ATTLEE LASHES AT COMMUNISTS BEFORE LABORITES

Prince Rupert Must Act Quickly to Get Benefit of Government Ship Subsidy

Prince Rupert is in danger of losing benefit of the \$60,000 shipping subsidy approved by the federal government last summer unless local groups exert pressure on Ottawa to have it put to use. This warning was sounded sharply Wednesday afternoon by G. W. Nickerson, Prince Rupert broker, on his return from a four-month business trip to Eastern Canada.

"That money is available but it won't be used to subsidize shipping from this port unless the people of Prince Rupert put pressure on the government to do so," Mr. Nickerson asserted. "The Chamber of Commerce should send wires to the Minister of Trade and Commerce immediately. Time is getting short."

Unless the subsidy is used before the end of the government fiscal year, March 31, it will be returned to the general revenue and will have to be re-voted next year.

"The Chamber of Commerce will have to act quickly on this thing," he declared. "It takes time to arrange for ship movements and if it isn't done fast, we may lose benefit of this year's subsidy."

Mr. Nickerson said that he found business conditions extremely active both in Eastern Canada and the United States. Most difficult thing to obtain on both sides of the line was hotel accommodation, he said.

Except for meat, which is still scarce and high priced, goods in New York City are of comparable price to similar products in Canada, he said.

The Maritimes enjoyed a good fishing year, he commented, but activity slowed down in the fall when the fish became difficult to catch.

FORMER LOCAL SCIENTIST TO G.T. BRITAIN

E. P. Sicaway, scientific assistant in research engineering, who joined the staff of the experimental station in Prince Rupert in February, 1941, and later moved to Vancouver, resigned the end of June to take a position with the British Food Manufacturers' Research Association in Great Britain. While with the Fisheries Research Board Mr. Sidaway was engaged in canning and smoking experiments, and it was understood when he left that he would be continuing with this type of work in his new position.

FRANCE'S TOLL
About 300,000 houses were completely destroyed and 800,000 damaged in France during the last war.

WOMEN AND BOYS TO TURN APPLE VENDORS AS HALLOWE'EN NEARS

Prince Rupert Gyros will turn apple vendors on Saturday when they and bands of boy salesmen hawk luscious specially-ordered MacIntosh apples on the highways and byways of the downtown section as a money-raising effort for the playground and other community service work.

Plans were timed conveniently in advance of the day with the thought that the boys would be out of the city to get their candy or by the box in hand, at the same time, the Prince Rupert's worthy causes. It is to make this Gyro Apple annual event in Prince Rupert.

Brydges, Lloyd Morris, Alf Rivett, Frank Dibb and G. A. Hunter.

Third Avenue and Fifth Street (Watts & Nickerson corner)—W. M. Watts, C. C. Mills, Arnold Flaten and James Parker.

Post Office—W. D. Lambie, C. P. Balagno, Frank Skinner and Don Forward.

Third Avenue and Fifth Street (Smith Block corner)—W. J. Scott, Elmer Clausen, Allan Armstrong and Al Sheardown.

Third Avenue and Fourth Street (Wallace Block corner)—A. J. Dominato, C. G. Ham, O. G. Stuart and G. L. Rorie.

"WORLD'S GREATEST GAMBLERS" FOUND IN CANADIAN WEST—Canada western wheat farmers hit the 1946 jackpot with a harvest of 440,000,000 bushels—just 100,000,000 bigger than last year's crop. Fear of sawfly, rain, drought, dust storms and pests make the 10 days worry for the farmers who cultivate 25,700,000 acres. Like prehistoric monsters gobbling the rich earth's bounty—seven combines on Saskatchewan's plain work in tandem to harvest one of Canada's all-time yields of wheat.

BOYS O.K.—MEN WRONG

Boy Scout Commissioner Appeals to Local Men to Get Actively Behind Boys' Work

"There is nothing wrong with boys today. It's the men." So said R. Kenneth Jordan of Vancouver, executive commissioner of the Boy Scouts Association of British Columbia, in speaking before the Prince Rupert Gyro Club at its weekly luncheon yesterday. He appealed for the active support and interest of such citizens as Gyro members in meeting the challenge of youth today. They might well discharge their responsibilities in this regard by taking a leading part in the proposed revival of Boy Scout activities in Prince Rupert.

