## Economy Program Success

**DRIVE TO PUT** Canada's budget back on a balanced basis after 16 years of deficit financing highlighted the Dominion government's fiscal program during 1946.

The government slashed at expenditures, reduced taxes, unsuccessfully sought new taxation agreements with all the provinces, and generally tried to put finances back on a peacetime footing following the six costly years of war. To parry inflationary pressures from the outside it raised the Canadian dollar to parity with that of the United States.

As the year end approaches, government officials say the indications of success in the economy drive are encouraging. In the first five months of the fiscal year ending March 31, 1947, revenues amounted to \$1,147,712,699 and expenditures to \$1,069,727,371, leaving a surplus of \$151,000,000.

While the officials said they did not expect that the trend would be as good for the remainder of the year, there are indications that the financial position would be better than originally estimated.

When Finance Minister Ilsley presented his budget in June he estimated that the deficit on the year's operations would run between \$260,000,000 and \$300,000,000. With the supplementary estimates tabled some months after the budget, the year's expenditures were estimated at \$2,911,994,111, a reduction of \$1,738,546,534.

When the first half of the fiscal year had passed, Mr. Ilsley said expenditures were running much lower than anticipated and that he expected to wind up the year in much better position than he originally thought possible.

The federal budget has not been balanced since 1930 when expenditures brought on by depression started. These expenditures were followed by the war expenditures.

The country's net debt rose from \$2,177,763,959 in 1930 to \$3,101,667,570 in 1938. Then came the war and the debt skyrocketed from \$3,152,559,314 in 1939 to \$11,298,362,018 in 1945. The per capita debt in 1930 was \$213 and in 1945 it stood at \$932.

The increase in the debt occurred despite the record breaking revenue from personal income and other taxes. Taxes and borrowings from the public through victory loans were used to meet a large part of the war expenditures.

When the war ended the government agreed to requests for establishment of a peacetime bond issue that could be purchased on the payroll savings plan used in victory loan campaigns.

The first issue of the peacetime bonds—named Canada Savings bonds—were put on the market in mid-October and in the first month sales totalled close to \$500,000,000.

These purchases were made before the benefit of tax reductions announced in the budget came into effect. In the 1945-46 budget income tax rates were cut by a flat 16 per cent. In this year's budget Mr. Ilsley announced a raising of exemptions and increased allowances for dependents, to become effective as from Jan. 1, 1947. The move, he said, would remove between 550,000 and 600,000 persons off the income tax paying lists.

The exemptions for single persons were raised from \$660 to \$750 and for married persons from \$1,200 to \$1,500. Under the plan of exemptions for dependents, a flat \$300 will be allowed for dependents over 16. A reduction of \$100 for each child under 16 will be allowed along with receipts from family allowances which amount to approximately \$72 annually per child. Previously an exemption of \$108 was allowed for each dependent, regardless of age.

**What of the Newsboy?**

YESTERDAY'S transportation services were generally suspended on account of the almost impossible conditions for traffic in the streets. You were not able to get your groceries. Fuel transportation facilities were tied up. The buses failed to run. In short, there was almost a transportation tie-up. It was foot-slogging for the most of us and tough at that.

But the News delivery boys carried on and, in spite of the trying condition of the streets, the most of our subscribers got their papers because the boys stuck to it in spite of all the difficulties they had to put up with in getting through to some of their customers.

We are proud of our delivery boys. By and large, they are doing a good job. In season and out. Your newspaper only costs you a few cents but these dark evenings, when the going is hard outside and one feels so tempted to pass up all engagements and stay by the warm fireside at home, you appreciate it all the more.

We hope that you, like we, appreciate the delivery boy

without whom all the work the rest of us do at the office would mean little to you, our readers, if the lads were daunted by the sloop and the slush, the wind and the rain, and failed to get the paper through.

## HIGH SCHOOL PLAYS CHARM

Audience Repaid With Delightful Entertainment Last Night

An audience of between 150 and 200 "first nighters" were pleasantly rewarded for their hardihood in braving slushy streets when they attended the Booth Memorial High School plays in the school auditorium last night. The three plays, directed by members of the teaching staff and played by the students, provided two hours of comedy which will be repeated in the auditorium tonight.

The first play, "Wanted—A Housekeeper", directed by G. Aubrey Bate was a hilarious comedy of two elderly farm bachelors and their troubles in engaging a housekeeper.

