### TEN PERISH IN FLAMES

**Holocaust in Connecticut Claims Lives of Almost Entire Family**  
EASTHAMPTON, Conn. —A mother, her eight children and her infant granddaughter perished in a fire which swept through their home near here. The dead are:  
Mrs. Edward Nelson, 46, and her daughters, ranging from 8 to 23 years, and Jacqueline Yeltema, six-weeks old grandchild. Two daughters were married.  
Only occupant of the one-family block house to escape was Edward Clark, aged 19. He fled through a window.  
The fire, apparently, started in a room heated by an oil burner.  
Six bodies, those of five adults and an infant, were found clustered around a doorway leading to the bedroom.

**CHILDREN PERISH**  
OLYMPIA — Two children were burned to death and their grandfather was fatally burned in attempted rescue when fire destroyed a home here. The parents and an infant escaped.

### LEWIS IMPOSES STRIKE THREAT

**United Mine Workers' Head Talks of Possibility of New Soft Coal Tie-Up**  
WASHINGTON, D.C. —John L. Lewis, president of the United Mine Workers of America, tossed the threat of a new soft coal strike at the government today. Hinting broadly at new wage demands and charging the government with breach of contract, Lewis moved to reopen the whole question of wages, hours and a host of other matters.  
Unless the government, which has been operating the mines since last spring's strike, agrees to a new contract, a new walk-out could start November 20. Lewis accuses the government of breaches of contract resulting in "loss of millions of dollars due the workers."

### DOWN COAST STORM TOLL

**Heavy Damage Done as Result of Tempest in Gulf of Georgia Yesterday**  
VANCOUVER — Marine authorities counted heavy damage among small craft and at least eight men saved from drowning in heavy gales which lashed the Gulf of Georgia yesterday. The gill-netter Daisy Mae foundered and drifted away after rescue of a two-man crew. The tug G. H. French was grounded and holed near Squirrel Cove on Cortez Island and the six-man crew reached shore in a lifeboat. A seiner grounded in the Fraser River and a small American freighter sent out a call for aid when her engines broke down as she approached Seattle.

### CAN'T SEE RECESSION

**N. B. Walton Very Optimistic After Transcontinental Tour**  
MONTREAL — "Those prophets of gloom who predict a business recession should see their Canada at first hand," said N. B. Walton, C.B.E., executive vice-president, Canadian National Railways, on his return from a three-weeks inspection of the company's western facilities.  
"If the real cure for inflation is production then Canada is doing all right in this post-war world. I have never seen our country working so hard at peacetime production.  
"Nature has been especially bountiful this year. There is an excellent grain crop and much of it is already on the way to market. The Okanagan Valley has a near-record fruit crop which is being picked and shipped rapidly. Good crops mean prosperity for eastern as well as western Canada. I see no reason for pessimism," he concluded.  
With Mr. Walton on his recent trip were four members of the railway's board of directors: R. B. Brennan, Saint John; J. A. Northey, Toronto; B. L. Daly, Montreal; and E. J. Young, Dummer, Sask. In the west they were accompanied by W. R. Devenish, vice-president, western region.  
They travelled some 5,000 miles, covering the prairies away from the populated centres to get an ideal cross-section. The inspection concluded such diverse activities as handling iron ore at the Lakehead to shipbuilding at Victoria.

### Two Elevated Trains Collide In Fog Over Chicago Streets

**Between 240 and 270 Persons In Spectacular Crash In Windy City**  
CHICAGO (CP)—Between 240 and 270 persons were reported injured, several seriously, in the collision of two elevated trains in a heavy fog on the south side during the rush hour today. Both trains were derailed but were in no danger of falling to the street.  
From 1350 to 1500 passengers were on the two trains. At least 100 passengers received first aid treatment for minor cuts and bruises at the scene.

### POLICE LOCATE SURPRISE LOOT

City police figuratively went out after a rabbit and returned with a moose in the course of shop-breaking investigation according to the September police report to City Council released today.  
Probing a report of shop-breaking, involving theft of carpenters' tools valued at \$70, the police investigators uncovered not only the missing tools, but several other stolen articles as well.