Mr. Jordan spoke of the growing focus of attention upon youth and its training. Even in this country there were agencies today making a big bid for youth—agencies such as those of the totalitarian elements in other nations a few years ago. It would be well if something real and immediate was done about this.

Always remembering that the boy was the "small man" of today who would be taking over the jobs of the world tomorrow, it should be realized that the time had arrived to pay a great deal more attention to the boy and his development.

The speaker recognized the home, the church and the school as the dominating influence upon boys. The fourth wheel or agency was boys' work. There was a great deal more to a program of boys' work than merely keeping boys off the streets. Most important was the development of attitude, the activities along technical lines being a means to the end of moral training.

Turning to Boy Scouting, Mr. Jordan described as its primary purpose the development of good citizenship—self-reliant and responsible citizenship. In the Boy Scout movement, a spiritual foundation was insisted upon and the curricula was such as to leave some obstacles for the boys to surmount.

Mr. Jordan referred to Boy Scout work as a war casualty in Prince Rupert but he hoped for an early revival in the city and expressed the hope that the leadership necessary would be readily forthcoming.

President W. D. Lambie was in the chair and guests, in addition to the speaker, included Olof Hanson and Petty Officer Gerald Freeman of H.M.C.S. Chatham.

Dr. R. G. Large urged Gyro members to activity in the sale of Civic Centre memberships and David Allen outlined final plans for Apple Day on Saturday when apples will be sold singly and in boxes as a prelude to Halloween in aid of the club's playground fund.

Return of Ocean Dock to C.N. May Mean Warehouse Deal Off

Possibility that Northwest Salvage Co.'s deal to take over the former American warehouse and ocean dock here for foreign shipping purposes may have fallen through was indicated here today with reports that the original portion of the ocean dock has been ordered returned to Canadian National Railways by War Assets Corporation.

The report comes at the close of the period for which the Calgary company had an option on the big warehouse and other U.S. army-built waterfront facilities. The option reportedly expires at midnight tonight, and so far, there has been no word of the option being taken up.

Lending support to the brief that the deal may have fizzled out is the fact that two representatives of the Calgary company who visited the city two months ago have not returned to the city despite the suggestion that they would bring back definite proposals before the option period expired.

Rumors were current in the city this morning that the option had been taken up by Northwest Salvage Co., but no information could be unearthed to substantiate it.

THE WEATHER

Synopsis
The strong westerly flow of warm moist air which brought overcast skies and rain yesterday is decreasing and skies are gradually clearing. Pressures are now rising strongly in the northern portion of the province. Higher temperatures are expected today with maximum temperatures near 60 in the southern portion of the province.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Intermittent drizzle in Port Hardy region today and tonight and overcast Friday morning, becoming cloudy in afternoon. Cloudy with widely scattered rain showers in Queen Charlotte and Prince Rupert region today, clearing tonight, becoming cloudy tomorrow morning and overcast with intermittent rain in the evening. Winds light in Port Hardy region. Elsewhere winds westerly (10), decreasing to light tonight and increasing to southerly (20) tomorrow evening. Little change in temperature. Minimums tonight—Port Hardy, 43; Massett, 37; Prince Rupert, 36. Maximums tomorrow—Port Hardy, 50; Massett, 49; Prince Rupert, 46.

These were some of the points discussed at the meeting of the library board last evening. In the month of September there were 1,111 books in circulation. There are 2,048 borrowers in the library. Owing to the limited number of days the library was open on account of the moving from the old building to the new these figures were lower than usual but indicate that there is a large reading public in the city. There are 9,409 books in the library now. Thirty-eight new books were purchased during the month. Five new books were received by gifts.

The usual accounts were passed for payment and while the cost of moving and the erection of new shelves turned out to be more than had been anticipated yet the board agreed that the whole expense was well justified.

Those in attendance were Ald. Nora Arnold, chairman; Mrs. M. N. Roper, Miss Olive Van Cooten, librarian, and Bruce Stevens and J. S. Wilson.

Prince Rupert Going South

Annual Overhaul of C.N.R. Vessel to Be Done Down Coast Instead of at Pr. Rupert

C. N. R. steamer Prince Rupert is to be withdrawn from service at Vancouver on November 16 to receive a annual inspection and overhaul in a southern yard, it was learned today from Bernard Allen, assistant general superintendent Canadian National Railways, Vancouver, former manager of the local dry dock, who is in the city in the course of an inspection trip. Mr. Allen is meeting the executive of the Prince Rupert Chamber of Commerce this afternoon to explain the situation to them.