Conflict between the good old-fashioned way and the psychologist's idealistic way of bringing up children provided the plot for the second play, "Child Psychology." The play provided much good humor and action, as the psychologist, after trying the principles of the famous master, is forced to use not her heart but her hand to encourage the unfolding personalities of several children left in her charge.

The "Potboiler", a semi-melodrama, depicted a play within a play. As the playwright rehearsed his latest production, his actors provided the audience with thrills and comedy.

Following the plays, there was a period of Christmas Carol singing by the Booth girls' choir under direction of J. Vogt.

The evening was opened with introductory remarks by Principal W. W. C. O'Neill in which he welcomed the audience and expressed appreciation to those who had assisted in the productions and to the students who took part.

Stage management was under direction of James Clark, assisted by A. Hardwick and K. Pugsley. G. Aubrey Bate was in charge of make-up. Stage and property painting was by Mr. Bate, Barrie Glass, Shari Ingalls and Herbert Amos. Property construction was by the Grade Eleven "G" class under direction of Bob McChesney.

## FOOD PARCELS FOR EUROPE

Breen Melvin Here On Organization Trip

On a cross-country tour in behalf of an organization with a jaw-breaking name but a heart-warming mission, Breen Melvin Canadian representative of the Co-operative for American Remittances to Europe, arrived last night in Prince Rupert where he is well known as a former Y.M.C.A. war worker.

Mr. Melvin explains the organization as a co-operative agency through which Canadians can send food parcels quickly and efficiently to relatives and friends in Europe and which during the last nine months has done much to supplement U.N. R.R.A.

He hopes to establish a remittance debt here as well as in other cities so that standard food parcels can be sent overseas. "Care," as the organization is known in abbreviation, has facilities in 11 European countries for transmitting food parcels.

Created in the United States nine months ago with the backing of scores of prominent organizations, including the American Red Cross, "Care" has already sent \$5,000,000 worth of parcels overseas, many from donors in Canada.

It was extended into Canada under sponsorship of the Co-operative League of Canada some four months ago. Mr. Melvin has been Canadian representative since November 1.

To send one of the standard food parcels to Europe, the donor remits an order form and \$10 to the Canadian "Care" office. The order is forwarded to New York, then overseas, where the parcel is taken from one of "Care's" depots and given to the recipient. The recipient signs a receipt a copy of which is returned to the donor, Mr. Melvin said.

"Distribution is handled through co-operatives in Poland, Finland and France, and by local agencies in other countries," he added.

Canadians have been sending quantities valued at \$10,000 weekly, he said, and it was this volume that inspired the decision to create a Canadian headquarters. The organization is registered under the War Charities Act and other regulations.

The parcels weigh 29 pounds, and contain a variety of foods sufficient for 30 meals, Mr. Mel-

## LIQUID CARGO FOR KETCHIKAN

A cargo of liquor, valued at more than \$30,000, was shipped to Ketchikan from Prince Rupert last night aboard the Alaska fish packer Sydney, which arrived here yesterday to unload frozen fish for transshipment to the eastern United States by rail. The liquor, consigned to Ketchikan dealers, arrived here by train at the weekend from Seattle and was composed of whiskeys, wines and beer. It was held here in bond until put aboard the Sydney. The cargo was composed of some 70 tons.

LONDON — A shortage of shillings is worrying bank cashiers who cannot meet all their customers' demands for the coins.

They are former American army "support" rations. The organization is experimenting with clothing parcels as well. Mr. Melvin is meeting interested local groups tonight with the idea of establishing a local remitting depot. He arrived here from his headquarters in Ottawa on last night's train and will leave Thursday night for Vancouver where he will spend Christmas.

COLD WAVE IN UNITED STATES

Snow and Wind Accompany General Sub-zero Temperature Throughout Country

CHICAGO — A cold wave moved into a large section of the United States yesterday and, as temperatures skidded below zero in many areas, forecasters promised colder weather in the immediate future. New falls of snow, ranging from a high of nine inches, and winds, reaching a velocity of 45 miles per hour, accompanied sub-zero temperatures in northern sections of Minnesota, Wisconsin and upper Michigan.

YORK, England — The city council has adopted the "closed-shop" principle for all city employees.