### U.N. PARLEY COMMENCES

**Delegates from 51 Nations Gather to Hear Address By President Truman**  
NEW YORK — With permanent world peace as their goal and a split between the United States and Russia as their foremost worry, delegates of 51 United Nations gathered today to hear President Truman open their first great assembly on North American soil. The president arrived during the afternoon from Washington.  
Most delegates privately expressed concern over the tension between the United States and Russia.  
Canada's delegation was complete with the arrival of Prime Minister Mackenzie King.

### WESTERN COAL PRICES INCREASE

**Will Vary to Consumers From 60c to \$1.50 Per Ton**  
OTTAWA — Increases in western coal prices varying to consumers from 60c to \$1.50 per ton were announced last night by the Prices Board following approval by the National War Labor Board of a new contract between mine operators and United Mine Workers providing for wage increases.

### ACTIVITY IN BOND BUYING

**Purchases of \$1000 and \$2000 Predominate Here**  
Similar to the general trend throughout the country, a tendency in Canada Savings Loan purchases in Prince Rupert is for the maximum \$1000 or \$2000 purchases rather than smaller denominations, it was stated by a local bank manager this morning. There was considerable purchasing of this character, he said. However, the picture might be changed, it was thought, by the returns from payroll deduction purchases being conducted by the railway company and some of the local industrial concerns and larger employers.  
The opinion was expressed by the banker that smaller prospective purchasers were slow in coming forward without solicitation.  
**QUARANTINED A YEAR**  
VANCOUVER—A Vancouver boy, who had been confined for a year as a diphtheria carrier, has been released. He had been four months in hospital and eight months at home in quarantine.

### Liquor Troubles Down Last Month

Reduction in the number of natives visiting the city in September was reflected in the number of liquor prosecutions in city police court, according to the monthly police report by Sgt. O. L. Hall to city council. However, the report added, liquor conditions continue to claim a great deal of the attention and time of the police force. One incident involving the sale of beer was prosecuted with a resulting conviction.

### U.S. SHOULD FACE FACTS

**Former Ambassador to Japan Warns Against Totalitarian Conquest**  
DETROIT, — Joseph C. Grew, former ambassador to Japan, said yesterday that world peace cannot be preserved with the United States standing "supinely by while other peoples are absorbed in a totalitarian conquest."  
Grew said that the United States must be willing "to face hard cold disagreeable facts and not be afraid to recognize these facts and to cut a spade a spade."

### GOVERNMENT EMPLOYEES SET PACE

**VANCOUVER** — Federal civil servants stole the spotlight in Vancouver yesterday with incomplete returns of the Department of Finance cost inspection department reporting \$17,000 of Canadian Savings Bonds for 40 purchasers.  
Final returns of the Civil Service Commission averaged over \$300.  
One hundred employees of the Income Tax Department bought \$15,000 and 131 Unemployment Commission employees purchased nearly \$17,000.

### SEPT. POLICE FINES \$1,085

There were 55 prosecutions in the city police court during September, according to the monthly police report released at the City Hall today. Four of the prosecutions resulted in dismissals. Total fines collected was \$1,085. Total fines so far this year is \$11,000, as compared with \$12,000 for the same period last year.

### UNIONISM APPROVED

**No Worker Should Stay Without, British Trades Congress Feels**  
BRIGHTON, Eng. — The Trades Union Congress, representing six million British workers, today adopted a declaration of its general council setting forth the principle that no worker has the right to stay out of a union. With only two dissenting votes, the Congress approved of 100 percent unionism.

### No Word About Warehouse Deal

Although the option by Northwest Salvage Co. of Calgary on the former American warehouse and dock installations here reportedly expire Thursday, no information on the disposition of the waterfront buildings was available here today.  
Charles and Kenneth Meek, representatives of Northwest Salvage, who left here a month ago ostensibly to consult with their financial backers, have not returned to the city.  
Names of the backers were not revealed by the Meek brothers during their previous visit here. The option was reportedly let by the government for a consideration of \$5,000.

### Co-operation Is Essential

LONDON — Prime Minister Clement R. Attlee called in Parliament today for review of the use of the veto in the United Nations Security Council. He said the veto was not designed for constant use "whenever a particular power was not in full agreement with others." He said that it was essential Great Britain and Russia work together.  
"We are deeply separated from Russia on the value we place on liberty of the individual, freedom of speech and conception of democracy," said Mr. Attlee. "Nevertheless, we believed it is not only possible but essential for us to work together in order to prevent the calamity of another war."

