**Industrial School for Natives Wanted at Rupert**

**Commissioner Discusses Education and Other Matters At Brotherhood Meet—Responsibility of Parents and Church**

**PORT SIMPSON**—Announcement by Major D. M. McKay, commissioner of Indian Affairs for British Columbia, at the annual convention of the Native Brotherhood of British Columbia here yesterday, that the department of Indian Affairs was planning the construction of a new industrial school for natives in the northern part of the province was followed by the passing of a resolution at today's session of the Brotherhood urging that the new school be located in the Prince Rupert area as the most central and advantageous location.

Major Mackay emphasized the importance of education to the natives and stressed the responsibility of the parents to see that their children attended regularly. There was no use of the Department providing good schools and good teachers if the attendance of the children was permitted to be irregular.

Major Mackay said that the churches were not living up to the responsibility they had assumed in providing teachers for the Indian schools and that was one cause of criticism of church control of native education. "The churches can strengthen their control if they insist on employing properly qualified teachers."

**Medical Care Is Being Transferred**  
In outlining the three main divisions of the responsibilities of the Indian Bureau, the commissioner said that the medical care of natives will soon be transferred to the Department of Health and Welfare, but that the two other divisions—training and welfare, and reserves and trust—would remain with the Indian Department. He defended the Indian Act against unjustified criticism by "people who have never read it" and then said that "there is not a statute on the government books that provides for protection or inspection of the population."

The Indians would be wise if "they consider carefully the effects of extreme revision of the act."

Resources and wealth of the 775,000 acres of land which comprise the 1,540 Indian reserves of the province are carefully safeguarded for the natives by the terms of the Indian Act, he said. None of this wealth can be taken from them without their approval. He said that, in lieu of treaty money, the government gives \$100,000 a year to the Indians of B. C. and that it is administered by the bureau for their benefit. Transfer of medical care to the Department of Health and Welfare would leave another \$30,000 per year for general Indian administration.

Major McKay's speech came at the conclusion of a session which was composed otherwise of reports by the district vice-presidents of the brotherhood.

The session was followed by a banquet in the Young People's Hall, sponsored by the Ladies' Auxiliary.

**GERMAN IS CONDEMNED**  
**Death Sentence Imposed on Prisoner of War Who Killed Comrade**  
**MEDICINE HAT, Alberta**—A 30-year-old German prisoner of war, Sergeant Werner Schwalb, has been sentenced to hang at Lethbridge June 26 for the murder of a fellow prisoner. Schwalb was the first of three German prisoners to go on trial for the murder of a fellow prisoner, August Plaszek, who was beaten and hanged.

Evidence at Schwalb's trial indicated the 40-year-old Plaszek had been suspected of trying to upset the Nazi domination of the Medicine Hat prisoner of war camp.

**RUSS PLAN CONDEMNED**

**United States Cracks Down On Idea of Seizing Jap War Industries**  
**WASHINGTON**—The United States has cracked down on a Russian plan to seize Japanese industries in Manchuria as war booty. The American state secretary, James Byrnes, yesterday made public a note to Moscow and Chungking declaring that any such arrangement would be contrary to the so-called open door policy.

Byrnes also disclosed the content of a Chinese communication saying Russia indicated it would take over Japanese industries in Manchuria. The Chinese government, in turn, said it was impossible to agree to this Soviet proposal.

Byrnes tersely informed newsmen that he will get in touch with Moscow about the matter.

**Getting Rid Of Franco**

**Britain, United States and France Call on Spain to Do So Peacefully**  
**LONDON**—Britain, the United States and France have called on the people of Spain to abolish peacefully the government of Generalissimo Franco. The three powers also propose that a caretaker government be set up in Spain until the Spanish people have an opportunity to pick the kind of government they want.

The three powers stress they have no intention of interfering in the internal affairs of Spain, and declare that "the Spanish people themselves must in the long run work out their own destiny."

The declaration says that, until Franco's control of Spain is broken, the Spanish people cannot participate "in full and cordial association" with the nations that defeated Nazism and Fascism.