## GREENVILLE NATIVE FOLK, UNABLE TO BUY LUMBER, INSTAL OWN MILL

Native people of the Naas River village of Greenville, unable to purchase lumber in the ordinary market owing to shortage conditions, will cut their own and have just installed a 20,000-foot daily capacity mill. The plant is operated by the village council with Sam Tait as superintendent. Among the villagers

of Greenville requiring lumber are a number of young couples, some recently married, who desire to build homes for themselves.

Another village improvement reported by Johnson Russ, prominent Greenville community leader, who has been in the city for the past few days on pre-Christmas business, is the installation of a new power plant which furnishes alternating instead of direct current, thus enabling the use in the homes of all types of electrical appliances. The new diesel-powered plant has just been installed. Most of the Greenville houses are wired for electricity and there is a street lighting system there.

Mr. Russ is only one of a number of Greenville people who are on a visit to town. The others include Sam McKay, Victor McKay, Peter Calder and George Martin. They walked the three miles from Greenville to Fishery Bay on the Naas River ice and came on from there in the boats of Bertie Nelson and Bertie Barton.

There was two feet of snow at Greenville when they left there last Saturday. For some three weeks it was impossible to get the mail up to Greenville and Alyash because the river ice was not thick enough to carry the dog teams and at the same time the river was not navigable.

## FRANCOIS LAKE HELPS BRITONS

Members of the Francois Lake Women's Institute have been bringing clothing or foodstuff to each monthly meeting to be packed into parcels and sent to Bethnal Green Hospital, Cambridge Road, London, England.

The following is taken from a letter to Mrs. Partington, secretary of the Francois Lake Branch, from the Almoner of the Hospital:

"I wonder if you will realize quite how much pleasure your generous thought and action will give to some of the poorer families in Bethnal Green for, instead of being better off now that the war is over, we find that supplies are even more difficult and anything off the ration is a great thrill.

"The difficulty will be to find the most needy families for a

## Memorial at Burns Lake

BURNS LAKE—At a luncheon following the recent municipal election at which he was returned to the board of village commissioners of which he has been chairman for the past two years, Verne Taylor outlined some of the plans of the village commission for the future, most important being the immediate erection of a district war memorial building on a central lot immediately opposite the Turner store.

Various organizations in Burns Lake are uniting on the project. The Canadian Legion will use the top floor as a meeting place and for club rooms, joined possibly by the Elks and other local organizations.

Offices of the Board of Village Commissioners will be located on the ground floor where there will also be a public library, the district school board office with a rest room for ladies in the basement.

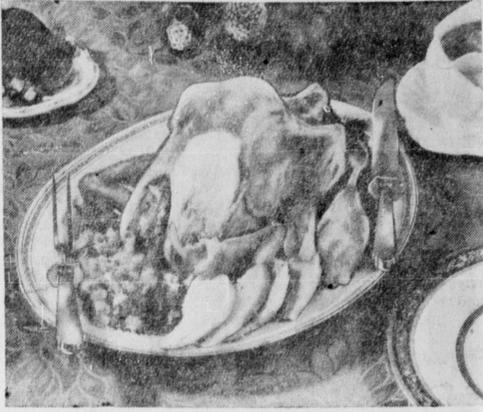

Sawmills in the neighborhood will contribute lumber. Donations, started by M. F. Nourse and William Bickle, are pouring in and building is expected to commence at an early date.

good many of our families are undernourished these days so I shall try to find families where there are young children and no relatives overseas who can help with food parcels.

"Your first parcel went to a family which seems to be particularly unlucky from a health point of view. The father is suffering from pulmonary tuberculosis and gastric ulcers (although he is only a young man), one youngster aged three years has osteomyelitis of his leg and is in hospital making a good recovery and the other day the mother (who is always smiling) came in to tell me that the eldest boy, aged 8 years, had just been run over. However, an x-ray proved that no bones were broken and we hope he will soon be all right again. There are four other children in the family and another expected soon.

"I shall give the second parcel to a young widow with three children."