Interviewed by the Daily News this morning, Mr. Allen explained that, normally, it would take six weeks to two months to give the vessel annual overhaul at Prince Rupert and would require from 150 to 175 men. In Vancouver, he said, the work could be done in three weeks with a crew of 250 to 300 men already in the yards there. Mr. Allen referred to the urgency for speed so that the lapse of service would be of a minimum length and also to the increasing difficulty of carrying out such repair work.

"It would be absolutely impossible," said Mr. Allen "to do the work here in three weeks. We just could not get the men together to do the job in less than six weeks or two months. Then if we took the ship out of service for that length of time, there would be complaints over the lack of service. The matter has been given fullest consideration and the conclusion reached that it would be in the best interests of all to keep the ship in service with as little interruption as necessary. If we had another ship, it might be different but, unfortunately, we have not another."

Mr. Allen expressed hope that there would be an early resumption of grain shipments into the Prince Rupert elevator but stated that, as far as he knew, there had been no loadings yet for Prince Rupert although it had been reported that a quota of 100,000,000 bushels was coming to the coast and the movement to Vancouver was already commenced.

"Grain shipments to Prince Rupert," said Mr. Allen, "would fit in very well with the east-bound traffic of lumber originating from sawmills of the central interior. We would like to see it."

Mr. Allen had no light to throw on the situation as to the disposition of the big warehouse here built by the United States Army during the war and is now in the hands of War Assets.

Blames Russia For Her Own Isolation And Poor Relations

BRIGHTON, Eng. (CP)—Prime Minister Clement R. Attlee today assailed what he said was the Soviet viewpoint that all opponents of communism were fascists. He also attacked the Russian government for isolationist policies. "If anywhere the communists fail," he told the Trades Union Congress annual conference "then, however fair the conditions, it is regarded as fascism. On the other hand, a plebiscite taken where the communists party is in power is regarded as the sacred voice of the people."

Mr. Attlee said that resolution pending before the Congress criticizing British foreign policy was "filled with the kind of misrepresentation to which we have been accustomed to from members of the communist party, their dupes and fellow travellers." He said that Britain was attempting to co-operate with all nations by bolstering the authority of the United Nations and was "not following selfish and imperialistic aims." The present isolation of Russia was entirely Russia's fault.

The resolution criticizes the government for deteriorating relations with Russia and co-operation with capitalistic America.

Mr. Attlee was disturbed over a "war of ignorance and suspicion."

Bulletins

CORNETT NOT RUNNING

VANCOUVER—Mayor J. W. Cornett will not be a candidate for re-election to the mayoralty in the December civic elections. He has made the definite announcement that he will not enter the contest. Cornett has been in office six years. Ex-Ald. Halford Wilson, recently returned from overseas, has announced he is a candidate for mayor while A. T. Alsbury is expected to run for the C.C.F. Senator G. G. McGeer may also run.

LAST WD.'S LEAVE

LONDON—The last 22 W.D.'s of the Royal Canadian Air Force in Britain sailed on the Scythia today for home in Canada.

MUCH MOKE MEAT

NEW YORK—There is three times more meat in United States butcher shops today than when controls were lifted last week.

TERRORISTS ACTIVE

JERUSALEM—Two mines exploded in Jerusalem today, British authorities say they had been planted by terrorists who are also accused of throwing two bombs at British troops.

LIBELLED CHURCHILL

LONDON—Former Prime Minister Winston Churchill has commenced a libel suit arising out of a recent conversation at the White House in Washington.

HIGHWAY PATROL

VICTORIA—Public works department and provincial police are to co-operate in a highway patrol to ensure greater safety on the highways of the province, Deputy Minister of Public Works A. L. Carruthers announces.

EGGS TO AUSTRALIA

VANCOUVER—Turkey hatching eggs are to be sent by air from British Columbia to Australia, it is announced by Prof. A. E. Lloyd of the University of British Columbia.

Letters to the Editor

WANTS BETTER RADIO

Editor, Daily News:
 After reading in the Tuesday edition of the Daily News the letter written by someone calling her or himself "Hockey Fan," I have come to the conclusion it is time for the population of Prince Rupert as a whole to voice their complaints not only about the side-tracked hockey game but also about the bulk of the programs we are getting and have been getting since the war finished. We got quite a number of good programs then. Why not now?