**BIG TOURIST YEAR COMING**

**All Hotels and Parks Will Be Filled**  
**WINNIPEG**—"Canada is in for a tremendous tourist year and I am firmly convinced that our regular and summer hotels and all national parks will be tested to their utmost to take care of the visitors," declared A. A. Gardiner, general traffic manager, Canadian National Railways, Montreal, who arrived in Winnipeg this morning. Mr. Gardiner will make a trip through to the Pacific coast, visiting all important cities en route.

"The announcement of the reopening of our summer hotels which were closed shortly after the outbreak of war has brought a flood of requests for reservations; most of these come from the United States. Jasper Park Lodge and Minaki Lodge already are well booked.

**Renewal of Religious Faith Outstanding Need--Truman**

**COLUMBUS**—President Truman, speaking here today, called for a genuine renewal of religious faith as the only solution of many of the world's problems. The forces of selfishness, greed and intolerance were at work both in foreign and domestic fields. A moral and spiritual awakening was essential.

"There is no problem tough enough to withstand the flame of a genuine religious revival," the President said.

**JOHN BRACKEN, REMINDED, SAYS HE KNOWS RUPERT'S IMPORTANCE**

Hon. John Bracken, national Progressive-Conservative leader, for some time has known the value of the port of Prince Rupert and is fully aware of its tremendous possibilities. Statement to this effect has been received here following the sending of an informative letter to Mr. Bracken by Theo Collart of this city who had been aroused by the Conservative leader's failure to mention Prince Rupert when he warned Vancouver people that San Francisco, Portland and Seattle were spending millions to grasp the vast potential Oriental market while nothing along that line appeared being done in Vancouver nor did Ottawa seem to fully appreciate the strategic position of Vancouver.

Mr. Collart, in his letter to Mr. Bracken, deplored the fact that he (Mr. Bracken) had not taken the time to come to Prince Rupert, with its real strategic position as regards the Oriental market, where the Americans had spent \$16,000,000 to make a real port.

Mr. Collart's letter continued: "And why did the Americans spend so much money in a place like Prince Rupert? It is because, being 500 miles nearer the Orient than Vancouver is, ships

**AMERICAN WAR PROPERTY IS BEING TURNED OVER; HOW JOHN PUBLIC GETS CHANCE TO ACQUIRE SOME**

All American surplus war assets—buildings and facilities in this area including Prince Rupert and Port Edward—will be under the wing of the War Assets Corporation within the next ten days and, by fall, their final disposition should have been reasonably cleaned up, it is stated by F. P. Gutelius of Montreal, representing the lands and buildings division of the corporation, who is in the city in connection with the disposal of the American war installations here.

The taking over of the American property is only the commencement of an extensive disposal undertaking, Mr. Gutelius pointed out. First comes a detailed inspection and inventorying. Then follows the setting up of the machinery for disposal of the property which involves no less than 500 structures from the great warehouse in the central waterfront here down to the smallest of the "T" buildings in the city and at Port Edward.

Following the priority procedure in the disposal of all crown assets, the federal, provincial and municipal authorities will have their opportunities in turn to acquire property after which, falling exercise of these priorities, the properties will be offered to the public.

Mr. Gutelius suggested that it was possible the federal government would acquire some of the property here—it had manifested its interest—but it had not reached the stage where it could be specified.

The official expressed the opinion that demolition—either by purchasers or the crown itself—would, undoubtedly, be the final outcome of a great many of the smaller properties.

"Any assets located in Prince Rupert and offered for public sale will be advertised in Prince Rupert first," Mr. Gutelius said.

Throughout the course of an interview with the Daily News, Mr. Gutelius emphasized the differential between "buildings and facilities" and "stocks" or merchandise. The latter was not disposed of in this way but went out through normal trade or business channels.

Mr. Gutelius's visit here is primarily concerned with the disposal of the American properties now being turned over. Little of the Canadian war property has been so far declared surplus except for some of the naval buildings which formed part of H.M.C.S. Chatham such as ordinary barracks but not as yet including the drill hall, administration building and officers' wardroom. No Army or Air Force property here has yet been declared surplus nor is there any idea when it will be.