## ANTI-TUBERCULOSIS SEALS

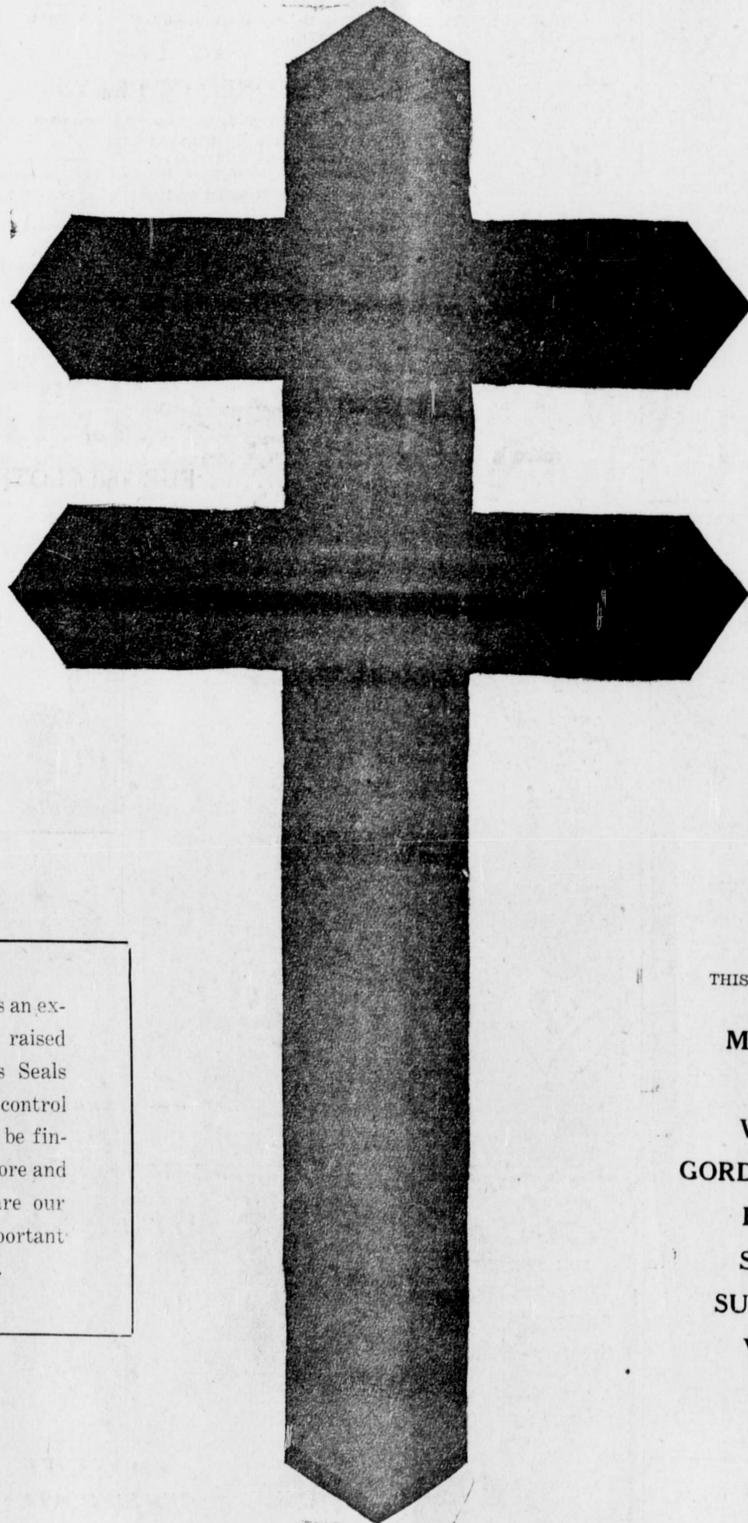

Rally To The Double-Barred Cross

*Two Dollars worth of Christmas  
Seals have now reached every  
household in Prince Rupert.*

• *If everyone buys his share the  
Anti-Tuberculosis campaign will  
be successful.*

FIGHTING TUBERCULOSIS is an expensive proposition and money raised through the sale of Christmas Seals helps to provide prevention and control measures that would otherwise be financially prohibitive. Let's buy more and more Christmas Seals. They are our allies in one of the most important health battles now being fought.

FIGHTING TUBERCULOSIS has become more and more a community effort, a citizens' movement. Funds raised through the sale of Seals help pay for mass X-ray surveys, health education, nursing services and, in some instances, rehabilitation of the ex-tuberculous into profitable employment and normal living conditions. These efforts, of course, are supported by the Canadian Tuberculosis Association and the provincial Department of Health.