As for the hockey game broadcast from Maple Leaf Gardens, Toronto, I am of the same opinion as "Hockey Fan." Personally and I am sure that goes for many more disappointed radio listeners that the people of Prince Rupert and district are fully entitled to an explanation.

I notice when the radio licence comes due that the CBC doesn't ask explanations if it is not paid. It is a case of pay-up or take your medicine, although for the life of me I can't see what we are paying for nine-tenths of the time.

ANOTHER HOCKEY FAN.

In his book "History of Freedom of Thought," Professor J. B. Bury wrote: "The establishment of the liberty of thought and expression may be considered the most valuable accomplishment of modern civilization."

WHO TO WRITE TO?

Editor, Daily News:
 Orchids to "Hockey Fan," whoever he is. He's right when he says that many people looked forward to the Saturday night hockey broadcasts. They do. Those broadcasts are different from anything else in radio today and the CBC's only claim to fame. The rest of their programs—with a few exceptions—are very, very dull.

Now if CFPR could carry the games last year, why not this year? Maybe, as "Hockey Fan" suggested indirectly, writing letters would do the trick. OK. How many letters and who do we write them to? I've got a strong right arm. I'll write a hundred if necessary. Once again, management of CFPR, who do we write to?

Or maybe we shouldn't write. Maybe we should all go on a hunger strike.

Sneak up boys! You're among friends. You'll be among bosom comrades if you can get those hockey broadcasts back on CFPR.

Many thanks, Mr. Editor, for the use of the space.
 DON GALLINGER.

Richard Sephton, British Columbia manager of the Mutual Life Assurance Co., who has been here for the past few days on company business, is sailing by the Prince Rupert tonight on his return to Vancouver.

WOULD BRIGHTEN BRITISH HOUSING

HASTINGS, Eng., ©—British house-builders have much to learn about quality of construction, and homes in this country are often too drab in finish and general layout, Lewis Silkin, Minister of Town and Country Planning, told a housing conference.

Builders had forgotten how to build for gaiety and pleasure. Towns too lacked opportunity for social intercourse

MANCHESTER, Eng., ©—The city is cutting by 13½ per cent its rate for hydraulic power from special mains charged with water at 1000 pounds per square inch.

RUSTLING DAYS

NATURE, of course, is a quiet creature, except when she stirs up thunderstorm or hurricane. The doings of the seasons are mostly silent ones. There is no commotion in spring when a lilac bush blossoms. And no one, not even an interested lawn mower, has ever heard grass grow. Butterflies and birds use their wings with considerably less noise than planes, deer get through a forest with not much more sound than a fox tracking a deer mouse, and when snow falls it is not at all in its descent like winter-defending coal going down a chute. Man, if he is lucky enough to be able to build a house these days, cannot do it without a certain racket of hammer and saw. But big, dome-like orange roofs of pumpkins have arisen as quietly as a Japanese beetle crawling on a cucumber vine.

However, nature, particularly in a time when she can be considered as resting on the fruits and leaves of her summer accomplishments, does have a slight break in her accustomed noiselessness. In September, before the silence of later frosts has fallen on field and bird, there is a brief period of what might be called "rustling days." The rustle comes with ripeness, with that serene

and wholesome withering which spreads over a landscape where the sun, yellow as pasture goldenrod, is as warm at midday as a summer not yet entirely mislaid.

ENCOURAGING FACTOR

ONE OF THE MOST encouraging factors of late in the prospects for the development of traffic through the port of Prince Rupert is the increasing focus of attention by the people of southeastern Alaska upon this as their natural port of sea and rail connection. Southeastern Alaska newspapers are full of the subject these days, public bodies in Panhandle towns are discussing the possibilities and business interests themselves have been in communication with the railway company as to its willingness and ability to accept traffic. Even under existing maritime regulations such as the Jones Act, such traffic can be readily handled in and out of Prince Rupert by American vessels and the Alaska people are, it is well known, ready to provide the ships—in fact are already doing so in a measure.

There should certainly be no lack of co-operation from this end in developing of such desirable traffic.

20 YEARS AGO

October 24, 1926

A committee was established to investigate the possibility of building a gymnasium in the city. G. P. Tinker was chairman

and other members were S. E. Parker, Earl Barrie, Dr. F. P. Kenny and G. W. Johnstone

Announcement was made that Sir Henry Thornton, president of Canadian National Railways, would arrive in the city on November 10. Accompanying him on

a Canadian tour will be his bride and the vice-president in charge of operations.