### Peace But Alarm

With his customary forthrightness, Mr. Churchill spoke from a small American university convocation yesterday afternoon and told the world some candid opinions as to the present state of world affairs. Although he entitled his address "The Sinews of Peace," his talk was not without alarms of war.

Nor did Mr. Churchill draw his punches in naming over and over again the power solely responsible for the alarming state of affairs. He professed his admiration and friendship for Marshal Stalin and Soviet Russia as stemming from the alliance of the Second World War but he more than hinted his growing distrust today for the Soviet and its present intentions.

We had observed the difficulties Britain, even under a Socialist government, was having with the Soviet. We had been having our own incident here in Canada with the Russian espionage conspiracy. Yet we might still have hesitated to attribute too strongly ulterior motives

against Russia. But when Mr. Churchill speaks as frankly and candidly and as mistrustfully about Russia as he did yesterday, we pause to ponder deeply.

Mr. Churchill reminded us that he had spoken this way in the days when Adolf Hitler was rising to power in Germany and no one had paid him heed. World War II in those days, he says, could have been so easily headed off but the nations had adopted a policy of appeasement, displaying weakness when they should have been building up and expressing their strength.

The best way of maintaining world peace and the friendship and respect of the greatest menace to world peace today—the Soviet Republic and its tendency toward aggressive totalitarianism—is by strength and watchfulness, the great war leader suggested.

Here in Canada and in our close neighborhood here at Prince Rupert as respecting Russia, we would do well to heed Mr. Churchill's words and, as none other than our redoubtable friend, Senator G. G. McGeer put it in Vancouver, protect our Empire from "without" and "within."

In the light of what Churchill, Bevin, Mackenzie King and even some of our C.C.F. friends have to say, we may not be blamed if we do feel somewhat cool, to say the least of it, of our erstwhile Allies and their post-war tactics. However, it is important, as Mr. Churchill says, that we should remain on respectful good terms.

### Smithers Airman Home From India

SMITHERS—FO. Norman Kilpatrick, son of Mr. and Mrs. N. H. Kilpatrick of Smithers, returned home from India this week. Norman joined the R.C.A.F. some three years ago and went overseas to India where he completed one tour of operations on Liberators flying out of India and bombing strategic points in enemy-held territory. He is glad to be back and intends to continue his studies at U.B.C.

### Hands Off Spain, Suggests Franco

WASHINGTON—A note from General Franco, containing vigorous declaration that Spain can run its own affairs without outside intervention, was delivered at the State Department by the Spanish ambassador.

Meanwhile American officials are reported to be pinning their hopes on the possibility that the Spanish army might force Franco to yield to a caretaker regime.

### WANT BABINE ROAD KEPT UP

SMITHERS—A meeting of the Smithers District Chamber of Commerce was held Monday night and attended by members from Telkwa and Smithers. It was decided to ask F. M. Dockrill of Telkwa to attend a meeting of the Pacific Northwest Trades Association to be held in Victoria in May.

A motion was also passed to approach the B.C. Power Commission as to the possibility of rates for power in the district being reduced.

It was also decided that the Department of Public Works be approached to keep the road from Topley to Topley Landing on Babine Lake in condition to permit tourists to take their cars in at all times of the tourist season. This road has been allowed to fare for itself for the past number of years and, as Babine Lake is one of the most scenic and best fishing spots in the Bulkley Valley area, it was felt by the members that every effort should be made to keep it accessible to the local sportsmen as well as those from Prince Rupert and the south.

### NEW INDIAN AGENT HERE

James Gillett Going to New Westminster and F. E. Anfield Coming to Prince Rupert

James Gillett, who has been Indian Agent here for the past five years, has been transferred to New Westminster and will be leaving for his new post in the south next month. It is announced. His successor here will be F. E. Anfield, Indian Agent at Bella Coola, who arrived in the city Monday afternoon on the Princess Adelaide from down the coast. Both Mr. Gillett and Mr. Anfield are at Port Simpson attending the annual convention of the Native Brotherhood of British Columbia.

Mr. Gillett, who was Anglican Church missionary at Massett before joining the Indian Department service, served as Indian Agent first for the Queen Charlotte Islands and later was moved to Bella Coola before coming here.