### Churchill Denounces Policies of Russia

Former Prime Minister Winston Churchill, speaking for the Opposition, agreed that the veto power had been misapplied in the United Nations originally but he said it was intended "as a last assurance to a government power that they should not be voted down on a matter on which they were prepared to fight."

### Mr. Churchill denounced Russian policies in what he called a "communized Balkan bloc."

He accused the Soviet of departing from many Big Three agreements reached at Yalta. The former prime minister also criticized the British Labor government and that of the United States for their treatment of Palestine. He declared that there was no definite British policy for the Holy Land. He also called upon the United States to share some of the burdens of Palestine.  
Churchill described the situation in Yugoslavia as "sinister and melancholy."

### TRUMAN ASSERTS U.S. WILL BACK WORLD PEACE EFFORT

**Freedom from Fear Essential, He Tells Opening of U.N. General Assembly**  
NEW YORK (CP)—President Truman today told the United Nations General Assembly that the United States recognized the responsibilities that its strength and fate had placed upon it, and pledged his people to support the peace-keeping body.  
"The use of force, or the threat of force anywhere in the world to break the peace is a direct concern to the American people," he declared.  
He said that the fear of war must be removed from the minds of people. Freedom from fear was "attainable now," he asserted.  
Truman named no individual member, but he indirectly addressed Russia when he declared

### TRUMAN ASSERTS U.S. WILL BACK WORLD PEACE EFFORT

that freedom in the exchange of information and an end to propaganda is essential to peace.  
Talk of war, arousing fears throughout the world was "unwarranted and unjustified," he said.  
Differences had arisen among the major allies, "but it is not necessary to exaggerate those differences."

**DIFFERENT OBJECTIVE**

ONE of the easiest things man does is to accept a habit. As the various Victory Loan campaigns approached during the war years, about the first question a citizen asked was, "what is the objective this time?" Since money was needed to win the war and to take care of our men and women in uniform, the money objective in each campaign became a challenge to Canadian people.

Naturally, when the new issue of Canada Savings Bonds was announced, men and women promptly asked: "What is the objective this time?" And as they got the answer, "There is no money objective," they were momentarily puzzled. A sale of bonds without a goal to aim at just didn't seem fitting and wasn't easy to understand.

It is literally true that no prescribed sum of dollars is sought during the sale of Canada Savings Bonds which opened on October 15. This sale was not prompted by a desire to fill up the money bags of the government treasury. It was launched to meet the keen desire of thousands of Canadians to continue their program of regular savings inaugurated by the Victory Loan and War Savings Certificates campaigns during the war years.

However, there is an objective associated with the sale of bonds to the public. It might be described as the determination of those who are responsible for the sale of bonds in all provinces of Canada that all citizens shall have an opportunity to buy bonds. That is why the story of the canvass of the new Canada Savings Bonds is being so widely told,

and why investment dealers and the banks are setting up facilities which will enable citizens to buy, no matter where they may be located.

Put another way, each Canadian sets up his own objective this time. Canada Savings Bonds have been created to help a man help himself.

**THE HOCKEY BROADCAST**

FAILURE of the local radio station to emit the popular National Hockey League broadcast from Toronto on Saturday night occasioned disappointment among many a local radio and sports fan and some rather explosive protestations. A letter from "Hockey Fan" in today's Daily News expressed a very general feeling. The station, itself, reports that it was barraged with phone calls wanting to know the reason why the broadcast failed to go on at the scheduled hour.

Probably the most effective way to get action towards restoration of the program would be for local organizations and individuals to get down to sending in written expressions of their desire for the programs they like and their disappointment when they fail to come through.

A plenteous series of communications to the parties concerned is the surest way to draw attention to a service which wants correcting. Just cussing here among ourselves or even at the local radio station is not heard by the people who have it in their hands to make the changes which would meet with our wishes and provide service to the public in this area of great spaces and relatively sparse population.