## 20 YEARS AGO

Dec. 18, 1926

King Edward High School was raising a fund to provide Christmas cheer for families of unemployed loggers at Queen Charlotte City. The fund was being assisted by a number of teas and social functions throughout the city.

The Trades and Labor Council went on record unanimously as supporting S. M. Newton as mayor for 1927. Aldermanic candidates endorsed by the group were Frank Derry, James Black, Alderman W. J. Greer and Alderman W. M. Brown. Capt. Bridges, D.S.O., commander of the Royal Navy cruiser Curlew, which visited Prince Rupert during the summer, sent a letter to Lieut. R. P. Ponder, commander of the local naval reserve unit, offering his season's greetings to the citizens of Prince Rupert.

## HIGH SCHOOL DEPENDING PUBLIC SUPPORT IN COMING HOOP SERIES

During the next two weeks the Bo-Me-Hi Rain-makers are going to be having a full slate of basketball games. These games involve one international and one provincial series. The international flavor is supplied when the Kayhi basketball squad will be journeying here from Ketchikan for the return

games of the annual series. In the first two games Kayhi took Rupert 38-37 and 28-20. As the series honors are to total points it makes no difference how many games are won or lost. Providing the total number of points is greater one of the teams can lose the first three games and still win the series. As Kayhi has only a very slim margin (9 points) Bo-Me-Hi are still a very good chance of copying the title. If Rupert should win it will be the first year that a local team has been able to win a series with Ketchikan. These games are to be played on next Thursday and Friday night, December 26 and 27. The games are to be held in the gymnasium at the Civic Centre.

When the Duke of Connaught quintet from New Westminster arrives on January 1 and 2, it will be the first team from southern British Columbia to have played the local high school. If this series can be put on an annual basis much will be accomplished in the way of cementing goodwill between Rupert and the south. For years there has been an imaginary "Mason-Dixon" line drawn between Rupert and southern B.C. and with Rupert opening the way for the abolishing of this "border," the credit will mostly be Booth Memorial High School and Coach Alex Bill.

This series was to have been handled by the Basketball Association but, as the Association considers the two series at such close dates an expensive gamble, they advised the Rain-makers to cancel at least one of the series. But as both Ketchikan and New Westminster only have these dates open the local students decided to accept them and trust that the people of Prince Rupert will not let them down by buying tickets for all games even if they cannot be attended.

As it is a very great expense to bring the "Dukes" all the way up from New Westminster, Bo-Me-Hi is hoping for capacity attendance at both games. It was a bitter blow when the Basketball Association rejected their plea for assistance, but it has just given the students of Bo-Me-Hi that much more determination to make a success of both games.

## NAVAL CUSTOMS AND TRADITIONS No. 10 CHRISTMAS AT SEA

All hands enjoy the Navy's memorable Yuletide customs. Every ship that can obtain some evergreen—tree or sprig—fastens it to the masthead. And the youngest rating becomes, theoretically, master of the ship, replacing the real Captain, who discharges his duties for him. Tradition also demands that the Captain personally serve Christmas dinner to the crew!

**SAVOY DOWNS RAINMAKERS**

**Kitkatla Comes to Town And Loses by Single Point**

A powerful Savoy squad downed the Bo-Me-Hi Rainmakers in a one-sided affair last night at the Civic Centre by a score of 55 to 32. The game was never in doubt with Savoy's having their own way for most of the time. Only in the second quarter did the Rainmakers come close and in that quarter both teams got 14 points apiece. Savoy's were smooth and definite in their play whereas the students seemed always to be lost on the floor. The score at the end of the first half of play was 24-17 for the hotelmen but, by the time the play of the second half was over, Bo-Me-Hi was far behind. It seems that "Doc" Montgomery's months of patient coaching came through last night when the Savoy quintet put on one of the best displays of "block playing" that has been seen here in a very long time. These blocks more than any other single factor is what seemed to have the high school boys stumped. As this was the last game of the current half of the league, most spectators will have to wait until the second half starts early in the new year to see this threat to 99 Taxi's supremacy in action.

A visiting team from Kitkatla put on a very fine showing against Macey's squad, coming out on the short end of the 42-41 score. Macey's had things pretty much their own way in the first half, coming to the breach leading 28-23. But in the second half the Kitkatla five net on a strong bid for victory and moved right along, outscoring Macey's 18 to 14 in this half. But time ran short and when only one point from evening things up the whistle rang ending a closely fought game. High scorer for the game was J. Vickers of the Kitkatla team who netted 19 points followed by Haugan of Macey's with 14 points.