Mr. Anfield, one time principal of the Alert Bay Indian industrial school, was Indian Agent at Alert Bay before going to Bella Coola.

### SOVIET TAKES POWER PLANTS

CHANGCHUN, China—A semi-official dispatch from Changchun says the Russians have taken over the Manchuria Electric Power Corporation. The power plants control all electrical systems in Manchuria. A Red Army officer, believed to be newly-arrived from Moscow, is said to have seized the corporation on February 27. He is quoted as telling high officers of the trust that he was appointed company president by the Soviet commander in Manchuria, Marshal Malinovsky.

### HIGHWAY QUESTION

Chamber of Commerce Still Striving for Clarification of Jurisdiction and Permanent Maintenance

When the Prince Rupert Chamber of Commerce communicated recently with Premier John Hart seeking speeding up of the taking over of the Prince Rupert Highway for incorporation into the provincial highway system, now that the federal government is relinquishing it as being no longer of military necessity, Mr. Hart replied saying that there were "serious difficulties" in connection with the taking over. Monday night the Chamber decided to inquire of the provincial premier what these "difficulties" might be in order that they may be ironed out.

Meantime, the Chamber has received a communication from the Minister of Mines and Resources announcing that, since the province had been advised it could take the road over now that it was no longer a federal responsibility, the question of use of Canadian National right-of-way was a matter for negotiation between the province and the railway.

"The only way we will get use of the road this summer will be by constructing the detour and starting on it now," J. E. Boddie declared. "Otherwise, it will be September or October before the snow now covering the road goes out—if then."

It also was reported that the Shames bridge, which had been undermined by flood waters last fall, had now been carried into the creek bottom.

### Engineer's Statement Arouses Resentment

Mr. Black made it clear to the meeting that a statement of the district engineer that members

of the Automobile Association had made representations in regard to the condition of the road between Prince Rupert and Galway Rapids which implied that the club "did not know what it was talking about," was not in accordance with the facts. "All representations we have made have been after most careful personal investigation," said Mr. Black "and we have been supported by authentic information."

E. T. Applewhite stressed the importance of keeping the local member, in this case W. H. Brett, always advised on representations that were being made to government departments. That was what the member was for and much more could be accomplished by following up matters personally than by mere writing of letters.

- Uncle Joe was just back from the Boer War and we were celebrating with a day on the pond, when somebody mentioned that new cereal with the wonderfully different flavor—malty-rich, sweet-as-a-nut Grape-Nuts. Jimmy couldn't resist running home for a dishful.
- Two grains—wheat and malted barley—specially blended, baked and toasted, achieved that one and only flavor Jimmy and all of us were so crazy about. Today you find it also in that honey-golden flake cereal Post's GRAPE-NUTS FLAKES.
- Post's Grape-Nuts Flakes have that up-and-at-em nourishment, too. Carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials.

## BASKETBALL POT SHOTS

A few words are necessary to clarify the situation regarding the sudden changes in the plans for the Ketchikan-Prince Rupert basketball series this weekend and here is the story in full:

After Ketchikan had been contacted and they expressed their willingness to come March 8 and 9, a telegram was sent to New Metlakatla inviting them down for the same dates so that a tournament could be planned well in advance of the dates mentioned. At that time the New Metlakatla team could not see their way clear due to other commitments so that matter was dropped. Just yesterday morning word came through that the New Metlakatla team could make it here Friday and Saturday, so the show must go on.

On Friday the Intermediate All-Stars will meet the New Metlakatla boys and the Senior All-Stars will meet Ketchikan, these two games to be repeated Saturday night. The winners of the Intermediate vs. Metlakatla and Seniors vs. Ketchikan games will then play off on Sunday afternoon for the championship of the tournament. It is also planned to have the losers meet in each case but, should Ketchikan lose and not make the final, they will probably leave for home early Sunday in order to have their boys back to their jobs for Monday morning.