**JAYCEES PLAN CONVENTION**

Anticipating that Prince Rupert may be the venue for the 1947 convention of the British Columbia section of the Junior Chamber of Commerce of Canada, the local Junior Chamber has begun outlining plans to provide ways and means for receiving the delegates which may flock here next June.

An invitation has been extended to the provincial body to convene at Prince Rupert, and although final selection of the 1947 site will not be made until early next year, the Prince Rupert group wants to be in a position to handle the convention should this city be selected.

Discussion of ways-and-means took up the full time of a special executive session in the Civic Centre last night. Members agreed that holding the convention here would offer Prince Rupert an excellent opportunity to put good publicity across, and felt that every effort should be made to create a good impression.

The winter program is expected to include a radio auction, dances, and other entertainment features which will be presented to the next general meeting of the group.

**ALSO WANTS HOCKEY**

Editor, Daily News: In regards to Canada's national night, "hockey night," can I find out why we in Canada should be denied the privilege of hearing these hockey games.

The cannery season on the Queen Charlotte Islands was closed. A number of cannery workers landed at Prince Rupert from the Prince Charles enroute to their homes at Vancouver.

A Daily News editorial opined that it was not trying to stir up trouble or to precipitate elections but the time was ripe for good citizens to start thinking about the civic elections. It deplored a tendency of people to shy away from civic office.

## TAXI, BO-ME-HI WIN THIRD HOOP GAMES

What may or may not be the shape of things to come in the Senior "A" and "B" basketball leagues was indicated in the Civic Centre gym last night when the Taximen captured their third straight victory, an exploit matched in the Senior "B" section by Bo-Me-Hi Rainmakers.

Things progressed in a similarly lop-sided manner in the Girls' League when High School overcame their perpetual and only opponents, Peoples Store, also for the third time.

Only in the Junior League do things have a semblance of equality in this early stage of the schedule. In beating Watts and Nickerson, Canadian Legion, formerly called Junior High, tallied up one win to offset their single loss. The Clothiers also have one win and one loss.

Last night's scores:  
Senior "A"—99 Taxi 56, Savoys 40.

Senior "B"—Rainmakers 46, Maceys 23.

Girls—High School 25, Peoples Store 14.

Junior—Canadian Legion 28, Watts and Nickerson 24.

### SENIOR LEAGUE

Jack Lindsay, 99 Taxi guard, and Johnny Clausen, forward, reached rare heights of scoring virtuosity in the struggle against Savoys, if it could be called a struggle. Half-time score was 31-19 in favor of the Taximen.

Lindsay ran up an individual score of 18 points, followed by Clausen with 16. A sustained Savoy counter-attack, led by Ted Arney, could not bring Savoy within proper hailing dis-

tance of the lead. Arney tallied an individual score of 15 points.

### HISTORY REPEATS

History came very close to repeating itself with exact precision in the Rainmakers-Macey's encounter in the "B" League. The repetition was thrown out of exact kilter when Macey's tallied a score of 23 against Rainmakers' 45. In their first encounter 10 days ago, Rainmakers beat Macey's by a 45-17 score.

Rainmakers had it pretty much their own way throughout the game, ending the first half with a 24-11 lead. The Students' high scorers were Mel Thompson with 11 and Hartwig with 10. E. Pierce of Macey's led his team's scoring with 9 points.

In the girls' game Betty Hamilton and Budnich led High School in an early scoring spree which netted them 8 points each before the half-time bell sounded. Half-time score was 19-4 for High School. Peoples Store put on a spurt in the second half which netted them 10 points but were unable to overcome High School's lead. Edna Sandhals was top scorer for Peoples Store, with 8 points. Hamilton tallied 10, and Budnich 9 for High School.

### REAL COMPETITION

The Junior lead-off game was the most competitive of the night. Watts and Nickerson were on the short end of a 22-16 score at half-time, but could not quite bridge the gap in the final half.

Bobby Scharif of the Clothiers was high scorer of the game with 11 points to his credit. Tom

Boulter led the Legion scoring with 7.

### Senior "A"

99 Taxi—McPhee 8; Lindsay 18; Beynon 3; Houston 3; Dominato 2; Viereck 6; Clausen 16.

Savoys—R. Holkestad 5; T. Arney 15; Vukovich 6; Gurdich 3; D. Arney 3; Bill; Menzies; Murray 8.

