival of Billy McDonald and his trainer Harry Miller, who, it is rumored, are also somewhat competent.

**TERRACE WINS BASEBALL GAME**

TERRACE — The hard ball game with Hazelton on Sunday afternoon left the Terrace Tigers still unbeaten. Score was 11 to 10. A large crowd of hardball fans were present and their cheering could be heard all over town.

During the first half of the game, there was considerable anxiety on the part of the Terrace players for it looked very much as if the Hazelton team was going to win. The Terrace players got to work in deadly earnest during the last innings with the result that the final score was just enough to put them in the lead.

The game was a close one with some fine playing by members of both teams.

**THIS AND THAT**

LONDON, (P) — Once more judges at London's Old Bailey enter court carrying nosegays. The custom, introduced in the days of crowded, dirty jails, was abandoned during the war.

DRYBROOK, Eng. (P) — Because of the general food shortage, church workers have been told by their vicar to "cut summer fete refreshments to tea and a bun."

CHESTER, Eng. (P) — A passenger train held up recently by a 52-wagon goods train unable to climb a gradient south of Runcorn, pushed it over the rise.

**SHORT SPORT**

By JACK HOLDSWORTH  
Canadian Press Staff Writer

A sports boom is developing in Australia. Horse-racing has already broken many records this year, and looks like breaking more. Totalisator turnover at a recent one-day Sydney track meeting was the heaviest ever known, and nearly three times greater than before the war. A crowd of about 73,000 invested about \$850,000 on seven races. Track attendances have also created new records, while increases in turn prizes have made racing more profitable than ever before. The Melbourne Cup, Australia's racing classic, now is worth about \$40,000, and prizes ranging from \$8,000 to \$20,000 are offered in Sydney and Brisbane for individual races.

LONDON, (P) — Because they consider "scavenger" a degrading name, members of Staines district council have decided to call their road cleaners "street orderlies."

## STEWART NEWS

**Latest from Portland Canal Mining Centre**

### FEELS OVER STRIKE SITUATION; MUCH ACTIVITY IN REAL ESTATE

There had been some nervousness that a projected strike of the miners might extend to the Portland Canal district, affecting more especially the Premier mine. However, there now seems to be a feeling of confidence that it may be settled before being actually precipitated. A strike would be a serious blow for this camp as it is just about to embark on what is expected to be a new era of activity and prosperity.

There has been considerable activity recently in the transfer of real estate in Stewart. One of the most recent deals was the purchase by J. O. LeFrançois of Montreal of the two-storey garage building on Fifth Street from Mrs. Kasper, now of Prince Rupert.

Most of the machinery and equipment having now been delivered in the spectacular transportation undertaking over Salmon River glacier, work is now proceeding on the Salmon Gold property, far up the Salmon River valley. Another large compressor arrived on the last boat enroute to the property and another tractor has also been delivered. Evan Harris is directing operations.

The Crawford Transfer Company is putting in a hardware department and has carpenters, painters and decorators busily engaged making the necessary alterations to the premises. Mr. Crawford has also purchased the Dann property on the corner of Columbia and Fourth Streets.

The weather has been very warm, not to say hot, with the thermometer registering 80 degrees in the shade, however the evenings are cool.

### VENTILATING STEWART MINE

**STEWART**—Ventilating equipment for the Gold Drop Mines Limited arrived last week on the Catala and was transported to the Marmot River by Ernie Lewis where it has now been installed at the property with excellent results. Development on this property has been held up somewhat owing to bad air, however, with this new installation the management expects to make rapid progress from now on.

The annual meeting of the Stewart Board of Trade was held on Thursday last in the Union Hall. W. R. Tooth, chairman of the village commissioners, presided over the meeting with A. Russworm, secretary. In a few brief remarks Mr. Tooth wel-

### VISIONS OF HEAVEN

As I entered that beautiful city,  
With Jesus my Captain and King,  
I joined with the angels in singing  
Hallelujahs, that made Heaven ring.

I walked through the golden pathways,  
I drank at life's fountain so deep,  
The wonders that spread out before me  
Stirred my soul and made my heart leap.

Flowers bloomed in profusion about me,  
The scent from them filling the air,  
The trees cast their shade all around me  
The land was most wonderfully fair.

I gazed on the face of the Father,  
And bowing me low I cried,  
For all this dear Father I thank thee  
Oh, let me come close to Thy side.

Dear Father I thank thee for Jesus,  
Who cleansed me and rescued me sure,  
That I might enjoy life eternal  
In a world clean, peaceful and pure.

—MRS. C. W. ALGER.

In memory of Mrs. Geo. Best,  
who passed to her rest on May 20th, 1946.

### LINING UP MINE WORK

**Big Program to be Undertaken in Silverado and Other Properties**

**STEWART**—The Big Four Mining Company, which has taken over the interests of the Arrow Silver Mines Limited in the Silverado, Prosperity and Porter Idaho consolidation, have been very active during the past week getting their camps in shape and transporting supplies to the property. Engineer and manager of the new company is Canadian born Russell Palmer who recently returned from South Africa where he has been located for the past 10 years. He and his family have taken up residence in the Coughlan house on Victoria Street.

John Rochfort and L. S. Davidson, who are both well known in this district, arrived in Stewart last week to consult with the engineer in charge and outline the course of development for the property. Mr. Rochfort and Mr. Davidson are directors of the company. The various properties were visited, Dunwell as well as others. Work will be concentrated meanwhile on Silverado.

Owen McFadden has the contract for packing supplies into the Big Four property.

The inclusion of a sports section in daily newspapers, now considered an essential by many readers, was the cause of Cicero, a Roman Senator, cancelling his subscription to a news-letter in the year 51 B.C.