This is undoubtedly going to be the greatest basketball show ever offered the fans here and the fact that the Intermediates, as a team, are being given the chance to show themselves in senior inter-town competition adds greatly to the attraction. The senior team intended to use no less than three of the intermediate boys on their lineup—namely Joe Davis, Boyo Gurvich and Melha Holkestad—but, since there was such criticism of the lack of opportunity afforded these three boys in the recent Coast Guard series, it is felt much better that they be given the chance to show themselves on their own.

One matter that is definitely bothering the promoters of this show is that of sufficient seating. When we look back to realize that a crowd of four or five hundred was considered very large in pre-war days, it is certainly gratifying to know that because there are only 700-odd reserved seats the seating committee is very concerned. Walter Johnston, captain of the Senior All-Stars, is in charge of the seating.

Bob Moxley, popular local lad who has taken part in nearly every line of sport since he attended public school, will carry the play-by-play broadcast to those of you who choose to stay by the fireside.

## HOOP PLAY WAS CLOSE

**Keen and Exciting Encounters in Intermediate League Last Night**

High School 38; Co-ops 36.  
Savoy 39; Macey's 34.  
Watts & Nickerson 22; Junior High 9.

Booth Memorial High School defeated Co-operatives 38 to 36 in an excitingly close Intermediate League basketball game last night while Savoys took the measure of Macey's 39 to 34 in another match which was almost equally keenly contested. In the Junior League fixture, Watts & Nickerson had no difficulty in disposing of Junior High 22 to 9.

Co-ops led during the first half but, under continuous pounding by the students, dropped behind in the second. Centre Jimmy Forman, still hot after Saturday night, led the scoring by marking up 21 of his side's points. Viereck was tops for Co-op with ten points.

Macey's displayed some fine basketball but could not make their shots count and came out second best with Savoys. High man of the game was Joe Davis with fourteen, R. Holkestad of Macey's being second best with eleven.

Stellar player in the Junior League affair was Skog who counted ten and went on play his first Intermediate game, scoring six for Co-ops.

## FRANK HAYES JOINS INDIANS

CLEARWATER, Florida—The Cleveland Indians and catcher Frank Hayes finally saw eye to eye yesterday on the terms of Hayes's 1946 contract. The backstop, who last year broke the major league mark of 217 consecutive games behind the plate, entered the fold. The only regular of last season's Indians not yet signed is Micky Rocco.

## JOE LOUIS IN CHICAGO

CHICAGO—Joe Louis has arrived in Chicago on his way from Los Angeles to his training camp in West Baden, Indiana. The heavyweight champ will start his preliminary conditioning on Friday for his championship bout with Billy Conn in New York on June 19. Joe says he weighs 220 pounds and plans to boil off 13 pounds before the bout.

## AIR TRANSPORT HERE WANTED

Canadian Pacific Airways to Be Asked as to its Intentions

The need of Prince Rupert air transport service was discussed to some extent at the monthly meeting of the Prince Rupert Chamber of Commerce Monday night and it was decided to again approach Canadian Pacific Air Lines on the matter. Rather than go to C.P.A., some members felt it might be better to encourage a new company such as those being formed by war veteran fliers. However, the consensus appeared to be that the larger company would be better fitted to carry out the requirements of the service here and it was decided to move along those lines.

## PRESIDENT OF BANK IS DEAD

VICTORIA—John Andrew McLeod, 76, chairman of the board of directors of the Bank of Nova Scotia, died here yesterday. A native of Prince Edward Island, he had come here six weeks ago for health reasons. Last year he resigned as president of the Bank of Nova Scotia.

## BRACKEN KNOWS IMPORTANCE

(Continued from Page 1)

man it is because his goods would get on the market two days sooner than from any other port.

"This is a part of Canada that has been sidetracked by all parties for the last 30 years, by the C.N.R. since the amalgamation of the Canadian Northern and G.T.P. railways, although possessed of a railroad with only one-tenth of one per cent grade through the Rockies to Prince Rupert, and a dry dock of 20,000 tons capacity built at a cost of \$3,000,000!"

"This dry dock was operated during the war and built 13 10,000-ton freighters, two 1500-ton craft, four mine sweepers and over 400 vessels of all kinds were repaired also."