The Aden Maru, first ship to load grain at Prince Rupert, was due to sail for San Pedro, California, to take on fuel. Her cargo was destined for Hamburg.

REPEAT
 that word!
 "Brisk, my friends keep repeating. Brisk, I say to myself. And we all mean Lipton's Tea with that rand, brisk flavour."
 There's never a slip 'twixt the cup and the lip when you change to *brisk* tasting Lipton's Tea, the tea with the lively, spirited flavour... never wishy washy... always fresh, tangy and full-bodied. Change today to *brisk* tasting Lipton's Tea.
Brisk
 tasting LIPTON'S TEA

Who's lucky?

Next time you see a neighbor, or one of the fellows who works with you on your job, tell yourself: "He's a mighty lucky man—and so am I."

We all are, here in Canada. Yet "lucky" isn't quite the word for a people who have the common sense and courage to look at the high prices of many unessential things and say: "This price is too high. I won't pay it."

No, it isn't luck. It's character. It's what The House of Seagram has been proud to extol as a Canadian virtue—the ability of the Canadian people to be moderate in all things—in their thinking, in their actions and in their habits.

Nobody's just "lucky" here in Canada; we've just all helped to make ourselves that way. And because today's moderation is the key to tomorrow's abundance, the people of Canada can look forward with certainty to an abundant tomorrow.

Men who Think of Tomorrow

Practice Moderation Today!

SHORT SPORT MIXED BOWLS LEAGUE PLAY

Probably the oldest, and most unique horse race in the world, the Newmarket Town Plate, went on as scheduled this year and the winner was ridden by a 17-year old Irish girl, Mollie McGrath. The race was inaugurated in 1696 by Charles II to commemorate his accession to the throne. He ordered that "the plate is to be rid yearly, the second Thursday in October, for ever." Much of the original character of the race remains. It is run over four miles, the only flat race of this length on the British turf; entries close about half an hour before the start and prizes to first, second and third jockeys are valued at about \$120. It was a local affair until some years ago when women began to take part. In 1940, the last time the race was held, a duke's sister, a jockey's sister, a book-maker's daughter and the daughters of four trainers took part. Only professional jockeys are barred by the clause which reads: "no man is admitted to ride... that is either serving man or groom."

Individual scoring for the evening:

WHAT IS A GOOD COCOA?

All pure Cocoa is made from the same kind of raw Cocoa Beans. But PERFECTION COCOA is manufactured from carefully selected Cocoa Beans which are roasted, ground and processed with the extensive knowledge gained by Rowntree's in making fine Cocoa for more than a century.

Highest Quality Cocoa is judged by the amount of rich, nourishing Cocoa Butter it contains—PERFECTION COCOA has a guaranteed 22% Cocoa Butter content.

Regardless of price, there is none better than PERFECTION COCOA. Yet PERFECTION costs less!

LOCAL WOMAN'S FATHER PASSES

Word was received in the city this morning of the death last night in Vancouver of Alem Dowker, father of Mrs. George McWhinney, 147 Fourth Avenue East. He was 78 years old. A pioneer railroad telegrapher, Mr. Dowker took part in the installation of the telegraph system of the Pacific Great Eastern Railway and lived in many parts of the province during his long career. He started as a messenger with the Great Northern Railway and also worked for the Canadian Pacific and C.N.R.

He will be buried with Masonic rites in Vancouver on Friday. Surviving are his widow and three daughters, Mrs. George McWhinney in Prince Rupert and Mrs. Peter Guthrie and Mrs. S. F. McArthur in Vancouver.

GET SET FOR GYRO HOEDOWN

Committees winding up final arrangements for Big Halloween Affair

Committees for the Gyro Hoedown, one of the Halloween highlight events in Prince Rupert, are winding up their final arrangements for the big party which is being staged by the service club in its current campaign to bolster up its funds for community service work including the children's playgrounds.

With W. P. Stone as general chairman, the committees are:

Finance and Ticket Sales—Maurice Brydges, C. G. Ham and G. L. Rorie.

Advertising and Decorations—W. J. Scott, Alf Rivett, G. A. Hunter and Lloyd Morris.

Refreshments—C. C. Mills, William Cruickshank, W. M. Watts, C. P. Balagano and Arnold Flaten.