Once again a determined Watts & Nickerson team dropped a hard fought Junior League game, this time to the Grotto, 32-20. Right to the end of the first half the clothiers fought hard and held Grotto to a mere 13 points. In the effect, Grotto also held Watts & Nickerson to

13. Going into the second half of the ball game, Grotto turned on the pressure and the clothiers fell apart. With Currie and Owens netting 9 and 8 points each they had the honor of being the high scorers for the evening.

Ernie Schaaf pounded out a 10-round decision over Max Baer in his first big fight in New York 15 years ago. Three years later Schaaf was pounded unmercifully by giant Primo Carnera and was carried to his corner while 20,000 fans yelled "Take." He died in hospital four days later.

**CASSIAR DOCKS 2 DAYS AHEAD**

Anticipating the possibility that he might have to make an extra run to the Islands to handle Christmas traffic, Capt. Lorne Godfrey brought the Union steamer Cassiar to port here at 7:30 this morning, two days ahead of its regular schedule. The vessel left Vancouver on Saturday and called at south Queen Charlotte Islands points where they picked up 66 loggers as passengers for Prince Rupert. Most of the passengers are continuing on to Vancouver to spend the Christmas season when the logging camps are closed down.

However, since traffic conditions do not make an extra trip to the south Islands necessary, the Cassiar will remain here until Friday when it will make its usual trip to Massett and Port Clements.

Crew of the Cassiar reported a quiet trip and said that, in spite of gale warnings, the vessel made good time from Vancouver.

**SCHOOL CONCERT WELL RECEIVED**

An audience of 650 was inspired to warm applause by the varied presentations at the King Edward elementary school Christmas concert in the Civic Centre auditorium Monday night when 230 pupils of the school took part in recitations, musical numbers and plays which showed clear indication of considerable rehearsal and talent.

Among highlights of the show were Robert Dunn's portrayal of "Scrooge" in Dickens's "Christmas Carol," enacted by Grade Six, and Joyce Pottle's part as the wife of Santa Claus in a Christmas play. Effective costuming of the Grade One pupils in the "Toy Shop at Night" was pleasing to the audience, as was "Three Blind Mice" by the same class.

Other outstanding items were "Little Town of Bethlehem" sung by Grade Four, the well-designed costumes of Grade Five in "The Star Drill" and Grade Two in "The Snowman's Christmas party."

The pupils were trained and directed by their class teachers, Mrs. Kullander, Miss Peatt, Miss Beale, Miss Malden, Miss Moxley, Mr. Goscoe and Principal R. G. Moore. Miss Moxley was piano accompanist and trained all the pupils for the musical numbers. Announcing of the program was ably done by Fred Dunn.

Principal Robert Moore expressed thanks of the school to the Civic Centre staff for their assistance and F. E. Anfield congratulated the pupils and teachers for an excellent concert.

The public address system was handled by C. H. Insulander and Mrs. F. E. Anfield assisted backstage. Part of the program had been broadcast over CFPR Monday afternoon.

The program:

**ALASKA HOOP SQUAD HERE**

**New Metlakatla to Meet Rainmakers Tonight and Thursday**

After losing one "game to the weatherman, the NewMetlakatla basketball squad arrived in the city early this morning bursting with determination that they will drop no games to the Prince Rupert All-Stars whom they meet in the Civic Centre gym tonight and Thursday night.

The Alaska visitors sailed from New Metlakatla yesterday, hoping to play the first game of the series here last night but were forced to turn back because of rough seas. They tried it again last night in the boat Theo, Capt. Ted Benson, and made the 90-mile passage in spite of turbulent sailing.

Original word that, because of the visitors' delay, their second game with the local players had been cancelled has been changed, according to local coach Art Murray, and, according to plans announced this morning, the second game will be played tomorrow night.

The New Metlakatla visitors include team manager Tom Atkinson and players Romey Atkinson, Jeff David, Martin Booth, Leslie Brandible, Frank Hayward, Joe Hayward, Bill Reece and Wilfred Buxton. Making the trip with the team were Wilfred Verney, Mrs. P. Funselle, Mr. and Mrs. C. Baines, Ray Booth and Miss Jean Booth.