"But at present the yards have only 250 men working and the C.N.R., which needs two new ships to ply between Vancouver, Prince Rupert and Alaska, do not want to use their shipyards any more because, as one of their vice-presidents told a Prince Rupert delegation: 'We are in the railroad business and not in the ship building business and if we were building these ships in Prince Rupert we would lose our freight traffic with the Vancouver yards!'"

"The only value the shipyard has at present, to the C.N.R. is

the \$75,000 subsidy it receives from the British Admiralty to keep it open!"

"The country along the C.N.R. is far richer in natural resources between Prince Rupert and McBride than the country back of Vancouver. There are 3,000,000 acres of land good for mixed farming. The country abounds with timber, minerals, fish, game, and has not been scratched so far. It is the last west and Canada never will be a nation until those immense spaces are occupied!"

"This applies to the Peace River country also, of which Prince Rupert is the natural outlet, if the farmers want to get their products to the Orient on a shorter haul and at less expense. Nevertheless, without regard to the interests of the Peace River farmers, Vancouver is using all its influence on the provincial government to direct that traffic to her port. Is it any wonder that what governments are doing is most of the time done in spite of all good sense?"

"I hope I have been able to stir up a little interest in you for this neglected part of the country and if so, and you require any more information, I shall be only too glad to send it to you without delay."

## JAPAN AND DEMOCRACY

TOKYO (P)—Japan is wrestling with problems of new-found democracy. Allied headquarters say workers' organizations are growing at lightning speed. As many as two million Japs are estimated to have joined labor unions within the past five months. Unions have been formed in such industries as utilities, transportation and communications and among seamen, miners and news workers.

At the same time, the government has reinstated price control on basic commodities to fight inflation and help Japanese wage-earners meet the sky-rocketing price of living.

## CHURCHILL IS HONORED

WASHINGTON—Winston Churchill and President Truman were today at Fulton, Missouri, where Mr. Churchill spoke on receiving an honorary degree from Westminster College. Mr. Truman's alma mater, Britain's wartime leader made some definite suggestions for the preservation of peace. Both he and Mr. Truman were heard over a world-wide radio network.

## Trade Association May Convene Here

It had been hoped to have a session of the Pacific Northwest Trade Association in Prince Rupert this June but word has been received that the early summer meeting will be held instead in Victoria in May. Possibly the September quarterly meeting may be brought here. It is intimated that Hon. E. T. Kenney, M.L.A. for Skeena and minister of lands, and F. M. Jockrill of Terrace will represent the Associated Boards of Trade of Central British Columbia at the May meeting.

## Terrace Man to Vancouver Meet

George McAdams of Terrace has intimated that he will be able to represent the Associated Boards of Trade of Central British Columbia at a regional committee session of the Canadian Chamber of Commerce in Vancouver March 14. To discuss possible matters to be taken up at the Vancouver meeting, it has been suggested that Mr. McAdams might meet with the executive of the Prince Rupert Chamber of Commerce before going south.

## GIRL GUIDE ASS'N MEET

Progress Made With 100 Brownies—Mrs. Flaten President

The regular annual meeting of the Prince Rupert Girl Guide Association was held at the home of Mrs. Arnold Flaten on Tuesday afternoon.

Reports submitted by the various leaders were most encouraging and augured well for the future of Guiding in Prince Rupert. Over 100 Brownies are actively engaged in packs under the leadership of Mrs. Parker at the Cathedral, Mrs. Gorrie at the Citadel, Mrs. A. Murphy at Conard Street School.

A fine group of Guides under Miss Silversides are working hard for their awards and seven girls were given their star at the last meeting.

The visit of the commissioner and head of training, Miss Illingworth and Miss Hanna, was no small factor in the enthusiasm and success of the work this year.

Miss Van Cooten, representing the Catholic group, gave a very encouraging report.

The officers elected for the year were:

- Honorary President—Mrs. R. L. MacIntosh.
- President—Mrs. Arnold Flaten.
- Vice-president—Mrs. G. R. S. Blackaby.
- Secretary-treasurer—Mrs. S. Elkins.
- Executive Committee—Mrs. J. B. Gibson, Mrs. B. Proctor, Mrs. L. Holtby, Mrs. P. Laskie.