Wheels—A. J. Dominato, Jack Lindsay, Robert McKay, Allan Armstrong, C. A. Kellest, Elmer Clausen and O. G. Stuart.

Bingo—James Parker, David Allen, Allan Sheardown, Frank Skinner and Dr. R. G. Large.

G. J. Dawes will preside at the door and Gyrettes will attend the checkroom.

Local Woman All For Air Travel

After a flight from Boise, Idaho, to Vancouver, Mrs. E. T. Applewhite, who returned home yesterday from a trip south, is completely sold on the air means of travel. She travelled from Boise via Portland to Seattle on a huge 55-passenger transcontinental transport, a smaller plane bringing her on from Seattle to Vancouver. Mrs. Applewhite visited in Boise with her son, E. C. Cameron, who is in the cold storage locker business and enjoyed considerable motoring, visiting no less than 24 towns within a 250-mile radius of Boise.

FLOODLIT MOUNTAIN

CAPTOWN — South Africa's famous Table Mountain is to be floodlit for the royal visit of King George VI next February. It will be the first time such a spectacular project has been attempted here. Technicians of the Union of South Africa defence force already have selected sites for gigantic searchlights to focus on the mountain which rises behind Capetown harbor.

PRIMITIVE PEOPLE

The Lolo tribesmen of southwest China are a primitive people living under a strictly feudal system.

NEWRY, Northern Ireland. — Postman John Mallon caught a 4½ pound conger eel on a flooded main street.

SEATING AT GYMNASIUM NEAR READY

The new spectators' gallery and balconies at back and either side of the gymnasium at the Civic Centre will soon be in readiness for use, greatly improving the facility and convenience for the fans in viewing the basketball and other games to be played there. Construction work is nearing completion.

The gallery and balconies will furnish comfortable accommodation for six hundred persons which will take care of all crowds at normal league games. For special occasions, however, it will be possible to crowd in another two hundred spectators with emergency seating on the playing floor.

SKI CLUB BUYS MOUNTAIN HUTS

Agreement has been reached between Highway Construction Co. and the Prince Rupert Ski Club for the purchase by the latter of seven former Canadian Army cabins on Mount Hays which will be used by the club as a ski camp, according to Allan Armstrong, ski club president. Amount involved in the sale of the buildings is \$300, the ski club president said. Final arrangements for the transfer will be completed within the next few days.

TERBOX NEEDS HELP

had Chiropractic treatments with no improvement. Due to financial difficulties we are unable to have him sent some place where he could be better attended by a specialist. We have often been accused by different people of neglecting him and not trying to do something for him.

We read in papers of children like him who have been helped by different societies and welfare organizations to get them into hospitals where they can get proper care and treatment. We have been to the Social Welfare Service here to have him put into some hospital but have been told there is no hospital that will take him as there is no hope for him.

But surely there must be some place that will take him. At present he just crawls on his hands and knees.

We would welcome any suggestions and help from reliable parties.

Thanking you Mr. Editor for this valuable space.

MR. and MRS. E. CAMPBELL
622 6th Ave. W. Phone Red 499

The \$64 Question

'WHAT IS BETTER THAN CASH?'

Canada Savings Bonds are the answer! Think it over and you'll agree. They have the advantages of ready money because you can turn them into cash at any time—with no delay—at any branch in Canada of any chartered bank. They are better than cash because they make money for you—2¾% interest each year for 10 years. They provide a convenient way to save money—you can't dribble your savings away in small sums when they are invested in Canada Savings Bonds. And the money you put in Canada Savings Bonds can't be lost because your bonds will be registered in your name.

You can buy Canada Savings Bonds in convenient units of \$50, \$100, \$500 and \$1,000. You may buy up to \$2,000 per person.

How to buy:—You can buy them through any bank, authorized investment dealer, stock broker, trust or loan company—for cash or by the monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

But please remember this point—These are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay!

8 out of 10 will buy again

LEGION PLANS VETS' CONCERT

Plans for a veterans' concert and entertainment on the evening of Remembrance Day were laid by the meeting of the entertainment committees of the Canadian Legion and the Legion Women's Auxiliary in the Legion rooms Wednesday night. The concert will be held in the Armory and will follow the usual Remembrance Day observances at the Cenotaph and at the veterans' plot at Fairview Cemetery.