### Senior "B"

Macey's—Teng 1; Skogmo 2; Murray 4; Slatta; B. Pierce 3; E. Pierce 9; J. James; B. Menzies 2; B. Gill; A. Arnsten 2; Olofson.

### Girls' League

### Juniors

Legion—W. Woig 5; Boulter 7; Lien 6; Olsen 3; G. Carlson 2; B. Carlson 2; Eldsvick 3; Hill; Watts and Nickerson—Garner 2; Scharff 11; Kelly 2; Ratchford; McChesney; Scherk; Spring.

## RESULTS IN FIVE PINS

The Stanley Cup was still a challenge trophy and Montreal Victorias filed the first challenge of the season for the trophy held by Ottawa's Silver Seven 41 years ago. Montreal Wanderers finally emerged champions.

Blond Jules Audy of Montreal, glamor boy of the six-day bicycle racing, was suspended for six months by the Dominion racing board of the Canadian Wheelmen's Association six years ago for using profane language and throwing chairs at the referees stand after being set back a lay for not "chasing" during a race in Montreal.

## Watch Your Step, Freyberg Warns

WELLINGTON, N.Z., (P)—New Zealand's Governor-General, Lt. Gen. Sir Bernard Freyberg, V.C., lamented in an address here, the way people are losing the ability to walk. "If we are not careful we shall not be the hardy race we were," he said in warning that the next generation would have to "watch its step." In this sentiment he is carrying into civilian life the cardinal principle he stressed in training when he commanded the New Zealand Expeditionary Force during the war. He insisted that the first and most essential step in training was lengthy route marches with heavy packs. Although his troops grumbled that this was not necessary with a modern mechanized army, the policy paid rich dividends in hard campaigns in the Western Desert and in Italy.

**INCOME TAX CHANGES WILL AFFECT EXEMPTIONS FOR CHILDREN IN 1947**

**All Taxpayers Should Take Family Allowances to Benefit**

In 1947, it will be assumed that all taxpayers, with eligible children, will be receiving Family Allowances. Therefore, in order to obtain the fullest benefit from exemptions and Family Allowances, those not now receiving Family Allowances should apply for them to commence in 1947.

Family Allowances registration forms are available at all Post Offices and should be filled out and mailed to the Regional Director, Family Allowances, in the capital city of your Province.

**IF YOU ARE** an income taxpayer with children under 16 years of age, you are advised to register them now for Family Allowances, if you have not already done so.

In that way, taxpayers in all income groups can obtain the full benefit from Family Allowances and the exemption from taxable income of \$100 for each child, as provided for in the Income Tax Amendment passed during the last session of Parliament.

These changes take effect on January 1st, 1947, and from that date on, the Income Tax Department assumes that all taxpayers with eligible children are receiving Family Allowances. However, you **MUST REGISTER YOUR CHILDREN**, to get Family Allowances.

If you have not already done so, follow the instructions below and **REGISTER** your children **NOW**.

1. Family Allowances Registration forms are obtainable at your local post office.
2. Fill in the form according to directions. (If you have received Family Allowances previously, please state and give Family Allowances serial number).
3. Write on the face of the form: "Payment to Begin, January, 1947".
4. Mail it to the Regional Director, Family Allowances in the capital city of your Province.
5. **DO IT NOW!** Your children will be the losers if you do not register in time to start payment in January.

Register now for **FAMILY ALLOWANCES** if you have not already done so

**REDDY KILOWATT — Your Electric Servant**

**"COME OUT OF THE KITCHEN MOM!"**

Just set the vegetables atop the electric range when the roast is just about done — and leave Reddy Kilowatt in charge while you vacuum the rugs or do other housework.

There's no need for constant pot watching with electric cooking. You can always rely on even heat — no sudden flame or unexpected reduction in heat to over or under cook your meals.

It's easy to keep an electric range spic and span. No soot, no pot-black marks, no fumes. Range and pot cleaning after cooking are no trouble at all.

Mealtime need not keep you tied to the kitchen when you have an electric range. And precious minutes saved allow more time for work in other parts of the house, more time for leisure. *Plan now to buy a modern electric range or other electric appliances as they become available.*