GEORGE FRIZZELL 86 ON FRIDAY

George J. Frizzell, one of Prince Rupert's earliest pioneers, celebrates his 86th birthday tomorrow at his summer home at Frizzell's Hot Springs on the Skeena River. Mr. Frizzell came to Prince Rupert in 1907 from Port Essington, where he established in 1899. For years he operated a large meat market and cold storage business in the city with branch stores at one time at New Hazelton and Smithers.

TIMBER SALE X15807
Sealed tenders will be received by the Minister of Lands and Forests at Victoria, B.C., not later than 11 a.m. on the 18th day of November, 1946, for the purchase of Licence X15807, to cut 2,545,000 feet of Fir, Cedar, Spruce and Hemlock on an area adjoining the East Boundary of Lot 7, South and South Bentinck Arm, Range 3, Coast Land District. Three (3) years will be allowed for removal of timber.
Further particulars of the Deputy Minister of Forests, Victoria, B.C. or District Forester, Prince Rupert, B.C.

Eileen Feasby Is Shower Honoree

Mrs. Vic Duncan and Mrs. Reg Duncan were joint hostesses at a prettily arranged shower on Monday evening at the home of the former, 653 Eighth Avenue East in honor of Miss Eileen Feasby, bride-elect of October 31. Dainty refreshments were served by the hostesses. The bride-elect received a number of beautiful gifts from a unique receptacle decorated for the occasion. The evening was spent playing games and prizes were awarded to the winners.

Those present were: Mrs. F. McKinnon, Mrs. A. MacLean, Mrs. W. Hunter, Mrs. E. Wasyk, Mrs. Lykegaard, Mrs. D. Keehan, Mrs. L. McIntosh, Mrs. L. McLatchie, Mrs. J. Feasby, Mrs. P. Duncan, Mrs. J. Duncan, Mrs. R. Duncan.
Miss A. McLeod, Miss R. Ramsay, Miss R. Downey, Miss I. Christianson, Miss G. Slangbye, Miss Eileen Feasby.

Modern Etiquette
By ROBERTA LEE

Q. What is the correct way of introducing a man to a woman?
A. The man is invariably presented to the woman. The only exceptions are when a woman is introduced to the President of the United States, to a cardinal or to a reigning sovereign.
Q. Whom does the bridegroom name as the best man?
A. The brother of the groom, the brother of the bride, or the groom's best friend.

INDOOR RIFLE RANGE PLANNED FOR CENTRE

Where to put the shooting range for the Civic Centre rifle club has been subject of some heavy thinking by Civic Centre directors Don Forward and Neil Ross but they believe that they have the matter solved.

Aware of the need for extreme caution where rifle shooting is concerned they, nevertheless, believe that the excavated area beneath the Civic Centre building, which ranges in depth from nine to 25 feet, and runs the full length of the building, could be made safe. The location is being given serious consideration.

The popularity of indoor rifle shooting has been attested by the number of enquiries received at the Civic Centre. Teen Town has placed a rifle club high on its list of projects, and a move to form an adult club is under way.

Safety of properly supervised rifle shooting has long been recognized in schools across the country, where school Cadet Corps have been in operation with the approval and assistance of the Department of National Defence for years. In many cases, the rifle butts are in school basements.

The excavated area under the Civic Centre building offers room for indoor shooting competitions of standard range, and thus would give local teams opportunity to compete in provincial and inter-provincial small-bore rifle competitions.

LOCAL MEN ON MOOSE HUNT

Moose in the Ootsa and Whitesail Lake country will be the objects of attack for four Prince Rupert hunters who are leaving Friday on a 10-day hunting trip to the Lakes country. "We aren't making any rash promises but we have great expectations," said Dr. L. W. Kergin, who is making the trip by car with W. M. Watts, William Bussey and R. G. Van der Sluys. The party will travel in Dr. Kergin's and Mr. Watts' cars.

Bagged Two Moose In Ootsa Country

After a week's hunting trip to the area at the west end of Ootsa Lake, J. H. Black and Hugo Kraupner returned to the city by car last night from the interior. They bagged two moose but report that the geese and ducks were wild and wary. With wind, rain and snow, weather was not too agreeable for camping out but the trip was, nevertheless, an interesting outing. Mr. Black and Mr. Kraupner were in that area at the same time as Judge W. E. Fisher and Inspector H. H. Mansell, who are also on their way back to the city.

Referring to the open press policy adopted for United Nations assembly meetings, Phillip Nool-Baker, Britain's Minister of State, remarked: "The press ought always to be at all of these meetings."
